I whispered to the clams and they gasped as they opened up.

Me: (Threateningly) Don't you DARE tell a soul!

I got the clams.

Rosa: And finally the squid. Don't forget your scuba gear.

I was in the tank with my scuba mask and snorkel and scuba fins and the squid was on my head and it squirted ink on me. YUCK!

Me: That's everything. Huh?

I turned the cookbook over and saw that there was writing.

Rosa: Actually lets make it Caldo de Sieta Mares with a twist. Crab Legs.

Me: Cool. And the date isn't until tomorrow and I have plenty of time.

But then the doors to the fish market closed.

Announcer: You are out of time. The Pike Place Fish Market is closed.

Me: Darn!

But I saw the crab leg truck driving away.

Me: Now the chase begins! (Whistles)

My Rapidash came and we chased after the truck.

Me: Not gonna get away this time!

We saw the bridge up.

Me: Not this time!

Me and Rapidash jumped the gap!

Me: YEE-HAW!

We landed and I saw the traffic light up ahead.

Me: Not gonna get away this time.

I fired a laser and it hit the walk light and the red light came on and he stopped.

I pulled up to him.

Me: Hello good sir. I would like half a pound of your finest crab please.

I gave him the money and he handed me a bag full of crabs.

Me: That's everything.

I rode Rapidash back to the estate.

FLASHBACK ENDS

Me: (To the viewers) It was a great journey and it was worth it.

Lincoln and Weiss were having a picnic and they were trying the Caldo de Siete Mares and almost instantly, Weiss was in heaven!

Weiss: Oh wow! This is the best soup ever!

Lincoln: Ronnie Anne's grandmother made it and J.D. got the ingredients.

Weiss: She is a great chef and makes a delicious amount of awesome food.

We were enjoying the awesome scenery and Brock was cooking his soup too.

Me: Rosa is a great chef. Her food is like mana from heaven.

Weiss: I can see that. I guess it's my turn to tell you about my backstory before Beacon.

Lincoln: Okay.

---

Weiss was born as an heiress to the Schnee Dust Company, which her father currently controls. However, due to the company's mistreatment of Faunus labor and the resulting escalating backlash targeted at both the company and her family by the Faunus Civil Rights Protest and the White Fang, her childhood upbringing was a "very difficult" one.

She accounts multiple times greeting her stress-ridden, aggravated father after the workday, which produced a very uneasy family lifestyle when Weiss was a child. She also recalls several hardships within the company, such as the disappearance of family and friends, as well as the execution of company board members at the hand of the White Fang extremists. As a result, her frustration and hatred were directed towards Faunus as the cause of her family's troubles.

On Weiss' tenth birthday, Jacques missed his daughter's party and Weiss' mother confronted him. It is here that her father admits that he married his wife only for the Schnee family name. Weiss bore witness to the fractured family as her parents had separate meals and sat on different balconies during her recitals. Eventually, her mother descended into alcoholism as a way of coping with a marriage to a cold and uncaring man.

During her flight to Mistral, Weiss thinks back on a training session with Winter Schnee. Weiss is shown facing off against numerous white Beowolves in what is presumably the Schnee manor's frozen courtyard. With the use of her Semblance, Weiss manages to successfully hold her own against the Grimm until they manage to disarm and overwhelm her. As Weiss calls for her sister, Winter stops the Beowolf summons, causing them to disappear into the falling snow. After striking Myrtenaster into the ground, Winter informs Weiss she must be able to save herself, and Weiss promises to get better. Walking away, Winter reminds her sister that improving will be necessary if she wants to leave.

Weiss is a singer, as shown in the trailer. She also has a history with the Schnee Training Room, with it serving as the place where, in a flashback sequence, she fights the Arma Gigas.

Weiss is seen with Team RWBY in the Beacon Academy food halls talking about the nature and uses of Dust, before they are interrupted by Cardin Winchester throwing Jaune Arc into their table, sending it flying. When Cardin begins antagonizing Ruby Rose, who stepped in to defend Jaune, Professor Glynda Goodwitch appears and turns the situation into an official sparring match. Ruby nervously freezes up due to the large audience present and the size of The Executioner, but with some encouragement from Weiss, manages to defeat Cardin fairly easily.

The third chapter explores Weiss Schnee's backstory before she met the rest of her team. As the heiress of the Schnee Dust

Company she was raised from youth to strive to be the best in all she did and excelled at activities such as singing and playing the piano. Although praise was generously heaped upon her by others, she had always lacked the approval and recognition of her father.

Years later, Weiss is training in combat with Myrtenaster, under the supervision of her father's aide, the President's Secretary. The Secretary praises her skills in combat and mastery of her Semblance but comments that she must continue to apply herself in her training at Atlas Academy. Weiss reminds him that she has no desire to study at Atlas and that she has instead decided to study at Beacon Academy in Vale, in order to put distance between her and the family. When the Secretary attempts to dissuade her from studying at Beacon, claiming her father is merely concerned for her well-being and thus wishes to keep her close by, Weiss acerbically calls the Secretary a puppet of her father.

In response, the Secretary unleashes her next opponent, an enormous animated suit of armor which has been "possessed" by multiple specimens of Geist Grimm. The armor was created by the Company from captured Grimm specimens and is described as being as powerful as a mech and three times stronger than the original model, giving Weiss what he believes to be no chance of winning. It is revealed by the Secretary that this is a "test" formulated by her father, who expects her to win in order to prove herself and earn permission to attend Beacon if she continues to be "selfish". Weiss retaliates with Myrtenaster as the suit attacks. As she fights, Weiss decides that she is tired of continuously living up to the expectations of others. She also narrates that she used to carry a distorted view of family pride and had no sense of self, and she now seeks to create a sense of self that she can be proud of, just like Winter did.

As Weiss and her servants begin moving cases to her room at Beacon, she gets into a dispute with Ruby Rose, who has crashed into her belongings. As Ruby watches Weiss beginning to gather her stuff, she accidentally sneezes due to Dust inhalation, and subsequently causes a small explosion of Dust in their faces, angering Weiss.

Weiss is further angered when Ruby continues to be disoriented in response to her scolding. Blake Belladonna interrupts the dispute, recognizing Weiss as the heiress to the Schnee Dust Company. Initially delighted to get some recognition, her pleasure dissipates when Blake also brings up the controversy surrounding the company, causing her to storm off.

Within the main assembly hall of the academy, Weiss confronts Ruby, lecturing her on Dust and the Schnee Dust Company, accompanied with a pamphlet on Dust. She tells Ruby to never speak to her again. While giving this lecture, Weiss also gets into an argument with Yang Xiao Long.

Later that night, Weiss complains about the noise keeping her awake, only to find that the three noisemakers are the three people she had confrontations with earlier. This leads to another argument.

Weiss attempts to form a team with Pyrrha Nikos, in attempts to form a pair of "the strongest and the smartest" students at Beacon. However, her scheming is interrupted by Jaune, who interjects and tries to flirt with her. Jaune tries to flirt with Pyrrha too until Weiss bursts out that Pyrrha is a very good fighter and out of his league.

Jaune continues, however, but Weiss gets Pyrrha to throw Miló at Jaune, ending the conversation as the girls leave the locker room. Weiss is then seen on the launch pad lineup on Beacon Cliff, and again when she is catapulted into the air.

After using her glyphs to safely land on the ground, Weiss runs into Ruby in the Emerald Forest. Without a second thought, she turns away, trying to find a different partner while Ruby trails behind her.

When the next person she runs into is the helpless Jaune, who has been pinned to a tree by Pyrrha's javelin, Weiss concedes to Ruby's badgering and teams up with her. After prompting Ruby to keep up, the younger girl claims that she is very fast and rushes off, leaving Weiss alone before several Beowolves encircle her.

She prepares to fight the Grimm that have appeared. As she attempts to get into the proper stance and prepares to attack, Ruby steps in and attacks the Beowolf, causing her Dust attack to misfire and set part of the forest ablaze. This sparks an argument about battle style between the two of them.

As Glynda informs Ozpin of the status of the teams, Ozpin watches Ruby and Weiss argue on his Scroll. In the forest, Weiss paces around in circles trying to find the correct way to go and constantly reversing her direction. When Ruby confronts her about her unwillingness to admit she is wrong and has no idea where they are, Weiss still refuses to admit it and claims she knows exactly where they are going before saying that Ruby does not know where they are either.

This leads Ruby to admit that while she does not know where they are, she is not pretending to know everything like Weiss. Weiss starts another argument with Ruby over how they handle themselves when making mistakes. When Ruby tells Weiss to stop acting like she is perfect, Weiss confesses that she is not, at least not yet, but she is still far ahead of Ruby. Weiss then walks away from Ruby back into the woods.

Ruby and Weiss are both latched onto the back of a flying Nevermore because of an idea Ruby has. Weiss begins to hate the idea, but when Ruby suggests they jump, she calls Ruby crazy, only to then notice that she had actually jumped. Weiss continues to fly on the Nevermore until she falls off and Jaune tries to impress her by catching her, only for them both to fall and Weiss lands safely on his back. Later, when Ruby tries to kill a Death Stalker and fails, Weiss moves in and traps its stinger in ice to save Ruby.

Weiss then lists most of Ruby's faults but agrees to be nicer if Ruby will stop showing off. Ruby admits that she was trying to prove she can take care of herself, but Weiss says she is fine. Weiss then notes that each team can gain a relic as they are all at the temple and they all retreat to an old castle. Once there, Weiss, Yang, Blake and Ruby try to fight the Nevermore, but it simply brushes off their attacks.

Ruby then claims she has a plan and asks Weiss to cover her. As Blake, Ruby, and Yang get into position, Weiss freezes the Nevermore's tail to the ground before retreating and using Myrtenaster to pull Ruby back, while Blake and Yang use Gambol Shroud's ribbon as a large slingshot to aid in their efforts.

Weiss launches Ruby and she hooks the Nevermore's neck with Crescent Rose, pinning it to a cliffside. Weiss then makes multiple platforms to allow Ruby to pull the Nevermore up the side of the cliff and cut the Nevermore's head off. Back at Beacon, Weiss is made a member of the newly formed Team RWBY.

Weiss is assigned a dorm to live in with her team. As she wakes up, she is shocked when Ruby blows a whistle right next to her ear. Ruby then decides on their first order of business, which is setting up their room. Weiss agrees to unpack and sets up her belongings, which includes a large picture of a forest.

After they do so, Weiss points out they have no room for the beds. Ruby suggests making bunk-beds, which Weiss opposes, but is outvoted and the team makes two sets of unstable bunk-beds. Ruby then moves on to their next order of business and talks about a class at 9:00, during which Weiss interrupts her to point out it is already 8:55, and the girls, followed by Team JNPR, dash off to class.

While in class, Weiss takes notes on everything that Peter Port talks about, but later begins to doze off during one of his stories. When Professor Port talks about a story from his past, she becomes annoyed at Ruby's distracting laughs and nose-picking, prompting her to impulsively volunteer herself to confront a monster directly after Professor Port asks for a volunteer.

Weiss faces down the Boarbatusk in class, but becomes frustrated when the fight starts out poorly. Ruby tries to give her advice, but Weiss considers her to be a nuisance and yells at her. She manages to defeat the Grimm, using the advice Ruby had given, before leaving the room as the class had ended.

Ruby follows her out and Weiss admits thatshe does not believe Ruby should be the team's leader and she should. She then leaves Ruby and goes to Professor Port. She asks him if Ozpin could have made a mistake in picking Ruby as the leader, but Port instead sides with Ozpin despite all the compliments he had given Weiss earlier.

Port correctly guesses that Weiss growing up always got her way and as a result, she has a poor attitude when she is disappointed.

He suggests that she should instead try and be the best person she can be and she accepts his advice. She later goes to see Ruby, seeing that she had fallen asleep when studying and wakes her up. She gets Ruby a new cup of coffee and tells her she will be the best teammate Ruby could have.

Weiss is later seen during Jaune's fight with Cardin, sitting with Yang, Ruby, and Pyrrha. Weiss and her two teammates fail to contain their excitement they hear about the upcoming Vytal Festival, an upcoming combat tournament that is held with other kingdoms who would soon arrive in Vale.

Over the next few days, Weiss continues to excel in her classes. In Bartholomew Oobleck's history class, she correctly answers a question about the Faunus Rights Revolution. She later attends a field trip to Forever Fall in order to collect red sap. She also witnesses the fight between Jaune and an Ursa and is the first to prepare to help when it looks like Jaune is in trouble until Pyrrha holds her back.

Weiss witnesses Pyrrha use her Semblance to help Jaune slightly and when Pyrrha explains she has the power of polarity, Weiss corrects Ruby when she mistakes Pyrrha's "polarity" as the ability to "control poles", noting that it means controlling magnetism. After Pyrrha leaves and tells the two to keep the events that just occurred a secret, both Weiss and Ruby smile at one another in agreement.

As Team RWBY goes to town for a major cultural festival, they happen among a crime scene: a Dust store in the aftermath of a robbery. As Yang and Ruby speculate on the perpetrator, Weiss proclaims that no matter who did it, performing the act automatically classifies them as a lowlife.

Team RWBY then witnesses an incident between the local police and Sun Wukong. They decide to chase after him, whereupon Weiss crashes into Penny Polendina, Sun and the police leaving the girls' sights. She wants to press the chase on Sun and repeatedly slurs Faunus. This causes Blake to be offended, which soon causes an argument between her and Weiss.

Back in her dorm, she explains why she deeply mistrusts Faunus:

Because of an ongoing war between the Schnee Dust Company and the Faunus, she became a target for the Faunus' attacks. In the explanation Blake interrupts, accidentally implying that she was a Faunus, shattering what trust Weiss had for her. Blake flees their dorm in the realization of what she did. The next day, Team RWBY goes out in search for Blake, with Weiss expressing her disbelief that a member of the White Fang was among them.

As they search, Penny shows up and talks to Ruby. This leaves Yang and Weiss a window of escape, and they flee. Later, as Yang and Weiss exit a building, Yang asks if Weiss cares whether or not they find Blake.

Weiss responds that she does care, but is afraid of how Blake will act when they meet. When Weiss meets back up with Blake, she states that she does not care about Blake's history. After having thought of it for the twelve hours the girls took to find Blake, Weiss tells her to talk to Team RWBY next time information of heavy importance comes up.

Weiss eats lunch in the dining hall with Yang and Blake when Ruby enters with a large binder of ideas on how to spend their final day before the second term. Weiss accuses Ruby of taking her binder, but Ruby claims she "is not a crook". Despite fearing what Ruby has planned, Weiss feels that she feels that they should do it as a team when Blake tries to back out. Nora Valkyrie accidentally hits Weiss' face with a pie while she and Yang toss food at each other.

This results in a food fight between the two teams, and the other students clear the dining hall. She manages to make Lie Ren slip into some tables with ketchup and later duels Nora with a swordfish, but she is defeated when Nora hits her with a watermelon hammer. After the fight is over, Yang crashes through the roof, and the team laughs together.

Later, Team RWBY plays a board game in the library, but Weiss is confused by how to play. Yang informs her of possible plays she can make, but Weiss is still confused until Ruby explains she could quickly take over the world. She prepares to play, but Yang counters and destroys Weiss' armies, causing her to break into tears alongside the crying Ruby. Ruby tries to comfort her with a hug, which Weiss returns while protesting by telling Ruby not to touch her. Jaune tries to enter the game, but Weiss protests. Soon after, Sun enters the library with Neptune Vasilias, who introduces himself to the group and flirts successfully with Weiss.

That night, Weiss, Ruby, and Yang returned to the room, and Weiss stops Blake as she attempts to leave. Weiss confronts her about her recent quiet and antisocial behavior, reminding her she agreed to tell them whenever something bothers her. Blake expresses her concerns about lack of actions against Roman Torchwick and the White Fang, but Weiss feels that they are not ready yet to take on the role of true Huntresses.

Blake counters, saying they may never be ready and that their enemies will not wait until they are real Huntresses before attacking. Ruby suggests they try and take down the White Fang by themselves, and despite Weiss' earlier protests, Weiss agrees to go along with their plan as "it could be fun".

Weiss is seen in Peter Port's class, seemingly waiting for it to end. When Jaune asks her out it seems she is not paying him attention, but she eventually she refuses his invitation. She is later seen in her team's dorm room changing clothes, the team sporting completely different attire from that of their normal combat clothing.

After Weiss mentions how she and Ruby will gain information on the Schnee Dust Company, she notes that it should not be a problem, since she is a member of the family. The team is then startled by Sun, along with Neptune, who both agree to help out in their investigation. Weiss asks Ruby to pair her with Neptune, and that she should be paired with Yang since both are sisters, but Ruby laughs at the idea and pulls Weiss out of their room, much to her dismay.

Outside, the two are talking about how the four kingdoms communicate with one another, shortly before running into Penny, who then runs away, leaving both Weiss and Ruby confused. Ruby then decides to go check on Penny and informs Weiss that will catch up with her later.

Weiss then heads to the Cross Continental Transmit Center to get information on her families company, some of it being highly sensitive. After contacting the Schnee Company World Headquarters in Atlas, she is answered by an attendant with whom she is familiar with. Refusing to talk to her father as per the attendant's query, the attendant gives her the information she needed and signs off. Weiss then stares sadly at the screen.

Weiss is seen leaving the CCT Center when she receives a distress call from Blake. She arrives and joins her team in a fight against Roman, who is piloting an Atlesian Paladin-290, granting her team support while also attacking the giant machine.

With teamwork and planning from her partner Ruby, the four girls manage to beat Roman, thus destroying the large robot, however, the criminal escapes with a girl named Neopolitan, who aided him. After the duo retreats Weiss makes a joke that is not well received by the other girls, except for Ruby who snickers.

Weiss is seen with her team attending a sparring match between Pyrrha and Team CRDL. Shortly after the end of a second match between Mercury Black and Pyrrha, Team RWBY discusses how the investigation has been stressing out Blake, all in front of her. Weiss and the team implore her to go to the dance and assure her that they will all continue their investigation after the dance.

However, even after pointing out on how she barely sleeps and eats, and has bad grades, Blake refuses again and leaves, leaving her team disappointed. Weiss is then met with a surprise in the form of Jaune attempting to ask her to the dance via serenade, to which she slams the door in his face. Her team points out this is why she is nicknamed "Ice Queen".

Weiss and Yang are then seen decorating a ballroom in preparation for the upcoming dance. She asks Ruby to pick between two tablecloths, but after her partner points out that both are the same, she wonders partially to Ruby but largely to herself why she even bothered asking. As Sun and Neptune enter the room, she asks them if they are going to the dance, with Sun saying that where he is from they tend not to use formal clothing.

When Ruby brings up that she does not know what to else to do with

Blake, Weiss agrees and wonders what they should do next. Later that day, Weiss asks Neptune if he would like to go to the dance with her, leaving a hidden Jaune heartbroken.

The next day at the dance, Weiss is seen alongside Ruby and Yang, glad that Blake came to the dance. When Ruby asks what they should do next, Weiss and Yang head in opposite directions, leaving her complaining about her dress. She spends a great deal of time alone in a chair during the dance due to Neptune rejecting her, unaware Neptune declined because he could not dance.

Later in the evening, Neptune approached her and started shared a conversation while the dance escalated. Weiss asked why he changed his mind since he was "embarrassed at first", to which Neptune looks at Jaune and says "you're looking at him", surprising her. As Neptune comments she has "nice friends looking out for you", Weiss becomes a bit guilty about her behavior towards Jaune.

Weiss, along with her teammates confront Ruby upon her arrival to their dorm room and ask her what happened. When Ruby reveals her fight with Cinder Fall, Weiss says that fighting was incredibly risky, although Blake and Yang thought otherwise and approved of Ruby's actions.

Shortly after that, and the revelation of a package delivered to Ruby and Yang, Weiss became quickly enamored with their dog Zwei, and alongside her team and other first-year students, were drawn to the assembly hall by Glynda where Ozpin gave a speech on a war that ended eighty years ago.

After the end of the speech, the team decided to take a mission called Quadrant 5 from Search and Destroy but were unable due to Team RWBY being first years, but with a little "bending the rules" from Ozpin, they were allowed to. Weiss and her team then meet up with Velvet Scarlatina from Team CFVY who informs them of why they were so late, but wishes them luck and safety on their mission.

However, despite being ready for their mission, along with Ruby's enthusiasm and belief on how they never give up on anything, Weiss and her team are left completely and utterly shocked upon the huntsmen accompanying them, who is none other than

Bartholomew Oobleck.

Weiss and her team, still in shock at Oobleck being their Huntsman are informed by the latter on the reasons of their mission. When Weiss attempts to ask a question by calling him Professor Oobleck pointedly tells her to address him as "Doctor", before speeding off towards the airship.

As her leader attempts to cheer them up, they are met by Team JNPR, along with Sun and Neptune, who each talk about their mission, but after being called by Oobleck, the three teams part ways to head towards their mission as Team RWBY heads towards the bulkhead, and head towards Mountain Glenn, and are briefed even more on the mission. When Weiss asks what Oobleck's expertise on history has to do with their mission he promptly reprimands her that history forms the backbone of their society, along with the liver, and probably the kidneys as well.

After arriving, they eventually encounter a pack of Beowolves, something made completely obvious by Oobleck, and dispatch them over the course of the day. At one point Oobleck asks Weiss and the rest of Team RWBY, save for Ruby, why she became a Huntress, and she answers that once she learned she had the ability to fight there was no question it was her duty to do so in order to uphold her family's legacy.

Sometime later, after Ruby and Oobleck head out to scout the perimeter, Weiss, Yang and Blake reflect on Oobleck's question, but when Weiss says it is more to uphold a family legacy, they all agree that they really do not know the complete answer. When Ruby takes first watch, the rest of the girls prepare their beds and lie down with downed faces.

As Ruby continues to keep watch, Weiss, along with Yang and Blake discuss why Oobleck asked them as to why they wanted to be Huntresses. Weiss brings up what she said about honoring her family's name again, but adds that she is fully aware of the status her family's company now occupies, and how it is currently operating in a moral gray area since her father took over. She feels that she needs to make things right, that taking a different job "wouldn't have changed anything", and just as her family name did not begin with her father, she would not let it end with him either.

As Yang explains her and Ruby's reasons for becoming Huntresses and how Ruby always seemed to know what she wanted, Weiss adds that Ruby is still just a kid, which Blake counters by saying that they are all still kids. Weiss states what they chose is a job and that they romanticized their views on being a Huntress, and they now had to realize that whatever they might want would have to come in second to their duty to protect the people.

Sometime later that same night, with Yang noticing Ruby's absence, Zwei comes running in and leads them to Ruby's last location, as her scythe remained above the collapsed street area. As Weiss, Blake and Yang look at each other in concern for their leader, Oobleck, after telling the girls the history behind the location, readies his weapon and tells them that if Ruby really did fall, then they have to go after her. Decidedly, the team descends into the crevice and engages the White Fang.

Amidst their assault, Ruby frees herself from Roman's capture and rejoins the team. As Weiss asks if she's fine, Ruby rushes her response in lieu of informing the others of the departing train carrying vast amounts of weapons and robots. Oobleck states such a thing is preposterous since the tunnel has been sealed, only to be debunked by Roman's intercom announcement. Unable to get a call outside, Weiss asks what should they do, to which Oobleck and Ruby reply jointly to stop the train.

After successfully boarding the train, Weiss opens a compartment on top of the train, revealing a device planted in it. She asks Oobleck about it, again calling him "professor", to which he corrects her by saying "Doctor", who identifies it as a bomb. With the White Fang approaching from the forward cars and the bomb remaining active, the team rushes over to the next car as the previous one decouples and explodes.

Upon her later inspection of a similar compartment with Ruby, the group discovers each car is armed with a bomb and begin advancing towards the front of the train, engaging the White Fang as they go.

Weiss glides across the cars, using Myrtenaster to freeze the path behind her, then abruptly stops at the end of the pack and disarms the members. As the team finishes off the White Fang members atop the train, Oobleck shouts out that the train is leading the Grimm into the city by creating holes in the surface for the Grimm to escape, ordering Weiss, Blake, and Yang to go below and stop the cars while he and Ruby try to stop the train.

Once inside the cars, Weiss hands Blake a magazine of Dust cartridges for her Gambol Shroud, saying she might need it. As they progress forward, Neo appears before the trio to stop them. However, Yang tells her teammates to go ahead while she deals with Neo. However, Weiss and Blake encounter the White Fang Lieutenant wielding a chainsaw. Weiss tells Blake she will handle him while Blake goes on ahead. Weiss parries his attacks as Blake exits the car, but re-poises as he stands and chuckles that he will "get to kill a Schnee".

As Weiss' fight with the White Fang Lieutenant ensues, she defends and dodges his chainsaw swings while countering with a series of quick strikes. Eventually, she uses her Semblance to create glyphs around him while simultaneously creating a speed glyph under her, allowing Weiss to perform an omnidirectional combination strike. However, he recovers and catches Weiss by her head, slamming her into the floor before throwing her into the air and swinging at her with his chainsaw.

Later, while Blake is seen confronting Roman in the front car, Weiss is revealed to have been defeated, as the White Fang Lieutenant tosses her into the car with Blake, before preparing to finish her. As he approaches Weiss, Blake grabs her incapacitated teammate and retreats. Both rendezvous with Yang and Ruby atop the train as it approaches a dead end. Weiss then impales Myrtenaster into the car, creating an ice barrier around the team as the train collides with the end of the tunnel, bursting into the center of Vale.

After recovering from the crash, Weiss and her teammates witness a large horde of Grimm emerge from the tunnel and begin to terrorize the city. As they regroup in the plaza, the team is surrounded by Grimm. Team RWBY engages the oncoming Grimm, with Weiss striking down Grimm one-by-one as they approach her. Soon, Teams JNPR and CFVY, along with Sun, Neptune, Emerald Sustrai, Mercury, the Atlesian forces, and several Beacon Professors, join the fight to contain the swarming Grimm.

Once the Grimm infestation was neutralized and the breach caused by the train collision was sealed, everyone gathered in victory. Team RWBY returned to Beacon and talk to assess the events that transpired over the past two days. Weiss jokingly comments states that she would be disappointed if they did not get extra credit for everything. However, as Ruby voices her concerns over being unable to solve all the mysteries surrounding their investigation, Weiss reminds her that "not every story has a neat and tidy ending".

With their investigation currently at a close, Yang asks what to do next, to which Weiss replies that they should train for the tournament but believes the team has that covered. With dawn approaching, the team decides to get some much-needed sleep.

At the enormous floating stadium Amity Colosseum, Team RWBY's first match in the Vytal Festival tournament is with Team ABRN of Haven Academy. Weiss gives a stellar performance throughout the match, using her Semblance and Dust to great effect against her opponents. After an action-packed match, Team RWBY emerges victorious, and they then head to the Vytal Festival fairgrounds to get a meal.

There, they run into Emerald, who praises their performance in the match. It is revealed that Weiss will be joining Yang in moving forward onto the doubles round to represent Team RWBY, whilst Emerald and Mercury will move on from their team. Emerald remarks that they will not go easy on them if they happen to be paired up, and they bid farewell.

As they look for a place to eat, Weiss receives a phone call from her father, which she declines to answer. Team RWBY ends up eating at a noodle store run by the Shopkeep. Weiss attempts to pay for her team's meals as thanks for getting her through to the next round, but her credit card is declined, much to her surprise.

Fortunately, Pyrrha arrives and pays for their meal instead, and they are joined by JNPR for their meal. After they have eaten, JNPR is called away to their next match. Weiss and her team follow them over to the stadium, taking their place at the spectator stands to cheer their friends on.

During the match between Team JNPR and Team BRNZ, she comments positively on how Jaune's skills improved. After their friends' victory, they are later seen watching Team SSSN's match. At first, Weiss cheers for Neptune, but after seeing him attempting to flirt with the members of Team NDGO, she quickly changes her allegiance. After Sun and Neptune win the match, she catches sight of the approaching aircraft and says with seeming awe and admiration, "She's here…".

When she runs to the Beacon cliffs, she calls for her sister Winter's attention. As Weiss tries to catch up with Winter, many of her questions cannot be answered due to the answers containing classified information. When Winter asks how Weiss has been, she has to correct that she meant Weiss' well being and not her merits.

After Coco Adel and Yatsuhashi Daichi are defeated by Emerald and Mercury in the tournament, Weiss shares a meal with her sister. She says she has improved in training immensely, even now working with time dilation. When Winter mentions summoning via glyphs, Weiss says it is the one thing she cannot do. Winter singlehandedly summons a pure white Beowolf, and Weiss seemingly fails to summon anything. She did manage, however, to summon a sword about the size of a caterpillar. When Winter remarks that she should be a receptionist under their father, she channels the anger she feels toward him into a summoning glyph. Winter interrupts, saying never to allow emotions to overpower her or her fighting.

Winter suggests an ultimatum to her. Either she could continue to answer to and rely on their father, or she could turn away from him and explore all she can of Remnant and herself. After Weiss bids farewell to her sister, she receives a call from her father and once again declines it, signifying that she has chosen the latter.

Weiss and Yang's doubles round fight is against Neon Katt and Flynt Coal of Team FNKI, representing Atlas, Weiss' own homeland. Whilst Weiss originally believes their Atlesian opponents to be disciplined and technologically advanced, Neon and Flynt turn out to be unexpectedly unconventional and eccentric. Flynt also has a personal grudge against Weiss, holding the Schnee Dust Company responsible for pushing his father's Dust shop out of business.

When the match begins, Weiss faces off against Flynt while Yang fights Neon. Flynt manages to overpower Weiss' Dust attacks using Dust of his own in conjunction with his Semblance. Unwilling to give up, Weiss sacrifices herself in a reckless attack by tackling Flynt and enveloping both in a pillar of lava. While she is unsuccessful in knocking her opponent out, Weiss' sacrifice allows Yang to defeat both the weakened Flynt and Neon. Singed and covered in soot but still mostly unhurt, Weiss gains the respect of Flynt and Neon.

When Yang breaks a defenseless Mercury's leg without provocation after the conclusion of her match in the singles rounds, Weiss is visibly taken aback. However, in the dorm the next day, when Yang says she used self-defense, Weiss unconditionally believes Yang is telling the truth. Blake hesitates and Weiss is mystified at how Blake could think her own partner is lying. After Blake believes in Yang, the team leaves Yang to rest and goes outside.

Blake and Weiss go to the fairgrounds to get drinks together, and they witness Pyrrha tear Penny apart, followed by a speech from Cinder, who spreads her message of hate and rebellion against the leaders of the academies as well as the governments.

Chaos soon erupts across Vale, with hordes of Grimm sneaking past the defenses of the city and swarming in the streets, killing indiscriminately. Weiss and Blake learn from Yang that the White Fang have returned and are attacking Beacon Academy. They decide to head back to the school to assist Yang in the defense of Beacon.

On arriving at Beacon, the Atlesian Knight-200 androids stationed there turn on them, though they manage to escape unharmed. The pair then fights through droves of Grimm, White Fang soldiers and Atlesian Knights. Weiss and Blake then split up to handle separate threats, Weiss fighting a rogue Atlesian Paladin and Blake taking on an Alpha Beowolf.

When the battle continues, Weiss expresses concern for Velvet's safety. After Velvet is knocked down by a Paladin; Weiss rushes to defend her, summoning the arm and sword of the Arma Gigas in the process before it slices a Paladin in half.

When the remaining Paladins are disabled, she catches her breath, using Myrtenaster as a support when Yang rushes in. Weiss tells her about the whereabouts of Blake and Ruby before giving a thumbs up.

After having recovered, she regrouped with Ruby and the rest of her team, along with Nora, Ren and Sun. After they realize that Jaune and Pyrrha are still missing, she and Ruby head to the CCT tower to retrieve them. Once Jaune informs them that Pyrrha is still inside, she uses her Glyphs to send Ruby up the tower.

After the incident, her father arrives to bring her back to Atlas, believing that Vale is too dangerous for her physical safety.

Several months after the fall of Beacon, Weiss is seen at the Schnee manor in Atlas, looking out of her bedroom window.

Sometime later, she is seen staring out of her window again, until her butler, Klein Sieben, informs her that her father wants to speak to her. Dejected, she goes to see her father, but on her way, her brother Whitley Schnee warns her that their father is arguing with someone. She then continues towards Jacques' study and intrudes upon a heated conversation between him and General Ironwood. After Ironwood leaves, her father discusses his plans to make her sing at a charity event for the company. With little enthusiasm, Weiss agrees. After leaving Jacques' study, Weiss is cheered up by Klein.

At the charity event, Weiss performs her song and receives applause from the audience. At the cocktail event shortly afterward, Weiss becomes overwhelmed by the insensitivity and pretentiousness of those around her, including Henry Marigold, and loses her temper. Weiss shouts at a woman insulting Vale across the ballroom, chastising her and the other patrons for their petty materialistic interests and ignorance. Jacques grabs Weiss to prevent her from making more of a scene, but she shakes free from his grasp, falling to the floor. In her emotional outburst, Weiss accidentally uses her Semblance to summon a Boarbatusk that charges at the woman, but Ironwood kills it with his revolver before the woman can be harmed. The woman demands that Ironwood arrest Weiss, but he coldly responds, "She's the only one making sense around here."

Later, Jacques argues with Weiss about her outburst. The argument escalates when she pushes back at him about his marital rights to the Schnee name versus her birthright to it and he slaps her. Despite this, Weiss pushes forward, declaring that she will use her skills as a Huntress to preserve the Schnee name. Jacques declares her no longer to be the heir and grounds her. In response, Weiss trains in her room until she is able to Summon the Arma Gigas.

With the help of Klein, Weiss begins to make her escape from home. As she passes by her father's office, she overhears Ironwood's plan to close the borders of the kingdom due to information reported by Winter about Mistral. She meets back up with Klein in the library and confirms that she still plans to head to Mistral, now hoping to reconnect with her sister. They part with a hug, and Weiss escapes through a secret passageway. After escaping the manor grounds, Weiss locates and bribes a pilot to let her stow away on his airship to Mistral.

As the flight to Mistral draws to its conclusion, the pilot receives a distress call from a passenger ship pleading for help. Weiss wants to help them but to no avail, for the pilot refuses to get caught up in any danger, and she has to comply with his wishes.

Passing by the floating islands of Lake Matsu, the ship comes across a swarm of Lancers destroying airships. Having enough of standing idly by, Weiss uses the Dust ammunition from the cargo to fight the Lancers that chase after the ship. She manages to defeat them, but a Queen Lancer arrives and proves to be a more difficult challenge. Ultimately, Weiss Summons her Arma Gigas and slays the Queen Lancer, but the Grimm's stinger heavily damages the cargo ship and causes it to crash. Weiss tries to slow down the ship with her Glyphs but to no avail. Sometime after the ship crashes, Weiss is captured by Raven Branwen.

Weiss wakes caged in a bandit camp during the night. A woman named Vernal appears with Weiss' weapon and says they will traffic Weiss back to Atlas for ransom. Weiss says Winter will find and save her, but Vernal says Winter was recalled to Atlas by Ironwood's order. She relishes that nobody is coming to rescue Weiss. Later into the night as the bandits sleep, Weiss summons a miniature Arma Gigas.

As Weiss notices something in the bandit camp causing the tribe to look away from her, she summons a miniature Arma Gigas again, and it swings at a bar of her cage. After Weiss realizes Yang was the disturbance and that everyone can see she is attempting to escape, she scales the Arma Gigas to be many times her size and forcefully breaks out of the cage. She runs over to Yang as the camp's tensions rise, and as they run to begin a fight, Vernal breaks the altercation. Raven orders Vernal to give Weiss her weapon back and orders Weiss and Yang into her tent to learn "the truth." As the bandits disperse, Weiss and Yang share a reunion hug as she tells Yang she missed her.

Weiss and Yang meet in Raven's tent as the tribe leader tries to convince them to relearn a way of thinking about Ozpin. When Weiss says Ozpin was a prodigy and the youngest headmaster to be appointed to a school, Raven counters that it was planned and tells of Ozpin's sphere of influence. Neither girl believes Raven as she tells she has seen magic and knows people who can come back from the dead. After Yang is heated, Raven offers to show the two what Ozpin did to her and Qrow. They follow her outside the tent and watch her transform from a raven into her human form. Raven gives them an ultimatum- to stay with her and continue to learn or to go to Qrow and face what she believes is certain death. Yang and Weiss ride into Raven's portal to Qrow. Qrow takes them to Ruby, Jaune, Nora and Ren, and the two share a hug of reunion with Ruby.

Later, the six students share a ramen dinner together and recollect about past events, with Weiss lamenting about throwing her temper at the SDC cocktail party. When Nora states her disbelief, Weiss summons a Boarbatusk next to her to prove herself. After the dinner, Weiss and Yang catch up with Ozpin about the Maidens, magic, and

Salem.

The next morning, Weiss brings coffee to her teammates to enjoy together. Things turn sour when Yang angrily states she does not care about Blake anymore, leaving Weiss and Ruby extremely worried. Weiss confronts Yang alone, and they share the unique forms of loneliness they endured when they were younger. Weiss defends Blake's departure, saying she had concealed her past from her teammates and her greatest fears came to life during the Battle of Beacon. In the end, Weiss admits Team RWBY is more of a family to her than her father and brother and is willing to do anything for them. She vows to be there for Blake when she returns and promises to be there for Yang as well.

Weiss enters the Haven Academy lobby alongside her allies, including Qrow and Oscar, where they are greeted by Leonardo Lionheart shortly before Salem's Inner Circle appears. After an exchange of words, the battle begins. Raven orders Vernal to engage Weiss, who gains the upper hand rather quickly. Even when Weiss attempts to summon, Vernal takes it out with a single strike. The second attempt at summoning leaves Weiss vulnerable for Vernal to perform a powerful attack, fully depleting Weiss' Aura.

Whilst the fight continues, Cinder has overpowered and pinned down Jaune, allowing her to conjure and throw a fiery spear at Weiss as she remains unaware and vulnerable. The spear goes through and impales Weiss through her lower-right torso before dissipating after a few seconds, causing her to collapse toward the floor.

Weiss immediately receives attention from Jaune and Ren, but they find themselves unable to help her as she begins to slowly die. However, as Jaune pleads for her to survive, his Semblance activates, miraculously regenerating and amplifying Weiss' Aura to heal her as she starts to regain her breath.

As she regains consciousness, Weiss learns of her serious injury from Jaune and is annoyed when he tells her to stay with him. Eventually, Jaune fully restores her Aura, and she rejoins the battle. Weiss summons a Queen Lancer to impale Hazel Rainart and draw him back inside the building. She is shocked when she sees Blake outside, but the battle resumes when Yang heads to the vault, and Weiss prevents Emerald and Mercury from pursuing her.

As the battle continues, Weiss is devastated when Hazel Rainart destroys her Lancer. Blake suddenly arrives and joins with her and Ruby, asking if she is alright. Weiss is surprised as she remembers Blake usually being quiet. She regains her focus, and Ruby directs her and Blake to their team attack. When everyone is visibly worn out, Yang reemerges from the vault with the Relic of Knowledge, Weiss smiles upon her friend's return. However, she and the other students are left terrified after Emerald unleashes a gigantic hallucination of Salem upon them.

After the battle, Weiss welcomes Blake into a group hug with her, Ruby and Yang as Team RWBY is united once again.

Recovering at the manor, Weiss and her friends are packing their belongings when Qrow informs them that they are heading for Atlas. Weiss becomes dismayed at the thought of returning to the place she has worked so hard to escape from but decides to go anyway. The heroes then learn about the Relic of Knowledge from Ozpin, but they apparently cannot use it because the questions have already been used.

Two weeks after the Battle of Haven, Weiss and her allies are in a train station on their way to Argus, a city in northern Anima, with the hope of finding someone at the military base who can take them to Atlas. Weiss enjoys a few moments with her friends, and they reassure her that everything in Atlas will be fine now that everyone is back together. Once aboard the train, a group of Manticore and Sphinx Grimm attack it.

A tunnel and the fact that Grimm are attracted to the Relic complicates the ensuing fight. In response, the group decides that Jaune, Ren and Nora lead the passengers and the front cars safely to Argus while they decouple the train and everyone else uses the rear cars to fight the Grimm, the Relic of Knowledge with them. The group wins the battle against the Grimm, but the Sphinx spits one last fireball that damages the oncoming tracks, derailing the train and sending the group into a snowy forest. Maria Calavera, an old woman who happened to stay in the rear cars, exits the train and greets them.

When Team RWBY confronts Ozpin about keeping secrets, Weiss is annoyed about having someone else besides herself decide what is best for her. Oscar tells Ruby about a being within the Relic, and everyone is awestruck when Jinn emerges. They then learn that she can still answer two questions in this era, meaning that Ozpin has lied to them. When Qrow speaks up, Weiss points her weapon at him, though he merely tells Ruby to do what she feels it is right. After Ruby asks Jinn about Ozpin's secret, everyone is separated and transported to a white space. Then Jinn begins to answer the questions in the form of a story, and they learn that Salem was once Human.

Jinn tells Weiss and the others a long story about Salem and Ozpin's pasts, which includes information on the gods of Light and Darkness, as well as the origin of the Relics. As Jinn finishes her story, Weiss is shocked to hear that Salem cannot be destroyed. Later, the group finds a path, and they follow it until it ends at Brunswick Farms, where they decide to take shelter.

As they try to enter the main house, Weiss ponders if the residents of the estate left before things got worse. After they break their way through, she volunteers to find blankets with Yang. But when they reach the master bedroom, Weiss screams in terror as she and Yang find a pair of decomposed corpses on the bed. She later sits in front of the fire in the living room and shivers in terror until Blake places a blanket on her shoulders. They then learn from Qrow that everyone else on the estate suffered the same fate. After Ruby suggests that there should be supplies for them to use. Weiss follows her to find food for them to eat. The pair finds a wine cellar, and Ruby suggests that they close it to hide it from Qrow, as she is concerned about her uncle after Jinn's revelation of Ozpin's lies and secrets. Weiss then asks Ruby if they are really going to Atlas, as she is finding the goal of getting the Relic of Knowledge to Atlas pointless. She then expresses her fatigue and disgust of the estate. When Ruby finds room in the storeroom, Weiss is initially annoyed that it is canned food but later decides that it is better than nothing. They then take some of the cans and leave the storeroom.

Later that night, Weiss sullenly sits with Blake and Yang around the fire before Ruby tells them that they are leaving first thing in the morning. The next day, Weiss readies Bumblee so that the flatbed found by Blake and Yang can be attached to it. But after Qrow's Semblance flattens one of the tires, Weiss once again questions the mission of getting the Relic of Knowledge to Atlas. She and Blake side with Yang's argument that they are better off leaving the lamp at the bottom of the nearby well so that Salem will have a harder time finding it. After Ruby unintentionally drops the lamp down the well, the team grudgingly agrees to go down the well for the Relic. But when their leader finds the lamp, they are attacked a pack of Apathy. Found by Maria, they run through the tunnels, coming across a cellar with an exit. They are then attacked again by the Apathy and collapse but are able to move after Ruby activates her silver eyes to momentarily stun the Grimm. Weiss then runs to the doors but finds that they are locked from the other side. The Apathy screech again and they all collapse in exhaustion. But their lives are saved when Ruby unleashes her powers again with more control and destroys all of the Apathy in the cellar. After they escape and find Qrow passed out in the bar, Weiss throws a few alcohol bottles at the cellar doors as the Apathy emerges and sets them on fire. She then helps Ruby in pushing Qrow out of the bar and the entire group quickly get on the flatbed and leaves Brunswick Farms. On the road, the group learns from Maria about the Apathy and the demise of the farm residents. Weiss then apologizes about giving up on their mission.

The group learns Maria was a Silver-Eyed Warrior known as the Grimm Reaper, but she was blinded and went into hiding out of fear. All of a sudden, they get a call from Jaune on Ruby's Scroll and discover they have reached Argus. After reuniting with Jaune, Ren and Nora and riding the trolley through the city, they find Jaune's sister, Saphron Cotta-Arc, and her son, Adrian Cotta-Arc. Saphron takes them to her home, where they meet her wife, Terra Cotta-Arc. After Weiss and Yang fond over the baby after he gives a pout, they enjoy sandwiches. Team RWBY plans to get through the Argus military base the next day, but when they go, its front gate quickly closes before them.

As the guards refuses them entry, Weiss is presented by Qrow, who says that they're trying to get her home. This allows them to meet

Caroline Cordovin, a special operative in charge of the military base. Ultimately, only Weiss is allowed by the Commander to go to Atlas to return home, but she is upset when Cordovin calls her friends questionable, especially Blake. When the gates close on them again, Weiss is assured by Ruby that they will not leave her and that they will all get to Atlas somehow. But the situation deteriorates when Team RWBY and Oscar reveal Ozpin and Salem's past to Jaune's group back at the Cotta-Arc, which leaves everyone disheartened and needing time alone. Later, Weiss, Blake and Yang discover that Oscar is gone and report this to the others.

The entire group then go on a search for Oscar. With no luck, Team RWBY and Maria return to the house at night where they find Qrow passed out on the doorsteps. After Jaune and his group rejoin them, everyone is surprised to find Oscar with a new outfit. Inside the house, Weiss tells Oscar that they were worried about him. Later, the group listens to Jaune's offer of stealing an Atlas airship, leaving Weiss to tell him that they will be doing something much worse than breaking the law. Qrow later turns down the idea, and the group is disheartened again. But their spirits are lifted again when Ruby decides to hear Jaune out and that they should do things their way.

For her part of the plan, Weiss smuggles Maria in a suitcase as Cordovin leads her through the Argus base, thinking Weiss returned to her family roots. Saphron and Adrian, who accompany them, cause a distraction so Weiss and Maria can board the airship unaccompanied. After getting on board and getting out of range of her allies' signal, Weiss attacks the guards and throws them out of the ship with a parachute. As they take control of the plane, Weiss is concerned that Maria's eyes need repair, but Maria repeatedly interrupts her protests. Maria brings the ship back to Argus to pick up the rest of the group. However, they are shocked when Argus catches them on radar and Maria is unable to fool the base. The pair then witnesses Cordovin piloting a Colossus and hit them with a lightning Dust blast.

Upon receiving Ruby's order to return to her and the others so they can fight the Colossus together, Weiss expresses disbelief at the thought of battling the Colossus. When Cordovin is about to fire at the group, however, she commands Maria to get to them, then jumps off and protects her allies with a stone wall. After the group formulates a plan, Weiss traverses the water with Ruby using ice Dust to get close to Cordovin to try and take down her shield. She then summons her Queen Lancer for transport and to later save Ruby, Ren and Qrow. Ultimately, however, Cordovin destroys her summon, and they crash land on the cliff. Recovering, the group is informed by Oscar about the missiles popping out of the cannon and can be destroyed while they are exposed. Weiss then watches as Ruby tries to make a clear shot but fails, and as Cordovin counters and sends the airship crashing into the trees. Weiss and the others barely dodge the lightning Dust blast as it reaches the cliffside. They are later shocked when Ruby jumps into the cannon and fires, causing the raw Dust to explode. As Ruby barely escapes and falls, Weiss uses her black Glyphs to slow down Ruby's descent and allow Qrow to catch her, but collapses soon afterwards. The group is later shocked to hear that a Leviathan is approaching the city.

As Blake and Yang reunites with the group, Weiss confirms with them that a giant Grimm is approaching, and they just took out the only thing that can stop it. They then board the airship and leave Cordovin to struggle to move the Colossus. When Maria states that it is their only chance to get to Atlas, Weiss sternly opposes alongside Blake and Yang as they cannot leave Argus to the mercy of the Grimm. They then go back to Atlas to find the Leviathan easily breaking through the city's defenses. To help Ruby in defeating the giant Grimm, Weiss uses her Lancer summon to carry her partner closer to their target. They all watch as Ruby uses her silver eyes to petrify the entire Leviathan, the monster breaks its head free, and Cordovin finishes it off with the Colossus. Afterwards, they are given permission by the operative to continue on to Atlas.

As they reach Atlas by nighttime, Weiss is shocked to find the floating city surrounded by the Atlas air fleet as if they are expecting an attack.

Cautiously, Weiss and the group decide to fly down to Mantle instead of trying to meet Ironwood directly. Weiss tries to call Winter until seeing her more cooperative with Ironwood and Qrow interjects that she won't help them to meet Ironwood. After that they leave the Manta behind and walk through Mantle. As they do, they encounter a drunk man who discusses the state of Mantle with them, who then gets thrown into a dumpster by Weiss for insulting Blake.

Not long after that, they make their way to Pietro Polendina's pharmacy. Once they've arrived they talk to him and try to ask him to meet Ironwood.

Suddenly, however, an alarm is sound and Weiss and the group have to fight an onslaught of Saybrs. During the fight, they are joined by Penny Polendina who kills the last of the Grimm. Once all the Saybrs have been killed, Ruby has an oddly heatwearming reunion with Penny.

After Penny leaves to fight more Grimm, the group is ambushed by the Ace Operatives, arrested for unauthorized weapon use and have all their items seized, seizing their weapons and the Relic, and putting them in a transport bound for Atlas.

On the airship they meet Forest, a supporter of Robyn Hill. They talk about her with Forrest for a short while before they are delivered to Ironwood and released from their restraints. Shortly after that, Ironwood reveals his plans to the group. Weiss waits while Ruby decides to withhold information about what happened on their way to Atlas from Ironwood.

Later the group, minus Qrow, is lead to Atlas Academy where they properly meet the Ace Operatives and go to rest.

Shortly after completing a mission to secure the the launch site for the Amity Communications Tower, as General Ironwood debriefs the Huntsmen, Jacques Schnee arrives at the abandoned mine, angry with Ironwood for making "unauthorized" access to one of his facilities. Jacques then notices Weiss, who defiantly stands up to him. Jacques then tries to get to Weiss by informing her of her mother's worsening condition, but Team RWBY stands by her side as Weiss declares to him that they are her family now.

Later, Ironwood has the two student teams gather at Amity Colosseum, where he promotes them to official Huntsmen and Huntresses, much to their surprise. As now official Huntsmen, Weiss and her friends go through several training exercises with the Ace

Operatives to improve their skills and Huntsmen missions to assist the construction of Amity Tower as well as defend Mantle from any Grimm attacks and hunt any loose Grimm.

During her time training, Weiss spars with Winter frequently. After an exercise, Weiss says that she has had to move forward from the Schnee name, to which Winter replies that eschewing the Schnee name is the "most beneficial" thing that she has ever done. Winter recommends Weiss join with Ironwood, but Weiss is ambivalent. Winter comments that Ironwood believes his actions to be right, to which Weiss responds that everyone believes so. Winter insists that Ironwood is not keeping secrets from her and Weiss asks whether she can be sure. Winter seems affected by this question and does not respond.

Winter brings Weiss to see Fria, the Winter Maiden, and tells her that, due to her frailty, no one but Winter is allowed to see her, lest anyone else become the Winter Maiden when she should die. Weiss questions the burden this puts on Winter, but Winter tells her that she has accepted it. Both watch a campaign advertisement by Jacques Schnee, in which he decries Ironwood's boycott of the other Kingdoms and announces his shutdown of all "nonessential" Schnee Dust Company operations. Winter comments that he has provided the spark to set the Kingdom on fire.

After several weeks of rigorous training and missions, Ironwood grants Weiss and her friends a night off during election night. Weiss chooses to spend her time with Jaune and Oscar, deciding to go to the movies with the boys.

Following Tyrian Callows' massacre in the election celebration party in the Mantle Warehouse, Weiss and Ruby talk with Maria and Pietro Polendina as he extracts the footage of the rally from Penny's data banks in the hopes to prove her innocence to the public. He tells them of how he created Penny using his own Aura and how the altered footage of the attack originated from Penny's work throughout Mantle, suggesting a hacker is loose in the network.

Ironwood and his subordinates are invited by Jacques to a private dinner party at his mansion to defend his council position. Weiss and her friends are invited along too as a precaution in case the council needs more witnesses. Before leaving, Team RWBY and Oscar discuss their suspicions of Jacques and his suspicious election victory and possible ties to the hacker in the security network. They decide for Weiss to sneak off in the mansion and search his office for clues.

Upon arriving at the Manor, Whitley lets them in after revealing to his sister that Klein was fired from his job as a butler to her shock. Whitely attempts to catch up with Weiss, boasting about the perks he has as the heir of the SDC. Jaune formulates a plan for Nora and Ren to get Whitley out of Weiss' way by pretending to accidentally spill food on Whitley. The plan does not work out as planned, but Whitley is still forced to leave after being covered in wine by a hysterical guest. Weiss heads up the stairs to sneak around the manor.

Having sneaked into Jacques' office, Weiss encounters her mother, Willow Schnee. The two talk about Jacques and Willow reveals that she has installed cameras throughout the manor, claiming to have done it for their safety in case Jacques ever tried to do something. Willow gives Weiss a Scroll that has a video of Jacques and Arthur Watts on it, telling her daughter that Jacques is over his head in his activities. As she leaves the room, Willow speaks to Weiss about Whitley, asking her to take care of him despite his anger towards his sister. Willow leaves telling her she left her brother alone with his broken parents.

Weiss then interrupts Ironwood's questioning in front of the council, showing those assembled footage from Willow's cameras of Jacques meeting with Watts, in which Jacques gives Watts his credentials in exchange for manipulating the election. Jacques tries to run, but his exit is blocked by Weiss' Arma Gigas, and Weiss places him under arrest. Weiss, along with others, confront him into confessing his guilt to the council.

Meanwhile Watts, using Jacques' council credentials, hacks into the Mantle heating grid and deactivates the heat throughout the city, freezing the citizens. The public assume Atlas to be freezing them out and cause a huge riot and fire in the streets, attracting a massive Grimm invasion. With the panic Ironwood was afraid of already happening, Ruby and Oscar convince him to tell the council and

Robyn of Salem, which he agrees and complies with. Before the Ace-Ops, RWBY and, JNPR deploy to Mantle to protect the citizens and repel the Grimm, Ruby and Oscar agree to reveal the truth of Ozpin's disappearance and Salem's immortality to Ironwood, which Oscar stays behind to do.

The Huntsmen fly into Mantle on an airship but are shot down by Teryx Grimm. They split up into teams of 3 to help as many civilians as possible, with Weiss being on a team with Marrow Amin and Nora. As they battle the Grimm, Ironwood releases a broadcast to Mantle and Atlas revealing the existence of Salem, her associates and their responsibility with their attacks on Beacon, Mistral, and Mantle much to the Huntsmen's joy. During the battle, Weiss' team joins with the Happy Huntresses in defending the city.

During the evacuations, Weiss and the other Huntsmen suddenly receive a message from Ironwood to be recalled with zero explanation. Confused, they return to Ironwood who reveals a Black Queen chess piece, the symbol Salem used before Beacon fell, was placed in his office. Ruby realises that Cinder Fall was responsible upon seeing it was made of black glass. Ironwood caves in to paranoia, suspects Salem was ahead of the whole time, and loses trust in Team RWBY for lying about Ozpin, Jinn and for Blake and Yang leaking the Amity plans to Robyn unbeknown to Weiss and Ruby. The meeting is suddenly interrupted by the emergence of a Seer Grimm, which was hiding in Watts bag, and conjures up a mirage of Salem. Salem reveals she is imminent to Atlas and thretens to destroy both cities if the group does not surrender both relics. Ruby defies Salem, stating they will stop her regardless if they can kill her or not. Salem retorts that her mother also said the same thing but was also proven wrong, causing Ruby to break down crying as the mirage fades.

The Salem apparition disappears, and the Ace-Ops begin to panic, especially upon realizing that the proximity alarms along the coast near Atlas are inactive. Blake asks about the readiness to launch the Amity Tower, but Yang realizes that Ironwood just said that to lure out Watts. Ironwood states that he has sent Winter to claim the Winter Maiden's powers and that he wants to seal the Relic of Knowledge in the vault with the Relic of Creation, to Weiss' horror.

He tells Weiss that he changed his mind about letting Team RWBY keep the Lamp because they lied to him and because Salem is on their doorstep while everyone is too exhausted for another battle.

Ironwood then explains that he intends to raise the City of Atlas into the atmosphere instead of Amity Tower. There, the city, the two Relics and the Winter Maiden will be safe from Salem. Team RWBY protests that this plan would mean leaving people in Mantle to die due to the evacuation not being complete, but Ironwood and the Ace-Ops refuse to reconsider. Suddenly, Jaune opens a group call with Ruby, Qrow and Winter. Taking the opportunity, Ruby uses her Semblance to get past Ironwood and warn the others about his plan. Ironwood locks communications, declares that Team RWBY are under arrest, and leaves while the Ace-Ops get ready to detain them.

Harriet locks down Ironwood's office, letting RWBY decide whether they'll be arrested peacefully or not, prompting Marrow to hesitantly ask if they're really going to fight. Ruby taunts Harriet by saying the Ace-Ops were the best Huntsmen in Atlas until they trained her team, prompting the fight to break. Weiss battles with Marrow, who tries to convince her to surrender and "let this one go."

As Ruby and Harriet's fight returns to the office, The Ace Ops begin to bicker. Taking Marrow's discouraged nature to her advantage, Weiss defeats him through the use of her Arma Gigas. Team RWBY then ties Marrow and the Ace-Ops to their Gravity Bolas, and leave them in Ironwood's office. Pietro Polendina and Maria catch RWBY tying up the Specialists, deciding to help the Huntresses. The group makes a plan where Ruby and Weiss will catch up to Winter and the Maiden whilst Yang and Blake find their friends to escape Atlas.

Weiss and Ruby arrive at the Atlas Medical Facility after a battle between Winter, Penny, and Cinder had occurred over the powers of the Winter Maiden. Upon arrival, Ruby sees Cinder and instantly uses her Silver Eye powers, causing a frightened Cinder to flee by blasting her way through the roof. Weiss runs to her sister's aid, begging Winter to let her team help. Winter yells at Weiss to run, giving her a head start as she calls upon her soldiers. Maria and Yang arrive in a stolen Manta airship, at which Weiss leaves to carve out her own path. On the airship, Weiss and Ruby comfort

Penny, until they intercept a broadcast from the military; Salem has arrived.

---

We gasped in shock.

Lincoln: That is dark Weiss.

Weiss: I know.

Maria: We just beat Salem a week ago. Surely, your so called dad isn't that tough.

Weiss: He is dangerous.

Me: Let me see here.

I pulled up Jacque Schnee's info.

---

President Jacques Schnee is a major antagonist of the American animated webseries RWBY, as well as its Japanese manga adaptation/prequel of the same name. He is the President of the Schnee Dust Company, the husband of Willow Schnee, and the father of Winter, Weiss, and Whitley Schnee.

He is voiced by Jason Douglas, who also voiced Beerus in the English dubbed version of Dragon Ball Super, and Aokiji in the English dubbed version of One Piece.

In his youth, Jacques married Willow, the daughter of Nicholas Schnee, founder and head of the Schnee Dust Company. After Nicholas' health began to fail, Jacques convinced Nicholas to allow him be his successor, taking the Schnee surname as his own and inheriting the company.

Jacques later became the father to his daughters Winter and Weiss and his son Whitley. Winter left to join the Atlesian military as a Specialist. His second daughter named Weiss left for Beacon Academy to study and become a Huntress.

It is stated that Jacques was displeased with Winter and Weiss for their decisions. Winter joined the military and Weiss going to Beacon rather than Atlas. At some point he retaliated against Winter by cutting her off from the family fortune.

Under Jacques' leadership, the company operate began in a "moral gray area". It soon became infamous for its "questionable business partners" and the continued use of Faunus slave labor, despite the fact that it had been made illegal. This caused the company to become a target to the Faunus group known as the White Fang, who began terrorizing, kidnapping and killing the board members of the company and sabotaging shipments and projects.

Jacques appears in Chapters 3 and 4 of the manga. According to Weiss, as a child, Jacques always had extremely high expectations on Weiss to test her worth. When Jacques learned that Weiss wanted to move away to study at Beacon Academy instead of Atlas, he and his Secretary tested Weiss' skill by forcing her to fight in a dangerous battle with an Arma Gigas.

At the Vytal Festival, Jacques calls Weiss, but she refuses to answer. Later on, Jacques cancels Weiss' credit card, cutting her off from the family fortune.

After the following attack in Vale and Beacon, Jacques then goes to Vale to bring Weiss back to Atlas where he believes that it is safe.

Weiss is called to meet Jacques in his study, Weiss enters the room seeing her father arguing with James Ironwood about his embargo of exporting Dust. After Ironwood left, Jacques tells Weiss that she will be performing vocals at the charity event for the SDC.

Jacques is present at the charity concert and the after-party where he debates with other party guests about politics and Faunus discrimination. After Weiss overhears one of the guests mocking what happened to Vale, she loses her temper and accidentally summons the avatar of a Boarbatusk, disrupting the party and endangering the guests.

After the charity event, Jacques then scolds Weiss for her temper. Weiss than tells her she wants to leave Atlas, but Jacques denies her. Weiss then tells her father that the Schnee name is her responsibility, and that he just married into the name. This causes Jacques to get angry and discipline Weiss by slapping her across the face. After they argue, Jacques grounds Weiss and tells her that Whitley will be the new heir to the Schnee Dust Company. Weiss, determined to help her friends, escapes and heads to Mistral, and Jacques has her declared missing.

Weiss meets up with her friends and saves Mistral, then they make their way to Atlas to deliver the Relic of Knowledge to General James Ironwood, who promotes them all to official Huntsmen and Huntresses. Jacques is angry that Weiss is siding with Ironwood, but continues to allow it in order to keep Ironwood at bay. Jacques is in competition with local vigilante Robyn Hill for a spot on Atlas' council, and shifts the blame for any of the unjust acts he commits to Ironwood and Hill in order to keep his status and chances of winning the election. He is soon approached by Arthur Watts, who offers to rig the election for Jacques if the latter gives him access to Mantle's computer systems. Jacques agrees, not knowing that Watt's plans are far more sinister than just rigging the election.

On the day of the election, Watts and Tyrian Callows stage a massacre of Hill's supporters, blaming the Atlas military, and hack the election and make it so Jacques won. In order to celebrate his victory and to try and finally interrogate Ironwood as to his secrets, Jacques invites Ironwood, Hill, and the council over to Schnee Manor for a party.

Weiss sneaks away, and finds that her mother Willow has been spying of Jacques with hidden cameras, and knows about the rigged election. Weiss presents the footage to Ironwood, Hill, and the council, and Jacques tries to flee, but Weiss arrests him. When she explains that Watts has shut off the heat and security systems in Mantle, Jacques is shocked and disturbed, saying that all he wanted was to win the election, not cause death or chaos. Weiss goes to fight the incoming Grimm, and Jacques is handcuffed and taken away by Atlas police.

---

We gasped in shock.

Me: This is worse than what we thought.

Nico: Weiss your father is a total asshole.

Eli: No kidding and I would love to get my hands around him and strangle him.

Laney: Same here.

Me: Looks like we found our next target in Remnant in the future.

Lucy Heartfilia went up to Weiss.

Lucy H: I know just how you feel Weiss. Like you, I came from a rich family and my father was a tyrant himself and he made my life a living nightmare. I joined Fairy Tail to get a better life instead of one that's centered around tyrannical capitalism. Fairy Tail and Team Loud Phoenix Storm are now my family and they helped me kill my evil so-called father.

Weiss: I guess we have something in common Lucy.

Lucy H.: Yeah we do.

Me: I'm sensing a strong case of déjà vu here though.

Vince: Me too.

Nico: Jacques Schnee you have failed all of Remnant.

Eli: Yes he has.

Weiss: Lincoln, are you sure you'll still love me even if I become a Heartless?

Lincoln: Absolutely. I love all you girls equally like Naruto and J.D. and Clyde. They are my sisters and family and I love them more than anything.

Me: Nice analogy buddy.

Eli: You said it.

Nunnally: You are a pure soul Lincoln.

Laney: That's my brother.

Rainbow: He's an awesome brother for you Laney.

We had an awesome picnic and Lincoln had an awesome date.

* * *

Later I was over at the awesome castle of Princess Celestia and it was absolutely magnificent.

Me: Wow! Princess Celestia's castle is magnificent.

Twilight Sparkle: It sure is. It's where I learned so much under the teachings of Princess Celestia and Princess Luna. They taught me everything I know and now I'm the next princess in line for the throne.

Me: Wow. That's a big responsibility.

Twilight Sparkle: It is.

We went into the throne room and we were standing before the benevolent and pure-hearted princess of Equestria, Princess Celestia herself.

Princess Celestia: J.D. Knudson of Team Loud Phoenix Storm. It's is an honor that you would grace my castle.

Me: (Kneels down) It's an honor to be here your highness.

Princess Celestia: No need for formalities.

Me: I apologize. It's a habit. Whenever I'm in the presence of someone of such high power I have to show huge respect.

Princess Celestia: I understand. But what brings you to my castle?

Me: I came to tell you about what went down during our battle with the Royal Defenders. I take it Twilight has told you about them.

Princess Celestia: Yes she has and it is absolutely disgraceful that they have fallen so low.

Me: I agree. We found out that they had the Equestria Girls in their employ and when we got word about their crimes, we went to war against them and made them pay for their crimes in their universe.

I went over everything they did and it was awful

Princess Celestia and Princess Luna were outraged.

Princess Luna: I can't believe they would do all kinds of terrible things like that!

Princess Celestia: That is beyond disgraceful.

Me: But we brought justice to them and made sure that they paid for every single crime they did. They had no honor, no compassion and no humanity.

Princess Celestia: That is awful. But we are forever grateful that you brought those monsters to justice and saved us from having to endure the abuse of the Royal Defenders.

Me: You're welcome Princess.

We got to talking for a while and it was awesome.

---

Later in the mountains of Bolivia in South America, I was exploring the area and then I came upon a rather unusual and rather peculiar sight. It looked like a really strange version of Stonehenge.

Me: This looks like a Stonehenge.

I walked around and saw it and it was a really peculiar place.

Me: This wasn't here when we were here in South America but this is amazing.

I then heard my scanner beep.

Me: Hmm.

I picked up reading of Energon.

Me: There's Energon in this place. I better get everyone down here.

I had everyone come.

Skywarp: I don't see why we have to go search for Energon at all. The Cybertronian War is over. And it's all thanks to you guys. I mean, G1 Starscream's locked up behind bars, Megatron's in the River of Fire, Unicron got blown up, and Autobots and Decepticons can be in the same room without killing each other. So, why are we out here?

Me: I found a strange and mysterious artifact here in Bolivia and it's actually a strange version of Stonehenge and it's of Alien Origin.

Nico: That's unusual. We better check this out.

We arrived at where the Standing Stones were.

Nico: Whoa!

Optimus Primal: Very unusual. Any opinions guys?

Rhinox: Just one. It isn't natural.

Me: None of us even built it.

Vince: Yeah this wasn't even here when we were here in South America.

Carol: Yeah it's strange.

Cheetor: Lets go check it out.

We went into the Standing Stones and it was a really strange place.

Nico: Wow. This is a really strange stone formation.

Luna: It looks a lot like Stonehenge dudes.

Sam S.L.: It sure does.

Laney: This is really something.

Eli: I've never seen something like this before.

Nunnally: Me neither.

Weiss: I don't think any of us have.

Skyla: This is amazing though.

Elesa: It sure is.

Tigatron: But however this place got here is an absolute mystery.

Airazor: It sure is.

Optimus Primal: And J.D. is right. There is an Energon reading here. It's under this big pile of rocks.

Me: A lot of lifting.

Nico: How did you find out that this place was of alien origin.

Me: I saw a symbol carved in a rock.

I showed the symbol on a stone slab and it looked a radio signal being shot out of the Standing Stones.

Nico: Unusual symbol.

Laney: I've never seen a symbol like this before.

Lana: Me neither.

Lola: Very unusual.

Shanan: Wait a second. I know this kind of symbol! It's a hieroglyph of the Vok.

Me: The Vok? Who or what are they?

Shanan: They are a race of energy-based lifeforms from the very distant edge of the galaxy.

Shanan went over what they were.

---

The Vok are mysterious energy-based alien creatures who developed prehistoric Earth towards their own designs. The Vok are dedicated to "the Project", which consists of enigmatic, sometimes contradictory plans for the planet. As a result of these experiments, there are a number of anomalies on the Earth, including several floating landmasses, a mysterious stone formation, a golden disk, a hollowed-out moon, and a plot device.

Tarantulas knew in advance how the Vok would respond Spider's Game, knew how quickly they'd come the second time, and said "They always come!" as if he were familiar with their activities. He may have known things, or he may have just been a really good guesser; you can never tell with him.

Early into the Beast Wars, the Vok were alerted to the Transformers' presence. They abducted and scanned Optimus Primal, then returned him a day later, their business done. Chain of Command Later, the destruction of Brigadoon, the Vok's testing ground for any sentient life, sent a warning signal to them. The Trigger, Part 2 Tarantulas immediately started to work on a way to escape the planet, darkly warning that it was "doomed". Spider's Game The discovery of an alien Golden Disk would reveal he was right: The Vok were on their way and were not happy. Before the Storm

Once they arrived, they carried out further scans and briefly faced off with Optimus, taking the form of Unicron to do so; they claimed they had no physical form he could comprehend, and so were assuming the form of a "figure of authority" in his mind. They informed him that the Beast Wars had irreversibly contaminated their experiment and, due to unspecified danger if this was allowed to continue, they were going to cut their losses. The nature of the second moon was now revealed: It was an immense cannon designed to destroy the planet! Optimus Primal sacrificed himself in order to destroy the Planet Buster.

As a result of the Planet Buster's explosion, a quantum surge was released. The surge caused a mutation in several of the Transformers (notably, Megatron, Rattrap, Cheetor and Tarantulas) turning them into Transmetals. Aftermath The destruction of the Planet Buster also released a transwarp wavefront that traveled through space and time, eventually reaching Cybertron in the era from which the Axalon and Darksyde crews originated.

Later, the Vok made another attempt to wipe out the Transformers. A second weapon, the Metal Hunter, appeared on the planet to knock the Transformers unconscious, and the Maximals Airazor and Tigatron were abducted. Megatron and Tarantulas, meanwhile, had both gained knowledge about the aliens from the Vok Disk. Megatron would go on to capture and alter an alien device he called the "Transmetal driver", which he used to create Transmetal 2's. It could also raise the dead somehow!

Near the end of the Beast Wars, the Vok sent an emissary, Tigerhawk (a newly created fusion of Airazor and Tigatron), to Earth to deal with Megatron's disruption of the timestream. Tigerhawk was able to destroy the Predacon base, but was eventually subdued and captured by Tarantulas. Tarantulas was able to draw the Vok out of Tigerhawk's frame and into his own, but this led to his own destruction.

---

We gasped.

Me: Whoa!

Nico: So the Vok are the ones that put Energon all over Earth.

Rhinox: And that's why the Golden Disk showed us where it is.

Laney: So that's how Earth is overflowing with so much Energon.

Tarantulas: It sure is. It's hard to imagine that these alien possess incredible skill and all that.

Blackarachnia: It sure is.

Dinobot: But I have my concerns about these aliens. If there are more of these Vok artifacts roaming around, I must exercise using extreme caution when dealing with these artifacts.

Me: Noted Dinobot. Lets see if we can get the Energon out of here.

Bane and Dark Spicer then came out.

Bane: (Spanish Accent) Do you need some help lifting these rocks amigos?

Me: We sure do Bane.

Dark Spicer: Looks like we arrived just in time.

With them came another villain. It was Joseph Monteleone A.K.A. TAR PIT!

---

Tar Pit is a super-villain who serves as an enemy of The Flash, Tar Pit's real name is Joseph Monteleone.

Joey is the younger brother of drug lord Jack "the Candy man" Monteleone. Joey spurned the family business for petty crime. Imprisoned in Iron Heights for fifteen years for armed robbery, he discovered that he had the power to astral project himself into inanimate objects and animate them. He took several objects for joyrides before projecting himself into asphalt and becoming stuck. His real body remained in Iron Heights in a coma.

Tar Pit first attacks a hockey game in an attempt to steal the Stanley Cup, but is defeated when he rips open a hose containing a tar-dissolving solvent in a misguided attempt to stop the Flash from using it to save people from being suffocated or burned. He sporadically causes trouble for the Flash, occasionally in conjunction with the Rouges.

Tar Pit is hypnotized by the Top into joining his new Rogues team to fight against the original Rogues. He fought Flash, Caption Cold, and Heat Wave before the battle is stopped by Professor Zoom. Mirror Master breaks the spell and helps him escape.

In Blackest Night, Tar Pit joins Owen Mercer in visiting the Rogue graveyard in the hopes of finding the recently dead Captain Boomerang. They later part ways after witnessing Eobard Thawne rising from the dead.

In New 52, Tar Pit is among the villains invited to join the new Secret Society by the Crime Syndicate. When he is returned to Central City, he, Chroma, and Girder approach the newly-arrived Gorilla Grodd in an effort to negotiate territory. Grodd refuses to negotiate and attacks them, and Tar Pit flees. Later, he is sent by the Crime Syndicate to kill the Rogues, who have refused to join.

---

Flash: Tar Pit!

Me: Joseph Monteleone A.K.A. Tar Pit!

Nico: He's a living blob of tar.

Tar Pit: Indeed. It's an honor to meet the famous Team Loud Phoenix Storm.

Me: Same here. New recruit for the Masters of Evil?

Bane: Si. Just showing him the ropes.

Nico: I see.

Shaggy: Like, you remind me of the Tar Monster.

Tar Pit: (scoffs) Oh, please. I'm way more smarter then that mindless sludge pile. If he shows up again, I'll tear him apart!

Me: You do look like the Tar Monster. But he was really the assistant of a professor that was after the treasure of a lost city in Turkey. He wanted that treasure all for himself.

Qin: I remember that.

Eli: Whoa.

Tar Pit: I see. Different scenario.

Vince: Indeed.

?: It sure is.

A figure came out and it was the former H.I.V.E. student Angel Lopez A.K.A. ANGEL!

---

The exact origin of Angel is unknown, but at some point she was recruited as a student into the H.I.V.E. Academy. Cyborg later infiltrated the institute to discern the latest plans of its then-current headmaster, Brother Blood. In the wake of the resulting conflict the academy was destroyed, and most of its students, including Angel, went freelance (she escaped the academy together with Kyd Wykkyd after he saved her from its destruction).

At some later point of time, Angel was recruited into the Brotherhood of Evil as seen at the end of "Homecoming - Part 2", standing next to Kyd Wykkyd, along with most of the other former H.I.V.E. Academy students. When the Brotherhood finally executed its plans to eliminate all young superheroes around the world, Angel and Punk Rocket were sent to bring down Bumblebee, but after taking their quarry by surprise and battering her senseless, they lost her in the city below. When the Titans mounted a final assault on the Brotherhood's base, Angel was defeated. Though she attacked Raven in mid-flight, she wasn't seen fighting anybody in particular, except for when she attacked Beast Boy, but it is assumed that her whereabouts are unknown because she escaped.

---

Jinx: Angel!

Me: Angel Lopez A.K.A. Angel.

Jinx and Angel hugged.

Jinx: It's good to see you again.

Laney: Friend of yours from your H.I.V.E. days no doubt.

Jinx: We go way back.

Me: I guess the Masters of Evil recruited the H.I.V.E. members now that Brother Blood is dead.

Angel: They did. Without Brother Blood the H.I.V.E. was pretty much dead. So we decided to join the Masters of Evil to help them.

Me: That's very reasonable.

Tara: Angel, how did Bumblebee escape you and Punk Rocket?

Angel: She went down to the size of an ant and flew away from us.

Nico: Fast thinking.

Bumblebee (Teen Titans): Indeed.

Dark Spicer: So what are these Standing Stones here?

Shanan: They are of Extraterrestrial Origin.

Shanan went over what they were and all that.

They all gasped in shock.

Dark Spicer: So these Vok guys are the ones responsible for putting Energon all over Earth and putting strange locations like these all over the planet?

Me: Yeah and we're going to find them and learn more about them and maybe have the Vok help us in our cause. We have be careful now that we know that the Vok put artifacts like these here.

Nico: Good thinking.

Me: Our battles will have to be on alien planets from now on. Except for fighting crime like always.

Lana: Good idea.

Me: Lets get that Energon out.

Dark Spicer became Seismadoom.

Seismadoom: Seismadoom will be very useful in digging around here.

Me: Nice!

Bane, Seismadoom and us went at got the Energon out of the altar that had a huge pile of rocks on it and we got the Energon. We then went back to Michigan and rested.

THE END

---

Another awesome mystery and adventure done.

The Standing Stones from Beast Wars Transformers was a really strange artifact and I was only a kid when I saw them and it was really freaky seeing them. But we have only just begun to see what the artifacts of the Vok are capable of. The next Vok artifact in the future is that weird Flying Island that Blackarachnia used to nearly destroy the Maximals and the Predacons. NicoChan11, Omegahatchiyak12 and ninjakingofhearts gave me the ideas for this. Thanks guys. Credit goes to you. Next up is a battle that is going to the dogs as we take down the evil Weredogs from the Kids Next Door episode Operation D.O.G.H.O.U.S.E. and we're going to find out a really shocking revelation about Numbuh 4's teacher and how she was cursed with a fate worse than death and how she cursed with the curse of the were dog.

See you all tomorrow.

# Night of the Were-Dogs

The U.S.S. Valorous Phoenix was flying through the ending voids of space.

Me: Captain's Log, Stardate 2866.4: The U.S.S. Valor is en route to Remnant to spread the good news to Blake's people the Faunus and see what they are like as well as spread the good word about Salem's demise and the end of her evil faction.

Weiss: This is gonna be a good thing for all of Remnant and for all of the world to recover from the terror of Salem.

Lincoln: You said it Weiss. But how did you get that scar here on your face?

Weiss: Oh that? I got slashed by a Arma Gigas Grimm.

Nico: Ouch.

Me: That's rough.

Laney: You aren't the only one with a scar Weiss.

Laney showed her scar.

Brittney and everyone that had a scar showed their scars.

Weiss: Wow. You guys have been through it all.

Lana: We sure have.

Nico: Yeah.

Lisa Loud: We have arrived.

We landed on the planet of Remnant and we were in the awesome town of Menagerie.

The Shallow Sea is a Faunus creation myth featuring their God of Animals, a shapeshifting deity who could take on humanoid, animal, and mythological forms at a whim. In the story, the God of Animals lives on the island of Menagerie, which was inhabited by all sorts of animals with the exception of mankind. While curious as to why that is and fond of their ability to adapt, the god was apprehensive about inviting them into the island and potentially wrecking havoc.

Stubborn, the god decided to tour the entirety of Remnant, transforming himself into a Human and seeking out those who seemed to be more than what they currently were, telling people the god deemed special to "Leave. Sail to the Shallow Sea. It's where you're meant to be."

The God of Animals arranged an ark, sailing to Menagerie, where they invited the travelers to jump into the water and join them. However, the price was they wouldn't be human. Those of faith jumped into the water, transforming into the Faunus. Those who didn't were horrified by the events, unable to accept that the Faunus had come to believe that humanity was a "shallow disguise" of their true selves and that they could choose their own fates in Menagerie. The God of Animals washed away the remaining humans and left the Faunus to themselves.

Professor Ozpin notes that The Shallow Sea was commonly told to children, but otherwise doesn't have much evidence to point it's true. It's passed down from generation to generation, and as was such not heard often by Humans. Ozpin claims to not want to critique the story much as it's more than just a story to the Faunus, as it's a part of their identity. However, the creation myth has since fallen out of favor in the eye of the world, as the idea of a magical island is seen in bad taste by the Faunus after they settled in Menagerie after the Great War. Nonetheless, despite its contrived plot, Ozpin thinks it still holds some truth to it.

## Great War Aftermath

Following the Great War, the Faunus were given Menagerie as a reward for their participation, in conjunction with equal rights. While some Humans saw these rewards as fair and just, many Faunus saw it as a slap to the face, as two-thirds of Menagerie is a desert that is uninhabitable due to dangerous wildlife.

Faunus Rights Revolution

Over time, Humanity became adamant in their attempts for the Faunus population to be centralized in Menagerie, and would later push for the confinement of all the Faunus there, as well as countermand of the equal rights of the Faunus earned in the Great War. In response, the Faunus revolted, sparking the Faunus Rights Revolution.

While little is known of the events of the Revolution, the Faunus were successful in preventing their confinement to Menagerie.

Faunus predominantly live on Menagerie, and it is seen as a "safe haven" for their race. The population is gathered together where the land is habitable, making it comparatively crowded, particularly in the main city Kuo Kuana. Though advanced enough in architecture and industry to house one, Menagerie does not have a CCT tower, which makes communication with the rest of the world difficult. The White Fang also has a cell operating in Menagerie. Blake Belladonna returns to her home in Kuo Kuana several months after the fall of Beacon Academy, accompanied by Sun Wukong, and manages to convince a large portion of the population, as well as Ilia Amitola, to come with her to Haven Academy to prevent Adam Taurus from destroying it in association with Salem's plans.

---

Drill Man: So this is Menagerie.

Nico: Nice place.

Naruto: It's beautiful. It's like an island paradise.

Laney: It would make a great place for a vacation.

Lana: It sure would.

We went to the village of the Faunus and we saw that Blake's people were all half animal. They were like the creatures Zorndyke made.

Me: Wow. It's like we're seeing the creatures of Naturma when Zorndyke made them.

Blake Belladonna: This is my home though.

Weiss: Yeah.

We went to Blake's old house and we saw Blake's parents and we met her parents Ghira and Kali Belladonna.

Blake Belladonna: Mom, Dad!

Kali: Blake!

She hugged them.

Ghira: Thank goodness you're safe.

Kali: We were worried.

Blake Belladonna: I was in really good hands.

Ghira and Kali saw us.

Ghira: Team Loud Phoenix Storm. It's such an honor to meet you all.

Me: Same here Ghira. It's a pleasure to meet you and Kali.

Chloe Bourgeois: (bows) It's nice to meet you, Mr. and Mrs. Belladonna.

Kali: Same to you Chloe.

Me: We have good news for all of you. Salem and her faction are associates are all dead. We actually most of them were arrested.

Ghira: Salem is dead!? But how!? She was immortal!

Nico: I used the power of a Spirit Bomb as big as a gas giant planet and it was more than enough power to obliterate Salem 100 times over.

Me: Nico obliterated Salem with energy from all over the Universe and it was more than enough.

Kali: That's amazing!

Ghira: We got to tell everyone.

Ghira rang a bell and gathered everyone to the square for a speech.

Ghira: Hello everyone. I bring good news for you all.

We all came out.

Man: Whoa! Team Loud Phoenix Storm!

Woman: I don't believe it! It's Team Loud Phoenix Storm!

Kid: Wow!

Kid 2: You guys are awesome!

Ghira: Yes you all know who they are. But that's why I called you all here. Salem and her entire faction are dead.

Everyone gasped.

Man 2: That's impossible!

Woman 2: Salem is immortal! No matter how hard we tried, she wouldn't die!

Me: Well we did kill her.

Nico: And you can thank me for it.

Vince: Team Loud Phoenix Storm has always had a knack for defying the impossible.

Me: Yep. Nico here formed a massive ball of energy as big as a giant planet and obliterated Salem into nothing. Nothing of her is left. Not even an atom remains. Salem terrorized this entire planet for eons and she was worse than the Devil himself.

Lincoln: It's true and her associates Adam Taurus, Mercury Black, Tyrion Callows and Cinder Fall are also dead and were banished to the Warp for all eternity.

Lily: And the rest of her faction minus Emerald here have all been arrested and thrown in jail for their crimes.

Me: They are locked up in prison in our Solar System.

Everyone cheered wildly.

Nico: I sparred Salem because I knew there was good in her at one time because of her love for Ozpin. And I promise that she will come back one day as a better person fully reformed and an angel.

Kali: That's good news.

Ilia Amitola then came and she went up to Emerald.

Ilia grabbed Emerald by the collar.

Emerald Sustrai: (Ilia punches her) Ok, I deserve that. (Illa punches her again) I deserve that too. (Illia punches her again) You're pushing your luck, Amitola!

Drag Strip: Easy, Ilia. Emerald isn't with Salem anymore.

Lily: That's right.

Nico: She was forced into joining her faction against her will.

Ilia: YOU! Why did you send Adam to the Warp but not Salem?

Nico: Honestly, it's because her motivation for her actions and transformation into the Queen of the Grimm were out of love. That's pretty much the only reason I didn't Hakai her.

Hound: And Nico might've ensured that Salem would become a normal person should she come back again.

Me: That's right Ilia. Salem loved Ozpin more than life itself and she gave up her humanity so she would do whatever it took to bring him

back.

Ilia: Wow.

Emerald Sustrai: It's true. Salem may have been a monster but she did all those crimes for her love.

Lincoln: Yeah.

Me: And when Salem comes back she will be getting her redemption.

Laney: That's right.

Me: But this planet still has forces of evil running amok and we're going to help you all stop them one at a time.

Weiss: Starting with my so-called father.

Lana: That's right!

Ilia: I will gladly help all of you.

Me: Awesome.

The students of Beacon all became a branch team of Team Loud Phoenix Storm called The Knights of Remnant.

---

Later back on Earth, during a moonlit night we were watching TV. We were watching the Dream Boat. Suddenly we heard a scary howl.

AAAWWWWWWOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Lana: Whoa! Do you hear that?

Nico: That sounded like a wolf.

Lola: I don't think that was a wolf.

Me: We better go outside and take a look.

We went outside and we saw that our front yard was a total mess. There were bushes and flowers all shredded up and there were nasty dig marks everywhere. We had flashlights.

Numbuh 2: Whoa! What happened?

Me: Some creature tore our yard up.

Laney: I think it was an army of raccoons.

Varie: Raccoons didn't do this. This was done by werewolves.

We saw footprints and they were huge human sized werewolf tracks.

Numbuh 4: Oh no. These aren't werewolf tracks. These are Weredog tracks!

We gasped.

Caitlin: I thought you guys got rid of Valerie and the Weredogs.

Me: That's what I was thinking too.

Nico: What are these weredogs?

Me: It's part of some crazy curse that is affecting kids all over.

I went over what the Weredogs were and what everyone heard was not pretty.

---

They were introduced in Operation: H.O.U.N.D., where Numbuh 5 is attacked by one that eats her homework on the way to school. She at first assumes it was a dog belonging to her academic rival, Valerie, but when she arrives at Valerie's house to investigate, she learns that the monster was Valerie herself who was eating all her homework in an attempt to secure her position as top student of their class.

After trying to kill Numbuh 5, Valerie was defeated by Numbuh 4, whose terrible homework is apparently poisonous to weredogs. After this, the kids' homeroom teacher, Mrs. Thompson, arrives on the scene and says that she will be giving Valerie detention, only for the audience to then learn that she too is a weredog.

This storyline continues in Operation: D.O.G.H.O.U.S.E, when Mrs. Thompson turns Numbuh 5 into a weredog because she was attacked following the previous episode, and forces her to collect homework for her in exchange for the cure. Numbuh 4 appears and tries to save her, but is overpowered. Fortunately, Numbuh 4's tendency to ask questions to Mrs. Thompson saves his life when he gets her to explain that the source of the curse is the amulet she is wearing, which contains the soul of the Queen Weredog. Numbuh 5, still a weredog, accidentally removes her amulet while trying to catch her, thus lifting the curse.

---

Everyone gasped in shock.

Paragus: I've heard about dogs eating your homework but this takes it to a whole new level!

Nikiya: No kidding father.

Me: That is the lamest stereotypical excuses for getting out of doing your homework.

Nico: Yeah.

Then we heard May scream.

Nico: Uh oh!

We got to May's picnic and we saw her standing over it and dog footprints were leaving from her picnic.

May: My food.

Bomb Man: May? Are you alright?

May then suddenly glowed in a tremendous fire aura of unimaginable rage and fury and her eyes were glowing red with extreme hatred!

Me: Uh oh!

May: (ENRAGED) NOBODY STEALS MY FOOD AND GETS AWAY WITH IT!

Nico then jumped into my arms in fright!

Me: OOF! You're giving me a hernia Nico!

Nico: I've never seen May this mad before!

Spicer: May, just calm down!

May: SHUT IT, MAMA'S BOY!

Blizzard Man: Nico, what's wrong with your wife?!

Brock: One thing that pushes May over the edge is when someone swipes her food.

Me: Oh shit on me sideways.

Nico: May really scares me when she becomes like this.

Jessie (Pokemon): May just calm down and we can help you find the weredogs and your food.

May: SHUT YOUR FUCKING TRAP YOU FUCKING OLD WITCH!

Ash and crew gasped in shock!

Jessie (Pokemon): WHA!? DID YOU JUST CALL ME!?

Me: Uh oh.

Jessie then calmed down.

Jessie (Pokemon): I won't get in the way of May when she's like this.

May then walked off.

Me: Lets go follow her before she gets herself killed.

We followed May and we went to the park and found a gigantic doghouse mansion and it was a scary place. It was a haunted doghouse.

Laney: Whoa! This doghouse is really scary.

Me: That doghouse gives me the creeps.

Eli: Yeah it sure does. I can't believe that this was here.

Laney: Yeah.

Gwen T.: Are the Weredogs even in there?

Lola: The tracks lead to it.

Sunny Tennyson: Let's lure the Weredogs out with doggy treats.

Naruto: I think it's gonna take more than doggy treats for the weredogs to come out.

Brittney: This is familiar. Let me see here.

Brittney pulled out her book on mystical and cursed items of the supernatural. It was a black tome with the Star of Satan and the symbols of the occult on it.

Brittney: Lets see here.

She scrolled through the pages and found a strange necklace. It had a green jewel and pictures of weredogs around it.

Brittney: Here it is! The Weredog Necklace of Hecate. It's a cursed necklace that will turn anyone into a Canine Lycanthrope. A werewolf dog.

Nico: Whoa! So the weredogs are cursed!

Laney: That's awful!

Lola: Yeah!

Lucy Loud: This is a very grim scenario.

Me: Does it say how to get rid of the curse?

Brittney: It does. The only way to get rid of the curse is to remove the necklace from that person who has it around their neck and only then will the curse be removed.

Eli: That's gonna be rough.

Nico: Yeah.

Nunnally: I'm scared.

Lily: Me too.

May: I'm not!

Numbuh 4: I've dealt with this kind of problem before. I'll tell you all later when we get inside.

Me: Okay.

We went into the doghouse and it looked like a doghouse from Hell.

Me: Hello?

Laney: Anyone home?

We went in and the doghouse looked like it was like this for years.

Me: Whoa. Looks like no one has been in here for years.

Lola: I'm scared.

Numbuh 4: The main weredog is the queen weredog. That's my teacher Mrs. Thompson.

We gasped.

Then the Masters of Evil appeared. We saw Cargill, Cantwell, Krusty, Selma & Patty, Skinner and Chalmers came out.

Krusty: Hey hey Kiddies! (Goofy Laughter)

Me: Krusty, Cargill, Cantwell, Selma & Patty, Skinner and Chalmer.

Sophie Krustovsky: Hey daddy.

Krusty: Hey sweetie.

Me: Usually you guys come out after we confront the bad guy first.

Skinner: Hey yeah that's true.

Laney: Yeah.

Me: We're dealing with Weredogs and they are here because of a cursed necklace that is being worn by Numbuh 4's teacher Mrs. Thompson.

Cantwell: Not good.

Skinner: I'm glad we didn't have a weredog problem in Springfield Elementary.

Chalmers: Although, there was this incident where dogs ruled Springfield for a while.

Maria: Bart told us about that.

Cantwell: I actually left my teaching position in Springfield before that dog incident.

Brittney: It's good you did. But according to my Book of Cursed and Mystical Objects it says that there is only one Weredog Necklace of Hecate.

Laney: That's a relief.

Lola: And Mrs. Thompson has the only necklace.

Skinner: Boy what are the odds of her getting that kind of necklace?

Me: Astronomical I would say.

Ramwoir came out.

Ramwoir: Hey guys. Sorry I didn't get to fight you all before.

Me: No worries Ramwoir.

?: Good you're all here.

A figure came out and it was MRS. THOMPSON AND THE HONOR ROLL STUDENTS!

Numbuh 4: Mrs. Thompson!

Mrs. Thompson: Hello Wally.

Laney: Is this whole house your house?

Mrs. Thompson: It is Laney.

We saw the necklace.

Me: There's the necklace! Mrs. Thompson that necklace is cursed!

Brittney: That's right! You have to take it off now.

Mrs. Thompson: And why would I do that?

Valerie: Now we can get our revenge on you for that pulverizing we got on Bully Island!

Nico: Huh?

Me: Oh that's right, you weren't with us when that happened Nico.

I went over the events of Bully Dinosaurs VS Weredogs and he gasped.

Nico: WHOA! That's nuts!

May: YOU WILL PAY FOR STEALING MY FOOD! NO ONE STEALS MY FOOD AND GETS AWAY WITH IT!

Valerie: You mean OUR food now!

?: For us.

We saw a bunch of figures come out and it was remnants of Team Magma.

Me: Team Magma Remnants!

Magma man 1: You will pay for killing us!

Nico: Not if May has her way with you first.

Mrs. Thompson: We'll see about that.

Then Mrs. Thompson and the Honor students all transformed into different dog weredogs and they had glowing red eyes and were ferociously bloodthirsty.

Me: Ugly dogs. You aren't the only one that has the power to go primal!

I saw the Full Moon came out from behind the clouds and shined onto me and I growled and turned into my werewolf form! My hands turned into claws and my teeth turned into fangs and I grew a tail and my ears turned into wolf ears and I was covered in fur and I had become J.D. THE NOCTURNAL!

Me: **AAAAAAWWWWWOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO**

Eli: WHOA! J.D. you look awesome!

Ed Cowart: Wow! J.D. this is you as a werewolf!? Amazing!

Me: **Yep. In this form I am known as the famous werewolf hero J.D. the Nocturnal, Defender of the Night.**

Eli: Wow! So awesome!

Ed Cowart: It sure is!

Nico: Yeah!

Edwayl: (Breton Accent) I've heard so much about this. You are the famous hero of Europe that destroyed the evil werewolf cult Club De La Lune.

Nico: Whoa! I remember reading about that.

Laney: It was awesome.

Lola: It sure was.

Rainbow Dash: And J.D. look at your Cutie Mark.

I looked at it and saw that it was a crescent moon with a wolf on it and the wolf had a halo over its head.

Me: **Wow. The Wolf of Justice that prowls in the night.**

Rarity: That's an interesting mark.

Me: **So it changes when I turn into J.D. the Nocturnal.**

Lana: It sure does.

Lori: Yeah. Lets dance!

Me: **Lets bring these monsters down.**

Jake Holling: Time to take these dogs to the pound!

Megaforce Rangers: Legendary Ranger Mode: Beast Morphers!

The Megaforce Rangers turned into the Beast Morphers and Orion turned into Ninjor.

Nico: Lets do it!

Eli went Super Human and Nico went Super Saiyan and we went at them.

---

Battle 1: Cargill

---

Girl Jordan, Paragus and Oceanus Shenron were facing Russ Cargill.

Cargill: So how did J.D. become J.D. the Nocturnal?

Girl Jordan: He got this transformation from taking a formula that was steroids and wolf hormones. They gave him the power to turn into a werewolf at will. He donned the persona J.D. the Nocturnal and now he can fight at night as well.

Paragus: I always wondered about that.

Oceanus Shenron: Me too. That is amazing.

Cargill: It sure is. Lets do it!

Cargill called out his Pokemon and they fired energy blasts at him and his Pokemon and the blasts hit him and knocked them out.

Girl Jordan: Nice battle.

---

## Battle 2: Cantwell

---

Lisa Simpson, Sideshow Bob and Spicer.

Cantwell: What's wrong with May?

Spicer: Whenever someone swipes her food, she goes completely ballistic to the point of wanting to rip someones head off.

Sideshow Bob: Indeed. She scared Nico so bad that he frightened him to the point of running with his tail between his legs.

Lisa Simpson: It's true.

Cantwell: Whoa! That's scary. But lets dance.

Cantwell called out her Pokemon and Lisa's group blasted them all over the place and knocked Cantwell and her pokemon all out.

Lisa Simpson: Nice fight.

---

Battle 3: Selma & Patty

---

Mandee, Caitlyn and Dominique were facing Selma & Patty.

Selma: How is Marge doing?

Mandee: I talked to her and she just will not listen to reason. She is as stubborn as a mule.

Caitlyn: She needs to be brought back to life and sent to the Saturn Insane Asylum.

Dominique: Yeah I don't know how much more we can stand from her constant nagging.

Patty: I'm sorry guys. But lets do this.

Selma: Lets.

Mandee: Yeah!

Selma & Patty called out their Pokemon and Mandee and team fired blasts of fire and knocked them out in one blast.

Mandee: Yeah!

---

Battle 4: Krusty

---

Jackie, Bomb Man and Blast Man were facing Krusty.

Jackie: How have things been for you Krusty?

Krusty: Hectic and crazy. Even though Springfield is destroyed I am still feeling the stress of fame of fortune.

Bomb Man: Fame and fortune does take a huge toll on your mind.

Blast Man: Yeah it's nuts.

Jackie: It's weird and not pleasant. But a lot of stars have to endure the stress of it and it is more of a pain than a pleasure.

Krusty: True. Lets dance.

Krusty called out his Pokemon and Jackie's group fired blasts of fire and bombs and they hit Krusty and exploded. Knocking them out.

Jackie: Take that.

## Battle 5: Skinner

Dana, Blizzard Man and Tundra Man were facing Skinner.

Dana: It's good you guys didn't deal with stuff like this in Springfield before it was destroyed.

Skinner: Me too. But I'm sure you all have seen the Treehouse of Horror episodes we do right?

Dana: I sure have. They were both scary and funny.

Blizzard Man: They sure were and some of them were parodies of our favorite shows.

Tundra Man: Yeah and they were funny.

Skinner: Glad we have some fans. And just so you all know we found the rest of the Team Rocket Remnants and sent them all to prison and destroyed the scientists research.

Dana: Thank you Seymour. We owe you one. Lets do it!

Skinner called out his Pokemon and Dana, Blizzard Man and Tundra Man fired blasts of ice and blew down Skinner and his Pokemon.

Dana: Awesome.

## Battle 6: Chalmers

Winx Club Stella, Michael Morningstar and Sunny Tennyson were facing Chalmers.

Stella (Winx): Lets do it dude.

Michael Morningstar: This is gonna be good.

Sunny T.: Yeah!

Chalmers: It's on.

Chalmers called out his Pokemon and Stella, Michael and Sunny fired blasts blasts of light and mana and the blasts hit Chalmers and Pokemon and knocked them out.

Stella (Winx): Yeah!

## Battle 7: Ramwoir

Clyde was facing Ramwoir.

Clyde: This is gonna be a battle of time.

Ramwoir: Indeed. I remember you were the little kid that faced me before.

Clyde: That's right. Shall we dance?

Ramwoir: Lets do it.

Clyde fired a time ray and it hit Ramwoir and obliterated her in an instant. She was nothing but a pile of dust.

Clyde: Time was not on your side.

---

## Battle 8: Team Magma Remnants

---

May was facing the Team Magma Remnants and she was mega beyond pissed.

May: YOU FUCKING FREAKS ARE GONNA PAY FOR STEALING MY FOOD!

Magma Man 1: And what are you gonna do about it!?

May then flew over and she grabbed both the men and ripped one man's throat open and then she grabbed the other guy in a headlock and snapped his neck and ripped his head off and then she growled ferociously! She had killed both the remnants of Team Magma.

May: NO ONE STEALS MY FOOD!

---

## Battle 9: Weredogs

---

We regrouped and we were facing Mrs. Thompson and the Weredogs.

Me: **We are getting rid of that curse whether you like it or not and saving you all from this monster you've become.**

Nico: Yeah!

Me: **And for the record, we did our homework!**

We went at them and shoved the homework in their faces and it burned them all over like acid!

Kid 1: SO HORRIBLE!

Kid 2: SO INCORRECT AND SLOPPY!

Kid 3: IT BURNS! IT BURNS!

Numbuh 4: This is for homework everyhere, including mine!

Numbuh 4 smacked them all over and burned them and Lanker, Sobtjek, Siado, Malvadine, Iflar, Topar, Fivarth, Bierk, and Skartalas smashed and blasted them all over the place and more and the Beast Morpher Rangers and Megaforce Rangers blasted her all over. Carly Carmine and Misty Tredwell appeared and helped out and blasted her all over the place with orange and green fire.

Weiss held her throbbing head in pain.

Horsea: Weiss? Are you ok?

Weiss dropped to her knees while holding her head in pain.

Weiss: I didn't think the transformation would be so painful!

We could only watch as Weiss screamed in agony.

She then was enveloped in an aura of darkness and her clothes turned to black clothes and she had black hair and she was awesome.

Ruby Rose: Weiss are you all right?

Weiss: Yeah I'm fine and I'm better than ever before. Watch this.

She went at the weredogs and slashed them with her sword and blasted them with magic all over and knocked them down. I kicked all three kids down and we went at Mrs. Thompson and I kicked her in the face and fired blasts of moonlight at her and blinded her. Eli kicked the weredogs in the face and Nunnally punched and kicked them all over and blasted them with fire and light and Eli blasted them all over with purple flames.

I went over to her and took off the necklace.

Mrs. Thompson: Thank you.

Then a green smoke came out of Mrs. Thompson and the Honor Students and went back into the necklace and then Mrs. Thompson and the kids reverted back and the house was back to a beautiful mansion and the curse was lifted.

Me: **WHOA! This is amazing!**

Nico: Wow! Mrs. Thompson's house is incredible.

Mrs. Thompson was weak and exhausted and we took her to her sofa and got her back together.

Me: **Mrs. Thompson are you all right?**

Mrs. Thompson: What happened?

I showed her the necklace.

THE END

Another awesome adventure done.

Operation D.O.G.H.O.U.S.E. from Codename: Kids Next Door was one strange episode and it served as the sequel to the episode Operation H.O.U.N.D. and it was mondo freaky. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12 and ninjakingofhearts gave me the ideas for this. Thanks guys. Next up is where we meet Lana's beaver friends Daggett and Norbert the Angry Beavers and we're going to help them take down nefarious scientists as we try to save Norbert from the rare and incurable disease that afflicts only beavers: Stinky Toe! We're going to hold off the scientists and prevent them from blasting the beavers infected with stinky toe off to the end of the universe as we save Norbert.

See you all tomorrow.

# Beavers VS Scientists

We were over in the Maldives Islands in the Indian Ocean and we were over at the popular Melemele Island for another awesome date. This time for Lincoln and Blake. We were dressed in awesome Hawaiian clothes and we were ready to have some fun and relaxation.

Me: Here we are guys.

Impact Man: Here we are in Melemele Island.

Maria: You two have fun with your date. But some of us will stay by you guys at all times.

Lincoln: We will.

Blake Belladonna: You are gonna love our swimsuits Linky.

Lincoln: Okay.

The girls went and changed into their swimsuits and when they came out they were smoking hot. Ruby Rose was wearing a red two-piece bikini, Weiss had a periwinkle blue bikini, Blake had a black bikini and Yang had a yellow bikini.

Yang: Like what you see Linky.

Blake: Hope they aren't too revealing.

Lincoln: WOW! You girls are smoking hot!

Weiss: (Giggles) Thank you.

Me: You guys look incredible.

Ruby Rose: Thank you.

Emerald was in a white bikini, Nora was in a magenta bikini, Pyhhra was in a red bikini and Dew was in a green bikini.

Me: Looking hot girls.

Nico: Yeah you sure do.

May: Yeah.

Dew: Thanks guys.

We went and had fun. We were doing all kinds of awesome games like playing volleyball, building sandcastles, surfing, burying people up to their necks in the sand and even scuba diving with fish and Pokemon. We were having so much fun.

Blake and Lincoln were building Sandcastles with Mario, Lola and Lily.

Mario: (Italian Accent) So, Blake. Tell us-a about your life before Beacon.

Blake: It was a really good life actually.

---

In "Black and White", Blake tells Sun Wukong that she was practically "born into" the White Fang organization while explaining to Professor Ozpin that she grew up outside of the Kingdoms of Remnant. In "Of Runaways and Stowaways" she reveals that Menagerie is her home.

Blake as a child

From early in her life, she was involved in the organization's protests against the unfair and discriminatory treatment of Faunus. It is clear that she continued as an active supporter of the organization despite its turn to militancy approximately five years before she enrolled at Beacon Academy.

Despite her later-expressed misgivings at the organization trying to gain respect through fear, she fought alongside other members of the organization and was clearly trained to become a proficient guerrilla fighter.

On the night before the train heist, Blake approaches Adam after he turns down a deal with Cinder Fall.

## "Black" Trailer

Blake is first seen assisting Adam Taurus in the raiding of a cargo train owned by the Schnee Dust Company, carrying shipments of Dust.

During the raid, Blake helps Adam fight off a large group of Atlesian Knight-130s in order to reach the cargo hold and find what Adam was looking for. However, upon discovering Adam's plans to blow the train up, along with the crew, Blake starts to have doubts.

They are then attacked by a Spider Droid and forced outside, where Blake distracts it long enough for Adam to charge an attack and destroy it. When he turns around, Blake decides to sever their connection and the train car, saying goodbye as the train pulls away without Adam.

Blake later tells Sun: "I decided I no longer wanted to use my skills to aid in their violence. Instead, I would dedicate my life to becoming a Huntress."

Blake is seen with Team RWBY in the Beacon food halls talking about the nature and uses of Dust until they are interrupted by Cardin Winchester throwing Jaune Arc into their table, sending it flying.

## Welcome to Beacon

Blake is present on the first day at Beacon Academy, reading a book in the landing area. She is seen to verbally attack Weiss Schnee in a cool manner, using the Schnee Dust Company's bad reputation as a base for her insults. After Weiss leaves the area, Ruby Rose comments on the encounter, only to turn around and find that Blake has already left.

After all the students are dismissed and sent to bed, Ruby and Yang Xiao Long spot Blake in a corner, reading a book. Ruby, forced by Yang to talk to her and make friends, is dragged over to where

Blake is. Though the conversation is awkward at first, Ruby and Blake start to warm up to each other and seem to become distant friends; however, Weiss interrupts the conversation and causes an argument once more.

Knowing she will not be able to continue her book, Blake blows out the candles beside her.

## Beacon Academy Initiation

Although she is never directly seen in this episode, Kerry Shawcross tweeted that Blake was one of the silhouettes shown in the Beacon Cliff launch lineup. This tweet, however, was possibly a joke made to address the commotion caused by Blake's absence.

While Blake does not make an actual appearance in this episode, Ruby contemplates having her as her partner, as they both seem to like books. However, because of Blake's quiet nature, Ruby fears she would not be able to hold a conversation with her for very long.

She is later seen running through the shadows of the forest while Yang is searching for a partner, possibly attempting to scrutinize the fighting styles of other students in order to deliberately choose a partner. After Yang is confronted by two Ursai and knocks one far away with a series of punches, she turns to the other one. Before she can attack, it is swiftly defeated by one quick strike from Blake and her Gambol Shroud. The two smile at each other after Yang claims that she could have beaten it.

Blake and Yang make it to the temple, where they discover the relics, which Blake notes are just chess pieces. They walk around the temple, making note that some pairs have already found the temple, and study the pieces up close. Blake seems uninterested in which piece they pick, so when Yang suggests taking a yellow knight, Blake agrees.

However, when the two hear Jaune Arc's feminine scream, Yang asks Blake if she heard it and what they should do. Blake, on the other hand, seems distracted by something in the sky as Ruby is seen flying through the air towards the temple.

As Blake and Yang stand by the temple, Blake starts to notice all the strange things going on, like Ruby falling from the sky, Nora Valkyrie riding on the back of an Ursa to the temple, and Pyrrha Nikos being chased by a Death Stalker. As Weiss flies overhead on a Nevermore, Blake says she is going to fall (which she eventually does). Blake then follows the rest of the students to an old structure on the cliffside and helps Lie Ren defend Nora from the Death Stalker before retreating with the others.

Nora then accidentally knocks Blake off the broken pathway, but she manages to swing onto the Nevermore and hit it multiple times with little damage. Ruby then comes up with a plan and to use Blake's ribbon as a large slingshot, with Weiss launching Ruby at the Nevermore and allowing Ruby to defeat it. Once they return to Beacon, Blake is assigned to Team RWBY.

Start of Classes

After rooming with her team, Blake wakes up with an uncharacteristic enthusiasm. Blake points out that they need to unpack, holding a suitcase that accidentally opens up and the contents fall to the floor, prompting her to say they need to clean as well.

They begin setting up their belongings, with Blake organizing her bookshelf until she takes out a book titled Ninjas of Love, but quickly puts it in a hidden location, apparently wary of someone seeing it. When Ruby suggests making bunk beds, Blake agrees, stating that it would be more efficient.

Blake later rushes out of the room with Yang and Ruby after Weiss points out class starts in five minutes. During Peter Port's lecture on the Grimm, she seems uninterested.

As Weiss faces off against the Boarbatusk in Professor Port's class, Blake gives her encouragement with the rest of her teammates, waving a small Team RWBY flag and telling her to "fight well". She is later seen in their dorm room asleep in the bottom bunk under Yang.

Blake is seen sitting with her team, alongside Team JNPR, reading a book during lunchtime, while Nora tells a story about her dream, which she is heavily ignoring. She then closes her book, after seeing how Cardin is treating Velvet. She then agrees with Pyrrha Nikos' statement on how she hates people that hurt others, such as Cardin and his team, and mentions that he is not the only person she can not stand to see being rude to others.

Blake is seen attending a history class in Bartholomew Oobleck's class. She is sitting next to Pyrrha where both explain a particular battle fought in the Faunus Rights Revolution. Blake mentions how Faunus were able to obtain victory, shortly after Pyrrha mentioned that Faunus often have good night vision. She then says that if the general had paid attention in class, he would not be remembered as a failure, provoking Cardin.

Blake is seen in the Forever Fall forest alongside her team listening to Glynda Goodwitch, who comments on the forest and the assignment given to them by Professor Peach. After the teams go to search for sap, she is seen alongside Ruby, who is collecting sap, while she stares at her teammate with her hand on her cheek.

Blake was briefly seen alongside Yang. Under orders from Ruby, she and Yang go to Glynda to warn her of an Ursa that attacks Jaune and Cardin.

Team Divided

Blake notices and is surprised by Sun Wukong who stows away to Vale. Before and after this incident, Weiss claims the White Fang is nothing but a group of anti-Human Faunus, prompting Blake to argue with her long into the evening of that day.

When Weiss condemns the White Fang yet again for attacking her family, Blake bursts with emotion and exclaims that they "were tired of being pushed around", accidentally revealing her past. She runs away from her teammates and crosses paths with Sun in the courtyard.

At a café, Blake explains her involvement and departure from White Fang to Sun. She announces her intention to prove the White Fang innocent of the Dust thefts, to which Sun suggests they catch the real thieves in the act. They head to a harbor, only to witness White Fang agents collaborating with Roman Torchwick, a human, which astonishes Blake.

Blake tries to use her previous ties to the White Fang to get them to stop, but she is forced to fight both them and Roman. Although Sun aids her, Roman matches their combined efforts, only to stop when Ruby and Penny arrive on the scene. Afterward, she meets with her team and reconciles with Weiss.

Beginning the Second Semester

While eating with Yang and Weiss in the dining hall, Blake looks over a notebook with a drawing of Adam and the original logo of the White Fang. Yang tries to see what she is looking at, but Blake claims they are notes from last semester and Yang quickly loses interest and goes back to catching food Nora is throwing at her.

Ruby then appears with a large binder full of ideas on how to spend their last free day before the second-semester starts, but Blake wants to back out. Weiss, on the other hand, feels that even if they do not do anything, they stay together as a team, but is cut off when she is hit in the face with a pie as a result of Yang and Nora's escalating food fight. Meanwhile, outside, Sun describes to Neptune Vasilias the circumstances in which they met and fought together, and asks him to keep secret her status as a Faunus, so as to not betray her confidence.

When they enter the dining hall, however, Blake and her team are already involved in a large food fight with JNPR. Blake and Pyrrha fight using large loaves of French bread, but the former is forced back. After Nora takes out both Weiss and Yang, Blake picks up a large chain of sausage links and uses them like a whip, knocking Nora into some soda machines.

Nora forces Blake back with the cans and Blake is defeated when Pyrrha uses her Semblance to control all the cans and forces Blake against the wall. After the fight, Blake jumps out of the way as Yang crashes through the ceiling and is seen laughing with the others.

Sometime later, Blake Belladonna is seen with her team in the library playing a board game, to which she seems to be inattentive. Following Sun and Neptune's arrival, Blake leaves the library and secludes herself in her team's dorm room, remembering the events of what happened during the fight with Roman Torchwick and the White Fang, and her meeting with Ozpin.

She is then confronted by her team and is stopped from leaving the room by Weiss, who notes her recent behavior in being quiet, anti-social and moody. Blake voices her worries, concerning the machinations of Roman and the White Fang, and the relative calm of her fellows regarding said activities. After some argumentation, Ruby suggests a plan to stop their enemies, and the team adopts it, with Blake noting that they are all in it together.

RWBY Investigations

Blake is first seen alongside her team at the end of Professor Port's class. Later in the dorm room, she and her team prepare themselves for their investigation, with each member summarizing her role; Blake's is to infiltrate a White Fang meeting to gather actionable intelligence, disguised as a new recruit. Alongside her team, they are surprised by Sun, who, hanging from a tree branch outside their room, offers his assistance to their investigation. While the team initially declines his aid, upon his insistence he joins Blake's infiltration.

Blake and Sun are seen arriving at the location of a White Fang Faction Meeting, and infiltrate it posing as new recruits. Each is given a Grimm mask by the doorman, to which Sun asks Blake why the members wear these masks. Blake explains the significance of the White Fang's Grimm masks: Faunus are treated as monsters, and so they adopt the motif - a dark thing, as Sun suggests and to which Blake attributes to the person who founded the concept.

Once they successfully inject themselves into the crowd, they overhear the speech Roman gives regarding the newly obtained "resources" and their new operations in the southeast. However, after the speech, they are soon spotted by Roman as Blake shoots a nearby breaker box, cutting the power to the building. Blake and Sun lunge out of the building through the side windows, while Roman pursues them in the Atlesian Paladin-290 he had presented to the

White Fang's Faction Meeting.

As the two try to escape via rooftop-hopping, Blake contacts her team, requesting assistance. They traverse towards the highway where the battle ensues, jumping from vehicle to vehicle to maintain their distance. Yang and Neptune try to assist with hindering the Paladin, only to have Neptune flung against Sun off the highway while Yang and Blake watch Weiss force the Paladin off the highway by freezing the road.

Team RWBY regroups and launches coordinated attacks against the Paladin, with Blake using her Gambol Shroud to cut projectiles with Weiss' acceleration glyph, weaken the leg bracers of the machine in tandem with Ruby, and amplify the momentum of Yang's attacks. The team manages to destroy the machine, though Roman escapes with the aid of Neopolitan.

Blake is later seen with her team, watching a sparring match between Pyrrha and Team CRDL. After the fight is over, Glynda calls upon her to be the next one to fight, noting her recent lack of participation, but she is preempted by Mercury Black. Afterward, Sun asks her to the dance, but she rejects him harshly.

Later, she is confronted by her team with her recent behavior, including lack of sleep and appetite, as well as declining academic performance. Her team prevails upon her to attend, but she ignores their concern and makes for the library.

Blake is seen in the library on a computer, seemingly looking up information on the ongoing investigation of her team. She then catches her eye on a laser but seems to pay no mind to it, until she is irritated, only to find out it was her partner Yang, but before she can ask her anything, Yang informs her that they need to talk and pulls her away into a classroom.

Continuing with the same behavior, Blake informs Yang that she cannot tell her to stop, much to the fact that she will not, but Yang responds by telling her that it is not her intention, but only to tell her to slow down.

Blake continues with a similar response, but she then decides to listen to Yang after the latter asked her. Blake soon learns about Ruby and Yang's past, including their mothers, mostly Yang's mother who left her and her father several years ago. When Blake asks Yang why she left, Yang says she does not know, but to this day she still continues to look for her.

After hearing her story, Blake expresses sympathy for Yang's past, and understands her, but states that it is different to hers because she is not a child. Blake continues pressing on the same topic, she being the only one who can do anything, which ends up infuriating her partner.

When Yang asks Blake on what she would do if Roman walked through the classroom door, Blake says she would fight but is pushed back by Yang, pointing out on how she can barely move, as she could not even stop Yang herself. While trying to recover from the push Yang gave her, Blake is hugged by Yang, who tells her once more not to stop the search, but to at least get some rest, not only for her but for everyone she cares about.

Later, at the timing of the dance, Blake, seen in a dress, joins Sun in heading to the dance, telling him he looks better in a tie. She later dances with Yang, having taken her proposal from the following day, and later dances with Sun. Blake is seen several times dancing with Sun, where she is laughing and enjoying herself throughout the majority of the dance. At one point she and Sun are seen around with Neptune.

## The Mountain Glenn Mission

Along with Weiss and Yang, Blake confronts Ruby upon her arrival to their dorm room and asks her what happened. Ruby tells her team of her confrontation with Cinder in the CCT tower, and Blake believes Ruby handled it right.

Before leaving, Blake and her teammates are shocked to discover Oobleck as the Huntsmen who joins their mission to Quadrant 5. After Oobleck runs ahead to an airship, Team JNPR, Sun and Neptune convene with Team RWBY, and the ensuing conversation presses Oobleck to call for the four girls.

Shortly after landing in Quadrant 5- Mountain Glenn- and following the revelation of Ruby having brought Zwei, Blake and her team easily dispatch a pack of Beowolves under orders from Oobleck.

During the day's fights, Oobleck asks Blake why she became a Huntress. She says there is too much bad in the world to sit and do nothing and mentions ideals such as corruption and inequality. However, when Blake is asked how she plans to stop it, she is unable to give a proper answer.

Later, Blake sits at the campfire she, Weiss and Yang set up. When Yang brings up how they were not able to find anything, Blake says they have been fortunate before but that luck will not always be on their side.

The three then start discussing how each of them does not know what they want, as Blake says she knows what she wants to do but had figured she would take things one step at a time. As Ruby stands watch, Blake and the rest of their team set up their beds and lie down.

Late in the night, Blake, Weiss and Yang ponder Oobleck's question on why they wished to become Huntresses and realize they still do not know how to answer. Blake thinks back to her past and how back then, she believed that she was doing the right thing along with her old partner and mentor, Adam.

However, she later grew to see how horrifying his methods and goals truly were, despite his assurances they were trying to make the world a better place. As a result, she decided to become a Huntress and help others, joining the academy because they were seen as noble warriors fighting for good by the rest of the world.

Blake wonders how she can undo so many years of hatred once she graduates. After Yang tells her she will find a way and that she has never backed down from a challenge, Blake disagrees, reminding Yang that when her team discovered that she was a Faunus, she did not know what to do and chose to flee. She also recalls running when she discovered her old partner had become a monster. She ruminates on how her Semblance symbolizes her nature to run away from a problem.

Sometime later that same night, after Zwei returns from Ruby falling into a cave, Blake, Weiss, Yang and Oobleck look for her, knowing she is in trouble. After Oobleck informs them of the history beneath their location, the girls look at each other in concern for Ruby. Oobleck says they must go down and find her.

Blake, Weiss, Yang and Oobleck arrive in time to save Ruby, who flees from Roman. After Ruby shares a reunion with Yang, Blake hands Ruby her scythe. They run to stop the train, carrying Dust and Atlesian Paladins toward Vale. who informs them of what the White Fang has, that being cargo and the Paladins. The group runs atop the train as several cars detach and explode, creating paths for Grimm as White Fang members mount a failed attack.

As Blake, Weiss and Yang separate into the train, they fight different opponents. Blake fights and defeats Roman. Afterward, Weiss is thrown through the door unconscious, having lost her fight with a White Fang lieutenant. Blake knocks out Roman, grabs Weiss and runs. The team reunites atop the train and they notice an upcoming wall. Weiss creates a large ice shield, protecting them from the crash and explosion.

Blake and her teammates wake up within Vale above the crash site and watch in horror as the invading Grimm attack citizens. Surrounded by the Grimm, Blake and her team attack and are overwhelmed. Team JNPR, Team CFVY, several professors, Emerald and Mercury aid them, eventually emerging victorious.

Later, Team RWBY sits at Beacon and talks about the events that transpired in Vale. Remarking that they were able to do something about the problem, they wonder what to do next. When Ruby suggests they go to sleep, everyone agrees.

## Vytal Festival Tournament

At the enormous floating stadium Amity Colosseum, Team RWBY's first match in the Vytal Festival tournament is with Team ABRN of Haven Academy. Blake takes on Reese Chloris, a skater girl who fights with a weaponized hoverboard. Blake manages to defeat Reese through clever use of her Semblance. Team RWBY emerges victorious, and the team heads to the Vytal Festival fairgrounds to get a meal.

Team RWBY ends up eating at a noodle store run by the Shopkeep. Blake gives the Shopkeep a knowing nod, and he swiftly returns with an enormous bowl of fish to a hungry Blake's great delight. Weiss attempts to pay for their meal, but to Blake's dismay, her card is declined. Fortunately, Pyrrha arrives and pays for their meal instead, and they are joined by Team JNPR. After they have eaten, JNPR is called away to their next match. Blake and her team follow them over to the stadium, taking their place at the spectator stands to cheer their friends on.

During Team SSSN's fight against Team NDGO, one of the biomes used is a beach. When Neptune tenses up before the fight, Blake tells her team that he is afraid of the water. After Neptune is able to confront the water and deal the final damage of the match, Team SSSN celebrates, and Sun cheerfully acknowledges Blake as she watches on, causing Blake to blush and call him a dork.

She watches Yang and Weiss take on Flynt Coal and Neon Katt of Team FNKI in the doubles round. After the fight is over, she rushes into the arena to see if Weiss is hurt. She cheers Yang on as she fights Mercury in the singles round, but after seeing Yang break Mercury's leg seemingly without any provocation, she shares the crowd's shock.

Back in her team's dorm room, Blake hesitates to believe that Yang used self-defense against Mercury. She remembers when Adam changed. She recalls the memories as a gradual process of small actions he took that led him to become someone completely different, regardless of him telling Blake he was still the same person. Blake makes Yang promise that she is not like Blake's old friend. Yang promises, and Ruby, Weiss and Blake leave her alone to rest.

Blake and Weiss go to the fairgrounds to get drinks together. There, they witness Pyrrha accidentally tear Penny apart, followed by Cinder's ominous speech to the world.

## The Battle of Beacon

As the chaos unfolds, Blake and Weiss leave the fairgrounds while talking to Yang via Scroll. No one can establish contact with Ruby, but Blake assures the older sister that their leader can take care of herself. Blake and Weiss, with weapons in tow, head to Beacon to defend it. After Blake and Weiss arrive at Beacon, the Atlesian Knight-200s turn on them. Later, Blake and Weiss fight the now-hostile droids and the White Fang forces attacking Beacon. They decide to split up, Blake heading to fight a large Alpha Beowolf and Weiss heading to fight an Atlesian Paladin.

As Blake chases after the Beowolf, she sees Adam throwing the body of an Atlas soldier in the dining hall. As she gasps his name in fear, he notices her and mockingly calls her his darling. Adam calls her a coward, and vengefully re-states his intentions to start a revolution to change the world. When he threatens to execute an innocent student, Blake attacks him.

Adam prevails during the fight, disarming Blake and throwing her to the floor. Adam promises to make her suffer for her betrayal and vows that he will destroy everything she loves - starting with a nearby Yang Xiao Long. Adam stabs Blake in the lower torso, causing her to cry out and attract Yang's attention. Yang immediately lunges at him, enraged. Adam retaliates with his Semblance, which delivers a blow too powerful for the remainder of Yang's Aura to protect her from, thus severing her arm. However, before he can finish Yang off, Blake distracts him using a clone produced by her Semblance and escapes with Yang.

Having escaped Adam, she is bandaged for her injuries, apologizing to Yang for getting her hurt for her sake. Once she returns to Vale in the evacuation, she then decides to run off for undisclosed reasons. She is last seen running across the rooftops of the city alone.

Several months after the fall of Beacon, Blake is seen standing alone on a pier at an unknown location, staring into the setting sun.

As she travels by a passenger boat, Blake stands on the side deck alone, refusing the company of the ship's captain. After he leaves, she removes her bow and tosses it into the ocean.

When the sun begins to set, Blake notices a hooded figure watching her, and she demands to know who it is. Before she can go after the figure, the ship is attacked by a Sea Feilong. As she struggles to fight the creature, the hooded figure removes his cloak and is revealed to be none other than Sun. Although not happy to see him, Blake accepts his help, and they, along with the ship's crew, defeat the Grimm. Afterward, Blake angrily slaps Sun in the face.

That night, Blake learns that Sun followed her without his team because he believed that she is going after the White Fang after what they did to her friends and school. However, Blake reveals that she is returning home to Menagerie to sort some personal things out. She unwillingly accepts Sun's company after seeing that nothing is stopping him.

After they arrive on Menagerie, Blake goes to visit her parents, Ghira and Kali Belladonna, with Sun. At first, she is reluctant to knock on the door, but Sun convinces her to do so. Her mother opens the door and embraces Blake; moments later, Blake's father sees her home and is elated. Blake catches up on current events with her parents until Corsac and Fennec Albain arrive at her parents' doorstep to discuss matters regarding the White Fang. Blake and Sun are shocked to discover that her parents do not know about the White Fang's involvement in Beacon Academy's downfall, and Blake tells them what really happened. Ghira becomes suspicious of the Albains, who insist that the White Fang opposes the actions of its members in Vale. The two brothers leave the Belladonnas' residence, and Blake storms off.

Blake has a one-on-one talk with her father, revealing her shame at having yelled at her parents and turning her back on them. The two clear the air and bond, only to discover that Sun was eavesdropping on the end of their conversation. Sun privately tries to explain that he is certain that bad members of the White Fang are around, but Blake is too incensed at him to listen. However, they quickly discover that they are in fact being spied on by a white-masked Faunus, and the two give chase. They catch up and are able to retrieve the spy's Scroll, which seems to contain important information. Blake recognizes her as Ilia Amitola and becomes distraught when Ilia wounds Sun and disappears.

The next day, Blake accompanies Sun as he wakes from his injury.

She tells him she left her team behind in order to keep them safe. However, Blake realizes her mistake when Sun argues that shutting her friends out hurts more than any physical injury an enemy can give. Kali and Ghira inform Blake and Sun about Adam Taurus' efforts to take control of the White Fang and lead a full-scale attack on Haven Academy. Blake proposes to mount an effort to take back the White Fang.

## Battling the White Fang

Sometime after, Blake and Sun chase an associate of Ilia through a crowded Menagerie marketplace, but Ilia helps the man escape. Blake confronts the Albain brothers with her parents and Sun about Ilia's Scroll on a later day, though they are unable to arrest the pair due to lack of evidence. That night, Ilia confronts her and pleads for her to forget her plan and leave Menagerie before it is too late. Blake coldly replies that Ilia is going to have to make her leave.

As the Belladonna family goes public at a speaking event about Adam Taurus' plans, Ilia interrupts just as Blake is about to speak. Blake watches as Ilia tells the crowd "the Belladonnas are the worst kind of Faunus" and to join Adam's movement.

Following the press conference, Blake sets out with Sun to gather signatures for the defense of Haven but to no avail. As the two of them take a break, Blake shares with Sun about how dangerous Adam has become and how worried she is that Ilia might be easily influenced by his ideals. She decides to try and help Ilia in the same matter as Sun has helped her.

One night, Blake and Sun prepare to do another recruitment. On the balcony, she finds a note from Ilia asking to meet with her alone. When Sun calls for her, Blake says she needs to take of something first, showing uneasiness on her face. Out in the streets, Blake finds Ilia and assures her Blake and her family will keep her safe. Ilia's White Fang allies suddenly ambush and capture Blake. Ilia tells Blake she is to be sent to Adam in Mistral while her parents are assassinated. As she is about to be taken to the docks, Blake is rescued by Sun, whom she had brought to follow her. With her parents in danger, Blake and Sun rush back to the manor as Blake tries to call her mother.

Blake arrives at her house in time to intervene in her father's fight against the Albain brothers. She traps their weapons in an ice clone of herself. Though she wants to fight alongside her father, he tells her to leave him with Sun and help Kali instead. On her way to find her mother, Blake crosses paths with Ilia in an open room, and the two hesitate before drawing their weapons.

During their battle, Blake is at a disadvantage when Ilia dims the lights. Though Blake uses night vision to retrieve her weapon, Ilia's chameleon trait hides her. Needing light, Blake shoots Fire Dust at the room's plant tier and continues the fight. Eventually, Blake disarms and pins Ilia on the ground and tries again to reason with her, saying Ilia's violent path is not what her parents would have wanted. When Ghira appears and is suddenly stabbed in the back by Fennec, Blake is knocked over by Ilia, prompting Sun to attack the chameleon Faunus. Ilia is pinned to a pillar, and Blake pleads for her and Sun to stop fighting. The pillar buckles and breaks, sending a broken section of the upper walkway falling. Ghira saves Ilia from being crushed under it, and Fennec rushes for the killing blow. Blake quickly pulls her father from under the debris while Fennec is crushed and dies in the ensuing explosion.

After Blake and the others from the altercation emerge outside, Blake delivers her speech to the people of Menagerie about how the Faunus are just as capable of hate and violence as Humans. She reiterates Ghira's point that Adam will further tarnish the reputation of the White Fang in attacking Haven and decides to head there to stop him. When Ilia volunteers to go with her and a guard stops her, Blake asks for her to come, having forgiven her friend. Many citizens volunteer to join her, and Blake tells her parents she knows a ship captain who owes her and Sun a favor.

## The Battle of Haven

Blake appears at Haven Academy, where Adam Taurus and the White Fang have infiltrated and set explosives. She reveals Sun, her parents, Ilia and many Menagerie citizens traveled with her and contacted the Mistral police, who arrive shortly after. Recognizing the White Fang is outnumbered, Adam decides to trigger the explosives, but to no avail. Enraged at the situation, Adam lunges to attack Blake, but she evades him with her Semblance and knocks him to the ground. Blake sees Hazel Rainart be pulled into an academy building and investigates. To her surprise, Blake finds Ruby, Weiss and Yang inside, and they stare in disbelief. Ruby tells Yang to go to Haven's vault and returns a glance at Blake for her to return to the conflict outside.

Blake returns to the altercation with Adam, continually emphasizing how she is above him he tries to play off her fear of him. Sun asks where the important people Adam mentions are if none of his White Fang allies is helping him, and it Adam realizes his situation and flees. Though Sun gives chase, Blake tells him to let Adam run or he would have the upper hand in a fight. Sun tells Blake to help her teammates inside, and she does. She interrupts Ruby and Weiss' fight with Hazel by knocking him to the ground, much to Weiss' shock. Yang returns from the vault after retrieving the Relic, and Emerald is driven into despair that she gives everyone a horrifying illusion of Salem. Mercury, Emerald and Hazel escape, leaving Blake to question what she just saw.

Blake reunites with Sun, Ilia and her parents after police round up the White Fang. Ilia says Adam will not have followers, and Ghira suggests a new brotherhood for Faunus equality should be made. Sun urges Blake to see Team RWBY again, and Blake tells them she is not going anywhere. After she is forgiven by Yang, the four share a group hug, all together for the first time in months.

As Blake and her friends recover at the house they are staying in Mistral, they learn of Ozpin's plan of taking the Relic of Knowledge to the Kingdom of Atlas for safekeeping. As Qrow explains that they plan to try to locate someone in Argus to take them north, Blake brings up that they have Weiss as a potential way of making negotiations. She later worries about the Relic falling into the wrong hands and eventually learns about its power from Ozpin. Blake is amazed that it can answer three questions every one hundred years, though they apparently cannot use it because the questions have already been used.

Two weeks after the Battle of Haven, Blake gives her farewells to Ilia and Sun in a train station. She tells Ilia that staying in Mistral will help continue the positive image of Faunus there, and she gives Sun a kiss on the cheek, hoping they will meet again. Once on the train, Blake attempts to be overly courteous with Yang, and Yang sees it that Blake is trying too hard to reacclimate with the team. Yang expresses how it will take a long time for things to be back to normal while also being grateful that the team is together.

However, Grimm suddenly attack the train, and the heroes climb to the top to battle them. After a tunnel and the Relic's Grimm attraction complicate things, Jaune, Ren and Nora lead the front cars safely to Argus while Blake decouples the train, leaving the rear cars to fight off the Manticore and Sphinx Grimm. She briefly sees an image of Adam before rejoining her friends. As the team lands the killing blow to the Sphinx, it spits a fireball at the train tracks, derailing the train and sending Team RWBY, Qrow and Oscar into a snowy forest. Maria Calavera, an old woman who happened to stay in the rear cars, comes out and greets them.

Shortly afterward, Blake is angered that they have been attracting the Grimm thanks to the Relic, which was something that Ozpin had just mentioned to them back on the train. As Team RWBY confronts Ozpin, Oscar fights for control of his body and urges Ruby to summon Jinn from the Relic. While the group is stunned by the being's sudden appearance, they learn that there are still two questions for her to answer, meaning that Ozpin had lied to them earlier. When Qrow speaks up, Blake quickly readies her weapon, only for him to give his advice to Ruby about doing what she thinks is right. After the team leader asks Jinn about Ozpin's secret, they are separated from each other and transported to a white space. Jinn then begins to answer the question in the form of a story, and the heroes learn that Salem was once human.

After learning of Salem and Ozma's past and that Ozpin cannot kill his former lover, Blake and her teammates stare down angrily at Ozpin as any faith they had in him is lost. When the Headmaster seals himself in Oscar's mind, Blake becomes worried as to what the group is to do now that they have seemingly lost their leader. But they are then directed by Maria to stop their negative emotions and directs them to a nearby trail to try and find shelter from the snowstorm. They eventually find a farm estate that seems mysteriously abandoned and enter to get out of the storm.

## Nightmare of Brunswick Farms

The group has trouble entering the main house, prompting Qrow to break their way through. After closing the door, Blake informs the group of a chimney she saw and suggests that they start a fire. She then talks with Ruby and they try to figure out why the estate seems abandoned. Suddenly, they hear Weiss scream from the master bedroom and rush in to find a pair of decomposed corpses on the bed. As the group gathers around the fire, Blake places a blanket on Weiss' shoulders to help keep her warm. Later, they learn from Qrow that everyone else on the estate suffered the same fate, and they now have no choice but to spend the night at the manor due to the snowstorm.

After Ruby suggests that there should be supplies for them to use, Blake goes out with Yang to find a vehicle. The pair looks into a shed and finds a flatbed. Suddenly, Yang has a flashback of Adam, and Blake sees her PTSD act up in her left hand. She then tells her partner about how her ex-lover draws his strength in controlling others and making them feel inferior. Blake then takes Yang's prosthetic hand and assures her that she will stand by her side if Adam returns. But things turn sour when she says that she will protect Yang, unintentionally offending her friend who turns around to go back to the main house.

Later that night, Blake gloomily sits with Weiss and Yang around the fire before Ruby tells them that they are leaving first thing in the morning. The next day, they are about to leave when Qrow's Semblance flattens one of the tires. Blake laments that they are fighting just to get by, and then she and Weiss side with Yang's argument that they should drop the Relic of Knowledge at the bottom of the nearby well so that it can be hidden from Salem for a while. After Ruby unintentionally drops the lamp down the well, the team unwillingly agrees to go down the well for the Relic. But when their leader finds the lamp, they are attacked a flock of Apathy. With Maria urging them, they run through the tunnels and find an exit in the cellar but are attacked again by the Apathy and collapse. With her willpower practically drained, Blake lays lifelessly on the floor as an Apathy is about to kill her. Ruby instinctively activates her silver eyes, stunning the Grimm for Blake to get away. When the Apathy attack again and they all collapse, they are saved by Ruby who unleashes her powers again with more control and destroys all of the Apathy in the cellar. They then escape the cellar and hurriedly leave Brunswick Farms.

While on the road, the group learns from Maria that using the Apathy was Bartleby's futile attempt to save money with this Grimm. After Yang apologizes about giving up, Blake assures her that it was the fault of the Apathy for their sullen behaviors earlier.

## A Brief Respite

The group learns Maria was a Silver-Eyed Warrior known as the Grimm Reaper, but she was blinded and went into hiding out of fear. All of a sudden, they get a call from Jaune on Ruby's Scroll and discover they have reached Argus. After reuniting with Jaune, Ren and Nora and riding the trolley through the city, they find Jaune's sister, Saphron Cotta-Arc, and her son, Adrian Cotta-Arc. Saphron takes them to her home, where they meet her wife, Terra Cotta-Arc, and they enjoy sandwiches. Team RWBY plans to get through the Argus military base the next day, but when they go, its front gate quickly closes before them.

There the group meets Caroline Cordovin, who is in charge of the military base and only allows Weiss to return home in Atlas. The Commander considers everyone else questionable and looks specifically at Blake, which offends the Faunus. When the gates close on them again and Qrow goes out to drink, Team RWBY and Oscar are left to tell Team JNR about Ozpin and Salem. In the end, the entire group is left disheartened and needing time by themselves. When they later come back together, Blake sadly announces that Oscar is missing.

The group then goes on a search for Oscar. Unable to find him, Team RWBY and Maria return to the house at night where they find Qrow drunk on the front steps. After Jaune and his group then return, everyone is surprised to find Oscar with a new outfit. Inside the house, Blake and the others listen to Jaune's offer of stealing an Atlas airship and are sad when Qrow later turns down the idea. But their spirits are lifted again when Ruby decides to hear Jaune out and that they should do things their way.

## The Airship Heist

Blake's part of the airship heist is to disable the military radar tower with Yang's help. Yang brings her to the tower via Bumblebee. Blake fails to do so, however, meaning Weiss and Maria are spotted on their way to pick up the rest of the heroes in the stolen airship. As Blake arrives at the radio tower, Adam attacks. They battle across the relay tower until Adam has Blake in a chokehold over a railing. Blake steps on Adam's foot, sending both of them falling into the forest. Blake tells Adam to let go of the past, and he asks if she threw memories of him away. They engage in a standoff.

The battle resumes across the forest as Blake focuses on evading Adam. Adam counters and he manages to slice her coat off. The battle eventually reaches a waterfall clearing as Blake loses her endurance. Adam throws her around, calling her selfish and cowardly, and Blake retorts that he is delusional. Still on the ground, Blake blocks another blow with Gambol Shroud, and Adam's strike is powerful enough that it breaks through the katana blade. With Adam clearly overpowering Blake, he takes the cover off his eyes and tells Blake that she hurt him more by leaving him more than anyone else ever had. He asks how it feels to be alone before stabbing her in the same spot as he did at Beacon, though Blake had left a clone behind and picked up her sheath, saying she is not alone. At that moment, Yang flies over the cliffside and drops Bumblebee directly onto Adam.

Yang fights for Blake, trading even blows with Adam until Blake tells her what Adam's Semblance is - the ability to store and return damage with his sword. After Yang withstands a strong blow from his Semblance, she urges Adam to leave them alone as a last warning. He asks if she believes that or if she is worried she will die trying to protect Blake. Blake states that they protect each other, and the two hold hands in confidence.

Blake tells Adam that she has people who care for her, insinuating Adam never did and that she would not leave them. Adam mentions that Blake made the same promise to him once before, and Yang rebuts that he was manipulating him. Blake and Yang engage Adam once more, landing a succession of hits by working together. Yang grabs control of Blake's weapon, and with the ribbon, she sends Blake careening toward Adam, and Blake lands a forceful connection with Adam's sword. Adam gets the better of her, however, sending Blake flying back, just as fast as the impact, directly into a cliff face. Blake's Aura broken on impact, she catches herself and free climbs while Yang and Adam continue fighting. Yang pays attention to Blake's position as she fights, so when she throws Adam's sword over the edge, Blake connects a punch to his lower jaw. Adam stumbles back, stepping on Gambol Shroud with his Aura already broken.

Blake retrieves her weapon faster than Adam can. Blake and Yang, both with severed pieces of Blake's blade, stab cleanly through both sides of Adam's torso. They watch as the blood spreads, and with the blades removed, Adam hobbles aimlessly until his lifeless body falls over the cliff's edge into the water. Blake, having killed the man who defined much of her life, breaks into tears. Yang comforts her, and Blake swears she will keep her promise never to leave Yang again.

Blake and Yang reconvene with the group at the cliff, the heroes having disabled the mech while a Leviathan and several Grimm are set upon Argus. Everyone boards the stolen airship, and Yang and Ruby console Blake as she blames the invasion on herself for failing her part of the plan. Maria asks if they should abandon Argus, but Blake and others disagree, deciding to deal with the Grimm. Blake stabilizes Weiss as she summons a Lancer for Ruby. Ruby is successful, and Cordovin allows the heroes to leave for Atlas.

Aboard the airship, Blake and Yang share what happened with Adam, and Weiss empathizes, saying she is glad Yang was there to help. Yang takes Blake's hand, saying they were there for each other, and Blake smiles. Blake expresses her gratitude when the conversation shifts to Oscar successfully crash-landing a plane and is shocked to hear Ozpin has been mentally present in the farmhand. On approach to Atlas, Blake enjoys the view, yet she worries about the military's overt presence. A voice on the radio welcomes them to the Kingdom.

## From Mantle to Atlas

Cautiously, Blake and the group decide to fly down to Mantle instead of trying to meet Ironwood directly. Along the way, they leave the

Manta behind, and Maria leads them through Mantle to what turns out to be Pietro Polendina's pharmacy. The heroes talk to him and try to ask him to meet Ironwood.

Suddenly, however, an alarm sounds, and Blake and the group fight an onslaught of Sabyrs. Penny interrupts the fight and finishes the last of the Grimm before sharing an oddly heartwarming reunion with the heroes. After Penny leaves to fight more Grimm, the Ace-Ops arrest the heroes for unauthorized weapon use, seizing their weapons and the Relic, and putting them in a transport bound for Atlas.

On the airship they meet Forrest, a supporter of Robyn Hill. They talk about her with Forrest for a short while before they are delivered to Ironwood and released from their restraints. Shortly after that, Ironwood reveals his plans to the group while Ruby decides to withhold information about what happened on their way to Atlas from Ironwood.

Later the group, minus Qrow, is lead to Atlas Academy where they can rest.

## Start of Professional Career

After completing a mission to secure the launch site for the Amity Communication Tower, Ironwood grants Blake and her friends their Huntsmen licenses. As now official Huntsmen, Blake and her friends go through several training exercises with the Ace Operatives to improve their skills. They also do Huntsmen missions to assist the construction of Amity Tower, defend Mantle from any Grimm attacks, and hunt any loose Grimm.

After the election night incident at the Mantle Warehouse, Ironwood tasks Blake, Yang, and the Ace-Ops to find and arrest Robyn and her Happy Huntresses after began stealing some supply shipment trucks during a curfew and a ban on public gatherings, delaying the launch of the Amity Communications Tower. En route, Yang suggests it would have been better to explain to Ironwood all they knew about Salem, but based on his reaction to what he does know, Blake disagrees. Discussing the situation, Blake alludes to the death of Adam Taurus, and worries about the potential confrontation with

Robyn. Yang suggests they not confront her.

When attempting one heist, however, Robyn discovers Blake and Yang and quickly orders her Happy Huntresses to make their separate escape and regroup at their hideout. Robyn flees as Yang and Blake give chase, but they are adamant about talking and inform her about Ironwood's secret project. Skeptical at first, Robyn tells one of the two to hold her hand and reminds them that they do not have much time before the Ace-Ops arrives. When Blake takes Robyn's hand, Robyn uses her Semblance and asks the cat Faunus about Ironwood's motives in the tundra. Despite Blake telling the truth, Robyn questions why Ironwood keeps it a secret. Blake says that he cannot trust anyone and that if certain people in Atlas find out, they will try to destroy Amity.

Before parting ways with Yang and Blake, Robyn swears that she will never stop until she finds out the truth.

Ironwood and his subordinates are invited by Jacques to a private dinner party at his mansion to defend his council position. Blake and her friends are invited along too as a precaution in case the council needs more witnesses. Before leaving, Team RWBY and Oscar discuss their suspicions of Jacques and his suspicious election victory and possible ties to the hacker in the security network. They decide for Weiss to sneak off in the mansion and search his office for clues. Weiss successfully sneaks to his office during the party and, with some help from her mother, obtains a recording of her father and Arthur Watts striking a deal for Watts to rig the election in exchange for humiliating Ironwood. Weiss shows the footage to the council resulting in Jacques being stripped of his rank and arrested.

Meanwhile Watts, using Jacques' council credentials, hacks into the Mantle heating grid and deactivates the heat throughout the city, freezing the citizens. The public assume Atlas to be freezing them out and cause a huge riot and fire in the streets, attracting a massive Grimm invasion. With the panic Ironwood was afraid of already happening, Ruby and Oscar convince him to tell the council and Robyn of Salem, which he agrees and complies with. Before the Ace Operatives, Team RWBY and Team JNR deploy to Mantle to protect the citizens and repel the Grimm, Ruby and Oscar agree to reveal the truth of Ozpin's disappearance and Salem's immortality to

Ironwood, which Oscar stays behind to do.

The Huntsmen fly into Mantle on an airship but are shot down by Teryx Grimm. They split up into teams of 3 to help as many civilians as possible, with Ruby being on a team with Yan and Elm Ederne. As they battle the Grimm, Ironwood releases a broadcast to Mantle and Atlas revealing the existence of Salem, her associates and their responsibility with their attacks on Beacon, Mistral and Mantle much to Blake's relief.

## Fallout with Atlas

During the evacuations, Blake and the other Huntsmen suddenly receive a message from Ironwood to be recalled with zero explanation. Confused, they return to Ironwood who reveals a Black Queen chess piece, the symbol Salem used before Beacon fell, was placed in his office. Ruby realises that Cinder Fall was responsible upon seeing it was made of black glass. Ironwood caves in to paranoia, suspects Salem was ahead of the whole time, and loses trust in Team RWBY for lying about Ozpin, Jinn and for Blake and Yang leaking the Amity plans to Robyn unbeknown to Ruby and Weiss. The meeting is suddenly interrupted by the emergence of a Seer Grimm, which was hiding in Watts bag, and conjures up a mirage of Salem. Salem reveals she is imminent to Atlas and thretens to destroy both cities if the group does not surrender both relics. Ruby defies Salem, stating they will stop her regardless if they can kill her or not. Salem retorts that her mother also said the same thing but was also proven wrong, causing Ruby to break down crying as the mirage fades.

The Salem apparition disappears, and the Ace-Ops begin to panic, especially upon realizing that the proximity alarms along the coast near Atlas are inactive. Blake asks about the readiness to launch the Amity Tower, but Yang realizes that Ironwood just said that to lure out Watts. Ironwood states that he has sent Winter to claim the Winter Maiden's powers and that he wants to seal the Relic of Knowledge in the vault with the Relic of Creation. He tells Ruby that he changed his mind about letting Team RWBY keep the Lamp because they lied to him and because Salem is on their doorstep while everyone is too exhausted for another battle.

Ironwood then explains that he intends to raise the City of Atlas into the atmosphere instead of Amity Tower. There, the city, the two Relics and the Winter Maiden will be safe from Salem. Team RWBY protests that this plan would mean leaving people in Mantle to die due to the evacuation not being complete, but Ironwood and the Ace-Ops refuse to reconsider. Suddenly, Jaune opens a group call with Ruby, Qrow and Winter. Taking the opportunity, Ruby uses her Semblance to get past Ironwood and warn the others about his plan. Ironwood locks communications, declares that Team RWBY are under arrest, and leaves while the Ace-Ops get ready to detain them.

Harriet locks down Ironwood's office, letting RWBY decide whether they'll be arrested peacefully or not, prompting Marrow to hesitantly ask if they're really going to fight. Ruby taunts Harriet by saying the Ace-Ops were the best Huntsmen in Atlas until they trained her team, prompting the fight to break. Blake tag teams with Yang, battling Elm and Vine Zeki, where the former eventually traps Blake. Vine tries to talk Yang into surrender, promising nobody will be hurt, causing Elm to snap at him to speak for himself, personally feeling betrayed by RWBY. Yang snides that Elm shouldn't care because of her orders, enraging her into dropping Blake and exasperating Vine. Elm tosses Blake aside and forces Vine to re-strategize.

Elm tries to psyche herself (and Vine) into letting go of their restraint and bonds to RWBY, but fails to do so. She and Vine's lack of communication and support leads to their defeat. Team RWBY then ties Harriet and the Ace-Ops to their Gravity Bolas, and leave them in Ironwood's office. Pietro Polendina and Maria catch RWBY tying up the Specialists, deciding to help the Huntresses. The group makes a plan where Ruby and Weiss will catch up to Winter and the Maiden whilst Yang and Blake find their friends to escape Atlas.

They arrive in the Atlas Medical Facility, where Ruby and Weiss join Blake and her friends without an explanation, and Penny decides to go with them. On the airship, Ruby and Weiss comfort Penny, until they intercept a broadcast from the military; Salem has arrived.

We gasped.

Me: Whoa! We didn't know you were once part of this White Fang.

Blake: Yeah and it was a stupid choice on my part.

Lincoln: But it's good you left them.

Me: Lets see here.

I pulled up the info on White Fang and what it revealed was shocking.

---

The White Fang is a Faunus organization in Remnant. Founded following the Faunus Rights Revolution, the White Fang was initially a peaceful activist organization created to improve relations between Humans and Faunus and improve the civil rights of the latter.

However, in the face of continued discrimination Sienna Khan succeeded Ghira Belladonna as the high leader and the White Fang began to adopt more and more radical methods.

An extremist faction, led by Adam Taurus became a violent terrorist organization that has earned much notoriety around the world. Adam staged a coup and assassinated Sienna, taking control of the White Fang. Under Adam's leadership, their goal changed to the greater extreme of toppling human society and putting a Faunus-ruled dominion in its place with humanity enslaved.

The White Fang's primary enemies are human governments, militaries and Huntsmen, as well as the Schnee Dust Company of Atlas who they have been locked with in a bloody war for years. The White Fang is first mentioned in "Ruby Rose" and is a major antagonistic group in RWBY.

After the Faunus Rights Revolution, the White Fang was founded as a symbol of peace and unity between the Faunus and Humans. However, mankind continued to discriminate against them, prompting the White Fang to become the voice of the Faunus.

Initially, their activities consisted of nonviolent political protests with such tactics as mass rallies and boycotts of organizations that discriminated against Faunus in any way. However, ultimately, these actions proved ineffective.

## Radicalization

Approximately five years before the events of Volume 1, after fruitless attempts to be accepted by the Humans as equals by peaceful means, Ghira the leader of the White Fang stepped down and was succeeded by Sienna, who did not share the same belief in nonviolent protest. Under this new direction, the White Fang evolved to its current violent and more aggressive behavior.

The activities of the new militant White Fang include disrupting and causing violence at peaceful protests, such as the Faunus Civil Rights Protest, firebombing stores that refused to serve Faunus, as well as theft or sabotage targeting organizations that used Faunus labor.

One example of such an organization is the Schnee Dust Company, notorious for its "controversial labor forces" and "questionable business partners". The White Fang and Schnee Dust Company have been locked in a bloody years-long conflict that has included theft, disappearances, the murders of executives and sabotage.

According to Blake Belladonna, although some Humans now treat Faunus as equals, it is not out of respect, but fear of the White Fang's reprisals. At the same time, the White Fang's barbaric actions have made them unpopular among moderate Faunus, who view them as a cult. Sun Wukong, for example, refers to the group as "holier-than-thou creeps that use force to get whatever they want."

## Objectives

According to Roman Torchwick, the current aims of the organization is the complete destruction of the human-dominated society with humans either "locked away" or exterminated. This would be achieved by toppling the governments, the militaries and the schools that train Huntsmen. Weiss Schnee, the heiress of the SDC, also states her belief that the organization's goals include the extermination of mankind. While this belief may be due to her prejudiced upbringing, it is worth noting that Blake (a former White Fang member) does not refute this accusation despite having previously insisted that the White Fang were merely "misguided" rather than "evil". According to Sienna Khan, the White Fang's intentions are for humanity to fear them. After Adam kills Sienna and assumes leadership, he expands from Sienna's belief, and decides that humanity is to be enslaved in a dominion ruled by Faunus, and thus planned to engage in a war with humanity with Salem's backing.

## The Original White Fang

After the Faunus Rights Revolution, the White Fang was founded as a symbol of peace and unity between the Faunus and Humans, with Ghira Belladonna taking the role of the high leader of the group. Initially, their activities consisted of nonviolent political protests such as mass rallies and boycotts of discriminatory institutions. However, ultimately, these actions proved ineffective as Human discrimination was still rampant. Losing the White Fang's support, Ghira stepped down from his role and became the chieftain of Menagerie.

## Sienna Khan's Radical White Fang

In the face of continued discrimination, Sienna Khan succeeded Ghira as the high leader of the White Fang, emphasizing on using more radical methods to gain equality through a show of strength. Sienna's White Fang had the goal of forcing Humans to respect the Faunus through fear, using tactics such as raiding and disrupting discriminatory organizations.

One such example of the new White Fang's raids is seen in the "Black" Trailer, where two agents of the White Fang, Adam and Blake, attack a cargo train carrying Schnee Dust Company supplies through Forever Fall to Vale. However, during the mission, Blake leaves the organization due to disagreements with their methods.

To an extent, Sienna's rule was more successful than the previous White Fang leadership, only the fear they invoked did not aid in making Humans accept the Faunus. They also failed to draw in the more peaceful Faunus, given their aggressive tactics.

## Aligning with Cinder Fall

Shortly before Blake's departure, Cinder Fall approached the White Fang in order to gain their support for her cause. Adam, the leader of the organization's Vale branch, declined her offer on the grounds that it was not in his interests to fight for a human cause. However, Cinder and her allies returned shortly thereafter, attacking the camp and gaining Adam's support by force.

The Vale branch of the White Fang thus entered into a "joint business venture" with Roman, a human criminal operating within the city of Vale and an associate of Cinder. Despite Roman and the White Fang's prejudices against each other's species, they cooperate by providing each other with manpower and weapons.

Under Roman's direction, the White Fang begins a spate of Dust robberies throughout the city, stockpiling large amounts of Dust and also driving up Dust prices massively.

Roman's involvement with the White Fang is later revealed to the organization at large, where he addresses a rally of White Fang members and recruits at a faction meeting. Although initially met with skepticism and outright anger, Roman manages to win them over by pointing out their mutual enemies among the governments and schools. He also provides the White Fang with new equipment and weapons, including Atlesian Paladin-290 units stolen from the Atlas Military.

## Mountain Glenn

The organization later establishes a base of operations in Mountain Glenn, an abandoned urban expansion to the southeast of Vale. There, the stockpiles of stolen Dust are loaded onto a train, which is planned to be purposely blown up in the tunnels adjoining Mountain Glenn and Vale's capital city to provide a breach in Vale's defenses, allowing Grimm to enter the city and wreak havoc.

However, the plot is executed prematurely due to the interference of Team RWBY and Bartholomew Oobleck. Although the breach occurs, the Grimm incursion is quickly contained by many Huntsmen and Huntresses from Beacon Academy and the Atlesian military.

In the aftermath, Mercury Black and Emerald Sustrai hand Roman over to the authorities. Although many White Fang soldiers are lost in the tunnels during the failed attack, Adam assures Cinder that their partnership will continue.

## The Battle of Beacon

During the Vytal Festival, the White Fang executes a massive coordinated attack on Vale in conjunction with a series of other actions orchestrated by Cinder. In the chaos of a much larger Grimm invasion of the city, a White Fang detachment led by Adam launches a direct attack on Beacon Academy itself, also releasing large numbers of Grimm from Bullheads and allowing them to run wild. At the Academy, Adam confronts his former partner and traitor Blake, crippling Yang Xiao Long during their battle.

After wreaking massive amounts of havoc and damage on Beacon Academy, attacking students, defenders and civilians, the White Fang withdraw only when the Wyvern arrives at Beacon Tower.

## The Coup on Sienna Khan

Months after the attack on Beacon, the White Fang continues to work with Salem's Faction. Once she learned of the events that transpired at the Battle of Beacon, Sienna Khan punished Adam, showing great disproval over the Vale branch's actions, citing she wanted Humans to fear the Faunus, not start a war with them.

Around the same time, Adam arranged a meeting between Hazel Rainart and Sienna Khan.

Sometime later, in Menagerie, Corsac and Fennec Albain state that the Vale branch has become a splinter group that no longer follows Sienna's directions. Though upon learning that Blake has returned to Menagerie, they secretly plan to contact Adam on the matter.

Shortly afterward, Ghira reveals that Adam is planning a coup along with an assault on Haven Academy using information obtained from Ilia Amitola's seized Scroll. The coup comes to a head with Adam's meeting with Sienna, the resulting in the death of Sienna and Adam's replacement of her as High Leader of the White Fang.

## Attack on the Belladonnas

After taking the position of High Leader, Adam sends a message to the Albain brothers that orders the Menagerie faction to have Blake captured and brought to him alive and for her parents to be killed, as the Belladonnas have interfered with their plans. To carry out this plan, the brothers have Ilia lure Blake away from her parents due to their close relationship.

Despite showing hesitation, Ilia fulfills her task and has Blake ambushed and captured to be brought to the docks and sent to Mistral where Adam is. However, the capture fails when Blake is rescued by Sun Wukong, who was secretly following her at her request.

Meanwhile, at the Belladonna manor, the Albain brothers personally lead the White Fang to kill Ghira and Kali. Several soldiers of the terrorist organization launch a surprise attack, putting the Belladonnas and the guards protecting the manor at a great disadvantage. But in the end, the assassination attempt failed: Fennec dies in a Dust explosion, Ilia defects from the organization after Blake shows her the errors of her ways, and Corsac and the Menagerie faction of the White Fang are arrested by the authorities.

## Attack on Haven

Adam arrived at Haven Academy and ordered the White Fang to plant explosives around the school grounds, and proceeded to attempt to destroy the academy. However, his plan failed due to the timely intervention of the Belladonna Family, Sun, and Ilia who brought the Menagerie Faunus as reinforcements and the Mistral Police force. Knowing that the White Fang surrendered, Adam Taurus is ousted from the organization as he ran away from the authorities while leaving his followers for dead.

## Aftermath

With Adam Taurus' retreat, the organization has now been left scattered among several smaller groups. The Belladonna Family expressed the desire to rebuild, as a new organization with Ghira at the helm. After returning to the White Fang Headquarters, other

White Fang members show Adam their disapproval of his actions, leading him to kill them in a fit of rage and begin to hunt down Blake Belladonna. He is later killed by his former partner and Yang in Argus.

## Members

The White Fang recruits large numbers of disaffected Faunus, using them as soldiers in their wars. New members are recruited at faction meetings where they are inducted into the group. As a symbol of how humanity has chosen to make monsters out of the Faunus, members of the White Fang chose to figuratively don the faces of actual monsters in the form of Grimm Masks.

In "Best Day Ever", Emerald reveals that the White Fang is disappointed in Tukson's abandoning of the organization, suggesting that leaving the organization is punishable by death.

## Hierarchy

The White Fang has a complex division of members within its groups. Separated by location, there are at least three branches within the organization, but they all need to comply with the orders of the organization's high leader, whose throne room is situated in Mistral. Unfortunately, this made it easy for Adam to take conspire behind Sienna's back and take over the entire White Fang.

Beneath the high leader, each branch of the White Fang had a leader within them. In the Vale Branch, Adam Taurus led the group's efforts. Branch leaders had a series of lieutenants who served as right-hand men. Additionally, they had personal advisors, who aided in the direction of the group. Each branch leader had the freedom to do things without the approval of the high leader as Adam proved by working with Humans and attacking Beacon.

The branch in Vale was led by Adam Taurus, who took an aggressive approach to their missions. They held rallies to recruit disillusioned Faunus and try to physically attack Vale. Faunus were made to wear Grimm Masks, like Adam himself to send a message and to hide their identities. Adam also against his will teamed up with Cinder and her faction.

The White Fang faction in Menagerie was led be brothers Corsac and Fennec who took a more manipulative approach. They had control over a group of specialized agents whom they served as mentors to. These spies specialized in stealth and, at times, assassinations. Trifa, Yuma, and Ilia were spies serving under the Albains.

The High Leader also had at least four special bodyguards standing on each side of their throne in the White Fang Throne Room. While they were meant to protect the High Leader they were corruptible as seen when they turned on Sienna Khan and sided with Adam Taurus.

We gasped some more!

Me: They went from activist group to radical extremist and terrorist group.

Nico: I think we found our next target on Remnant after we deal with Weiss's so called father.

Laney: We sure did.

Eli: I can't wait to snap some necks when we get to them.

Lana: Same here.

Me: What a waste.

?: Well look who we have here.

We turned and we saw the members of TEAM SKULL!

Breakdown: I knew we'd run into you morons again.

Team Skull member: We may have been in hiding. But now, we're ready for you!

Me: We could use some amusement with you douchebags for a while. (Cracks knuckles) Time for some butt-kicking. Lincoln, Blake, you two have fun on your date. We'll handle things here.

Lincoln: Okay.

Blake: Show no mercy guys.

Me: With pleasure.

Nico: Lets get them.

Me: (To the Team Skull Members) Here's your warning: Your fucking asses are about to be kicked!

In a restaurant back in Gotham Royal York, Dark Spicer and Vypra were having Lunch when Dark Spicer sneezed.

Dark Spicer: AH-CHOO!

Vypra: Bless you.

Dark Spicer: I think someone's talking about me.

In Melemele Island we went at the Team Skull Members and I punched one in the face and grabbed him and threw him into a bunch of trash cans!

CRASH!

Crag: Lets get them fellas!

Ripping Friends: IT'S RIPPING TIME!

The Ripping Friends punched and brutally pulverized numerous members of Team Skull all over the place with vicious fury.

Nico punched a member and kicked him in the crotch and he screamed like a little girl.

Laney: Take this.

Announcer: CACTUS MAGISWORD!

She fired a bunch of cactus balls and they hit the Team Skull

Member in his back and he screamed in excruciating pain!

Mallow kicked a Team Skull Member in his face and punched him in his stomach and Ash and Pikachu fired blasts of lightning and electrocuted him all over.

Hunter: (German Accent) Nimm das du Scheißgesichter!

Hunter blasted a member with fire and burned him all over the place and Edwayl and Nemo got behind two members and gave them atomic wedgies.

Edwayl: (Breton Accent) You monsters will never terrorize this island again.

Nemo: Yeah!

Lori tied up a bunch of members into human pretzels and Eli flew into the air with a bunch of Team Skull Members and dropped them and they crashed into the sand!

CRASH!

Leni smashed one with her sandal and Luna and Lynn bashed their heads in with their axe and baseball bat! Lana and Lola bit a couple of Team Skull Members in their crotches.

Jessie, James and Meowth were slashing, kicking and punching a bunch of Team Skull Members and Wobbuffet

Team Skull Member: Is that the best you got you fucking old crone!?

UH OH!

Jessie: (Gasps) WHAT!? DID YOU JUST CALL ME!? (ENRAGED ROAR!)

Jessie got so mad that she had fire explode out of her mouth and she went at the Team Skull Members and viciously pulverized them all over the place and more.

75 minutes later we beat all the Team Skull Members and they were

viciously mangled up and ripped apart.

Eli: Consider your skulls smashed in!

Mirage: Attack us as many times as you want. We'll just keep foiling you guys.

Me: That's right. And tell the Aether Foundation that in the future we are coming for them!

Mallow: We're not afraid of you Team Skull shitbuckets anymore!

Lana (Pokemon): Yeah! So get off our island and never come back!

Lola: You tell them Lana!

Team Skull Member: YOU WILL PAY FOR THIS!

They ran off.

Me: Hm.

Nico: Those thugs are going to wish they were never born by the time we get through to them.

Laney: You said it.

Lana: Yeah!

Blake: That was a fun fight.

Lincoln: It sure was.

Skyla: Those guys are really nothing but trouble.

Elesa: But they will get what's coming to them.

Me: Yep and when they make their move, Pow, Bang and Dead.

Nico: Yep. Or jail.

Laney: Yep.

Me: Lets have more fun and head home.

We cheered.

We had more fun at the beach and it was awesome.

* * *

Later we were all the way over in the forests of Oregon. It was a beautiful place to just sit back and rest and enjoy the beautiful splendors of nature. Kaos, Dark Spicer, Carly Carmine, Misty Tredwell and Vypra were with us.

Me: It's so beautiful out here.

Laney: It sure is.

Lola: Yeah!

Nico: It's a beautiful forest to have an awesome picnic.

Me: It sure is but that's not why we were called out here though. We were called out here by an anonymous source that said that beavers infected by the rare and incurable disease Stinky Toe are about to be launched into space in the next few hours.

Kaos: That's really unusual.

Twilight Sparkle: It sure is.

Lana: What is Stinky Toe? I like it.

Me: Stinky Toe is a rare incurable disease that affects only beavers and the smell is so horrible that it will turn your stomach inside out.

Vypra: Yuck!

Carly Carmine: That's horrible!

Dark Spicer: I would not want to smell that.

Me: I know. I smelled it before and I puked my guts out all over the place.

Lana: Cool!

Kaos: What is up with Lana?

Lincoln: Lana loves all things filthy. She is what we call the Queen of Filth.

Me: I have known Lana for 4 years and she loves all things filthy.

Kaos: Wow.

Lana: Yep.

Me: Hey look at this.

We saw an awesome beaver dam house and it was amazing house.

Me: Wow. This is a nice beaver house.

Lana: It sure is.

Lola: Hey I know this house! This is the house of our friends Norbert and Daggett.

Lana: Awesome!

We went up to the door and Lana rang the doorbell.

HOLLOW WOOD DOORBELL RING

Nico: Nice doorbell.

The door opened and answering it was Norbert the Beaver.

Norbert: Wow! Dag come here!

Daggett came too.

Norbert: Team Loud Phoenix Storm!

Daggett: It's an honor to meet you guys!

Stone Man: The honor's all ours.

Me: It's a pleasure as well.

Norbert: Come on in guys.

Me: I hope we all can fit.

We all went in and we all CAN fit.

Norbert: So I take it you got our message?

Me: We sure did and you were the ones that sent us the anonymous call.

Daggett: We sure are.

Kaos: You know Daggett, our voices sound so much alike.

Daggett: Boy we sure do.

Me: (Laughs) That is pretty funny.

Spyro: I was just gonna point that out.

Stealth Elf: Me too.

Norbert: Would any of you guys like a Lickety-Split?

Lana: Sure.

Lana got one and she gnawed it open and licked the sap inside it.

Lana: Mmm! Delicious.

Lincoln: Wow you guys like famous B-Movie actor Oxnard Montalvo too?

Norbert: We sure do Lincoln. You like him too?

Lincoln pulled out a card and it was the business card of the Oxnard Montalvo Fan Club.

Norbert: You are a member of the Oxnard Montalvo Fan Club too!? Awesome!

Me: I love all the monsters he faced. They were awesome! The Crawling Spleen, The Slime Beast from the Evil of Darkpool, Kello the Serpentine, Claws of the Immortal Golem, you name it.

Nico: Those are great movies for Halloween.

Laney: They sure were. They would make great ideas for Halloween coming up.

Lola: Yeah!

Daggett: It's cool you guys are fans of our favorite B-Movie actor.

Me: It sure is. My dad watched a lot of movies in his youth.

Daggett: That's so cool!

Norbert: It sure is.

Daggett: I wasn't talking to you!

Norbert: I was just providing support!

Daggett: You spoot-head!

Kevin Levin: You guys are arguing with each other reminds me of how Ben and I argue sometimes.

Lana: And how me and Lola fight a lot.

Lila Loud: That is funny.

Me: Yeah.

Eli then walked up to them.

Eli: Excuse me guys but I must discipline the nanny goats.

Eli grabbed them both and then…

BONK!

Eli bonked their heads together and it hurt.

Norbert and Daggett: OW!

Me: Eli why did you do that?

J.D. 3: Oh Eli hates fighting and whenever siblings fight he resolves it by bashing their heads together.

Me: Jeez! That's gotta hurt.

J.D. 3: As long as it doesn't give you a concussion it works really well.

Me: Oh.

Lori: I guess I should've thought of that whenever Lola and Lana fight.

Nico: Yeah.

Me: Anyway lets get down to why we are here. We got word that scientists are launching beavers infected with Stinky Toe into the universe.

Daggett: Right yeah and we have to stop them!

Norbert: Daggett found the cure for Stinky Toe and it was right in front of those scientists noses the whole time.

Nico: What is it?

Daggett: Garbage is the cure.

Lana: Cool!

Lola: Garbage curing a disease? Weird but EW!

Me: But that's clever. What were those scientists gonna do?

Daggett: They gave up on finding a cure and they were gonna put all the stinky toe beavers in a rocket and blast them to the end of the universe!

We gasped!

Nico: That's nuts!

Kitten: Those scientists aren't like the Paradigm Brothers.

Laney: Yep.

Nuova Shenron: Where can we find those scientists?

Norbert: They are heading for a desert island.

Norbert then pressed a panel on the floor and pressed a couple of buttons on a code panel and the floor opened up and our came a cool hologram projector and it formed a map of the Earth.

Daggett: Just how many of these secret gadgets do you have?

Me: Wow! A holographic map of the world.

Laney: Just like our computer at home!

Lola: That is awesome!

Vypra: It sure is.

Norbert: Why thank you. They are heading for this island here.

He pointed to a spot on the map and it zoomed in and showed us a desert island located in the South Pacific Ocean.

Nico: It's out in the South Pacific.

Lucy Loud: All the way out there.

Haiku: No kidding.

Carly Carmine: We got to stop them.

Applejack: (Cowboy Accent) How are we gonna stop those ornery sidewinders?

Me: Like we always do? We fight them. Lets head out to the island!

Everyone: YEAH!

Daggett: YEAH BABY! LETS GET THEM! HAHAHAHAHAHA!

Kaos: Even our laughs sound alike.

Daggett: They sure do.

Red Lantern Ratchet: I know me and Zillius only joined a week ago. But can we request a Red Lantern entrance?

Me: That's a great idea for an entrance. We can do entrances for each color of the Lantern Corps. Lets roll!

We were off to the island.

---

SOUTH PACIFIC OCEAN

---

The Scientists were rowing a boat to the island and they were hauling a rocket with a sign on it that said End of the Universe or Bust on it.

Scientist 1: We're almost there Pete.

Pete: Right right.

Scientist 1: Soon we'll never smell these putrid beavers again.

But just as they were about 10 feet from the island a massive pillar of red light exploded out of the island with incredible luminosity and the emblem of the Red Lantern Corps appeared in the air.

Red Lantern Ratchet: WITH BLOOD AND RAGE OF CRIMSON RED, WE FILL MENS SOULS WITH DARKEST DREAD, AND TWIST YOUR MINDS WITH PAIN AND HATE, WE'LL BURN YOU ALL - THAT IS YOUR FATE!

We exploded out of the light and landed on the island and we were ready to fight!

Me: Now THAT was an epic entrance!

Nico: It sure was.

Scientist 1: TEAM LOUD PHOENIX STORM!? What are you doing here!?

Me: What else? To stop you guys from sending those beavers into space.

Luxord: Looks like it's game over for you two.

Laney: That's right! We have the cure for Stinky Toe and you will never send those beavers into space as long as we have anything to say about it!

Nico: That's right!

Lana: Yeah!

Gwen (TD): You guys are gonna pay for messing with our homeland symbol!

Scientist 1: This is America! Our symbol is the Eagle.

Nico: Gwen and her friends are from Canada you dingus!

Skyla: That's right!

But then Dark Laser, Red X, Heat Wave, Eccentro, Loki and Number 7 appeared.

Me: Dark Laser, Red X, Heat Wave, Eccentro, Loki and Number 7.

Number 7: Indeed.

Heat Wave: This is my first battle with you guys.

Lola: It sure is.

Norbert: Are you guys part of the Masters of Evil?

Number 7: We are. But rest assured, we're just here for the usual battles. We're not affiliated with these scientists in any way.

Me: That's a relief. They are our frenemies. After the Legion of Doom disbanded after the devastating Battle with Thanos, the Masters of Evil took their place.

Dark Laser: It's true.

Daggett: That's amazing!

Eli: I hope I get an awesome archenemy like you guys.

Vypra: We'll have to find one for you.

Me: Yeah. Vypra, Dark Spicer, Carly, Misty and Kaos are now in the Masters of Evil and they are helping us because it's not their turn.

Norbert: I see.

?: That is amazing.

A figure came out from behind us and it was GAMERTRON from episode 25 of Beast Morphers!

---

Gamertron was created by Robo Roxy after she injected a video game controller with Morph X energy to destroy the Power Rangers. With Nate and Steel preoccupied with battling Robo Roxy and Robo Blaze, Devon is left to fight Gamertron with Zoey and Ravi. However, after they kicked her back, she created evil clones of them to destroy them and defend her.

Later, Gamertron tied up a truck driver and attempted to use the supply of game consoles to create an army of Gamertrons. However, the real Rangers caught up to her and engaged the evil clones in a final fight; Nate and Steel left to help the truck driver while the remaining Rangers battled the evil clones. After her clones were destroyed, Gamertron was finally destroyed by Devon and his Beast-X Cannon.

---

Devon Daniels: Gamertron!

Gamertron: Been a while rangers!

Ravi Shaw: It sure has.

Me: I remember you!

Nicole: You were made from a video game controller and you also made awesome clones of the rangers to destroy them while Nate and Steel faced Robo-Roxy and Robo-Blaze. And you tried to steal a bunch of game consoles to make an army of Gamertrons.

Gamertron: Good memory. Usually it's J.D. that points that out.

Me: Nicole watched Power Rangers too and they don't call her the Goddess of Video Gaming for nothing.

Gamertron: So I see.

Gamertron just created duplicates of the Beast Morphers Rangers. Including clones of Nate and Steel.

Devon: Here we go again!

Nate Silva: This time, there are duplicates of me and Steel.

Gamertron: Well, I couldn't leave you two out, could I?

Me: That's logical.

Blake groaned as her stomach growled loudly.

Manaphy: Are you ok, Blake?

Blake: I guess I'm really hungry.

But then, Blake dropped to the ground, held her stomach, and screamed in pain.

Dark Laser: (covers Flipsie's eyes) Flipsie, look away. You don't need to see this!

Suddenly Blake had a massive aura of darkness explode out of her and her clothes were now an awesome sleeveless pitch black trench coat and she had awesome pitch black angel wings and she had a deadly sword of dark fire. She was better than ever.

Me: Whoa!

Lincoln: Blake how do you feel?

Blake: I feel amazing. Better than ever.

Me: Lets get them guys!

Noah: Unlike three certain scientists we know, you two are going behind bars!

Megaforce Rangers: Legendary Ranger Mode: Jungle Fury!

The Megaforce Rangers turned into the Jungle Fury Rangers!

Dark Spicer: (To the Scientists) Here's your warning: Your Fucking Asses are about to be kicked!

Carly Carmine: Really hard!

We went at them.

The Battle for Beaver Cure and Liberation was on!

## Battle 1: DARK LASER

Jinx: Yeah. Shall we dance?

Dark Laser ignited his lightsaber.

Dark Laser: Lets do it!

Sabrina, Kitten and Jinx ignited their lightsabers and Dark Laser called out his Pokemon.

(DUEL OF THE FATES PLAYS)

They went at each other and clashed violently and sparks were flying with each clash and it was a powerful clash with the light and dark sides of the Force as they clashed lightsabers and fired blasts of Force Lightning and Force Fire and even blasts of Force Energy and more and it was a powerful clash. They used the force and hurled coconuts and rocks and even skulls and sand. Dark Laser's Pokemon fired blasts of energy and the girls used the Force to send the blasts back at the Pokemon and the blasts hit them and knocked them out. They then clashed more and knocked out Dark Laser by hurling coconuts at him and firing Force Lightning blasts at him.

Kevin Levin: May has a very explosive temper.

N: It's true and she had Nico scared with his tail in between his legs.

Loki: Man! That must've been one extremely deadly temper if it was strong enough to scare someone as tough as Nico. After everything he went through he's not usually afraid of anything.

May: I know. But he is a great husband.

Kevin Levin: That's our Saiyan tough guy.

May: That's right. We also gave our trio when we face you an awesome name.

Watched silently by the Fey of the night
Our hearts full of love and our arms open wide
We hold the key to the fairies delight
Song in our hearts belong in the air
The words of our wisdom we bring forth to share
The songs in the night
As we dance 'round the flame
The Fairy Nightsongs are never the same
The words from our lips as we sing for the night
Impart to the Fey our hearts truest sight
Sounds of the forest in sweet harmony
We give the gift of our song to the fairy
Dancing a spiral we sing unaware
The fairy night wings our song fill the air
The songs in the night
As we dance 'round the flame
The Fairy Nightsongs are never the same
The words from our lips as we sing for the night
Impart to the Fey our hearts truest sight

Another awesome adventure done.

The Angry Beavers was a really funny cartoon and it was so funny! I wanted to do a chapter for this a while back but I didn't know how to set it up. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12 and ninjakingofhearts gave me the ideas for this. Thanks guys. Next up is a battle for the Neptune Crusaders as the West Side Story gangsters the Bubble Popping Boys that terrorized New Kelp City come to Bikini Bottom and get revenge on SpongeBob for driving them out of town and now it's personal.

See you all tomorrow.

# Revenge of the Bubble Popping Gang

I was riding on my Rapidash and it was pulling the hover carriage with Eli and Nunnally in it.

We were over in the awesome Canadian Rockies and we were looking for a magical and really awesome place called the Rainbow Valley and it is said to be the annual migration spot for the Cottonee Mating Season. With us was Hunter's friend Malina Zmijewska, she is a 14 year old Polish girl, which has blonde cut bowl hairstyle, round ears, unibrow, emerald green eyes, heart shape face, straight-edged nose, height stands over 4.10 feet, almost the same weight as Sam Sharp. Arms and legs a little longer than Luna's. Wears a white shirt with a pink jacket, blue jeans with a black and blue belt, black, white, and pink sneakers, black fingerless gloves, and has a flag badge of her country of Poland. And has powers of Plains, Horizon, Water, Earth, Wind, Mountain, Light, and Ice Release.

We arrived in the Valley and it was located right on the border with Saskatchewan and Alberta and it was so beautiful.

---

Rainbow Valley (Japanese: 虹の谷 Rainbow Valley) is an anime-exclusive location in the Unova region. It exists somewhere along Route 4.

Rainbow Valley is a place where Cottonee gather after finding their partner. They ride on what is known as the "Diamond Breeze" while holding "hands" in order to get there. The Diamond Breeze will only blow after a full moon. The mountain sides glitter in different colors because of the different minerals they are composed of.

In Cottonee in Love!, Ash and his friends had the chance to visit Rainbow Valley after helping a Cottonee win over a love interest. There, they said goodbye to their new friend.

---

Commander Mars: Here we are at Rainbow Valley. I didn't get a chance to visit this place when I was still in Team Galactic.

Me: Wow! It's so beautiful! I see why they call it Rainbow Valley. Because the mountains of the Valley have minerals that act like prisms.

Nico: It's so magnificent here.

Sakura Haruno: It sure is beautiful.

Naruto: You said it.

Me: Malina it's such a pleasure having you with us.

Malina: (Polish Accent) It's an honor to be with you all. Hunter told me so much about you all and I love all your adventures.

Laney: Thanks Malina.

Sophie Casterwill: (British Accent) It's an honor having you with us.

Zhalia Moon: It sure is.

Luigi: (to Yang and Lincoln) (Italian Accent) You two enjoy your date.

Yang: Okay.

They got the blanket set up and it was a beautiful sight as we rested along the grounds of the valley and it was a perfect place to call a national park or a beautiful vacation spot.

Me: This is so beautiful.

Laney: It sure is gorgeous.

Iris: Yeah and it's just as beautiful as I remember.

Lola: It's beautiful.

Lily: It sure is.

Pakura: It sure is a breathtaking place to visit.

Lori: It sure is. It's literally just like what Bobby and me saw in my dream that Natilee made come true with my children.

Natilee: It sure does look like it.

Scrapper: So, Yang. What was your life like before Beacon?

Yang: It was an interesting one.

Yang went over her history and it was both good and bad.

---

Yang is the daughter of Raven Branwen and Taiyang Xiao Long and was born approximately two years before her younger half-sister Ruby Rose. Ruby mentions that Yang used to read bedtime stories to her when they were young.

Yang was raised alongside Ruby on the island of Patch, off the west coast of Vale. Their father, Taiyang Xiao Long, was a Huntsman who taught at Signal Academy and a former member of a team consisting of Summer Rose, Qrow Branwen and Raven Branwen - the last of whom disappeared shortly after her birth. Following this, Yang's father became romantically involved with Summer, who took the role of Yang's surrogate mother and gave her a sister two years later in Ruby.

However, Summer would frequently embark on Huntress missions all over the kingdoms, and early in Yang's childhood, she was killed during one. Yang's father, distraught at losing yet another love, suffered an emotional breakdown. It was then that Yang found out Summer Rose was not her biological mother, and that the woman who gave birth to her, Raven Branwen, had also abandoned her shortly thereafter. Motivated to find out why her mother left her, one day Yang attempted to follow up on what she thought was a clue to her whereabouts and waited until her father left the house and traveled to the location herself, wheeling Ruby in a wagon and walking until she was bruised and tired.

Upon arriving at the building, Yang and Ruby were attacked and almost killed by three Beowolves; their uncle, Qrow, thankfully appeared just in time to save them. Yang was ashamed of her stubborn, brash actions, aware that she had almost gotten her younger sister killed, and resolved to continue searching for her mother while helping raise Ruby, but also to not allow that search to consume her.

Years later, a 17-year-old Yang heads to a nightclub searching for clues about her mother and confronts the proprietor, a man named Junior Xiong, who has a reputation for "knowing everything". She shows him a picture and attempts to coerce the information out of him, but he says he does not know. Yang is then surrounded by henchmen from the club and backs off.

As she walks away from the bar with Junior she begins flirting with him and offers to give him a kiss but punches him in the face instead.

Junior's henchmen then descend upon her and she attacks and incapacitates all of them. She then comes under attack from the DJ above who is firing at her with a machine gun. After knocking him down to the club floor, two girls, Melanie and Miltia Malachite, jump in to fight her. Despite some difficulty, she manages to defeat both of the girls.

By then, Junior recovers from Yang's punch and returns with his bazooka before firing several rockets at her. Yang manages to stop the rounds, but Junior then changes the bazooka into a bat and begins attacking her with it.

She finally uses Ember Celica to destroy much of the club and knock Junior out a window. Outside she runs into Ruby, who is surprised to see her there.

As she drives throughout Mistral, Yang thinks back on a training session with her sister Ruby. Yang eventually overpowers her, and Ruby flies into the bushes using her Semblance. When Ruby does not respond, an Ursa emerges from the bushes. Yang fights the Ursa but is tossed out of sight when Ruby wakes. The Ursa attempts to attack Ruby, but Yang puts herself between both of them. She is struck by the Ursa and activates her Semblance to clash with the

Ursa one last time in order to obliterate it. Yang informs her concerned sister that she always has her back.

Yang is seen with Team RWBY in the Beacon Academy food halls talking about the nature and uses of Dust, before they are interrupted by Cardin Winchester throwing Jaune Arc into their table, sending it flying.

Yang is later seen with the rest of Team RWBY watching Ruby fighting against Cardin in a sparring match before she forgot mentioning Ruby's fear of large crowds.

Welcome to Beacon

Yang is first seen greeting Ruby on the airship to Beacon Academy, displaying her excitement that her "little sis" will be attending the same school as her. She teases and then consoles Ruby when the latter displays her nervousness and even unhappiness that she might be treated as someone "special" at their new school.

Yang shows concern for Ruby's apparent lack of social skills and manages to create an opportunity to let Ruby learn on her own by dashing off with her friends, leaving Ruby alone (who later falls down on Weiss Schnee's luggage).

Yang reappears inside the auditorium of Beacon Academy where the students have gathered and waves Ruby over beside her. She asks Ruby about her day so far, who responds by recounting the trouble she got into involving Weiss and Blake Belladonna. Yang at first thinks Ruby is joking but realizes her little sister is telling the truth when Weiss comes up and starts berating Ruby again.

She tries to play the easygoing mediator between the two, but with no success. Their heated conversation is interrupted when Professor Ozpin starts with his welcoming speech, and Yang shows some vague exasperation when Ozpin mentions that they are still nothing compared to the world they will enter. She mentions directly afterward that Ozpin seemed "kind of off".

Later, when all the new students are preparing to go to sleep, Yang crashes next to Ruby and asks her about the letter she is writing.

The two have a conversation where Ruby once again brings up her unhappiness at having to join the school without knowing anyone, but Yang tells her that there are plenty of friends at Beacon whom just Ruby has not met yet, after teasing her about Weiss being an enemy rather than a "negative friend".

Yang drags Ruby over to where Blake is reading a book and attempts to engage the two in a conversation. At first, Blake's aloof unsocial character causes the conversation to die multiple times and Ruby and Yang awkwardly tries to pick it back up every time it happens, but after Yang proclaims that Blake is a "lost cause" Ruby inquires about the book Blake is reading, which starts what appears to be a genuine exchange between the two.

However, Yang butts in and tells Ruby about how she is proud of her for starting a conversation and expressing her dreams to be a protector of the peaceful world they live in so other people may enjoy it. Yang then picks Ruby up, which annoys the latter and causes a brief fight between the two, until Weiss storms up and interrupts them again.

## Beacon Academy Initiation

Yang talks to Ruby while they are getting prepared for their initiation about what she will do about teams. When Ruby suggests that she would just join Yang's team, Yang suggests that her little sister should be more outgoing and find a team of her own. She and Ruby then talk to Jaune who was put down coldly by Weiss, having had Pyrrha Nikos throw her spear at him.

Yang remarks that he probably should not have referred to Weiss as "Snow Angel" and the three of them then head to Beacon Cliff for initiation. After Ozpin tells them about their initiation and how they will form teams, Yang is launched into the Emerald Forest with the other students.

Yang is seen literally flying through the trees with a pair of aviators on, thoroughly enjoying the experience and extending it by using the kinetic energy from shots from her shotgun gauntlets to keep moving. After bouncing through the trees, Yang nails her landing and takes off. Shortly after when Ruby lands, she instantly starts looking for Yang in the hopes of making Yang her partner.

While walking through the woods, Yang starts to become bored after not finding anyone. When she hears a rustle in the bushes, she wonders if it is Ruby, but is instead attacked by two Ursai. She dodges their attacks and almost seems to be playing with them until she notices that a small strand of her hair was cut off. Yang goes into a rage at this and punches one of the Ursa with a flurry of punches, sending it flying into several trees. She goes to confront the other bear, but it is quickly killed by Blake in a single strike. The two smile at each other and Yang claims that she could have taken it.

Yang and Blake arrive at the temple. As they approach it, they make note of that the relics are chess pieces and that some relics are missing, which suggests that they are not the first to arrive. After Blake and Yang examine the chess pieces, Yang chooses a yellow knight because it looks like a "cute little pony". When the two are about to leave the temple, they hear what sounds like a girl's scream. Yang asks Blake what they should do but she seems distracted by something above them; as Yang tries to get Blake's attention, Ruby suddenly falls from the sky.

Yang is seen asking Blake on what they should do, which continues from the previous episode in reference to Jaune's feminine scream. After seeing Ruby fall, she is left confused by the later turn of events, such as Nora Valkyrie riding on an Ursa, and when Pyrrha is running away from a Death Stalker, which chased her from its cave.

Shortly after she tries to give her sister Ruby a hug, but is interrupted by Nora. When Ruby decides to attack the Death Stalker, she fails and is forced to run away. Yang rushes to her aid but is unable to after the Nevermore keeps them separate with a barrage of feathers. After Weiss saves Ruby, Yang hugs Ruby in delight knowing she is safe.

Once Ruby and Jaune choose their chess pieces, Ruby leads both teams away as Yang smiles seeing that her sister is becoming what she knew she would. When Blake asks what is wrong, she implies it is nothing, but Blake seems to already know. Both teams are then split and each faces the Grimm species separately as Team JNPR faces the Death Stalker and Team RWBY faces the Nevermore.

After a series of attacks prove unsuccessful, Ruby makes up a plan to beat the large bird. Yang helps Blake make a slingshot, which launches Ruby into the air with the help of Weiss' glyph. Yang watches in amazement as Ruby slays the Nevermore. She is later made an official member of Team RWBY and hugs her sister in joy when Ruby is made the leader.

## Start of Class

After rooming with her team, Yang wakes up with a joyful approach. She states that they need to decorate their room. She is seen placing a poster about a boy band named The Achieve Men. When Ruby is suggesting they make bunk beds, Yang agrees along with Blake, while Weiss seems to be annoyed by the fact.

She later attends class, where she seems to have no interest, and seems to be weirded out by one of Professor Peter Port's gestures.

As Weiss faces down the released Boarbatusk, Yang cheers her teammate on along with Blake and Ruby. Later that night, she is seen asleep in her bunk bed above Blake.

Yang is seen eating lunch with her team alongside Team JNPR, where she seems to be the only one interested in Nora's story. She later comments that it must be hard being a Faunus after seeing Cardin and the rest of Team CRDL teasing Velvet Scarlatina, a Faunus with rabbit ears.

Yang is briefly seen with her sister in the Forever Fall forest. She is later seen gathering sap for Professor Peach.

When Ruby points out the Ursa's growl in the distance, Russel Thrush shouts out that the Ursa is attacking Cardin. She then quickly grabs Russel and demands the Ursa's whereabouts. Once she releases Russel, she and Blake go to find Glynda Goodwitch while Ruby, Pyrrha, and Weiss make their way to Jaune and Cardin.

## Team Divided

Yang walks with her team on the streets of Vale. The team sees

Vytal Festival preparations and stumbles across a crime scene at a local Dust Store, prompting Weiss and Blake into a tense discussion on the White Fang. Weiss comments the White Fang know only how to lie, cheat and steal, and Yang responds it is not entirely true.

Soon after, the team chases a fleeing Sun Wukong at Weiss' demand. After bumping into a girl named Penny Polendina, the team leaves, only to have her appearing instantly in front of them. After Yang believes Penny heard Yang call her weird, Penny goes directly Ruby, asking her if she was her friend. Later that night, Yang and Ruby continuously hear Blake and Weiss argue about the White Fang.

Two days after Blake accidentally reveals herself as a Faunus, Yang pushes to find Blake with her sister and Weiss. When Penny shows up out of nowhere, Yang and Weiss take the opportunity to leave while Penny is distracted. During the duo's search, Yang asks Weiss if she cares about Blake's absence, believing they are responsible to search. That night, Yang and Weiss meet with Blake and Ruby after the Faunus is found.

Beginning the Second Semester

While in the dining hall, Nora flings small grapes at Yang, who catches them in her mouth. Yang then sees that Blake is looking at her notebook and asks what she is doing, but Blake quickly closes the book and says she is looking over notes, causing Yang to lose interest and continues catching food. Ruby appears with a book full of ways to start the new term off with a bang, resulting in Yang making a lame pun about liking to start her terms off "with a Yang". No one finds it funny, and Yang is hit in the head with an apple, causing her to become angry, and she tosses an apple back. Nora tosses back an entire pie, but it ends up hitting Weiss instead of Yang.

A large food fight breaks out between JNPR and RWBY, with Yang grabbing two whole turkeys to use as her gauntlets. She uses them to smash a barrage of watermelons and then launches the turkeys at Jaune, taking him out. However soon after, Pyrrha hits her with a loaf of bread that she tosses at Yang like a spear. Yang quickly gets back into the fight, picking up the two turkeys and beats Lie Ren by smashing him into the floor. Yang, in turn, is smashed through the ceiling by Nora moments later when hit by her watermelon hammer. After the fight ends, Yang crashes through the ceiling back into the room and has a good laugh with the others.

Yang is seen playing a board game with her team, one in which she is seen clearly to be the dominant player, having taken out both Ruby and Weiss, each much to their dismay. She then points out to Blake on how it's her turn, but the latter shows no interest in the game and soon leaves, following the arrival of Sun Wukong and his friend Neptune Vasilias. That night, Yang enters the dorm room with Weiss and Ruby and seems disappointed in the fact that she lost the game to Neptune, with Ruby telling her she should have attacked when she told her to.

She then has her attention caught by Weiss telling Blake to stop, as she was leaving the room. There, the team gets into a discussion, most of which reflect on Blake's worries and concerns on the White Fang and Roman Torchwick. But Yang tells her that Ozpin told them not to worry, for the police and Huntsmen/Huntresses would take care of it, but Blake remarks on how it is not enough. After hearing Ruby's idea of the four of them stopping their enemies, Yang agrees enthusiastically and tells Blake that she loves it when she is feisty, making her smile.

## RWBY Investigations

The next day, Yang and her team change clothes in their dorm. The team explains their parts in the mission, and Yang says she will get intel on Torchwick from someone. After Sun and Neptune suddenly appear with the intention of helping them, despite Ruby and Blake not wanting them to, Yang is paired with Neptune, despite Weiss' protests.

Yang and Neptune ride on Bumblebee to Junior's club at nightfall. Two henchmen attempt to stop Yang from entering, remembering what she did to the club, but Yang easily blows the entrance open, proudly proclaiming she is back.

After a hostile welcome, Junior immediately defuses the situation, knowing a battle would go the same way as before. He asks Yang what she wants, and she replies she is still owed a drink and drags him to the counter. Junior tells Yang he has not seen Roman since the night she first entered the club and that he never returned with the men Junior loaned to him. Yang becomes frustrated and leaves with Neptune.

As Yang and Neptune board the bike, Yang, Weiss and Ruby receive an urgent call from Blake and Sun, whose cover was blown in their part of the plan and are now being chased by Roman inside an Atlesian Paladin-290. When Blake, Sun and the Paladin run by Yang and Neptune in the street, Yang immediately revs her bike and gives chase to help stop Roman. She maneuvers around cars being flung at her and asks Neptune to slow the Paladin down. Roman counters Neptune and Sun, removing them from the fight. Weiss causes the Paladin to slip on an ice patch and plummet off the highway, and the battle begins in earnest.

After several team attacks, Team RWBY gains the upper hand. Yang catches Roman off guard, leaping onto the back of the Paladin and continuously punching its head. However, he charges her through pillars with great force and punches her through another pillar as she falls. Blake grows worried, but Ruby reassures her, revealing Yang absorbs energy from each hit she takes and uses it to make herself stronger.

With Yang's newfound strength, she delivers several blows, shattering pieces off Roman's mech. She grabs one end of Blake's Gambol Shroud, and with Roman frozen to the ground from Ruby and Weiss' team attack, Yang connects a final punch, shattering the Paladin and sending Roman out of it.

Yang fires Ember Celica long range to finish Roman off, but Neopolitan appears and blocks it with Hush. Yang angrily charges and punches Roman, but Neo had deceived her with an illusory barrier depicting the two. The fake barrier shatters from Yang's punch, and the two are revealed to have retreated to a nearby airship and make their escape. Yang and Team RWBY leave the scene.

## The Aftermath and The Dance

Sometime thereafter, Yang, along with the rest of RWBY, attends a sparring class and watches Pyrrha obtain successive victories against Team CRDL and against Mercury Black. Later, Yang sits next to Blake on their bed and attempts to convince her to go to the dance after rejecting Sun, mentioning their worry over her lack of sleep and high stress level.

Yang and Weiss are given the responsibility to organize the dance, and Yang promises the day will be enjoyable for Blake; however, Blake once again shrugs her off, thinking of it as a waste of time, and leaves for the library, which saddens Yang.

Yang helps Weiss prepare for the dance, carrying a huge speaker. Noticing Ruby, Yang asks what she will wear for the dance, but when Ruby says there is no point in going if Blake does not, Yang counters that Blake will go and walks out. At the library, Yang attracts Blake's attention with a laser pointer and takes her to an empty classroom to discuss the recent problems. When Blake is averse to talking, Yang tells her to simply listen and that she is not trying to make Blake stop her ongoing investigation of Roman Torchwick, but merely to convince her to slow down.

Yang begins telling Blake about her and Ruby's past and who their mothers were, bringing up how her mother was a member of a team alongside her father, Summer Rose and Qrow. However, shortly after Yang was born, her mother left. She tells Blake how she asked and searched for answers on why her mother disappeared but never found anything, until one day she believed she discovered a clue to her whereabouts. She went on a search with a sleeping Ruby, and they were attacked by creatures of Grimm.

At the last minute, Qrow came to the two girls' rescue. Yang states her stubbornness almost got them both killed that day. Blake, in return, expresses sympathy for Yang's past but states her situation is different. Yang disagrees, saying that she does not want Blake to stop, but to slow down just as Yang has in her search for her mother.

However, when Blake keeps pressing on how only she can do anything, Yang gets frustrated at her, asking her what would she do if Roman suddenly came barging through the door. Blake answers she would fight, and Yang points out Blake is unable to stop him because she cannot stop Yang herself. She hugs Blake, telling her that she is not asking her to stop, but to rest, not only for herself, but for everyone she cares about. Yang invites Blake to the dance once more, promising she would save Blake a dance.

The next day, Yang is seen in joy over her sister's dress, saying Ruby looks beautiful. Yang gives Blake her first dance of the night, keeping her promise, before Sun takes over. Shortly after, Yang welcomes both Mercury and Emerald Sustrai to the dance as they enter. She is later seen alone on a balcony, apparently lacking a date of her own, overlooking the dance floor until Ruby approaches her, who she headlocks playfully, much to Ruby's chagrin, and advises to have a good time while they have the chance; she is not seen for the rest of the night.

## The Mountain Glenn Mission

The following day, Yang along with Blake and Weiss confront Ruby upon her return to their dorm after a meeting with Ozpin, Glynda and James Ironwood. After Ruby informs them of her situation, Yang attempts to cheer her sister up by revealing a package addressed to them by their dad. Revealing it to be Zwei, the family dog back in Patch, Yang reads the letter their father sent, stating Zwei will be staying with them for an indefinite amount of time.

Following an announcement from Glynda and a speech from Ozpin, Yang and her team choose to select a Search & Destroy mission, but after being unable to join, Ozpin bends the rules for them and signs them up for Quadrant Five.

Later, Yang and her team are completely shocked when Bartholomew Oobleck reveals he is the Huntsmen joining their mission. The team travels to Mountain Glenn via an airship and are briefed on the way, and Yang mentions Mountain Glenn was an attempted expansion of Vale before it was overrun by Grimm and cut off. Doctor Oobleck believes it would be the ideal place for a criminal hideout.

After their arrival, they are almost immediately set upon by Beowolves, which they kill in droves while Oobleck looks on. Yang eventually becomes restless and questions why Doctor Oobleck does not help them fight, to which Oobleck responds that this is a job they all signed up for.

Oobleck later asks Yang why she wants to become a Huntress. She initially misinterprets, saying she fights Grimm and helps people, and Oobleck clarifies the question and asks again. Yang responds she is a thrill-seeker who wants to travel around the world and get wrapped up in as many adventures as she possibly can, and if she can help people along the way, it makes it all the better.

After the group sets up camp for the night, Yang, Blake and Weiss make a fire. Yang complains about them not finding anything, and Blake replies they cannot always have luck on their side. Yang, Weiss and Blake agree they could not give complete, satisfying answers to Oobleck's question.

After having difficulty sleeping, they start talking again. Yang recognizes the driving purposes behind Weiss and Blake's reasons for being Huntresses, and she says it is her nature to go with the flow but is unsure how long she can continue as such. Instead of motivation from the ideas of heroism, Yang wants the feeling of not knowing what the future will bring and for that to be a good thing. Becoming a Huntress is in line with that for Yang.

She adds that she differs from Ruby, who has felt a genuine sense of duty and desire to protect people and do what is right ever since Yang read her stories when they were little. When the conversation shifts to how young the group is for the responsibilities of being a Huntress, Yang says they are not children anymore; they are armed to the teeth in a war zone.

Yang takes night watch duty after Ruby, and after her turn ends and she goes to inform Weiss it was her turn, she notices Ruby's empty sleeping bag and grows worried. Unknown to her and the rest of the team, Ruby had been captured by the White Fang. After Zwei leads them to the hole she had fallen through into Mountain Glenn's underground city, Oobleck explains the expansion's history, and they prepare to go in after her.

Having successfully reached the underground levels of the city, Yang, Weiss, Blake, Oobleck and Zwei locate Ruby, who flees from Roman, using the distraction created by her team. Before White Fang henchmen can shoot Ruby, Yang arrives and blows them away. Ruby reconnects with her team, and Roman's train begins to depart.

Ruby informs them of the weaponry the White Fang has on board, so Ruby prompts them to chase after the fleeing train. While aboard the train, several train cars with bombs detach, prompting them to run to the front while fighting White Fang members. Oobleck discovers the train cars detach and explode to create openings in the tunnel for the Grimm.

Yang, Weiss and Blake head into the train to try and stop it, and Ruby and Oobleck remain atop the train. As Yang, Weiss and Blake encounter Neo, Yang decides to fight her, and her teammates move on. Yang and Neo fight, but Neo easily counters and parries her, quickly beating and rendering her unconscious.

Before Neo can kill her, a mysterious woman arrives through a red portal and scares Roman's aid away, saving Yang's life. As Yang regains consciousness, she catches a small glimpse of her rescuer before regrouping with her team. The train nears an incoming wall, and Weiss creates a shield of ice around them, protecting them from what could have been a fatal crash. The team reawakens on the surface of Vale's city, only able to look in horror as Grimm rise from the underground and begin attacking the human populace.

Grimm surround Team RWBY, and they attack, later aided by Team JNPR, Team CFVY and a few professors. After the fight, Ruby, Weiss, Blake and Yang look over the city from the school and talk about how they managed to do their job. Weiss says how they should get extra credit, but Yang doubts that will happen after the destruction the Grimm caused. After thinking on what to do, Ruby suggests they go to bed. Everyone agrees.

Later, Yang is alone in what is suggested as a dream sequence, walking through Beacon's courtyard late at night. She comes to a stop in front of the academy statue and is met by Raven Branwen, who saved her from Neo earlier. Yang stands her ground and demands to know who the woman is. She removes her helmet to reveal red eyes and features almost identical to Yang's own. Yang's eyes turn red as the woman cryptically states they have a lot to talk about.

Vytal Festival Tournament

At the enormous floating stadium Amity Colosseum, Team RWBY's first match in the Vytal Festival tournament is with Team ABRN of Haven Academy. Yang fights Arslan Altan, a skilled hand-to-hand combatant. Despite taking some beating, Yang deals the finishing blow against all of Team ABRN, punching them clean out of the stadium. After an action-packed match, Team RWBY emerges victorious, and the team heads to the Vytal Festival fairgrounds to get a meal.

There, they run into Emerald, who praises their performance in the match. It is revealed that Yang will be joining Weiss in moving forward onto the doubles round to represent Team RWBY, whilst Emerald and Mercury will move on from their team. Emerald remarks that they wil not go easy on them if they happen to be paired up, and they bid farewell.

Team RWBY ends up eating at a noodle store run by the Shopkeep. Weiss attempts to pay for their meal, but her card is declined. Fortunately, Pyrrha arrives and pays for their meal instead, and they are joined by Team JNPR. After they have eaten, JNPR is called away to their next match. Yang and her team follow them over to the stadium, taking their place at the spectator stands to cheer their friends on. When they walk in, Yang notices Mercury and Emerald walk in behind them.

When Team JNPR and Team BRNZ face off, Yang agrees that Jaune has gotten a lot better with combat, but he still has nothing on Pyrrha's skills. After Team SSSN dances after their defeat of Team NDGO, she calls them dorks, to which Blake agrees. She heads off with her team to congratulate them.

Later, Yang plays video games with Qrow and Ruby in their dorm room and discusses their experiences fighting Roman and the White Fang. Qrow briefly takes out a photo of his previous team, Team STRQ, which includes Raven. Yang is briefly transfixed by the picture, but Qrow notices and puts it away. Qrow remarks that Yang and Ruby have a lot to learn, but that they will "go far" if they "never stop moving forward".

Yang and Weiss face Neon Katt and Flynt Coal of Atlas Academy's Team FNKI in the doubles round of the tournament. Neon immediately draws Yang's ire by criticizing her weight and hair. When the fight starts, Neon manages to evade all of Yang's attacks and continues taunting her with puns and insults, angering her even further. However, after Weiss sacrifices herself attacking Flynt, Yang manages to defeat both him and Neon, winning the match.

Yang fights in the singles round against Mercury. Using her Semblance, she defeats him. After telling him he would have better luck against her next time, Mercury seemingly states that there will not be a next time, and he lunges for her with Talaria. In apparent self-defense, she punches his leg, firing Ember Celica at the same time. However, because Mercury has no Aura left to shield him, Yang's punch apparently breaks his leg. The crowd in Amity Colosseum, however, sees Yang shoot Mercury in the leg without provocation. Atlas soldiers, some androids and some human, come to apprehend Yang for her apparently unwarranted assault.

Back in Team RWBY's dorm, General Ironwood tells Yang that he looks at her action as a stress-induced hallucination. He says that no matter the situation, millions of people saw Yang attack Mercury without provocation. He also informs Yang that she is hereby disqualified from the tournament.

Yang asks her team if they believe her side of the story. Ruby and Weiss do, but Blake hesitates. She reasons that she has seen Yang's actions before but in a different person. Blake makes Yang promise that she is telling the truth. Yang promises, and Blake accepts. The rest of her team leaves and Qrow arrives soon after. Qrow thinks Yang's story of self-defense as a lie or that Yang is crazy. Yang said she is not lying, and Qrow reasons that she must be crazy.

Yang mentions seeing her mother. She recalls her mother saving her and vanishing when Yang is incapacitated. Qrow verifies that it is her mother, but he also relays to Yang that she will not intervene again. Qrow says her mother is dangerous and has a very different worldview. He says she should not let what happened in her singles match defeat her. He offers her a way to move on, telling her some information that will help her track her mother down.

She is later seen listening to Cinder's speech in her room with Zwei also there.

## The Battle of Beacon

Yang leaves her dormitory with Zwei. She calls Weiss and Blake about the attack and asks if they have seen Ruby because she will not answer her Scroll. The two try to assure her that Ruby is probably fine and can look after herself. Yang appears to accept this with some reluctance and heads for the school's docks.

She rushes to Weiss and the group of students as they finish prevailing over the rogue Atlesian Paladins. As Weiss tells her of her whereabouts, Yang sets off to find Blake.

After beating up the White Fang rank and file, she, to her horror, sees Adam stabbing Blake in the stomach. Yang is driven into a berserk rage, leaping towards Adam with tears in her eyes - until Adam intercepts her attack with his sword and severs her right arm with a powerful blow from his Semblance, dealing more damage than her remaining Aura can block. She is sent falling to the ground, unconscious, and with yellow embers flowing from the stump of her limb. Blake uses her Semblance to divert Adam's attention and escapes the building with Yang's unconscious body.

After Yang is bandaged for her injuries, Blake apologizes to the unconscious brawler for being a catalyst to Yang's dismemberment.

After the incident, a crestfallen Yang safely recovers in her home in Patch. When Ruby visits her, she explains what befell Beacon along with their team and says she wishes to be left alone. In the winter, she sees a crow flying outside her window and does not notice her father rush past her open door.

## Recovering on Patch

Months after the fall of Beacon, Yang remains at home, no longer bedridden but still very troubled and living rather idly. She watches television instead of reading books and does chores around the house emotionlessly. When her father gives her the cybernetic arm Ironwood ordered specifically for her, Yang is less than enthusiastic about putting it on.

Between segments on the news, small kitchen accidents and nightmares, Yang is clearly struggling with trauma connected to Adam cutting off her arm.

It is not until Port and Oobleck visit her father that she is directly confronted with what is holding her back from putting on the new arm. Some frank talk between the four of them, and loving support from her father, helps Yang begin to come to terms with moving forward. She is also struck by realizing, due to overhearing her father saying goodbye, that she has been holding him back from important things like helping with Beacon's repair and going after Ruby.

The Xiao Longs train for weeks and Yang learns to enjoy the new arm. Taiyang introduces to her a lesson about relying on her Semblance so much that it becomes a handicap. In the process, he opens up about Raven, telling his daughter he sees so many of her mother's good qualities in her. However, he adds that she also needs to see her way around problems rather than through them, a fault she shares with her mother. Yang takes the lesson to heart and bonds with her father even more.

Later, Yang is seen repainting her robotic arm in her colors, along with the left half of Ember Celica. She prepares to leave on her motorcycle, but Taiyang catches up with her before she can depart. He agrees that she is old enough to make her own decisions, and asks whether she is going to find her sister or her mother.

In Mistral

Sometime after the conversation with her father, Yang takes a ship to Anima and rides Bumblebee to cover ground more quickly. During her travels, Yang encounters Shay D. Mann who, even after she punches him for being too pushy in his interest, approaches her to suggest he can help her in her search. Said patron leads her to a clearing where he and other bandits surround Yang. However, she defeats them all with ease.

Yang is escorted into the Branwen Tribe's camp, where she is finally reunited with her long-absent mother, Raven. The tribe leader congratulates Yang on finding her and offers her hospitality, but Yang counters by stating she came for Raven's help in finding Ruby, something she could do with her Semblance. When Raven refuses and orders her removal, Yang angrily insists she complies and punches another bandit who tries to silence her. In doing so, she reveals a caged Weiss who quickly makes her escape, assisted by her Arma Gigas. Before they can fight their way out of the camp, Vernal halts their advance with a lightning bolt and Raven commands her tribe to stop fighting, lest they attract the Grimm. Raven commands Yang and Weiss into her tent to learn "the truth." As the bandits disperse, the two share a hug of reunion.

Yang and Weiss learn Raven and Qrow attended Beacon Academy to kill and not become Huntsmen, that Ozpin was very interested in Team STRQ and shared many secrets with them and that there is a being named Salem who leads the Grimm to destroy humanity. When Raven starts insulting Team RWBY, Taiyang and Qrow, Yang angrily yells at her mother and asks why she left her. She and Weiss learn of Raven and Qrow's shapeshifting ability, which Ozpin gave them. Raven creates a portal and gives an ultimatum: either they stay with her and learn more or go to Yang's uncle and sister and face what she believes is certain death. Yang angrily replies that all she cares about is Ruby's safety. When she and Weiss ride toward the portal, Raven says she will not act kind the next time they meet. Yang dismisses her and leaves. The two girls reach Qrow, who takes them to Ruby. As her sister tearfully apologizes to her for leaving her, Yang embraces Ruby and tells her she loves her. The two of them invite Weiss to join the reunion hug.

Yang shares a meal and reminisces with Ruby, Weiss, Jaune, Ren and Nora. She shows off her cybernetic arm, and when Nora challenges her to arm wrestle with it, she cuts the match short by shooting it as a projectile into a wall along with Nora. Nora is petrified at the detached limb, but Yang considers revealing the detaching feature a success and laughs heartily. When she and Weiss sit to learn of Ozpin's nature, Yang presses him to answer why he would turn her mother and Qrow into birds. Qrow says it with their decision and was taken seriously. Ozpin then offers the former Beacon students a chance to leave if they feel that the battle against Salem is too much for them. Yang decides to stay on the condition that Ozpin no longer keeps any further secrets from them. Ozpin agrees and invites the students to take the night to rest before taking action.

The next morning, Yang meets Ruby and Weiss outside and expresses disbelief at being in Mistral along with what Ozpin revealed. When Ruby mentions Blake's absence, Yang acts dismissive, bitter and apathetic of the Faunus. Ruby and Weiss press her about this behavior, and she reacts with defiance and red eyes, leading Ruby to worry. After realizing how she came across, Yang dismisses them and returns to her bedroom. She is surprised to find Weiss approach her, and she explains herself. She details the feeling of being alone and left behind and assumes Weiss would not understand. Weiss opens up about her family situation, and Yang apologizes for her assumptions. She continues to not understand why Blake would choose to leave if her friends from Beacon are there for her and why Blake would not be open about herself. Weiss comforts Yang, saying all they can do is be there for Blake when possible, but Yang thinks Blake may not come back to them. Weiss reassures her and says Team RWBY is more a family to her than her brother or father and that she is there for Yang. The blonde is in a better state of mind as Ruby checks in on them.

## The Battle of Haven

On the night of a full moon, Yang travels with Qrow and the others to Haven Academy to meet with Professor Lionheart about the raiding party for the Branwen tribe. During the meeting, however, she spots her mother in her avian form, prompting Raven to reveal herself to everyone. Yang and the others are shocked to find that both Lionheart and Raven have seemingly conspired with Salem's Inner Circle, and they find themselves surrounded by the enemy.

In the ensuing battle, Mercury confronts Yang, and they fight once again. She is shocked when she sees Weiss impaled by Cinder Fall.

When Raven and Vernal travel with the Fall Maiden down to the Vault of the Relic, Nora urges Yang to stop them. Before she can, however, Mercury and Emerald attack her. Throughout the fight, Yang is at a great disadvantage with Emerald's hallucinations and Mercury's surprise attacks. Ruby interrupts the fight, saving her, and the sisters prepare to fight together. Yang coordinates with her sister and fights Emerald, but she is later exhausted from the long battle. Upon the arrival of the Menagerie Faunus and the Mistral police force, Yang is shocked to find Blake standing outside the school building. However, she quickly complies with Ruby's command to head for the Vault, dodging Emerald and Mercury and detaching her robotic arm. Yang then jumps down the pathway and lands, confronting her mother as she is about to take the Relic.

Yang asks what happened to the previous Spring Maiden and realizes Raven killed her, which turns the discussion heated. Yang criticizes Raven for her hypocrisy and cowardice, reasoning that she is not strong because she lets others take conflict for her. Yang uses this logic to demand Raven to relinquish the Relic because of her fear of Salem, vowing to stand against the enemy when the time comes. She does not heed her mother's warning and shoves her away to reach the Vault. Yang returns Raven's apology and turns to find her mother gone, spotting only a black feather. Yang walks into the chamber and takes the Relic, but she drops to her knees and cries at the revelation of her mother leaving her once again.

Yang returns to ground level with the Relic in hand and glances at Blake with a smile. After Salem's followers make their escape after Emerald's breakdown, Yang gives Qrow the Relic and reports that Cinder is gone and Vernal is dead. However, she only states that Raven is gone, withholding her mother's status as the Spring Maiden. As she rejoins her teammates, Yang makes amends with Blake and Team RWBY hugs, reunited.

## Journey to Atlas

Recovering back at the house, Yang and her friends pack their belongings as they learn from Qrow about Ozpin's plan of getting the Relic to Atlas. She then jokes about using Weiss as a potential chance of getting some money for the former heiress' return to her kingdom. As Ozpin emerges from his rest, they learn from him that the Relic of Knowledge can answer three questions every one hundred years. Yang is amazed, though she comments that this Relic puts a lot of pressure on them to keep it safe.

Two weeks after the Battle of Haven, Yang and her friends are in a train station on their way to Argus, a stepping stone on their long journey to Atlas. Once aboard the train, Team RWBY passes time in their passenger car. Ruby calls for an official team exercise, video games, and Yang gets up to retrieve her Scroll for it. Blake, in an overtly courteous attempt to reacclimate with the team, helps Yang get her bag from a high shelf. Yang tells her it was unnecessary but reassures her that she is happy the team is back together.

Manticore and Sphinx Grimm interrupt them, and they climb atop the train to fight them off. A tunnel and the Relic's Grimm attraction complicate the fight. In response, Ruby devises a plan that Jaune, Ren and Nora take all the passengers and the front cars to Atlas safely while Team RWBY, Qrow and Oscar use the rear cars to fight the Grimm. Just as they win the fight against the Grimm, the Sphinx spits one last fireball at the tracks, derailing the train and sending the fighters into a snowy forest. Maria Calavera, an old woman who happened to stay in the rear cars, comes out and greets them.

As she struggles to extricate Bumblebee from the snow, Yang laments their predicament and confronts Ozpin about breaking his promise to stop keeping secrets. The discourse grows heated between the two, as Ozpin ultimately defends his secretive methods despite causing the group to be separated from Team JNPR. Suddenly, Oscar temporarily overrides Ozpin and urges Ruby to summon Jinn from the Relic. The magical being introduces herself and reveals that she can still answer two questions, incensing Yang as she realizes Ozpin had lied about all the questions being used. Qrow tries to speak up, but Yang gets defensive which causes him to relent. After her sister asks Jinn about Ozpin's secret, Yang and the others are separated from one another in a white space. Jinn then begins to tell them a story to answer Ruby's question, revealing that Salem was once human.

As she learns of Salem and Ozma's past, and that Ozpin cannot defeat his former lover, Yang is angered by the revelation. Her temper worsens when the Headmaster seals himself within Oscar's mind, and Yang forcefully demands Oscar to bring him out despite him being unable to. As the tension in the group rises, Maria steps up and directs them to a nearby trail to try and find shelter. Yang is seemingly irritated by the given orders, but her complaints are cut off quickly by the older woman. She later pushes Bumblebee with Maria riding on it, as the heroes find Brunswick Farms and enter to take shelter from the snowstorm.

## Nightmare of Brunswick Farms

After Qrow breaks down the front door of the main house, Yang goes with Weiss to find blankets to keep themselves warm. But in the master bedroom, they find a pair of decomposed corpses on the bed causing Weiss to cry out in terror. As the group gathers around the fire, they learn from Qrow that everyone else on the estate had also seemingly died in their sleep, and they have no other choice but to spend the night at the manor until the storm clears. After Ruby suggests that there should be supplies for them to use, Yang grudgingly agrees to go with Blake to find a vehicle. The pair looks into a shed and find a flatbed to attach to the back of Bumblebee. All is well until Yang looks out the window and is frightened upon seeing Adam. She admits her PTSD to Blake and asks if they will have to confront him again. Yang is happy when her partner reassures her that they will face Adam together. But things turn sour when she is seemingly insulted by her partner's promise to protect her, causing her to turn around to go back to the main house.

Later that night, Yang is seen sitting by the fireplace, gazing into the warm flames. Ruby comes into the living room and tells everyone to be ready to leave in the morning. The next day, she's outside as the finishing touches are put on both her bike and the flatbed trailer. But when the trailer gets a flat tire, Yang becomes depressed at their misfortune. She then argues that it would be best to simply discard the Relic, citing that it might not be found for years. But when Ruby loses the lamp in the well, she's insistent upon reclaiming it before leaving, much to Yang's discontent. She and the rest of the team descend into the underground waterways to find the lamp, which is quickly found, along with a band of Grimm called the Apathy, whose screams drain everyone of their will. Maria calls for them to flee, as more Apathy emerge from the tunnels. They flee to a cellar, only to find more Apathy waiting for them, and are nearly incapacitated by their screams. Though once Ruby disintegrates them with her silver eyes, Yang immediately heads for the locked exit and breaks it open with her robotic fist. After they find Qrow passed out in the bar, Yang grabs Blake's hand and quickly leads the way outside. She then calls for Oscar, who was just finishing replacing the flat tire, to leave immediately.

Yang drives along the snowy path, her team behind her in the trailer. As Maria finishes her story about the Apathy, Yang apologizes for her careless words, saying they cannot give up until the Relic is secured.

## A Brief Respite

As Yang continues to drive, The group learns Maria was a Silver-Eyed Warrior known as the Grimm Reaper, but she was blinded and went into hiding out of fear. All of a sudden, they get a call from Jaune on Ruby's Scroll, and Yang drives up the hill and announces to the group they have finally reached Argus. After she parks Bumblebee, the group reunites with Jaune, Ren and Nora and takes the trolley through the city, where they find Jaune's sister Saphron Cotta-Arc and her son Adrian Cotta-Arc. At the Cotta-Arc house, Yang plays with the baby and later fonds over him with Weiss, and they all meet Saphron's wife Terra Cotta-Arc and eat sandwiches. Team RWBY plans to get through the Argus military base the next day, but when they go, its front gate quickly closes before them.

Yang yells at the guards for not hearing the group out first, but they eventually meet Caroline Cordovin who only allows Weiss to return home in Atlas. The gates close on the group again and Qrow goes out to drink, leaving Team RWBY and Oscar are left to tell Team JNR about Ozpin and Salem. The revelation to Jaune, Nora and Ren does not go well, and the entire group splits to have time by themselves. Later, Yang calls out to Ruby, who is conversing with Maria, as the group finds that Oscar has disappeared.

They then split up to search for Oscar. With no luck, Team RWBY and Maria return to the house at night where they find Qrow drunk on the front steps, something that Yang has never seen before. After she and Ruby get their uncle up, they are reunited with Jaune and his group, and everyone is later surprised to find Oscar with a new outfit. Inside the house, Yang and the others listen to Jaune's idea of stealing an Atlas airship, later asking how they would get on the airfield. The group is saddened when Qrow rejects Jaune's idea, but their spirits are quickly lifted when Ruby decides to hear Jaune out and that they should do things their way.

The Airship Heist

While the majority of the heroes head to the Argus coast to steal an airship, Yang and Blake take Bumblebee to the CCT relay tower to disable Argus' military radar. Yang drops Blake off, and after exchanging a few words, waits by Bumblebee for her return. However, when contact with Blake is lost and the plan starts to unravel, Yang tells her friends to keep it together and goes to find Blake.

Yang soon finds Blake at the mercy of Adam Taurus. She drives Bumblebee off a cliff and disembarks in midair so that it rams into him and falls into the river. Yang offers Blake to take her place and fight Adam, who agrees without question. The two combatants exchange blows, Yang holding her own and clearly having learned and grown more skilled since her previous encounter with Adam at the Battle of Beacon. After blocking a full-force attack from Adam's Semblance with her robotic arm, she tells Adam it is his last chance to stand down. But Adam calls her bluff, insinuating she is afraid to die protecting Blake, which visibly angers Yang. Blake grabs Yang's quivering hand and rebuts Adam by saying that they are protecting each other.

When Adam challenges that Blake is promising Yang what she once promised Adam - to not leave her - Yang counters, asking if Adam was manipulating her. Yang and Blake engage Adam once more, landing a succession of hits by working together. Yang grabs Blake's weapon, and with the ribbon, she sends Blake careening toward Adam, but Blake loses the engagement, and her Aura breaks upon her body hitting the cliffside. Yang pays attention to Blake free climbing as she engages Adam. Adam bullheadedly charges at Yang, and she activates her Semblance. She catches his blade in her robotic hand, her hair on fire, and jerks him forward into a strong punch to his gut, the force sending him sliding on the ground and kicking up the earth.

Both Adam's and Yang's Auras broken, she throws his sword over the edge, setting Blake up to punch him under the jaw. He stumbles over Blake's weapon, and Yang and Blake retrieve the severed portions of it, stabbing him through both sides of his torso. His blood spreading, Blake and Yang remove the blades and watch Adam hobble until he falls lifelessly into the water below. Yang comforts Blake, who breaks down after having killed the man who defined much of her life. She says she knows Blake will keep her promise not to leave Yang again.

Yang and Blake reconvene with the group at the cliff, the heroes having disabled the mech while a Leviathan and several Grimm are set upon Argus. Everyone boards the stolen airship, and Yang and Ruby console Blake as she blames the invasion on herself for failing her part of the plan. Yang helps distract the Leviathan for Ruby to use her Silver Eye powers. It is not enough, however, and Yang is powerless to stop the Leviathan from focusing on Ruby. Ruby is successful, however, and Cordovin allows the heroes to leave for Atlas.

After Blake and Yang share what happened with Adam, Yang takes Blake's hand, saying they were there for each other, and Blake smiles. Oscar shares that Ozpin has been mentally present to a degree, leading Yang to wonder if the former headmaster had been spying on them. On approach to Atlas, Yang enjoys the view, yet she worries about the military's overt presence. A voice on the radio welcomes them to the Kingdom.

## From Mantle to Atlas

Cautiously, Yang and the group decide to fly down to Mantle instead of trying to meet Ironwood directly. Along the way they leave the Manta behind, and Maria leads them through Mantle, where Yang destroys a surveillance robot on their way, to what turns out to be Pietro Polendina's pharmacy. The heroes talk to him and try to ask him to meet Ironwood.

Suddenly, however, an alarm sounds, and Yang and the group fight an onslaught of Sabyrs. Penny interrupts the fight and finishes the last of the Grimm before sharing an oddly heartwarming reunion with the heroes. After Penny leaves to fight more Grimm, the Ace-Ops arrest the heroes for unauthorized weapon use, seizing their weapons and the Relic, and putting them in a transport bound for Atlas.

On the airship they meet Forest, a supporter of Robyn Hill. They talk about her with Forrest for a short while before they are delivered to Ironwood and released from their restraints. Shortly after that, Ironwood reveals his plans to the group while Ruby decides to withhold information about what happened on their way to Atlas from Ironwood.

Later the group, minus Qrow, is lead to Atlas Academy where they can rest.

After completing a mission to secure the launch site for the Amity Communication Tower, Ironwood grants Yang and her friends their Huntsmen licenses. As now official Huntsmen, Yang and her friends go through several training exercises with the Ace Operatives to improve their skills. They also do Huntsmen missions to assist the construction of Amity Tower, defend Mantle from any Grimm attacks, and hunt any loose Grimm.

After several weeks of rigorous training and missions, Ironwood grants Yang and her friends a night off during election night. Blake and Yang decide to go out partying with Team FNKI.

After the election night incident at the Mantle Warehouse, Ironwood tasks Yang, Blake, and the Ace-Ops to find and arrest Robyn and her Happy Huntresses after began stealing some supply shipment trucks during a curfew and a ban on public gatherings, delaying the launch of the Amity Communications Tower. En route, Yang suggests it would have been better to explain to Ironwood all they knew about Salem, but based on his reaction to what he does know, Blake disagrees. Discussing the situation, Blake alludes to the death of Adam Taurus, and worries about the potential confrontation with Robyn. Yang suggests they not confront her.

When attempting one heist, however, Robyn discovers Yang and Blake and quickly orders her Happy Huntresses to make their separate escape and regroup at their hideout. Robyn flees as Yang and Blake give chase, but they are adamant about talking and inform her about Ironwood's secret project. Skeptical at first, Robyn tells one of the two to hold her hand and reminds them that they do not have much time before the Ace-Ops arrives. When Blake takes Robyn's hand, Robyn uses her Semblance and asks the cat Faunus about Ironwood's motives in the tundra. Despite Blake telling the truth, Robyn questions why Ironwood keeps it a secret. Blake says that he cannot trust anyone and that if certain people in Atlas find out, they will try to destroy Amity.

Before parting ways with Yang and Blake, Robyn swears that she will never stop until she finds out the truth.

Ironwood and his subordinates are later invited by Jacques to a private dinner party at his mansion to defend his council position. Yang and her friends are invited along too as a precaution in case the council needs more witnesses. Before leaving, Team RWBY and Oscar discuss their suspicions of Jacques and his suspicious election victory and possible ties to the hacker in the security network. They decide for Weiss to sneak off in the mansion and search his office for clues. Weiss successfully sneaks to his office during the party and, with some help from her mother, obtains a recording of her father and Arthur Watts striking a deal for Watts to rig the election in exchange for humiliating Ironwood. Weiss shows the footage to the council resulting in Jacques being stripped of his rank and arrested.

Meanwhile Watts, using Jacques' council credentials, hacks into the Mantle heating grid and deactivates the heat throughout the city, freezing the citizens. The public assume Atlas to be freezing them out and cause a huge riot and fire in the streets, attracting a massive Grimm invasion. With the panic Ironwood was afraid of already happening, Ruby and Oscar convince him to tell the council and Robyn of Salem, which he agrees and complies with. Team RWBY and Team JNR deploy to Mantle to protect the citizens and repel the Grimm along with the Ace-Ops.

The Huntsmen fly into Mantle on an airship but are shot down by Teryx Grimm. They split up into teams of 3 to help as many civilians as possible, with Yang being on a team with Elm Ederne and Blake.

As they battle the Grimm, Ironwood releases a broadcast to Mantle and Atlas revealing the existence of Salem, her associates and their responsibility with their attacks on Beacon, Mistral and Mantle much to Yang's joy.

During the evacuations, Yang and the other Huntsmen suddenly receive a message from Ironwood to be recalled with zero explanation. Confused, they return to Ironwood who reveals a Black Queen chess piece, the symbol Salem used before Beacon fell, was placed in his office. Ruby realizes that Cinder Fall was responsible upon seeing it was made of black glass. Ironwood caves in to paranoia, suspects Salem was ahead of the whole time, and loses trust in Team RWBY for lying about Ozpin, Jinn and for Blake and Yang leaking the Amity plans to Robyn unbeknownst to Ruby and Weiss. The meeting is suddenly interrupted by the emergence of a Seer Grimm, which was hiding in Watts bag, and conjures up a mirage of Salem. Salem reveals she is imminent to Atlas and threatens to destroy both cities if the group does not surrender both relics. Ruby defies Salem, stating they will stop her regardless if they can kill her or not. Salem retorts that her mother also said the same thing but was also proven wrong, causing Ruby to break down crying as the mirage fades.

The Salem apparition disappears, and the Ace-Ops begin to panic, especially upon realizing that the proximity alarms along the coast near Atlas are inactive. Blake asks about the readiness to launch the Amity Tower, but Yang realizes that Ironwood just said that to lure out Watts. Ironwood states that he has sent Winter to claim the Winter Maiden's powers and that he wants to seal the Relic of Knowledge in the vault with the Relic of Creation. He tells Ruby that he changed his mind about letting Team RWBY keep the Lamp because they lied to him and because Salem is on their doorstep while everyone is too exhausted for another battle.

Ironwood then explains that he intends to raise the City of Atlas into the atmosphere instead of Amity Tower. There, the city, the two Relics and the Winter Maiden will be safe from Salem. Team RWBY protests that this plan would mean leaving people in Mantle to die due to the evacuation not being complete, but Ironwood and the Ace-Ops refuse to reconsider. Suddenly, Jaune opens a group call with Ruby, Qrow and Winter. Taking the opportunity, Ruby uses her Semblance to get past Ironwood and warn the others about his plan. Ironwood locks communications, declares that Team RWBY are under arrest, and leaves while the Ace-Ops get ready to detain them.

Harriet locks down Ironwood's office, letting RWBY decide whether they'll be arrested peacefully or not, prompting Marrow to hesitantly ask if they're really going to fight. Ruby taunts Harriet by saying the Ace-Ops were the best Huntsmen in Atlas until they trained her team, prompting the fight to break. Yang tag teams with Blake, battling Elm and Vine Zeki, where the former eventually traps Blake. Vine tries to talk Yang into surrender, promising nobody will be hurt, causing Elm to snap at him to speak for himself, personally feeling betrayed by RWBY. Yang snides that Elm shouldn't care because of her orders, enraging her into dropping Blake and exasperating Vine. Elm tosses Blake aside and forces Vine to re-strategize.

Elm tries to psyche herself (and Vine) into letting go of their restraint and bonds to RWBY, but fails to do so. She and Vine's lack of communication and support leads to their defeat. Team RWBY then ties Harriet and the Ace-Ops to their Gravity Bolas, and leave them in Ironwood's office. Pietro Polendina and Maria catch RWBY tying up the Specialists, deciding to help the Huntresses. The group makes a plan where Ruby and Weiss will catch up to Winter and the Maiden whilst Yang and Blake find their friends to escape Atlas.

They arrive in the Atlas Medical Facility, where Yang asks what happened upon seeing an injured Winter Schnee and dead Fria. Ruby and Weiss join her without an explanation, and Penny decides to go with them. On the airship, Ruby and Weiss comfort Penny, until they intercept a broadcast from the military; Salem has arrived.

---

We gasped.

Me: Yang, I'm so sorry.

Laney: Your mom must have a really strong hatred over Salem.

Yang: She does.

Nico: And I killed Salem before she did. She's gonna come after me now.

Me: We won't let that happen. Lets see here.

I pulled up the history of Raven.

---

Both Raven Branwen and her twin brother, Qrow Branwen, were raised in the Branwen Tribe, a group of bandits based in Anima.

When the tribe decided they needed a force to counter the Huntsmen, the only real threat to their raids besides the Grimm, Raven and Qrow were sent to combat school when they were of age. The twins' skills and abilities garnered Ozpin's attention, and they were enrolled to Beacon Academy and placed on Team STRQ along with Summer Rose and Taiyang Xiao Long.

At some point, Ozpin revealed the secrets of his abilities, his longevity and Salem's existence to Team STRQ, and gave Raven and Qrow the ability to shape-shift into the birds of their namesakes. Deciding on investigating on her own, Raven's findings gradually made her become more horrified and disillusioned with the world, and she developed negative conceptions towards Ozpin.

Raven was once in a relationship with Taiyang and bore him a daughter - Yang Xiao Long. But having deemed the fight against Salem as hopeless, and deciding to stay true to why she became a Huntress, she left for the tribe, not long after Yang's birth, and eventually rose to become its leader, while possibly wanting distance herself from Ozpin. Qrow, however, never returned to the tribe, seeing them as "killers and thieves" and believed in Ozpin. Raven saw Qrow's desertion as betrayal and his trust in Ozpin foolhardy, and the twins have been feuding with each other ever since.

Approximately seven years later, she met the previous Spring Maiden, who had abandoned her responsibilities, and accepted the maiden into the tribe. Despite giving her training in her abilities, Raven found the effort to do so unproductive and the Maiden too weak to take advantage of her powers, and subsequently killed her out of "mercy" and inheriting her Maiden powers as a result. Shortly after, she assigned one of her tribeswomen to serve as her decoy. That tribeswoman renamed herself Vernal to complete the ruse.

Although she abandoned Yang long before her daughter could remember her, Raven kept an eye on her over the years through her bird form. Yang spotted this bird a number of times but never realized it was her mother until much later in her life.

## Mountain Glenn

Raven makes her debut in the episode "No Brakes", where she intervenes in the fight between Yang and Neopolitan just before Neo could deliver the killing blow to an unconscious Yang. Her presence appears to deeply frighten Neo, who immediately breaks off her attack on Yang and teleports away. Yang regains consciousness just in time to see her mysterious savior disappear into a red and black rift.

In a post-credits sequence during the Volume 2 finale, "Breach", Raven and Yang apparently meet again, this time in front of the main statue at Beacon Academy. When Yang asks Raven who she is, she tilts her head down and removes her mask, revealing an uncanny facial resemblance to Yang before stating that they have much to discuss.

Since Yang never mentioned meeting Raven in the post-credit scene in Breach, and the visual distortion of the entire scene, it can be assumed the scene was most likely some sort of dream or vision.

## Vytal Festival Tournament

During the Vytal Festival, Raven tracks her brother whilst in her bird form, following him back into Beacon. When Winter Schnee engages Qrow in battle, Raven flies away without revealing herself.

Qrow visits Yang after her singles round fight. Yang mentions that she saw Raven on the train, and Qrow confirms it. Qrow adds that he does not agree with her worldview and calls her dangerous. Nevertheless, he tells Yang that he has information that can help her track Raven down.

After Yang lost her arm in combat with Adam Taurus, Raven checked in on her in her bird form through the window. Although Yang spotted her, Raven did not reveal herself and instead flew away without ever talking to her daughter.

## Meeting in Higanbana

Several months after the fall of Beacon, Raven spies on Qrow in her bird form as he follows Team RNJR through Anima. Eventually, she meets Qrow face-to-face in a tavern at Higanbana to discuss the whereabouts of a relic and if Salem possesses it. Parts of the siblings' background are revealed during the conversation, including their childhood of being raised by the bandit tribe that caused the recent massacre in Shion village. Raven is still angry at her brother for leaving the tribe, considering them their family. Qrow counters with Yang's situation, stating that he is angry at Raven for treating her daughter as if she does not exist. Raven says she leads the tribe now and subtly claims responsibility for Shion. After receiving no answer from Qrow about the relic, Raven refuses to tell Qrow whether or not she knows where the Spring Maiden is, and leaves.

Later, after Qrow's fight with Tyrian Callows, Raven spies on her brother, who informs Team RNJR about the Brother Gods, Ozpin's hidden group and plans with the Relics, and his Semblance. Qrow notices Raven in her bird form, ending the discussion while she's still around.

## Raids in Anima

Somewhere near Lake Matsu, Raven and her bandits stumble across a crashed cargo ship and find a weakened and injured Weiss Schnee. Feeling that the girl has great value, Raven knocks Weiss unconscious.

Some time later, Raven exits her tent in the bandit camp to find her daughter Yang in company. She addresses her with congratulations at first and offers to answer any of Yang's questions. After Yang says she came as a stepping stone to get to Ruby, Raven is disappointed and would rather Yang searched for Ruby directly just as she did for her. She also considers Ruby a lost cause by her relation to Qrow, saying Ozpin is not outwardly truthful or worthy of trust. She leaves the choice to Yang, but she also calls Yang stubborn. Yang's retort leaves Raven to disregard her daughter until Yang and a newly freed Weiss almost fight the entire tribe. Raven accepts the situation and calls the two into her tent to learn "the truth".

Raven tells Yang and Weiss she and Qrow attended Beacon Academy to kill and not to become Huntsmen and that Ozpin was very interested in Team STRQ and shared many secrets with them. Eventually telling them that there is a being named Salem who leads the Grimm in an attempt to destroy Humanity. When Raven starts insulting Team RWBY, Taiyang and Qrow, Yang angrily yells at her and asks why she left her. Raven does not answer and instead offers to prove the existence of magic. Raven leaves the tent and later transforms away from her namesake bird after saying it is "what Oz did to my brother and me". Raven creates a portal and gives an ultimatum- either Yang and Weiss stay with her and learn more or go to Qrow and Ruby and face what she believes is certain death. Raven is disappointed to hear Yang say all she cares about is Ruby's safety. When Yang and Weiss ride toward the portal, Raven says she will not act kind the next time they meet. After her daughter leaves, she agrees in not having been kind this time either.

## Dealings with Cinder

One day, Raven is shocked to learn from Vernal that Salem has found them with four of her followers waiting for her: Cinder Fall, Arthur Watts, Mercury Black and Emerald Sustrai. During their meeting, she keeps a confident persona, orders her tribe to prepare to move and has Vernal display her mastery over the Maiden powers. Though after learning Haven Academy Headmaster Leonardo Lionheart is working for Salem, Raven loses her cool and states her refusal to get caught in the war between Salem and Ozpin.

She struggles to negotiate, and Cinder and Watts pressure her with the White Fang's upcoming attack on Haven. Raven seemingly capitulates but asks for the death of her brother because he knows her possession of the Spring Maiden would mean she helped Salem. Though she knows Qrow has Yang, Weiss and Ruby with him, she proposes they ambush Qrow while he is alone and retrieve the Relic for Salem.

After Salem's followers leave, she has Vernal follow them to learn where they are staying. Raven then reveals her plans to take the Relic of Knowledge for herself to ensure the survival of the Branwen tribe. She shapeshifts into her bird form and flies through a portal to Qrow in Mistral.

She's next seen in Headmaster Lionheart's office after he ends a call with Qrow. She learns of his reasons for helping Salem and tells him there is no shame in wanting to survive. Though when asked who she was trying to convince, Raven abruptly makes her way out.

## Attack on Haven

On the night of the full moon, Raven watches over Lionheart in her raven form as he meets with Qrow and the students. When Yang spots her and Qrow fires at her, she reveals herself and confirms with her brother that she has the Spring Maiden. Raven refuses Qrow's demand to work with him and his allies to defeat Salem, for to her, defeating Salem is impossible. Ruby then approaches her, reasoning that nothing is impossible as long as they work together and asks her to join them. Raven, however, coldly comments that the girl is like her mother and allows Cinder to attack her. After the revelation of both Raven and Lionheart's betrayal, a battle ensues between the heroes and villains with Raven fighting her brother. She states her disappointment in her family and is unsurprised when Qrow cuts his family ties with her.

When Qrow moves to protect Oscar Pine from Hazel Rainart, Raven, Vernal and Cinder travel down to the Vault where the Relic is kept. The bandits continuously express lack of excitement at retrieving the Relic, and Cinder walks behind the two as they approach the Relic's chamber. Raven dons her mask and reaches for her weapon, only to be taken by surprise when Cinder freezes her. By the time Raven frees herself, Cinder has taken Vernal down and found no Maiden powers within her. Raven throws off her mask and reveals herself to be the true Spring Maiden.

The two former allies fight, and Raven shatters Cinder's sword, a fragment sticking into her Grimm arm. Raven points out it is unprotected by her Aura due to its nature, and the pair quickly resume their battle. As the fighting grows more intense, large stalactites fall from above. Raven is caught by Cinder's Grimm arm but sees an opportunity and freezes Cinder's feet to the floor long enough for a falling stalactite to crush her. Raven then leaps onto another stalactite, and Cinder propels up to resume the battle. The pair clash swords repeatedly atop the falling debris, and Raven slowly gains the advantage. Both combatants land hard upon the ground, their Auras badly damaged but Cinder clearly the worse for wear. Raven warns Cinder to watch her back, and her opponent turns and blocks a last-ditch effort from Vernal. Seizing the opportunity, Raven gets behind her and uses a lightning-enhanced palm strike, sending Cinder over the edge of the walkway. Raven encases her in ice for good measure as Cinder falls into the abyss, defeated.

Raven thanks Vernal for her last act of service, closes her eyes and proceeds toward the Vault door. She places her hand upon it, and it opens moments later, revealing the Relic of Knowledge beyond. As she nears the Vault, she hears a gunshot behind her. Raven turns around and glares to see Yang on the other end of the walkway.

At first, Raven is dismissive of Yang, feeling her daughter has simply fallen in line with Qrow and Ozpin despite her warnings. When Yang questions her on what became of the last Spring Maiden, Raven angrily retorts that her predecessor was hopeless and thus killed her "out of mercy". Then, when Yang asks if Raven killed the woman she used to be, Raven desperately tries justifying herself and her strength and becomes enraged when Yang has the audacity to lecture her on the subject. However, when Yang points out Raven's fear of Salem, Raven becomes resigned, knowing she cannot refute her. The tribal leader makes one last attempt to stop her daughter but is rebuffed and bumped aside. With tears falling from her eyes, Raven apologizes to Yang before creating a portal to escape the Vault, leaving a black feather behind as evidence of her departure.

Later, Raven is heard flying over Taiyang's house in her corvid form, and another feather falls from her.

* * *

We gasped.

Me: Whoa!

Qrow: Yeah my sister has always had a stubborn side to her. She has always been one that doesn't listen to reason very often.

Me: I can see that. But she is still Yang's mother.

Lincoln: Look, Yang. The next time you see your mom, you and her should reconcile with each other.

Yang: (scoffs) What makes you think my mom feels sorry for what she did at all?

Bluestreak: Call it a hunch.

Me: I agree with Lincoln, Yang. You have to reconcile with your mom. She may be hard-headed but she is still your mom nonetheless.

Yang: You're right. But if I see her again I will beat some sense into her for what she did.

Laney: Oh boy.

Eli: This is gonna be a rough ride for her.

Nunnally: I know. It's hard to imagine that she went through so much.

Weiss: She sure has.

We had a really great time in the Rainbow Valley and it was amazing.

* * *

Later at the Krusty Krab we were having a really great lunch and we were having Krabby Patties.

Me: (Eating a Krabby Patty) Mmm! Really good Krabby Patties.

Skyla: These are really good.

Eli: They sure are.

Nunnally: You said it.

Clawful: (to Mr. Krabs) From one crustacean to another, these Krabby Patties are delicious!

Mr. Krabs: Why thank you Clawful.

Lasher: What's the difference between Krabby Patties and normal burgers?

Lily: Krabby Patties are made with a special super secret recipe and regular burgers are made with beef.

Me: They are really delicious.

Varie: They sure are.

Sandy: Acid Man, you're a scientsit robot, right?

Acid Man: Of course. I was designed to be that.

Sandy: You think you can help me with my experiments in the future?

Acid Man: I would be honored Sandy.

But then a news report came on the TV.

News Reporter: Attention, attention! We Interrupt this program to bring you a Bikini Bottom News Blast! (KRABOOM) TERROR FROM NEW KELP CITY! Attention all citizens, terror is spreading all over the city as an evil gang is terrorizing all of Bikini Bottom as a gang is pulverizing the citizens and killing them and enforcing terror all over the city! Me: WHOA! THESE GUYS ARE RUTHLESS!

Gabriel: SpongeBob, are those friends of yours?

SpongeBob: You guys would hate these guys. It happened when I was over in New Kelp City. I got amnesia went to New Kelp City.

Lily: I remember those guys!

Nico: Can you tell us what happened Lily?

Lily: I sure can.

Lily went over their history.

---

The Bubble Poppin' Boys are a gang from New Kelp City and the main antagonists of the episode "What Ever Happened to SpongeBob?" Only the leader speaks, and he was voiced by guest star Ray Liotta.

The gang beats up the people of New Kelp City whenever they blow bubbles. They were flown away in a giant bubble by SpongeBob.

They all have black pompadour haircuts, black leather jackets with their logo on the back, jeans, and black boots. Their leader has orange scales and can make a claw grow out of his pinky finger.

Three of the other Bubble Poppin' Boys have similar appearances, yet one has green scales, one has purple, and one has red. Another member of the gang is a yellowish-beige color and he is considerably more muscular than the other members.

Biography

They scared everyone in New Kelp City into never blowing bubbles.

They hated bubbles since whenever they popped, it would sting their eyes. Whenever people break their rules, they beat them up for it, and the town never blows bubbles out of fear of the gang coming.

Role in episodes

When amnesiac SpongeBob breaks the rule, they confront him and prepare to carry out their practice, but he runs off with them pursuing him. Eventually, SpongeBob sends them out of the city by blowing a giant bubble, trapping them inside it as it floats out of the town.

The green fish from the gang appears as the Glove World! mascot, Glovey Glove.

---

We gasped in shock!

Me: These guys sound like they are really dangerous!

Lily: They are ruthless! And it was because of 4 certain people that drove SpongeBob out of town that SpongeBob found them and I followed his trail and beat the Bubble Poppin Boys. Patrick, Squidward, Sandy and Mr. Krabs drove SpongeBob out of town for being a klutz and I reprimanded them for doing that.

Lily's eyes glowed red.

Lily: I almost killed Squidward for that and tore his head off! I then threatened his life! He took it as an empty threat though.

Squilliam: I blame Squiddy for this!

Mr. Krabs: You mean Squidward, right?

Squilliam: Well, who else should I blame?

Sandy: (guilty) Us. Me, Mr. Krabs, and Patrick drove Spongebob away when he was only trying to help us.

Harley Quinn: (to Sandy, Mr. Krabs, and Patrick) HEY! Look, it's your fault, it's Squidward's fault, who cares? Are you guys up for this? Are you? (the three of them look at her) Look, I just need to know, cause Bikini Bottom is under attack. There's a bunch of bubble hating jerks out there, and I have a bat and hammer. None of this makes sense. But me and my friends are going out there because it's our job. Okay? And we can't do our job and babysit you 3. It doesn't matter what you did, or what Squidward did. If you go out there, you fight, and you don't hold back. Stay in here, you're good, I'll send Squilliam to come find you, but if you step out that door, you guys are heroes.

Sandy: You're right guys!

Mr. Krabs: Lets go keelhaul those scalawags!

Squilliam: Lets do it!

Me: Lets go have ourselves a fish fry!

Lincoln: But lets do an Orange Lantern Entrance.

Me: Hey good idea buddy. Lets do it!

We were off.

---

In the heart of Bikini Bottom, the Bubble Poppin' Boys were causing mayhem and destruction. They destroyed the entire police station and smashed the entire police force into pulp. It was total Anarchy!

Leader: This town is hereby under our rule! Anybody that blows bubbles we will kill you!

Suddenly a massive pillar of orange light exploded out of the ground and the Emblem of the Orange Lantern Corps appeared in the air.

Lincoln: What's mine is mine, what's your's is your's, until I make yours mine with orange light it's all mine!

We appeared out of the light and landed in front of the Bubble Poppin Boys.

Miranda: I'm sorry. But Bikini Bottom is closed today. You guys better pack up and get the hell out of here. Now!

Lily: Been a while boys.

Leader: We got a score to settle with you Lily!

Lily: I will kill you all for causing all this senseless destruction.

Nico: You guys are gonna be food for the sharks!

Me: And the West Side Story look ended 59 years ago so get a better look that suits you.

BPB 1: Not if we kill you first!

SpongeBob: It's payback time you bubble-hating jerks!

But then 6 flashes of red, yellow, green, blue, indigo and violet light appeared and out came Roman, Devack, Misty, Kalin, Greiger and Rex appeared.

Me: The Dark Signers minus Carly.

Roman: Yep.

Devack: What happened here?

Lily: Blame these guys for it.

Rex Goodwin: So, we come here to get Krabby Pattires and we find this.

Maria: I take it you guys aren't helping these jerks out?

Devack: Of course not! Something like bubbles isn't worth hating.

Laney: I agree. These guys are going to the toughest maximum security prison in all of the seven seas.

?: I agree with you.

A figure came out and it was HAMHOCK from episode 15 of Jungle

Fury!

---

Hamhock is the Rinshi, who holds the spirit of the Pig. He was called and sent by Camille to keep the Rangers busy. Hamhock tricked Casey and made him go to the factory, using the false ask of pizza. When Casey was delivering a pizza, Hamhock ambushed him and easily defeated Casey. Hamhock used in the battle a chain of sausages on the hook. When Theo and Lily came, they helped Casey defeat the beast. The rangers morphed into Jungle Master Mode and defeated Hamhock with Claw Cannon. Then Hamhock enlarged himself, but was destroyed by Jungle Master Megazord with Shark Power.

---

Casey Rhodes: Hamhock!

Hamhock: (Oinks) Been a while rangers.

Me: I remember you! You were sent by Camille to keep the rangers busy and you tricked Casey into ordering a pizza so you could ambush him.

Hamhock: Good memory on you. Mistress Vypra wasn't kidding when she told me about your awesome memory.

Lynn: And that sausage chain of yours looks really tasty! (Drools)

Casey just shoved a Jungle Karma Pizza box into Hamhock's hands.

Hamhock: What's this?

Casey: When we first fought you, you ordered a pizza from Jungle Karma. You paid for it with money. And now, you're gonna eat a Jungle Karma Pizza before we fight.

Hamhock: Why thank you.

He ate the whole pizza in one bite.

Me: What a pig.

Yang's stomach growled loudly.

Yang: Oh no.

Ruby: Yang, stay calm. You're about to transform.

Yang dropped to the ground, held her stomach, and screamed in pain.

Yang: Is this what I have to go through every time I turn into my Dark Form?!

Roman: (solemnly) I'm afraid so.

Suddenly, Yang was enveloped in a pitch black aura and she had angel wings explode from her back and she had a wicked awesome sword that can turn into a gun.

Laney: WHOA!

Lincoln: Are you all right Yang?

Yang: Yeah I'm okay. But I'm much better than ever before.

Ruby: Glad you're better sis.

Yang: Thanks Ruby.

Gia: You guys are through terrorizing Bikini Bottom!

Lily: It's payback time for all the senseless destruction and the lives you've tortured and killed!

Megaforce Rangers: Legendary Ranger Mode: Nova Flashteam!

The Megaforce Rangers turned into the Flashman Rangers!

?: I will gladly help you!

Storm Clouds rolled in and out of them came the almighty god of the seas himself! KING NEPTUNE!

Me: King Neptune!

King Neptune: It's an honor to meet all of you Team Loud Phoenix Storm and young Lily we can't thank you enough for saving all of the seas from Plankton.

Lily: It was our pleasure your majesty. Shall we take these clods down?

King Neptune: Lets shall!

We faced them.

King Neptune: You boys are in serious trouble!

Me: Big time trouble! Lets get them!

We powered up and went at them!

---

Miranda: That was the first name that came to our minds.

Raythor: It sure was and I thought it was a good name.

Roman: I do too. Lets do it. I summon EARTHBOUND IMMORTAL URU!

He summoned the Spider Earthbound Immortal, Uru and he called out his Pokemon! They went at them and fired energy blasts and blasts of red fire and blasted Uru apart and knocked Roman and his Pokemon down.

Giganta: I helped invent the name for us.

Harley Quinn: I thought it was a great idea.

Kalin: It's an awesome idea!

Morpheus: Before we fight I have a question. Why did you want to kill J.D. and would stop at nothing till you did so?

Kalin: It was insanity after I died. After I was brought back to life as a Dark Signer, I went rabid and swore to kill the first person I saw. Now I realized that I was being a total fool.

Morpheus: Oh that's all right. Lets do this then.

Kalin: With pleasure. I summon EARTHBOUND IMMORTAL CCAPAC APU!

He summoned the Giant Earthbound Immortal, Ccapac Apu and his Pokemon and they went at Kalin and blasted Ccapac Apu with powerful blue fire and blew him apart and they fired blue energy blasts and knocked him and his Pokemon Down!

Gabriel: And I guess the rest is history with each of the other Dark Signers.

Brittney: Yep.

Nathalie: That's amazing.

Rex Goodwin: That's really cool.

Brittney: It sure is and they correspond with the colors of the colors of the Dark Signers. Like Violet for Condor, Red for Spider and so on.

Lynn: The Pig Spirit!

And a red animal crystal with a pig Zord in it and it landed in Lynn's hands.

Eli: Yeah!

The police arrested the Bubble Poppin Boys and they were all sent to the toughest prison in all of the Seven Seas: INFERNO ISLAND!

---

Inferno Island is a prison in the middle of the sea that appears in the episode "The Inmates of Summer," in which SpongeBob and Patrick are accidentally sent there, thinking it is a summer camp. It has a warden who is extremely harsh and strict with the prisoners and his own colleagues.

The island is essentially the underwater equivalent of Alcatraz Island, an island prison in San Francisco, California. It is stationed upon a rocky formation that appears to frequently go through harsh thunderstorms.

Inferno Island appears to be somewhat close to Sun Fun Island since boats from each island pick up their people (campers/ prisoners) on the same dock and also because the counselor was able to get to the island in a raft.

---

They were gonna be in for a life of hell as they serve 730 life terms without the possibility of parole plus 82,892,735 years and they were also ordered to pay $276,997,865,865,865,365,674,233,532,575,833.00 in restitution for destroying Bikini Bottom and all of New Kelp City.

Me: Enjoy the fires of hell.

The Dark Signers all came.

Me: This was intense.

Laney: Yep.

Rex Goodwin: It sure was.

Kalin: To be honest, the Enforcers were much better then the Bubble Popping Boys. Even in my crazy omments.

Crow: I agree with you there. Even when you lost it, you neve freaked out over small things like bubbles.

Misty Tredwell: (to Mr. Krabs, Sandy, and Patrick) And please don't blame yourselves for this. You didn't know what would happen.

Sandy: Don't worry. Harley already encouraged us.

Harley Quinn: You're welcome!

Greiger: Now that this mess is resolves, why don't we join you guys for Krabby Patties?

Me: Sure! Lets go!

We went back to the Krusty Krab and we were having Krabby

Patties.

Me: Well now we've seen the last of the Bubble Poppin' Boys.

Nico: Yeah.

SpongeBob: (To the viewers) Be careful with who you run into and never mess with the laws of society.

Me: Yep.

We had a fun time at the Krusty Krab.

THE END

---

Another awesome fanfic complete.

The Bubble Poppin' Boys were the most ruthless gang in all of New Kelp City in the episode of SpongeBob, Whatever Happened to Spongebob? and it was sad that he caught amnesia and all that. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12 and ninjakingofhearts all gave me the ideas for this. Thanks guys. Next up is an adventure of swampy proportions as we journey into the world of Etstheclarencefan's 4th fanfic idea Amphibia and we're going to help Anne and Sprig take down the evil Captain Grime and make him pay for his crimes. And we're going to have frogs legs for dinner.

See you all tomorrow.

# In a Swampy World of Frogs and Toads

In the heart of the city, we were walking home from another awesome and adventure filled day at school.

Me: Well another day of education in the books.

Nico: You said it.

Eli: It's awesome how we get to kick the butts of bullies that hurt people.

Nunnally: It sure is.

Vince: Bullies, I can't stand those douchebags.

Carol: Me neither.

Me: Same here.

Edwayl: (Breton Accent) I don't like those scumbags either lads. They are the worst kinds of humans ever.

Zilius Zox: I agree with you Edwayl.

Skyla: Yeah who do they think they are acting like they know people because they are superior to others?

Laney: They are nothing but big fat jerks.

Lana: Yeah!

Earth: I know. They are monsters.

Lola: How does a bullies get made anyway?

Me: Well bullies aren't born they are usually made. Alcoholism, abuse, neglect, it can be a number of ways. But usually from those 3.

Nico: Yeah it's true.

Qin: Yep.

Fluttershy: But they are people like everyone else and they need someone to keep them in line.

Me: Like us usually.

Lincoln: Yep.

Then the bank alarm went off.

Zillius Zox: I see that bank being assaulted!

Me: Looks like we got a 2-11 in progress! Lets go!

We went to the bank and saw 3 bank robbers come out with huge bags of money and they had guns firing at the bank.

Nico: You bank robbers have failed this city!

Nico swooped in and kicked a robber in the face and knocked him down and he pointed a gun at me and I forced his hand up and kneed him in the face and knocked him down and Lola punched a robber in the face. But then a blast of lightning hit a bank robber from out of nowhere and electrocuted him and knocked him down.

Laney: Nice shot bro.

Lincoln: That wasn't from me.

?: It was from us.

We saw two heroes and they were the Teen Titans allies and friends and former enemies THUNDER AND LIGHTNING!

---

Thunder and Lightning are two supernatural brothers and former incidental enemies who are later established as honorary members of the Teen Titans.

The origin of Thunder and Lightning is unknown, but it is apparent that they are of supernatural origin rather than human, and are often referred to as "The Forces of Nature" in both the show and the comics. Their lack of connection to humanity conditioned a lack of responsibility in regard to the destructiveness of their powers, which they used to have fun. They came into conflict with the Titans when their search for fun wreaked havoc all over Jump City. Beast Boy was the first to realize that the brothers were not malevolent, just irresponsible, and slowly managed to persuade Thunder that their way of having fun was way too destructive. Before Thunder had an opportunity to properly think about it and sway his brother, however, they were befriended by Slade (in the guise of an weak man) who claimed to be a mystic. Via ritual magic, he used the unwitting brothers' powers to create a powerful fire monster to destroy the city. Finally realizing what they had done, Thunder and Lightning made amends by creating a rainstorm which doused and extinguished the fire creature. The two apologized to the Titans for their previous actions and thanked Beast Boy for making them see sense. In turn, Beast Boy told them to thank Starfire, who had also taught him about how mischief can hurt others.

## Brotherhood of Evil

At some unspecified point later, they were made Honorary Titans. Later, the brothers were targeted by the Brotherhood of Evil, who was attempting to destroy young superheroes all around the world. While Lightning was attacked by Overload and tried to fire back Overload's attacks, Thunder was attacked by Steamroller and I.N.S.T.I.G.A.T.O.R. while trying to defeat them with sound waves. Both were defeated, flash-frozen, and added to the Brotherhood's victory collection, but during the Titans' assault on the Brotherhood's base, they were freed by Más y Menos and joined the fight, helping to defeat the assembled villains. Thunder was seen making an electrical wave that threw off Warp and Trident. Lightning was seen performing a flying charge during the battle but not seen landing any strikes. Afterward, they were seen mingling with the other Titans in Titans Tower and later helped bring Doctor Light to justice once more.

## Powers and Abilities

Thunder and Lightning share the elemental powers found in a thunderstorm. Lightning is able to release bolts of electricity and harness lightning, hence his name, while Thunder creates powerful sonic thunderblasts which he can control to varying degrees. Combined, their powers are capable of creating rainstorms. They also have flight capabilities: While Lightning transforms the lower half of his body into electricity, allowing him to fly, Thunder uses a cloud which carries him. As brothers, the two share a psychic link that allows them to communicate with each other. While in the sky, these brothers can teleport themselves to anywhere they desire.

---

Robin: WHOA! Thunder and Lightning!

Me: Wow! The Avatars of the Thunderstorm!

Thunder: It's an honor to meet the famous Team Loud Phoenix Storm and Robin, everyone it's great to see you all again.

Lightning: Same here.

Skyla: (to Thunder and Lightning) It's nice to meet you two. Can we talk after these thugs are arrested?

Thunder: Right let us help too.

Me: Okay.

We pulverized and smashed the robbers all over and then we had them arrested.

Me: You guys are looking at 45 years in prison for your crimes.

The thugs were put in a police van.

Me: Lets head to the Burpin' Burger so we can talk.

Thunder: Okay.

We went to the Burpin' Burger and we were having a nice talk with Thunder & Lightning.

Lightning: So Slade is now officially dead?

Me: Yep. He is dead. This time he will stay dead. We heard from Robin that Slade manipulated you guys into making a monster that was really the Avatar of Fire and that monster must've been really scary.

Eli: No kidding.

Lightning: Yeah.

Tara: You guys aren't the only one he manipulated though.

Tara told them what happened with her when she was under Slade's employ and she could only describe it as a nightmare from the depths of Hell.

Thunder: (to Tara) Slade manipulated you as well?

Kickback: He did. And when even he finally got sent to the Warp, Tara was crying her eyes out for days.

Lightning: That fiend!

Me: Well we never have to see him again. The Warp will keep him in a timeless prison of psychic energy and torture him much worse than the ways that are done in Hell forever.

Thunder: Good riddance.

Rainbow Dash: He deserved it.

Skyla: Yeah.

Lightning: That's good. I'm glad Slade is gone for good.

Thunder: Same here.

Cliffjumper: J.D. and the others captured Overload before me and my Cybertronian buddies joined up.

Me: Yep.

Lightning: Good! That monster deserves it for defeating me during the Brotherhood of Evil's assault.

Maria: But I.N.S.T.I.G.A.T.O.R. might be joining the Masters of Evil soon. We still haven't seen Steamroller.

Thunder: I can tolerate I.N.S.T.I.G.A.T.O.R. being in the Masters of Evil. But if I see Steamroller again, I'll tear him apart!

Me: You'll get your shot if you see him again.

Laney: Yeah.

Lily: We all will help out.

Nico: Yeah.

Me: Yep.

Thunder: Good. I heard that you guys went into war against evil versions of yourselves in another universe.

Me: You heard right. It was a terrible battle.

I went over everything and more and Thunder and Lightning were shocked!

Lightning: WHOA! The Royal Defenders were really dangerous!

Lana: They sure were.

Lincoln: And they make all heroes all over the multiverse everywhere look bad.

Natilee: You guys that right Lincoln. But thanks to Ed Cowart here he provided us with a winning edge to defeat them and send them to prison for good.

Nico: And their version of Ben made the ultimate sacrifice to make everyone forget all about the Royal Defenders at the cost of his own memories.

Thunder: He's a true hero.

Lightning: He sure is.

Lana: Yeah. We even built a memorial to him for us.

Me: Yeah we consider him our 3rd Casualty after that. We lost 2 Casualties during the Battle with Thanos. We lost Ra's Al Ghul and Bowser.

Thunder: I heard about that. That's awful.

Lightning: I'm sorry that happened to you guys.

Me: We appreciate that.

Eli: Yeah. I had a strong respect for Ra's Al Ghul and he and I were close.

J.D. 3: Same with me.

Lightning: Whoa! Who said that?

Me: That was my 3rd self. He's inside my head.

I went over everything.

Lightning: Whoa! That's amazing.

Thunder: It sure is. So now you have a 20 billion year old version and a 75,000 year old caveman version of yourself inside you?

Me: I sure do.

Lightning: Talk about a split-personality.

Nico: I know.

We had a great time talking and Thunder and Lightning were made honorary members of Team Loud Phoenix Storm.

Later in the middle of a huge swamp a portal opened up and we arrived through it. We saw that we were on the swamp island of

# Amphibia!

---

Amphibia is the titular main location of the series with the same name. The island itself is shaped like a lily pad when zoomed out.

It's a 'peaceful' land inhabited by every species of sentient amphibian-frogs, toads, salamanders, and newts-live in Amphibia along with various creatures and monsters like giant mantises and predatory herons. Amphibia is the place where Anne, Marcy, and Sasha ended up after opening the Calamity Box that Anne had stolen from a thrift store on her 13th birthday.

According to "Hop-Popular", there are 22,651 amphibians living in The Valley where Wartwood and the Toad Tower are located. The population of the whole of Amphibia has not yet been revealed in the series.

## Locations

Frog Valley, also called "The Valley": One of the main regions in Amphibia, consists of towns and villages surrounded by dangerous mountain ranges and cliffs which occasionally freeze during their yearly cycle in which travel in and out of the valley is impossible. Wartwood Swamp and Toad Tower are both located in the valley.

Wartwood Swamp: One of the main towns located in the Valley, Wartwood Swamp is populated by anthropomorphic frogs. Unlike many cities located on Earth, Wartwood is not technologically advanced and uses traditional methods such as bio-luminescent mushrooms for light, bearing the resemblance of a medieval period as swords and bows are still widely used.

Plantar Residence: The Plantar Residence is where Sprig, Polly, and Hop Pop live. It is also where Anne currently resides, in the house's basement. In the episode "Family Shrub", it is revealed that the descendants of the Plantar family also occupied the residence, having made secret chambers for their own studies and occupations.

Toad Tower: A tower located far from Wartwood located in an area surrounded by steep cliffs and mountainous terrain. Toad Tower is inhabited by soldier toads with Captain Grime as their leader. Sasha, one of Anne's human friends, was formerly held prisoner here before joining the army as a second-in-command. The Toad Army are known as the protectors of the Valley.

Newtopia: A major city known throughout Amphibia as its capital. Newtopia is the residence of the ruling King Andrias.

Unlike the wildlife found on Earth, the Amphibia's nature is much larger in size which possibly leads to the conclusion that the concentration of oxygen in the atmosphere of Amphibia is higher than that of Earth which enable it to host larger in size varieties of creatures from Earth. Many of Amphibia's fauna (animals) are usually predators of the citizens of Amphibia such as praying mantises and giant weasels, this applies to some flora (plants) as well such as the Carnivorous Tomato Plant. However, there are a some animals that can be tamed and domesticated for transportation, such as snails, ladybugs, and spiders.

---

Jewel Man: So this is Amphibia?

Me: It sure is. This is really cool.

Nico: So why are we here?

Me: The satellites picked up a disturbance here and they found out that a girl named Anne Boonchuy is stuck here some how.

Laney: So we have to help her get back home?

Me: I guess we'll find out when we find her.

We walked around and we arrived in the village where Anne resides in and we saw that it was home to a bunch of anthropomorphic frogs.

Lana: WHOA! I've died and gone to frog heaven! I would love living here!

Manaphy, Poromon, Poliwag and Horsea: THIS IS SO AMAZING!

Eli: It's awesome here!

Fuse Man: (sighs) And Rockna freaks out in 3… 2… 1.

Rockna: (BLOODCURDLING SCREAM!)

Laney and Lana tried to calm her down.

Then Anne Boonchuy saw us.

Anne B.: WHOA! Team Loud Phoenix Storm!

Me: You must be Anne Boonchuy.

Anne: It's nice to meet you guys!

Sandpit: Same here.

Me: It's a pleasure to meet you too.

Rockna: FROGS FROGS FROGS FROGS FROGS FROGS FROGS FROGS FROGS FROGS FROGS! ***GET THEM AWAY FROM ME!***

Anne B.: What's wrong with Rockna?

Me: Rockna has a severe case of Ranidaphobia, the Fear of Frogs and she is absolutely terrified of frogs.

Sprig: That's a shame. Sorry my name is Sprig and it's a pleasure to meet you.

Nico: Same to you as well.

Anne B.: I'm glad you all came. We are having problems with the evil commander of the Toad Army. His name is Captain Grime.

Naruto: That's a weird name for a leader.

Fu: It sure is.

Sasuke: Yeah.

Sakura Haruno: I don't think I would like to meet that guy.

Me: Can you tell us about him?

Anne B: I sure can.

Anne B went over his history and what we found out was despicable.

---

Captain Grime is the main antagonist of the 2019 Disney animated TV show Amphibia. He is the Toad General and one of the leaders of Amphibia, as well as the new boss for Sasha, and Anne and Sprig's arch-nemesis.

He is voiced by Troy Baker.

Season 1

Captain Grime made his debut at the end of the episode "Best Fronds", Captain Grime can be seen with an imprisoned Sasha thinking about finding another human in Amphibia after he shows her Anne's missing shoe.

In "Prison Break", Captain Grime was angry due to the fact his army refused to pay their taxes. He later checked on Sasha in her prison, until a couple of giant herons attacking the toad tower. Grime ordered his army to fight, but they were too weak to fight back. Seeing Sasha can fight, the toad leader used her help to fight the herons. Sasha advised him to be friendlier to his army, which gained an advantage for him. After the battle, Grime offered Sasha one final act of mercy, leaving his castle to find her friends or joining the toad army. She chose the latter, and he told her to meet him in the castle.

At the end of the episode "Anne of the Year", Captain Grime greeted Anna after Sasha introduced him and his toad army to her.

Captain Grime also returned in "Reunion" to invite the frogs to have a party with the toads. When Sasha revealed that the party was a trap, Anne tried to help the frogs escape, but all of them were surrounded by the toads. Grime asked for a duel between Anne and Sasha, but after the boom shrooms exploded, the tower collapsed, and Sasha fell down with the toad army managed to catch her. Grime looked at Anne angrily, and escaped with Sasha and his toad army to an unknown location.

Season 2

In "Toadcatcher", it is revealed to us that since the episode "Reunion", Newtopia declared Grime a traitor to Amphibia, which caused multiple bounty hunters and the king of Newtopia's authorities to bring his head and also that his army disbanded. The only ones who are still with Sasha and Grime are Percy and Backdrock who try, if any success, to get Grime to train even a little, apparently, having lost his entire battalion depressed him quite a bit. It is also revealed to us that the Yunnan, the youngest general of Newtopia, is traveling throughout Amphibia to capture Grime, who according to some peasants, started as a gladiator before rising to power. While Sasha and Grime are being chased, besides seeing who has trained and who has not, they start a discussion about how they got to that point by telling Sasha that she is not frustrated for having lost the battle but for having lost a friend. Sasha, Grime and Yunnan have an epic battle and thanks to teamwork, they manage to defeat the general. The last thing Grime says to date is that he plans to rule Amphibia presumably by killing or overthrowing the King while a promise is thrown into the air to Anne.

---

We gasped in shock.

Lana: THAT FUCKING MONSTER!

Rita: Lana watch your language!

Lana: Sorry mom.

Me: And your best friend Sasha is under his thumb? That's not good. But I sense a spark of good still inside her.

Nico: Looks like we have another candidate for joining the Redemption Squad.

Laney: Yep.

Anne B.: So you all can save Sasha from herself?

Me: Yep. We have that kind of power

Mewtwo: We actually dealt with another frog villain named Mrs. Sartori.

Me: Yeah that was an interesting battle. Anne you lead the way. We're going to turn that overgrown lizard into frogs legs.

Marinette: Yeah and I'm hungry!

Yang: This is gonna be good.

Anne B.: Okay. Lets go guys.

Anne gathered her friends in the village and we were off to destroy Captain Grime.

We were off to find Captain Grime and make him pay for his crimes. We saw that the island was completely covered in plant life and it was absolutely amazing. Mondo, Laney and Lana were keeping Rockna calm.

Plant Man: There's a lot of plant life in here.

Lana: There sure is and I love this island.

Me: By the way Anne, how did you wind up here on this island?

Anne B.: It's a really crazy story. You guys wouldn't believe be.

Jewel: Try us.

Anne B.: Okay.

Anne went over her story.

Anne Boonchuy (bawn-choo-ey) is a human girl who serves as the protagonist of Amphibia. She is a 13-year-old Thai-American in 7th grade who stole the Calamity Box for her friends Sasha Waybright and Marcy Wu, taking them to the mystical and magical world of Amphibia.

While lost in a strange world on an island in the shape of a lily pad Anne finds a new best friend, an enthusiastic young 10-year-old frog named Sprig Plantar. Together they start seeking adventures and exploring the secrets of the world of Amphibia. Anne and her new friend's family try to uncover the mystery behind the Calamity Box and a way to get Anne back home.

Anne comes from a Thai-American family. She was also shown to be friends with two girls named Sasha and Marcy. However, in "Best Fronds", it is strongly implied that they were actually taking advantage of her, as she claims that one must do anything a friend wants oneself to do to keep the friendship alive, should one want to do it or not. One day, her "friends" forced her to steal a mysterious box from a store. Once she opened it, Anne (along with, unbeknownst to her, Sasha and Marcy) was transported to Amphibia, a world with anthropomorphic frogs and dangerous creatures. For some time, she was forced to live in a cave, which was very unpleasant for her, especially at night (as giant creatures tried to eat her). The cave was a very dark, scary place at the time Anne stayed there for shelter. In "Reunion" according to Anne, she has been eating "garbage" for quite a few months.

As revealed in flashback in "Reunion", Anne started off as a slightly conceited girl who nevertheless embraced her ethnic roots. She was best friends with a girl named Sasha who tended to push her around through peer pressure. At her behest, she abandoned her own birthday party set up by her family to go and steal a music box at a thrift store with her friends. The box transported her to Amphibia where she spent the first couple of weeks fending for herself in the wild.

Upon meeting the native Amphibians, Anne was taken aback by their way of living. It is only when she started living with the Plantars that she began to open up and learn more about herself. Anne realized that much of what she was brought up on made her somewhat materialistic and she began to accept simpler ways of living (though she still relies on her cell phone and has apparently gotten others addicted to its functions). There are even parts of herself that she had suppressed that, thanks to Sprig and the rest of the Plantars, she has opened up on such as cooking as seen in "Lily Pad Thai".

Her relationship with Sasha also begins to unravel as it becomes apparent that much of her decisions were more the result of being pressured and pushed around by her and Marcy. Her perception of friendship is depicted in "Best Fronds" when she states, "If a friend likes a pencil case, you get it for them. If your friend likes your new shoes, you give them to her. And if your friend wants you to steal a crazy music box from a thrift store, even if you really don't want to, you do it, okay?" Through her constant interaction with Sprig, a somewhat simple-minded child, Anne is able to look at friendship in a whole new way. She begins to desire a more compassionate relationship with those close to her. By the end of "Reunion", she finally sees through Sasha's manipulative tactics thanks to Sprig who sees Anne for who she is: a kind and considerate person who is willing to protect her friends.

Much of Anne's family life at home remains a mystery, but it is implied that she maintains a pretty healthy relationship with her parents despite the fact that she clearly is rebellious even at home. Her family apparently runs a restaurant and therefore knows the ins and outs of running one, ("The font on these menus is way too small; Rookie mistake.").

Anne's characterization, much like most major characters in the show, has a noticeable arc throughout the show. When she first appeared, Anne, though appearing strong-willed and confident, was shown to be easily manipulated and lonely deep-down, as her conversation with Sprig in "Best Fronds" revealed. She was manipulated into skipping school, vandalizing buildings and robbing a thrift shop by her best friends. Unknowingly, she acted this way towards her new friend, Sprig, to a lesser extent, manipulating him into doing something he didn't wish to do. She was also very self-centered and selfish, even if not overtly, believing her problems were worse than others because they were hers.

Despite all of her flaws, Anne still proved herself brave, caring, compassionate and kind in her early days in Amphibia even if she was alienated by her fellow townspeople. As Anne stayed in the small town more and more, she became more accepted and even loved by her townspeople, and Anne herself became better integrated into the town. She helped out with the Plantar farm, helped them sell their goods, shopped at local stores, even worked at Stumpy's Diner briefly and even became a symbol of town pride briefly.

During this period, Anne grew to love the Plantars. Going from her "favorite frog family" to " her family" as the show went on. In general, she acted very sisterly towards Sprig and Polly, almost always carrying Polly whenever they left their house and giving Sprig lots of advice on dating, having fun and other things. There were many times in the show where she referred to the Plantars as her family without hesitation.

The tipping point of Anne's acceptance, however, was when the Tax Collectors came to town. Though she joined them, she was the only member to show compassion for the residents and eventually used her sword-fighting skills to fight off the Tax Collectors, nearly getting killed in the process. After this, Anne became not only a worthy member of the town but a hero to many. She went on adventures with residents such as Wally and Maddie, defended the town from creatures, befriended several others and was even voted to be the "Frog of the Year".

Her arc came at a head when she was forced to fight her best friend from the human world, Sasha, sword-to-sword in order to protect the town she grew to love from destruction.

Other aspects of Anne grew and developed as well. Namely, her reliance on her phone, her laziness and her appreciation of Amphibian food. While never really obsessed with her phone, she used it constantly for various activities, such as looking at pictures of her home, pets, friends, watching movies and TV shows and lighting up dark rooms. Though she still appreciated the phone, she grew to do other things in her spare time.

As for her laziness, while never too lazy, she would sometimes connive her way out of work if she felt it was too much. She stopped doing this after her laziness nearly got her friends killed, or so she thought.

In terms of food, as the show went on, Anne subtly went from hating Amphibian food to being okay with it, to even craving it near the end, sometimes catching herself for liking such weird stuff, believing she was in the world for way too long.

## Cooking

In the episode "Lily Pad Thai", she was seen being proficient in culinary-related activities; having a vast knowledge of her own culture's cuisine. It was also stated that her parents owned a Thai restaurant back in her hometown. It can also be stated that she can be a professional waitress as she can persuade customers to eat at Stumpy's restaurant and acquire each customer's needs like delivering food and refilling drinks.

She can also cook better than Hop Pop that as he once stated before eating Anne's homemade omelet that he was eating "garbage" all this time, it can also be a callback to how he always loose at the food competition when he submits his own food as an entry.

## Athleticism

Anne has been shown to be a natural athlete, claiming to have played varsity and practiced bouldering in school. In "The Big Bugball Game", she quickly becomes the star player of the team and is able to help them win the annual Bugball game. She is also able to use her skills in combat as well, holding her own stand against Toad Soldiers in "Toad Tax" and other threats throughout the show.

## Hunting

In "Anne Hunter" Anne put her self-consciousness aside in order to learn the true way of the hunter. After not listening to Sprig about the Plantar Ritual, she found herself in a problem as the Plantar's were captured. Anne panics and with seeing a hallucination version of Sprig, she completes the Plantar ritual and saves the family.

Nico: Whoa!

Me: And this all began when you opened that mystical box that took you and your friends here? Bizarre.

Laney: It sure is.

Lana: But it's cool that you are here in a world of frogs Anne.

Anne B.: It is. but it was hard to adjust.

Lightning: I can see that.

Kairi: Me too.

Me: Lets see what this island looks like.

I pulled up a map of it and it showed that the island was in the shape of a lily pad as big as Australia and is as old as Earth itself and it was located in a post-apocalyptic Earth where humans are all extinct and it was set in the year 75,625 and now frogs and toads are the dominant species of Earth.

Me: WHOA!

Nico: What is it?

Me: Look!

I showed Nico and everyone.

Nico: Whoa! This whole place is a post-apocalyptic world!?

Me: Set in the year 75,625. That's 73,405 years into the future.

Laney: That's incredible!

Lola: It sure is. I didn't expect the world of Amphibia to be so far into the future!

Lucy Loud: And everyone in this world is dead? That's terrible.

Haiku: No kidding.

Varie: And it's amazing that the world survived for this long.

Earth: No kidding. But what caused this?

Me: Hmm. It doesn't say. Inconclusive data.

Eddy: Darn.

Lori: But that's literally horrible that all this happened to the Earth.

Naruto: No kidding. But it looks like this world has its share of problems too. We'll have to deal with its enemies from time to time.

Anne B.: Thank you guys.

Nico: You're welcome. J.D. does it say anything about what the world here looks like?

Me: lets see.

I pulled up a map of the planet Earth in the year 75,625 and what it was shocking! What it shocked was something nothing short of horrific. Most of the world was covered by much of the world was covered in the oceans. North America had much of the central eastern side of the United States and the northern side of Canada and the Hudson Bay underwater. Most of Greenland was still intact and so were the Hawaiian Islands. Parts of Mexico and Central America were underwater and much of the Caribbean Sea except for Haiti, Jamaica, the Dominican Republic and the West Indies were all underwater. Western South America was still intact and parts of Central and eastern South America were all underwater. Norway was still intact and most of Europe was all underwater, Most of Russia, Central Asia, Northern India and Eastern China were all underwater. Japan is still intact and most of Indonesia is underwater and most of Australia is underwater. All of Antarctica was completely underwater. Amphibia lives in the Indian Ocean and it is a beautiful

place.

Me: WHOA! This is a terrible world. I haven't seen a Apocalyptic version of Earth this bad since the world of The Hunger Games.

Anne B.: I love that book!

Nico: It sure was awesome. But this world is a catastrophe. Looks like flooding on a grand scale caused this.

Me: That's just what I was thinking.

Laney: Yeah.

Lana: But it's awful that humans are all gone.

Lola: Maybe everyone didn't die. Maybe they all just left the planet.

Me: Maybe. Lets keep moving.

We walked on until we arrived at the tower of Captain Grime, Toad Tower.

Anne B.: There it is guys.

Me: This is gonna be good.

Gravity Man: This time, let's do an entrance based on gravity.

Me: Good idea. Lets do it.

We flew to the tower.

* * *

In the castle, Captain Grime was watching over the island and waiting for someone to make a move against him.

Captain Grime: (British Accent) Those fools always waste their time. My army is unbeatable.

But then a massive orb of gravity energy appeared out of nowhere and it fell from the ceiling and landed on the floor and smashed into the floor with incredible force and blew Grime back.

The ball exploded and we all appeared.

Me: Heavy entrance.

Captain Grime: The famous Team Loud Phoenix Storm.

Me: Captain Grime. So we meet at last frog boy.

Lana: You give frogs everywhere a really bad name.

Captain Grime: I'm a toad for your information.

Lana: Whatever.

Lincoln: We're going to make you into frogs legs Grime. You will pay for your crimes.

But then the Springfield Mafia, Whiteout, Jimbo, Dolph & Kearney, Comic Book Guy, Snake and Dr. Light appeared.

Me: Springfield Mafia, Whiteout, Jimbo, Dolph & Kearney, Comic Book Guy, Snake and Dr. Light.

Dr. Light: This is a really strange world isn't it?

Nico: It sure is. It's an apocalyptic dystopian nightmare.

Kearney: Hey, guys. Can some of you watch Kearney Jr for me during today's battles?

Snake: And Jeremy as well?

William: Sure. We'd love to watch them.

Dr. Light: Great! Can't have them getting hurt now, can we?

Kearney Jr.: Thanks William.

William and Maria were watching Kearney Jr. and Jeremy.

A figure came out. It was SHIELD SHELDON!

Shield Sheldon: Shield Sheldon at your service! (throws his two shells at Knight Man)

Lincoln used the force and sent his shells back at him and they smashed into him.

Emma: Time to take down some frogs!

Megaforce Rangers: Legendary Ranger Mode: Dino Thunder!

The Megaforce Rangers turned into the Dino Thunder Rangers.

Sasha then came out.

Luan: Hold on Sasha! We're saving you from yourself.

Luan fired a beam of light and it hit Sasha and separated her from her dark side and Luan sent the dark side into the the Pluto Prison sealed in an Aqua Green crystal.

We powered up and went at them.

## Battle 1: Springfield Mafia

Sora T.: Yeah. Since there is four of us because I have Biyomon and her Digivolution Chain as my partner we call ourselves the Phoenix of Love Quartet.

Louie: That's a great name.

Sora T.: I made the name because of the Crest of Love.

Sora showed her Crest of Love.

Sora T.: It was the first name that came to my mind. Lets do it.

Fat Tony: With pleasure.

The Springfield Mafia called out their Pokemon and they went at them. Sora and team blasted them all over and smashed them all over with blasts of fire and slash marks and darkness and sand blasts and knocked them down and out.

Whitney: Good fight.

They high five.

Fiona, Fuse Man, and Spark Man were facing Snake Jailbird.

Fiona: Get ready because we are the Jailbird Arresting Thunderbirds.

Snake: Nice name dudes.

Fuse Man: Thanks.

Spark Man: It was a good name we all came up with.

Fiona: Shall we dance?

Snake got into his awesome machine suit.

Snake: Lets do it.

Snake also called out his Pokemon and the team fired powerful blasts of lightning and the blasts hit Snake and his Pokemon and electrocuted them and knocked them out.

Gravity Man: Yep.

Kairi: Lets do it.

Dr. Light: With pleasure.

Squirrel Girl: Yeah and we shine!

They high five.

## Battle 7: Shield Sheldon

Nico and the Megaforce Rangers were facing Shield Sheldon.

Nico: Lets turn this freak into scrap metal.

Nico and the Megaforce Rangers fired powerful energy blasts and blew him into a million pieces.

Nico: Shield Sheldon you have failed this universe.

Troy Burrows: Super Mega Rangers that's a Super Mega Win.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Grime was dead and his reign of terror had been silenced forever and he was sealed into the Book of Vile Darkness. But his legs were all cooked and ready to eat.

Me: That takes care of him. And he has really good frog legs.

Whiteout: I like how you made frog legs of those jerks.

Maria: Well, we said we would.

Fat Tony: Reminds me of when you took down that stupid frog gangster wannabe, Mrs. Sartori. That bitch had a lot to learn about being a mob boss.

Comic Book Guy: Before we go back to our respective headquarters, we should go sit somewhere to eat these frog legs.

Me: Good idea.

We did so and went back home and had frogs legs.

Anne: (To the viewers) This was an awesome adventure and we now have seen the last of Captain Grime. But we still have more enemies to deal with on Amphibia.

Me: We sure do.

We built a portal to the world of Amphibia and Sasha was now part of the Redemption Squad.

THE END

---

Another awesome fanfic complete.

Amphibia is an awesome and really funny Disney show that was made recently this year and it is awesome! This is the 4th idea of Etstheclarencefan and he gave me the idea for this chapter and NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12 and ninjakingofhearts gave me the ideas for this. Thanks guys. Next up is a battle with the evil supervillainess of pies and a bad nursery rhyme of the Teen Titans, Mother Mae Eye and we're going to make that bad mother pay for her crimes and for serving pie with a bad attitude.

See you all tomorrow.

# Never Play Mother Mae-Eye

In Gotham Royal York Mall, a situation was going down as A.I.M. Agents were causing terror and making terror around the mall and people were running for their lives. I punched an A.I.M. man and kicked him in the crotch and most of us were ferociously kicking them and punching them and blasting them all over the place with incredible fury.

I was in a bad mood today because of one thing: The War with Cyclonis was fast approaching and I was really upset because of everything she has done over the years that brought Atmos to its knees. But in a few days, Cyclonis will pay for her crimes. We blasted and blew many A.I.M. members apart and we had them tied up.

Me: Don't kill them just yet.

Nico: Why not?

Me: The war with Cyclonis is only a few days away. So, we'll kill these AIM Agents once I manage to send a threatening message to Cyclonis to show our true power.

Francis: J.D., I don't mean to question your decisions. But you really want to send a threatening message now? When there are innocent people in danger?!

Me: Hmm. Yeah you're right.

Paula: Guys, I hate to be the bearer of bad news. But one of those A.I.M. Agents is about to shoot a little girl!

Nico: Like Hell he is! (rushes towards the AIM Agent)

Nico saved the little girl and blasted the A.I.M. Agent and killed him and then Nico hit me in the back of the head.

BLAM!

Minutes later I woke up in the Estate. Regardless we saved the mall and the people from the A.I.M. Agents.

Me: (Groans) Ow! Man that hurt.

Lori gave me an ice bag.

Me: Oh thanks Lori.

I put the bag on my head and I noticed that I had a huge lump on my head.

Me: (to Nico) What the Hell was that back there?! I understand you saving that little girl and I'm proud of you for that. But you whacked me on the head with your club and dragged me back here before I could send that threatening message! (Nico stayed silent) Well?! Aren't you gonna say something?!

Undermine: Ok. Let's not say something we're gonna regret later.

Nico: No, Undermine. I'll handle this. (to Me) You want me to say something? Fine. I'll say the truth. And that's if we had waited until you sent a threatening message to Cyclonis to kill the A.I.M. agents, that little girl would've been dead. I understand that you're pissed at Cyclonis. But you need to keep your emotions under control and remember the reason you chose to fight bad guys in the first place. Otherwise, you'll eventually end up making a mistake that not even snapping your fingers will undo.

Me: I'm sorry Nico. I've just been under a lot of pressure these last few days. The War with Cyclonis is fast approaching and every time I think about her crimes it makes my blood boil! I hate her so much and I want her to burn in infinite hells for her crimes.

Nico: I know how you feel J.D. I'm pissed off myself but I control myself.

Eli: I'm sorry bro.

Me: It's not your fault Eli.

Nico: Let me think about some things in private.

Nico left.

Trailbreaker: Nico, Don't you think you were being a little harsh towards J.D.?

Nico: It needed to be said. With Great Power Comes Great Responsibility. And it's our responsiblity to use our powers to save lives and protect the universe. We shouldn't use our powers for grudges against certain villains.

Trailbreaker: I know and we've been under a lot of stress because of everything that has been happening these last few days. But there's no rest for the wicked.

Valon: (Australian Accent) Guys you're gonna want to see this!

We were watching TV and we saw Maureen Martin A.K.A. Permafrost attacking the city and she was freezing everything in her path in ice.

Tania: Guys, why is Maureen attacking the city?

Me: I sense something going on.

Nico: We better get over there and calm her down!

Tso Lan: We need to get Maureen under control!

Nico: Took the words right out of my mouth! (to me and the Loud Kids) When you guys are ready to get over your anger towards Cyclonis, you're more then welcome to join the battle.

Me: Okay.

Laney: Let me go with you guys.

Nico: You've been the most level-headed out of all of your family Laney. Okay.

They left for the city.

Concrete Man: You really think J.D. and the others will get their emotions under control in time?

Nico: I'm sure they will. After all, they were the ones who helped Maureen find a home in the first place.

In the city, they were facing Maureen Connor!

Nico: Maureen you have to calm down and we can talk about this.

Maureen: I have no choice.

Shadow ducked behind a car to avoid Permafrost's ice blast. As he did, he noticed bruises on her arms.

Shadow: Is someone making you do this? Someone who can hurt you even with your ice powers?

Maureen: Yes.

Shadow: Nico there are bruises on her arm and someone is forcing her to do this against her will.

Nico: I see. But who could be doing this to her.

?: Why that would be me dearies.

A figure came out and it was the enemy of the Teen Titans: MOTHER MAE-EYE!

---

Mother Mae-Eye is a villain who first appeared in the episode of the same name of the Teen Titans animated series that aired on Cartoon Network based on the DC Teen Titans comics. She is an evil witch and "love vampire" as she is called on the Teen Titans Season Four DVD "Know Your Foes" feature. Mother was an original character that was created of the TV series and did appear in the comics. Mother Mae-Eye is a powerful spellcaster who used a magic wooden spoon to conjure mind controlling pies called "love pies", she used these pies to brainwash her victims into her "children" whom she kept to herself to grow off of their love.

She was voiced by Billy Hayes.

Mother first appears sealed in a love pie at a gypsy's magic store called "mystical items at reasonable prices", Cyborg entered the store, and, after being given the choices of either buying the pie, a monkey's palm, (a reference to fairy tales where a monkey's palm can be used to grant wishes with bad side effects) and a brain in a jar, bought the pie. Cyborg took the pie back to Titan Tower, where, after the titans each ate a piece of it and fell under her spell, she was released and began feeding them more and more pies to feed off of their love for her. Once her victims start to eat her pie they see her as a tubby rose-cheeked red and white dressed blue eyed woman with a very sweet and sugary voice, instead of her true fat ugly green skinned grey haired three eyed wart nosed haggish witch form. Starfire suffers a head trauma that snaps her out of the spell and she sees her true form. Mother Mae-Eye turns the Titans Tower into a gingerbread themed house with rainbows and cute animals. She tucks them into a pie in an oven as well as bake them alive. Starfire attacks the witch and Mother Mae-Eye punishes her by feeding her more pies. Starfire frees the other titans from the spell as well. The Teen Titans than defeated the evil witch and her mass-produced gingerbread man army and trapping her back into the pie.

In the short special "Mayhem at First Sight" she and Mumbo Jumbo fight the Titans together and fall in love, so they have a wedding party with other villains as guests. The Titans get placed inside a giant wedding cake, but Raven can free Robin. Before Mumbo can say "Yes" to the question if he wants to marry Mae-Eye, he and she get knocked out by Robin, destroying the illusions.

---

Robin: Mother Mae-Eye!

Back at the estate we were watching the fight.

Me: (Gasp) I know her! That's Mother Mae-Eye!

Lynn: Isn't she one of the enemies of the Teen Titans?

Me: That's her. She makes pies that she uses to brainwash people.

Lola: They must be really good pies.

Mary K.: You said it Lola. (Eats a pie) Mmm! They are really delicious.

Me: WHOA! Mary you are not falling under Mother Mae-Eye's spell.

Mary K.: My powers make me immune to brainwashing.

Lana: That must be one really good pie because your aura around you looks so much like fire.

Mary K.: It sure does.

Me: What flavor pie is that?

Mary K.: Cherry. My all time favorite.

Lola: Mine too.

Me: Lets head over there and help them all out.

We did so.

---

In the middle of the city, everyone else was facing Mother Mae-Eye.

Starfire: Mother Mae Eye. Do not think I've forgotten about how you brainwashed me and my friends!

Blade Man: I get it. Mother Mae Eye must've been unable to mind control Maureen. So she resorted to making her cause destruction by physically hurting her.

Nico: That could be the case.

Mother Mae-Eye: Maureen is a good child to me.

Nico: You are a terrible mother! You may look like a good mother but deep down you are just a heartless bag of hot air!

Robin: You will pay for controlling us.

Mary was the first to arrive.

Mary K.: You make really good pie but it should've been made with love and not from a black heart like yours! True pies are made with love!

Astro Man: (to Mary K.) How are you not under Mother Mae-Eye's control?! Those pies were able to brainwash Starfire, Cyborg, Beast Boy, and Raven even with their powers!

Mary K.: I'm immune to brainwashing. My powers are too strong for the strongest of brainwashing to control me.

But then Robo-Roxy, Robo-Blaze, Carly Carmine, Koragg, Myotismon and Dai Gui came out.

Nico: Robo-Roxy, Robo-Blaze, Carly, Koragg, Myotismon and the Demon Sorcerer of Earth - Dai Gui.

Dai Gui: **Yes it's the first time we fought since you imprisoned us.**

Bai Tza: Feels like a long time ago huh brother.

Robo Blaze: So, any reason why J.D. and the Loud Kids aren't here?

Maria: Let's just say that they're getting their emotions under control due to them being pissed at Cyclonis.

Koragg: I do not blame them for being angry at that witch. She has shown no honor in the past.

?: I agree.

A figure came out and it was DEADWOOD from episodes 28 and 30 of Dino Thunder!

---

Mesogog sends Elsa after the Tree of Life but Zeltrax gets to it first and uses its energy to become supercharged. Meanwhile, Reefside

High student Krista tries to save it from being demolished by Elsa as Principal Randall in an effort to preserve nature. Zeltrax turns the Tree of Life into Deadwood who is destroyed by the first formation of the Triceramax Megazord. Deadwood returns when the Jade Gladiator uses his bond with plant life to allow him to be reborn. However, he is again destroyed by the Dino Stegazord using the Ankylozord and Parasaurzord.

---

Ethan James: Deadwood!

Deadwood: Been a while rangers.

Nico: I remember you! Mesogog sent Elsa to get the energy of the Tree of Life. But Zeltrax got to it first and supercharged himself. You were made from the Tree of Life and were destroyed the first time and then you were destroyed the second time.

Deadwood: That's right. You have a good memory like J.D.

Nico: Like J.D., I've never missed an episode.

Deadwood just ate one of Mother Mae Eye's pies without getting mind controlled.

William: How did you not get mind controlled?!

Deadwood: Me and my fellow monsters aren't human. So we're immune to any spells that might affect human beings mentally.

Nico: Interesting Physiology.

Me: I agree.

We all landed.

Myotismon: There you all are.

Nico: So, have you guys managed to get your emotions under control?

Me: (glares at Nico) Just focus on the battle. We're gonna have a LONG disucssion later.

Mother Mae Eye: You're all just lining up to die!

Mother Mae Eye fires an anergy blast at Nico and me. Nico dodged it but it strikes me. I tried to brace yourself, before the blast eventually forces me back to under a set of stairs, as a small explosion goes off, cracking parts of the stairs above me. I look up, before parts of the stairs fall down. As the dust clears, you're shown holding a large piece of debris on your shoulder.

Nico: Dude! Are you ok?!

Jinx: Wait! Behind him!

That's when everyone notices a mother and her daughter are huddled together behind the pillar next to me. They look up at me

Nico: He was shielding them…

Jinx: We need to help him.

Lincoln holds onto the debris on me shoulder.

Lincoln: I got you.

Me and Lincoln drop the debris down onto the ground.

Jinx: (to the mother and daughter) Are you two okay?

Mother: I think so.

Daughter: (to you) Thank you.

Me: (smiles) Anytime.

Jinx: You better go somewhere safe.

The two nodded before running off.

Me: With Great Power Comes Great Responsibility! And we musn't misuse that power or responsiblity! I remember! This isn't about vengeance towards villains and making them suffer! It's about saving lives and keeping peace throughout the universe!

Nico: That's right!

Me: Lets call Child Protective Services on this bad mother!

Troy: Lady, you're no one's mother!

Megaforce Rangers: Legendary Ranger Mode: Race Force!

The Megaforce Rangers turned into the Japanese Version of Turbo.

Me: Lets take this fight to another planet to avoid having people get hurt.

Koragg: Good idea.

Koragg snapped his fingers and we were on a desert planet with crystalline mountains that were glowing with intense purple light and radioactivity. We were on the planet ANUR KHUFOS!

---

Anur Khufos is a planet located in the Anur System.

Anur Khufos has very large amounts of a glowing, purplish metal called Corrodium, which is highly radioactive and can cause hideous mutations to other species if they are exposed to its radiation above a critical level.

Due to the extreme heat, Thep Khufans live in small dome houses.

The more well off Thep Khufans sleep in sarcophagi, the poorer Thep Khufans can't afford them. So they are a kind of status symbol among the Thep Khufans' wealthy elite.

---

We were also inside a huge force field dome to protect us from the planet's searing heat and the radioactivity.

Me: Whoa! Look at this planet.

Laney: This place looks like a mixture of Tatooine and Petropia.

Koragg: It does doesn't it. This is actually Snare-Oh's home planet Anur Khufos.

Me: WHOA! So this is the planet Anur Khufos.

Nico: What a scary planet.

Riley: I always wondered what Anur Khufos would be like.

Julie Yamamoto: It's really creepy.

Lola: It sure is. But what are those purple rocks all over the ground?

Gwen T.: That's a radioactive mineral called Corrodium. It's a high energy radioactive mineral that comes from here and it mutates any creature that is exposed to it into hideous monsters.

Rainbow Dash: Whoa! That's crazy!

Applejack: (Cowboy Accent) It sure is.

Me: Whoa! That explains why my geiger counter is going haywire. This planet is overflowing with radioactive energy.

Vince: It sure is.

Hunter: (German Accent) Ja. Und I would not want to live here.

Eli: Me neither.

Me: I take it that this is the second of the planets of Zs'Skayr's home system.

Koragg: 3rd actually. We've already been to the planets Anur Phaetos, Luna Lobo and now here

Me: Wow! Luna Lobo is actually a moon and now we have Anur Transyl to visit.

Nico: That's right.

Koragg: Indeed.

Me: Lets do this. Don't expect any mercy from us Mae-Eye. You give all loving mothers everywhere a really bad name! And while we're doing this…

I got the threatening message ready and had it sent to Cyclonis.

Me: Cyclonis, I hope you are watching this and this is a fireworks show that will show you that we mean business and that we are coming for you.

We powered up and went at them.

Tania: I'm a former member of the Shadow Riders and that makes me part of the 2nd Generation.

Akiza: And I'm a Signer so that makes me a part of the 3rd Generation.

Sora, Blade Man, and Drill Man were facing Robo-Blaze.

Drill Man: It's a great name.

Sora: Thanks guys. Lets dance.

Robo-Blaze: Lets.

Robo-Blaze called out his Pokemon and they blasted him with light, blades and drill missiles and they hit him all over and knocked them down.

They high five!

---

## Battle 3: Koragg

---

Sarah, Concrete Man, and Impact Man were facing Koragg.

Sarah Gunnerson: Sorry about all the commotion J.D. caused.

Koragg: No worries. I would be pissed off too if someone like Cyclonis was causing trouble.

Concrete Man: Same here.

Impact Man: Yeah.

Sarah Gunnerson: Looks like we're all in agreement.

Koragg: Indeed. Lets do it.

Sarah Gunnerson: We are also called the Wolf Force of Tsuchi. That's Earth in Japanese.

Myotismon: That's a good name.

Nico: Vegeta and myself are from the Planet Vegeta and Shadow is from the planet Mobius. He also uses the power of the Chaos Emeralds. It's how we came up with our name for our team.

Myotismon: Good idea. Lets do it.

Nico: With pleasure.

Cornelia: I know.

Tso Lan: How have things been for you brother?

Dai Gui: **Doing really good brother.**

Juandissimo: (Spanish Accent) I don't understand something. The Masters of Evil are more than willing to recruit your other brothers and sister except for Shendu and Hsi Wu. Why are they not going to recruit them?

Tso Lan: It's a very strange story that has spanned over the centuries Juandissimo.

Dai Gui: **For over 900 years, me and my brothers and sisters have had to sit in the voids of the Netherworld while Shendu ruled China until he was sealed. And Hsi Wu broke the heart of Jackie's niece Jade.**

Cornelia: I've heard about that. That's terrible.

Dai Gui: **Indeed. And we hate Shendu's guts for leaving us in the Netherworld and there's a strong chance that we would rip him apart if he were to join the Masters of Evil.**

Juandissimo: I don't blame you.

Tso Lan: Yes it has been a huge grudge that we have carried with Shendu. Hsi Wu no but Shendu yes.

Cornelia: Whoa. That's crazy.

Dai Gui: **Thank you Tso Lan. Lets dance shall we?**

Cornelia: Lets do it. We're still working on our team name for us for when we face you.

We regrouped and we were facing Mother Mae-Eye.

Me: You give all mothers everywhere a really bad name!

Nico: And you will pay for your crimes!

Mary K.: You make really good pies but your heart is as black as the night!

Mary then powered up and then she flared up her orange aura and a massive vortex of candy and sweets and it took the form of a massive dragon in the sky. When the dragon faded, Mary had completely changed. She had her hair in a ponytail and the ponytail was pink and her eyes had rainbow sclera with pink pupils and she had pink rock candy diamond earrings, a blue Chinese sleeveless kimono with a pink dragon on it and she had red bracelets made of hard candy and she had pink Mary Jane shoes and a sleeveless trench coat with all kinds of candy on it and she had the kanji for Marybeth Florence Nightingale Knudson, Sweet Warrior of Candy and Chocolate of Justice on the back.

キャンディの甘い戦士と正義のチョコレートのメリーベスフローレンスナイチンゲールクヌーソン

She also had wings made of candy and she had a scythe made of licorice and rock candy. She was now a SUPER ANGEL 1,000,000 LICORICE SWEET FURY!

Me: Whoa! Mary this is one SWEET transformation.

Luan: (Laughs) Good one J.D.

Mary K.: (Divine Sweet Voice) **Thanks dad. Now it's time for me to dish out some awesome and sweet justice on this black witch.**

Mary went at Mother Mae-Eye and slashed her with her scythe and kicked her in her stomach. Mother Mae-Eye threw numerous pies at her and she ate them all over the place and her aura exploded out with incredible fury as Mary kicked her in the face and fired numerous jawbreaker bombs and they hit Mother Mae-Eye and exploded in her face.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMM
KRABBBBBOOOOOOOOOOOOOOOOMMM!

We all then went at Mother Mae and I punched her in the face and kicked her in the stomach and Princess Bubblegum slashed her with a candy sword and Candie formed a whip of licorice and lashed her all over the place. Princess Bubblegum then fired a wave of jellybeans and they pelted Mother Mae-Eye all over the place and Nico fired energy blasts and they hit her all over and exploded with incredible power all over the place. Staluk, Clodor, Titanix, and Ginatanai smashed and blasted Mother Mae-Eye all over the place and smashed her good.

Undermine: Lets do this!

Francis: Yeah!

Undermine used the Animatron Cyber Planet Key and he had a blade pop out from his Spinosaurus Sail and Francis had his Fire Powers enhanced 100-fold.

Trailbreaker and Paula used the Earth Cyber Planet Keys and they enhanced Undermine's force field powers and Paula's lightning powers 100-fold.

Janeen: Time for you to see just how we deal with villainous dirtbags like you! Now you will pay for your crimes Mae-Eye!

Mother Mae-Eye: I won't give up!

Janeen: Then you will see how dangerous we are in battle.

She unsheathed her sword.

Janeen: First it's time for some some Super Missile Power!

Her sword blade glowed yellow.

Janeen: SUPER MISSILE BARRAGE!

Janeen fired a massive barrage of Super Missiles and they slammed into Mother Mae-Eye and exploded all over with incredible power!

KRABBBBOOOOOOOOOOOOOOOMMMM!

KRABBBBOOOOOOOOOOMMMM!
KRABBBBBOOOOOOOOOMMMMMM!

Janeen: And here's one with Wave.

The blade of her sword glowed purple.

Janeen: WAVEBUSTER ELECTROCUTION!

Janeen fired a wave of electricity and energy and it slammed into Mother Mae-Eye and electrocuted her all over the place with millions of volts of electricity.

Janeen: Now for Ice.

Her sword blade glowed white.

Janeen: ICE SPREADER FREEZE!

She fired a blast of ice and it hit Mother Mae-Eye and froze her in a block of ice.

Janeen: Let me thaw you out. Hope you can take the heat with Plasma!

Janeen's sword glowed red.

Janeen: FLAMETHROWER INCINERATOR BLAST!

Janeen fired a massive blast of fire and it hit Mother Mae-Eye and burned her all over.

Janeen: Time for some Darkness!

Janeen's Sword blade turned pitch black.

Janeen: DARKBURST VOID SHOT!

Janeen fired a powerful ball of darkness and it slammed into Mother Mae-Eye and exploded and turned into a black hole. Sucking in all of Mother Mae-Eyes weapons and her minions and killing them. Her wand was also sucked in as well.

Janeen: Whoa! That was nuts. But how about this one? Time to see the Light!

Janeen's sword blade glowed in a rainbow light.

Janeen: SUNBURST HOLT SHOT!

Janeen fired a massive ball of white light and it slammed into Mother Mae-Eye and exploded in a massive blast of light.

Janeen: Feel the Twilight Power of Light & Darkness!

Her sword glowed in both light and darkness.

Janeen: Feel the love of the baby Metroid that Samus loves more than anything.

Her sword glowed in a powerful glow of rainbow energy.

Janeen: HYPERBEAM SUPERBLAST!

She fired a massive blast of Hyperbeam Energy and it slammed into Mother Mae-Eye and exploded with incredible power!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Janeen: And lastly feel the power of the very force that nearly corrupted the entire galaxy: Phazon!

Janeen's sword glowed neon blue and it emitted intense radiation.

Janeen: PHAZON HYPERBEAM MEGABLAST!

Janeen fired a massive blast of blue energy and it slammed into Mother Mae-Eye and exploded with incredible power!

Jinx: Nice one Janeen! Watch this one. BAD LUCK BLADEDANCE!

She fired a massive barrage of deadly energy blasts and they slammed into Mother Mae-Eye and exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Mother Mae-Eye was defeated and knocked down.

She was no more.

We tied her up and we were back on Earth.

Me: You are looking at spending the rest of your miserable life in prison forever.

Maureen came up to Alexis and she was crying.

Maureen: (Crying) I'M SO SORRY!

She hugged Alexis.

Alexis: It's not your fault Maureen. It's not your fault.

The Masters of Evil came.

Me: This was a good fight.

Robo Roxy: Isn't it time for you two to have that discussion?

Nico: Yes. It is. (to me and the Loud Kids) Guys, I want to say that I'm sorry. Earlier, I thought that you forgot about the one rule that the Royal Defenders abandoned. But you just proved me wrong. (sighs) Which is why you probably don't need me any longer.

Myotismon: Say what now?!

Nico: (to me and the Loud Kids) If you guys want me to leave the team, then I'll leave. I won't hold you back anymore. Just say the word.

I put my hand on his shoulder.

Me: No man. You are a valuable asset to the team and you were just doing your job as enforcer. I'm proud of you for doing your job and I was just extremely angry over the crimes that Cyclonis did over the years. You are just as valuable to this team as you are to anyone.

Vince: That's right man. You are just as important to the team as you are to the whole universe.

Nico: (Smiles) Thanks guys. I'm staying.

Me: Good.

Carly Carmine: You know what? I guess trying one pie won't hurt since Mother Mae Eye is unconscious.

Laney: But won't you get brainwashed?

Carly Carmine: No. My powers won't let me get Brainwashed. I'm immune to brainwashing because I'm a Dark Signer.

Lola: Wow.

Me: Lets get this old crone to prison where she belongs.

We did so and we put her in the cell of some familiar faces she sent a pie to at one time.

Mother Mae Eye looked around her cell in horror to see Gizmo, See-More, and Mammoth glaring at her.

See-More: I've gotta say, "Mom". Your plan to mind control everyone in Jump City was actually brilliant. There was just one problem…

Gizmo: You fucking USED us! Took over our minds to have Jump City for yourself!

Mother Mae Eye: H-Hey, hold on, dearies! That's not true! I was planning to free you once I made everyone in Jump City my children! Mind control was the only way to keep you focused and properly motivated! Honest!

Mammoth: Well, you failed to conquer Jump City and it was the Titans that freed us!

See-More: Don't even try to lie your way out of this one.

Gizmo: I'm gonna enjoy tearing you apart, you barf brain!

Mother Mae Eye: W-Whoa! Wait a minute! Listen to me!

Mammoth: Listen to my fist as it punches your face!

She screamed as they smashed her face in all over the place with indiscriminate fury.

Mother Mae Eye was defeated. We looked up at the sky and looked at the planet Atmos.

Nico: I hope Cyclonis is ready for us.

Me: She will be. She will pay for her crimes. Get ready Cyclonis, we're coming for you!

Starfire: (To the viewers) Pie is always a great dessert but don't take it from anyone that might hurt you. Especially if they are supervillains that use food as weapons for their own twisted agendas.

Me: Well said Starfire.

We had a long battle ahead of us and it was gonna be big. This was the Calm Before the Sky Storm.

TO BE CONTINUED

---

Another awesome chapter complete.

Mother Mae-Eye is by far a mother that gives all mothers everywhere an extremely bad name. She is a monster that had to be shown what true motherly love is. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12 and ninjakingofhearts all gave me the ideas for this one. Thanks guys. Buckle your seatbelts everyone because we're going into war against the forces of the evil Cyclonian Empire and we're going to face the evil and ruthless Cyclonis herself and make her pay for her crimes against Atmos and their world. Get ready Cyclonis, you will pay for your crimes.

See you all tomorrow.

# The Battle for the Future of Atmos

In the town of Ponyville we were over at Twilight Sparkle's awesome and new School of Friendship. It was an awesome place where all creatures in Equestria great and small can learn how to be friends with everyone.

---

The School of Friendship is a private vocational school established by Twilight Sparkle in School Daze - Part 1 as a way to educate different ponies and creatures from Equestria and beyond about the Magic of Friendship. It is called the Magical School of Friendship in some merchandise and Twilight School in some other media.

---

When we walked in we saw a lot of creatures in the school. We saw Gryphons, Changelings, Pegasi, Colts, Unicorns and more.

Splash Woman: I've gotta say, Twilight. Your School of Friendship is impressive.

Twilight: Thanks Splash Woman. It is a school we built to spread the joys of friendship all over Equestria.

Sunset Shimmer: This is an amazing place though.

Laney: It sure is.

Me: We'll have to see if Team Loud Phoenix Storm can help you out and spread the wonders of love, patience, courage and humility.

Twilight: That's a good idea.

Applejack: (Cowboy Accent) I teach Honesty classes.

Pinkie Pie: I teach Laughter Classes.

Rainbow Dash: I team Loyalty Classes.

Fluttershy: I teach Kindness Classes.

Rarity: I teach Generosity Classes.

Sunset Shimmer: I'm planning on teaching classes here someday.

Me: Cool! This is amazing though.

?: Twilight, I'm having difficulty with the organization system in the library.

We saw Twilight Sparkle's student and protégée, Starlight Glimmer and the king of the Changelings, Thorax.

Starlight Glimmer: Oh wow! Team Loud Phoenix Storm!

Thorax: It's an honor to meet all of you.

Twilight Sparkle: Guys I'd like you all to meet my student Starlight Glimmer and the king of the Changelings, Thorax.

Kiawe: (to Starlight Glimmer and Thorax) It's nice to meet you two.

Thorax: Same here. We heard so many incredible things about you all.

Starlight Glimmer: You all are amazing at what you all do.

Me: We don't like to brag. And Thorax you don't have to worry about Queen Chrysalis anymore. She's dead courtesy of us and forever banished to the Warp for all eternity.

Thorax: Good riddance. But I thought she was petrified as a statue forever.

Me: She was brought back to life because of a dark orb and all of your dangerous enemies are now back too.

Thorax: Oh man. That means that Cozy Glow and Tirek are back too.

Me: Oh man. We'll have to deal with those two later down the road.

Starlight Glimmer: I have a feeling that you guys meeting the two of us has another purpose.

Vortex: You're right about that. We actually would like to recruit you guys for an upcoming mission.

Me: That's right. We're going into battle against the evil and malevolent ruler of the Cyclonian Empire, Master Cyclonis. She is on the planet Atmos and she plans to conquer all of Atmos and rule over it with an iron fist.

I went over Cyclonis's history and more and they were shocked.

Starlight Glimmer: That's horrible.

Thorax: Her heart is as black as the night.

Me: She's pure evil and we have to kill her to make sure she never terrorizes the entirety of Atmos ever again.

Aerrow: Because of the Storm Hawks defeating her the first time, most of Cyclonia went into hiding and she resurfaced after all this time when Team Loud Phoenix Storm met us and now we have a fighting chance to destroy her once and for all.

Thorax: Wow. Give us a few minutes to think about this.

Me: Take all the time you need. We're not in a rush.

Twilight Sparkle: I'll show you all around some more.

We walked around the school.

Starlight Glimmer: I think we should help them out. Team Loud Phoenix Storm is the most powerful force in the entire universe and they have done far more good than anyone we have ever known.

Thorax: I agree. And I heard from Princess Celestia that they defeated an evil version of themselves from another universe.

Starlight Glimmer: That's what I heard. The Royal Defenders is what they were called I think.

Thorax: That's them. But it's amazing at what they do. Their hearts are so pure that they will never give in to evil's power and J.D.'s plans are amazing from what I was told.

Starlight Glimmer: All right. Lets join them and help them out.

Thorax: All right then.

In the office of Twilight Sparkle we were amazed at how awesome her office was.

Me: Wow! Your office is amazing Twilight.

Twilight: It sure is.

Nico: It's amazing that you do a lot in here.

Twilight: It's a big responsibility running a school like this.

Laney: I can see that. It must take a lot of stuff to do.

Lana: Yeah.

Thorax and Starlight Glimmer came in.

Thorax: We would like to join you guys to help stop Cyclonis. When do we leave?

Brawn: In a few hours or so.

Me: But we have to be ready for anything.

We went outside and gathered our forces. We had everyone from all over the lands gathered.

Nico: Looks like all our forces are gathered.

Me: Almost. I sense that the Masters of Evil are coming.

Starlight Glimmer: Who are they?

Me: Well it's a very strange yet sad story. It happened almost a year ago.

I went over what happened during the Phoenix Infinity War as we call it and that battle ended with 2 casualties and how the Legion Of Doom disbanded and the Masters of Evil took their place. I even told them about the adventures we had and more and how the Masters of Evil became our frenemies and more.

Starlight Glimmer: Whoa! That's amazing!

Thorax: I'm sorry you all went through all that with Thanos and all that. But you guys have awesome frenemies now to boot.

Me: That's true.

But then Ghost, Beautiful Gorgeous, Skulker, Rich Texan, Wiggum and Waffle Woman appeared.

Me: Ghost, Beautiful Gorgeous, Skulker, Rich Texan, Wiggum and Waffle Woman.

Tara: You guys here to help us take down Cyclonis?

Beautiful Gorgeous: Before we go after Cyclonis, we'll have some warmup battles against you guys.

Rita: You sure about that?

Rich Texan: Why not? The 6 of us haven't fought in a while.

Waffle Woman: And we still have some time.

Me: That's true.

Starlight Glimmer: Are you guys part of the Masters of Evil?

Waffle Woman: We sure are.

Me: They are our frenemies and they give us an incredible challenge and a good time.

Lana: Yep.

?: It'll be the last time you face them.

We turned and behind us we saw one of the four generals of Queen Beryl: JEDITE!

---

Jadeite (Jedite in the English dub) s the first of Queen Beryl's generals in the anime Sailor Moon. He is 18 years old, making him second youngest of the four generals.

The first of the Shitennou to be sent out by Queen Beryl, Jadeite searched Tokyo for the Legendary Silver Crystal while using his Youma to gather life energy from the humans to replenish Queen Metalia. His plans included having the Youma he created, Morga and Garoben, assume human identities: Morga stealing the identity of Naru Osaka's mother to use her the jewelry store as a means to gather life energy and Garoben posing as a cram school instructor to brainwash a class to analyze the likely whereabouts of the illusionary silver crystal. Both attempts resulted in the awakening of Sailors Moon and Mercury.

While killed off by a awaken Sailor Mars in the original manga in an attempt to lure the Sailor Guardians to him with hostages, Jadiete survived in Sailor Moon Crystal and functioned as support for the other Kings of Heaven. While he and the other kings fend off the Sailor Guardians from entering the Dark Kingdom's stronghold following Beryl magnifying her hold over them, Jadeite was revealed to be Sailor Mars' love in their past life as she freed him from the enchantment controlling him. But Jadeite was vaporized by Queen Metalia alongside the other kings when she deemed them no longer useful to her. But the four stones that the Shitennou were reduced to end up in Mamoru's possession with the quartet's spirits now able to resume their duty as his protectors and advisors.

Jadeite appeared in the first ten episodes. His task was to gather energy for the Dark Kingdom to release Queen Metalia. His tactics usually involved charging objects with dark energy and finding a way of attaching them to several people at once, usually with him or one of his monsters disguised.

He had Morga pretend she was Naru's mother at the jewelry store, charging the jewelry with dark energy. He had Balm set up a fortune-telling parlor to plant devil tarot cards to rob people of their energy. He also attached flowers to people on a radio station that would drain a person's energy. Jadeite put people in relaxation pods, turning them evil while taking their energy, had Iguara use animals called Chanelas to manipulate people into staring at them and steal their energy, had Kyurene play a tape that can drain life energy, had Derela absorb people's energy in a talent competition, had Garoben steal energy from a computer class through strange disks, had Ramwoir hand out clocks that made people rush and use up energy, had Dream Dolly put people to sleep and drain their energy, and teamed up with Titus to steal energy from people on a love cruise. Each and every one of his plans were foiled by Sailor Moon, with the help of Sailor Mercury and Sailor Mars.

Fed up with Jadeite's failure, Queen Beryl commanded him to destroy the Sailor Senshi, lest he is punished with eternal sleep. Jadeite challenged the Sailor Senshi at the airport, where he made two jets chase after them. Tuxedo Mask arrived at one point to fight him but was defeated. However, Sailor Moon got one of the jets to chase after her while Sailor Mercury used Shabon Spray to create a fog, preventing Jadeite from seeing Sailor Mars put a scroll attack on his back, causing the planes to chase after him. Sailor Moon tried to hit him with Moon Tiara Action. He avoided the attack but was run over by one of the jets.

Upon his return to the Dark Kingdom, he attempted to tell Queen Beryl the true identities of the Sailor Senshi, but as he had failed his mission, she refused to listen to him and froze him in a crystal of ice, then vanished him into endless darkness, condemning him to eternal sleep.

---

Shanan: Jedite! I had a feeling you would show up.

Jedite: You all won't get a chance to fight Cyclonis. Because I'm gonna kill you all first!

Shanan: Not if I kill you first.

Suddenly a massive vortex of water exploded out of the ground and divine singing was heard and Eli recognized that voice all too well. A figure came out and landed on the ground and it was Ariel.

Ariel: Hey guys.

Me: Nice entrance Ariel.

Eli: Ariel!

Ariel: Eli!

They hugged for the first time.

J.D. 3: Eli and Ariel have a very strong and powerful bond and it has been that way for a long time. They are so close in bonds that they are like sisters.

Lana: Wow! That is a strong bond.

Me: It sure is. That is a very powerful bond. Lets get these usual battles over with.

Shanan: Jedite and I have an old score to settle.

## Battle 7: Shanan, Sailor Moon, Sailor Mars and Sailor Mercury VS Jadeite

Shanan, Sailor Moon, Sailor Mars and Sailor Mercury were facing Jadeite.

Shanan: You will pay for your crimes Jadeite. I will never forgive you for everything you've done.

Shanan then flared up her green aura to an incredible level and she was enveloped in a massive vortex of leaves as it exploded high into the sky and the vortex formed into a fairy as it sang divinely and then when the vortex faded Shanan was forever changed. She had hair that was rainbow color and in a braided ponytail and she had earrings in the shape of the kanji for life on.

生活

She also had the a rose emblazoned in the middle of her forehead and it had the kanji for Life is An Incredibly Precious Thing in the middle.

人生は信じられないほど貴重なものです

Her eyes were rainbow color pupils and she had the beauty of the dazzling aurora borealis in the sclera. She had a red choker around her neck, an orange vest, a yellow tank top, green belt with the Celtic Triquetra for a buckle, blue pants and indigo boots and she had purple fingerless gloves. She also had a sleeveless trench coat that had the stars and planets of the universe that had life all over them and it had the kanji for Shanan Abigail Knudson, Protector of all Life and the Living Universe Encyclopedia and Mother Nature's Warrior of Justice on the back.

シャナン・アビゲイル・ナドソンすべての生命と生きている宇宙百科事典の保護者と母なる自然の正義の戦士

She also had angel wings of leaves and they were glowing with rainbow light and she had a sword with a leaf blade that was glowing with rainbow light. She had now become a SUPER ANGEL 1,000,000 PRISMATIC RAINBOW NATURE FAIRY!

Sailor Moon: WHOA! Shanan you look incredible!

Sailor Mars: This power is amazing!

Sailor Mercury: How do you feel Shanan?

Shanan: (Divine Fairy Voice) **I feel incredible girls. Now it's time to dish out some payback.**

Shanan walked towards Jedite and as she walked towards him, leaves, vines, flowers and trees grew from her steps in an instant. Butterflies came out of the plants too and they were beautiful. The amount of life energy she had was so incredibly powerful that it supercharged the growth of nature around her.

Jedite: HA! You think I'm scared of you because you have new clothes and a new look?

He flew into the air and fired waves of energy and they hit Shanan all over in a massive flurry of explosions!

KRABBBOOOOOMMM! KRABBBBOOOOOOOMMMM! KRABBBBOOOOOOMMM! KRABBBOOOOOOMMMM! KRABBBBOOOOMMM! KRABBBOOOOOMMM! KRABBBOOOOMMM!

Jedite: That didn't last long.

But he was dead wrong.

Shanan emerged from the smoke completely unscathed and she was really pissed at Jedite.

Jedite punched at her and Shanan grabbed his punches.

Jedite: YOU WILL NEVER DEFY THE WILL OF QUEEN BERYL!

Shanan: **Queen Beryl will die a horrible death at the hands of us.**

Jedite: WHO THE HELL DO YOU THINK YOU ARE!?

Shanan: **Your worst nightmare.**

Shanan then slammed Jedite into the ground and sent him skidding and she flipped and slammed into his back with incredible force and spun him around and threw him and teleported and kicked him into the air and he stopped and he had green blood dripping from his mouth.

Jedite: DAMN IT! NO! THIS CAN'T BE HAPPENING! I am invincible! (Forms a massive energy blast!) A WORTHLESS INSIGNIFICANT FUCKWAD LIKE YOU COULD NEVER BEST ME!

Shanan: **Sorry to break it to you but it's far too late for that.**

Shanan formed a powerful blast of green energy.

Jedite: SHUT YOUR FUCKING MOUTH AND BURN IN HELL!

He threw a powerful dark energy blast.

Shanan: **YOU'RE THE ONE THAT'S GOING TO HELL YOU MOTHERFUCKING CLOD!**

She fired the blast and the blasts collided and the power coming from them was unbelievable. Sailor Mars, Mercury and Moon channeled blasts of light, water and fire and the blasts merged with Shanan's and intensified it 100-fold and the blast broke through it and the blast enveloped Jedite and completely obliterated him in an instant. There was nothing left of him as he was reduced to nothing in an instant.

Shanan: Good riddance.

The blast went out into space and vanished.

---

Our Usual battles were done.

Skulker: Now that the usual battles are done, we can go after Cyclonis.

Storm Shadow: It would be wise to let Aerrow and the Storm Hawks take the lead. They've dealt with Cyclonis before.

Wiggum: That's a good call.

Me: It sure is. Lets get the rest of the Masters of Evil together and then we'll be ready.

Then Vypra and everyone else appeared.

Vypra: Did someone call?

Me: Perfect timing.

Dark Spicer: This is gonna be good.

Nico: Yeah.

Me: Lets do this guys. Lisa, deploy the U.S.S. Valorous Phoenix.

Lisa Loud: Affirmative.

We all got into the ship and we were off to Atmos.

---

In the skies of Atmos, the U.S.S. Valorous Phoenix was flying through the air.

Me: Captain's log, Stardate 2869.2: Today is D-Day as we are heading over to Terra Cyclonia for the ultimate showdown against the malevolent tyrant sorcerer Master Cyclonis, who has terrorized all of Atmos for years. After the Storm Hawks defeated her the last time, she and all of her forces Cyclonia went into hiding. Now we got her right where we want her and she will not escape us this time. Her death will come.

Nico: That witch is gonna pay for her crimes.

Laney: She sure will.

Lisa Loud: J.D. we have a massive army of ally signatures coming in fast.

Me: On screen.

The view screen turned on and it showed that there was a massive armada of Sky Knights from all over Atmos that joined up with us.

Me: Whoa! It's all the Sky Knights that have helped the Storm Hawks in the past.

Nico: There must be thousands of them.

Vince: Maybe more.

Aerrow: (On the radio) Hey guys!

Me: Whoa! You guys have brought the whole kit and caboodle.

Aerrow: We sure did. We got all the kingdoms of Atmos together for the final battle.

Piper (Storm Hawks): This is it guys.

Finn (Storm Hawks): We won't let Cyclonis terrorize our world anymore.

Nico: None of us will.

Lisa Loud: We're almost there guys.

Me: Target sighted. Engage cloaking.

The entire ship went completely invisible and hovered next to the fortress.

Lola: Our sensors show that the fortress of Terra Cyclonia has a powerful security system.

Maria: Great. Leave it to Cyclonis to have a security system.

Me: We're gonna have to disable that from the inside.

Ghost: I can use my powers to disable the security.

Randy: And I can help with that as well.

Me: Good. Go for it.

Ghost and Randy went completely invisible and went into the fortress and they went into the fortress undetected and they found the security systems and disabled them 20 minutes later.

Proto Man: I just hope those two aren't caught while deactivating the security. The last thing we need is Cyclonis having them as hostages.

Me: She takes no prisoners.

The console beeped.

Lola: Security system disabled.

Me: Excellent.

Time Force Dash: (to me) I have an idea for an entrance. But it's gonna involve you and me riding into Cyclonis' room in one of the race cars Lana lent me.

Me: I like how you think Dash. Lets do it guys. Nathaniel you have the con.

Nathaniel: Red Alert! Man your battlestations.

The alarms sounded in the ship.

Me: Don't fire until I give the word.

Nathaniel: Right.

Me: Lets move!

We were ready for action and me and Dash got into a spare race car and Dash infused it with speed force and time energy.

---

In the fortress of Terra Cyclonia, Cyclonis was wondering if we were gonna make good on our threat like we said we were.

Cyclonis: Where are those fools.

Suddenly a massive explosion of green and yellow energy blasted through the door to her throne room and laboratory and a powerful dragon roar was heard and in came Dash and me and all of us from every corner and me and Dash got out of the car.

Me: Hello Cyclonis. Nice to meet you in person this time instead of with a hologram.

Cyclonis: I'm impressed you managed to get this far. Though I do wonder if you're all close to losing it. I heard that you almost let an innocent girl die all because you wanted to send a threatening message to me.

Bleez: (to me) J.D., you need to calm down. Don't lose your cool. It's what she wants.

Me: I know. She's playing mind games with me and it's not going to work.

Aerrow: It's over Cyclonis! You will pay for your crimes!

Piper (Storm Hawks): You got away once and we won't let you get away again.

Laney: You're going down Cyclonis!

Cyclonis: If you want to get to me, you'll have to get passed all my associates first.

Me: What associates? Most of your followers are either dead and in jail. And we freed all of the children you brainwashed.

?: She was talking about us.

12 figures came out and they were clones of the Akumatized Villains: VOLPINA, STORMY WEATHER, MR. PIGEON, COPYCAT, LADY WIFI, ANTIBUG, EVILLUSTRATOR, ANANSI, DARK CUPID, TIMEBREAKER and KUNG FOOD!

William: Great! Clones of Akumatized villains.

Roxas: At least we don't have to hold back against them.

Me: Now I can dish out more vengeance on the Volpina clone.

Nico: Same here. That bitch Lila Rossi was born bad and should've been killed long ago.

Qin: We should've killed her instead of sending her to prison.

Laney: I know.

The Volpina clone used her powers to make Ben and Danny fight each other. In Ben's eyes, he was fighting Vilgax.

"Vilgax": I'm the one villain you can't get rid of, Ben Tennyson!

In Danny's eyes, he was fighting Vlad Plasmius.

"Vlad": Did you really think you could get rid of me that easily, Daniel?

Me: The Volpina Clone is using her illusion powers to make Ben and Danny fight each other as their worst enemies!

I activated my Sharingan and saw through the illusion.

Me: (Forms hand sign) Release!

I broke the illusion.

Me: Nice try Volpina. Now lets power up and get them!

Battle 8: Me, Lincoln, Onewa, Lori Drakkon, Eli and Marinette VS Volpina

---

Me, Lincoln, Onewa, Lori Drakkon, Eli and Marinette were facing Volpina.

Me: **You will pay for your crimes Lila. I don't know what we were thinking letting you live.**

Volvina: I will kill you all for everything you've done to me if it's the last thing I ever do.

Lincoln: Not if we have anything to say about it.

Onewa: That's right you bitch!

Marinette: I've had it with you Lila Rossi!

We went at her and punched and kicked her all over at a ferocious level and Lincoln, Eli and Marinette blasted her all over with fire and lightning and leaves and electrocuted her and burned her all over the place with incredible fury and Lord Drakkon and Onewa smashed and blasted her all over the place.

Me: **Take this! PLANET STYLE NINJA ART: PALAVEN!**

Lincoln: PLANET STYLE NINJA ART: RANNOCH!

Onewa: PLANET STYLE NINJA ART: KHAR'SHAN!

Lord Drakkon: PLANET STYLE NINJA ART: PLANET ELYSIUM!

Eli: PLANET STYLE NINJA ART: EDEN PRIME!

Marinette: PLANET STYLE NINJA ART: TERRA NOVA!

We floated into the air and formed images of said planets behind us.

---

Planet Palaven

When the turians were introduced to the galactic community, an asari diplomat poetically described their homeworld, Palaven, as "a silver world of fortresses and fire." Because Palaven's weak magnetic field is a poor shield from its sun, most of the planet's animal life developed metallic carapaces as defenses against solar radiation. Its photosynthetic life is similarly impressive, shutting down vulnerable metabolic processes during daylight hours and repairing cellular damage at night.

The visible fortifications of Turian cities reflect their martial society, but since joining the galactic community, internal conflicts have become honor-bound affairs with few casualties among noncombatants. These city fortifications have proven no match for the Reapers and their aggressive bombardment of Palaven.

Planet Rannoch

Although its orange sun is only about 90% the mass of Sol and half as luminous, Rannoch is arid by Earth standards because it formed closer to its star and has slightly less ocean coverage. Photosynthetic life is concentrated around rivers and oceans, with large expanses of desert in between. The importance of plant life and shade in ancient quarian culture is evident in the translation of Rannoch's name-"walled garden."

To a starship's sensors, the most obvious feature of the quarian homeworld is the numerous heat sources in orbit. Thousands of geth space stations watch over the planet. Somewhere in this artificial swarm of constructions lurks the geth armada, waiting for its moment to counterattack.

Planet Khar'shan

Khar'shan, the batarian homeworld, is wrapped less in mystery than in outright lies. Batarian propaganda claims the world has 15 billion inhabitants and an economy that rivals the asari. Although the legal slave trade does boost the batarians' profits somewhat, Citadel sanctions have left a paper tiger of an empire, one that fights rivals through deniable terrorist actions rather than the wars of its heyday centuries ago.

The Reapers will likely be the death blow to that empire. Almost no information has escaped Khar'shan since the Reapers destroyed the comm buoys, but batarian refugees say that resistance has created a bond among the commoners. If a new government can rise from the ashes, that bond may sustain a new batarian society.

## Planet Elysium

When searching for a colony to retire to, Alliance hero Jon Grissom said he wanted "the one where the sun has the decency to set at a reasonable time." Elysium fulfilled this criteria and many more, featuring low gravity, tolerable atmospheric pressure, and a suitable climate. Humans and aliens alike flocked to the "alpine paradise" early in its colonial years, and the planet remains a vibrant hub for both visitors and permanent residents.

Security is a constant concern for Elysium; the planet has suffered several pirate or mercenary attacks, including the Skyllian Blitz of 2176. Elysium's airspace is secured by mobile planetary defense cannons-its armed starship complement is relatively light. Materiel and volunteers from Elysium formed part of the Alliance Second Fleet, which was stationed near Arcturus before the fleet was destroyed by the Reapers.

## Planet Eden Prime

This idyllic agrarian world was one of the first human colonies established beyond the Charon mass relay. Eden Prime's biosphere is unusually well-suited for importation of Earth-native life. This fertility drew heavy immigration and development by the Systems Alliance and various corporations.

Today Eden Prime is a model of sustainable, organized development. The population is housed space-efficient arcologies that tower over thousands of kilometers of green fields and orchards.

This idyllic agrarian world was one of the first human colonies established beyond the Charon mass relay. Eden Prime's fertile biosphere drew heavy immigration from the Systems Alliance and other human organizations.

In 2183, Eden Prime was attacked by a geth force led by the rogue Spectre Saren Arterius. Commander Shepard, responding to the attack, encountered a Prothean beacon that warned of imminent Reaper invasion. It is thanks to this beacon, and the Commander's quick action, that the galaxy has any chance of survival today.

Although the Reapers rushed past much of the Exodus Cluster in their plan to take Earth, it is clear the war has come to Eden Prime. Distress signals have jammed all available frequencies, fires burn in vast swaths across the arable land, and its once-extensive monorail system is twisted metal. Cerberus has much to lose if word of their ruthless attack on the human colony gets out. What they stand to gain must be equally valuable.

## Planet Terra Nova

Terra Nova was one of the Class-1 colonization prospects discovered by the first wave of Alliance surveys in 2150. It was the second human extrasolar colony, and the first beyond the Charon Mass Relay. It currently has the highest population of any Alliance colony.

Though banded by a harsh equatorial desert, areas closer to the poles are temperate. The pace of development was modest until extensive deposits of platinum were discovered in the 2170s. This rare metal, required in the clean-burning hydrogen fuel cells that power private vehicles, attracted a "platinum rush" of immigrants and investment from throughout Alliance space. In the past twelve years, Terra Nova has seen a 30% rise in population, and growth does not appear to be slowing.

Terra Nova was one of the Class-1 colonization prospects discovered by the first wave of Alliance surveys in 2150. It was the

second human extrasolar colony, and the first beyond the Charon mass relay. It once boasted the highest population of any formally endorsed Alliance colony, but in recent years threats of batarian attack caused many to emigrate. The name "Exodus Cluster" became all too apt.

The Reapers landed on Terra Nova after a brief battle with the Alliance's Sixth Fleet. Aware that it would lose, the fleet retreated in hopes of meeting with allies and retaking the planet. Intelligence indicates that the Reaper force here is light, and debate rages over whether to try to liberate the planet, or if such an effort would prove futile if the Reapers sent reinforcements.

---

We fired energy blasts and they hit Volpina all over the place and smashed her into pulp and burned her all over.

Eli: You will pay for your crimes Volpina. It's time for you to meet your maker in Hell!

Eli and Marinette: LADYBUG WOLF FIRE!

Eli and Marinette fired massive blasts of purple and red fire and the blasts slammed into Volpina and obliterated her in an instant.

Me: **Enjoy the fire of hell.**

Eli: Good riddance to that bitch.

---

Battle 9: Lori, Aurore, Leonard the King Pig, Girl Jordan, Kagumi VS Stormy Weather

---

Lori, Aurore, Leonard the King Pig, Girl Jordan and Kagumi were facing Stormy Weather.

Aurore: Hard to imagine that I was turned into you.

Lori: It's literally awful that this is what you became.

Leonard: Yeah.

Girl Jordan: Lets take her down.

They went at Stormy Weather and she fired waves of lightning and they dodged it and Lori and Aurore fired blasts of wind and lightning and Leonard had his pigs bombard her all over the place and pulverized her all over and Girl Jordan and Kagumi fired blasts of sunlight, water and fire and the blasts burned her all over the place.

Lori: Try these on! PLANET STYLE NINJA ART: MOON TORFAN!

Aurore: PLANET STYLE NINJA ART: PLANET SUR'KESH!

Leonard: PLANET STYLE NINJA ART: PLANET VIRMIRE!

Girl Jordan: PLANET STYLE NINJA ART: PLANET FEROS!

Kagumi: PLANET STYLE NINJA ART: PLANET THERUM!

They floated into the air and images of said planets appeared behind them.

---

Moon Torfan

If Commander Shepard has the Ruthless background, the Commander's reputation was cemented at Torfan. Shepard pursued the batarians and wiped them out, even those who surrendered, at the cost of many lives from the Commander's own unit. This earned Shepard the epithet "Butcher of Torfan". Major Kyle, Shepard's commanding officer at Torfan, couldn't handle the loss of so many Marines and was eventually given an honorable discharge, later becoming the leader of a biotic commune.

After the death of Commander Shepard in 2183, the Shepard Memorial Flame is placed on Torfan as a monument to the Commander. There are some attempts to extinguish the flame in protest of the Commander's questionable actions there, and following the Commander's return in 2185, the frequency of these attempts increases.

## Sur'Kesh

The salarian homeworld has been likened to the jungles of Earth: pretty to look at, teeming with life, uncomfortable to live in and dangerous to the unwary. The technophilic salarians had significant pollution and waste problems early in the development of their society. They also embraced social solutions just as quickly, and through complex breeding rules, Sur'Kesh now maintains a crowded but sustainable population. The planet tends to be wetter than Earth, and salarian cities spare no expense to collect and provide fresh water, as one might expect from an amphibious species.

Due to Sur'Kesh's location in the galaxy, far from dark space, it has yet to be invaded by the Reapers. But its rulers are all too aware that they are in the path of attack. Because they could not strike the first blow, as their military doctrine suggests, many already consider their forces at a severe disadvantage.

## Virmire

Virmire is a lush frontier world, ideal for colonization by carbon-based species. Its vast seas and orbital position on the inner life zone have created a wide equatorial band of humid, tropical terrain. Unfortunately, the political instability of the nearby Terminus Systems has impeded colonization efforts - the high risk of raids by pirates and slavers makes it an unappealing homestead.

## Feros

The ExoGeni Corporation has founded a pilot colony on Feros to explore the Prothean ruins that blanket two-thirds of the planet's land mass. The atmosphere is fouled with dust. Terrestrial travel is hampered by crumbled debris dozens of meters deep. There are indications that Feros was a much colder world in the past. Feros has two large moons, Orcan (the farther) and Vardet.

## Therum

Therum is a distant but rich industrial world claimed by the human Systems Alliance. Its plentiful heavy metals have fueled the recent manufacturing boom on Earth. Core samples rich with the fossils of simple silicon-based organisms indicate Therum was more habitable in the past than it is at present. Perhaps this explains the many Prothean ruins dotting the surface, most of which have been looted by mining corporations.

---

They fired blasts of energy from said planets and they hit Stormy Weather all over and burned her.

Lori: Lets put this witch out of her misery.

Leonard: With pleasure!

Lori and Leonard: WIND PORK SHREDSTORM!

They fired waves of wind and pork and shredded the Stormy Weather Clone apart.

Lori: Nice.

## Battle 14: Lucy Loud, Webstor, Vakama, and Nathaniel VS Evillustrator

Evillustrator: You have no taste in art.

Lucy Luud: We'll see about that.

Webstor: Agreed.

Vakama: Lets get him!

Outside energy from all over Atmos, Earth, and the Solar System was pouring into the Castle of Terra Cyclonia and then blue light exploded out as the castle exploded and a massive ball of energy formed and it was the size of the Moon!

Me: **CYCLONIS! I'M HOLDING THE ENERGY OF EVERYONE HERE ON ATMOS THAT HAS EVER SUFFERED AT THE HANDS**

**OF TYRANNICAL MONSTERS LIKE YOU!**

Cyclonis: THIS CAN'T BE HAPPENING! I AM THE ETERNAL RULER OF THIS WORLD! I'M INVINCIBLE!

Me: (Laughs) **YOU ARE RULER OF NOTHING! THIS IS FOR ALL THE PAIN AND SUFFERING YOU HAVE CAUSED TO ALL OF ATMOS! NOW DIE! HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA**

(DBS A GOD IS BORN THEME PLAYS!)

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

THE END

Another awesome fanfic complete.

Cyclonis was no doubt one of the most evil villains in the universe and she was a malevolent tyrant that needed to be stopped no matter what. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, and ninjakingofhearts gave me the ideas for this chapter. Thanks guys. Awesome job and thank you. Next up is a battle with the evil arch-nemesis of the Secret Saturdays and we're going to face the evil Argost as we search for the legendary giant bird of Arabic Myth, the Roc and that is gonna be another awesome battle!

See you all tomorrow.

# Yeti VS The Roc

At Slugburger we were having a celebration to celebrate the defeat of Cyclonis.

Everyone: CHEERS!

Me: To the Fall of Cyclonis and her evil empire.

We clinked our glasses and started eating.

Laney: Thank goodness we never have to see that evil and heartless tyrant again.

Prohyas: You said it Laney.

Vambre: (British Accent) Indeed dear brother. She was a monster that needed to be stopped.

Lola: Yeah.

Lana: She deserved to die.

Vypra: You said it Lana.

Edwayl: (Breton Accent) Indeed Lana.

Rainbow Dash: But the Cyclonian's deserved to be destroyed no matter what.

Applejack: (Cowboy Accent) That Cyclonis was meaner than a rattlesnake in a barrel full of piranhas.

Fluttershy: Putting it really mildly if you ask me.

Rarity: I agree. But that monster got what she deserved.

Me: She sure did. Cyclonis deserved to be banished to the Warp for all eternity.

Witchy Simone: You said it guys.

Lily: Cyclonis was a monster and she needed to be stopped or all of Atmos would be oppressed forever.

Lisa Loud: Indubitably.

Applebloom: (Cowboy Accent) That monster got what she deserved.

Starlight Glimmer: But I'm glad we all stopped her.

Thorax: Yeah.

Starlight Glimmer: By the way we should get Diamond Tiara and the human version of Cozy Glow to join the Redemption Squad. And we can also get Wallflower and Juniper Montage to join the Redemption Squad.

Me: That's a good idea Starlight. I heard that Wallflower tried to erase everyone's memories.

Starlight Glimmer: And Juniper tried to become famous by force. She tried to get revenge on my friends by trapping them in a magical mirror.

Me: A lot of good that did. Revenge is like a double edge sword and it will only to your own destruction. I almost went berserk over an alien flower that was out to destroy all life in the entire universe and flood it with hatred forever.

Sunset Shimmer: (Skeptical) Really?

Me: Yeah. Weird but true story. We've been all over the universe and saw a lot of planets and worlds and all that.

Sunset Shimmer: That's true.

Starlight Glimmer: I once manipulated an entire town into giving up their talent so they would think they were special.

Twilight Sparkle: Overpowered by magic I couldn't control and created a rift between two worlds almost destroying them both in the process.

Sunset Shimmer: Turned our own school into my own personal zombie army in hopes of conquering a far away pony world.

Me: Wow. Most of us have had a lot of dark times. But thanks to the light and purity we all carry we got through them and conquered many obstacles.

Pinkie Pie: Wow. We are a REALLY forgiving group.

We laughed.

Me: Well friendship forgives everything.

Nico: That's true.

Me: But Cozy Glow is a dangerous pony isn't she?

Applejack: Yes she is. But we helped her realize that there is more to life than using friendship for power.

Nico: That's good. So the pony version of Cozy Glow will go to prison.

Scootaloo: I hope so.

Sweetie Belle: Why can't we just kill her?

Me: Because that would go against our code and she is technically a kid. Our code forbids us from killing kids unless they are completely irredeemable or completely unrepentant. But it's a very rare case.

Nico: Yeah if we kill kids that will show that we are murderous monsters like barbarians that have killed thousands of innocent people regardless of age or gender and they showed not a single shred of remorse or guilt.

Rainbow Dash: That is a good code.

Me: Thanks. But there are two kids that we despised and killed that we had to go against our code for. But we didn't establish this code back then and we weren't called Team Loud Phoenix Storm back then.

Nico: Yeah their names are Chandler Henderson and Princess Morbucks.

Fluttershy: Who are they?

Me: You would hate these kids. Princess Morbucks was the previous owner of our estate before I moved here to Michigan 4 years ago.

Laney: And Chandler is the worst bully in all of our entire school. Chandler made the life of Lincoln and me a living nightmare.

We went over what happened during the events of Laney's Revenge, The Nature Sister's Cometh, A Spoiled Brat's Vendetta, Bully Dinosaurs VS Weredogs and Twas the Fight Before Christmas and everyone gasped.

Twilight Sparkle: That's crazy!

Rainbow Dash: That is crazy.

Eli: I have always hated Princess Morbucks. She always claimed that she was better than everyone else because she had all the money in the world.

Me: Having money is one thing but having things like Friendship, Love, Power, Kindness and Humility are another. There are things that money can never buy. Friendship, Love and Power are 3 of those things.

Nico: That's right.

Laney: My friend Karla is rich too and she is the polar opposite of her brother.

Lola: Lindsey is rich and she thought she was better than everyone. But we helped her and purified her.

Me: We sure did. But tell that to Veruca Salt. She was Princess

Morbucks reincarnated.

Applebloom: That's crazy.

Naruto: It sure is. But I would never be a spoiled brat.

Sasuke: My evil selves would but not me.

Me: True. But if Princess Morbucks ever does come back, and I have a feeling she will come back around Christmas later this year, we'll fight her and send her to the Limburger Cheese Mines.

Applejack: Limburger Cheese Mines?

Me: It's a mine I found in Switzerland made entirely out of Limburger Cheese and it smells horrible! It smells like the whole cave is full of rotten socks.

Lana: I like it.

Lila Loud: Me too.

Me: We turned it into our special mine prison specially for spoiled brats.

Sunset Shimmer: Good idea.

Starlight Glimmer: Perfect prison for them.

Eli: I agree.

Nunnally: It's perfect for them.

Me: Good.

We got back to our party.

---

Later we were over in Silver Hills, California. It was the home city of the Time Force Power Rangers when they were stationed here in the 21st Century.

Clair (Pokemon): So, this is Silver Hills?

Wes Collins: Yep. It's our home both here in the 21st and 31st Centuries.

Me: That's amazing. A home in 2 times 1,000 years apart.

Nico: Time Force was set in the year 3000 when Time Force started and the rangers wound up here in the years 2001.

Laney: So 999 years apart.

Lisa Loud: Precisely.

Me: Amazing times they are and I once saw what it was like in the year 3000.

Nico: I remember that. So awesome.

Vypra: It sure is. Last time I was here in Silver Hills, you guys teamed up with the Lightspeed Rescue Rangers and helped them destroy both me and Quarganon.

Me: I remember that. That was so cool.

Laney: My favorite team up was with the Wild Force and the Time Force Rangers and how they helped Ransik get cured and redeemed.

Nico: That's one of my favorites too.

Me: I think I know why we are here. We're here to recruit Ransik and Nadira.

Danny Delgado: Awesome!

Lincoln: Cool!

Me: And there they are.

We saw Ransik and Nadira in the park.

Ransik is the main antagonist of Power Rangers Time Force and a supporting character of Power Rangers Wild Force. He is the (former) archenemy of Jen Scotts the Pink Time Force Ranger.

He was portrayed by Vernon Wells, who also played Bennett in Commando, Wez in Mad Max 2, and Mr. Igoe in Innerspace.

Ransik was created by the very people he seeks to destroy. In the future, children are born in labs, with traits designated by their parents. Ransik is a product of this tampering, born from an accident in a lab: During one of the required genetic enhancement sessions, one of the vials containing embryonic biomass unexpectedly fell and shattered, spilling the contents into a drain where the staff believed that the biomass would die out due to exposure to the outside world.

However, instead of dissolving, the sewer environment around the said spilled biomass unexpectedly caused it to mutate, and from the amalgamation of toxic waste and mutated biomass, a full-grown adult man was born. Possibly due to inherited memories of his parents' DNA donor, the creature, whom named himself Ransik, developed intelligence equivalent with that of full-grown man, but was forced to raise himself in the underground, rejected from society. As the first mutant, he organized factions of other mutants to take the world away from those who fear and hate his kind. He was also presumably married to a female mutant where from their union, Nadira was born. Who Ransik's wife and Nadira's mother was is never revealed in the series.

While roaming the dark parts of the city, he found three statues which were actually imprisoned Orgs. Since they had the same goal as him, to destroy humanity, Ransik set them free. The Org spirits copied his DNA and created bodies for themselves, making them Mut-Orgs. In exchange for freeing them, the Mutorgs gave Ransik the power to pull weapons from his body.

At one point before he organized factions of evil mutants, Ransik was bitten by the poisonous mutant known as Venomark. Alone and dying, Ransik was taken in by Dr. Fericks, who developed a serum which Ransik would need to take for life. Ransik turned on Dr. Fericks, stealing the serum and his Cyclobot technology, and laying waste to the lab. Dr. Fericks actually survived the explosion, and became Frax. It should be noted that it's not just Ferricks who felt pity on the mutant, as Jen stated many people tried to help him in spite of the mere sight of his hideous look which would terrify anyone who saw him, but Ransik was too consumed by hatred that reaching him was extremely difficult causing him to deny any help from humans.

From there on he carried out his plan to conquer the world and wipe out humanity. But due to Time Force stopping his evil plans, he resorts to traveling back in time with his army to conquer the world in the past, only for the Rangers to follow him.

In 2001, In what would be his last battle against the Power Rangers, Ransik injured Nadira, mistaking her for the Pink Ranger. Upon discovering this, Ransik was horrified at what he did and he realized that his hatred of humans had to end, because it only causes more suffering. He then turned himself over to Time Force.

A year after incarceration, Ransik was called on by Time Force to aid them against a new threat - the Mut-Orgs due to the history between himself and them. He agreed to help the Rangers, and travelled to the year 2002, where the Mut-Orgs went to ally themselves with Master Org. Before they started to hunt the Mut-Orgs, Ransik tells all the Rangers his story about how he unleashed them in the future, and revealed that the Mut-Orgs bestowed him powers to turn any part of his body into a weapon. He also reveals that he's already seen the error of his ways, especially the Mut-Orgs' existence. Just as the Mut-Orgs powered up their Spirit Bomb attack, Ransik, who was determined to fix his mistake, threw himself on them, causing an explosion which destroyed their mutant halves, allowing the Rangers to defeat them. The explosion nearly killed Ransik, but it also destroyed his mutant half, making him wholly human.

---

They saw us.

Ransik: Team Loud Phoenix Storm. It's nice to finally meet you at last.

Red Lantern Ratchet: Nice to meet you as well, Ransik.

Me: It's a pleasure to meet you Ransik.

Nadira: Danny you are looking good big boy.

Danny Delgado: Thanks Nadira.

Ransik: Vypra. This is a surprise. The last time I saw you, you were destroyed along with Quarganon.

Vypra: Well, things have changed since then. I'm sure you've heard about the Masters of Evil.

Dark Spicer: Speaking of which, Dr. Viktor, Man Boy, Diabolico, and Living Laser are part of our ranks now.

Scavenger: Where did you guys find Living Laser?

Dark Spicer: We found him hiding out in an abandoned subway station in New York City.

Me: Sounds pretty obvious to me. But Ransik, I'm so sorry that you went through all that over in the future and what that abomination Venomark did to you was awful. He really pisses me off so much that it makes my blood boil!

Nico: (Puts his hand on my shoulder) Easy man. I don't like Venomark either. But if we face him he'll be the first ever monster we Hakai.

Ransik: And I hope you do. I see you all have Notacon and Dash with you all.

Notacon: Yeah we're all part of Team Loud Phoenix Storm's Redemption Squad.

Dash (Time Force): And we are loving it.

Ransik: I'm so sorry about what happened to Ra's and Bowser.

Me: We appreciate that. That was a hard battle for us. We also came to recruit you and Nadira into the Redemption Squad.

Nadira: You guys want us to join the Redemption Squad?

Windcharger: Well, you guys have been out of action for a long time.

Nadira: I thought you guys would want us to join the Masters of Evil.

Dark Spicer: Honestly, you and Ransik would probably fit in more with J.D. and the others.

Me: I agree. Plus it was the Wild Force Rangers that helped set you 2 on the path to redemption and got you fully cured.

Ransik: That is true. I will gladly join you guys.

Me: Awesome.

We now had Ransik and Nadira in our ranks as members of the Redemption Squad and it was awesome.

---

Later we were on the flying fortress of the Secret Saturday's and we were off to Central Asia.

Lana: So what creature of the world of Cryptids are we gonna see this time?

Me: We're going to try and find the legendary giant bird of Arabic Mythology: The Roc.

Leni: Is it a rock of legends?

Me: No Leni, it's a really massive bird that is like an eagle on steroids.

I went over what the Roc was.

---

The Roc is an enormous legendary bird of prey in the popular mythology of the Middle East.

The Roc appears in Arabic geographies and natural history, popularized in Arabian fairy tales and sailors' folklore. Ibn Battuta tells of a mountain hovering in the air over the China Seas, which was the Roc. The story collection One Thousand and One Nights includes tales of Abd al-Rahman and Sinbad the Sailor, both of which include the Roc.

---

Lori: Whoa! That must be literally one enormous bird!

Me: It's said to be so massive and so powerful that it can easily pick up a 12,000 pound elephant with absolute ease.

Lola: WHOA! That IS a huge bird!

Laney was reading a book on the legendary Roc.

Laney: It says that there have been several sightings of this gigantic bird dating back to 1298 A.D. and it was Marco Polo that was believed to have discovered it.

Me: That's right and the Roc was also in the stories of One Thousand and One Nights. Mostly in the tales of And al-Rahman and Sinbad the Sailor.

Lily: That's so cool!

Nico: How big is a bird like this?

Me: It's said to resemble a huge eagle and it has a height of 20 feet and has a wingspan of over 100 feet.

Everyone was in awe.

Lynn: Whoa! That must be a magnificent bird!

Drew Saturday: It sure is.

Doc: You will flip when you see the size of it and we are already here.

We arrived in the mountains of Jabal al Qara' in Oman.

Me: The mountains of Jabal al Qara' in Oman. This place is a warzone because of terrorism.

Nico: It sure is.

Laney: I would not want to come here on vacation.

Me: No one ever does now these days because of terrorists still at large.

Lola: Yeah.

We then heard what sounded like an eagle cry.

Lana: Whoa! That is a huge eagle cry.

Vince: A big one.

Hokuto: That was a huge Eagle.

Me: That's the Roc. (Points to a hill) It's coming from behind that hill.

We walked over it and we saw in a bird cage the LEGENDARY ROC! It was a gigantic eagle!

Me: WHOA! There it is!

Spicer: Is that the Roc?!

Nico: That's it all right. It's huge!

Lola: What a magnificent bird!

Lori: It's literally beautiful!

Me: And it looks so much like the Golden Eagle that lives over in Finland.

Carol: It sure does.

Notacon: Don't you guys find it odd that the Roc's in a cage out in the open?

Me: I sure do Notacon.

Gargoyle (W.I.T.C.H): Odd or not, we still have to save it.

Chompy Mage: Ok. Let's get the Roc out of here before anyone unfriendly that's not in the Masters of Evil shows up.

Me: Wait guys. It's too easy.

I picked up a rock and threw it and it hit a force field and obliterated it.

Lola: Whoa!

Me: Some one put an energy barrier around it. And the Barrier was made from that collar around the Roc's neck.

Nico: Genius technology.

Paragus then sensed something.

Paragus: Wait. I sense a powerful energy signal. And it's very close.

Me: I feel it too. And it's pure evil.

?: That signal is from me.

A figure came out from behind a rock and it was none other than the arch-nemesis of the Secret Saturday's, VINCENT VLADISLAV ARGOST!

---

Vincent Vladislav Argost, more commonly referred to as V. V. Argost or simply Argost, is the main antagonist in The Secret Saturdays. He is actually the Yeti of Himalayan legend (as revealed in the second last episode). He created a mask in his mountain home and went out into the human world.

He was voiced by Corey Burton, who also played Count Dooku in the animated Star Wars series.

He hosts his own show, Weird World, which is about cryptids. Zak Saturday (prior to Kur Rising) was a big fan, even though his parents didn't want him to watch the show. His museum of cryptid relics and trinkets is really an arsenal of magical objects he plans to use to get his hands on the most powerful cryptid of all, Kur.

In the premiere of season 2, episode "Kur (Part 1)", it is revealed that following his defeat at Antarctica that Argost has disappeared. Despite this, his loyal fans, however, have been spray painting "Argost Lives" on buildings, cars, and even the Saturday's own Airship (much to Doc's chagrin). When the Saturdays go on the run, Doyle, aided by Zon and later Van Rook, begins a search to find him to find out all he knows about Kur to help the Saturdays.

Van Rook has stated if Argost is alive, he will be licking his wounds in a place where he feels at home. When Doyle mentions they already tried Weird World, Van Rook berates his former apprentice for his lack of imagination saying that Argost has always preferred cryptids to people. In other words, he will be recuperating somewhere isolated and close to one of his "pets."

In the final episode of season 1, "Kur Rising" his mask is cracked by Zak during the fight. Up until recently, it was unknown that Argost's "face" was actually some kind of mask (although it was mentioned in the promo site "Weird World"), which was revealed in the end of season 1 when Zak cracked it during their fight. This is because he is actually a cryptid, the legendary Yeti. He has powerful claws and muscle power, along with a twisted evil mind.

In his true form, Argost is a lot taller than a normal human, which explains his always hunched over position when he is in disguise. He is possibly as tall or taller than the Hibagon and also very strong and agile, able to take on multiple opponents with little effort.

He has a knack of using cryptids in battle in ways that no one thought possible before, such as using the neural parasites to actually control someone when it was originally believed one could only view what the host saw and not manipulate them. Doc has mentioned before that the Secret Scientists probably don't even know a fraction of his capabilities.

It was believed by Doyle in "Kur (Part 2)" that Argost was actually dead when he and Van Rook track Munya to Scotland and discover he has been faking Weird World promos with a text-to-audio device. Argost turns out to actually be alive and saves Zak from a sneak attack from Rani Naga by tackling her off her cryptid mount, although all Zak and Fiskerton see is a blurry shadow during the incident. He later appears in person after Zak sends all the cryptid attackers home, grabs Zak, taking him up to the top of a building. Fisk follows and the two fight briefly before the cryptid loses his balance and looks like he is about to fall off the building when Argost grabs his arm pulling the cryptid to safety. He tells Zak he hopes that this action is enough proof that all he wants is to talk. He admits he knows Zak's true identity and in the end, he will most likely betray him but he is willing to teach Zak to control his power "covertly" through Weird World. Zak agrees despite the risks and later asks Doyle to dig up as much has he can of Argost's past so he can have an edge over Argost if he needs it.

From Baron Finster, it is learned that Argost provided the initial design for the criminal's lower body, originally more organic than the mechanical body it would eventually become. Argost gave him the design in exchange for the money to launch Weird World, having nothing but his cape and his mask at that point in his life. It is also learned from Baron Finster that it is unwise for anyone who knows anything about Argost's past to talk about it because such people have a habit of vanishing. Finster himself is kidnapped by Munya for apparently saying too much though he manages to cryptically tell Doyle to "follow the cryptids" before being dragged off by Munya. At the end of 'Legion of Garuda', he took the flute of Gilgamesh (an item said to be able to extract the spirit of Kur). He appeared again in "Return Of Tsul 'Kalu", when Doyle, Zon, and Van Rook tracked Finister's message to a cryptid black market. At first, it looked like he was after the dealer, but in the end, his real target was an orange ape-like cryptid called the Xing-Xing.

In "And Your Enemies Closer", Argost made his final move, secretly shows up to help Zak remove a dangerous cryptid from Dr. Beeman's lab, which later turns out to be Argost's final trap that puts Zak's life in danger. He then captured Zak and took him to a secret island where he revealed he had obtained the Monday's smoke mirror from the Louvre, having learned about the existence of the Mondays when he hacked into the Saturday's database. Using Zak's presence in the mirror, Argost freed Zak Monday, only to use the Flute Of Gilgamesh to steal the evil doppelganger's powers. At the same time, Doyle and Drew discover that their parents were lost because they were attacked by a Himalayan monster called the Yeti. Upon inspecting the beast's abandoned lair, they discover a mold for Argost's mask, who at the same time, rips his mask off, revealing his true identity as a cryptid.

In "War of the Cryptids", Argost's complete back story is explained at first. Having obtained a television as a 'souvenir' from one of the mountain camps, Argost as the Yeti and the Xing-Xing cryptid he later captured learned how to speak English from it.

After coming back from his attack on the Blackwell's camp, the Xing-Xing warned Argost that the humans would come after him. Argost wasn't worried, however, as he donned the mask he had made to walk among humans to make it hard to find him. He got his television show by creating robotic spider legs for Baron Finster as compensation for his services.

In the present, Argost used his stolen Anti-Kur powers to raise an army of the most vicious cryptids to live and had them attack capital cities all over the world.

Eventually, he is confronted by the Saturdays and their allies. Once down, he is attacked by Drew and Doyle who tell him that he attacked their parents 27 years ago while separating the siblings. Argost merely taunted them and labeled their parents among his many victims who all screamed in different ways. Before they could attack, Zak intervened and Argost used this as a chance to escape the Saturday family.

At his lair, he is approached by the Nagas who see him as the true Kur and convince him to eliminate humanity instead of enslaving it, which he decides to go through and has his army attack. When the Saturdays stormed Weird World and prepared to fight the Nagas, Argost offered to let everyone go free if Zak went with him. At first, Zak didn't agree until during the fight, Rani Nagi launched a fatal blast, meant for Drew, at Van Rook. Argost then revealed that since his plan to drain Zak Monday's power worked so well, he decided to do the same to Zak.

However, he didn't hear Zak's warning that matter and antimatter cannot exist in the same universe and just as he was feeling a moment of ultimate victory, the combination of the matter/antimatter Kur powers makes an intense vortex open and he is then sucked into it while screaming. Argost then vanishes into the vortex, apparently destroyed and ending his threat (as well as the threat of Kur) once and for all.

---

Me: Vincent Vladislov Argost I presume?

Argost: Indeed. So we finally meet J.D. Knudson of Team Loud Phoenix Storm. You have been a major thorn in my side since you started killing my subordinates.

Me: They got what they deserved in the name of justice.

Doc: Now you will join them.

Argost: I've grown weary of you Saturdays foiling my plans. Killin Munya, Finster, and Piecemeal. Locking up Van Rook and Shoji. And hogging those Cryptids all to yourselves!

Me: Cryptids are not your pets for your own selfish goals to destroy the world Argost! They are living creatures just like us and they are not your toys for your own sick agenda!

Nico: That's right!

Caitlin: It's over, Argost!

Argost: (chuckles) Over? My dear, it's only just begun.

Me: No it's the beginning of the end for you Argost! Your days of trying to destroy the entire human race end now!

I then used my super speed and kicked Argost in the face and sent him crashing into the force field and he got electrocuted.

Me: You will pay for your crimes Argost!

Then The Riddler, Wiggum, Springfield Mafia, Cantwell, Cargill and Patty & Selma appeared!

Nico: The Riddler, Wiggum, Springfield Mafia, Cantwell, Cargill and Patty & Selma.

Wiggum: Yep.

Riddler: Nice to be back in the supervillain business.

Nico: Glad you are feeling better after the Battle with Thanos, Eddie.

Cantwell: We told you guys we weren't helping Argost.

Zak: Of course we knew that.

Wiggum: Can we have the usual battles after Argost is dead? Because I really would like to know the name of Homer's group.

Homer: Good idea.

Fat Tony: Looks like J.D. has the fight all started.

?: Let me help you guys take him down.

A figure came out and it was GORGAX from episodes 7 and 8 of Super Megaforce!

---

Gorgax is a shrimp-themed field commander sent by The Armada to deal with the Super Mega Rangers. He is electrokinetic and has a collar that generates a force field at his will.

Gorgax was a last-minute addition to an XBorg assault Prince Vekar plotted on Earth. When multiple platoons of XBorgs were wiped out by an unknown assailant, Vekar finally decided to add a commander to its roster, previously believing that any commanders added would be a waste. Gorgax gives the Rangers a hard time, brandishing a bomb and using his forcefield to drag out the battle. However, Jake, as the Green Galaxy Ranger, was able to accidentally damage his collar, which dropped his forcefield. Gorgax was forced to retreat.

Upon Gorgax's return to the Armada mothership, he was berated by Vekar for having run away. Visibly frustrated, he storms out and angers Vekar. Argus notes that he was not showing attitude but was irritated with himself. Damaras threatens to kill Gorgax, but Vekar decides to give him a secret "upgrade".

Gorgax returns to Earth with what seems to be a reinforced collar. The Rangers plot to get around him to be able to hit its back section. However, Orion arrives to stop them, noticing that it's a bomb as well. Orion forks it away from Gorgax and allows it to explode several feet above. Gorgax was shocked at what Vekar had done to him, but Orion was unforgiving and destroyed him with his Final Strike.

---

Orion: Gorgax!

Gorgax: Been a while Silver Ranger.

Nico: I remember you! You were introduced when Orion made his debut and you gave the rangers a hard time. Vekar gave you a collar that could project force fields at your will and it also had a bomb in it.

Gorgax: That's right Nico. You have as good a memory as J.D. does.

Nico: Like J.D., I too have watched all the episodes of Power Rangers from day 1.

Gorgax: Nice!

Orion: (to Gorgax) I hope your force field collar's not explosive this time.

Gorgax: It's not. Mistress Vypra said so after she brought me back.

Maria: Good. You're gonna need it for this battle.

Nico: That's a relief. Lets help J.D.!

Troy: Compared to Cyclonis, you'll be easy Argost!

Megaforce Rangers: Legendary Ranger Mode: Lightmask Squad!

The Megaforce Rangers turned into the Maskman Rangers! Vypra and the Masters of Evil all appeared and they helped us face Argost.

Vypra: I have had it with Argost too.

Confuciusornis is a genus of primitive crow-sized avialan from the Early Cretaceous Period of the Yixian and Jiufotang Formations of China, dating from 125 to 120 million years ago. Like modern birds, Confuciusornis had a toothless beak, but close relatives of modern birds such as Hesperornis and Ichthyornis were toothed, indicating that the loss of teeth occurred convergently in Confuciusornis and living birds. It is the oldest known bird to have a beak. It was named after the Chinese moral philosopher Confucius (551-479 BC). Confuciusornis is one of the most abundant vertebrates found in the Yixian Formation, and several hundred complete, articulated specimens have been found.

Moa were nine species (in six genera) of now-extinct flightless birds endemic to New Zealand. The two largest species, Dinornis robustus and Dinornis novaezelandiae, reached about 3.6 m (12 ft) in height with neck outstretched, and weighed about 230 kg (510 lb) while the smallest, the bush moa, was around the size of a turkey. Estimates of the Moa population when Polynesians settled New Zealand circa 1280, vary between 58,000 to c. 2.5 million.

Moa belong to the order Dinornithiformes, traditionally placed in the ratite group. However, their closest relatives have been found by genetic studies to be the flighted South American tinamous, once considered to be a sister group to ratites. The nine species of moa were the only wingless birds lacking even the vestigial wings that all other ratites have. They were the largest terrestrial animals and dominant herbivores in New Zealand's forest, shrubland, and subalpine ecosystems until the arrival of the Māori, and were hunted only by the Haast's eagle. Moa extinction occurred around 200 years after human settlement primarily due to overhunting by the Māori.

Zak Saturday and Oceanus Shenron: TIBETAN HURRICANE MEGABLAST!

They fired massive waves of elemental energy and energy blasts and they slammed into Argost and exploded!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Doc: You will never torment the world of Cryptids ever again!

Drew Saturday: We've had it with you Argost!

Zak: Time for you to die!

Doyle: Never torment us again!

Doc, Drew, Zak Saturday and Doyle: CRYPTOZOOLOGY SUPER FIRESTORM BLAST!

They fired a massive wave of fire and it slammed into Argost!

Argost: DAMN YOU SATURDAY'S TO HELL!

He was obliterated in an instant!

Nico: Argost you have failed this universe!

Argost's spirit then appeared.

Me: You aren't worthy for Hell!

I held out my hand to his face.

Me: HAKAI!

He was obliterated and sent to the Warp for all eternity.

Me: Lets free this bird now.

We did so and freed the Roc. It was eternally grateful.

Doyle: Ok. NOW we can have the usual battles.

Me: Yep.

Our stomachs then growled.

Me: Wow. Getting hungry. Lets head to the Krusty Krab and get some lunch and entertainment.

Nico: Good idea.

We went to the Krusty Krab and ordered food.

Laney: Good food.

Me: (Eating Krabby Patty) Delicious.

Vypra: It sure is.

Me: The fights are on.

## Battle 1: The Riddler

---

Tecna, Chompy Mage and Cynder were facing The Riddler in their first ever battle.

Riddler: (to Tecna) Riddle me this. What has keys but no locks, space but no room and you can enter but you can't go in side?

Tecna: I actually have no idea.

Riddler: A keyboard!

We laughed!

Tecna: That was more like a joke than a riddle. But here's a good one. We're five little items of an everyday sort, you'll find us all in a tennis court.

The Riddler: That's a good one and it's simple. A-E-I-O-U. Vowels.

Tecna: That's right. I learned that one from Batman Forever. One of my all time favorites.

Chompy Mage: That was a good one.

Cynder: It sure was.

Riddler: Here's my awesome Pokemon.

He called out a Mr. Mime and a Mega Mr. Mime!

Tecna: A Mr. Mime and Mega Mr. Mime. Good choices.

Riddler: Thank you. Lets dance.

Tecna: Gladly.

They went at him and fired waves of energy and Chompy's and black lightning and knocked him down all over.

Tecna: Good fight.

---

## Battle 2: Springfield Mafia

---

Sora Takenouchi, Birdramon, Gargoyle and Sandpit were facing the Springfield Mafia.

Sora T.: This is gonna be really good.

Birdramon: It sure will be good.

Gargoyle: Lets dance.

Sandpit: Yeah! Lets!

Fat Tony: Lets do it.

Legs: Get in my way and I'll whack you in the Lobanza.

Me: (From our table) Get in MY way Legs and I'll kick you in the fucking balls!

The Springfield Mafia called out their Pokemon and they went at them and blasted them and smashed them and knocked them out.

Sora T.: Good fight.

---

## Battle 3: Cantwell

---

Lisa Simpson, Sideshow Bob and Jack Spicer were facing Cantwell.

Cantwell: No matter what you say Stupid Lisa, I will hate you forever.

Sideshow Bob: (British Accent) You really need to get over this ridiculous hatred of Lisa. She's only 8 years old and hasn't even done anything to you.

Jack Spicer: I agree.

Lisa Simpson: Yeah!

Cantwell called out her Pokemon and they went at her and blasted her all over and knocked her out.

Lisa Simpson: Take that.

Battle 4: Wiggum.

Homer as Pie Man, Bart as the Cupcake Kid, Notacon and Dash were facing Wiggum.

Homer: We are now called the Speeding Pie Brigade.

Wiggum: Oh that is a good name.

Notacon: It sure is.

Dash: Yeah! Lets do it!

Wiggum called out his Pokemon and they went at him and threw pies and pastries and smashed them in Wiggum's face and knocked them out.

Homer: Pies of Justice.

Battle 5: Selma & Patty

Mandee, Caitlin and Dominique were facing Selma & Patty.

Mandee: Lets make this a really fun time.

Caitlin: Lets do it.

Dominique: Yeah!

Selma: Lets do it!

Patty: Lets.

Selma & Patty called out their Pokemon and Mandee and team blasted them all over and knocked them out.

Mandee: Totes a good victory.

---

Battle 6: Cargill

---

Girl Jordan, Paragus and Oceanus Shenron were facing Cargill.

Girl Jordan: Lets see what you got.

Paragus: Bring it on.

Oceanus Shenron: Lets do it.

Cargill: Gladly.

Cargill called out his Pokemon and Girl Jordan's team fired blasts of energy and water and they slammed into Cargill and his Pokemon and knocked them out.

Girl Jordan: Nice fight.

---

Battle 7: Gorgax

---

Nico and the Megaforce Rangers were facing Gorgax.

Gorgax: I think I know all your Legendary Modes by now.

Gia: Not all of them!

Megaforce Rangers: Legendary Ranger Mode: Ranger J Platoon!

The Megaforce Rangers turned into the J.A.K.Q. Rangers.

Gorgax: That's a new one.

Nico: Since you helped us I'm going to contain you.

Nico and the Megaforce Rangers fired blasts of energy and fire and they hit him all over and Nico fired a containment blast and Nico put him in a containment card.

Nico: Nice.

---

We got back to our lunch.

Cargill: Are you glad Argost is dead now?

Zak: We are. But there are still lots of Cryptids out there.

Fat Tony: True. And you can still help JD and the others on missions.

Doc Saturday: But now that our enemies are all dead, we can have more time to relax.

Selma: Good. You guys have earned it. Now, (takes out cigarettes) who wants to light this?

Lola: Allow me.

Lola flicked her fingers and lit their cigarettes.

Zak Saturday: (To the viewers) This was an awesome adventure and we proved that the Roc is real. But be careful with who you are around.

Me: Yep.

We had a great lunch.

THE END

---

Another awesome adventure with the Secret Saturday's done.

The Roc is one of my favorite cryptids from Cryptozoology and mythology. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12 and ninjakingofhearts gave me the ideas for this. Thanks guys. Next up is an awesome interdimensional non-combat chapter as we try to save Dr. Quest after he was kidnapped by aliens from another world and we try to stop them from taking over our planet and turning our world into their world in the awesome episode OTHER SPACE. IT's gonna be a rescue of interdimensional proportions.

See you all tomorrow.

# Interdimensional Alien Conquest Troubles

In the morning of a gorgeous and warm day, I was walking down the streets, making my way towards the Mercado of the Casagrande's when I came across an alley and I heard something.

?: Pssst.

I looked around and noticed a creepy-looking scientist coming out from the shadows, and I narrowed my eyes.

Me: Who are you?

The creepy-looking scientist raised his hand in defense.

Creepy-looking scientist: At ease Mr. Knudson, leader of Team Loud Phoenix Storm, and you don't need to know who I am because I'm not an important character.

Me: What do you want from me, sir?

Creepy-looking scientist: Nothing much, I just want to give you something (He then pulls out a silver-colored gun with a heart-shaped logo on each sides) Behold! The Good-Guy Blastah!

(I rub the back of me head)

Me: The Good Guy Blaster? What does it do?

Creepy-looking scientist: This gun has the ability to turn any bad guys into good guys by just zapping them!

Me: This I got to see. Does it even work?

Creepy-looking scientist: Well… I would love to demonstrate it but…

Suddenly, they heard a woman shouting, me and the Creepy-looking scientist ran out of the alley and saw an old woman getting mugged by a balaclava-wearing man, I gasped and I was about to step in to help the old woman but the Creepy-looking scientist held his hand up.

Creepy-looking scientist: I'll take care of this, Mr. Knudson (Confronted the man) Hey you! Step away from that woman!

The Balaclava-wearing man: Oh yeah! What are you gonna do about it?!

The Creepy-looking scientist then pointed the Good-Guy Blastah at the man.

Creepy-looking scientist: This! (He then fired a pink-colored laser beam and hits the man, and reacted as if he was electrocuted. Suddenly, the man stood still before taking off his mask

Man: What have I done? Why did I try and mug an old woman?! I'm so sorry ma'am! I must turn myself in to the police and turn to priesthood afterwards

The man then walks off and made his way towards the police station.

Me: Wow! That really works!

The old woman then turns to the Creepy-looking scientist and hugs him.

Old woman: Thank you very much for saving me, your my hero! Marry me! (The old woman then kissed the Creepy-looking scientist whom let's out a dorky smile in response)

The Creepy-looking scientist then handed the Good-Guy Blastah to me.

Creepy-looking scientist: Here, Mr. Knudson, you can have the Good-Guy Blastah.

Me: Thank you sir.

The Creepy-looking scientist also handed me a small book

Creepy-Looking scientist: Take this manual as well! It will explain to you the basic and other functions of the Good-Guy Blastah! Use it well!

Me: Yes sir.

And with that, the Creepy-looking scientist and old woman merrily skips away while holding hands, I watch them go before smiling, he then looks at the Good-Guy Blastah and the manual in hand.

Me: Okay… who should I give this gun to? I'll have to think about it later. But maybe I can use this on bullies.

I put the ray in my holster and continued on to the Mercado.

I went into the Mercado and bought some food.

---

Later I came home and brought the groceries inside and gave them to Rosa and Lynn Sr.

Rosa: (Spanish Accent) Gracias for the groceries J.D.

Me: Denada Rosa.

Lynn Sr.: Perfect for dinner tonight.

Me: Yep.

Then the doorbell ring.

Me: I'll get that.

I went to the door and answered it. To my surprise it was General Ross's old Brigadeer General, Glenn Talbot.

Me: Brigadeer General Glenn Talbot. (Salutes) What can we do for you sir?

Glenn Talbot: Morning J.D. Came here to talk to you about a new proposal I have for the world. Mind if I come in?

Me: Sure sir.

He came in and showed us what he had planned.

Nico: Pleasure to have you with us General Talbot.

Glenn Talbot: It's an honor.

Me: Can I get you a cup of coffee or anything?

Glenn Talbot: No thank you but thank you for offering.

Me: You're welcome. So what brings you here?

Glenn Talbot: Five years ago, General Ross had a heart attack. He dropped right in the middle of his back-swing. Turned out it was the best round of his life, because after 13 hours of surgery and a triple bypass… he found something 40 years in the Army had never taught him: Perspective. God rest his soul. (to us) The world owes Team Loud Phoenix Storm an un-payable debt. You have fought for us, protected us, risked your lives… but while a great many people see you as heroes, there are some… who would prefer the word "vigilantes".

Maria: And what word would you use, Mr. Talbot?

Glenn Talbot: How about "dangerous"? What would you call a group of super powered enhanced individuals who routinely ignore the law and inflict their will wherever they choose and who, frankly, seem unconcerned about what they leave behind?

Talbot activates a screen behind him. News footage from our past battles flash on the screen as he speaks.

Glenn Talbot: Tatooine.

On the screen is our battle against Crocker, Foop, and Dark Laser. Dark Laser has a look of guilt. He glances behind him at Timmy.

Talbot: The Smithsonian Museum.

Now the screen shows Lola, Lori, and Lynn getting pissed off at Al Capone right before they punch him in the face. Lola, Lori, and Lynn look down in shame.

Talbot: Orchid Bay.

Now the screen shows us fighting Jodi and the rest of Juniper Lee's friends when they were possessed by the Kragnarok Viking Clan

Jodi was about to cry as Ophelia and June hugged her.

Talbot: Paris.

Finally, the screen shows several people, including Marinette's friend beings Alumatized

Gabriel looked ashamed as he turned away.

Nico: Okay. That's enough.

Talbot nods to an aide and the images disappear.

Glenn Talbot: Sorry. Anyway, For the past three and a half years, you've operated with unlimited power and no supervision. That's an arrangement the governments of the world can no longer tolerate. But I think we have a solution. [places a thick document on the desk and passes it to me]

An aide hands me a thick book, which Talbot slides across the table to me. I then pick it up before sliding it to me.

Me: What's this?

Talbot: The Superhuman Registration Act. Approved by 117 countries… it states that Team Loud Phoenix Storm shall no longer be a private organization. Instead, they'll operate under the supervision of a United Nations panel, only when and if that panel deems it necessary.

Nico: Team Loud Phoenix Storm was formed to make the world a safer place. I feel we've done that.

Talbot: The same thing was said about the Royal Defenders once. And now look where they are.

Nico didn't have a response for that.

Talbot: If I misplaced a couple of 30 megaton nukes… you can bet there'd be consequences. Compromise. Reassurance. That's how the world works. Believe me, this is the middle ground.

May: So, there are contingencies.

Talbot: Three days from now, the U.N. meets in Vienna, Austria to ratify the Act.

Nico glance over at you.

Me: We need some time to think about this.

Talbot: Talk it over.

Maria: And if we come to a decision you don't like?

Talbot: Then you retire.

Me: As long as evil threatens the universe our job will never be finished.

Talbot: I'll give you two days to talk it over.

Me: Okay.

They left and later we were in our briefing room.

Me: I don't think this document is a good idea.

Nico: Maybe this won't be a bad thing. If we sign the Superhuman Registration Act, we could prevent incidents like what happened in Paris when we first fought alongside Marinette.

Marinette: C'mon, Nico! I think you guys did a good job during that battle.

Nico: Need I remind you that Lila shot your mom and Chloe's dad all because of the way we exposed her lies?

Marinette: That's true.

Eli: Yeah!

Hunter: (German Accent) Und I agree.

Maria: Look, Nico. Maybe signing the Superhuman Registration Act is the right thing to do. Or maybe it isn't. Who knows?

May: But before you make a decision, why don't you take a look at the so called signature of the President on this paper?

They looked at it closely and saw that the signature of the President of the United States was not right.

Nico: This signature is a fake!

Me: Let me see here.

Announcer: MAGNIFYING GLASS MAGISWORD!

I looked at the document and saw that there were faults in the signature.

Me: This signature is a forgery.

Nico: I have a feeling that something sinister is in the works.

Me: Yeah I smell another Danzō Shimura situation.

?: And you are right J.D.

We turned and we saw Amanda Waller.

Me: Ms. Waller. What brings you here?

Waller: The Superhuman Registration Act that Talbot gave you would have you all be forced to be used as weapons only for the government.

Naruto: That's madness!

Me: I knew it! Talbot is trying to take away the free will of all superheroes so that he can use us to take over the planet.

Laney: Not good!

Nico: We got to stop him!

Waller: Luckily I have other ideas for this. I pulled some strings and made this in our favor.

Waller made the Superhuman Registration Act better and made the full use of superhuman powers all legal without paperwork and all that and all publicly known Superhero Organizations to operate regardless and she even put in that all supervillains like Lila Rossi never surface ever again.

---

We later convened at the U.N. Summit in Vienna and told everyone about what was going on with Talbot and what he was trying to do and all that and the President of the United States was with us to back us up. Glenn Talbot was arrested for treason.

Waller: (to Talbot) You were right, Talbot. The Superhuman Registration Act is going to be beneficial to the world, especially with the changes JD and the others made. (smirks) It's too bad you won't get to see said changes.

Me: Agreed.

Glenn Talbot was condemned to the Neptune Prison for Traitors for all time.

---

Later we were over in the bayous near New Orleans, Louisiana and it was a beautiful and swampy place as we were with the Quest Team to visit a very special place that is so secret.

Me: So we're back in the Louisiana Bayou.

Nico: Never get tired of coming here.

Race: Keep your eyes open, the Louisiana Bayou is populated with some dangerous beasties.

Laney: No kidding. We've been here several times before.

Lana: I like coming here for wrestling alligators.

Me: But this place is amazing at how it is teaming with life.

Vince: It sure is.

Misty Tredwell: I would love coming here any day.

Mosquitos were pestering us all over the place.

Jonny Quest: Bring it on Misty. I'll take a gator over these bloodsuckers any day.

Jessie B.: I second that.

Lola: Me too.

Lola and Clyde were wearing Virango Suits.

Jessie B.: Hey Hadji how come these pests aren't biting you?

Hadji: (Indian Accent) We have an understanding.

Jessie B.: Oh come on.

Jonny Quest: What's the trick pal?

Hadji: It is an old family secret. The proper frame of mind, a correct spiritual point of view through our guide. But mostly it is this mosquito repellant. Would you like some?

We laughed.

Me: Thank you for inviting us to come along Colonel Marcus.

Colonel Marcus: You're welcome J.D.

Dr. Quest: Colonel Marcus, care to explain why Uncle Sam wanted to drag us all the way out here?

Me: I was just about to ask the same thing.

Colonel Marcus: All in good time everyone. I'd rather have Professor

Cruz answer all your questions.

He pulled out a remote and pressed a button and a camouflage wall that looked like trees opened up and revealed a special research facility that was hidden in the Louisiana Bayou.

Me: Whoa!

Nico: A secret research facility.

Lola: Wow!

Clyde: This is gonna be awesome.

We pulled up to the dock and went to the door.

Colonel Marcus: Sorry about all the cloak and dagger stuff. But our work is top secret in nature.

Me: Boy I can tell. This is like a Louisiana version of Area 51.

Colonel Marcus: Good comparison.

He slid a keycard and pressed a couple of buttons and the door opened.

Colonel Marcus: Here at Project Gateway, we are researching Faster Than Light Travel, Force Fields, Teleportation.

Me: I've heard about all this. I've heard rumors flying around that there is a secret facility out here that is doing stuff like this.

Lincoln: Looks like all those rumors are true.

Dr. Quest: Yes I've been a theoretical consultant from day 1. But why this invitation?

Colonel Marcus: Well I'm no egghead but as I understand it, we use some of your theories to cheat around the laws of time and space.

Me: Wow.

We went into an elevator and went down and we arrived at a floor and we saw a massive room full of high tech machines that are really advanced.

Colonel Marcus: Last week, the research took an unexpected turn when Cruz actually dissected normal space.

Me: Sounds very impossible but then again we have always had a knack for defying the impossible.

Race: That's true. But what did you find Colonel?

?: We're hoping you can tell us Race.

We saw a woman that Race knew all too well. It was professor Diana Cruz.

He went up to her and they kissed.

Colonel Marcus: I see you two have met. I briefed them as per your request.

Jessie B.: Uch. Can't we go anywhere without running into one of my dad's ex-girlfriends.

Me: Jessie come on.

Race: Everyone I want you to meet Professor Diana Cruz, an old friend of mine.

Me: Pleasure to meet you Professor.

Dr. Cruz: It's an honor to meet the world famous Team Loud Phoenix Storm.

Nico: Same here and thank you for inviting us over.

Dr. Cruz: You're welcome. But forgive me Doctor Quest. Race used to bodyguard my former research project.

Dr. Quest: No problem, It's an honor to finally meet you in person.

Dr. Cruz: The pleasure is all mine.

We walked with Dr. Cruz and we saw an awesome generator.

Dr. Quest: I see you're using my Prototype Force Field generator.

Me: Very impressive. Looks just like the one we use at home.

Dr. Cruz: Yes. Its technology is a key component to all of our research here. But this is what I wanted you to see.

We went into a room.

Dr. Cruz: The Gateway itself.

We saw an awesome Interdimensional Gateway.

Me: Whoa! An Interdimensional Gateway.

Dr. Cruz: We think that vortex you see is a gateway to another dimension. So we decided to send a small unmanned probe into it and we discovered the undiscovered. What the probe transmitted to us was incredible. Look at what it found.

Her assistant pressed a button and it showed us an awesome image of what the probe found. It was an unknown world in another dimension.

Me: Whoa!

Shanan: Whoa is right! That is incredible!

Dr. Quest: Another dimension. So my theories were correct.

Dr. Cruz: Precisely. That's why Dr. Otsuki and myself believe that all of you are the most qualified to evaluate our little discovery. That's why you're here.

Me: We'll do what we can to help out.

Dr. Cruz: Thank you. First we'll retrieve our probe and study its latest findings together.

Dr. Otsuki: Just give the word boss.

Dr. Cruz: Lets do it. Widen the Gateway.

Me: We get to see an interdimensional gateway in action.

We saw the gateway widen and it was amazing.

Dr. Cruz: All right Ken that's wide enough. Bring her through.

But then the alarm on the computer sounded.

Dr. Otsuki: Wait, I'm getting some kind of power surge. Something else is coming on through.

Dr. Cruz: Cut the power!

Dr. Otsuki: I'm trying I'm trying! These controls are useless.

Me: I'm sensing a huge energy signal coming through.

Nico: Yeah I feel it!

The gateway widened a lot and then something came through.

Jonny Quest: Don't look now but we've got company.

We saw three humanoid beings made of pure energy coming through.

Lana: Whoa! Who are they?

Me: They look like creatures made of pure energy.

Dr. Quest: The first visitors from another dimension.

Race: Hang on a second doc. We don't even know what they'll do.

We saw them make three rods.

Colonel Marcus: Stand clear! Those might be weapons.

Me: I don't think so Colonel.

The creatures put the rods in a triangle formation and they made connectors.

Me: I don't think they're friendly guys.

Shanan: Oh no! I didn't think THEY would show up!

Nico: Who is they?

Shanan: Those creatures are called Oztermaterrans. They are energy beings from the very distant edge of the universe. They live on the planet Ozterma Prime. It's a world of energy that is located at the very distant edge of the universe and they are creatures that want to turn other worlds into worlds like their own!

Nico: What!? Are you serious Shanan!?

Shanan: I am dead serious Nico. The world is in danger and we have to stop them.

Me: Lets get them!

Me and Nico went at them.

Shanan: Dad, Nico, NO!

Me and Nico punched them and went our fists made contact with them we were electrocuted with billions of volts of pure electricity and blown back by the electrical surge.

Me: WHOA!

Lori: Are you all right J.D.?

Me: Yeah! Man that was intense! These are creatures made of pure energy.

Nico: Electrical energy from the looks of it.

Dr. Quest then went over and grabbed one of the rods and tried to pull it out and then the creatures trapped Dr. Quest in a ball of energy and sent it through the gateway.

Jonny Quest: Dad!

Suddenly a massive wave of energy blasted through the gateway and Dr. Cruz turned on the security cameras and we saw pyramids of energy appear and the sky turned purple and was overflowing with energy.

Me: We got to stop these creatures.

Misty Tredwell: Can you guys find out where those aliens took Dr. Quest?

Lana: Without a doubt they sent him into their world.

Me: We got to get in there and save him. I have an idea.

Dark Spicer then appeared and with him was the owner and president of Globex Corporation and former boss of Homer Simpson when he moved to Cypress Creek, HANK SCORPIO from Season 8 Episode 2 and also Billy's uncle from the Center of the Earth, NERGAL!

---

Hank Scorpio

Hank Scorpio is the main antagonist of the The Simpsons episode "You Only Move Twice".

He was voiced by Albert Brooks, who would later voice Russ Cargill in The Simpsons Movie, as well as Bernie Rose in Drive and The Businessman in The Little Prince.

Scorpio is known to be an evil genius and the millionaire owner of Globex Corporation who resides in Cypress Creek. He plans to take over the USA East Coast with his brand new device called the Doomsday Device. Despite being a ruthless and powerful villain, Hank is a kind, always cheerful and polite person to his subordinates and his citizens, which makes him a very sympathetic guy, in contrast to the behavior of the tyrannical, greedy Charles Montgomery Burns. Also, unlike many supervillains, Scorpio cares for his own people of Cypress Creek, even going so far by offering his employees free dental care and participating in their 50K run.

Homer Simpson (one of the protagonists of the show) moves to Cypress Creek after learning of a new career (from Scorpio's secretary Miss Goodthighs) that will offer healthcare benefit for himself and his family. After discussing this further with the family, his wife Marge agrees to the moving, adding that they might need Homer's new salary and that their old house is tearing itself apart. As the Simpsons arrive to their new house in Cypress Creek, Scorpio welcomes them with a gift basket before giving Homer a job as the new supervisor of employees working in Globex's nuclear division. In spite of Homer's incompetence as a safety inspector back in Springfield, Homer actually does a good job motivating Scorpio's employees in Globex's nuclear division (even going so far by offering them hammocks to calm them down from overworking). Because of his success, Scorpio happily informs that the productivity in the nuclear division is currently up 2% thanks to Homer's motivation skills, leaving his family to be very proud of him.

Needless to say, Homer and his family are unaware that Scorpio is a criminal mastermind. At one time, Scorpio has called in a ransom for gold against the United Nations and uses one of his arson weapons to blow the Queensboro bridge to prove that he's not bluffing, saying that they have 72 hours to meet his demand. He also managed to catch a British secret agent named James Bont, who attempted to escape but ended up being knocked down by Homer (who thought he was a loafer). After thanking Homer for stopping Bont, he had his men to shoot down Bont. Despite being present at these scenes, Homer remains oblivious to Scorpio's true occupation and goal.

Though Homer enjoys his new life in Cypress Creek, he is horrified to learn that his family have become very unhappy in Cypress Creek and want to go back to Springfield (Marge has been moping around drinking glasses of wine since the house is capable of doing chores itself, Lisa has become extremely allergic to all wildlife around Cypress Creek, and Bart is forced to undergo a remedial class because he doesn't understand cursive handwriting). Homer is opposed to this, stating that he's doing a great job for the first time in his life, but his family are still unhappy.

Torn between maintaining his good job and making his family happy, Homer heads back to Scorpio's base, where it is being attacked by arriving U.S. army soldiers, who are intending to stop Scorpio in his tracks and destroy the Doomsday device. As Scorpio and his men attempt to handle the situation, Homer (who still remains unaware of what's really happening) explains to him about the misery that his family is suffering from. Feeling somewhat sorry for Homer, Scorpio convinces Homer to do what's best for his family and allows them to go back to Springfield. Homer thanks Scorpio for everything, and as he leaves, Scorpio and his men manage to defeat the rest of the army soldiers, sending them to flee (much to Scorpio's delight, as he laughs while scaring the remaining soldiers away with a flamethrower). After the Simpsons returned to Springfield, a newspaper article shows that Scorpio and his forces have finally succeeded in taking over the East Coast. Homer received a letter from Scorpio showing his gratitude for Homer's assistance and that he and his family are free to come to the Coast anytime they want. He also sends the Denver Broncos football team as a gift, though Homer would have preferred the Dallas Cowboys.

## Nergal

Nergal is the main antagonist of the animated TV series The Grim Adventures of Billy and Mandy. He is the arch-nemesis of Grim, Billy and Mandy.

He was voiced by David Warner in his first two appearances and later voiced by Martin Jarvis in his other appearances.

He is a neurotic demon named after the Babylonian deity who lives alone in the center of the Earth and desperately desires "friends". In his first appearance he kidnapped Billy and Mandy and forced them to play with him forever, but Grim helped them escape. In his second appearance, "Something Stupid This Way Comes", Nergal creates a magical carnival to attract company, and Billy offers to help him make friends by being nice to others, which Nergal has never tried before. However, he fails to correctly follow the advice and in the end decides that friends need to be made by force, and then transforms everybody (including even Mandy) into mindless demonic creatures similar to himself before subjecting the front of the screen where the "viewer" is to the same effect. This is one of the darkest endings in the series, and is never addressed again.

Nergal's third appearance was in "Love is Evol Spelled Backwards". Nergal emerges from the center of the Earth to torment Billy and Mandy once again, only to meet Billy's miserable Aunt Sis, who has never known love in her life and is visiting at the time, and falls in love with her. To avoid becoming related to Nergal, Billy attempts to stop the relationship, but in a subversion of common plot threads fails and Nergal and Aunt Sis get married. In future episodes, they have a son named Nergal Jr., who becomes a recurring character himself.

As such, the Simpsons have remained unaware of the fact that Scorpio is a villain mastermind, and it is unlikely that they will find out about it.

---

Homer: Hank Scorpio!

Mandy: Nergal!

Hank Scorpio: It's been a while Homer.

Me: Aren't you the president and CEO of Globex Corporation?

Hank Scorpio: That's right and it's an honor to meet you J.D. Knudson. I've heard many good things about you.

Me: I can tell.

Bart: I think you were a great boss to Dad then Burns ever was.

Hank Scorpio: You're right about that Bart. Too bad I never got a chance to meet Burns personally.

Me: I think we can arrange for that in the future with Grim's permission of course.

Grim: (Jamaican Accent) Sure thing J.D.

Me: And Nergal, you're Billy's uncle from the Center of the Earth right?

Nergal: That's right J.D. and it's an honor to meet you.

Me: Same here.

Nergal: It's been a while since you, Mandy, and Grim visited me, Billy. Did you three suddenly forget about me or something?

Billy (GAOBAM): We've been really busy.

Mandy: Yeah and you know how busy we are saving the world.

Me: Are you two joining the Masters of Evil next?

Hank Scorpio: Indeed we are.

Dark Spicer: Man what's going on here?

Me: Our world is in grave danger. Energy Aliens from the very distant edge of the universe are changing our world into their world. They are using those pyramids of pure energy to do it.

Dark Spicer: Prionrock could be useful here.

Me: No Dark. If you do that then the aliens will send you into their dimension like they did to Dr. Quest.

Dark Spicer: Better be careful then.

Me: I have a plan but it's gonna be incredibly drastic. We can use two problems to cancel each other out.

Race: You sound just like the doc.

Me: Trust me on this. Dr. Cruz, I know you're gonna think I'm crazy but we don't have any other choice. We have to blow up this entire facility.

Dr. Cruz: That's insane! We use a quantum linear accelerator and the explosion will destroy us and half of the state of Louisiana.

Me: I know. But I can form a force field to contain the explosion and save the world. Nico you take Jonny, Jessie, May and Misty with you through the Gateway and rescue the doctor. I'm going to make the bomb that will destroy this place.

Nico: Okay.

Me: Be careful guys.

We put our plan into action.

Nico and his group went through the gateway and into the dimension and it was a terrifying place.

Nico: Man this place is freaky.

May: It sure is.

Nico: This whole world looks alive.

Jonny Quest: No kidding.

Jessie B.: If those are serious, this would be kind of beautiful.

Jonny Quest: Well it's making me sick to my stomach.

May: It's like we're traveling through the Warp all over again.

Nico: It really does feel that way.

Jonny Quest: The sooner we find dad and get out of here the better.

Nico: We'll find him Jonny.

Jonny Quest: Almost there. Just over 2 Kilometers.

Nico: Roger that.

But then two energy aliens came out!

May: We got company!

Nico: I see them! Follow my lead guys!

They flew pass them and fired energy blasts at them and the blasts hit the ground and exploded!

KRABBOOOOOOMMM! KRABBBOOOOOOOOMMMMM!

Nico fired energy blasts at them and blew the energy aliens apart!

Nico: We have to fight energy with energy!

They fired more energy blasts at them.

KRABBBOOOOOOOMMMM! KRABBBOOOOOOOOMM!
KRABBBOOOOOOOOOMMMM! KRABBBBOOOOOOOOOOMMM!
KRABBBOOOOOOOOOMMM!

Nico and Misty fired blasts of green energy and they hit the aliens and blew them apart.

Nico: Almost there!

They arrived in a fancy machine area.

Nico: There he is!

Jonny Quest: Dad!

They went and landed by him.

May: You ok, Dr. Quest?

Nico: Stand back and cover your eyes Dr. Quest.

Nico slashed the energy ball and freed him!

Dr. Quest: Well done. I'm surprised to see you.

Nico: Thank goodness you're okay doctor. But J.D. has a plan. He's going to blow up the generators and take the facility and this world with it.

Dr. Quest: That's a bit extreme but it might work. But this whole thing started when Professor Cruz sent her exploratory probe to this dimension.

Nico: So it acts as an anchor to keep the gateway open. Maybe there's a way we can destroy this probe somehow.

Nico went over to the probe and pressed a button and it opened and it had a Self-Destruct Panel.

Nico: A self-destruct panel. Perfect. But just in case.

Nico pulled out a flash drive and downloaded all the data that the probe collected into it and he set the timer for the Self Destruct for 5 minutes.

Nico: Armed and set. Lets go we have 5 minutes!

They flew back.

Earlier with me we had the button for the detonation ready.

Me: It's ready. Lets see here.

I pressed the button and the alarm sounded.

Computer: Warning! 25 Gigaton Detonation in T Minus 10 minutes and counting.

Lincoln: 25 Gigatons!?

Lisa Loud: That's the equivalent of 25,000 megatons of TNT!

Me: Man that's powerful! Everything within a 250 mile blast radius will be completely obliterated!

Lori: We have to get out of here.

Me: Okay now we have to wait for Nico and everyone to get back.

8 minutes later, Nico and everyone came back.

Me: Thank goodness you're okay Dr. Quest.

Dr. Quest: Thank you J.D.

Dr. Quest went to the computer.

Dr. Quest: Force Field Generator. It's the answer to everything.

Me: I have a feeling I know what you are gonna do doctor.

Dr. Cruz: What do you mean?

Dr. Quest: No time to explain! I want everyone to evacuate this complex. Get as far away as you can!

Me: Right! Lets go!

We left the facility and got outside and I had the boat come. Colonel Marcus saw the sky and it was purple and horrible.

Colonel Marcus: The sky. It's horrible!

A force field then appeared and it had the entire facility inside it.

Then a massive explosion went off and obliterated the entire facility!

***KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO***

The explosion was so massive and so powerful and so devastating that the power from the blast shook the entire area around us with incredible fury and the shockwave from the blast was unbelievable. When the smoke cleared, the entire facility was gone and so was the world of the Oztermaterrans and we saved the world from total destruction.

Me: Everyone all right?

Jessie B.: Yeah!

Nico: Look!

We saw a force field bubble and inside it was Dr. Quest.

Me: Thank God!

I flew over and grabbed him as he fell and saved him.

Me: You did it doctor!

Dr. Quest: I wasn't sure that would work. The theory was sound but.

Me: I know doc. But it worked. We killed 2 birds with one stone.

We took the boat back to New Orleans.

Me: Sorry you lost the facility everyone.

Dr. Cruz: It's all right.

Nico: But I did get the data you wanted from your probe Doctor.

Nico pulled out the Flash Drive and gave it to her.

Dr. Cruz: Thanks Nico.

Me: Way to come through man. But man this was a crazy day for us.

Nergal: It sure was. When we get back to the Estate, I'll make us some pizza.

Me: That's right I heard from Mandy that you and Grim make really great pizza.

Grim: Indeed we do mon.

Dr. Cruz: By the way Shanan how did you know what those creatures were?

Shanan: I have incredibly extensive knowledge about every living thing in the entire universe. I am what is called the Living Universal Encyclopedia.

Dr. Cruz: That's incredible!

Nico: It sure is.

We went back to the estate and we were at the dinner table and Grim and Nergal gave us their awesome and tasty pizzas for us to have a taste test. One pizza was from Nergal's Pizza and it smelled awesome and the other pizza was from Grim's Pizza.

Me: They smell really good.

We tried the Pizza Nergal made and I ate a slice and it was tasty and really delicious.

Me: (Eating Nergal's Pizza) Mmm! Really delicious pizza!

Nico: (Eating) I'll say. It's really good.

It was like a pie from heaven.

Me: Lets see how it compares to Grim's Pizza.

We tried Grim's Pizza and it was just as tasty.

Me: (Eating Grim's Pizza) Delicious!

Nico: (Eating) It sure is.

We ate the pizzas of both Nergal and Grim.

Nergal: Well? What do you think?

Nico: Personally, I think you both make good pizzas.

Me: Definitely. You guys should go into business together as great pizza chefs.

Grim: Hmm. Good idea!

Nico: You two would work great together.

Laney: Yeah!

We cheered.

We had a crazy Interdimensional Adventure and we got to taste an awesome pizza. Grim and Nergal opened up an awesome Pizza Shop called Nergal & Grim's Pizzarama and it was located right next door to Lynn's Table.

THE END

---

Another awesome adventure done.

Other Space is one of my favorite episodes of The Real Adventures of Jonny Quest and it was one of the freakiest episodes I have ever seen. It was a creepy episode of Interdimensional Proportions as the Quest Team traveled across the universe to save both planets. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts gave me the ideas for this. Thanks guys. The Next chapter for The Real Adventures of Jonny Quest is gonna be Ice Will Burn and that is gonna be a cold one. Next up is a war of Teenage Proportions as we face the evil Teen Ninjas of the Kids Next Door and we're going to make those dumb High School Dropouts pay and send them back to their parents or in jail.

See you all tomorrow.

# The TND Frameup

In the plains of South Dakota, I was riding my Rapidash and it was pulling the Hovercarriage and in it was Eli and Nunnally and Lincoln and Emerald Sustrai. Lincoln expanded his harem and added Emerald Sustrai and Dew Gayl to his harem.

Me: This is gonna be awesome.

Lucy (Pokemon): I've never been to Pewter City before.

Brock: You will love it Lucy. It's where my gym is located and it's where I first met Ash and Misty.

Ash: And it's where I got my first Gym Badge.

Laney: The Boulder badge from what I recall right Brock?

Brock: That's right Laney. The Pewter City Gym specializes in Gym Battles with Rock Pokemon and Ash is a really awesome guy.

Nico: He sure is. He is one of the greatest Pokemon Masters ever.

Gary Oak: That's Ash for you.

Me: He is a much better Pokemon Master than Paul ever will be.

May: You got that right.

Lola: Hey guys I think we're here.

We have arrived in Pewter City.

---

Pewter City first appeared in Showdown in Pewter City, where Ash decided to challenge the Pewter Gym for his first Badge. After suffering his first loss to Brock, Flint caught up with Ash and directed him to an old hydroelectric plant located by a dry river bed, where he could charge Pikachu up with electricity. After charging Pikachu up, Ash returned to the Gym, where Pikachu accidentally set off its sprinkler system, allowing it to win the rematch against Onix. Despite this, Ash decided to forfeit the match, feeling like he did not deserve to win. Nevertheless, Brock still chose to give him a Boulder Badge. The Gym was subsequently left under Flint's care while Brock decided to join Ash in his travels.

In A Family That Battles Together Stays Together!, it was revealed that Brock's mother Lola had recently returned home and added a brighter color scheme to the Gym, while also changing it to a Water-type Gym. The Gym returned to its heritage Rock-type theme after Brock defeated his mother in battle. In DPS02, Forrest officially became the new Pewter City Gym Leader after a Nurse Joy from the Pokémon Inspection Agency recognized him as a worthy Trainer for the duty.

It reappeared in JN038, when Ash, Goh, and Chloe visited the Pewter Museum of Science.

Pewter City's center has been shown to feature many tall buildings, including a Pokémon Center, which differs from its craggy surroundings. A Contest Hall is located on the outskirts of the city. Pewter City also serves as one of the locations of the Battle Pyramid. In the Japanese version of EP006, Seymour was revealed to work for the Pewter Museum of Science. In addition to Brock, Pewter City is also the hometown of Top Coordinator Solidad and Trainer Pete Pebbleman, who was defeated by Ash during the Indigo Plateau Conference.

---

Professor Oak: Well, everyone. Welcome to Pewter City.

Me: Wow. Your home town is amazing Brock.

Nico: It sure is.

Jessie (Pokemon): It sure brings back memories.

Lola: It sure looks like a nice place to call home.

Emerald Sustrai: It sure does. I would love to come here for vacation.

Brock: You would love it. The Pewter City Science Museum is a great attraction here.

We arrived at the Pewter City Gym is it was amazing.

Me: So this is the Pewter City Gym.

Brock: Yep. It's where I worked as the Gym Leader.

Nico: It sure is a nice gym.

We went in and then Brock was greeted by his 8 little brothers and sisters: Salvadore, Yolanda, Forrest, Tommy, Cindy, Suzie, Timmy, Billy, and Tilly.

Brock's Siblings: BROCK!

Brock: Salvadore, Yolanda, Forrest, Tommy, Cindy, Suzie, Timmy, Billy and Tilly. It's great to see you all.

Me: Wow! And I thought that the Loud Kids were a big family.

Shocker: Hi. You must be Brock's family.

Forrest: Wow! You're all Team Loud Phoenix Storm!

Cindy: Wow! You guys are our heroes!

Me: That's right and it's a pleasure to meet you all. Brock told us so much about you all.

Flint and Lola, Brock's mom and dad appeared.

Flint: Wow! Team Loud Phoenix Storm!

Me: You must be Flint and Lola, Brock's mom and dad.

Flint: We sure are. It's an honor to meet you J.D.

Me: Same here. Brock told us so much about you and we came to Pewter City to meet you.

Lola (Pokemon): It's an honor to meet you all.

Nico: Same here.

May: It's great to see you all again.

Flint: Same here May.

Forrest: You are looking great.

He saw the wedding ring on May's finger.

Forrest: Wow! You're now married? Who's the lucky guy?

Nico: You're looking at him. Me.

Yolanda: Wow!

Tommy: Congratulations to you both!

Salvadore: We're so happy for you.

Nico: Thanks guys.

Tilly then saw Jessie, James and Meowth.

Tilly: HEY!

She picked up a rock and threw it at Jessie!

WHAP!

The rock hit Jessie in the head!

Jessie (Pokemon): OW!

Tilly: You're those three baddies from Team Rocket!

Onslaught: It's ok, guys. Jessie, James, and Meowth are good guys now.

Jessie: You couldn't have said that before I got hit with a rock?!

Me: Now kids Jessie, James and Meowth are not part of Team Rocket anymore. I'm sure you have heard of the battle with Team Rocket. There was a massive fire in the mountains near Pallet Town right?

Forrest: We sure did! That was intense.

Me: Well that fire was a result of us destroying Team Rocket.

Suzie: Whoa! You guys killed all of Team Rocket!?

Salvadore: Good riddance!

Timmy: Yeah!

Me: And you will not believe who their leader was. It was Giovanni, the Gym Leader of Viridian City.

They gasped.

Flint: I knew there was something suspicious about Giovanni. He was doing a lot of shady activity when no one was looking.

Me: He was the Leader of Team Rocket and his goal was to gather enough powerful Pokemon to conquer the world. But thanks to our intervention, The Flames of Valor incinerated all of Team Rocket.

Eli: Wow. Good riddance to those scumbags.

James (Pokemon): You said it Eli. And we were fired from Team Rocket when they were destroyed.

Meowth: So you don't have to worry about that anymore.

Nico: Yep.

Me: Also Brock has news for you all.

Gears: That's right. Brock has a girlfriend now.

Lucy (Pokemon): That's me. My name is Lucy and I'm one of the members of the Battle Frontier from the Hoenn Region.

Flint: Wow! It's a pleasure to meet you Lucy.

Lola (Pokemon): Same here. I'm so happy for you and Brock. (To Brock) You take care of each other now.

Brock: We will mom.

Lola (Pokemon): Good. But what are the Flames of Valor?

Me: It's a term I created for when we set out to face the major Pokemon Villain Teams. For when we faced Team Rocket, I invented the Flames of Valor after the Legendary Firebird Pokemon Moltres.

Varie: For when we faced Team Flare he invented The Mystic Freeze after the Legendary Ice Bird Pokemon Articuno.

Lincoln: For when we faced Team Galactic he invented The Lightning of Instinct after the Legendary Storm Bird Pokemon Zapdos.

Lana: For when we faced Team Aqua and Magma he invented The Alpha Ocean and The Omega Volcano.

Lola: And for when we faced Team Plasma we faced The Delta Sky.

Laney: They were named for the legendary Pokemon Groudon, Kyogre and Rayquaza.

Flint: Wow! Those are good names!

Salvadore: They sure are. Awesome team names.

Me: Yep. We dealt with the major Villain Teams that posed a threat to the entire world.

Yolanda: What was each team gonna do?

Me: Well it's not pretty as every Pokemon Villain had their own sick agenda.

I went over all the teams.

## Team Rocket

In the anime Team Rocket is even more militarized, with robots, tanks, and war helicopters under its control. However, Team Rocket's military power is seen rarely, and the team is usually represented not by Rocket grunts, but by special agents, heading field missions, grunt attacks and local money-making. Unlike in the game timeline, Team Rocket as a whole has never been totally defeated in the anime. Even though the organization as a whole played lesser role during "Pokémon Advanced Generation" and "Pokémon Diamond and Pearl" sub-series, Team Rocket becomes more important once again in "Pokémon: Best Wishes" series, as Giovanni himself, usually an extra character, appears on a regular basis and directs the advance of Team Rocket in the Unova region.

The most well known agents, usually referenced to as just "Team Rocket" in the anime, or as "Team Rocket Trio " by fans, that constantly interfere with the protagonists are Jessie & James, with the talking Pokemon Meowth that accompanies them. They serve as the main antagonists of the series. The Trio has provided most of show's comic relief since the second season (going so far as fourth wall-breaking), with the exception of the "Pokémon: Best Wishes" sub-series where they took on a more serious role until late in that series.

In the Pokemon XY series, the trio takes on their classic comedic role. They follow Ash to the Kalos region, and have reverted to capturing random Pokemon, not just legendaries. Jessie has also regained her Wobbuffet. Although they are once again "blasting off" after their defeats, the trio showed competence in battling and capturing Pokemon, and Giovanni still has respect for the agents after their helpful actions in the Unova region. Despite all their efforts, all of their attempts to steal either other people's Pokemon fail, with Ash, his friends, other trainers, and/or third-party villains thwarting them. In some cases, they even screw themselves over.

Despite their misdeeds, the trio are not truly evil and are close friends despite arguing whenever things go wrong. Sometimes, they are forced to team up with Ash and his friends, for varying reason: sometimes, they are forced to cooperate to get themselves out of trouble, while other times, it's for the greater good (most famously in the second movie, where the trio openly helped Ash save the world). In the eighth and nineteenth movies and some TV episodes, Meowth is captured somehow, prompting Jessie and James to covertly follow the heroes in order to retrieve him.

Dr. Fuji, who is a scientist of Team Rocket in the anime, is also responsible for the creation of Mewtwo, by altering the DNA from the legendary Pokemon Mew. Giovanni takes Mewtwo and trains him until the Pokemon realizes that he is used as a pawn instead of an equal partner and destroys Rocket Hideout and the lab. Giovanni later finds Mewtwo's location and deploys the Rocket Grunt army under the command of agent Domino to capture Mewtwo and the other Pokemon clones under Mewtwo's leadership, and then sends the Rocket grunts to create a new base for Team Rocket in Mewtwo's hideout. With the help from the protagonists and Meowth, Mewtwo is released from Giovanni's grip and teleports the Rocket army away, while destroying their memories about the battle, leaving Giovanni and Domino to wonder about their sudden change of place.

In Pokémon Origins, a standalone anime adaptation of the original games, Team Rocket fulfills the same role as it does in those games. Team Rocket grunts are the main enforcers, causing trouble all over the region, only to be defeated by a young Pokemon Trainer Red. One of those grunts even outright murdered a Pokemon - the Marowak Mother who tried to protect her kin from Team Rocket's poachers. The team is still led by Giovanni, who is showed to be a corrupt businessman that values Pokemon only for profit and has forgotten the true spirit of Pokemon Training. While in the games Giovanni must be beaten three times (in the hideout, in Silph Co. and the Viridian Gym), his Pokémon Origins version first meets Red during the Silph Co. takeover and soundly defeats the young trainer, leaving the damaged skyscraper on his helicopter. Red challenges Giovanni once again in Viridian City.

This battle made Giovanni remember his old days as a Pokemon Trainer, when there was more to his life than just business. After a long battle, Red managed to win and Giovanni tried to give him the Earth Badge. However, Red refused to accept a badge from the leader of an organization as abominable as Team Rocket. Giovanni resolved this quarrel extraordinarily - by disbanding Team Rocket, despite the protests of his followers. With newfound respect for Red, the Viridian City Gym Leader decided to resign and start a new journey, yearning to become a better person and an even greater Pokemon Trainer.

## Team Flare

Team Flare (in Japanese: フレア団 Flare-dan, literally Flare Gang) is the villainous team of the Kalos region, making their debut in the video games Pokémon X and Pokémon Y. Their goals involve making money and aiming for a more "beautiful world" by using the Ultimate Weapon to wipe out all life.

Lysandre debuted in the anime in Mega Evolution Special I. He was seen monitoring Alain's Charizard's energy levels during its Mega Evolution from his laboratory, and was apparently pleased with the result. He reappeared in Mega Evolution Special II, when he visited the ruins Steven Stone was investigating, leading to Mega Rayquaza attacking. In Mega Evolution Special III, thanks to the efforts of Alain, Steven, and their Pokémon, Lysandre was able to secure a giant Key Stone for his research.

Malva debuted in-person in Mega Evolution Special IV, battling Alain and Charizard with her Mega Houndoom. The battle eventually ended in Alain's victory. Team Flare, as a collective entity, debuted in From A to Z!, with the Team Flare Grunts and the five Scientists all making appearances.

They reappeared in Meeting at Terminus Cave! when several Team Flare grunts and scientists tried to steal Zygarde from Bonnie in the Terminus Cave. Altough their attempt failed, Zygarde was separated from Ash and co. in the aftermath.

In A Meeting of Two Journeys!, Xerosic and two Team Flare Admins conducted a test of a prototype weapon powered using Zygarde and the Mega Evolution energy.

They infiltrated Prism Tower in Kalos League Passion with a Certain Flare!, and executed their scheme after the conclusion of the

Lumiose Conference in XY131, using Zygarde to slowly destroy the Kalos Region, starting with Lumiose City. Starting from XY132, Ash and his friends try to stop Team Flare, with Ash himself getting captured so that Lysandre could closely observe the Bond Phenomenon between Ash and Greninja. During the next episode, Ash broke free, and Alain, shocked by the results of his actions, defected from the team, with the duo facing Lysandre. Meanwhile, Xerosic successfully captured Squishy, while Clemont and Clembot were able to infiltrate the Lumiose Gym, capturing Aliana and Bryony in the process. During the events of XY135, Lysandre was defeated by Ash, Malva, and Alain and seemingly committed suicide, while Celosia and Mable were defeated and imprisoned by Team Rocket. Lysandre Labs was then destroyed when the Megalith transformed into a giant copy of Zygarde. During XY136, Lysandre was revealed to have survived and used the Megalith Zygarde to move to ANistar city SUndial, It is also revealed that once The megalith and the Sundial is COntacted, All life will be wiped out then he uses the Megalith to Kill Ash, Alain, Malva, Steven, Professor Sycamore, Diantha, and all of Kalos' Gym Leaders. Eventually, the Megalith Zygarde was destroyed when Squishy and Z2 transformed into a complete Zygarde and attacked it with Core Enforcer. Lysandre was engulfed by the attack and seemingly died as well. Afterwards, Malva promised to hunt down the other Team Flare members and afterwards turn herself in as well.

Unlike the games, where Team Flare hunts down Xerneas or Yveltal, Zygarde is their main target in the anime. Instead of stealing Poké Balls or electricity to further their plans, they utilize energy collected from Pokémon undergoing Mega Evolution.

Team Galactic

Team Galactic (in Japanese: ギンガ団 Ginga-dan, literally Galaxy Gang) is a crime syndicate in the Sinnoh region, and the main antagonists of the video games Pokémon Diamond and Pearl. The team's commanders (Mars, Jupiter, and Saturn) are named after planets.

In Diamond and Pearl, Team Galactic state their intention to create a new world order. However, only Cyrus and his commanders know the true details (and even then, Saturn is not entirely clear on this)- that this will first entail the total destruction of the current world to allow the presence of the new. They kidnap the legendary Lake Trio (Uxie, Mesprit, and Azelf) and extract crystals from them to create an item known as the Red Chain, which shackles and controls a Pokémon, yet keeps their full power (according to Cyrus' files, they do not plan to keep their target in a Poké Ball, in which they claim that it will restrain its full power). The player infiltrates Galactic's headquarters and defeats Cyrus, so he allows the player to release the three after beating Saturn. At the Spear Pillar, Cyrus uses the Red Chain to bring the legendary Pokémon Dialga (in Diamond) or Palkia (in Pearl) out, planning to use their power to distort spacetime and so create the new universe, over which he will be the new deity (or so he thinks). However, the Lake Trio come back to nullify the legendary's power and break the Red Chain, interrupting the ritual. After this, and Cyrus's failure to defeat the player, most of Team Galactic disappears including Cyrus himself. Only a handful remain in Veilstone City, led by Saturn, who has renounced his earlier extremism and decided to found a new, more benevolent Team Galactic.

In Pokémon Platinum, however, Team Galactic plans to captivate both deities of time and space, resulting in the interruption of an enraged Giratina, the third Sinnoh deity who represents dimensions, chaos, and death. The player will have to chase down Cyrus, now infatuated with the power of the before-unknown Giratina, to an eerie dimension known as the Distortion World (Yaburareta Sekai), in which Giratina has resided for countless ages. Later in the game, it is revealed that Mars and Jupiter quit Team Galactic. It also features a new Team Galactic member named Charon, who is arrested shortly after Mars and Jupiter quit.

## Team Magma

Team Magma (Japanese: マグマ団, Magma-dan, literally Magma Gang) is one of the villainous groups from Pokémon Ruby/Pokémon Sapphire/Pokémon Emerald as well as their respective remakes Pokémon Omega Ruby and Pokémon Alpha Sapphire.

Their goal is to awaken Groudon, the legendary Continent Pokémon, so they can use its powers to expand the landmass, as they believe this will benefit humans and Pokémon alike. They are bitter rivals with Team Aqua, because they have opposite goals.

The team is headed by Maxie and his two immediate subordinates Tabitha and Courtney. All of their grunts dresses hooded uniforms, and they prefer to use poison/dark and fire-type Pokémons, such as Zubat, Poochyena and Numel.

Differing greatly from other villainous groups in the series such as Team Rocket and Team Galactic, Team Magma can be seen more as a group of fanatics than real criminals, as they have a seemingly more altruistic goal instead of working for their personal gain.

They are also much more organized, since their grunts follow direct orders from their superiors instead of having their own agenda like Team Rocket.

## Team Aqua

Team Aqua (in Japanese: アクア団 Aqua-dan, literally Aqua Gang) is one of the villainous groups from Pokémon Ruby/Pokémon Sapphire/Pokémon Emerald as well as their respective remakes Pokémon Omega Ruby and Pokémon Alpha Sapphire.

Their goal is to awaken Kyogre, the legendary Ocean Pokémon, so they can use its powers to expand the sea, as they believe this will benefit humans and Pokémon alike. They are bitter rivals with Team Magma, because they have opposite goals.

The team is headed by Archie and his two immediate subordinates Matt and Shelly. All of their grunts dresses sailor uniforms, and they prefer to use poison/dark and water-type Pokémons, such as Zubat, Poochyena and Carvanha.

Differing greatly from other villainous groups in the series such as Team Rocket and Team Galactic, Team Aqua can be seen more as a group of fanatics than real criminals, as they have a seemingly more altruistic goal instead of working for their personal gain. They are also much more organized, since their grunts follow direct orders from their superiors instead of having their own agenda like Team Rocket.

Team Plasma

Team Plasma (in Japanese: プラズマ団 Plasma-dan, literally Plasma Gang) is the villainous team from Pokémon Black/White. Their goal is to release all Pokémon from their trainers, as they believe Pokémon are just being used by humans, making all Pokémon to suffer, also believing that Pokémon will only reach their full potential by being separated from humans.

In reality, however, the organization's real goal is to make Ghetsis the only Pokémon owner in the Unova region so that he can conquer the region unopposed. The ideal of releasing Pokémon from human abuse is but a fraudulent propaganda used by Ghetsis so that every other trainer will release their Pokémon. Most members of the organization follow the propaganda spread by Ghetsis unaware that they're being manipulated by him.

To fulfill their goal, they are trying to recreate the myth of the creation of the Unova region by summoning one of the legendary dragons, Reshiram and Zekrom, and making their lord N to be recognized by them as the legendary hero. Their grunts wear knight-like uniforms and use Dark-type Pokémon such as Purrloin and Sandile.

Differing from previous villainous teams such as Team Aqua/Team Magma or Team Galactic, they avoid attracting unwanted attention and actually try to convince people of their ideals instead of forcing people to agree with them by force.

In Pokémon Black 2 and White 2, Team Plasma is broken into two different forces, each with different purposes. One force vows to make the world a better place for both humans and Pokemon to atone for their crimes. The other one, with Ghetsis as the leader of the newer force, intends to take over Unova. Colress serves as the acting leader but is also subservient to Ghetsis.

---

Everyone gasped.

Eli: Whoa! That's intense!

Nunnally: It's good you all killed those monsters.

Me: Yeah but Commanders Mars and Jupiter and N are now part of the Redemption Squad.

Nico: Yep. The Masters of Evil, our frenemies already took care of the rest of the remnants of Team Rocket so now we have the rest of the other teams. The Masters of Evil are searching for the Rest of the Remnants of Team Magma so they can throw them in jail.

Rainbow Dash: It sure is.

Yolanda: You have beautiful hair Rainbow Dash.

Rainbow Dash: Thanks Yolanda. I am called Rainbow Dash because of my fast speed and my hair that is of each color of the rainbow.

Yolanda: That's beautiful.

Lana: It sure is.

We had a nice chat.

---

Later back at the estate we were watching TV and I was reading the manual for the Good Guy Blastah in the living room. With us was Wallflower, Juniper Montage, and Diamond Tiara.

Me: Hmmm… so this gun can scan on how evil a person is. Ingenious. (I then pointed the device at a lizard on a wall, pressing the blue button and a blue-colored screen appears above the device, scanning the creature from top to bottom, after that a 0% number appears on-screen) 0% evil huh? Then again it's a lizard. But this is ingenious.

Then Smokescreen arrives with the phone in his hand)

Autobot: J.D., you have a phone call, some guy calling himself a creepy-looking scientist wants to speak to you.

Me: Oh thank you.

Smokescreen then handed the phone to me and I answered it.

Me: Hello?

The Creepy-looking scientist: Good day, Mister Knudson.

Me: Hello, sir. How did you get our number?

The Creepy-looking scientist: It's in the phone book.

I then check a phone book and saw their number there.

Me: Huh? That's weird. But then again it's always in here. Anyway, how are you doing sir?

The Creepy-looking scientist: I'm doing fine, Mr. Knudson, I'm currently on vacation with my girlfriend (The Creepy-looking scientist is seen alongside the old woman sunbathing in the beach) Anyway… the reason I call you because I wanna share something about the Good-Guy Blastah that I forgot to include in the manual.

Me: What is it, sir?

The Creepy-looking scientist: Have you tested the scanner that shows the level of evil a person is?

Me: I did. Very ingenious.

The Creepy-looking scientist: Good. Because I'm going to tell you that while the Good-Guy Blastah is functioning well it has it's limitations. You see the gun only works on bad guys with an evil level of 75% below however it won't work on bad guys with evil level of 76% above.

Me: I see. Thank you for sharing this info with me, sir.

The Creepy-looking scientist: No pleasure. Now let us end this conversation because I'm pretty sure that you had a new adventure awaiting for you today.

I chuckled.

Me: Right on the money, sir.

We hung up.

Me: This is a genius method used to flush out evil. But I'll use this on bullies.

Then the alarm went off.

Me: Uh oh.

I went to the computer and saw a terrible thing happen. I saw some disturbing footage from The Raft.

Me: (GASP) Oh SHIT! GUYS WE GOT BIG TROUBLE!

Everyone gathered and we saw the footage. We saw on the video footage a guard turning back into Chad Dickson wearing Battle Ready Armor before he busted Royal Defenders Lincoln out of the Raft.

Numbuh 362: (shocked) This can't be real!

Bomb Man: Sorry, Rachel. But the footage doesn't lie.

Nico: Chad better start praying. Because this is his last day alive!

Me: Nico calm down. We can't kill a kid like Chad. That goes against our code and I'm sure there's a reason behind. But lets do some detective work.

Nico: Okay.

Me: Lets go.

We went to the Pizza Shop and confronted Chad Dickson A.K.A. Numbuh 274 and undercover operative of the Teens Next Door.

Chad Dickson: You guys have to believe me! I didn't bust out that version of Lincoln. I was at the card shop the entire time!

Maria: Chad, just tell us the truth and we'll just give you a black eye.

Azula: He IS telling the truth. I'm an expert on lying. And right now, Chad's not telling any.

Me: That's right you were a master manipulator, pathological liar and a homicidal psychopath before.

Azula: That's right.

Me: I think this is the work of the Teen Ninjas we have yet to capture.

Cree: Just as I thought. This is the work of Chuckie Cavallaro.

Me: Chuckie Cavallaro? Isn't he one of your friends Chad?

Chad Dickson: Yes. He was also Numbuh 50 in the Kids Next Door until he went rogue.

Chad told us his history.

---

Chuckie used to be a part of the Kids Next Door before he became a teenager. This is evident by a photo of him working to build something alongside other kids in the end credits of the episode Operation: Z.E.R.O..

His first appearance was in Operation: E.L.E.C.T.I.O.N.S., where he's first shown telling Chad that the Gallagher Elementary School students have no chance against their Hendry Middle School forces - but then they are both sent back to their seats (being in a classroom). Later during the battle between both schools, he interrupts Chad as he's sweet-talking a girl with the news that they might have some trouble defeating the elementary school-students. Chad then asks him to get their bikes (while warning Chuckie not to get his scratched or damaged). He makes no further appearances in the episode, it was unknown if he joined the battle or not.

He also appears in Operation: T.R.E.A.T.Y., when Chad and Numbuh 1 are in a Teen hangout underneath a mini-mart. He reminds Chad that no kids are allowed to know about their hangouts as he called Numbuh 1 stupid. Numbuh 1 angrily asks who are you calling stupid so he and several other Teen Ninjas chase him out. They intend to shoot him out of the sky; when Kids Next Door aviators tell him to stand down because they're in a "no-fly zone", he tells them that the guys they're chasing (Chad and Numbuh 1) stole his little brother's bike. It is unclear whether or not this was a lie, or if he really does have a little brother. However what ever the purpose is he needed some help from Kids Next Door aviators to shoot them down

An adult version of him appears in Operation: W.H.I.T.E.H.O.U.S.E., as one of Numbuh 1's, or else known as in that time period, President Uno's, bodyguard.

---

Me: Whoa! Dealing with Numbuh 12 wasn't enough. Now we have a bunch of renegade members of the Kids Next Door running amuck out there.

Cree: We need to stop those monsters. Obviously they haven't gotten the memo that Father is dead and we've made peace with the kids.

Me: No they haven't.

Thorax began to have some thoughts.

Thorax: Hmm. Cree, is it possible for Battle Ready Armor to use two disguises at once.

Cree: It actually is possible. Why?

Thorax: My guess is that Chuckie Cavallaro used his Battle Ready Armor to turn into Chad before using it again to turn into that guard.

May: How do you know all this?

Thorax: Because I can shapeshift too.

Twilight Sparkle: That's right and Changelings can shaft shift.

Me: Looks like we got another battle coming. I know where to find Chuckie. Lets go!

We went to the park and we saw CHUCKIE CAVALLARO!

Me: Nice of you to show up Numbuh 50.

Chuck: So you know I was a member of the Dead Next Door.

Me: You don't have any idea what you have done Chuck. You don't even know how dangerous the Lincoln of the Royal Defenders is!

RD Lincoln then came out.

RD Lincoln: You will pay for locking me up!

Me: You just never learn Lincoln!

The Teen Ninjas then all came out!

Cree: (to the Teen Ninjas) Maybe you guys didn't hear the news. The Teens and the Kids have made peace with each other!

Chad: So you guys need to stand down right now!

Bounce Man: Believe me, you guys aren't the target of our anger right now.

Me: That's right. We want (Points to RD Lincoln) him!

Storm Shadow: Don't you have any honor left at all?

RD Lincoln: Don't make me laugh! Honor doesn't get anyone anywhere! In life, you have to do whatever it takes to win! And you guys should know. After all, you abandoned McGee and Spicer to die at Anti Cosmo's hands!

Me: That's a fucking lie!

Lincoln: We didn't abandon them! They went to stop their security so we can make sure that they can be defeated!

Me: Sending you to the Raft was a mistake!

But then Larxene, Diabolico, Skulker, Vulture, Krusty and Vanitas appeared.

Krusty: Hey hey Kiddies. (Goofy Laughter)

Me: Krusty, Larxene, Diabolico, Skulker, Vulture and Vanitas.

Vanitas: This is a catastrophe here.

Lana: It sure is.

Larxene: (To the Teen Ninjas) Do you guys know what you've done!?

Chuckie Cavallaro: Oh, c'mon! We just-

Skulker: You broke out of prison a former hero turned into a dangerous criminal! You better hope that he can still be able to thrown back in jail!

Me: He'll be killed on sight if he goes back to the Raft. We worked so hard to bring this fucking bastard to prison and he and his sisters deserve to spend the rest of their delusional fucked up lives in prison and then burn in 528 Centillion Hells for their crimes when they die!

We gasped!

Nico: Whoa! That's something I wouldn't wish on my worst enemies. But on the Royal Defenders, I would think of no less.

Ryan Mitchell: Diabolico, I just want to thank you for heling us defeat Bansheera the first time.

Diabolico: It was my pleasure, Ryan.

Carter Grayson: Just don't do a risky move like that again.

Diabolico: I make no promises.

Me: But it's good to have you back in action Diabolico.

Diabolico: Same here J.D.

Then a figure came out and it was GROUND SCARAVICH!

Ground Scaravich: Ground Scaravich at your service! (pushes a giant gray rock at Stone Man)

Lynn punched the rock and shattered it with incredible strength.

Me: WHOA! What power!

Troy: You don't have your siblings to back you up this time!

Me: That's right! Now you will pay for your crimes just like in your world. Everyone in your universe doesn't remember you now!

RD Lincoln: What do you mean?

Me: Your version of Ben turned into Alien X and he used his powers over all of reality to erase everyones memories of all of you at the cost of his memories. He made the ultimate sacrifice to reset your whole universe.

Nico: He's the true hero and you are not!

Eli: That's right!

RD Lincoln: (ENRAGED SCREAMING) THAT FUCKING MOTHERFUCKING FUCKSHIT!

Me: And I thought I was the only one with a rotten mouth.

Megaforce Rangers: Legendary Ranger Mode: Secret 5 Force!

The Megaforce Rangers turned into the Secret Squadron Five Rangers!

Me: We'll have our usual battles after we take care of these clods.

Larxene: Okay. Lets do it!

We powered up and went at the Teen Ninjas and RD Lincoln.

---

## Battle 1: RD Lincoln

---

Me, Nico, May, Sunset Shimmer, Pyrrha Niko, Penn Zero, Numbuh 1, Phineas, and Ben were facing RD Lincoln.

Me: You have no honor and no soul at all Lincoln. I can't believe that you would become so evil!

Nico: Yeah what happened to turn you from the sweet and loving boy that loved all of his sisters more than anything into a ruthless tyrant out to destroy all evil and rule over the entire universe with fear and tyranny?

RD Lincoln: It's just like you said. There will never be such a thing as true peace as long as evil exists in the entire universe.

Me: But we don't rule the universe with fear in order to bring peace. We do it with love and we fight to protect those that are precious to us. We don't fight to make villains suffer, we fight to bring peace and justice.

RD Lincoln: And that was what we were doing until you ruined everything we were doing!

Pyrrha: What you were doing is nothing short of evil!

Penn Zero: Yeah and you threatened my life!

Sunset Shimmer: And you took away me and my friends free will and broke our friendship when you made us your slaves!

Phineas: And you used us for your own sick game!

Ben: And killed innocent people!

Numbuh 1: And you demoralized the Kids Next Door!

Me: You brought all that on yourself when we declared war on you and it was thanks to Ed Cowart that we defeated you.

Nico: So you have failed your universe and now you are paying for your crimes.

RD Lincoln: SHUT YOUR FUCKING TRAP! You think you're any better than me!? All you have done was make people suffer! We are doing what we think is right!

Sunset Shimmer: You are wrong! You don't have any idea what you're talking about. You and your family might have been heroes in the past Lincoln. But you threw away all of your humanity just for your own selfish pleasures. I once thought like you Lincoln. I have been where you were and I made the same mistakes you made before. When I put on the crown of magic, I was overwhelmed by the power it had and I thought I could get everything I wanted with it until Twilight and her friends showed me the error of my ways. I thought it would get me everything I wanted. My heart was full of darkness like yours.

RD Lincoln: Oh you are wrong Sunset. What you think of from these clods is nothing but a bunch of lies.

Sunset Shimmer: No Lincoln! When you took away the free will of the versions of me and my friends in your universe you became forever lost to the darkness. Even with all your dark power and all your goals you will always be forever alone. There are more things to learn from being a hero and how to be one. Being a true hero is risking your life on a daily basis to fight and protect those that care about you. And True power and love comes from Honesty, Loyalty, Laughter, Generosity, Kindness, Love, Courage and Compassion. (Applejack, Rainbow Dash, Pinkie Pie, Rarity, Fluttershy, me, Nico and May glowed) I understand you Lincoln, and I want to show you the most important magic of all…

Sunset Shimmer then glowed and was enveloped in a massive ball of light and she then grew wings of powerful fire and light and she had a beautiful pink and white dress and a beautiful horn of white energy in the middle of her forehead and she had orange phoenix shoes and she had elbow bands in the shape of her cutie mark and she had a broach that looked like her Cutie Mark and it had Wings and she had markings on her face that looked like she was wearing a mask and her red and yellow hair was standing up. She become

DAYDREAM SHIMMER!

Daydream Shimmer: The Magic of Friendship!

Me: WHOA! Sunset is that really you?

Nico: Unbelievable!

Pyrrha: Wow! Sunset you look incredible!

Daydream Shimmer: Yes it's still me.

Me: Wow. Your power skyrocketed at an incredible level!

Daydream Shimmer: It's the Magic of Friendship. Lets bring this monster down.

Me: With pleasure.

I powered up to Super Angel-Ebonwu-Phoenix 1,000,000 Elemental Moonlight Phoenix and Nico went Super Saiyan 4.

Me: (Divine Fiery Voice) **You have now incurred the wrath of God, Lincoln!**

Nico: And you will pay for your crimes.

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion burned RD Lincoln all over and he was down.

Amy Rose then smashed her hammer into his back and snapped his Spine like it was a twig!

RD Lincoln: (SCREAMS IN PAIN!) I CAN'T FEEL MY LEGS!

Lori, Lynn and Lola then came over and punched him in the face with incredible force and knocked out all of his teeth and he also had a broken nose and he had two swollen black eyes!

Me: You are finished Lincoln Loud of the Royal Defenders.

---

They all fired a massive blast of energy and it slammed into Chuckie and exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

We tied them up and arrested the Teen Ninjas and we went to RD Lincoln and Lincoln was gonna blast his counterpart.

RD Lincoln: (to Lincoln) DO IT! Finish me. You kill me and you're one step closer to becoming me. Either way, I win!

I then lowered Lincoln's hand.

Me: **No Lincoln. This is exactly what he wants. I have a much better idea and it'll be a nice long eternity in the Crematoria prison.**

Linka: I hope he likes getting pulverized to death by Evil Lynn.

Me: **Lets do it.**

I snapped my fingers and sent him to the Crematoria Prison.

We powered down.

Me: Well I think we can call this our usual battles but we still have to break in the first battle with Musa and her team and Diabolico.

Musa: Good idea. Lets do it.

## Battle 3: Diabolico

Musa, Starlight Glimmer and Thorax were having their first battle with the Lightspeed Rangers redeemed former enemy Diabolico.

Diabolico: (to Musa) It's rather strange fighting someone who's not a Power Ranger.

Musa: I'm actually from the planet Melody and I am the Fairy of Music in the Winx Club.

Starlight Glimmer: That's cool!

Thorax: It sure is.

Musa: This is our first battle with you Diabolico. So I'll try to go easy on you.

Diabolico: No problem and here are my Pokemon.

He called out his Pokemon and he had 7 Mega Crobat and he had a humanized version of Crobat. She was a girl with purple hair and had 4 wings and had a blue vest and purple shorts and shoes.

Moonscar: Hello there. My name is Moonscar. I'm a human version of Crobat.

Musa: Pleasure to meet you.

Thorax: What a fox.

Starlight Glimmer: Yeah. Lets do it.

Musa: With pleasure.

Musa and team went at them and fired blasts of music and starlight and energy and knocked out Diabolico and his Pokemon and Thorax danced around Moonscar and made her dizzy.

Musa: Nice fight.

Later the Masters of Evil regrouped.

Me: Sorry we couldn't have our usual fights for you guys. We can do them next time.

Larxene: No worries. Helping you guys take down the Teen Ninjas and Larxene was more important than that.

Vanitas: Why didn't you guys send Royal Defenders Lincoln to Crematoria in the first place?

Maria: Because we didn't think someone would break him out.

Pyrrha Nikos: That's actually a good point.

Emerald Sustrai: We didn't expect it.

Krusty: Are you guys gonna send the rest of the Royal Defenders there as well?

May: Only if someone else breaks them out as well.

Vulture: Make sure Royal Defenders Lincoln's cell has better security this time.

Calypso: Trust me. We will.

The Masters of Evil teleport out.

Applejack: Lets get these ornery sidewinders over to the Decommissioning Chamber and send them to their parents.

Me: Lets do it.

We went to the Decommissioning Chamber and sent them back to their parents and they were not happy. Luckily after the war with the Royal Defenders were defeated should the Royal Defenders ever escape from prison, we can find them with tracking chips that Ed Cowart implanted into them.

Numbuh 274: (To the viewers) Never turn into a bunch of evil teen freaks like a bunch of former friends of mine or there will be trouble.

Numbuh 1: Glad to have you back on the team Numbuh 274.

Numbuh 274: Thanks Numbuh 1 and I'm so sorry I did all those awful things to you.

Numbuh 1: It's all right.

We went back home.

In the Crematoria Prison, RD Lincoln was not happy that he was back in prison again, but this time at another part of the galaxy. But then he saw a shadow loom over him and he saw that it was Evil Lynn and she had eyes of ballistic glowing red fury looking at him.

RD Lincoln: Lynn?

Evil Lynn: I'm going to kill you!

She thrashed him into next week as his screams were heard all throughout the galaxy and I could hear them as I was sleeping in my bed and it was very therapeutic. Punches, kicks and savage blows were being dealt to RD Lincoln.

Me: Ah music to my ears. Have a nice life in Crematoria, Fuckin Stinkoln.

I went back to sleep.

RD Lincoln: (From Crematoria) HELP ME!

The screen irised in.

THE END

---

Another adventure complete.

The Teen Ninjas of Codename Kids Next Door were some of the most ruthless of all enemies. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts gave me the ideas for this. Thanks guys. Next up is a battle with the Teen Titans motorcyclist enemy Johnny Rancid and we're going to send that motorcycle devil back to Hell where he belongs.

See you all tomorrow.

# The Evil Motorcyclist Thug

Over in Dr. Light's laboratory, we were seeing that he was working on a new Robot Master we haven't met yet or was even made.

Mewtwo: What are you working on, Doctor?

Dr. Light: I am making another new Robot Master for us to join our amazing team.

Xander Bly: (Australian Accent) A new Robot Master? I thought you didn't have enough parts for those.

Dr. Light: I just got a bunch of new parts in and they will be beneficial for making new Robot Masters for us.

Me: Cool.

We saw him working and he was making a Robot Woman that was gonna use the abilities of a bee. She was called Vesper Woman.

She was activated.

Vesper Woman: Wow.

Dr. Light: Welcome Vesper Woman. I am your creator Dr. Thomas Light. It's great you are here.

Vesper Woman: It's a pleasure to meet you all.

Lockdown: It's a pleasure to meet you, Vesper Woman.

Vesper Woman: It's a pleasure to meet you too.

Me: Sorry we should introduce ourselves. We are Team Loud Phoenix Storm.

We introduced ourselves.

Vesper Woman: It's a pleasure to meet all of you.

Nico: Same here.

Huffer: (to Vesper Woman) Dr. Light told you about your objectives, right?

Vesper Woman: He sure did. I was designed to help all of you guys and help my fellow robots for the side of good.

Me: Awesome programming directives.

Elec Man and the other Robot Masters then came in.

Elec Man: Hey guys.

Blizzard Man: Who is the new robot?

Me: Meet Vesper Woman. She's the newest member of our team.

Elec Man: Wow! A new Robot Master.

Drill Man: Glad to have you with us Vesper Woman.

Vesper Woman: Same here.

Me: We can show you around if you want.

Vesper Woman: Sure.

We showed her around the Estate and it was awesome for her.

---

Later we were over in Nebraska and we were heading over to the first city outside of Pallet Town that Ash visited: Viridian City.

---

Viridian City was first seen briefly at the end of Pokémon - I Choose You!. It is then visited in Pokémon Emergency!, when Ash Ketchum took his injured Pikachu to the Pokémon Center here. When entering the town, Ash was stopped by Viridian City's Officer Jenny, who found him suspicious, due to the fact he was carrying Pikachu in his arms and not a Poké Ball. While staying overnight at the

Pokémon Center, Ash had his first encounter with the Team Rocket trio: Jessie, James, and Meowth. Ash and Pikachu foiled their plot to steal all the Pokémon in the Pokémon Center, thus beginning Team Rocket's obsession with capturing Ash's Pikachu.

Ash and his friends arrived in Viridian City in The Misty Mermaid, but quickly left for the Cerulean Gym after they noticed that Misty's Horsea looked unwell while it was swimming in a local fountain.

They returned to Viridian in The Battle of the Badge, and noticed that the Pokémon Center that had exploded at the end of Pokémon Emergency! has been rebuilt. They found the Viridian Gym, but before Ash could to fight the Gym Leader, Gary arrived and battled Giovanni first. After Togepi was carried off by a Fearow, Ash and his friends went looking for it, only to find it inside the Gym. They then noticed that Gary and his entourage were badly injured due to Mewtwo's attacks. Giovanni is forced to leave the Gym following an emergency call, and he puts Jessie, James and Meowth in charge. After Ash fought and won a difficult and dangerous battle with Team Rocket, the Gym collapsed due to Togepi blowing up the stands. Ash picked up the Earth Badge Team Rocket lost. Afterwards, Ash and his friends left.

---

Lola: So you went to this city a long time ago to escape a flock of Spearow that were out to kill you?

Ash: I sure did Lola and it was awful. I hit a Spearow in the head with a Pokeball and a flock of Spearow chased me and Pikachu to Viridian City and I took Misty's Bike and accidentally destroyed it.

Misty: I remember that. And you still owe me a bike Ash Ketchum!

Me: That's enough you two. Bikes are replaceable and you need to let the past go. Besides Ash was running for his life and he had to escape somehow or else he would've been butchered by an angry flock of Spearow.

Misty: That's true.

Eli: That's awful that happened.

Nico: Yeah.

Ed Cowart: But I'm glad he escaped safely.

Lola: Same here. Also from what I heard, Viridian City was where Ash had his final Gym Battle.

Eli: Yeah with Giovanni and he didn't know that he was the leader of Team Rocket.

Me: Until we killed most of Team Rocket.

Lola: Yep.

We later arrived in Viridian City and it was a nice place.

Me: Wow so this is Viridian City.

Maria: This is Viridian City?

Ash: Yep.

Jessie (Pokemon): Boy this brings back memories. This was where we saw Pikachu's incredible power and we set out to capture him no matter what.

Meowth: Boy we sure were hellbent on capturing Pikachu weren't we?

Eli: You sure were.

Ash: Let me show you the Viridian City Gym.

We followed Ash and he took us to the Viridian City Gym and we saw that it was completely destroyed.

Me: Oh man!

Eli: What happened to the Gym?

Ash: It was totally destroyed when I battled Giovanni.

Mewtwo: I remember that. I was mostly responsible for what happened in this gym being destroyed.

Ash: That was you Mewtwo? You were the Pokemon I saw in that armor?

Gary Oak: You were that Pokemon?

Mewtwo: Yes I was.

Nico: Man that must've been one big battle. But I'm not surprised that this whole place was destroyed.

Me: Yeah I wonder why they haven't repaired the whole gym.

?: I'll tell you why.

We saw Officer Jenny.

Ash: Viridian City Officer Jenny.

Viridian City Officer Jenny: It's great to see you again Ash.

Me: Pleasure to meet you Officer.

Viridian City Officer Jenny: Same here J.D. It's truly an honor to meet the famous Team Loud Phoenix Storm.

Me: Same here.

Viridian City Officer Jenny: And to answer your question, news about the Gym Leader of the Viridian City Gym, Giovanni, being the leader of Team Rocket spread all over the Kanto Region like wildfire and we decided to never rebuild the Viridian City Gym and we decided to have the gym built somewhere else.

Me: I'm not surprised. Now everyone hates his guts for all the shady activity he did as the leader of Team Rocket. His goal was to gather as many powerful Pokemon as possible so he can conquer the world. We killed Team Rocket and made them pay for their crimes. There was a massive battle that we went into with Team Rocket. Their headquarters was located near Pallet Town.

Viridian City Officer: So that's what that massive fire was that we saw in those mountains was.

Me: Yep. That was us battling all of Team Rocket. Jessie, James and Meowth here are no longer affiliated with Team Rocket. They got canned before we went into battle against them.

Nathan: I remember that. That was when I started out with you guys.

Lynn: That was awesome though.

Ruby Rose: It sure was awesome.

Emerald Sustrai: I'm glad we never have to see Team Rocket again.

Me: But if their leaders ever come back, we will banish them to the Warp for all eternity.

Diamond Tiara: And I hope we do.

Applebloom: (Cowboy Accent) That's right.

Wallflower: And we all will help stop them.

Me: We also dealt with the major Pokemon Villain Teams that posed a tremendous threat to the world.

Carolyn Hope: It's true Officer. They were all dealt with and now we never have to deal with them again.

Me: Yep. Our frenemies the Masters of Evil are now dealing with the Remnants of Team Magma. Teams Magma and Aqua are from the Hoenn Region.

May: It's true.

Viridian City Officer Jenny: That's great that you all are dealing with the remnants of the Villain Teams.

Me: Yep. They are being either executed or thrown into our Space Prisons and the Masters of Evil also built their own Space Prison system.

Nico: Wow.

Naruto: Awesome.

Laney: They deserve to spend the rest of their miserable lives in prison.

Lola: You said it.

Viridian City Officer Jenny: They deserve it all right.

Me: Yep.

We had a great time in Viridian City.

---

Later Raphael and Robin were out having an awesome joyride on their awesome motorcycles.

Raph: Nice day for a motorcycle drive, huh, Robin?

Robin: You said it Raph.

But then they heard a loud Motorcycle engine coming and they saw that it was Robin's enemy and dangerous Motorcycle Thug, JOHNNY RANCID!

---

Johnny Rancid is a villain in the Teen Titans television show.

He was nothing but a common thief, however he is one of the few villains who got away from Robin. It is possible that he is a mutant because his skin color is grey. Even though he might be a mutant he never shows his powers. At one point he had the power to warp reality, but he lost his powers. He even created a mechanical dog named Wrex, and then created an upgraded version called Wrexzilla. He has a habit of calling Robin "Little Bird," and the Titans, "Stupid Little Kids". He was voiced by Henry Rollins, who also played Zaheer.

Johnny Rancid was originally a normal punk, though he possessed considerable skills in motorcycling and sharpshooting, as well as enough mechanical and electronics-based training to construct his own (albeit crude) combat robots. After gaining vast supernatural powers from the rift in reality created by physical damage to Larry's "magic finger", Rancid gained several enhanced weapons and powers. His bike was modified to run even through the air and across water on a fiery trail, at speeds which even surpassed the super speedsters Más y Menos. His energy blasters were likewise enhanced in potency. Any reality-warping powers he would have been able to utilize were shown in an extremely limited fashion, such as an energy grip with which he attacked Robin and energy restraints from the sky for Starfire.

---

Robin: What're you doing here, Rancid?

Johnny Rancid: What else? To get payback on you for getting me frozen! And taking down Turtle Boy over here is gonna be a bonus!

Raph: I'll give you a bonus!

He unsheathed his Sais.

Johnny Rancid: But not here. I challenge you two to a Motorcycle race in 4 hours! If you guys win, I go to jail without a fuss.

Robin: And if you win?

Johnny Rancid: Well, I'm not gonna piss off the rest of Team Loud Phoenix Storm by killing you two. So, if I win, Killer Moth gets released from prison and into my custody.

Raph: Fine! Now, where are we having this race?

Johnny Rancid: Along the edge of the entire city. Be there!

He drove off.

Later at the estate we were watching TV and I was still reading the manual for my Good Guy Blaster.

Me: Hmm. Interesting.

Robin and Raph came in.

Pacficia: Hey, guys. How was your motorcycle drive around town?

Robin: It was good. But we had a run in.

Nico: With who?

Raph: We had a run-in with some maniac named Johnny Rancid.

Me: Johnny Rancid!? Wasn't he that motorcycle thug that broke your arm Robin?

Robin: That's him.

Laney: Ouch.

Lola: Big time.

Robin: Yeah and he challenged us to a race in four hours.

Me: Tell us everything.

He did so and we thought they were crazy!

Francis: ARE YOU TWO NUTS?!

Maria: I agree with Francis. You two shouldn't have agreed to this challenge without our permission.

Raph: Rancid was the one who confronted us first. What were we supposed to do?

Me: We'll have to keep a watch on you guys as we watch you race.

Raph: He said we can't bring back up.

Robin: Look, if something goes wrong, we'll call you guys.

Venom: Good. We'll monitor you two from the Estate.

Robin: Okay.

Robin and Raph got ready for the race.

Bleez: I think Rancid can be the first test subject of that Good Guy Blaster you got a few days ago.

Me: Good idea Bleez. Lets see here.

I scanned Johnny Rancid with the scanner function and it showed that he was at 53% evil.

Computer on the Blaster: Johnny Rancid, 53% Evil and 47% Hot Air.

Me: 53% evil? That's impressive and the rest of him is all talk.

Elena: How about we do an entrance based on lightning this time?

Me: Good thinking Elena.

---

Later the race was on and Robin and Raph going really fast and they were way ahead of Johnny Rancid. They had to go around the city 50 times and it was a good race. They were on the last lap and then Robin and Raph crossed the Finish Line and they won.

Robin: Looks like we win Rancid.

Suddenly without warning, a massive bolt of lightning hit Rancid and electrocuted him with over 1 billion volts of electricity and we popped out of the lightning and landed.

Me: Now that was electrifying.

Elena: Yeah!

Johnny Rancid got up and he saw us.

Johnny Rancid: We had a deal! No backup from either of us!

Me: This deal is off asswipe.

Poison Ivy: Wait. You actually stuck by the rules this time?

Rancid: Of course I did. So, if you're willing to break the rules, then so will I!

Then Rancid went Super and he was glowing in a dark red aura and his power was incredibly strong!

Me: Whoa! His power just increased 100-fold!

Nico: Incredible!

Robin: Yeah.

Then Rich Texan, Bane, Vexen, Electro and Firefly appeared!

Me: Rich Texan, Bane, Vexen, Electro and Firefly.

Bane: (Spanish Accent) Good to see you all here.

Electro: That was a nice motorcycle race, you two!

Raph: Thanks!

Robin: Wait. Aren't there usually 6 of you?

Firefly: The sixth one is on his way right now.

Then in a flash of light came Arthur Parks A.K.A. LIVING LASER!

---

Living Laser is a character who first appeared in the Marvel Comic Avengers as Arthur Parks, a scientist who created wrist-mounted laser units and a costume. He is often found fighting Iron Man.

Arthur Parks was a research scientist who worked on developing the laser (Light Amplification through Stimulated Emission of Radiation) for use as an offensive weapon. Building the smallest laser capable of use as a weapon yet devised, Parks fitted two of the miniature projectors to his wrists and fashioned himself a costume. Upset by the breakup with his girlfriend, Parks, calling himself the Living Laser, first used his weaponry in an attempt to vent his rage against his ex-girlfriend's fiance. However, he soon became infatuated with the Wasp, and in an attempt to impress her, began to lay waste to portions of New York City. Finding himself in battle with the Avengers, the Living Laser kidnapped the Wasp and fled the country.

The Avengers tracked him down in Costa Verde, a tiny South American nation whose guerrillas the Laser was aiding. The Avengers thwarted his schemes, rescued the Wasp, and extradited him to America. Serving time for his rampage in New York, the Laser freed himself from prison with the aid of the Mandarin. He then began a career as a henchman, working for the Mandarin, Batroc, the Lethal Legion, and others.

After suffering various defeats, the Living Laser spent over a year in his laboratory and devised a way to incorporate laser devices into his own body With the assistance of underworld scientist Jonas Harrow, Parks had an array of miniature laser diodes implanted in various places over his body. Defeated again by the Avengers when he attempted to procure the Serpent Crown, the Living Laser was then contacted by Count Nefaria, who offered to augment his power further. Agreeing, Parks learned too late that Nefaria was using him as a dupe to acquire superhuman power for himself.

Nefaria's treatment activated the energy-gathering diodes in Parks' skin so that he could not shut them down. Desperate, the Living Laser met with East German agents and agreed to help them power their laser-armed satellites in exchange for their siphoning off sufficient energy to save his life. However, months later, he met Iron Man in battle and his energy began to overload. To prevent the satellites from being armed, Iron Man destroyed the siphoning machine. The Laser's power overloaded and he exploded. Although the Living Laser was seemingly killed by the explosion, he continues to exist as a sentient energy being.

In this form, the Living Laser was captured by Iron Man and his ally James Rhodes, remanded to the Avengers' West Coast compound, where the Avenger Henry Pym sought to restore him to normal. The status of the Living Laser is unknown at this time.

Arthur Parks was a person who wanted to make a name for himself, but always fails in trying. He stole a suit that would grant him the ability alter his molecules into pure energy, making him indestructible. He started out by robbing a bank. He was quickly defeated by Iron Man and sent to prison. While he was in prison, the suit he was wearing left particles that turned him into a living laser. He escaped from prison and threatened New York, that he would destroy New York if Iron Man didn't show up. Iron Man showed up and defeated the Living Laser. Parks was send into a different prison where he couldn't escape.

Living Laser appears in Avengers: Earth's Mightiest Heroes and is portrayed by Nolan North. In "The Breakout" Pt. 1, Living Laser is shown as an inmate at the Vault when a mass breakout occurs. He burned through the door to the room of the inmates' confiscated gear and then joined with other Iron Man villains Crimson Dynamo, Blizzard, and the female Whiplash to kill their nemesis for good, but they were stopped with help from Hawkeye. He returns in the episode "This Hostage Earth" where he joins Baron Zemo's (Heinrich version) Masters of Evil and ends up fighting Iron Man. He is defeated when Iron Man uses his armor to absorb the Living Laser's energy form and release him into outer space. In the episode "Acts of Vengeance," the Avengers find Living Laser trapped in light form following Living Laser's encounter with Enchantress. Living Laser was incarcerated in Prison 42. What happened to him afterwards is unknown.

---

Me: Arthur Parks A.K.A. Living Laser.

Living Laser: It's good to see you again J.D.

Me: Same here.

Living Laser: (to Iron Man) You know, Stark, you and Team Loud Phoenix Storm have been focused on taking down the likes of Thanos and Ronan that you forgot about me, Dynamo, Blizzard, and all your other enemies.

Iron Man: Sorry about that.

Living Laser: I'm not angry or pissed off. I just feel left out.

Me: Sorry about that we are always really busy trying to keep peace in the universe.

Living Laser: True.

Me: You guys have your usual battles and meet up with us to take down Johnny Rancid.

Vexen: I see. I wish you all the best. Sora's adventure was probably the most dangerous and most perilous that he has ever been on and you are gonna need to fight with everything you've got to help him. There's gonna be a lot of danger so be careful out there.

Lana: We will.

Killer: You can count on it.

Poison Ivy: We never gave up on anyone and we won't do so ever.

Lana: Yeah!

Living Laser: I see.

Sissi: This is gonna be awesome for our first battle as we test the powers of the stars.

Pacifica: It sure will.

Living Laser: It sure will. Pacifica I am so sorry about what you went through with your Parents. I have known the Northwest's for a long time and I always knew that something was going on with them. It's just a shame that they would turn into such vicious monsters and ruin so many lives.

Pacifica: Yeah but they got what they deserved.

Living Laser: I know. Serves them right. But before we start, what is your team name?

Megan McAllister: We call ourselves the Stellar Matrix Trio. Me and Pacifica use the powers of the Stars and Sissi uses the power of the Matrix because of her time in the world of Lyoko when she was fighting against the evil Supercomputer X.A.N.A.

Living Laser: That's a great name! Here's my Pokemon.

He called out his Pokemon and he had a Pheromosa, Celesteela and Naganadel.

Megan McAllister: Wow! You have a Pheromosa, Celesteela and Naganadel. Three of the Alolan Ultra Beasts.

ZZZAAAAAAAAAAAAAAAAAAAAAAPPPPPPPPPPPP!

Rancid screamed in pain as he was turned into an awesome butler. He was better than ever.

Butler Johnny: (Butler Accent) How may I serve you all?

Rich Texan: Man, that Good Guy Blaster really works!

Maria: It sure does.

William: And I'm keeping Rancid as my butler and his motorcycle as well.

Bane: Good. But who is the scientist that sent JD that Blaster in the first place.

Nico: Actually, that's a good question.

Vexen: I suggest keeping on eye out for him. You need to know if he's friend or foe.

May: We'll keep that in mind.

The Masters of Evil teleport out.

Me: Lets head home.

Robin: (To the viewers) Be careful out on the road or there will be trouble.

# Journey Into the Heart Part 1

"The Journey Begins - Destiny Islands/Traverse Town"

---

We were over in the beautiful Orange Islands and we were over in the islands of Shamouti. We were heading over there for Lincoln to have an awesome date with Dew Gayl and she was really looking forward to it.

Eli: This is gonna be so awesome!

Nunnally: It sure will be.

Skyla: I heard that a terrible Cataclysmic Event was gonna happen in the Orange Islands and it involved a powerful prophecy involving the 3 Legendary Birds Articuno, Zapdos and Moltres and the legendary Pokemon of the sea, Lugia.

Me: You heard right Skyla. That was a terrifying day for Ash and his friends. That was total pandemonium.

Nico: It was part of a powerful prophecy where Ash was the chosen one in saving the world from Total Destruction.

Me: We did some research on that prophecy and found out that if the prophecy come true, the whole planet would explode.

Everyone gasped.

Lincoln: Whoa! So it would be a Prophecy of Armageddon.

Lily: That's terrible!

Lori: It sure was. But thank goodness we literally stopped it.

Ash: That's true.

Me: Here we are guys.

We arrived at Shamouti Island and we went to the Shrine for the Prophecy.

---

Shamouti Island (Japanese: アーシア島 Earthia Island; Arshia Island and Asia Island are also seen) is located in the Orange Archipelago. As depicted in The Power of One, Shamouti and its surrounding isles, Fire Island, Ice Island, and Lightning Island, are connected to the balance of nature via the legendary Pokémon Moltres, Articuno, Zapdos, and their mediator Lugia.

Aerial view of Shamouti Island (right), Lightning Island (top left), Ice Island (middle left), and Fire Island (bottom left)

Every year, Shamouti Island holds the annual Legend Festival. For centuries, the locals have performed a ceremony honoring the prophesied Chosen One that would tame the birds of legend should they release their might on the world. The locals dress up in traditional attire, apparently for historical purposes, but some in the younger generation attribute the preservation effort to the resulting tourism.

According to Professor Oak, ancient writings from many different cultures name the area around this region as the source of all the waters of the world and perhaps life itself.

---

We arrived at the Shrine and it was beautiful.

Me: Wow. Just as beautiful as I remember.

Lincoln: It sure is beautiful.

Skyla: It sure is.

Dew Gayl: It's amazing. What are those 3 islands out there?

Lincoln: The one on the left is Fire Island, the Middle one with the tall mountain is Ice Island and the one on the right is Lightning Island and they are home to the legendary birds Moltres, Articuno and

Zapdos.

Dew Gayl: Wow. What does it say on this stone tablet here?

Me: This is the Apocalyptic Prophecy that was happening when we came here on an adventure.

"Disturb not the harmony of Fire, Ice, or Lightning

Lest these Titans wreak destruction

Upon the world in which they clash

Though the Water's Great Guardian shall arise to quell the fighting

Alone its song will fail

Thus the earth shall turn to ash

O Chosen One

Into thine hands bring together all three

Their treasures combined tame the Beast of The Sea

From the trio of islands, ancient spheres shall you take

For between life and death, all the difference you'll make

Climb to the shrine to right what is wrong

And the world shall be healed by the Guardian's song…"

Dew Gayl: Wow. That's very cryptic.

Linka: It sure is. But it was easy to figure out.

Dew Gayl: Wow.

We got our picnic set up.

Laney: Ahh this is the life.

Nico: You said it.

Rainbow Dash: Yeah.

Lincoln: So what was your life like before we killed Salem, Dew?

Dew Gayl: Well my story is a good one.

---

Dew and her team are students at Shade Academy, from the kingdom of Vacuo. Her team journeyed to participate in the 40th Vytal Festival combat tournament, hosted by the kingdom of Vale, but were defeated by Team SSSN in the team round of the tournament. As the Fall of Beacon took place, Dew and her team ran away from the danger, abandoning the school and people in order to save themselves, retuning home to Vacuo.

Roughly one year later, after Beacon and Haven Academy students, Dew and her team were amongst some of the more harsh students to the new transfers, harassing and tormenting them over being unable to defend their home.

Dew participated in the Shade Academy Initiation, declared by Theodore to reshuffle teams. After the shuffling, Dew is assigned to Team FNDU,

---

Nico: Wow. You got to participate in a tournament style fight? That's amazing!

Dew Gayl: It sure is.

Me: And a multi-terrain battle arena is a great idea. Even though we have that on another island it's a perfect idea for an indoor training arena.

Lola: It sure is.

Nico: Yeah.

Dew Gayl: I know. When Salem and her entire faction killed Pyrrha and unleashed her war on all of Remnant, I was terrified. But when I heard that Salem was destroyed after all these years, thanks to you guys, I was so touched and admired by all of your heroism and purity that I decided to join you guys on all your adventures.

Me: That's a big motivation.

Lola: It sure is Dew.

Me: But Salem had it coming over the eons. She was long overdue for death.

Nico: But she didn't deserve to suffer for that long. She just wanted her love back.

Lucy Loud: It's true. I feel really sorry for her even though my heart is already full of darkness.

Lisa Loud: I feel sorry for Salem too.

Pinkie Pie: That's sad for her. But love has a way of doing crazy things to people.

Rarity: I agree.

Applejack: (Cowboy Accent) But thank goodness Nico didn't Hakai her. I have a strong feeling she'll come back as a better person and redeem herself.

Me: We didn't even know that the Spirit Bomb was powerful enough to obliterate an immortal person.

Hunter: (German Accent) Ja. Und it's amazing that it has that kind of power.

Edwayl: (Breton Accent) It sure is lad.

Kanaloa: (Hawaiian Accent) It sure was powerful.

Dew Gayl: It sure is amazing.

Me: I was surprised myself.

Eli: At least you will never have to deal with the terror of Salem ever again.

Nunnally: Agreed.

Laney: Yeah.

Dew Gayl: Lincoln, I hope I never end up as a heartless.

Lincoln: I will always be here for all of you.

We had a great time in Shamouti Island.

---

Later we were getting ready for an awesome adventure. We are gonna go on an epic adventure and see what Sora's adventure was like when he went on his journey to save Kairi from the clutches of the evil Maleficent and save her from the Heartless.

Me: This is gonna be so awesome!

Lincoln: I can't wait to see what this whole adventure is like.

Nico: Ok. There's going to be a few rules for this whole adventure. Rule 1: Any usual battles will be done before fighting each Disney villain.

Calypso: Good. Zexion, Man Boy, and Dr. Viktor still have to participate in the usual battles.

Me: That's good.

Nico: Rule 2: Any members of the Masters of Evil participating in usual battles will help out against the Disney villain of the chapter the usual battles take place in.

Nelson Muntz: That's one way to pick out backup from the Masters of Evil.

Bart Simpson: It sure is.

Nico: Rule 3: Power Rangers monsters, Sigma's robots, and Beryl's minions will still appear. But also before each Disney villain fight.

Me: Awesome.

Nico: Rule 4: Each time a world is completed, we teleport back to the Estate for breaks.

Blaster: Good. That way, we'll find out if any villains not in the Masters of Evil are up to something.

Me: That's good. It'll give us time to rest and monitor the world.

Nico: Yep.

Tsuki then appeared and she was dressed in awesome Keyblader clothes.

Tsuki: Let me help you guys out.

Me: Wow! You look awesome Tsuki.

Sora: Mom are you sure you want to come with us?

Tsuki: I'm positive Sora.

Tsuki then called forth her Keyblade and it was a Keyblade of fire and it had a fire star keychain.

Me: Whoa!

Tsuki: My Keyblade is called Flame Core.

Me: Wow! Like mother like son. I didn't know you were a Keyblader, Tsuki.

Tsuki: I am also a veteran of the Keyblade War.

Aqua: Tsuki and I fought alongside each other during the Keyblade War and we were an unstoppable duo. It's how we became best friends and became like sisters.

Tsuki: That's right.

Nico: Wow! So that's how you know Tsuki and how close you are to her.

Sora: And it's how me and Sora became so close as brother and sister.

Lincoln: That is so cool!

Kairi: It sure is.

Nico: Shall we head in?

Me: Lets shall.

Eli: Yeah! This is gonna be awesome!

Me: Yeah! First we're going to see Sora go through the choosing process and what he went through to get his Keyblade. And then when Sora's island is about to be taken we're going to rescue Tidus, Selphie and Wokka from being taken by the darkness after doing our Phoenix Cry entrance.

Nico: Nice!

Me: Here we go.

The Simulator activated and we saw Sora waking up under the water.

Voice of Sora: I've been having these weird thoughts lately, like is any of this for real or not?

The intro theme song Simple and Clean plays and Sora goes down sleeping. The screen shows Sora seeing Riku and Riku wants him to grab his hand, but a tidal wave goes up and goes under them. Sora goes down through the water and then in the sky of dawn. The screen then shows Kairi waving at Sora and wants him to come to her. Sora was going to approach, but he saw himself going down, and then, Sora falls into the water. Sora falls into the water and eventually lands in a circular area with a portrait of Snow White and the Seven Dwarves. In that area…

Eli: Hey it's Snow White and the Seven Dwarves.

Lincoln: She's one of my favorites.

Nico: Yep.

Rachel S.D.: Mine too. She is awesome.

Mysterious Voice: So much to do, so little time… Take your time. Don't be afraid. The door is still shut. Now, step forward. Can you do it?

Sora steps forward. Then, trapezoid stones with a sword, a shield, and a staff appeared.

Me: A sword, a Shield and a Staff. Which is he going to choose?

Mysterious Voice: If you give it form… It will give you strength. Choose well.

Sora chose the shield.

Mysterious Voice: The power of the guardian. Kindness to aid friends. A shield to repel all. Is this the power you seek?

Sora: Yes.

Me: He went for the shield. I was expecting you to choose the sword Sora.

Mysterious Voice: Your path is set.

The shield disappeared from Sora's arm.

Mysterious Voice: Now, what will you give up in exchange?

Sora chose the sword.

Mysterious Voice: The power of the warrior. Invincible courage. A sword of terrible destruction. You give up this power?

Sora: Yes.

Mysterious Voice: You've chosen the power of the guardian. You've given up the power of the warrior. Is this the form you choose?

Sora: Yes.

The trapezoid stones disappeared. The floor shatters and Sora falls down. Sora then lands on the circular floor with a portrait of Cinderella. A shield appeared on Sora's arm.

Me: Cinderella. She's one of my favorites too.

Mysterious Voice: You gained the power to fight.

Sora tried out the attack with the shield.

Mysterious Voice: All right! You've got it. Use this power to protect yourself and others.

Me: He sure learns fast.

Suddenly, Shadows appeared.

Mysterious Voice: There will be times you have to fight. Keep your light burning strong.

Sora fights group of Shadows. Then, they disappeared. Then more appeared.

Me: They just keep coming.

Mysterious Voice: Behind you!

Sora fights and defeated all of the Shadows. Then, the dark void appeared and Sora goes down there. Sora gets up in another circular floor with multiple colors. Sora approaches the door.

We absorbed the negative energy from the Shadows and they made us stronger.

Me: Whoa!

Dew Gayl: Whoa! What was that!?

Laney: It was a Negative Energy power increase. Whenever someone hates us to an incredible level or we absorb Negative Energy in general, we get a massive power increase that makes us stronger. We have the power to convert Negative Energy into Positive Energy and it makes us more powerful.

Pyrrha: That's amazing.

Ruby Rose: It sure is.

Sora: (wondering) I can't open it…

Sora saw a treasure chest and opens it. Then a large crate appeared. Sora pushes and smashes it. Then a barrel appeared and Sora smashed that as well. The door then opens and lights are coming out of it as Sora enters the door. In an island, Tidus, Wakka, and Selphie are waiting.

Mysterious Voice: Hold on. The door won't open just yet. First, tell me more about yourself.

Sora talks to Tidus.

Tidus: What are you afraid of?

Sora: Getting old.

Tidus: Gettin' old? Is that really so scary?

Sora talks to Wakka.

Wakka: What do you want outta life?

Sora: To see rare sights.

Wakka: To see rare sights, huh?

Sora talks to Selphie.

Selphie: What's most important to you?

Sora: Being number one.

Selphie: Is being number one such a big deal?

Mysterious Voice: You're afraid of getting old. You want to see rare sights. You want to be number one. Your adventure begins at dawn. As long as the sun is shining, your journey should be a pleasant one.

Sora: Sounds good.

Mysterious Voice: The day you will open the door is both far off and very near.

Sora then appeared in a circular floor with a portrait of Aurora. Sora approaches a light and group of Shadows appears. Sora manages to defeat them all. After that, Sora approaches the save point and the light revealed stairs to the next area. In the next area…

Mysterious Voice: The closer you get to light, the greater your shadow becomes.

Me: Uh oh.

The shadow of Sora rises and turned into Darkside.

Me: WHOA!

Nico: That is one huge Heartless.

Vince: And it's ugly too.

Mysterious Voice: But don't be afraid. And don't forget…

Sora almost fell off the floor when he tried to escape. Sora had no choice but to fight Darkside. After the fight, a black circle appears under Sora.

Mysterious Voice: But don't be afraid. You hold the mightiest weapon of all.

Sora is getting engulfed in the black circle.

Mysterious Voice: So don't forget: You are the one who will open the door.

Lincoln: What does that voice mean by that?

Me: It means he holds the key to unite all hearts and open the door to the light.

Lincoln: Whoa!

Tsuki: (to Sora) So this is what defeating Heartless is like for you.

Sora: Yep and it was a perilous adventure.

Sora then woke up in the beach in the island. After he woke up, he saw Kairi in surprise.

Sora: Whoa!

Kairi giggles.

Sora: Gimme a break, Kairi.

Kairi: Sora, you lazy bum. I knew that I'd find you snoozing down here.

Sora: No! This huge black THING swallowed me up! I couldn't breathe, I couldn't-Ow! (head hurts)

Kairi: Are you still dreaming?

Sora: It wasn't a dream! Or was it? I don't know. What was that place? So bizarre…

Kairi: Yeah, sure.

Sora: Say, Kairi, what was your hometown like? You know, where you grew up.

Kairi: I've told you before, I don't remember.

Sora: Nothing at all?

Kairi: Nothing.

Sora: You ever want to go back?

Kairi: Well, I'm happy here.

Sora: Really…

Kairi: But you know… I wouldn't mind going to see it.

Sora: I'd like to see it too. Along with any other worlds out there! I want to see 'em all!

Me: You sure were adventurous Sora.

Sora: I sure was.

Kairi: So what're we waiting for?

Riku: Hey, aren't you guys forgetting about me?

Riku appeared.

Riku: So, I guess I'm the only one working on the raft.

Riku tosses the log and Sora tried to catch it, but it landed on Sora's arms when he fell down.

Me: I sense huge darkness inside Riku.

Laney: I feel it too.

Riku: And you're just as lazy as he is!

Kairi: So you noticed. Okay, we'll finish it together. I'll race you!

Sora: Huh?

Riku: What, are you kidding?

Kairi: Ready? Go!

They race. We begin the journey in Destiny Islands. Sora talks to Kairi.

Kairi: So, can you gather the rest of the supplies? Sora, are you listening to me?

Sora: Yeah, I heard you.

Kairi: Okay, here's what you need to go find: Two Logs. One Cloth. One Rope. Bring everything back here. If you need help, just ask. I'm counting on you!

At the same time, Sora talks to Wakka, Selphie and Tidus for some one on one while finding the equipment that Kairi needs. After finding all of them, Sora talks to Kairi.

Kairi: Thanks, Sora! I found something today, too. Here, it's yours.

Kairi gave Sora, a Hi-Potion.

Kairi: Tired? Want to call it a day?

Sora: Yeah, let's go home.

Kairi: Okay. It is getting late. We'll finish up tomorrow.

Later in the sunset…

Me: Beautiful sunset.

Hunter: Ja.

Sora: So, Kairi's home is out there somewhere, right?

Me: Boy come to think of it I don't think we've ever been to Kairi's home town before.

Sora: Yeah we still need to figure out where that is.

Lincoln: Yeah.

Me: Lets keep watching.

Riku: Could be. We'll never know by staying here.

Sora: But how far could a raft take us?

Riku: Who knows? If we have to, we'll think of something else.

Kairi: So, suppose you get to another world. What would you do there?

Riku: Well, I haven't really thought about it. It's just… I've always wondered why we're here on this island. If there are any other worlds out there, why did we end up on this one? And suppose there are other worlds… Then ours is just a little piece of something much greater. So we could have just as easily ended up somewhere else, right?

Sora: (laying down on a branch) I don't know.

Riku: That's why we need to go out there and find out. Just sitting here won't change a thing. It's the same old stuff. So let's go.

Kairi: You've been thinking a lot lately, haven't you?

Riku: Thanks to you. If you hadn't come here, I probably would've never thought of any of this. Kairi, thanks.

Kairi: You're welcome.

Later, Sora, Riku, and Kairi walk back to the house. Then, Riku called out for Sora.

Riku: Sora.

Riku tosses Sora a paopu fruit.

Riku: You wanted one, didn't you?

Sora: A paopu fruit…

Me: Those fruits look like stars.

Nico: Cool.

Riku: If two people share one, their destinies become intertwined. They'll remain a part of each other's lives no matter what. C'mon, I know you want to try it.

Me: Wow. That must be one mystical fruit

Sora: What are you talking-

Riku laughs and Sora throws away the paopu fruit and they ran back to the house.

Later, back in Destiny Islands, Sora talks to Riku and after Sora came up with the name of the raft, Sora and Riku decided to race against each other.

Kairi: You guys at it again? All right, I'll be the judge. The usual rules apply: Take any route you want… First one to tag that tree and make it back here wins.

Sora: If I win, I'm captain! And if you win…

Riku: I get to share the paopu with Kairi.

Sora: Huh?

Riku: Deal? The winner gets to share a paopu with Kairi.

Sora: Wha… Wait a minute…

Kairi: Okay. On my count:

The race begins. After the race, Sora talks to Kairi.

Me: Way to go Sora!

Kairi: Today we collect provisions for out trip! Let's see, Sora, you're looking for… One Seagull Egg. Three Mushrooms. Two Coconuts. Three Fish. And fill this up with Drinking Water. But not from the ocean!

Kairi gave Sora an Empty Bottle.

Kairi: Bring everything back here. If you need help, just ask.

While getting the provisions for Kairi, Sora enters the Secret Place and upon collecting the Mushroom, he saw a carving of Kairi and Sora and thinks back to the past when they were young and were carving something on the stone.

Me: That is so cute.

Kairi: I remember that. That is amazing.

Sora then carves something that shows Sora giving a star to Kairi. Then, a man in hood appeared behind Sora.

Sora: Wh-Who's there?

Hooded Man: I've come to see the door to this world.

Me: Uh oh. I feel a very evil presence from him.

Nico: Me too.

Sora: Huh?

Hooded Man: This world has been connected.

Sora: Wh-What are you talking about?

Hooded Man: Tied to the darkness… soon to be completely eclipsed.

Sora: Well, whoever you are, stop freaking me out like this. Huh? Wh- Where did you come from?

Hooded Man: You do not yet know what lies beyond the door.

Sora: So, you're from another world!

Hooded Man: There is so very much to learn. You understand so little.

Sora: Oh, yeah? Well, you'll see. I'm gonna get out and learn what's out there!

Hooded Man: A meaningless effort. One who knows nothing can understand nothing.

Me: That is total bullshit. But I know that voice. That's the fake

Ansem.

Sora saw the door and then the hooded man disappeared. Sora's got all the provisions and talks to Kairi.

Kairi: This? I'm making a necklace of thalassa shells. In the old days, sailors always wore thalassa shells. They were supposed to ensure a safe voyage.

Me: That's interesting.

Sora talks to Kairi again.

Kairi: Thanks, Sora! I found something today, too. Here, it's yours.

Kairi gave Sora, a Hi-Potion.

Kairi: Tired? Want to call it a day?

Sora: Yeah, let's go home.

Kairi: Okay, tomorrow's the big day. We should rest up!

Later in the sunset, Sora and Kairi are sitting at the dock.

Kairi: You know, Riku has changed.

Sora: What do you mean?

Kairi: Well…

Sora: You okay?

Kairi: Sora, let's take the raft and go-just the two of us!

Sora: Huh?

Me: Aww.

Lola: So cute!

Lana: Yeah.

Kairi giggled.

Kairi: Just kidding.

Sora: What's gotten into you? You're the one that's changed, Kairi.

Kairi: Maybe… You know, I was a little afraid at first, but now I'm ready. No matter where I go or what I see, I know I can always come back here. Right?

Sora: Yeah, of course!

Kairi: That's good. Sora, don't ever change.

Sora: Huh?

Kairi: I just can't wait. Once we set sail, it'll be great.

Meanwhile in Sora's house, Sora lays in bed and looks at the ship he built on the ceiling.

Kairi: (Sora is wondering about her) I just can't wait. Once we set sail, it'll be great.

Suddenly, Sora saw a storm from Destiny Islands.

Me: This is it guys. Get ready!

Sora: A storm? Oh, no, the raft!

Sora immediately proceeds to Destiny Islands.

Sora's Mom: Sora, dinner's ready. Come on down. Sora?

Sora rides his boat to the island and saw a black sphere at the dark sky.

Sora: What's that? (saw his friend's boat) Riku's boat. And Kairi's!

Suddenly, group of Shadows appeared. Sora makes his way to the area where Riku is standing.

Me: Now!

We ran and flew in!

Sora: Where's Kairi? I thought she was with you!

Riku: The door has opened…

Sora: What?

Riku: The door has opened, Sora! Now we can go to the outside world!

Sora: What are you talking about? We've gotta find Kairi!

Riku: Kairi's coming with us! Once we step through, we might not be able to come back. We may never see our parents again. There's no turning back. But this may be our only chance. We can't let fear stop us! I'm not afraid of the darkness!

Sora: Riku!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off over the sea and a phoenix cry was heard and we all appeared as a black shadowy circles engulf Sora and Riku when Riku is showing his hand so that he could get Sora. Suddenly, Sora got out of it and a light appeared and Sora got a Keyblade.

Mysterious Voice: Keyblade… Keyblade…

We appeared and Sora merged with his Past Self and we slashed and killed a bunch of shadows and absorbed their Negative Energy.

Me: Varie, Maria, get Tidus, Selphie and Wakka. Hurry!

Varie: Right!

They did so and grabbed them and brought them over and we all fights his way to the white door where the Secret Area and enter the door. Inside, we saw Kairi.

Sora: Kairi!

Me: She's in really bad shape.

Kairi: (in bad shape) Sora…

Suddenly, the door opened and black wind came out. Kairi got blown closer to Sora and when Sora tried to hold Kairi, Kairi disappeared through Sora. We were in a force field bubble as we were blown away. In the area where the island is in midair, we all fight the Darkside.

Me: Lets get it!

We went at the Heartless and blasted it all over and obliterated it into nothing. After the Darkside was defeated we were flung to Traverse Town.

Meanwhile in Traverse Town…

We landed in Traverse Town.

Me: Whoa! That was intense and that was a close one.

Nico: It sure was.

Tsuki: It sure was.

Me: Wow. So this is Traverse Town.

Lana: Nice place.

Rainbow Dash: Yeah.

Me: Lets take a look around and see if we can find anything.

Nico: Good idea.

We walked around.

Sora: It's just as nice as I remember.

Kairi: Yeah.

Lola: It sure looks like a nice place.

William: Let's split up and see if we can find anything. Or anyone.

Me: No we can't take a chance. We'll be ambushed by Heartless if we do that.

We walked around together.

Soundwave: No Heartless detected yet.

Me: They will appear.

Leon: They'll come at you out of nowhere.

We turned and we saw Leon!

Me: Leon!

Leon: Team Loud Phoenix Storm!? I didn't expect all of you to be here.

Me: We were surprised ourselves Leon.

Leon: The Heartless will keep on coming at you, as long as you continue to wield the Keyblade.

Me: That's a chance we're willing to take.

Nico: That's right.

Leon: Never mind. Now, let me see that Keyblade.

Jungle Fury Camille: (to Leon) You think you can fight all of us just to get Sora's Keyblade? (laughs) Fighting all of us is suicide.

Me: More like a death sentence.

Leon: All right, then have it your way.

Eli: Leon wait! Let me talk to you. My name is Eli.

Leon: So you are little Eli. Aerith told me so much about you.

Eli: Aerith is here? Where is she?

Leon: She's in here.

Me: Let us come in so we can talk with her. We have so much to tell you.

Leon: Okay.

We went in and we were reunited with our friends Yuffie, Cid and Aerith.

Aerith: Hey guys!

Me: Aerith, Cid and Yuffie!

Yuffie: Great to see you all again!

Cid: How have you all been?

Me: Great Cid.

Eli: Aerith!

He went to her and hugged her.

Aerith: I'm glad to see you too Eli.

Lincoln: Looks like we're all here.

Nico: Yep.

Leon: So what did you all want to talk about?

Me: We know what's going on here and I'm afraid the situation is terribly grim.

I went over everything.

Master Xehanort

Master Xehanort is the main antagonist of the Dark Seeker Saga, the first phase of the Kingdom Hearts franchise. He is the original incarnation of Xehanort from which Ansem, the Seeker of Darkness, Xemnas and all others spawned. He manipulated almost every event in the series, and devised many backup plans that involve dividing his heart among 13 different beings created from his power and take over the universe.

Master Xehanort was a Keyblade Master, the first master of Ventus, and the creator and master of Vanitas, the original incarnation of Ansem and Xemnas and the future self of Young Xehanort. He served as the main antagonist and final boss of both Kingdom Hearts: Birth by Sleep and Kingdom Hearts III and the central antagonist of Kingdom Hearts 3D: Dream Drop Distance, being the true villain who has orchestrated the whole event.

In Birth by Sleep and Dream Drop Distance, he was voiced by the late Leonard Nimoy in the English dubbed version, who also played Sentinel Prime in the Transformers series, and the late Chikao Ōtsuka in the Japanese dubbed version. In Kingdom Hearts III, he was voiced in the English version by the late Rutger Hauer (who also played Wulfgar in Nighthawks, Roy Batty in Blade Runner, Lothos in Buffy the Vampire, John Ryder in The Hitcher, Huntsman in The 10th Kingdom and Patrick Henry Roark in Sin City) in the base game and by Christopher Lloyd (who also played Kruge in Star Trek III: The Search for Spock and Judge Doom in Who Framed Roger Rabbit) in the ReMind DLC and in the Japanese version by Akio Ōtsuka, who is Chikao Ōtsuka's son and also notably does the role of Ansem, Seeker of Darkness and Terra-Xehanort, as well as the voice of Marshall D. Teach in the Japanese version of One Piece.

Xehanort grew up on the Destiny Islands. In his youth, he met his future Heartless, Ansem, who gave him the mission of assembling various versions of himself across time. As Young Xehanort, he carried out his duties in the future before returning to his time without his memories. However, his experiences in the future had engraved themselves upon his heart as a desire to leave the islands. He eventually left the islands, and while his name was lost to memory, his feat of leaving the islands would become legend.

Eventually, Xehanort arrived at Scala ad Caelum, where he was trained in the ways of the Keyblade alongside fellow apprentice

Eraqus. The two would often play chess between training sessions. Though instructed by his master to wear Keyblade armor to protect his heart from darkness, Xehanort eventually shed his armor, desiring to control the darkness.

Before his Mark of Mastery exam, Xehanort met the Master of Masters, who gave him a black coat. By this point, Xehanort confided in the Master that he had started viewing people more cynically, believing that the worlds were all in chaos and that he would be the one to bring order to them, a notion that the Master seemingly encouraged. When asked by Xehanort, the Master revealed his name to him before bidding him farewell.

Upon becoming a Keyblade Master, Xehanort inherited the ancient No Name Keyblade and was free to explore the worlds while Eraqus became the steward of the Land of Departure. Over countless years of research and travel, Xehanort became obsessed with the events of the Keyblade War. He felt that there was no balance between the light and the darkness, so he planned to recreate the χ-blade to cause a second Keyblade War with hopes to establish balance. By the time he confided his goals to Eraqus, Xehanort had mastered the powers of darkness and used them to scar his former friend in defense.

He attempted to utilize the darkness of a Keyblade wielder named Ventus to recreate the χ-Blade and serve as a host for his heart to prolong his life long enough for his plan to come to fruition. However, Ventus refused to succumb to his darkness and Xehanort is forced to extract the darkness and create Vanitas before leaving a weakened Ven to die on the Destiny Islands.

But, seeing the boy pulling through, Xehanort has Ven sent to be trained by Eraqus so he can become Vanitas' equal in order for their reunion to recreate the χ-blade. By that time, Xehanort found a more ideal host in one of Eraqus' two students: Terra.

While Vanitas traveled the worlds spreading the Unversed to prepare Ventus for their reunion, Xehanort was looking for the Princesses of Heart (seven princesses with hearts of pure light). He managed to find one, Princess Aurora. It was also at that time that he arranged for Maleficent to find the other Princesses of Heart for

him.

He also came to Radiant Garden to employ the services of Braig, offering him a Keyblade of his own in return for helping him in getting Terra to embrace his darkness.

Though Braig was scarred as a result of Terra using his darkness, winning the youth's trust as a result, Xehanort threateningly calmed him down before infusing part of his heart into Braig's body. By tricking Terra into defeating Eraqus, Xehanort kills his old friend and casts the entire Land of Departure into darkness before telling Terra to meet him in the Keyblade Graveyard where his plan will be completed.

Managing to separate Terra from the others, with Braig holding them off, Xehanort sends Vanitas to enact his reunion with Ven. Managing to get Terra to unleash his full fury on him before seeing the light marking the restoration of the χ-blade, Xehanort uses his Keyblade to transfer his heart into Terra's body, turning the youth into his vessel Terra-Xehanort.

However, with a new younger body, Xehanort found resistance from Terra through both his Lingering Will and the heart of Terra itself as he attempts to aid Aqua. It was only when Terra-Xehanort attempted to purge Terra's heart that the vessel loses all his memories except the name "Xehanort" which he took.

However, unable to fully rid himself of Terra, Xehanort reveals the series of backup plans he arranged that were ultimately carried by Terra-Xehanort's splinter selves, false Ansem and Xemnas. Even though Sora and his friends foil their schemes, Xehanort had another plan set into motion.

After the defeat of Ansem and Xemnas, Yen Sid explains to King Mickey that those actions actually freed Xehanort's heart from the Heartless Ansem and vanquished Terra-Xehanort's leftover body which had become his Nobody Xemnas, thus both halves' destruction has now lead to the reconstruction of Xehanort's pure and original incarnation: Master Xehanort.

Having expecting it, Xehanort arranged for his past self to gather every incarnation or vessel of himself together at the World That Never Was to witness Master Xehanort's return while capturing Sora as he and Riku were in the Sleeping Worlds. Eventually, ten Xehanort's, which included his Heartless and Nobody as well as Braig and Isa, were gathered.

When Riku arrives to rescue Sora, who is in the Organization's clutches, King Mickey freezes time to allow Riku to escape. However, Master Xehanort's soul possesses his younger self and duels Riku.

After the battle, Master Xehanort finally revives. Xehanort callously admits he misjudged the χ-blade being recreated with only Ventus and Vanitas, stating that their fate, along with Aqua and Terra's, was all predestined. He further elaborates that his Thirteen Seekers of Darkness, the true Organization XIII, with be able to recreate the χ-blade by clashing with seven lights, the seven wielders of the Keyblade. Though Xehanort attempts to add Sora to his rank to complete the members, Lea's interference ruins it as he and his followers scatter, but he promises that the final battle will come soon.

Master Xehanort first appeared in the Keyblade Graveyard with Saix and Xigbar. He recalled the time he was encountered by the Master of Masters 75 years ago without truly knowing who he was. The purpose for their assembly was to discuss who they needed to fill their ranks after failing to make Sora their thirteenth member. He was reminded by Saix that Larxene and Marluxia were searching for the New Seven Hearts while Luxord was looking for the black box under Xigbar's demand. By the time their meeting adjourned, Xehanort recited, "May your heart be your guiding key".

Later on, Master Xehanort approached the guardians of light once they arrive at the Keyblade Graveyard for the final showdown. He and his direct incarnations repeat his speech to Eraqus about the χ-blade and the Keyblade War from years ago before summoning thousands of Heartless to attack them.

Master Xehanort appears again later on, this time with the rest of the Real Organization XIII by his side. Declaring that the χ-blade would be forged, Xehanort creates a massive labyrinth, the Skein of

Severance, keeping most of the key players inside while his Heartless, Nobody, and younger self watching just shortly overhead, with Xehanort himself watching all from a large pillar.

After the other darknesses are defeated, Sora, Riku, and Mickey confront Ansem, Xemnas, and Young Xehanort at the Tower of Endings. Master Xehanort reveals that the battles between light and dark, and the subsequent defeat of those darknesses, created nine keys and is confident that the remaining four needed to forge the χ-blade will be produced by the ensuing battles. Once his final incarnations are defeated, Xehanort begins to entice Sora to battle him for the final clash. Having prepared for every eventuality, Xehanort brings out Kairi, whom Xemnas had kidnapped earlier, and slays her to give Sora motivation. Sora tearfully and angrily attacks Xehanort, creating the thirteenth key. Mickey and Riku attack him as well, but are easily repelled. Xehanort opens Kingdom Hearts and with the thirteen keys, his own Keyblade, No Name, transforms into the χ-blade. Having obtained the χ-blade at long last, Xehanort uses its power to corrupt Kingdom Hearts into darkness.

However, because his younger self had frequently traveled through time, Xehanort himself served as a portal, something the guardians of light use to their advantage. They trap Xehanort within himself, and while the other guardians keep Kingdom Hearts at bay, Sora, Donald, and Goofy go inside the portal to Xehanort's boyhood training grounds of Scala ad Caelum.

Meanwhile, Xehanort caught wind of future Sora seeking the fragments of Kairi's heart in the Breezy Quarter after he crystalized her as insurance. He told Sora that he was the one that hid the fragments and that he was missing two. He also noticed that future Sora had abused the power of waking and watched him disappear once the other "him" arrived at the Stairway to the Sky.

There, the trio find that the defeat of the other twelve Organization members created Replica Xehanort's, twisted shells that Xehanort uses to power himself up for the final battle. In his Armored Form, Xehanort battled the trio throughout the city before they shattered his armor. Xehanort teleported up to the top of the tower, wielding the χ-blade as Sora, Donald, and Goofy battled him one last time.

Near the climax of their battle, Xehanort nearly kills Sora during his final attack, but Donald and Goofy managed to bring him back from the brink and unite for one final attack, Trinity Limit, defeating Xehanort and fatally wounding him. However, Xehanort still refuses to give up, stating it is too late to stop Kingdom Hearts, revealing he used it to trigger a purge that would destroy all the worlds and remake them free of darkness, and that he alone would lead the new era. Sora rejects his claims saying it was not his decision to make, and even after the other guardians arrive, Xehanort still holds onto his desires.

But to his own surprise, Terra steps forward saying "There's more to light than meets the eye.", something Eraqus told him in their youth, right as Eraqus appears from Terra, his heart being in Terra the entire time, telling Xehanort to hand over the χ-blade. Xehanort eventually concedes, giving in to his old friend and handing the χ-blade over to Sora. Eraqus and Xehanort then go together to the afterlife, having repaired their fractured friendship in his final moments.

Ansem, Seeker of Darkness

Ansem, Seeker of Darkness (also known as Xehanort's Heartless) is a major antagonist from the Kingdom Hearts franchise, appearing as the main antagonist in the first game and Riku's story in Kingdom Hearts: Chain of Memories, and one of the main antagonists in Kingdom Hearts 3D: Dream Drop Distance (along with Xemnas and Young Xehanort) and one of the secondary antagonists of Kingdom Hearts III. He is one of the incarnations of Master Xehanort.

He was voiced in Japanese by Akio Ōtsuka and in English by Billy Zane (who also played Cal Hockley in Titanic) in Kingdom Hearts and Richard Epcar from Kingdom Hearts II onwards.

Ansem first appears to Sora prior to the Destiny Islands' destruction. Though he does not properly introduce himself at the time, Ansem makes a cryptic message to Sora regarding the fate of the Islands. During the Islands' destruction, Ansem appears to Riku and opens a Corridor of Darkness, sending the boy to Hollow Bastion.

Later, once Maleficent has almost completed gathering the princesses, Ansem possessed Riku's body. He acquires a Keyblade forged from the hearts of the princesses sans Kairi's and uses it to corrupt Maleficent, turning her into a dragon, but she is slain by Sora and company.

Sora then travels to the Final Keyhole, where Ansem awaits. Ansem explains that Kairi's heart is really within Sora and reveals his true identity before attempting to use his Keyblade to draw out Kairi's heart. Sora duels with Ansem, emerging triumphant, and prepares to seal the incomplete Keyhole. As Kairi is still comatose, Sora is forced to use Ansem's Keyblade to save her at the cost of the Keyhole's completion and his own transformation into a Heartless, and subsequently, the births of the Nobodies Roxas and Namine.

Ansem, having expelled Riku's heart and remodeled the boy's body, reappears and declares that Kairi's part is done. He tries to kill her, Donald, and Goofy, but Riku's heart stalls Ansem to buy the heroes time to escape. Ansem retreats to the End of the World, with a restored Sora in pursuit.

In a final battle, Ansem declares darkness is the source of all power, believing that Sora is still ignorant of the truth. Sora, though, retorts that Kingdom Hearts is light and destroys Ansem's physical form with the Door to Darkness.

Despite his physical form's death, a fragment of Ansem remains in Riku's body and tries to tempt Riku into falling back into the darkness when the youth emerges in Castle Oblivion's basement. However, seeing that Riku has accepted darkness and not him, Ansem becomes frustrated with Riku and is defeated in battle. However, Ansem points how that he'll take Riku's body when the time comes. Eventually, while fighting Roxas six months later to help the resting Sora, Riku is forced to tap into Ansem's powers and adopts his form in the process.

While Riku helps him from the shadows, Sora learns "Ansem"'s true identity as the Heartless of the real Ansem's apprentice, Xehanort. It was only while aiding Sora in the Castle that Never Was that Riku was purged of "Ansem"'s influence and returned to normal.

Due to Young Xehanort's travels through time, "Ansem" is among the versions of Xehanort summoned and made a member of the True Organization XIII. "Ansem" taunts Riku throughout his journey through the Sleeping Worlds until Riku defeats him and escapes into the real world to thwart the real Organization XIII.

Ansem first appears in Twilight Town alongside Xemnas, with the two taunting Sora and encouraging him to free Roxas before summoning several Heartless and Nobodies as a distraction. After this, they watch Sora in the town, where Xigbar berates them for directly guiding Sora.

Later, Ansem visits the Dark World to confront Ansem the Wise about Subject X, a girl Terra-Xehanort had admired as an apprentice. Though Aqua tries to stop him, Xehanort's Heartless corrupts her with darkness before leaving with DiZ. Ansem takes DiZ to the Old Mansion and taunts him with the knowledge of the children used in the experiments, but Olette rescues DiZ with the help of Hayner, Pence, and Vexen.

Ansem joins the True Organization XIII at the Keyblade Graveyard for the final clash between light and darkness. He fights Sora, Riku, and Mickey alongside Young Xehanort and Xemnas with help from Master Xehanort, but is ultimately slain in battle. Ansem congratulates Riku for becoming a powerful Keyblade master before fading away.

## Organization XIII

Organization XIII (XIII機関, Jūsan Kikan?, lit. "XIII Order") is a group of 13 powerful Nobodies who seek or were tricked into to becoming clones of Master Xehanort and the the main antagonistic faction of the Dark Seeker Saga in the Kingdom Hearts franchise. Their most notable appearances were in Kingdom Hearts: Chain of Memories, Kingdom Hearts II, Kingdom Hearts: Dream Drop Distance and Kingdom Hearts III.

Because (almost) all of the members are Nobodies, they lack hearts, meaning that they also have no emotions. The Organization yearns to discover the secrets of the heart and fill the empty void inside themselves by gathering hearts to form Kingdom Hearts so they can become full beings again.

While each member is aware of their lack of emotions - a fact that makes them feel inadequate - many of them pretend to have emotions (i.e. Saïx's enraged battle style and Larxene's giggling and winking). The Kingdom Hearts: Chain of Memories manga and several other media forms provide an alternative view, saying that they do have emotions, but are plagued by a feeling of uncertainty and emptiness due to not having hearts. The manga further displays this "plagued" feeling by showing the members engaging in tasks like jigsaw puzzles, cooking, and reading to try to fill their emptiness.

After Organization XIII's defeat, all of the members were revived as their original Somebodies.

In Kingdom Hearts: Dream Drop Distance, Xehanort and some of Organization XIII's former members, along with other affiliates return as the True Organization XIII. They act as the main antagonists of the entire Kingdom Hearts series and were led by a revived Master Xehanort. They aided Xehanort in his original plan to obtain the X-Blade and start the Second Keyblade War.

Organization XIII was formed by a group of scientists working under a man called Ansem the Wise, the ruler of the beautiful realm known as the Radiant Garden, and worked from Ansem's castle, Hollow Bastion. The head of this group was Ansem's apprentice, Terra-Xehanort, with the others being Braig, Dilan, Even, Aeleus, and Ienzo. Ansem the Wise began initiating tests about the human heart, focusing mainly on Xehanort, with the hopes of recovering his lost memories.

At the urging of Ienzo, he constructed a massive laboratory under the castle. However, Ansem the Wise soon ceased his experiments, for he feared that going too deep would have grave repercussions, also noting Xehanort's apparently superhuman abilities.

However, his six apprentices, still seduced by the desire for knowledge, conducted their own dangerous experiments on countless subjects. Eventually, they discovered the beings called the Heartless, those that are born from the darkness in a heart and seek others as well. Xehanort, having taken on Ansem's name and writing his findings under it, opened a door he discovered, breaking down the barriers between worlds and allowing travel between them.

When a king named Mickey arrived, the six men's desire for knowledge eventually caused Xehanort to abandon his body, becoming a Heartless (though he was unusual in that he had a human form and retained his memories), with the other five soon following. Thus, the first six members of Organization XIII were born, and they banished Ansem to a realm of nothingness.

The Organization make their first appearance in the series (apart from Xemnas's appearance in Kingdom Hearts Final Mix). The neophytes - Marluxia, Larxene and Axel - tried to take control of the Organization by using Sora as their puppet, while the senior members, but was later revealed that Axel was a double agent to prevent Marluxia and Larxene from achieving their goals - Zexion, Lexaeus, and Vexen, tried to oppose them by using the darkness in Riku. However, all of them, save for Axel, were eliminated.

The story largely focuses on Roxas's time as a member of the Organization XIII, and his friendship with Axel and Xion, and thus, all the members are present here. This is the only episode to date where the fourteenth member, Xion, is ever mentioned.

Only seven members of the Organization remained at the beginning of Kingdom Hearts II. Sora and his friends took every single remaining member down, save for Roxas, who became one with Sora, and Axel, who sacrificed himself so that Sora and his friends could save Kairi.

After the defeat of Demyx and Xaldin, and Axel's sacrifice, only 4 members remain. While Sora and his friends were storming The Castle That Never Was, they were able to take out Xigbar, Luxord, and Saïx. After which both Sora and Riku decided stayed and to fight off Xemnas. With their combine powers, the two managed to destroy Xemnas.

Xemnas

Xemnas, also known as the Superior of the In-Between, is the Nobody of Terra-Xehanort and a prominent antagonist of the Kingdom Hearts franchise. He first appeared as a secret boss in Kingdom Hearts Final Mix before making his official debut as the main antagonist of Kingdom Hearts II. Since then, he reappeared as the overarching antagonist in Kingdom Hearts 358/2 Days and Chain of Memories, one of the main antagonists in Kingdom Hearts: Dream Drop Distance (along with Ansem, Seeker of Darkness and Young Xehanort) as well as one of the secondary antagonists in Kingdom Hearts III.

He is Rank I in the original Organization XIII and the commander of the strongest breed of Nobodies, the Sorcerers. He also wields twin Ethereal Blades and the power of nothingness.

He is voiced by Paul St. Peter (who also voiced Kurama from Naruto) in the English version, and Norio Wakamoto in the Japanese version.

Ansem the Wise started to research the Heartless with an apprentice named Xehanort, who is actually the body of Terra converted into an amnesiac vessel by Master Xehanort. When Ansem decided to stop his research, spurred by the memories of his previous incarnation, Xehanort continued the research with the aid of Braig, Master Xehanort's accomplice, to find a way to manipulate the mind through the heart. While working on this project, using his No Name Keyblade on Braig and the other apprentices they duped into helping them, Xehanort intentionally separated his heart and body: Creating the Heartless that calls himself "Ansem" and the Nobody Xemnas.

Xemnas, as one of the rare and strong Nobodies that could think and function like a human, made a plan set up by his previous incarnation. With the aid of Xigbar, the Nobody of Master Xehanort's accomplice Braig, Xemnas gathered the special case Nobodies of the residents of Radiant Garden to join him and Xigbar as the first eight members of Organization XIII: Xaldin, Vexen, Lexaeus, Zexion, Saïx and Axel. From there, his forces recruited Demyx, Luxord, Marluxia, and Larxene while he personally recruits Roxas as their final member. A few days after finding Roxas, Xemnas battled Sora at Hollow Bastion and used some of the memories he took to have a replica of him created. That replica, Xion, was made an unofficial member of the Organization as both she and Roxas were used to gather hearts to provide Xemnas with his personal Kingdom Hearts.

However, with only Xigbar knowing the truth, Xemnas's goal is to collect 11 "empty vessels" to hold a piece of Master Xehanort's heart, which would be achieved by connecting them to Kingdom Hearts. But the plan fell apart when all the members deployed to Castle Oblivion were defeated with the defection of Xion, Roxas and Axel half a year later. Regardless, Xemnas continued with the plan as he encouraged Sora to kill as many Heartless as possible before Ansem's interference severely crippled Xemnas's plans. In the end, Xemnas fused with his Kingdom Hearts and battled Sora and company in a fierce battle, but Xemnas ultimately perished.

Due to Young Xehanort's time-traveling, Xemnas comes back as a member of the True Organization XIII. He taunts Sora with knowledge of his heart and the idea of Nobodies having hearts, ultimately revealing the true goals of the Organization. After fighting and being defeated by Sora, Xemnas leaves Young Xehanort to take Sora in. Back in the real world, Xemnas watches as Master Xehanort revives, but is forced to leave when Lea arrives.

Xemnas returns in Kingdom Hearts III as one of the higher ranking members of the Real Organization XIII. He first appears in Twilight Town with Ansem, toying with Sora about his efforts to bring back Roxas, coercing him to give in to the darkness. Both Xemnas and Ansem are later warned by Xigbar not to get too carried away in toying with Sora as he had defeated them several times in the past. Xemnas also debriefs Demyx, Luxord, Marluxia, and Larxene, all members from the previous Organization, as he reveals to them why he chose them to return; their connection to the Keyblade legacy. Xemnas appears with the Real Organization XIII during the Second Keyblade War, first with Saix and Xion. But when Xion defects a second time, Xemnas prepares to strike her and Axel down for their treachery (especially Axel given his role in the previous Organization for eliminating traitors) until Roxas arrives in the nick of time. Angered, Xemnas kidnaps Kairi and brings her to Master Xehanort. Sora, Riku, and Mickey confront Xemnas, Ansem, and Young Xehanort after defeating the other members. Once Xemnas is defeated, he has his first real feeling in years; loneliness. He states he took the previous Organization for granted and that having a heart is nothing but pain. When Sora says that's part of being human, Xemnas concedes that it must take incredible strength before fading away for good.

Xigbar

Xigbar, the Freeshooter, is the second member of Organization XIII and the secondary antagonist of the Kingdom Hearts series, acting as one of the two secondary antagonists (alongside Saix) of Kingdom Hearts II and Kingdom Hearts 358/2 Days, the secondary antagonist of Kingdom Hearts 3D: Dream Drop Distance, and a major antagonist in Kingdom Hearts III.

Though his history with Sora was short, Xigbar had a much longer history with Master Xehanort and Keyblades in general as he saw Sora to be nothing compared to three Keyblade users he encountered through his original self Braig ages ago. Kingdom Hearts III reveals that he is the current vessel of Luxu, one of the Foretellers from Kingdom Hearts χ. He reclaims his Keyblade after Xehanort's defeat and summons his fellow Foretellers.

He is voiced by James Patrick Stuart in English, and Hōchū Ōtsuka in Japanese.

Meeting Master Xehanort in Radiant Garden, Braig is offered the ability to use a Keyblade in return for his help in convincing Terra to use the powers of darkness. However, using a staged kidnapping to their advantage, Braig ends up being scarred in the resulting fight with his left eye permanently damaged. After Terra left, a furious Braig attempts to shoot Xehanort from behind for his injuries. But Braig is put in his place as Xehanort tells him they need to make Terra succumb to the darkness while performing his end of their pact. After fighting Aqua in the Keyblade Graveyard to give Xehanort time for his plan to come together, receiving a venomous flare from Ventus he never forgot, Braig fled back to Radiant Garden where he brought Ansem the Wise to Xehanort, now within the vessel that was originally Terra's body.

However, Braig later approaches the new Xehanort, now an apprentice under Ansem, and is dismayed to find that he does not recognize him, and Braig's attempts to help Xehanort remember prove only to annoy him. Braig nevertheless says in a friendly manner that he's got Xehanort's back, having been entrusted with Master Xehanort's back-up plan to use Ansem's research to devise a means of mind control. But in the process, they end up introducing

Heartless to the Realm of Light. Sometime soon after, finding Xehanort with his previous incarnation's Keyblade, Braig asked if he is truly Master Xehanort before his heart was removed from his body. However, having a strong will, Braig's Nobody Xigbar came into being and became Xemnas's number II in the newly formed Organization XIII.

Xigbar appears for the first time chronologically in Kingdom Hearts 358/2 Days. Present when Xion joins the Organization, he is shocked when his seemingly good friend, Demyx, reveals the annihilations that took place at Castle Oblivion. Later joining Roxas on a recon mission to Agrabah, they overhear Aladdin and Jasmine discussing the rebuilding of their city after many sandstorms strike. The Freeshooter later challenges Roxas at Olympus Coliseum when he first enters the Games, claiming to "care about his future" after the defeat of a Guard Armor at Roxas' hand. Xigbar later discussed the defaulting Xion with Xemnas and Saix in Where Nothing Gathers, later challenging "Poppet" himself in Wonderland. Xigbar then sees Xion as Ventus, and Xion is able to quickly strike Xigbar down with the power she was unknowingly sapping from Roxas.

Not long after arriving in Hollow Bastion and reuniting with Aerith, Leon and Yuffie, Sora engaged a number of Dusk Nobodies in battle around the city. After being led away from the main town, Sora, Goofy and Donald heard voices mocking them, but could find no source for them. After Sora demands that they show themselves, the remaining Organization members (having lost five members due to deaths and two others due to desertion) materialize, laughing. Though they are hooded, they are recognizable as the Organization from the description given to Sora and his companions by Yen Sid. The Organization eventually departs, but Xigbar, still cloaked and hooded, stays behind to taunt Sora further, making them feel anxious about the power of the Organization. He also openly compares the similarities between a look Sora gives him and one given to him by Ventus; Sora dismisses this as random banter meant to confuse him. Xigbar then leaves, staying out of Sora's way for a very long time.

Sora encounters Xigbar again in at the gates to the Emperor's throne room in The Land of Dragons. Having encountered another hooded man and suspected him to be his missing friend Riku, Sora inquires if he is the same person. Xigbar removes his hood, revealing otherwise and remarking that he had never heard of anyone named Riku. Xigbar summons his Snipers to distract Sora while he escapes. The diversion works, although the Nobodies were defeated, and Xigbar is able to continue his mission of summoning a enormous Heartless to harvest hearts for the Organization's plans. He manages to set the Storm Rider on the city, but it is soon destroyed by Sora, Mulan, Donald and Goofy.

Xigbar's final appearance in the game is in The World That Never Was, inside Organization XIII's stronghold. After Riku and Naminé helped Kairi to escape from the Organization, they head for the Hall of Empty Melodies, a large, open-air room leading further up into the castle. Sora and his party arrive there, but are stopped by Saïx, who calls out swarms of Shadows and a few Armored Knight Heartless to attack the intruders. Maleficent and Pete also arrive, expressing interest in taking the Organization's castle for themselves. Eventually, Maleficent and Pete leave to formulate a plan for taking the castle, and Saïx heads up to rejoin Xemnas. Sora and Kairi remain separated as Riku and Kairi remain above Sora on a balcony, fighting off the Heartless gathered there. Many Heartless attack Sora as well, but they are all dispatched in a sudden rain of arrows from a hidden Xigbar. He walks into view, and asks if Sora has been a good boy mockingly, echoing the words from his first encounter with Sora. He states how Sora put the Organization in a "pickle", and he supposes that was the reason the Keyblade chose him. He also makes a very cryptic remark on how he wasn't "half the hero the others were". Sora simply takes it as an attempt to throw him off. Xigbar then engages Sora in battle, referring to him as "Roxas" and expressing anger at him for betraying the Organization. Ultimately, he is defeated and begins to fade into the darkness. Before he disappears, Sora asks him why he called him "Roxas", to which Xigbar merely responds, "Wouldn't you like to know?"

Kingdom Hearts II Final Mix contains several additional cutscenes of Organization XIII's activity. One shows a conversation at an unknown time between Xigbar and Zexion, with Xigbar having recently returned from finding new members for the Organization (including Marluxia, whom he mentions as a new recruit) while

Zexion and Vexen were discussing Xemnas' visit to the Chamber of Repose. Xigbar expressed his knowledge about the events of Keyblade warriors that appeared before they found Xehanort. He also talked about his eavesdropping on Xemnas during his visits to the Chamber of Repose, and how he seemed to be conversing with someone that wasn't really there.

Summoned by Young Xehanort, due to being "half-Xehanort", Xigbar is made a member of the True Organization XIII and aided in baiting Sora into their trap.

Xigbar returns in Kingdom Hearts III as a major villain.

Xigbar first appears in Olympus mocking Sora and his company, toying with his mind as usual before uncharacteristically encouraging Sora not to change who he is and seek to restore the hearts connected to his. In that same world, he observes Maleficent and Pete digging up Pandora's Box, mistaking it for the Black Box from the age of fairy tales. Once Maleficent realizes it's not the right box, both leave. Xigbar, seemingly disappointed it was not the Black Box, begins to recite the old saying "May your heart be your guiding key", though the scene cuts after the first few words.

Xigbar appears again with Xemnas and Ansem overlooking Twilight Town, warning them not to underestimate Sora as he has done some damage to their plans in the past and could easily do it again.

During a meeting with some of the Organization members, Larxene reveals Xigbar is the driving force behind the Organization's search for the Black Box, though none of the others seem to know what's inside of it.

Once the fated battle at the Keyblade Graveyard finally arrives, Xigbar appears with Dark Riku on two different occasions. After fighting Sora and Riku, Xigbar, seemingly defeated, reveals to them his motivation for working with Master Xehanort was the promise of wielding his own Keyblade. Sora and Riku rebuke the idea of Xigbar being worthy of a Keyblade, and Xigbar, laughing at the irony, teleports to the top of the labyrinth and seemingly falls to his death. After Xehanort's defeat, however, Xigbar is revealed to have survived and is revealed to be none other than Luxu from Kingdom

Hearts χ, one of the Foretellers and an apprentice of the Master of Masters. Reclaiming his Keyblade, Xigbar summons four of his comrades and explains what happened in the later years. Watching from afar was Maleficent and Pete whom seemingly gave up their search of the black box.

Xaldin

Xaldin, also known as the Whirlwind Lancer, is the third member of Organization XIII and a major antagonist in the Kingdom Hearts series. He is a silver-tongued Nobody who controls the wind. He wields six lances named Lindworm and uses his powers over wind to manipulate all six at once, for both offensive and defensive purpose.

Xaldin's lances can transform into a dragon-shaped contraption to attack opponents with whirlwinds. He controls the lance-wielding Dragoon Nobodies.

He is the main antagonist of the Beast's Castle arcs in Kingdom Hearts II and a minor ally and playable character in 358/2 Days.

He was voiced by David Dayan Fisher in the English dubbed version who also portrayed Shaw in National Treasure, and Yōsuke Akimoto in the Japanese version.

Xaldin was once Dilan, a castle guard working under Ansem the Wise, benign lord of the Radiant Garden kingdom, who met Ventus and later took Aqua's armor and Keyblade into the castle. Becoming a Nobody to be free of feelings, Xaldin understood the setbacks of lacking a heart, but kept a clear disdain towards people who follow their hearts, especially towards the Beast.

Xaldin secretly begins his attempt to manipulate the Beast's rage to create a powerful Nobody and Heartless. He then kidnaps Belle, forcing the Beast to choose whether Belle or the rose is more important to him. The plan fails when Belle gets away with the rose and Xaldin falls against Sora and the Beast, fading into nothingness.

However, in Dream Drop Distance, it's revealed that he was revived as Dilan along with Even, Aeleus, Ienzo and Lea.

Vexen

Vexen, the Chilly Academic (いてつく学究, Itetsuku Gakkyū?, lit. Freezing Scholar), is a major antagonist in the Kingdom Hearts video game franchise..

Vexen is the fourth member of Organization XIII and wields a shield and ice powers. Originally planning on using Riku's power of darkness to eliminate the traitorous Marluxia, he later attempts to confront Sora with a replica of Riku before engaging Sora himself.

Vexen was originally Even, one of Ansem the Wise's apprentices along with Braig, Dilan, Ienzo, and Aeleus.

When Ventus arrives at Hollow Bastion, he is accosted by Dilan and Aeleus, but the Trinity Armor's arrival forces Ven to leave. As Dilan and Aeleus attempt to follow the young Keyblade wielder, Even arrives and muses on what would become of the castle. Aeleus realizes that Even is right, but as they return to the castle, Even notes that Ven's heart is devoid of darkness.

Sometime later, Even, who is looking for Ienzo, encounters Ven, who had rescued Ienzo from a swarm of Unversed. Grateful of Ienzo's rescue, Even explains Ienzo's story to Ven and directs the Keyblade wielder to the Outer Gardens to find Terra.

Sometime after Aqua's defeat of Terra-Xehanort, Xehanort is inducted into Ansem's ranks and becomes Ansem's favorite pupil. However, Xehanort wanted to delve deeper into the mysteries of the heart and darkness and convinced Even and the others to aid him. Their research eventually caused them to banish Ansem to the Realm of Darkness. At some point, Even's heart was consumed by darkness, giving birth to Vexen.

Years later, after Marluxia's induction, Vexen confronted Zexion and demanded to know where Xemnas was. Zexion simply informed Vexen that Xemnas was at the Chamber of Repose, causing Vexen to storm away while pondering why Xemnas was always hiding.

Vexen plays a relatively minor role in Kingdom Hearts 358/2 Days, but it should be noted that this role plays a major contribution to the game's central plot. Advisor and leader of the Castle Oblivion-based Replica Program that created Xion, he was present when the Sora replica joined Organization XIII. Vexen then was assigned on Day 12 to teach Roxas the art of reconnaissance in Twilight Town, and was later getting sent away to Castle Oblivion, where he used his Replica Program to create the Riku Replica in order to challenge Sora.

The Chilly Academic was later exterminated by Axel at the Castle, for the purpose of raising Saïx through the ranks. All Vexen had left behind after his demise was knowledge, Axel later discovering a document he had composed about Naminé in the Castle That Never Was's library. This Nobody's only other mention in Kingdom Hearts 358/2 Days was when Xemnas revealed the truth about Xion before the surviving members of Organization XIII in Where Nothing Gathers.

In Kingdom Hearts Chain of Memories, Vexen appeared as an antagonist in both Sora's and Riku's storylines. He assists Lexaeus and Zexion in their efforts to stop Marluxia (whom Vexen loathed) and Larxene (whom he's not too fond of either) from overthrowing the Organization (Axel, the other Organization member residing in the castle, is deemed too unpredictable to be anything other than a liability). To do this, Vexen and his cohorts intend to use Riku's darkness to counteract Sora's light.

Vexen engages Riku in a cautious battle and uses the data he obtained from the fight to create a copy of Riku. The replica is completely aware of his status as a fake, but unlike Riku, is not afraid to use the darkness. However, even with darkness on his side, the replica fails to defeat Riku.

Even with the failure, Vexen has other plans for the replica, and goes to Marluxia and Larxene. He offers the replica to test Sora, though first he would have to have his memories changed around. They then have Naminé manipulate the replica's memories until he thinks he is the real Riku. He also believes that he made a promise to Naminé like Sora had, and because of this conflict, the replica confronts Sora multiple times, saying that Naminé no longer needs Sora.

However, the replica soon spirals out of control, and Marluxia deems Vexen's experiment a failure. Vexen is insulted, saying that a neophyte like Marluxia has no right to speak to an elder like Vexen. However, Marluxia makes the threat of reporting Vexen's failure to "the Superior", and Vexen's fear of the Superior's power overrides his previous elitist attitude. Now with Vexen under his grip, Marluxia orders Vexen to eliminate Sora, much to his surprise.

Vexen then confronts Sora, saying that Sora is in debt to him for reuniting him with Riku. Sora is angered, and the two battle. However, as they fight, Vexen delves deep into Sora's heart, and creates a world card forged from the memories on the other side of his heart. Vexen tells Sora that if he wants to truly defeat him, then he must enter that world.

Meanwhile, Marluxia, Larxene, and Axel note that Vexen is jeopardizing their plans, for if Sora discovers the other side of his heart, then he will no longer be of any use to them. They then decide to have Axel eliminate Vexen before permanent damage can be done.

Sora discovers that the new world is Twilight Town, which is strange because Sora has only visited places in his memories, and he has no memories of Twilight Town. Even so, Sora feels a sense of familiarity from this place. He explores the town until he arrives at the gates of a mansion. Vexen makes his appearance there, asking Sora if the familiarity of this place or his memories of Naminé is true. Sora doesn't understand what he means, and Vexen sees that he is but a slave of his memories, just like "his Riku". Sora is again angered, and battles Vexen one more time.

Vexen loses again, and seeing that Sora is too dangerous, plans to tell him of Marluxia's plot and, by extension, Roxas's existence. Before he can fully explain, however, he is struck by Axel, who embeds a Chakram into Vexen's body. Vexen begs to be spared, but Axel tells him he can be "nothing instead of just being a Nobody" and snaps his fingers, detonating the Chakram and incinerating Vexen, making him the first member of Organization XIII to die.

Vexen's spirit returns as an Absent Silhouette in Agrabah after Sora examines the Peddler's revived shop. If Sora investigates the

Silhouette, Vexen challenges the Keyblade wielder to a rematch, but is eventually slain. Sora can also challenge a data replica of Vexen in the Garden of Assemblage.

Even is resurrected following the destruction of his Heartless and Vexen. Though conscious again, Even is unstable, so Aeleus has him rest.

Following his revival, Even wanders around Radiant Garden, regretful of his actions as Vexen. When Saïx arrives and recruits him to finish his work on the Replica Program, Even seizes the chance to atone for his actions and becomes Vexen once more. Under Master Xehanort's orders, Vexen refines his past replicas to be vessels to the past versions of Xehanort, as well as other time-traveling vessels. However, he is quickly benched and deemed a reserve member. Following Xehanort's failure to turn Sora into the thirteenth vessel, Vexen also creates another replica for Xion and for those wh truly need them. In the Caribbean, Vexen assists Luxord in researching how Davy Jones retains his existence despite lacking a heart. Upon seeing the Dead Man's Chest and finding out that Jones's heart is the physical organ, Vexen takes his leave,

However, Vexen later saves Ansem the Wise from Xehanort's Heartless and reveals his desire to atone. Later, he has Demyx (who has also been benched) deliver a replica body and escort Ansem the Wise to Ienzo in Hollow Bastion, giving them a vessel to place Roxas's heart in.

Following Master Xehanort's defeat, Even regains his humanity and assists Ansem the Wise and Ienzo in restoring Naminé, with Sora and Kairi providing Naminé's heart.

Lexaeus

Lexaeus, the Silent Hero, is a minor antagonist in Kingdom Hearts: Chain of Memories. He is a Nobody that serves as the fifth member of Organization XIII and wields an Axe Sword and the power of Earth.

Lexaeus was once Aeleus, one of the guards of the castle in Radiant Garden. He and Dilan confront Ventus when the latter is pursuing King Mickey. However, when the Trinity Armor Unversed arrives, Aeleus and Dilan attempt to help Ventus, but Even reminds them of their duty and reveals that Ansem the Wise needs them. Later, Aeleus throws Lea and Isa out of Hollow Bastion.

Sometime later, Aeleus was attacked by Terra-Xehanort, who turned him into a Heartless and Nobody. This Nobody, named Lexaeus, joined the Organization.

Lexaeus is one of the members assigned to Castle Oblivion, along with Vexen, Larxene, Marluxia, and Zexion. He is working with Vexen and Zexion in their own personal scheme.

When Riku arrives in Castle Oblivion, Lexaeus confronts him at the end of the fourth basement. After an arduous battle, Lexaeus attempts to finish Riku off, by sacrificing himself in a suicidal attack with the power of darkness which sends Riku to the Realm of Darkness. In the Re:Chain of Memories remake, Xehanort's Heartless instead promptly possesses Riku and finishes off Lexaeus. As he dies, Lexaeus apologizes to Zexion.

Lexaeus's spirit later reemerges as an Absent Silhouette and forms at the Sandlot in Twilight Town after Sora, Donald, and Goofy battled a swarm of Nobodies there. If Sora investigates the Silhouette, Lexaeus engages the trio, but is eventually slain.

Lexaeus is revived as Aeleus along with Dilan, Even, Ienzo and Lea as revealed in Dream Drop Distance. After Lea searches all over Hollow Bastion for Braig and Isa, Aeleus informs Lea that Dilan and Even are still unstable.

Zexion

Zexion, also known as the "Cloaked Schemer", is the Nobody of Ienzo and Rank VI in Organization XIII. He serves as the secondary antagonist in Kingdom Hearts Chain of Memories: Reverse/Rebirth, wishing to use Riku as a puppet in Castle Oblivion. He wields the element of Illusion, and uses his element to create illusions and objects to fight for him. Unlike the other Organization members, Zexion's weapon was originally unknown, and his talents were used only outside of normal combat.

In Kingdom Hearts Re:Chain of Memories, Zexion's weapon was revealed to be a book called a Lexicon. Zexion appeared in Chain of Memories as a participant in the struggle within the Organization between the newer and veteran members. Zexion appeared in the game Kingdom Hearts 358/2 Days, as one of the playable characters in multiplayer mode.

He is voiced by Vincent Corazza in the English dubbed version, and Akira Ishida in the Japanese version. When disguised as Sora, he is voiced by Haley Joel Osment in the English dubbed version, and Miyu Irino in the Japanese version.

Zexion was once Ienzo, a quiet boy and one of six apprentices to the ruler and scientist of Radiant Garden, alongside Xehanort, Braig, Dilan, Even, and Aeleus. Worried the Darkness in people's hearts would eventually consume his world, Ansem began performing tests on Xehanort's heart. Eventually, at Ienzo's persuasion, he created a laboratory in his castle's basement for such experimentation. However, Ienzo and the other apprentices had their own intentions for the laboratory, and began conducting inhumane experiments on the human heart and the darkness within it. Such experimentation led to the creation of Heartless. Ansem quickly discovered their secret experiments, and immediately ordered them to stop. One day, after being advised to review their research data by King Mickey, Ansem found that the effects of their experiments had become irreversible.

Eventually, Ienzo and the other five apprentices dabbled too deep into darkness through their continued experiments. Ienzo, along with the others, was consumed by the darkness, producing a Heartless. However, the apprentices all had strong wills, and so Ienzo also became his Nobody, Zexion. The six Nobodies formed Organization XIII, and banished Ansem the Wise to the Realm of Darkness.

In 358/2 Days, Zexion is present when Xion joins Organization XIII. Zexion later teaches Roxas how to fill the mission gauge in Twilight Town, before being sent away to Castle Oblivion. True to his personality, he was patient with the Keyblade wielder, carefully and calmly explaining the filling of the gauge in great detail. Zexion also makes a cameo appearance later in the storyline. During Xion's nightmare on Destiny Islands, Roxas stands on the beach of the island, missing his friend. He later sees the hooded Sora copy and approaches her. She removes her hood and turns out to be none other than Zexion, who proceeds to taunt a younger version of Riku as he did in Kingdom Hearts: Chain of Memories. The scene then begins to fade, Xion (In the form of the shocked Roxas) undergoing a series of transformations until she finally takes Sora's form for the first time.

After Sora had been lured into Castle Oblivion, Zexion discovers two other scents deep in the dungeons of the castle. One of them belongs to a Maleficent formed from someone's memory, having been given life by Castle Oblivion's unique properties. Originally, he mistakes the other scent to be that of "The Superior". Eventually, however, Zexion and his cohorts determine that the scent belongs to Riku, who had appeared in the Castle by force of will after Sora's arrival. Vexen hypothesizes that the darkness in Riku's heart ("Ansem") caused Zexion to mistake him for "The Superior", calling the effect "fascinating". Specifically, Riku's heart is plagued by the presence of Ansem.

Zexion, as well as Lexaeus and Vexen, come to see that Marluxia, keeper of Castle Oblivion, intends to take control of Organization XIII, with the help of Larxene, by using Sora as their puppet. Though they see that they can use Riku to counter Sora, they decide to oppose Marluxia's plot by having Vexen investigate Marluxia under the guise of offering to help using the Riku Replica he creates with combat data from the real Riku. However, Vexen is eventually killed on Marluxia's orders by Axel, whom Zexion and Lexaeus had been unsure about trusting. Axel later tells them he had performed the deed only to gain Marluxia's trust, and continues to cooperate with Zexion in tracking Sora and Riku.

Seeing that Vexen's efforts to derail Marluxia's plan had failed, Zexion sends Lexaeus to sway Riku into joining them, but Riku refuses to allow darkness to control him and defeats Lexaeus in combat. With the last of his strength, Lexaeus manages to knock Riku unconscious, rendering him helpless. However, before he can finish the job, Xehanort's Heartless takes control of Riku's body and finishes Lexaeus with the power of darkness. Riku is then enveloped in his own personal darkness, where "Ansem" tries to corrupt him -

however, he is saved by King Mickey and continues ascending Castle Oblivion.

After Lexaeus dies in his failed attempt to subvert Riku's resistance to darkness, Zexion discusses the Organization's fate with Axel and learns that Larxene has been killed as well, bringing the number of Organization members eliminated to three. Axel tells him that he himself was defeated by Sora as well, and that Marluxia is almost certainly the next to go.

Zexion decides that with the possibility of Marluxia dying soon, Riku is no longer needed, and heads off to intercept him. Zexion appears before Riku while he is between floors of the castle, shortly after the death of Marluxia. As the force of Marluxia's death shakes the castle, Riku halts with surprise and comments how a very strong scent in the air has died. Zexion materializes in front of him and tells him that Sora has just defeated Marluxia. Riku is surprised to learn that Sora is also in the castle, but Zexion tells him he would never be able to face him after having such darkness in his heart.

He gives Riku a World Card to Destiny Islands, and Riku winds up facing a Darkside Heartless. After he defeats it, Zexion reappears, and continues to play on his guilt, telling him Sora will always oppose him as a host of the dark. Sora then appears himself, brandishing his Keyblade and accusing Riku of being corrupt. He envelops Riku in light, rendering him unable to do anything. Instead of drowning Riku into helplessness, however, the predicament causes Naminé to come to his aid, in the guise of Kairi, telling him that he should stop rejecting the darkness within his heart, and instead tells him to draw on that power to free himself of the oppressing light and strike out at Sora. He wounds Sora, whose disguise falters to reveal Zexion, who had been using his powers of illusion to deceive Riku.

Zexion is astounded by Riku's ability to control the darkness, and is also enraged at his perseverance. He decides to engage Riku in combat himself, albeit wounded, but still puts up a rather difficult fight. However, Riku eventually overcomes and defeats Zexion (in the original Chain of Memories Zexion runs away instead of fighting Riku).

After escaping from Riku, Zexion appears in a room, where Axel and a companion are waiting. In a panic, Zexion thinks Axel's companion is Riku himself, but then realizes it's only the Riku Replica. Axel and the replica then approach Zexion, and Axel directs the replica's attention to his lack of wholeness. He tells him that if he can find strength that the real Riku doesn't have, he can become a whole person of his own, rather than a mere puppet or whole copy of Riku. The Replica then kills Zexion.

Zexion's spirit later reemerges as an Absent Silhouette, lurking in the Underworld of Olympus Coliseum.

While tracking down Hades, Sora and company encounter and observe Zexion's Silhouette. They wonder what the Silhouette is, but choose to ignore it. Later, after acquiring the Olympus Stone, Demyx reveals to Sora and company the nature of the Silhouettes, using Zexion's as an example.

If Sora chooses to battle the Silhouette, Zexion proves himself a dangerous foe, using his Lexicon to imprison Sora and company and attack them inside, but he is ultimately slain.

Following Zexion's death, Ienzo is revived alongside the rest of Ansem's apprentices.

When Lea returns to the castle from searching for Braig and Isa, Ienzo explains to Lea that if a person's Heartless and Nobody were killed and said person's homeworld was destroyed, they would end up in Traverse Town. However, Lea rejects Ienzo's ideas.

In the manga adaption of Kingdom Hearts Chain of Memories, Zexion does not escape from Riku after being defeated in battle on the virtual Destiny Islands. Instead, Zexion appears to Riku and taunts him about being weaker than Sora because he rejects the darkness. He transforms into Sora and rebukes him for embracing it, tricking Riku into thinking it is actually Sora accusing him instead of Zexion. Later, after changing back into himself, he further influences him by saying Sora would never want to see him again because he ran away from the light, but the Organization would welcome him with open arms. He consumes Riku in light, making him unable to do anything and attempts to show the pain of the light, but Riku, enraged, instead turns on Zexion and kills him with a slash of his Soul Eater. Zexion never fights with the Riku Replica.

In the manga, Zexion visits the floor where Lexaeus was killed, and he never makes an alliance with Axel.

## Saïx

Saïx, the Luna Diviner, is one of the secondary antagonists in the Kingdom Hearts series; he serves as one of the two secondary antagonists (alongside Xigbar) in Kingdom Hearts 358/2 Days and Kingdom Hearts II, a minor antagonist in Kingdom Hearts 3D: Dream Drop Distance, and a major antagonist in Kingdom Hearts III. He is the seventh member of the original Organization XIII and a member of the new Organization. He wields a claymore and the power of the Moon, using the latter to enter a berserk rage. He commands the Berserker Nobodies.

Saïx's original self, Isa, was the best friend of Lea, the original self of Axel, being the foil to his friend's zany antics. Prior to their attempt to infiltrate Hollow Bastion, Isa and Lea find Ventus. Watching Lea cheer the boy up, Isa joins his friend in sneaking in before they are thrown out of the castle by Dilan.

Years later, Isa's heart was removed from his body by Terra-Xehanort, creating Saïx.

Saïx plays a relatively important role in Organization XIII, assigning missions to all the other Organization members. Saïx is the one who gave Xemnas's orders to Axel to eliminate traitors to their Organization in Castle Oblivion. It is generally accepted by the remaining members that at this point the two planned to not only eliminate traitors, but also anyone who stood in the way of their plans, such as Vexen and Zexion. Saïx is also revealed to be the one who picked which members would be going to Castle Oblivion, namely the members suspected of being traitors, as well as anyone else who was "getting in the way".

After Axel's return from Castle Oblivion and his growing friendship with Roxas and Xion, a rift between Saïx and Axel begins to form. He eventually confronts Axel of this, as their friendship is more concrete because their original selves were best friends. Eventually, Saïx dismisses his previous plans with Axel as "just an idle fantasy", as they both have changed too much for them to be friends anymore.

Working on Organization XIII's plans for Sora with Xemnas, he later challenges Roxas to a battle of will when the Keyblade wielder attempts to leave Organization XIII. Saïx loses the battle, and Roxas escapes. Up until Xion's destruction and absorption at the hands of Roxas, Saïx views the Sora copy as nothing but a mere, hooded puppet. He even insists that the others would say "it" when referring to Xion, rather than "she".

After Xion's end, Xemnas orders Saïx to retrieve Roxas, who is on his way to the Castle that Never Was to defeat Organization XIII and free Kingdom Hearts, because he believes it will resurrect Xion. While not confronting Roxas himself, it is possible that Saïx was the one who sent the Neoshadows after Roxas, who destroys the Heartless easily.

Saïx's first appearance is in Hollow Bastion, along with all surviving and loyal Organization members to taunt Sora.

Saïx first appears in the Sandlot after Sora and company rescue Seifer from lesser Nobodies. Saïx appears before the trio, applauding their battle skills. He informs them of a traitor, Axel, and believes that he might be in Twilight Town somewhere. Sora insults the Organization, remarking on how they're "not a very organized Organization." Saïx is unfazed, and tells Sora to watch his back, for Axel will stop at nothing to turn him into a Heartless. Sora declares he is not worried, prompting Saïx to remark that the Organization would want nothing to happen to Sora. He also cryptically remarks that the Organization knows how to "injure a heart". He then opens a portal of darkness behind him, and Sora thinks of jumping in after him, though Saïx overhears this and advises not to do so, lest he ends up like Riku.

Sora inquires as to what he means, but Saïx immediately leaves to report to Xemnas that he succeeded in placing Sora in a state of confusion and frustration to keep him going toward their goal. Saïx also states that Axel may prove a thorn in their side, which leads to

Xemnas giving him orders to deal with the renegade.

Saïx next appears in Hollow Bastion during the Heartless invasion, interrupting Axel and Sora's conversation, and forcing the traitor Nobody to flee. Saïx ensures that Axel will be rightly punished, but Sora is not mollified, his only goal being to enter the realm of darkness to rescue Kairi. His face unreadable, Saïx asks Sora to prove just how much he cares about Kairi. In response, Sora actually gets onto his knees and begs at the Nobody's feet. Seeing Sora's devotion to the Princess of Heart, Saïx sees this as a further opportunity to enrage and confuse Sora so that he might further the Organization's goal. He refuses Sora's wish, eliciting a hot fury. Bending Sora's anger to suit his own needs, Saïx convinces Sora to destroy more Heartless so that the hearts held within them are released by the Keyblade. Then they may flock to Xemnas' synthetic Kingdom Hearts, which will be all the closer to completion because of it.

At that moment, Maleficent appears, declaring with much aplomb that Kingdom Hearts will belong to her. She summons more Heartless to attack Saïx, despite Sora's protests, but Saïx calmly summons several Nobodies to destroy the attacking Heartless. Maleficent then places herself between Sora and the Nobodies, telling him to devise a way to vanquish the Organization. Swarmed by Nobodies, she is overwhelmed and disappears, allowing Saïx to resume convincing Sora to release more hearts. But before he can finish his ploy, Sora, Donald, and Goofy are rescued by a portal of darkness that swallows them up (which was Maleficent's doing).

Saïx is seen again talking to Kairi in her cell in the Castle That Never Was within the world of Nobodies. He tells her, much to her horror, that she is the "fire that feeds Sora's anger." Kairi realizes that Sora is getting lured into a trap all because of her. However, Naminé, her Nobody, unexpectedly appears in her cell and rescues her through a portal of darkness. The two halves then begin fleeing the Castle to try and make good on their escape. Saïx soon appears and attempts to stop Kairi and Naminé, but Riku (still cloaked and in the form of Xehanort's Heartless) attacks him from behind. Saïx does a backflip in the air and lands a few feet away. Riku slams him up against the wall, intending to finish him once and for all. However, Saïx opens up a portal behind him and sinks away into the wall with a smirk.

Saïx again appears in the Castle That Never Was to Sora, who had managed to work his way through the Organization's floating fortress with the help of Donald, Goofy, Riku, and Kairi. He looks lovingly upon his Kingdom Hearts, his source of power. He tells Sora that Kairi no longer needs him and makes a cryptic remark about a "friend from the darkness." Sora is not deterred by Saïx's manipulative comments, but Saïx is not concerned. He tells Sora that the Organization's Kingdom Hearts is nearly done, pointing to the heart-shaped moon in the sky. He then enigmatically asks Sora if he can hear the euphoria of the countless hearts he has harvested. He summons more Heartless for Sora to destroy, but his attention is quickly turned to Maleficent, who has also infiltrated the castle along with Pete. He takes this in stride, wondering in an amused voice if the intrusions will ever end, and soon after vanishes to check on Kingdom Hearts.

Saïx appears to Xemnas, who is watching Kingdom Hearts come closer to completion. He asks the Superior if he can end this "charade", and Xemnas grants him permission. Sora's part in their plan is done with and he can now safely be killed. Saïx smiles savagely and remarks that he's waited so long to hear that.

Saïx awaits Sora, Donald, Goofy, Riku, and Kairi in a room with a direct view of Kingdom Hearts: Addled Impasse. He calls Sora by the name of "Roxas", saying only he could have made it this far, though Donald vehemently states that he is Sora. Saïx seems not to care, simply stating: "Different name, same fate." Then, summoning his claymore, he creates a potent shockwave with sheer strength alone. This power manages to push away Kairi and Riku back towards the entrance of the room. He then quickly erects a force field, separating them from the battle, yet doing no harm. Them taken care of, he confronts Sora, Donald, and Goofy for the final time. He finally lets his outer decorum slip away. Under the influence of the moon, he becomes savage and unrestrained, truly a model for his Berserker Nobodies.

However, despite Saïx's great strength, speed, power, and skill, he is overcome. Defeated and mortally wounded, he limps away from Sora to the ledge overlooking the moon. With the last of his strength, he asks: "Why… Kingdom Hearts… Where is my heart?". All his power gone, he now fades back into darkness.

Isa is revived in Radiant Garden, along with Lea and the rest of Ansem's apprentices save Xehanort. Young Xehanort arrives and, with Braig's assistance, takes Isa to join the new Organization.

Saïx, revealed to have been infused with a fragment of Xehanort's heart, is made a member of the new Organization. When Lea attempts to save Sora from being turned into the thirteenth member, Saïx is sent to stall Lea, much to Lea's horror.

Following the Organization's failure to turn Sora into a vessel, Master Xehanort, Xigbar, and Saïx meet at the Keyblade Graveyard to find a way to complete the Organization. Saïx, having discovered Vexen's notes on the forgotten Xion, suggests using her to replace Sora, and decides to fetch Vexen to refine the replicas. Visiting Radiant Garden, Saïx approaches Even, who is wandering the square, with an offer to rejoin the Organization. At the Keyblade Graveyard, Vexen lies that he chose to return to the Organization to continue research on his Replica Program, with Saïx saying Ansem did not appreciate his abilities while Xehanort did.

Saïx later appears at the Clock Tower in Twilight Town with Lea, but with no intention of fighting him. The two talk as if they were still friends, their conversation revealing their true motives for joining the original Organization XIII; as Somebodies, they had befriended a girl only referred to as Subject X, who was held inside the castle of Radiant Garden. When she disappeared, the two became apprentices of Ansem the Wise before he too disappeared and Isa became a Nobody alongside Lea. Their entire reason for climbing the ranks of Organization XIII was to get information on Subject X and learn what happened to her, knowing full well that Xemnas, as Xehanort's Nobody, has knowledge of her predicament, but they had no luck in finding her. Saïx's anger at Axel's newfound friendship with Roxas and Xion was out of betrayal, feeling Axel had decided to forget about Subject X. Lea rebuffs, trying to persuade Saïx to leave the new Organization, but Saïx retorts by saying Roxas is gone forever too. Saïx and Lea part ways fully expecting to battle one another at the fated place.

Later, Saïx and Xion confront Kairi and Lea at the Keyblade Graveyard, with Saïx subtly trying to jog Xion's memories. Saïx overpowers Lea, who once again tries to persuade his old friend to stop, until Xemnas arrives and berates Lea for his treason. Saïx simply watches as Xemnas mercilessly attacks both Lea and Xion before Roxas arrives to save them. Xemnas kidnaps Kairi, leaving Saïx to deal with their enemies. Sora, Roxas, and Xion fight and defeat Saïx. When Lea approaches Saïx, the latter asks why he looks sad. Lea responds by commenting on what the Organization has reduced Saïx to. Saïx once again reminds Lea of his betrayal, not to the Organization, but to him, as he befriended Roxas and Xion while abandoning their goals after everything Saïx had done to try and find her. Lea assures him he never forgot, which Saïx knew deep down, allowing his jealousy to get the better of him. He fades away in Lea's arms, being called by his real name before being reborn as his original self.

Through a Secret Report, it was revealed he was actually a key part of the Guardians of Lights' victory; having met Even, both expressed a desire to atone for their past actions. Since Saïx was already in the real Organization XIII, he had the ability to bring Even in as a Nobody once again, the latter willing to sacrifice his new life to get access to his Replica Program, which would allow Roxas, Xion, and Naminé to become human and therefore coexist with their original selves.

Sometime after in the game's epilogue Isa is reborn as original self and reunites with Lea, Roxas and Xion on top of Twilight Tower hands out sea-salt ice cream and are joined by Hayner, Pence and Olette and together they join the others at Destiny Islands for a celebration, Isa and the others bear witness to Sora and Kairi reuniting one last time before the former disappears for misusing the power of waking.

Axel

Axel is a major character in the Kingdom Hearts series, as well as an anti-hero/anti-villain in the franchise. He is a pyrokinetic Nobody who originally served as the eighth member of Organization XIII. He is initially introduced as somewhat of a laid-back character, though he develops significantly over the course of Kingdom Hearts 358/2

Days and Kingdom Hearts II.

He was voiced by the late Keiji Fujiwara in the Japanese version, and Quinton Flynn in the English version.

Prior to his attempt to infiltrate Radiant Garden with his best friend Isa, Lea finds Ventus and cheers him up. After stating to a confused Isa his ideals, Lea attempts to sneak into Ansem the Wise's castle before they thrown out by Dilan. Years later, Lea's heart was removed from his body by Terra-Xehanort, creating Axel. Isa also received this fate, creating Saïx. Xehanort then recruited Axel, along with Saïx to be No. 7 and No. 8 in the new Organization XIII.

Chronologically, Axel is not seen again until the beginning of Kingdom Hearts 358/2 Days. Axel, along with Xemnas, introduces Sora's Nobody, Roxas, into the Organization as No. 13. Roxas later forms a friendship with Axel, and they repeatedly meet up on top of the Twilight Town Clocktower to share their favorite sea-salt ice cream after finishing the day's work. Axel is also partnered with Roxas on numerous missions. He jokes that the Organization has made Axel Roxas's "babysitter".

A few times in the game, Axel is sent to Castle Oblivion, looking for the Chamber of Waking, as well as both Replicas created by Vexen, and eliminating traitors to the Organization. While in Castle Oblivion, he meets Sora, who is not entirely sure if Axel is an enemy or a friend. He and Sora indirectly work together to defeat the other members of the Organization in the castle: Marluxia, Larxene, Vexen, Zexion and Lexaeus. Axel uses the Replica of Riku to achieve this, until the Replica is destroyed by the real Riku.

Some time after, Axel returned, and the first thing he did was find Roxas so they could have ice cream at their usual spot. Axel later befriends a perfect replica, modeled with Sora's memories of Kairi, named Xion, after Roxas introduces him to her. However, as both Roxas and Xion realize themselves and their roles, they become more distant from Axel.

After Xion deserts the Organization, Axel is ordered to hunt her down, though he doesn't want to harm Xion. However, he becomes irritated when he realizes both Xion and Roxas are cutting him off, and attacks Xion. He is unable to kill her, and only manages to knock her unconscious, and brings her back to the Castle. However, he then collapses from his injuries.

At the ending stages of the game, both Roxas and Axel lose contact with Xion. Roxas, confused and angry, leaves the Organization as well, greatly saddening Axel. Later, Xion appears in Twilight Town and battles Roxas with new power gained from Sora. After Roxas eventually kills Xion, Axel gradually forgets she ever existed. Axel is last seen in 358/2 Days when he receives a WINNER sea-salt ice cream stick from Roxas.

After losing a battle with Riku, Roxas is placed into a computer-simulated version of Twilight Town, created by DiZ, who also temporarily wipes Roxas' memories. Axel is tasked with returning Roxas to the Organization, so he travels into the virtual Twilight Town, and duels with Roxas and reveals key information about his past to jog his memory. Axel loses the duel, and is thrown out of the simulation by DiZ, who convinces Roxas that Axel was a dream.

Then, Axel enters the virtual world again, this time under orders to kill Roxas. He again attempts to restore his memory, but fails. He summons lesser Nobodies to weaken Roxas, then goes in for the kill. He is stopped by DiZ, who helps Roxas escape Axel. At this point, Axel realizes he has no choice but to obliterate Roxas.

He attempts to attack Roxas a third time, this time accompanied by higher-ranking Nobodies. However, Roxas defeats these Nobodies, and attacks Axel with dual Keyblades, named Oathkeeper and Oblivion. Axel is surprised by their power, and loses the battle. Axel falls back, and chooses not to carry out his mission.

After Sora awakens from his year-long sleep and rejoins with Roxas, Axel kidnaps Kairi from Destiny Islands, to try and draw Sora out so Roxas could be resurrected. However, Kairi proves more troublesome than Axel expected, and escapes to Twilight Town, where she hides from Axel. However, Axel finds her and hands her over to Saïx. Xemnas suspects Axel's motives, and thinks Axel will soon defect from the Organization.

In Hollow Bastion, Axel meets Sora again, revealing small bits of information about the Organization. Sora realizes that Axel is the one who kidnapped Kairi. However, when Axel confirms this, Saïx appears, prompting Axel to escape through a dark portal. It is that this point that the Organization confirms that Axel has defected.

When Sora attempts to travel to the Organization's headquarters, he is trapped by an army of Nobodies in Betwixt and Between. However, Axel arrives, and aids Sora in battling the Nobodies. Just when they are about to be overwhelmed, Axel uses an attack that uses up all his energy and his life force, utterly draining him. He does this to allow Sora to continue, as Sora is Roxas's whole form. After saying a last few words, he opens a portal to the World that Never Was, and finally dies.

Axel is reincarnated in his original form of Lea in the beginning of Kingdom Hearts 3D: Dream Drop Distance, and he looks exactly like his Nobody self, the only difference being Lea lacks the purple marks underneath his eyes. When he was reincarnated, Lea noticed that Dilan, Xaldin's Somebody, Even, Vexen's Somebody, Ienzo, Zexion's Somebody, and Aeleus, Lexaeus' Somebody, were also reincarnated. However, Braig, Xigbar's Somebody, and Isa were nowhere to be found. Lea searched the entire castle for Braig and Isa, but neither of them could be found. Ienzo suggested that if the two are not in the castle, then they could be at a place known as Traverse Town.

Sometime afterwards, Lea went to the Mysterious Tower to become a Keyblade Master. He used a Corridor of Darkness to get there. But about halfway there, Lea spotted Maleficent and Pete holding Queen Minnie hostage. Lea rescued Minnie by throwing one of his chakrams at the two. After Maleficent and Pete retreated, Lea exited the Corridor, wanting to help Sora and his friends, as well as wanting to see Yen Sid so he could be a Keyblade Master. While Sora and Riku were in the Dream Worlds, Lea was training with Yen Sid and the three Good Fairies.

Later on, Sora was captured by the True Organization XIII after being trapped in a deep sleep by Young Xehanort. Riku and Mickey tried to rescue him, but were restrained by Ansem, Seeker of Darkness and Xemnas. Luckily, Lea, along with Donald and Goofy, showed up to rescue his friends. During the rescue, one of the

Organization members, wielding a familiar claymore, attacked Lea. His attacker's hood fell off, revealing that Saïx/Isa had sided with the Organization, much to Lea's dismay. Xehanort and his cohorts took their leave, allowing Lea and the others to escape.

When all of them returned to the Mysterious Tower, Riku decided that he should be the one to travel into Sora's heart to awaken him. Lea replied that he would help Riku should he fall into the darkness. After Riku was successful, Lea and the others were celebrating Riku for saving Sora. Shortly after Riku was appointed Keyblade Master, Lea claims that he'll catch up to Riku soon while revealing to them his intent to use a Keyblade. Trying to manifest it once more, Lea gets astonished when his Keyblade appears, which shocked everyone else as well.

It was later mentioned by Yen Sid that Lea is training to wield a Keyblade under Merlin and later in the ending of Kingdom Hearts: Birth by Sleep 0.2 -A Fragmentary Passage-, it is revealed that Kairi will be joining him in the training as well for the coming war.

## Demyx

Demyx, the Melodious Nocturne (in Japanese: 夜想のしらべ, Yasō no Shirabe, lit. Nocturnal Poem), is the ninth member of Organization XIII and an antagonist in the Kingdom Hearts video game series.

He is a lazy and irresponsible member of the Organization who wields a sitar in battle, using it to manipulate water and command it in his favor. He is also the commander of the Dancer Nobodies.

He is voiced by Kenichi Suzumura in Japanese and by Ryan O'Donohue in English.

According to Xemnas, Demyx's original self was a Keyblade wielder during the Age of Fairy Tales. At some point, this Keyblade wielder succumbed to darkness, spawning a Heartless. However, his will was strong enough to spawn a Nobody as well, who joined the Organization as Demyx. In his own room at an unknown time, Demyx was fixing his hair in front of the mirror, which something he did when he was a human made him do. Finishing setting his hair, Demyx picked up his sitar and strummed it. He played and played, but was interrupted by Xaldin, who told him to keep it down because he wanted to sleep.

Annoyed, Xaldin questioned why Demyx clings to his human memories, but he did not reply. Xaldin told him that Nobodies need to sleep because a terrible force is moving their world and they need rest to store up power. Demyx did not reply once again as Xaldin left the room, displeased.

Demyx is present when Xion joined the Organization. Demyx sometimes accompanies Roxas on several missions, including battling a Flare Note in Olympus Coliseum and tackling a Dual Blade in Halloween Town. When Roxas approaches Demyx, he willingly admits that he "isn't cut out for combat" and would rather perform recon.

Demyx appears in Hollow Bastion (formerly known as Radiant Garden) with all of the other Organization members, but he does not contact Sora. Demyx's nervous laugh is audible when the Organization laughs at Sora.

Demyx is sent after Sora on suggestion by Xigbar to find him and to keep Sora on the Organization's desires. He also contacts Hades, but no deal was made and Demyx promptly flees, while passing by Sora and his friends. Later on, Demyx steals the Olympus Stone, and soon encounters Sora within the Underworld once more. Although Sora doesn't understand the meaning of Demyx's objectives, nor why Demyx calls him Roxas, Demyx is unable to fulfill them and took the next ordered step, which is to attack Sora. He summons multiple water clones to attack Sora, but Sora manages to defeat them all.

Just afterwards, Demyx appears to Sora and explains the nature of the Absent Silhouettes.

Demyx confronts Sora later in Hollow Bastion during the Battle of 1000 Heartless, again greeting Sora in a rather friendly manner. However, Sora and his companions' response is hostile, even claiming that Demyx is unable to fight. Demyx tried to show some bravery by saying, "You shouldn't judge anyone by appearance.", but when Sora and friends took out their weapons, Demyx began to cower, claiming that Organization XIII sent the wrong guy. Sora and his friends then claimed that the Nobodies do not have hearts. Demyx's normal carefree attitude vanishes, and he silences them with a much darker tone and attacks the "traitor" again with all his strength. In the end, however, Demyx is defeated again and fatally wounded. After lamenting his loss, he fades into darkness.

Demyx returns in Kingdom Hearts III. Though he is originally brought back to join the Real Organization XIII, he is quickly "benched" and replaced with one of Vexen's replicas. something that Larxene makes fun of him for. However, due to Demyx's past as a Keyblade wielder from the Age of Fairy Tales, the Organization is still keeping him as a reserve member.

Later, Vexen tracks Demyx down in Radiant Garden and attempts to convince him to help him defeat the Organization. While Demyx counters by claiming he and Vexen never knew each other, Vexen explains that this is exactly why Demyx is perfect for the role. Vexen then has Demyx deliver a replica and Ansem the Wise to Ienzo, who uses the replica to resurrect Roxas.

In the Keyblade Graveyard, Demyx came to take the replica that was inhabited by Dark Riku. Overconfident, Riku told him that it was not just any vessel and that it had to be delivered to Radiant Garden safely. As a result, Namine became whole.

Luxord

Luxord, the Gambler of Fate (in Japanese: 運命を賭す者, Unmei o Tosumono?), is the tenth member of Organization XIII and a supporting antagonist in Kingdom Hearts II and Kingdom Hearts III.

A skilled gambler, he possesses the ability to manipulate time, which he uses to force his opponents to play timed games, with unfortunate consequences if they cannot learn the rules and lose. He commands the Gambler Nobodies, who force their opponents to participate in games similar to the one Luxord uses in fights.

He harasses Sora and his friends in Port Royal, playing a game with them involving the cursed Aztec treasure there. He later battles Sora alone in the World That Never Was, and is the third-to-last member of Organization XIII to fall.

He is voiced by Robin Atkin Downes in the English version, and by Joji Nakata in the Japanese version.

Luxord's original self was a Keyblade wielder from the Age of Fairy Tales. At some point, he succumbed to darkness, but his will was so strong his body became a Nobody and was recruited into the Organization.

Luxord plays a minor role in Kingdom Hearts 358/2 Days. He is present when Xion joined the Organization, and would often team up with Roxas in missions in Wonderland. This association with this world is more than likely thanks to the Queen of Hearts's card army. Luxord joins Roxas on other missions and stays in the Grey Area as well. Luxord took all of his missions as a game, and would tend to comment on them as such to Roxas. He was shocked when Xemnas called the meeting to announce the truth about Xion being a Replica, and simply said, "If only the whispers from the top of the ladder carried to the bottom rung," before vanishing from Where Nothing Gathers.

Luxord appears with all of the other Organization members in the confrontation with Sora and stands behind and to the left of Saïx. He makes no contact with Sora. In fact, he isn't even seen again until Port Royal the second time through.

Upon making second rounds to the worlds in search of the Organization's stronghold, Sora once again allies with Jack Sparrow in Port Royal, where he learns that Will Turner has gone missing while investigating the theft of cursed pirate gold by a man in a black hood. They seek out Will on the Black Pearl and find him on the Interceptor.

Luxord appears on the Black Pearl after they have recovered Will, with the cursed gold beside him, greeting Jack Sparrow. He reveals that he is at Port Royal to assess the value of the cursed gold to the Organization and calls up Grim Reaper, a Heartless. After the Heartless is thrown overboard, Luxord invokes the right of parley before Jack can get off a shot with his pistol. He agrees to hand over the chest, but takes four medallions from it when he does so, sending them off to his Gambler Nobodies, who escape with them. This has the effect of returning the curse on Jack and tying his curse to Grim Reaper, who becomes cursed, as well.

The Grim Reaper then knocks Sora, Donald, Goofy, and Jack onto the Interceptor, and has the cannons of the Black Pearl destroy the ship. Sora and the others survive, and track down the medallions, and defeated the Grim Reaper back at Port Royal, lifting the curse on Jack. Even with Luxord's experiments having failed, he manages to bring the heart that the Grim Reaper was holding to Kingdom Hearts, and promptly flees.

During several additional scenes in Kingdom Hearts II Final Mix, Luxord is featured with a prominent speaking role. Immediately after taunting Sora, the Organization returns to their meeting chamber. In response to talk about making plans, Luxord says that he'll "Pass out some cards.", meaning he intends to dabble around here and there, stirring things up to see what he can do. This inadvertently instigates a small argument between Xigbar and Demyx, and after Xaldin breaks it up, Luxord disappointedly remarks "There goes my entertainment."

He is again seen just before Sora enters The World That Never Was, discussing Axel with the remaining members. He notes that Axel may have gained something by putting his existence on the line to help Sora. When Xigbar reacts that, as Nobodies, they have no existence to put on the line, Luxord replies: "Then, perhaps he bet his NON-existence. Either way, he came out a winner.". He then adds with a smile: "Oh, Axel. A grifter till the end.".

Luxord appears once more in the Organization's fortress in The World that Never Was. When Sora, Kairi, Riku, Donald and Goofy enter the area where Luxord waits, Sora walks ahead of the rest. Materializing between Sora and his friends, Luxord uses his cards to remove Sora's allies from the area, and challenges Sora to a game involving time. Luxord fights against Sora, using a variety of tricks and games of luck with his playing cards, but in the end, Sora is able to wear Luxord's time down and defeat him. As Sora readies a finishing blow, Luxord raises his cards to shield himself, but Sora slices through the cards and finishes Luxord off. Before fading into darkness, Luxord exclaims, "How could you… Roxas?".

Luxord returns in Kingdom Hearts III as a member of the real Organization XIII and noticeably sports golden eyes like the other members. After being briefed by Vexen, Luxord goes about finding the black box in The Caribbean upon learning of a being that can exist without having a heart inside. He challenges the heroes to a race and somehow manages to trick Captain Jack Sparrow (unaware that the real one is elsewhere) into revealing the box as the Dead Man's Chest that contains the heart of Davy Jones. Luxord then goes to find the box on the Flying Dutchman and uses an entire fleet of Heartless to keep the heroes at bay. He then later arrives in the Maelstrom battle and summons the Kraken for the heroes to handle as he pursues the Flying Dutchman. He then confronts Captain Jack Sparrow in an attempt to take the box and use the right of parley. But Jack outsmarts him by interrupting him and uses his bad breath to send Luxord into the ocean just as Vexen confirms that this isn't the box they are after.

At the Keyblade Graveyard, Luxord participates in the clash between darkness and light and joins Marluxia and Larxene in fighting King Mickey. He manages to trap Mickey in a card and has Sora find his real self in a game of sorts before eventually being defeated by him. Upon defeat, Luxord hands Sora a "wild card" that could turn the tables. Sora asks if he would play again when they are both normal human beings to which Luxord accepts before fading away but not before leaving King Mickey's card for the king to be freed from.

## Marluxia

Marluxia is a member of the original Organization XIII and a major antagonist of the Kingdom Hearts video game franchise. He is the Nobody of Lauriam, an Union leader of the Dandelions. He wields a scythe and the power of flowers, which represent death as opposed to how they represent Cure magic in the games for all the other characters. Marluxia, along with Larxene, another Organization XIII member, schemes to overthrow Xemnas, with the help of Sora, so they can become the leaders.

In the original Japanese version, he was voiced by Shuichi Ikeda. In the English dub, he was voiced by Keith Ferguson, who also voices Flintheart Glomgold in the DuckTales reboot series.

Lauriam, Marluxia's original self, was a Keyblade wielder seemingly chosen by Master Ava to lead the Dandelions during the First Keyblade War. He was one of the five leaders, alongside Ventus, Brain, Ephemer, and Skuld. He appeared shortly after an unknown person murdered his sister Strelitzia, a Keyblade Wielder also chosen by Master Ava to lead the Dandelions, stole her book, and took her place amongst the leaders. Looking for answers behind Strelitzia's death, Lauriam seeks the aid of fellow Keyblade wielder Elrena (Larxene's original self).

At an unknown point in time, Lauriam succumbed to darkness, turning his heart into a Heartless. However, his will was so strong it left behind a Nobody, who was recruited into the Organization by Xigbar and Xaldin.

After the events of the first game, Sora, Donald, and Goofy are wandering a long road. In the middle of the night, a hooded Marluxia appears and leads them to Castle Oblivion. Once inside, he takes all of their memories, and puts them into cards, weakening the party. He then teaches them how to use the cards, and then leaves after giving them a card that allows then to revisit a world from their memories.

As the game goes on, it is discovered that Marluxia has gotten fellow members of the Organization Axel and Larxene to help him conspire against the leader of the Organization, Xemnas. To do this, he wishes to use Naminé to twist Sora's memories, turning him into a slave of the Organization, so that the power of the Keyblade could be theirs. However, Vexen is killed by Axel after his defeat against Sora to prevent him of revealing their plans, Larxene is killed by Sora, Goofy and Donald, and Axel betrays him, leaving him the last person in the conspiracy.

Sora makes it up to the floor with Naminé, and after a short talk Marluxia reveals himself, and demands that Naminé use her powers to crush Sora's heart, but Naminé refuses, and Marluxia fights Sora. Sora is able to overpower him, but he then reappears and reveals that the Marluxia he fought was an illusion and flees into the highest room in the Castle, awaiting Sora with a reaper machine to help him fight. After that he fights Sora with an angel-like Nobody, which is the ultimate proof of his powers. In the end, Marluxia still falls at Sora's hands and is destroyed, fading away.

Marluxia's spirit remains as a special kind of Nobody, called an Absent Silhouette, and manifests itself inside the Beast's Castle in the Beast's room after Sora convinces the Beast to take back Belle and the rose from Xaldin. If Sora chooses to investigate the Silhouette, Marluxia reappears and engages Sora in a hectic rematch, but is defeated. A data replica of Marluxia also appears in the Cavern of Remembrance.

Marluxia returns in Kingdom Hearts III as part of the real Organization, despite his attempts of overthrowing the original. His eyes are now golden, therefore implying that he has become a vessel of Xehanort. He first appears in Corona, offering to help Gothel find Rapunzel (Taking the role of the Stabbington Brothers from the film). Later, he appears to Sora and reintroduces himself, and comments on their past encounter, even though Sora has no memory of it. He then claims that the Organization seeks to compliment the light, and that Rapunzel is the light of Corona. Later, he kidnaps Flynn, then ties him to a boat with Rapunzel's crown in matter that made it look like he was abadoning her. He then confronts the Princess and claims that Flynn has robbed her. Rapunzel doesn't believe him and runs, only to encounter Gothel who dispatches Marluxia's nobodies. Rapunzel, now starting to believe Marluxia's lies, returns to Gothel, in tears. Marluxia then confronts Sora and reveals that Gothel keeps Rapunzel prisoner, and that this serves Xehanort's goals by "preserving" her, because she is one of the seven new Princesses of Heart. Sora tries attacking Marluxia, but he knocks Sora out. Later, after Gothal disentigrates, Marluxia transforms her remains into a heartless.

Marluxia later met with his old partner-in-crime Larxene where she suggested another coup of the Organization. This time, however, Marluxia rejected the idea, reiterating that despite their previous betrayal of the Organization, Master Xehanort brought them back to be his vessels and nothing more. He and Larxene were both present with Demyx and Luxord when their old superior Xemnas revealed to them why they were all chosen as vessels for the real Organization XIII: their past connection to the Keyblade legacy. When the Second Keyblade War begins with the real Organization XIII and the Guardians of Light, Marluxia, Larxene, and Luxord gang up on King Mickey before Sora intervenes. After Marluxia is defeated, he seems to regain his forgotten memories of his past life before becoming a Nobody, laughing at the irony of how he just now remembers what is important to him. Having remembered his true purpose, Marluxia thanks Sora before fading away and presumably being recompleted as Lauriam again.

Larxene

Larxene, the Savage Nymph (in Japanese: 非情の妖姫, Hijō no Yōki, lit. Callous Vixen), is a recurring antagonist in the Kingdom Hearts series, and the Nobody of Elrena, a member of the Dandelions. She is the twelfth member of Organization XIII as well as being the only official female member of the team (with Xion being an unofficial member), and also has a very sadistic nature. She wields a set of knives named Foudre and the power of thunder, which she uses for quick and lethal attacks.

She is voiced by Yuko Miyamura in Japanese and by Shanelle Workman in English.

Elrena was a Keyblade Wielder during the age of fairy tales. As her original self she was a member of the Dandelions. She first appears when Lauriam (Marluxia's original self) seeks her to ask about his missing sister Strelitzia, since she and Elrena were often going in missions together. She is very willing to help Lauriam to the point that even her Chirithy states that is not her usual behaviour since she normally doesn't care about other people.

Through unknown means, she and several other Keyblade wielders were spared from the desolation of the Keyblade War and ended up in the current timeline before losing their hearts to darkness. Elrena's empty vessel became the Nobody named Larxene who was recruited into Organization XIII.

Larxene appears as a playable character in Kingdom Hearts 358/2

Days' mission mode and a minor character in story mode. She is ranked number 12 within the organization, and joins Marluxia in his plot to overthrow Xemnas as they are assigned to Castle Oblivion to manipulate and control Sora.

Larxene is the secondary antagonist of Sora's storyline during the events of Kingdom Hearts: Chain of Memories, appearing frequently to taunt Sora and taking delight in the rage and agony she spurs in him.

Nevertheless, Larxene's cruelty was ultimately proven to be her own undoing; after she discovers Axel's unexpected betrayal and sees her plans with Marluxia have fallen apart, her friendly manner vanishes and she attacks Sora in a rage. Ultimately, she pushes Sora, Donald and Goofy too far and suffers their combined wrath after hurting Naminé and trying to kill them. She ends up being defeated and, surprisingly in death, she sounds out a cry of what appears as sadness as she is fading.

Although she does not have a role in Kingdom Hearts II, she appears as an optional boss in Kingdom Hearts II: Final Mix, where the location of her Absent Silhouette is located at Port Royal, as well as in the Data Battles with the other Organization members.

Larxene returns in Kingdom Hearts III, as a member of the real Organization XIII. Her sadistic nature is more toned down (presumably from being defeated by Sora) and she appears to be more patient, calculative, and cautious. She also appears to have little interest in Xehanort's plans.

She encounters Sora again in Arendelle where she explains that said world has a Princess of Heart and she believes it to be Elsa. However, Anna's actions cause her to think Anna could be the Princess she is looking for. Ultimatly, she learns that both Anna and Elsa are Princesses of Heart, and leaves to report this information to Xehanort.

Larxene is present with Marluxia at the Keyblade Graveyard when she proposed another coup. This time, however, Marluxia rejects the offer saying it would be pointless, since they were only brought in to be vessels for Master Xehanort. Demyx and Luxord soon arrive as well, much to Larxene's chagrin that they too are part of the True Organization XIII. Their superior Xemnas appears to meet with them about why those four were chosen for both the original and current Organization.

Larxene incorrectly answers that their hearts are "uber powerful" as Xemnas reveals the real reason; the four of them have a connection to the Keyblade legacy from the age of fairy tales, with Larxene being the most visibly shocked of them all.

Later in the final battle, Larxene, Luxord and Marluxia are fighting Mickey until Sora gives the King backup, and Larxene is defeated again. While she is angered by her second defeat, she does not respond to death in fear. Larxene accepts her fate, and dies with dignity, choosing death over being a vessel for Xehanort. She genuinely smiles at Sora when telling him her reasons for "going along for the ride" are secret before fading away, implying that she only joined the old and the real Organization to be with Marluxia. She later was presumably reborn as her former complete self.

Roxas

Roxas is an anti-villain and a major character from the Kingdom Hearts franchise. He serves as a background antagonist in Kingdom Hearts and Kingdom Hearts: Chain of Memories, the main villain protagonist of Kingdom Hearts 358/2 Days, a major antagonist-turned-anti-hero of Kingdom Hearts II, and a posthumous protagonist in Kingdom Hearts: Coded and Kingdom Hearts: Dream Drop Distance, and a supporting protagonist in Kingdom Hearts III. He is the Nobody of Sora and a former member of Organization XIII.

He was voiced by Jesse McCartney in the English version, and Kouki Uchiyama in the Japanese version, both of whom also voiced Ventus.

Roxas was created when Sora stabbed himself with Riku's Keyblade of People's Hearts to save Kairi at the cost of his own heart, temporarily becoming a Heartless. However, Kairi's light was able to restore Sora's heart and bring him back, resulting in Sora and Roxas coexisting. Because Sora's heart was connected with the heart of Ventus, Roxas was created resembling him, despite being Sora's

Nobody.

Because of Roxas' coexistence with Sora, he lacked the memories of his other and his creation, but was capable of feeling emotion unlike other Nobodies. Additionally, because Sora and Ventus were the chosen wielders of Keyblades, Roxas too could wield the Keybalde, which attracted Heartless, but had the ability to release hearts upon slaying them. Knowing this, Roxas was taken in by Organization XIII, as they wanted to use released hearts to free Kingdom Hearts and gain hearts of their own from it. Xemnas came to Roxas and gave him his name, explaining what he was. Desperate for answers, Roxas willingly joins the Organization.

Roxas is put under the guidance of Axel, and the two become fast friends, despite Roxas' wishes to befriend others outside of the Organization. In the following days, Roxas is tasked with performing missions for the Organization as well as being trained in his combat, magic, and other abilities by Organization members Marluxia, Vexen, Zexion, Larxene, and Lexaeus.

When Axel is sent to Castle Oblivion to stop a coup orchestrated by Marluxia, Roxas is put in charge of looking after the Organization's mysterious new member Xion. Though the two start off rough, they soon open up to each other and Xion reveals that she too can wield a Keyblade. However, due to a mysterious psychic link shared with Sora, Roxas suddenly falls into a coma after Sora is put to sleep at the end of Kingdom Hearts: Chain of Memories, where Naminé begins restoring Sora's (and in turn, Roxas') memories.

Upon awakening weeks later, Roxas tries to return to his life, but memories of his past and the life of Sora suddenly begin to manifest, making him question and doubt the Organization's true purpose. As tensions begin to rise and Roxas gradually has more and more questions, Xion suddenly abandons the Organization in search of her own answers. Finally fed up with the Organization, Roxas follows suit, betraying and abandoning the Organization, with Axel heartbroken at his departure.

Roxas searches Twilight Town, and eventually finds Xion, who has found out her true identity: she is not a Nobody, but an imperfect replica of Roxas created from Sora's leaked memories by Xemnas in the event that Sora or Roxas turned out to be useless to his plans to free Kingdom Hearts. Xion betrayed the Organization and decides she will not be used for their purposes. Xion, deciding to end her existence but knowing Roxas would not kill her the way she was, transforms into a giant monster and has Roxas fight her. Roxas manages to defeat the monster Xion, who returns to her normal form just long enough to warn Roxas of the dangers of the organization before dying in his arms. Roxas then obtains her Kingdom Key, starting his ability to duel wield Keyblades, which then change into Oathkeeper and Oblivion.

Roxas, filled with rage and grief, travels to The World That Never Was to free Kingdom Hearts early so that the Organization cannot use it and so it could potentially restore Xion. However, at Memory's Skyscraper, he is overwhelmed by a flood of seemingly never-ending Heartless until he is assisted by Riku, who has just overpowered the spirit of Ansem, Seeker of Darkness that possessed him, destroying it but maintaining its dark power. After defeating the Heartless, Roxas turns on Riku. The two fight, and Roxas defeats him. However, Riku unleashes the darkness within him to become Ansem-Riku, summoning Xehanort's Guardian to attack and defeat Roxas. Riku is joined by DiZ, the real Ansem, and the two take Roxas to Twilight Town, where DiZ plans to join Roxas and Sora as one again to wake Sora up and restore his memories. However, knowing the Organization was after Roxas, DiZ placed Roxas in a safe, virtual Twilight Town with no memory of his past, the Organization, or Xion.

Roxas lives his life in the virtual Twilight Town, unaware of everything that happened before. He formed friendships with the other children of the virtual town, took part in athletic competitions, and performed odd jobs around the town. However, things began to change when the town was suddenly hit with a wave of mysterious incidents and Nobodies. Axel had found Roxas, and was ordered to bring him back to the Organization. However, even in the virtual world, Roxas could summon the Keyblade to defend himself.

As Sora's memories are further restored, Roxas begins to dream about him and even make a Dive to the Heart, resulting in him having to battle and defeat the Twilight Thorn. Axel comes for

Roxas, and is upset Roxas does not remember him. He battles Roxas, but Roxas is saved by DiZ's intervention. He also begins to come into contact (both psychically and mentally) with Naminé, and in turn, her true form Kairi. Confused and angry, Roxas seeks answers, but gets none until he finally questions Naminé, who explains what he is before being taken away by DiZ. Roxas follows and escapes the virtual world, where he is again confronted by Axel, who he defeats.

Making his way to the Pod Chamber underneath the mansion, Roxas finds DiZ before the pod containing the sleeping Sora, explaining to Roxas that he plans to join them together again as one. Roxas lashes out in rage and tries to kill DiZ, but only cuts through a hologram. Though upset, he decides to accpet his fate as Sora's pod opens, sadly rejoining with his other.

Throughout the rest of the game, Roxas' presence is felt by all of the characters, especially Sora, who has gained the memories of Roxas. Riku leaves clues on how the Organization can be defeated by appealing to Roxas's side of Sora, eventually leading him to The World That Never Was. Here, Sora is seemingly attacked by Roxas, though this is, in reality, a mental battle taking place between the two sides. Sora manages to overpower and defeat Roxas, who accepts his defeat and returns into Sora.

Later, after Xemnas' initial defeat and the deaths of most of the other Organization members, Roxas projects himself through Sora to meet Naminé one last time, as she is about to join back to Kairi. They belive that as long as Sora and Kairi are together, they will be too, and the two rejoin permanently with their respective others, disappearing as part of them forever.

Data-Roxas, a data version copied from Sora's data in Jiminy's Journal, appears as an anti-villain and final boss in Kindom Hearts: Coded, helping Data-Sora in his mission, but being angry with him for forgetting his friends. He fights Data-Sora, but reveals himself as an ally afterwards and gives Data-Sora the final World Card. He also appears along with Axel and Xion as one of the visions of people that Sora must aid.

Roxas appears to Sora when he's trapped in The World That Never

Was. He tells Sora that everything he is is because of Sora and that there are many others whom he has a connection to, and that Sora is him. Sora tells Roxas that he is his own person. Roxas then gives Sora the memories of his final days, allowing Sora to realize that Nobodies can regain their lost hearts, or grow ones of their own if they take on a new identity. He later appears to Riku in a data-file in Sora's mind when Riku goes to rescue Sora along with Ventus, Xion, and Ansem the Wise.

In the final battle, Sora, now having unlocked the power of waking, is able to awaken Roxas into a new body. Xion is also restored via the mechanations of Xehanort and made a Seeker of Darkness. But with Sora's help, she remembers her friends. Roxas and the other heroes later help close Kingdom Hearts while Sora confronts Xehanort, and he also witnesses Xehanort's death, and Sora sacrifice to save Kairi. The epilogue cutscenes show Roxas, Xion and Lea having ice cream as humans, and joined by a redeemed Isa. Roxas even finally and truly befriended Hayner, Pence and Olette. He is last seen with the other heroes celebrating their victory on the Destiny Islands, After two years of being a nobody and suffering from tragedy after tragedy, Roxas finally became his own person, earned his humanity, and rebult his friendship. It is assumed he lived happily ever after.

Xion

Xion is the Rank XIV member of the original Organization XIII as well as a member of the real Organization XIII. She debuted in Kingdom Hearts 358/2 Days as the deuteragonist and later one of the final antagonists.

She is not a normal Nobody and the only a nominal member of the Organization. Because of this, she does not have a throne in Where Nothing Gathers, nor does she have a title or a type of Nobody to control. Instead, she is an imperfect replica of Roxas created from Sora's leaked memories as a fail-safe in case both Sora and Roxas proved to be useless to Organization XIII's plans. Day 276: Behind the Truth Similar to Riku Replica, Xion was created by the Organization's scientist Vexen. While the nature of her existence enables her to use the Keyblade, Xion's existence also halts Sora's progression of regaining his memories to fully awaken while in his

Memory Pod, something which Naminé, DiZ, and Riku recognize.

As Sora's memories are the basis of her being, Xion initially looked like a hooded doll, but her physical appearance eventually changes depending on who is viewing her and who they have connections with. Majority of the time, she resembles Kairi, who was Sora's strongest memory at the time of her birth, though Xigbar sees her as Ventus, and Xemnas sees her as Sora. As Naminé stated while talking with Riku, Xion's face was originally blank, until Sora's memories found their way into Xion while she gained an identity.

A week after Roxas joins Organization XIII, Xemnas introduces Xion to the other members. After looking at the other members, she smiles up at Roxas, puzzling him. As Roxas departs for his first training mission, he spots Xion shyly watching him nearby, and Saïx formally introduces her to Axel and Roxas.

When Axel is sent to Castle Oblivion, Xemnas entrusts Roxas with the task of looking after Xion, who quickly bonds with him. After only a couple of missions together, Xion removes her hood, surprising Roxas by her gender. She reveals her ability to wield the Keyblade to him and looks after him when he falls into a coma for several weeks in conjunction with Sora being put to sleep to regain his memories. Xion visits Destiny Islands, collects the seashells there including a Thalassa Shell and places them on Roxas's bed. When Roxas wakes up from his coma, Xion is happy and gives him a shell to listen to on the clock tower.

After discovering that Sora and Riku had slain all of the Organization members (except Axel) that were in Castle Oblivion at the time, Roxas, Axel, and Xion all begin spending more time together as per Roxas's suggestion and become fast friends, such as enjoying sea-salt ice cream together. After Xion asks Axel to be her friend, and he accepts, he stops seeing her as a hooded figure and begins seeing her as the black-haired girl that Roxas sees. Unfortunately, Xion can not summon the Keyblade, although she regains the ability on Day 96.

A series of events begin to split the trio apart: While DiZ and Naminé oversee the restoration of the sleeping Sora's memories (moving him from Castle Oblivion to Twilight Town), Roxas begins to experience the process for himself, and starts to ponder over how he is able to wield the Keyblade and doubt the Organization's motives; Axel is reprimanded by their superiors for placing his friendship with Roxas and Xion before the Organization's goals, and Xion is thrown into disarray after a confrontation with Riku at Beast's Castle, who questions who she is and why she wields the Keyblade, especially after he sees her face, although he lets her go.

On Day 150, she was reprimanded by Saix for failing to defeat an impostor which greatly upsets her. The next day she reveals to Roxas the dreams she's been having and her confusion on her role in the Organization.

On Day 171, Xion failed another mission, putting her in a coma. Roxas then begins giving seashells to Xion. After Xion has a dream, or more accurately, a flashback of Sora disappearing in front of Kairi at Hollow Bastion, Xion wakes up beside Roxas on Day 193.

On Day 225, Xion discovers the Organization's computer and reads records about her existence.

On Day 255, Xion visits Castle Oblivion and crosses paths with Axel who is on a mission. She learns who she is and escapes the Organization.

On Day 276, Xion decides to visit Destiny Islands again. She is overwhelmed by memories and faints. She is saved by Riku and he tells her of his current condition. He explains to her that his friend Sora needs Xion to return him his memories if he is to ever awaken. She doesn't understand why she has Sora's memories to begin with, causing her to become torn between staying with her friends in the Organization or leaving to merge with Sora as Riku suggests. Xion travels with Riku for several weeks, eventually leaving him to stay at DiZ's base in Castle Oblivion.

On Day 298, Xion is found by Roxas in Twilight Town and he invites her to return "home" with him, but she says she is unable to. Xion tries to flee again, but Roxas stops her, prompting her to point her Keyblade at him. Axel appears and fights Xion, knocking her unconscious, forcibly returning her into the Organization.

On Day 321, Naminé's attempts to restore Sora's memories are soon halted when Xion starts absorbing them faster, causing Roxas to weaken while she becomes stronger, as Xemnas intended. Later, Xion informs Axel of this strange situation and he tells her she could think of an answer to this problem herself. She also tells him she saw a boy today who looks just like Roxas, implying she saw Sora somehow.

On Day 352, after being tricked into fighting Roxas by Saïx at Halloween Town, Xion decides to take Riku's advice and leaves the Organization. The next day, Xion fights Xigbar in Wonderland who perceives her as Ventus and knocks him unconscious. She unhoods in front of Axel who was also on the mission, shocking him, and asks him to let her go, which he agrees to, and she retreats through a Corridor of Darkness. Xion talks to Riku at Beast's Castle, wondering what she should do next, and he implores her to find Naminé in Twilight Town for answers.

On Day 356, Xion meets with Naminé in Twilight Town's Old Mansion in order to learn about her nature and how it affects Roxas. Naminé informs her that she is a replica made from Roxas's memories, rather than a Nobody and that this means that reuniting with Sora will cause her to not only no longer exist, but also be completely forgotten. Xion persists in her commitment, certain that it's where she belongs but is interrupted by DiZ, intruding in the conversation to warn them that they have been located by a member of the Organization. Xion goes to investigate and finds Axel, upset that he has been tasked with retrieving her, and conversely that letting her reunite with Sora as she wants would also result in her termination. Xion explains that she is committed to her path, and asks Axel "Please don't hold back". In response, he promises that he will "always be there to bring [her] back". Axel is able to subdue Xion after an intense battle, and limps back to the castle with her unconscious body in tow, fainting at the entrance. From there, Xemnas drags Xion away to reprogram her using the Organization XIII Devices that he had planted throughout the world.

The next day, Roxas finds Xion at the Twilight Town train station, and after she reveals her altered, Sora-like form to him, she explains that she has been compelled by Xemnas to absorb Roxas and become a "full" Sora, which would, in turn, prevent the real Sora from ever waking. It is explained in her Secret Reports that this is somewhat of a ruse-she knows that Roxas will disappear if she continues to exist, so she plans to force Roxas to absorb her, saving himself and thwarting Xemnas's plan. She then transforms into a monstrous version of Sora using Xemnas's devices, and attacks. During the battle, Roxas and Xion are transported to Wonderland, Halloween Town, and Agrabah, before returning to Twilight Town. In each world, Xion absorbs power from the "devices" that were placed there, which contain memories of Sora's battles in each world.

After a long and grueling battle, Roxas manages to defeat her, while she regains her original appearance in his view. He doesn't seem to recall who she is, though she assures him that he'll be better off now. While Roxas cradles her in his arms, she tells him that she chose to sacrifice herself to slow down Xemnas's plans, asks that he prevent Xemnas from obtaining Kingdom Hearts, and tells him that she is glad that she met him and Axel. As Xion's body crystallizes and disintegrates, Roxas suddenly remembers her name and holds her hand until she disappears completely, leaving behind a single Thalassa Shell.

Though Naminé states that everyone's memories of Xion will vanish as she does, Roxas, Riku, Xemnas, and Saïx manage to retain some memories of her into the next day. By then, Roxas has returned to The World That Never Was in order to set Kingdom Hearts free, which he hopes will reunite him with his lost friend. However, he is being stalked by a swarm of Neoshadow Heartless, as well as a determined Riku, who has arrived to capture Roxas to finish Sora's memory restoration. Riku looks down upon the Nobody as Roxas starts his path up the skyscraper. When Xion's lingering influence makes Roxas throw his Oblivion Keyblade to Riku, she is able to communicate to Riku, begging him to stop Roxas before he can reach Xemnas, because she believes Roxas is not strong enough to face him yet.[1] With the message, Riku receives memories of the time he spent with Xion, shocking him for a moment, but they begin to fade as he reaches the ground.

When Roxas and Riku finish eradicating the Heartless, they turn on each other for a battle. By this time, it is a struggle for Roxas to even remember Xion's name, and all he knows about her is that he wants her back. While Roxas is able to knock Riku down first, Xion then projects her words to Riku, somehow telepathically, to stop Roxas at any cost, and so he does once he removes his blindfold and transforms into Riku-Ansem. Unconscious, Roxas hears Xion talking to him through his mind, telling him not to be sad, as she has become one with him and Sora, and that soon Roxas will also join them. Despite the fact that memories of Xion have been forgotten by everyone, she tells him that she still has her own memories, so she doesn't mind that he has forgotten her, as she won't forget him or Axel. As Riku knocks him out, Roxas's last memories of Xion fade away.

In the Data Castle Oblivion, Data-Naminé reveals to Data-Sora and King Mickey that Xion is one of the people that, while gone, is still connected to Sora's heart. Data-Sora wonders who she is and remarks that she feels familiar and that something terrible must have happened.

After Sora catches up to Naminé in his dream in The World That Never Was, she suddenly transforms into Xion. Xion does not respond to Sora's questions, merely looking at the floor with a look of sadness on her face. Although Sora doesn't recognize her, he suddenly sheds a tear, to his own surprise and confusion. Xion raises her hood and runs off.

After catching up to Xigbar, Sora comments on how Axel, Roxas, Naminé, and "that other girl" all must have had hearts. When Sora reaffirms to Xigbar that his strength comes from his friends, Xigbar sees an image of the many individuals connected to Sora standing behind him, including Xion. Unnerved, Xigbar leaves Sora to Xemnas and leaves.

After Riku dives into Sora's heart and defeats the Armored Ventus Nightmare, he appears on a memory of the Destiny Islands. After meeting Roxas and Ventus, who each ask him a question, Riku finds Xion sitting on the paopu tree. He does not remember her and questions who she is. She then asks him what he wishes, and disappears once he answers.

Saïx found Vexen's notes on replica No. i, sparking his memory of

Xion; thus her revival was added to his atonement. While meeting at the Keyblade Graveyard with Master Xehanort, Saïx recommends reviving Xion to serve as Sora's replacement in their ranks.

Xion's heart is brought from the past by Young Xehanort and placed in a replica along with a fragment of Master Xehanort's heart. However, because her heart came from the time before she had a sense of self, Xion has no will to act; she is kept at the Keyblade Graveyard until the final battle.

Lea's subconscious memories of his time with Xion continue to persist as he trains with Kairi, and he often catches himself staring at her because their resemblance stirs his memories of his lost friend.

While traveling in the Gummi Ship, Sora and company are contacted by Ienzo, who informs them Sora has three unique hearts on his own. While they agree that the first two hearts belong to Roxas and Ventus, they are unable to identify Xion as the owner of the third.

On the eve of the final battle, Saïx tracks Lea down at the Clock Tower and points out that Lea has bought an extra ice cream bar for Xion without realizing it.

At the Keyblade Graveyard, Xion accompanies the real Organization when they confront the Guardians of Light and pairs with Saïx to fight Lea and Kairi. Saïx subtly tries jogging Xion's memory by saying Axel and Roxas's names. When Xemnas appears and attempts to kill Lea, Xion intervenes. Stirred by this, Roxas's heart calls out to her via Sora, causing Xion to waver further, eventually leading to the present day version of her heart leaving Sora's to inhabit the replica vessel and displace the past version back to its proper time. Shortly afterward, Xemnas's imperilment of Xion and Sora triggered Roxas's heart to fly to his waiting vessel, allowing him to stop Xemnas from executing her and Lea. Xion, Roxas, and Sora then battle and defeat Saïx.

After Master Xehanort opens Kingdom Hearts, Xion arrives with Lea, Roxas, Ventus, Aqua, and Terra to help King Mickey and Riku hold off its power while Sora sends Master Xehanort to Scala ad Caelum with the intent of keeping him from using Kingdom Hearts. She assures Sora that Kairi would be safe.

However, the Replica Xehanorts, which Sora had just fought, emerge from Kingdom Hearts and pull the Guardians into the sky where they are cornered by them. The guardians manage to triumph over the Replicas but end up getting sucked up into the multiple keyholes created from Kingdom Hearts.

Despite this, future Sora manages to free Xion and the others by connecting their bonds, allowing them to play a part in fully restoring Kairi to normal. Once Sora and Kairi defeat the Armored Xehanort replica, the Guardians of Light all rejoin at the battlefield to finish him off. Everyone aims their Keyblades at Xehanort and fire off a large beam of light that manages to pierce Xehanort, destroying him for good. Once the battle is over, the heroes all travel to where Sora's heart is located, which is Scala ad Caelum.

After Sora, Donald, and Goofy defeat Master Xehanort, Xion and the other Guardians help close Kingdom Hearts and return to the Keyblade Graveyard

In the aftermath, Xion, Roxas, and Lea return to Twilight Town at the clock tower to spend time together once again. Xion also becomes friends with Isa, Olette, Hayner, and Pence once they join the trio on the clock tower.

Riku arrives in the Highwind and takes them to the Destiny Islands for a party celebrating their victory over Xehanort. Xion is shown collecting seashells with Naminé and watches as Kairi shares a moment with Sora before he fades away.

After one year passes by, the Twilight Town crew are revealed to studying Roxas and Xion's memories in hopes of finding the whereabouts of the missing Sora.

---

They gasped!

Leon: That's horrible! I knew that Master Xehanort was bad but he is worse than ever.

Yuffie: Yeah his plan is just pure evil!

Me: Yeah and we have to kill him or the Universe as we know it will be totally destroyed.

Lincoln: That's right.

Leon: And I knew the members of Organization XIII before they became Nobodies. It's awful that happened to them.

Elena: I know that feeling. I used to be Larxene before Aqua saved me from myself. I can't believe that I would turn into such a sadistic monster.

Lea: And I used to be Axel.

Luxord: I am no longer affiliated with Organization XIII.

Xion: I am not part of the organization after everything they did to me.

Laney: And we all got their weapons to use for ourselves after we defeated them the first time.

Luan: It's true.

Me: Yep and we have half of the Organization XIII members in our frenemies the Masters of Evil. They put up a really good fight.

Lincoln: It's true. They have Larxene, Xaldin, Demyx, Zexion, Vexen and Saïx in their group.

Fluttershy: That is strange but interesting. So we have 6 members of Organization XIII in there.

Me: Yep and we have Lea, Elena, Luxord, Aeleus, Roxas and Xion in our group.

Cid: So half and half.

Xion: Well actually I was never part of Organization XIII to begin with.

Me: It's true. Someday we're going to recruit Isa, Dilan, Ienzo, Lauriam, Even and Ansem into our ranks.

Sora: That's awesome.

Kairi: It sure is.

Yuffie: I hope you all do.

Laney: We will.

Me: Someday. But right now we have to focus on the matter at hand. Our primary objective is to find Kairi's past self and rescue her. And the Heartless will stop at nothing to kill us.

Leon: That's right. You guys are all incredibly strong and you have the power to do many great things. But you must be vigilant at all times.

Me: Right.

Stewie: (to Cid) If you're working on anything, maybe I can help out.

Cid: Thanks Stewie.

I then sensed something.

Me: We've got company!

Suddenly, a Heartless Soldier appeared.

Sora: A Soldier!

Tsuki slashed it and killed the Heartless.

Me: Lets free this place of Heartless.

Nico: Lets do it.

We went outside and we saw many heartless appear!

Me: Blast and Slash them!

We did so and fired blasts of energy and lightning and slashed them all over and smashing them all over. We got a massive negative energy power increase!

Nico: Whoa! Yeah!

Pyrrha: Whoa!

Weiss: That was amazing.

Lola: That's the beauty of a Negative Energy Power Increase.

But then Kaos, Carly, Skinner, Vypra, Calamitous, Zs'Skayr and Xaldin appeared.

Me: Kaos, Carly, Skinner, Vypra, Calamitous, Zs'Skayr and Xaldin.

Nico: Nice to see you all here.

Vypra: Yeah we heard about what you guys were gonna do.

Kaos: It's not my turn so I decided to help you all out.

Nico: Cool.

Maria: You guys know the rules, right?

Carly: Vypra explained them to us.

Xaldin: It's actually weird that I'm showing up here in this adventure.

Vypra: You're actually right. At this point in time, Organization XIII wasn't formed yet.

Me: That's right.

Leon: They must be the Masters of Evil.

Me: That's right. They are our frenemies. But when we face the evil version of Xaldin and all his team in the future that is gonna be one helluva challenge. When the Masters of Evil show up we have usual battles with them and they are an awesome challenge.

Vypra: It's true.

Yuffie: That's cool.

?: Too bad you will die before you do those challenges!

A figure came out and it was VULTURUS from episodes 20 and 21 of Operation Overdrive!

---

Vulturus is a vulture/dragon-like monster created by Thrax for use in his evil alliance and is the secondary antagonist of the special two-part team up episode "Once a Ranger".

This white vulture/dragon-like monster was summoned by Thrax, supposedly, according to Thrax, he is invincible, or was thought to be. He is grown and sent to attack the past and future Rangers in both the Drivemax Ultazord and the Flashpoint Megazord, it had the upper hand thanks to its sheer power, only to be destroyed/sliced by Mack using the sword Excelsior.

Later he was somehow found weakened but in one piece by the villains. Flurious managed to restore his strength and upgrade him with a Gyro into a more human-like form. The revived Vulturus fought in Thrax's final battle against the eleven rangers where he was destroyed once and for all by the Mercury Ranger's Drive Detector.

---

Mack Hartford: Vulturus!

Vulturus: (to the Operation Overdrive and Veteran Rangers) I have a score to settle with all 11 of you Rangers. And this time, your powers won't be enough to save you!

Me: I remember you! You were sent to the past to destroy the Past and Future Rangers and kill them to make sure that all the rangers never came into being!

Nico: That is insane!

Me: He is one of the monsters I hate in the franchise!

I fired an energy blast and it hit Vulturus and obliterated him in an incredible fiery explosion!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: Vulturus you have failed this universe!

Me: Absolutely!

Vypra: I never liked him either.

Me: Yeah. We also decided to include combos with each of the Skylanders in each of the usual battles to make them exciting. First up is the Dark Skylanders

Knight Mare: But there's only six of us so that will only cover 3 groups.

Eye Scream: And me and Fisticuffs will only cover 1 group.

Fisticuffs: So technically that's 4 groups.

Me: Don't worry. Me and Kaos have already thought of that.

Kaos: Watch.

Me and Kaos used the powers of Imaginite and made a Bowslinger and Bazooker Class Doomlander and I made a Dark Knight Skylander named Moondark and a Dark Sorcerer Skylander named Moongem! They looked like Sirocco but with pitch black clothes and wings and black weapons and they had dark powers.

Kaos made a Doomlander with a Skull Bazooka and she had a wicked cool helmet and armor and he also made a warrior with armor and glowing yellow eyes and he had a scary bone bow.

Kaos: Meet my Bowslinger and Bazooker Doomlanders!

Me: Nice! Meet Moondark and Moongem.

Moondark: Hello there.

Moongem: Nice to meet you.

Lori: Same here.

Me: Lets get our usual battles out of the way and then we can go after the Boss Heartless here.

Carly Carmine: Okay.

We went at them.

---

Battle 1: Carly Carmine

---

Haiku, Knight Mare, Astro Man, Blackout and Galaxy Man were facing Carly Carmine.

Carly Carmine: This is an interesting battle for you guys.

Haiku: It sure is.

Knight Mare: Lets see what we can do.

Blackout: Yeah!

Astro Man: Lets do it.

Galaxy Man: Bring it on.

Carly called out her Pokemon and they went at her.

Astro Man and Knight Mare: STELLAR SHADOW BLAST!

Astro Man and Knight Mare fired blasts of darkness and stars.

Galaxy Man and Blackout: ECLIPSING BLACK HOLE BLAST!

They fired powerful blasts of darkness and black hole energy and Haiku and everyone fired blasts of darkness and they hit Carly and her Pokemon and knocked them down.

Haiku: Awesome.

---

Battle 2: Skinner

---

Dana, Blizzard Man, Nightfall, Starcast and Tundra Man were facing Skinner.

Skinner: I got to admit this is really genius for you all to come up with this.

Dana: Thanks.

Blizzard: It was a clever method to use in this kind of adventure.

Starcast: I'm impressed.

Nightfall: Same here.

Tundra Man: Shall we dance?

Skinner: Lets.

Skinner called out his Pokemon and they went at him.

Blizzard Man and Nightfall: DARK BLIZZARD SNOWSTORM!

Blizzard Man fired a wave of ice and Nightfall fired waves of darkness from her hair.

Tundra Man and Starcast: DARKNESS SHURIKEN WHITEOUT!

Tundra Man fired waves of ice and Starcast fired his shuriken.

They also fired waves of ice and snow and blasted him all over over and froze him and his Pokemon.

Dana: Awesome battle.

---

## Battle 3: Vypra

Luan, Hood Sickle, William, Nightshade, and Shego were facing Vypra.

Vypra: Clever thinking coming up with making your own Skylanders for this.

Luan: J.D. saw Twilight Sparkle do it and he figured why not make his own Skylanders for the groups that have very few Skylanders like Light and Dark.

Hood Sickle: It was a very good way to improvise.

Nightshade: Indeed. I am very impressed.

Shego: Same here.

William: Shall we dance?

Vypra: Lets.

Vypra called out her Pokemon and they went at her.

William and Hood Sickle: DARK THUNDER DEADSLASH!

William fired a blast of lightning and Hood Sickle fired blades of darkness.

Shego and Nightshade: DARKNESS PLASMA GREENFLAME!

Shego and Nightshade fired blasts of green fire and darkness.

Luan fired blasts of light and they all hit Vypra and her Pokemon and knocked them out.

Luan: That one Eclipsed your victory! (Laughs) Get it?

They laughed.

Battle 4: Calamitous

---

Lisa Loud, Eye Scream, Stewie, Fisticuffs and Bowser Jr. were facing Professor Calamitous.

Calamitous: This is gonna be a most intriguing battle for us.

Lisa Loud: Indeed. Darkness and geniuses.

Stewie: Good term Lisa.

Fisticuffs: We were trapped by Traptanium and we are now redeemed.

Eye Scream: It's true.

Bowser Jr.: Wow. Lets do it.

Calamitous: With pleasure.

He called out his Pokemon and Lisa and her team went at him.

Stewie and Eye Scream: TECHNO DARKNESS EYE BARRAGE!

Stewie fired waves of energy gears and Eye Scream fired a barrage of eyeballs.

Bowser Jr. and Fisticuffs: FLAMING DARKNESS ARMPUNCH!

Bowser Jr. fired a massive blast of fire and Fisticuffs extended his arm and it was enveloped in fire.

Lisa fired waves of gears and the blasts and attacks slammed into Calamitous and his Pokemon and knocked them out.

Lisa Loud: A most amazing and impressive battle. We should have battles like this with all the Skylanders more often.

Eye Scream: I agree. This was fun.

---

## Battle 5: Zs'Skayr

---

Edd, Bowslinger Doomlander, Soundwave, Bazooker Doomlander and Shockwave were facing Zs'Skayr.

Zs'Skayr: I think that this is a genius way to have our usual battles.

Edd: I agree.

Bowslinger Doomlander: This is gonna be really fun.

Bazooker Doomlander: It sure is and nothing is gonna be better than the Pancake House.

Soundwave: You really like pancakes don't you?

Bazooker Doomlander: It was part of my catchphrase.

Shockwave: That's funny. Shall we dance?

Zs'Skayr: Lets do it.

Zs'Skayr called out his Pokemon and they went at him.

Soundwave and Bowslinger Doomlander: SOUNDSHOT ARROW BARRAGE!

Soundwave fired a Concussion Blast and the Bowslinger Doomlander fired a massive barrage of arrows.

Shockwave and Bazooker Doomlander: ELECTROMAGNETIC LIGHT BAZOOKA BLAST!

Shockwave fired a massive blast of visible light and the Bazooker Doomlander fired a massive barrage of rockets and Edd fired a massive barrage of repulsor blasts and the blasts hit Zs'Skayr and his Pokemon and knocked them out.

Edd: A most pleasurable victory.

---

Battle 6: Xaldin

---

Beast Boy, Moongem, Moondark, Jarrod and Camille were facing Xaldin.

Xaldin: That's amazing that J.D. can make his own Skylanders like this.

Beast Boy: He thought it would be really beneficial to the groups of Skylanders that have few members.

Moongem: It's true.

Moondark: Yep. He's a genius.

Jarrod: Don't give him a swollen head guys.

Camille: Shall we dance?

Xaldin: Lets do it!

Xaldin called out his Pokemon and he had his Spears ready and they went at him.

Jarrod and Darkgem: LION DARKNESS SORCERER WHEEL!

Jarrod fired a powerful blast of yellow energy and Darkgem fired a wheel of darkness.

Camille and Moondark: CHAMELEON DARKSLASH BLAST!

Camille fired a blast of green energy and Moondark fired a wave of dark blades. Beast Boy fired a powerful blast of primal energy and the blasts all hit Xaldin and knocked him and his Pokemon out.

Beast Boy: Good victory.

---

All the usual battles were done.

Astro Man: Now that the usual battles are done, we should start exploring Traverse Town.

Me: Good idea.

Carly Carmine: This is a good place to check out.

Me: It sure is. Wait Sora, I remember that this is also the place where Pongo and Perdita and all 99 of their puppies from 101 Dalmatians live. Looks like we have to search for all 99 puppies throughout this whole adventure.

Sora: We sure do.

Nico: Wow. That's gonna be like finding 99 needles in a haystack.

Naruto: Yeah but we can do it.

Me: Lets go.

We walked around the whole of Traverse Town and we were destroying Heartless as we walked and gaining strength and power and we were also finding treasure and we found 12 Dalmation Puppies for the world of Traverse Town.

Me: That's 12 out of 99 so we have 87 more to find.

Sora: Wow.

Laney: Really good start.

Carly Carmine: Yep.

We walked around some more and we got to the main square and then more heartless came and we blew them apart!

Me: This is getting too easy.

Then a massive armor suit fell and put itself together and it was THE GUARD ARMOR!

---

The Guard Armor is an Emblem Heartless that is found in Kingdom Hearts, Kingdom Hearts Chain of Memories, Kingdom Hearts 358/2 Days, Kingdom Hearts coded, and all of their remakes. It is one of the bosses at Traverse Town and Olympus Coliseum.

The various pieces of the Guard Armor, known as "Armored Torso", "Gauntlets", and "Hammerlegs", are able to move independently, and by rearranging its pieces, the Guard Armor can transform into the more powerful Opposite Armor.

The Guard Armor's body is divided into several pieces-a body, a head, two arms, and two legs-none of which are directly connected to each other and all of which can act independently of the other. The Armored Torso is vaguely hour glass-shaped, violet with a lilac, diamond pattern around its waist, and has light black additives on it. The Heartless emblem is emblazoned on the center of the armor. Its head is violet, spherical, and sports three silver spikes and a silver faceplate with several holes in it. Both of the Gauntlets are violet with wide wrists and three lilac, segmented fingers. The Hammerlegs are short, violet, and ends in large, hammer-like, black feet. All of the pieces of the Guard Armor seem to be hollow.

In Kingdom Hearts Final Mix, the violet sections of the Guard Armor are silver, its torso gains red, yellow, and blue stripes on its upper half, its head becomes red with yellow spikes, and the additives on its top and upper rims become blue and yellow, respectively. Its fingers become grey, while its feet become red.

The Guard Armor's name references its armored body and the fact that it first protects the Heartless in Traverse Town, and later guards the Traverse Town Keyhole.

---

Me: Whoa!

Sora: The Guard Armor!

Blizzard Man: I know the Heartless can't talk. But I think I know what the Guard Armor plans to do to us!

Me: Kill us! Lets get him!

Troy: Let's take out the body parts. And then, deal with the body!

Megaforce Rangers: Legendary Ranger Mode: Dino Charge!

The Megaforce Rangers turned into the Dino Charge rangers!

We summoned our Keyblades and went at him and we slashed, blasted and burned and destroyed him all over the place. We blasted him all over with powerful blasts of energy and our weapons and more. Tassanil, Crawsectus, Qwun, Arrthoa, Gintanai, and Nom blasted it all over with blasts of energy and fire and smashed him all over the place.

We fired powerful elemental blasts and they formed into angels and birds of many types and they slammed into the Guard Armor and knocked it down in a huge explosion!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion scattered its pieces all over the place.

Me: That was too easy.

But our victory was short lived as the pieces were moving.

Starlight Glimmer: The Guard Armor still isn't down?!

Me: Uh oh.

The pieces reformed and the Guard Armor transformed into the more powerful and much bigger OPPOSITE ARMOR!

Sora: Oh yeah. I forgot about the Opposite Armor.

Me: It's huge! Lets do some teamwork on it!

Vambre: Oh this is gonna be good.

Starlight Glimmer: Lets do it!

Announcer: LITTLE BLUE BOMB AND BOULDER MAGISWORDS!

Vambre and Starlight Glimmer: SUPER TEAMWORK COMBO: SMASHING DEMOLITION BOULDER BOMBS!

They fired waves of boulders and bombs and they hit the Opposite Armor Heartless and they exploded all over!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOMMMMM!

Twilight Sparkle: Lets do it.

Announcer: CUCKOO-NUT AND UNICORN HORN MAGISWORDS!

Prohyas and Twilight Sparkle: SUPER TEAMWORK COMBO: RAINBOW COCONUT BOMBSTORM!

They fired a barrage of coconuts and they hit the Opposite Armor and exploded with massive explosions of magic all over the place.

Witchy Simone: Awesome! Lets see how it likes this one.

Laney: Lets do it.

Announcer: LITTLE BLUE BOMB AND CARNIVOROUS PLANT MAGISWORDS!

Witchy Simone and Laney: SUPER TEAMWORK COMBO: PLANT BIND BOMBSNARE!

They fired bombs made of plants and they hit the Opposite Armor and entangled it in vines and trapped it.

Blaster: Lets do some awesome teamwork!

Nelson Muntz: Yeah!

Blaster and Nelson used the Earth Cyber Planet Key and they enhanced Blaster's electro-scrambler gun and Nelson's powers 100-fold.

Calypso used the Animatron Cyber Planet Key and Soundwave used the Planet X Cyber Planet Key and they enhanced Calypso's jungle powers and Soundwave's energy disk chest blaster 100-fold.

They fired waves of energy and elemental blasts and the blasts all slammed into the Opposite Armor and exploded with incredible power!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared, all that was left of the Opposite Armor was his chest and head.

Me: Final Smash time!

Starlight Glimmer: This is gonna be awesome! I have a new sword to try out.

Starlight Glimmer unsheathed her awesome new sword and it was called Valine - A celestial sword that is made with the powers of a pulsating nebula.

Nicole: Whoa! That is an awesome sword Starlight.

Starlight Glimmer: Thanks Nicole. Watch this. STARLIGHT NEBULA SLASH!

She slashed the Opposite Armor and it caused a massive wave of stars to explode out from the gash in the chest plate and it cracked.

Sora: Nice one! Mom you want to help out?

Tsuki: Lets do it son.

Sora and Tsuki: PYROCUMULOUS THUNDERSTORM BLAST!

They fired waves of fire and lightning and they formed into a deadly pyrocumulous cloud that rained down numerous lightning strikes on the Opposite Armor and blew it apart in powerful explosions.

All that was left of it was its head.

Eli: I'll finish it off. LIGHT ANGEL STYLE NINJA ART: DIEM EX DEI!

Eli floated into the air and he spread his light angel wings as a curtain of light swirled around him and he sang Diem Ex Dei by Globus.

Umbra Dextras, Prima Orbis

Templa Prospice, Diem Ex Dei

He fired the blasts of light and they formed into the Angels of God and they slammed into the head of Opposite Armor and obliterated it into nothing and we got a massive and powerful power boost as a result.

Elsewhere on another world, a familiar force felt this incredible power and he knew that Eli was there. His eyes were glowing red with incredible hatred and evil!

?: Eli!

Back in Traverse Town we had won.

Me: Wow! That was awesome!

Sora then gasped and he went into his subconscious. He saw the past version of himself that he merged with.

Young Sora: You are me from the future!

Sora: That's right. And you have an amazing future ahead of you Sora.

Young Sora: So I know more about the Keyblade and all that?

Sora: Yep. You are a great warrior and you have a powerful light inside you that brought so many worlds and a lot of people together.

Sora told him about everything that happened to him on his awesome adventures and more and Young Sora was shocked and surprised and more.

Young Sora: So I'm married to Kairi!? That's so cool!

Sora: Yep. It's a great life.

Young Sora: Wow! I'm so happy.

Sora: Me too. You are a light for all the worlds and you can do great things with me and all your friends.

Young Sora: I will do my best to help you all.

Sora: That's the spirit. As long as our hearts are united as one we can do anything.

Sora was back.

Me: This was an epic battle. But the adventure has just begun.

Nico: Yep.

Yuffie: You guys are awesome at what you do.

Skinner: (to Leon) I think you and your friends should go with us to the other worlds out there.

Leon: I'm sorry. But that's against the world order.

Calamitous: What world order? It's pretty much dead now.

Zs'Skayr: If the 6 of us can be in this world of our own accord, so can all of you.

Me: That's right and I did some research on it and found out that the so-called World Order is nothing but a crock of absolute bullshit.

With Xehanort and his minions and the heartless posing as a tremendous threat to the entire universe in general we're gonna need all the help we can get to take them down in the future and make them pay for all their crimes.

Leon: You do have a point. All right then we'll help you all out.

Nico: Awesome.

Me: This is just the beginning however.

Sora: Yep.

Me: Lets take a break and continue on to the next world later.

Nico: Good idea.

We went back home for a rest.

Sora: (To the Viewers) Exploring worlds is fun but this is just the beginning of our awesome adventure in the worlds we went to in my adventure.

Me: It sure is. Next up is Wonderland and we're going to face the evil Queen of Hearts next.

Alice Liddell: (British Accent) It's gonna be awesome seeing Alice again.

Me: Yep.

We rested. The Ultimate Adventure of Sora had just begun.

To Be Continued…

# Journey Into the Heart Part 2

"Alice In Wonderland"

---

In the estate at Sunrise we were waking up. Ruby Rose was just starting to wake up and she then opened her eyes. Ruby woke up to see Horsea looking right at her.

Horsea: Good morning, Ruby!

Ruby Rose: Oh morning Horsea.

Maria came in.

Maria: Oh there you are Horsea.

She picked her up.

Maria: Morning Ruby. Have a good sleep?

Ruby Rose: I sure did.

Maria: Breakfast is almost ready.

Ruby Rose: Okay.

She got up and got dressed.

We were having breakfast and we were having Pancakes and French Toast.

Yang: Good breakfast.

Me: Thanks Yang.

Ruby: Horsea, how did you and Maria meet?

Horsea: That is a really interesting story.

Maria: Me and Horsea met when we were in the world of Narnia.

Me: It's a really great story with an epic battle.

I revealed everything that happened during that time and it was a fantastic story.

Lincoln: It sure was an epic battle.

Ruby Rose: Wow! That's incredible.

Blake Belladonna: It sure sounds like it.

Emerald Sustrai: Yeah. But it's good that the White Witch got what she deserved.

Lincoln: Yep.

Later in the rocklands of the outskirts of the city we were over at the stone house of Pinkie Pie. Pinkie Pie comes from a family of rock farmers.

Plant Man: So this is where you live, Pinkie?

Pinkie: Yep! This is my home and it is where we live! Whee!

Nicole: Wow! She lives in one of those old fashion stone houses from the old prehistoric times. Like in the Flintstones. This is what I call a true home for the greatest of rockhounds.

Laney: It's so cool.

Rainbow Dash: It sure is. What's a rockhound?

Nicole: It's a way of calling geologists and rock admirers.

Fluttershy: That's cool.

Lincoln: So why are we here?

Me: We're here to have a little talk with Pinkie's sister Limestone Pie. We got word that she was a total jerk to Applejack and her family.

Riley: J.D., you're not gonna do anything drastic to Limestone Pie, are you? Like kill her?

Me: No no. Just reprimand her and tell her the error of her ways to Applejack and her family.

Nico: Good.

We went over to the house and surprisingly Ransack was there to warn Limestone Pie of us coming.

Cybertron Ransack: Limestone Pie, was it? Listen, you need to get out of here while you still can before the rest of my friends get here!

Limestone Pie: Why should I!? I'm not scared.

We walked over to her.

Me: Limestone Pie right?

Limestone Pie: Yeah? I take it you're here to talk to me.

Me: Yes.

Skids: You know what? It's clear that we can't change your mind. I'll be waiting outside. Call me when you've Hakaiied Limestone Pie.

Me: We are not gonna Hakai her. Now Limestone we need to have a little talk about your attitude towards Applejack and her family here. Don't you think you were a little harsh towards them?

Limestone Pie: (Sighs) Yes you're right. I was a total jerk and I won't deny that. But I was just enforcing my family's traditions.

Me: And I respect that but you don't have to do it so harshly.

Pinkie Pie: Yeah Limestone. We love you but you need to be nicer to my friends.

Fluttershy: I agree. What you were doing to them was not nice and I think it's best that you apologize to them.

Limestone: You're right. Applejack, I'm sorry.

Applejack: (Cowboy accent) Apology accepted.

Me: Good.

Nico: At least that went well.

Me: Yeah. I think we're done here for now until we go after Cozy Glow's Pony Self.

Vince: Yeah.

---

Later we were back in the simulator for the second part of our adventure in the worlds of Kingdom Hearts. We were getting ready to head into the world of Alice In Wonderland from 1951.

Laney: This is gonna be awesome! I love Alice In Wonderland.

Fluttershy: This is gonna be amazing to see what it's like.

Wallflower: I'm excited myself and Alice In Wonderland is one of my favorite stories.

Me: Awesome. Lets get going.

We went into the Simulator and it activated and we found ourselves back in the universe of Kingdom Hearts and we were in the world of Alice In Wonderland from 1951.

Me: Wow. We're in Victorian Era, England.

Alice Liddell: (British Accent) It's like I'm back home.

Nico: It sure feels like it.

Lincoln: Yeah.

Me: There she is.

We saw Alice by a tree and she had her cat Dinah with her.

Alice: That's it, Dinah! If I had a world of my own, everything would be nonsense. Nothing would be what it is, because everything would be what it isn't. And contrariwise, what it is, it wouldn't be, and what it wouldn't be, it would. You see?

Dinah: Meow!

Alice: (climbs down tree) In my world, you wouldn't say 'meow'. You'd say 'Yes, miss Alice'.

Dinah: Meow!

Alice: (picks up Dinah) Oh, but you would! You'd be just like people, Dinah, and all the other animals too. Why, in my world… (sings) Cats and rabbits, would reside in fancy little houses, and be dressed in shoes and hats and trousers. In a world of my own. All the flowers would have very extra special powers, they would sit and talk to me for hours, when I'm lonely in a world of my own. There'd be new birds, lots of nice and friendly howdy-do birds, everyone would have a dozen bluebirds, within that world of my own. I could listen to a babbling brook and hear a song, that I could understand. I keep wishing it could be that way, because my world would be a wonderland.

Me: You have a beautiful voice Alice.

Alice: Oh hello everyone.

Me: Good to see you again. Sorry we couldn't see you a while back.

Alice: That's all right everyone.

Lincoln: We have been very busy working and saving the universe.

Lola: Yeah we sure have.

Alice: I'm glad you all are doing well everyone.

(Just then, Dinah saw what appeared to be a white rabbit with a waistcoat walking by.)

Dinah: Meow! Meow! Meow!

Me: Hey look there.

Alice: Oh Dinah! Its just a rabbit with a waistcoat… (surprised) and a watch!

Me: It's the White Rabbit.

White Rabbit: (looks at watch) Oh my fur and whiskers! I'm late, I'm late I'm late! (hops off)

Me: Whoa he is in quite a hurry.

Alice: Now this is curious! What could a rabbit possibly be late for?

Me: Lets follow him!

Aqua: Right.

Alice: (follows rabbit) Please, sir!

White Rabbit: (continues hopping) I'm late, I'm late, for a very important date! No time to say hello, goodbye! I'm late, I'm late, I'm late!

Me: Boy he is really late.

Laney: Sacre bleu!

Alice: It must be awfully important, like a party or something! Mister Rabbit! Wait!

We continues to follow the rabbit.

White Rabbit: No, no, no, no, no, no, no, I'm overdue. I'm really in a stew. No time to say goodbye, hello! I'm late, I'm late, I'm late! (jumps down rabbit hole)

Alice: My, what a peculiar place to have a party.

Me: Lets go follow him.

Dinah: Meow!

Me: You first Alice.

(Alice squeezes herself in the hole.)

Alice: You know, Dinah, we really shouldn't… uhh… uhh… be doing this. After all, we haven't been invited! And curiosity often leads to troubl-l-l-e-e!

Me: Whoa wait for us!

(Suddenly, Alice tumbles and falls down the hole.)

We follow her down the rabbit hole.

Alice: Goodbye, Dinah! Goodbye!

(Dinah waves goodbye to us. As Alice falls down the hole, her skirt of her dress became a parachute, slowing down her fall.)

Me: Whoa! Good thing that happened.

Kairi: Yeah.

Alice: Oh! Well, after this I shall think nothing of fa-… (pushes apron off her face) of falling downstairs!

Nico: I hope this doesn't make you uncomfortable as you float down Alice.

Alice: I'll be fine.

(Alice noticed a lamp floating down and turns it on. Then she noticed a bunch of objects floating down the hole. She saw her reflection through a mirror. She picked up a book and looked at it. Then she landed on a rocking chair.)

Me: Whoa this is freaky.

Lola: But this is so cool!

Lana: It sure is.

Skyla: This is so cool seeing what's going on here.

Wallflower: It sure is.

Alice: Oh! (relaxed in chair) Ahhh… then slips off chair) Oh, Goodness! What if I should fall right through the center of the earth… (falls through a tight opening) oh, and come out the other side, where people walk upside down. Oh, but that's silly.

Me: Well that probably never happens.

Alice: Yeah. Nobody… (she stops falling and is upside down, then she spotted the rabbit) oh!

Me: There he goes!

Thunder: So this is Wonderland?

Me: Yep.

Alice: Oh, ha ha. (she got herself right side up) Oh, mister Rabbit! Wait! Please!…

(Alice ran through the room and spotted a door. She opens it only to find another door. Then another one and another one. Then she squeezed through the last door. She finds herself in an empty hall with a small door.)

Alice: Curiouser and curiouser!

Me: He went through that door down there.

We went up to the door and Alice twisted the doorknob and it groaned in pain.

Doorknob: Ohhhhh!

Eli: Whoa!

Alice: Oh! Oh, I beg your pardon.

Me: Terribly sorry about that.

Doorknob: Oh, oh, it's quite all right. But you did give me quite a turn!

Lana: Sorry about that.

Lola: Yeah.

Alice: You see, We were following…

Doorknob: Rather good, what? Doorknob, turn? (Laughs)

Luan: (Laughs) He sure has a sense of humor.

Alice: Please, sir.

Doorknob: Well, one good turn deserves another! What can I do for you all?

Alice: Well, I'm looking for a white rabbit. So, um, if you don't mind…

Doorknob: Uh? Oh!

He opened his mouth and we saw him.

Alice: There he is! I simply must get through!

Doorknob: Sorry, you're all much too big. Simply impassible.

Alice: You mean impossible?

Doorknob: No, impassible. Nothing's impossible!

Me: I think we're too big to go through right now.

Doorknob: Why don't you try the bottle on the table?

Alice: Table?

A table then appeared and it had a bottle on it.

Alice: Oh!

Doorknob: Read the directions, and directly you'll be directed in the right direction. He he he!

Luan: (Laughs) Good one.

Nico: He sure is funny.

Alice: 'Drink me'. Hmmm, better look first. For if one drinks much from a bottle marked 'poison', it's almost certain to disagree with one, sooner or later.

Doorknob: Beg your pardon!

Me: Lets see what will happen.

Wallflower: Yeah.

Alice: I was just giving myself some good advice. But… hmm, tastes like oh… cherry tart… (Shrinks) custard… (Shrinks) pineapple… (Shrinks) roast turkey… goodness! What did I do?

Doorknob: Ho ho ho ho! You almost went out like a candle!

Me: Whoa! Alice you are now as small as my foot!

I crouched down.

Me: Wow.

Nico: This is so cool.

Alice Liddell: This is just like what I know in my Wonderland.

Lincoln: It sure is.

Alice: But look! I'm just the right size!

Doorknob: Oh, no use! Ha ha ha ha. I forgot to tell you, ho ho ho ho! I'm locked!

Alice: Oh no!

Lori: That's literally a bummer.

Doorknob: Ha ha ha, but of course, uh, you've got the key, so…

Alice: What key?

Doorknob: Now, don't tell me you've left it up there!

The key appeared on the table.

Alice: Oh, dear!

Me: I got this.

I got the key.

Me: I hope this won't hurt you.

Doorknob: No I'm used to it.

Me: Okay.

I put the key into his mouth and turned it and the door opened.

Sora: Looks like we can go through now.

We went through the door and we were walking on the ocean and we saw a dodo.

Dodo: Oh, the sailor's life is the life for me, how I love to sail on the bounding sea, and I never never ever do a thing about the weather for the weather never ever does a thing for me. Oh, a sailor's life is a life for me, tiddle um (prrt, prrt) tiddle dum dum dee! And I never ne… ahoy! And other nautical expressions! Land ho, by Jove!

Parrot: Where away, Dodo?

Alice: Dodo?

Me: He has a great nautical voice.

Dodo: Three points to starboard. Follow me, me hearties! Have you at port no time at all now, haha! Oh…

Lincoln: There he goes.

Alice: Mister Dodo!

Dodo: Johoho, and a bottle of sea, we love each time…

Alice: Please! Please help me!… Um, pardon me, but uh, would you mind helping me? Please? Yoo Ho! Yoo Ho! Help me! Please! Help me!

Dodo: Forward, backward, inward, outward, come and join the chase! Nothing could be drier than a jolly caucus-race. Backward, forward, outward, inward, bottom to the top, never a beginning there can never be a stop to skipping, hopping, tripping, fancy free and gay, I started it tomorrow and will finish yesterday. Round and round and round we go, and dance for evermore, once we were behind but now we find we are be-forward, backward, inward, outward, come and join the chase! Nothing could be drier than a jolly caucus-race. For backward… I say! You'll never get dry that way!

Alice: Get dry?

Me: Looks like we got to land.

Dodo: Have to run with the others! First rule of a caucus-race, you know!

Alice: But how can I…

Dodo: That's better! Have you dry in no time now!

Alice: No-one can ever get dry this way!

Me: Strange way to get dry here.

Dodo: Nonsense! I am as dry as a bone already.

Alice: Yes, but…

Dodo: All right, chaps! Let's head now! Look lively!

Me: There he is!

Alice: The white rabbit! Mister Rabbit! Mi- mister Rabbit!

White Rabbit: Oh, my goodness! I'm late! I'm late!

Alice: Oh, don't go away! I'll be right back!

White Rabbit: I'm late, I'm late, I'm late!

Me: Lets go!

Dodo: Don't step on the fish! Eric, there, watch it there stop kicking that mackerel! William…

Alice: Mister Rabbit! Oh, mister Rabbit! Oh dear, I'm sure he came this way. Do you suppose he could be hiding? Hmmm… not here. I wonder… No, I suppose he must have… Oh! Why, what peculiar little figures! Tweedle Dee… and Tweedle Dum!

HONK!

Tweedle Dee: If you think we're wax-works, you ought to pay, you know!

ENK!

Tweedle Dum: Contrariwise, if you think we're alive you ought to speak to us!

HONK!

Dee & Dum: That's logic!

Alice: Well, it's been nice meeting you. Goodbye!

Me: Yeah.

Dee: You're beginning backwards!

Dum: Aye, the first thing in a visit is to say: How do you do and shake hands, shake hands, shake hands. How do you do and shake hands and state your name and business.

Dee & Dum: That's manners!

Alice: Really? Well, my name is Alice and I'm following a white rabbit. So…

Dee: You can't go yet!

Dum: No, the visit has just started!

Alice: I'm very sorry…

Dum: Do you like to play hide-and-seek?

Dee: Or button-button, who's got the button?

Alice: No, thank you.

Dee: If you stay long enough we might have a battle!

Alice: That's very kind of you, but I must be going.

Me: Yeah.

Dee & Dum: Why?

Alice: Because I am following a white rabbit!

Dee & Dum: Why?

Alice: Well, I- I'm curious to know where he is going!

Dum: Ohhhh, she's curious! Tsk! tsk! tsk! ts!…

Dee: The oysters were curious too, weren't they?

Dum: Aye, and you remember what happened to them…

Dee & Dum: Poor things!

Me: Oysters?

Wallflower: I remember this part.

Alice: Why? What did happen to the oysters?

Dee: Oh, you wouldn't be interested.

Alice: But I am!

Nico: We sure are.

Dum: Oh, no. You're in much too much of a hurry!

Alice: Well, perhaps I could spare a little time…

Dee & Dum: You could? Well…

Dee: 'The Walrus and the Carpenter'!

Dum: Or: 'The story of the curious Oysters'!

Dee & Dum: The sun was shining on the sea, shining with all his might, he did his very best to make the billows smooth and bright. And this was odd, because it was the middle of the night. The Walrus and the Carpenter were walking close at hand. The beach was white from side to side but much too full of sand. 'Mister Walrus', said the Carpenter: 'My brain begins to perk. We'll sweep this clear in half a year, if you don't mind the work.'

Walrus: Work? Uh, pff, brrrr! Uh the time has come…

Dee & Dum:… the Walrus said…

Walrus:… to talk of other things. Of shoes and ships and sealing wax, and cabbages and kings. And why the sea is boiling hot, and whether pigs have wings. Callooh, callay, no work today! We're cabbages and kings!… Oh, uhhh, oysters, come and walk with us. The day is warm and bright! A pleasant walk, a pleasant talk, would be a sheer delight!

Carpenter: Yes, and should we get hungry on the way, we'll stop and uh… have a bite!

Walrus: Hrmmmm!

Dee & Dum: But mother Oyster winked her eye and shook her heavy head. She knew too well this was no time to leave her oyster bed.

Mother oyster: The sea is nice, take my advice, and stay right here.

Dee & Dum: Mom said.

Walrus: Yes, yes, of course, of course! But eh… haha! The time has come, my little friends, to talk of other things. Of shoes and ships and sealing wax, of cabbages and kings. And why the sea is boiling hot, and whether pigs have wings. Haha! Callooh, callay, come run away! We're the cabbages and kings!… Hrmmm, well now, uh… let me see… Ah! A loaf of bread is what we chiefly need.

Carpenter: So how about some pepper and salt and vinegar, aye?

Walrus: Oh yes, yes, splendid idea! Haha, very good indeed! Now, if you're ready, oysters dear… haha… we can begin the feed.

Oysters: Feed?

Walrus: Oh yes, ahh, the time has come, my little friends, to talk of food and things!

Carpenter: Of peppercorn some mustard seed and other seasonings. We'll mix them all together in a sauce that's fit for kings. Callooh, callay, we'll eat today, like cabbages and kings!

Walrus: I uh, weep for you, I -uh- oh, excuse me, I deeply sympathize. For I've enjoyed your company, oh, much more than you realize.

Carpenter: Little oysters, little oysters…

Dee & Dum: But answer there came none. And this was scarcely odd, because, they'd been eaten, every one!

Walrus: Hmm, well, uhhh, ha ha, ha ha, ha ha, hmm… the time has come!

He ran through the wall of the boat!

Dee & Dum: We're cabbages and kings! The end!

Alice: That was a very sad story.

Wallflower: It sure was.

Dum: Aye, and there's a moral to it.

Alice: Oh yes, a very good moral, if you happen to be an oyster. Well, it's been a very nice visit…

Dum: Another recitation…

Alice: I'm sorry, but…

Dum: Its titled 'Father William'.

Alice: But really, I'm…

Me: Lets go.

Dum: First verse: You are old father William, the young man said and your hair has become very white. And yet you incessantly stand on your head, do you think at your age it is right, is right, do you think at your age it is right? Well, in me youth, father William replied to his son, I'd do it again and again and again and I'd done it again and again and again…

Alice: Now I wonder who lives here…

Me: This looks like the house of the White Rabbit.

White Rabbit: Mary Ann! Drat that girl. Where did she put 'em? Mary Ann!

Alice: The rabbit!

Wallflower: It is the White Rabbit.

White Rabbit: Mary Ann! No use, can't wait, I'm awfully late, oh me oh my oh me oh my!

Alice: Excuse me sir, but- but I've been trying to…

White Rabbit: Why, Mary Ann! What are you doing out here?

Alice: Mary Ann?

Laney: Who's Mary Ann?

White Rabbit: Don't just do something stand there! Uh… no no! Go go! Go get my gloves! I'm late!

Alice: But late for what? That's just what I…

White Rabbit: My gloves! At once, do you hear!

Alice: Goodness. I suppose I'll be taking orders from Dinah next. Hmmm, now let me see. If I were a rabbit, where would I keep my gloves? Oh! Thank you. Don't mind if I do. Hmhm. Hmhm. Hmhmhmhmhmhm. Hmhmhmhmhmhm-oeh! Oh no no, not again!

Uh oh!

Me: Uh oh! Alice is growing!

White Rabbit: Oh! Mary Ann! Now you see here, Mary Ann… Help! No! No! Help! Monsters! Help, assistance!

Alice: Hrmm… hrmm… hrmm… dear!

White Rabbit: A monster! A monster, Dodo! In my house, Dodo!

Alice: Dodo…?

Me: Hang on Alice. We'll get you out.

Zilius Zox: Let me see if I can help.

Zilius Zox drank a potion that caused him to grow.

Zilius Zox: (laughs) I guess I really do look like a Red Lantern Version of MODOK!

Me: Now is not the time for powerless.

Zilius Zox: Sorry.

White Rabbit: Oh my, poor little bitty house…

Dodo: Uh, steady old 't be as bad as all that you know.

White Rabbit: Oh my poor roof and rafters, all my walls and… there it is!

Dodo: By Jove! Jolly well? is! Isn't it?

White Rabbit: Well, do something, Dodo!

Dodo: Yes, indeed! Extraordinary situation, but eh…

White Rabbit: But- but- but- but- but what?

Dodo: But I have a very simple solution!

Nico: What is it?

Alice: Thank goodness!

White Rabbit: Wha- wha- what is it?

Dodo: Simply pull it out the chimney.

White Rabbit: Yes, go- go- go on, go on! Pull it out!

Dodo: Who? Me? Don't be ridiculous! What we need is eh… a lizard with a ladder!

White Rabbit: Hmm? Oh! Bill! Bill! Eh, we need a lazzerd with a lizard, a lizard a bb… b… can you help us?

Bill: At your service, governor!

Dodo: Here, my lad?. Have you ever been down a chimney?

Bill: Why governor, I've been down more chimneys…

Dodo: Excellent, excellent. You just pop down the chimney, and haul that monster out of there.

Bill: Righto, governor! Monster? Hoeaaaaah! No! No!….

Dodo: Steady now. That's better! Bill, lad, you're passing up a golden opportunity!

Bill: I am?

Dodo: You can be famous!

Bill: I can?

Dodo: Of course! There's a brave lad! In you go now. Nothing to it, old boy. Simply tie your tail around the monsters neck and drag it out!

Bill: But- but- but governor!

Dodo: Good luck, Bill!

Alice: (Sniffles, Stiffles and Big Rumble) Ah- ah- (More Rumble) ah-ah… (Loud Giant Sneezes, Explosion and Big Rumble) Chooooooooooooooooooooooooooooooooo!

Me: WHOA! That was a cannon sneeze!

Dodo: Well, there goes Bill…

Alice: Poor Bill…

Me: Bless you Alice.

Dodo: Ehh, perhaps we should try a more energetic remedy.

White Rabbit: Yes, anything, anything. But hurry!

Dodo: Now, I- I propose that we… uhh…

White Rabbit: Yes, come on, come on, yes, yes…

Dodo: I propose that we… uhh… dow! By Jove! That's it! We'll burn the house down!

White Rabbit: Yes, hihi! Burn the house… what?

Alice: Oh no!

Me: No Dodo!

Dodo: Hi ho! Oh, we'll smoke the blighter out. He'll put the beast to rout. Some kindling, a stick or two, all this bit of rubbish ought to do.

White Rabbit: Oh dear…

Dodo: We'll smoke the blighter out, we'll smoke the monster out!

White Rabbit: No, no! Not my beautiful birdhouse!

Dodo: Oh, we'll roast the blighter's toes, we'll toast the bounder's nose! Just fetch that gate, we'll make it clear that monsters aren't welcome here.

White Rabbit: Oh me, oh my…

Dodo: A match!

White Rabbit: Match?

Dodo: Thank you! We'll blow the thing there out, we'll smoke the monster out!

White Rabbit: We'll smoke the monster out… noho! Noho, my poor house and furniture…

Alice: Oh dear, this is serious! I simply must… oh! A garden! Perhaps if I eat something it will make me grow smaller…

Me: Go for it.

Alice took a carrot.

White Rabbit: Ahhhh! Oh, let go! Help!

Alice: I'm sorry, but I must eat something!

White Rabbit: Not me, you- you- you- you- you barbarian! Help! Monsters! Help! Ah! I'm late! Oh dear, I'm here, I should be there! I'm late, I'm late, I'm late!

Alice was back to the size of my foot.

Dodo: Ah, say, do you have a match?

White Rabbit: Must go. Goodbye. Hello. I'm late, I'm late, I'm late!

Alice: Wait! Please wait!

Dodo: Ah, young lady! Do you have a match?

Alice: No, I- I'm sorry, but… mister Rabbit!

Dodo: No cooperation, no cooperation at all? We can't have monsters about! Jolly will have to carry on alone! Pf, pf, pf, pf…

We followed him but we lost him.

Alice: Wait! Please! Just a minute! Oh, dear. I'll never catch him while I'm this small. Why curious butterflies!

Rose: You mean bread-and-butterflies.

Alice: Oh, yes, of course, I… hmm? Now who do you suppose… Ah, a horse fly! I mean, a- a rocking horse fly!

Me: Beautiful.

Rose: Naturally!

Alice: I beg your pardon, but uhh… did you… oh, that's nonsense. Flowers can't talk.

Rose: But of course we can talk, my dear.

Iris: If there's anyone worth talking to.

Daisy: Or about! Hahahaha!

Pansies: And we sing too!

Alice: You do?

Tulips: Oh, yes. Would you like to hear 'Tell it to the tulips'?

Larkspur?: No, let's sing about us!

Violets: We know one about the shy little violets…

Lily: Aww.

1st Lily: Oh, no, not that old thing!

2nd Lily: Let's do 'Lovely lily at the valley'!

Daisies: How about the daisies in the…

Lilac: Oh, she wouldn't like that!

Rose: Girls, girls! We shall sing: 'Golden afternoon'. That's about all of us! Sound your A, Lily!

Lily: Laaaa…

Pansies: Mimimimi…

Daisy: Lalalala…

Iris: Hahahahahahaha…

Dandelions: Poem, poem poem, poem poem poem poem poem….

All flowers: Little bread-and-butterflies kiss the tulips, and the sun is like a toy balloon. There are get up in the morning glories, in the golden afternoon. There are dizzy daffodils on the hillside, strings of violets are all in tune, Tiger lilies love the dandelions, in the golden afternoon, the golden afternoon. There are dog and caterpillars and a copper centipede, where the lazy daisies love the very peaceful life they lead… You can learn a lot of things from the flowers, for especially in the month of June. There's a wealth of happiness and romance, all in the golden afternoon.… All in the golden afternoon, the golden afternoon…

Alice: You can learn a lot of things from the flowers, for especially in the month of June. There's a wealth of happiness and romance, all…

Flowers:… the golden afternoon!

Laney: That was beautiful.

Alice: Oh, that was lovely.

Rose: Thank you, my dear.

Daisy: What kind of garden do you come from?

Alice: Well I don't come from any garden…

Daisy: Oh, do you suppose she's a wild flower?

Alice: Oh no, I'm not a wild flower…

Rose: Just what specie, or shall we say, genus, are you, my dear?

Alice: Well, I suppose you call me a genus, humanus, eh… Alice!

Daisy: Ever seen an Alice with a blossom like that?

Iris: Come to think of it, did you ever see an Alice?

Daisy: Yes, and did you notice her petals? What a peculiar color!

Me: Now ladies Alice is not a flower of any kind. She is one of us.

Rose: Oh sorry. But thank you.

Nico: You're welcome.

Sora: Lets head out to find the rabbit.

Me: Look up there.

We saw smoke lets of A,E,I,O and U float.

Nico: What strange clouds.

Lola: Those aren't clouds. That's smoke.

We followed the clouds and we saw a caterpillar smoking.

Caterpillar: A, e i o u, u, u, o, a, u e i a, u…

He saw us.

Caterpillar: Who are you?

Alice: I- I- I hardly know, sir. I changed so many times since this morning, you see…

Caterpillar: I do not see. Explain yourself.

Me: We are team Loud Phoenix Storm.

James (Pokemon): Don't you know that smoking is bad for your health?

Caterpillar: Indeed.

Alice: Why, I'm afraid I can't explain myself, sir, because I'm not myself, you know…

Caterpillar: I do not know.

Alice: Well, I can't put it anymore clearly for it isn't clear to me!

Eli: I agree.

Caterpillar: You?

Vince: Yes.

Alice: Well, don't you think you ought to tell me- cough-cough, cough-cough, who you are first?

Caterpillar: Why?

Alice: Oh dear. Everything is so confusing.

Caterpillar: It is not.

Alice: Well, it is to me.

Caterpillar: Why?

Alice: Well, I can't remember things as I used to, and…

Caterpillar: Recite.

Alice: Hmm? Oh! Oh, oh, yes, sir! Um… how doth the little busy bee, improve each shi…

Caterpillar: Stop! That is not spoken correcitically. It goes: how…

Alice: Hihihi!

Caterpillar: Hmm! How doth the little crocodile improve his shining tail. And pour the waters of the Nile, on every of the golden scale. How cheer… how cheer… Ahem!

Alice: Hihihihi!

Nunnally: Funny.

Caterpillar: How cheerfully he seems to grin, how neatly spreads his claws. And welcomes little fishes in, with gently smiling jaws.

Alice: Well I must say I've never heard it that way before…

Caterpillar: I know, I have improved it.

Lucy Loud: It's very creative.

Alice: Well, cough-cough-couch, if you ask me…

Caterpillar: Before you leave I have something important to say.

Me: What is it?

Caterpillar: Keep your temper!

Alice: Is that all?

Caterpillar: No. Exacitically, what is your problem?

Alice: Well, it's exacitici-, exaciti-, well, it's precisely this: I should like to be a little larger, sir.

Caterpillar: Why?

Alice: Well, after all, three inches is such a wretched height, and…

Caterpillar: I am exacitically three inches high, and it is a very good height indeed!

Me: Whoa! He's mad!

Sora: Yeah!

Alice: But I'm not used to it. And you needn't shout! Oh dear!

Caterpillar: By the way, I have a few more helpful hints. One side will make you grow taller…

Me: Whoa! You look awesome as a butterfly.

Caterpillar: Indeed.

Alice: One side of what?

Caterpillar:… and the other side will make you grow shorter.

Alice: The other side of what?

Caterpillar: The mushroom, of course!

Nico: Tch! Temper.

The caterpillar flew off.

Alice: Hmm. One side will make me grow… but which is which? Hmm. After all that's happened, I- I wonder if I… I don't care. I'm tired of being only three inches high -yi -yi -yi -yi -yi!

Me: WHOA WHOA WHOA!

Lola: TOO TALL!

Bird: Ah! A serpent! Aaaaahhh! Help! Serpent! Serpent!

Alice: Oh, but please! Please!

Bird: Off with you! Shoo! Shoo! Go away! Serpent! Serpent!

Alice: But I'm not a serpent!

Bird: So? Indeed? Then just what are you?

Alice: I'm just a little girl!

Bird: Little? Ha, little? Whahahaha!

Alice: Well I am! I mean, I- I was…

Bird: And, I suppose you don't eat eggs, either?

Alice: Yes, I do, but…

Bird: I knew!

Alice: But- but- but…

Bird: I knew it! Serpent! Serpent!

Alice: Oh, for goodness sake! Hmmm… and the other side will…

Bird: A very idea! Spend all my time lying eggs, for serpents like her! Aaaaaaahhh! Oh, Oh, oh, oh!

Alice: Goodness… I wonder if I'll ever get the knack of it.

Alice licked a mushroom and she was back to her normal height.

Alice: There, that's much better. Hmmm… I better save these.

Later we came to a forest full of signs.

AliceNow let's see, where was I? Hmmm, I wonder which way I ought to go…

Me: Shh. Hear that?

Cheshire Cat: 'Twas brillig, and the slithy toves, did gyre and gimble in the wabe. All mimsy were the borogoves, and the momeraths outgrabe.

Me: That's ominous.

Alice: Now where in the world do you suppose that…

Cheshire Cat: Uh… lose something?

Alice: Oh! Hehe, Oh uhhh… hehe… I- I was… no, no, I- I- I- I mean, I uhh… I was just wondering…

Cheshire Cat: Oh uhh, that's quite all right! Oh, hrmm, one moment please… Oh! Second chorus… 'Twas brilllig, and the slithy toves, did gyre and gimble in the wabe…

Alice: Why, why you're a cat!

Cheshire Cat: A Cheshire Cat. All mimsy were the borogoves…

Alice: Oh, wait! Don't go, please!

Cheshire Cat: Very well. Third chorus…

Alice: Oh no no no… thank you, but- but I just wanted to ask you which way I ought to go.

Cheshire Cat: Well, that depends on where you want to get to.

Alice: Oh, it really doesn't matter, as long as I g…

Cheshire Cat: Then it really doesn't matter which way you go!

He went invisible and we saw his pawprints in the ground as he sang ominously.

Cheshire Cat: Ah-hmm… and the momeraths outgrabe… (Reappears) Oh, by the way, if you'd really like to know, he went that way.

Alice: Who did?

Cheshire Cat: The white rabbit.

Alice: He did?

Cheshire Cat: He did what?

Alice: Went that way?

Cheshire Cat: Who did?

Alice: The white rabbit!

Cheshire Cat: What rabbit?

Alice: But didn't you just say… I mean… oh dear!

Cheshire Cat: Can you stand on your head?

Alice: Oh!

Lily: We can't do that.

Cheshire Cat: However, if I were looking for a white rabbit, I'd ask the Mad Hatter.

Alice: The Mad Hatter?

Me: Looks like we have another Mad Hatter here. But it's not like that.

Alice: Uh… no, no, I don't- I don't…

Cheshire Cat: Or, there's the March Hare. In that direction.

Alice: Oh, thank you. I- I think I shall visit him.

Cheshire Cat: Of course, he's mad too.

Alice: But I don't want to go among mad people!

Cheshire Cat: Oh, you can't help that. Almost everyone is mad here. Ha… ha ha ha ha ha! You may have noticed that I'm not all there myself…. hahaha… and the momeraths outgrabe…

Laney: Ominous.

Alice: Goodness. If the people here are like that, I- I must try not to upset them.

Sora: Yeah.

Eli: Good point.

We then arrived at a very interesting house.

Alice: How very curious!

Lola: Looks like someone is having fun.

March Hare:… to us. If there are no objections, let it be unanimous!

Mad Hatter: A very merry unbirthday…

March Hare: A very merry unbirthday…

Mad Hatter & March Hare: A very merry unbirthday to us!…

We went into a garden and we saw the Mad Hatter and the March Hare having a tea party and they had lots of whistling tea pots and they we tooting all over.

March Hare: A very merry unbirthday to me.

Mad Hatter: To who?

March Hare: To me.

Mad Hatter: Oh you!

March Hare: A very merry unbirthday to you.

Mad Hatter: Who, me?

March Hare: Yes, you.

Mad Hatter: Oh me!

March Hare: Let's all congratulate us with another cup of tea, a very merry unbirthday to you!

We applauded.

March Hare & Mad Hatter: No room, no room, no room, no room, no room, no room, no room!

Me: Looks like there's plenty of room to me.

Alice: But I thought there was plenty of room!

March Hare: Ah, but it's very rude to sit down without being invited!

Mad Hatter: I say it's rude. Its very very rude, indeed! Hah!

Dormouse: Very very very rude, indeed…

Me: We apologize. But your tea party is awesome.

Alice: Oh, I'm very sorry, but I did enjoy your singing and I wondered if you could tell me…

March Hare: You enjoyed our singing?

Me: We sure did.

Nico: Very awesome.

Laney: Yeah.

Mad Hatter: Oh, what a delightful child! Hah! I'm so excited, we never get compliments! You must have a cup of tea!

Lola: Don't mind if we do.

Lily: Yeah.

March Hare: Ah, yes indeed! The tea, you must have a cup of tea!

Alice: That would be very nice. I'm sorry I interrupted your birthday party… uh, thank you.

March Hare: Birthday? Hahaha! My dear child, this is not a birthday party!

Mad Hatter: Of course not! Hehehe! This is an unbirthday party!

Alice: Unbirthday? Why, I'm sorry, but I don't quite understand.

Wallflower: Confusing to me.

March Hare: Its very simple. Now, thirty days have sept- no, when…

an unbirthday, if you have a birthday then you… haha… she doesn't know what an unbirthday is!

Mad Hatter: How silly! Ha ha ha ha! Ah-hum… I shall elucidate! Now statistics prove, prove that you've one birthday.

March Hare: Imagine, just one birthday every year.

Mad Hatter: Ahhh, but there are 364 unbirthdays!

March Hare: Precisely why we're gathered here to cheer!

Lincoln: Cool!

Liberty: This is gonna be cool.

Alice: Why, then today is my unbirthday too!

March Hare: It is?

Mad Hatter: What a small world this is.

Nico: It sure is.

Batman: You are a nicer version of The Mad Hatter that I normally face.

Mad Hatter: Thank you.

March Hare: In that case… a very merry unbirthday.

Alice: To me?

Mad Hatter: To you!

March Hare: A very merry unbirthday.

Alice: For me?

Mad Hatter: For you! Now blow the candle out, my dear and make your wish come true! Hihihi!

Alice blew out the candle and the cake flew into the air like a firework.

March Hare & Mad hatter: A very merry unbirthday to you!

It exploded and the Dormouse floated down.

Dormouse: Twinkle, twinkle, little bat, how I wonder what you're at! Up above the world you fly, like a tea-tray in the sky!

Alice: Oh, that was lovely!

Nico: Beautiful.

Mad Hatter: And uh, and now my dear, hehe, uh… you were saying that you would like to sea.. uh…? You were seaking some information some kind… hehe!

Alice: Oh, yes. You see, I'm looking for a…

Mad Hatter: Clean cup, clean cup! Move down!

Linka: Uh oh.

Alice: But I haven't used my cup!

March Hare: Clean cup, clean cup, move down, move down, clean cup, clean cup, move down!

Mad Hatter: Would you like a little more tea?

Alice: Well, I haven't had any yet, so I can't very well take more…

March Hare: Ahh, you mean you can't very well take less!

Mad Hatter: Yes! You can always take more than nothing!

Alice: But I only meant that…

Mad Hatter: And now, my dear, something seems to be troubling you. Uh, won't you tell us all about it?

March Hare: Start at the beginning.

Mad Hatter: Yes, yes! And when you come to the end, hehehe, stop! See?

Alice: Well, it all started while I was sitting on the riverbank with Dinah.

March Hare: Very interesting. Who's Dinah?

Alice: Why, Dinah is my cat. You see…

Dormouse: Cat?

Nico: Uh oh!

March Hare: Hurry! Get the jam! Quickly! Give the jam! On his nose! Put it on his nose!

Alice put the jam on his nose.

Mad Hatter: On his nose, on his nose!

Dormouse: Where's the cat…

Mad Hatter: Oh. Oh, my goodness! Those are the things that upset me!

March Hare: See all the trouble you've started?

Luan: We didn't know this world happen.

Alice: But really, I didn't think…

March Hare: Ah, but that's the point! If you don't think, you shouldn't talk!

Mad Hatter: Clean cup! Clean cup! Move down, move down, move down!

Alice: But I still haven't used….

Mad Hatter: Move down, move down, move down, move down… And now my dear, as you were saying?

Alice: Oh, yes. I was sitting on the riverbank with uh… with you know who…

Mad Hatter: I do, hehehe?

Alice: I mean my C - A - T…

Mad Hatter: Tea?

March Hare cut the cup in half.

March Hare: Just half a cup if you don't mind.

Mad Hatter: Come, come my dear. hehehe! Don't you care for tea?

Lola drank some tea and it was good darjeeling tea.

Alice: Why, yes, I'm very fond of tea, but…

March Hare: If you don't care for tea, you could at least make polite conversation!

Alice: Well, I've been trying to ask you…

March Hare: I have an excellent idea! Let's change the subject!

Mad Hatter: Why is a raven like a writing desk?

Alice: Riddles? Let me see now. Why is a raven like a writing desk?

Mad Hatter: I beg your pardon?

Alice: Why is a raven like a writing desk?

Mad Hatter: Why is a what?

March Hare: Careful! She's stark raving mad!

Eli: What?

Alice: But- but it's your silly riddle! You just said…

Mad Hatter: Very good?!

March Hare: How about a nice cup of tea?

Alice: A nice cup of tea, indeed! Well, I'm sorry, but I just haven't the time!

March Hare: The time, the time! Who's got the time?

Me: It's 2:00 PM.

White Rabbit: No, no, no, no! No time, no time, no time! Hello, goodbye! I'm late! I'm late!

Alice: The white rabbit!

Me: There he is.

White Rabbit: Oh, I'm so late! I'm so very very late!

Mad Hatter: Well, no wonder you're late! Why, this clock is exactly two days slow!

White Rabbit: Two days slow?

Vince: How is a clock two days slow?

Mad Hatter: Of course you're late. Hahaha! My goodness. We'll have to look into this. A-ha! I see what's wrong with it! Why, this watch is full of wheels!

White Rabbit: Oh, my poor watch! Oh, my wheels! My springs! But- but- but- but, but- but- but…

Mad Hatter: Butter! Of course, we need some butter! Butter!

March Hare: Butter!

White Rabbit: But- but- butter?

Lincoln: Butter.

Mad Hatter: Butter, oh, thank you, butter. Ha ha. Yes, that's fine.

White Rabbit: Oh no no, no no no you'll get crumbs in it!

Mad Hatter: Oh, this is the very best butter! What are you talking about?

March Hare: Tea?

Mad Hatter: Tea! Oh, I never thought of tea! Of course!

White Rabbit: No!

Mad Hatter: Tea! hehehe

White Rabbit: No! Not tea!

March Hare: Sugar?

Mad Hatter: Sugar. Two spoons, yes, ha, two spoons. Thank you, yes.

White Rabbit: Oh, please! Be careful!

March Hare: Jam?

Mad Hatter: Jam! I forgot all about jam!

White Rabbit: No, no! Not jam!

Mad Hatter: Yes, sure you want, it's nice to see.

March Hare: Mustard?

Mad Hatter: Mustard? Yes, but… Mustard? Don't let's be silly! Lemon, that's different, that's… yes! That should do it. Hahaha!… (The watch rings and goes mad) Look at that!

March Hare: Its going mad!

Me: HOLY CRAP!

Alice: Oh, my goodness!

White Rabbit: Oh dear!

Lola: That watch is crazy!

March Hare: It is going mad! Mad watch!

Mad Hatter: I don't understand, it's the best butter.

March Hare: Mad watch! Mad watch! Mad watch!

Lola: STOP THAT THING!

Mad Hatter: Oh, look! Oh my goodness!

March hare: There's only one way to stop a mad watch! (The March Hare smashes the watch with a mallet, destroying it completely.)

Mad Hatter: Two days slow, that's what it is.

White Rabbit: Oh, my watch…

Mad Hatter: It was?

White Rabbit: And it was an unbirthday present too.

March Hare: Well, in that case…

March Hare & Mad Hatter: A very merry unbirthday to you!

They threw the White Rabbit.

Alice: Mister Rabbit! Oh, mister Rabbit! Oh, now where did he go to?

Eli grabbed the watch and we left.

March Hare & Mad Hatter: A very merry unbirthday to us, to us. A very merry unbirthday to us, to us…

Alice: Of all the silly nonsense, this is the stupidest tea party I've ever been to in all my life.

Me: You're telling me.

Leni: But it was really funny.

Lori: This was literally my favorite part.

Lola: Mine too.

Wallflower: Same here.

Well, I've had enough nonsense. I'm going home. Straight home. That rabbit. Who cares where he's going anyway.

Me: Aren't you curious Alice?

Alice: I guess. Why, if it hadn't been for him I… 'Tulgey Wood'…

Me: Strange.

Alice: Hmm, curious. I don't remember this. Now let me see…

A creature that looked like novelty glasses landed on her face.

Me: Those are funny glasses Alice.

Luan: (Laughs) They sure are.

Alice: Oh!

Alice was looking at a hand mirror bird.

Alice: Uh, no no, please. No more nonsense. Now, if I came this way, I should go back this way!

Me: Lets go then.

Alice then stepped on a bicycle horn duck.

Duck: Quack!

Alice: Oh, I beg your pardon!

Me: Bicycle horn ducks? Weird and funny.

Duck: Quack quack quack quack!

Laney: Tch. Rude.

Fluttershy: No kidding.

We then heard frogs croaking and we saw a drum frog and a cymbal frog.

Lana: Cool!

Luna: Rockin' frogs dudes.

Luan: They sure drum up a storm. (Laughs to rimshot) Get it?

Most of us laughed while everyone else groaned.

Alice: Goodness. When I get home I shall write a book about this place… If I- if I ever do get home…

Nico: Sure is a creepy place here. But then we came across a fountain and we saw a bunch of umbrella vultures taking a bath.

Me: Umbrella Vultures.

Jet-Vac: Nature's cruelest mistake in umbrella form.

Alice: Oh, um, excuse me! Um, could one of you tell me… uh… ha ha, never mind.

Carol: Lets just go.

We continued on.

Alice: Oh dear. Its getting dreadfully dark. And nothing looks familiar.

Me: The forest is now starting to give me the creeps.

We heard what sounded like digging saw a shovel-billed bird digging holes in the ground.

Alice: I shall certainly be glad to get out of… Oh!

We saw a birdcage bird and inside it was two birds. The birds got out and the bird chased after them and he ate and swallowed them. Putting them back in the cage. Then we heard an owl and we saw an Accordion Owl.

Lori: An accordion owl?

Sam S.L.: Weird.

Alice: It would be so nice if something would make sense for a change!

Then we heard pounding and we saw hammer birds pounding signs into the trees.

Alice: Oh!

Varie: Hammer Birds. Cool.

Lana: Handy critters.

Fluttershy: They sure are.

Then we saw Pencil Birds writing something on the signs.

Me: The Pencil Birds are writing something.

Alice: 'Don't step on the momeraths'. The momeraths?

We looked at our feel and saw Momeraths.

Me: These must be them

The Momeraths formed into an arrow and they pointed to a path.

Alice: Oh! A path! Oh thank goodness!

Me: Lets go!

Alice: Why, I just knew I'd find one sooner or later. Oh, if I hurry back I might even be home in time for tea! Oh, won't Dinah be happy to see me! Oh, I just can't wait 'till I- oh!

We followed the path and then we saw a broom dog sweeping away the path.

Me: A broom dog.

Eli: Sit boy.

But the dog ignored us and went by us.

Alice: Oh dear! Now I- now I shall never get out. Well, when- when one's lost, I- I suppose it's good advice to stay where you are, until someone finds you. But- but who'd ever think to look for me here?

Lola: You still have us Alice.

Alice: True. Good advice. If I listened earlier I wouldn't be here! But that's just the trouble with me.

Me: Alice it's not your fault.

Alice: I know. I give myself very good advice… (Singing) but I very seldom follow it. That explains the trouble that I'm always in. Be patient is very good advice, but the waiting makes me curious. And I'd love the change, should something strange begin. Well, I went along my merry way, and I never stopped to reason. (Starts crying) I should have known there'd be a price to pay, some day. Some day. I give myself very good advice, but I very seldom follow it. (Crying hard) Will I ever learn to do the things I should?

Seeing Alice cry like that made our hearts hurt and I went over and comforted her. She cried hard into my chest and I comforted her. The creatures of Wonderland were all crying too and they were disappearing.

Me: It's not your fault Alice. It's not your fault.

Alice: (Crying)

Me: It's okay it's okay.

Nico: Poor Alice.

Sora: Sad.

Kairi: Yeah.

Chorus: Will I ever learn, learn to do the things I should?

Nico: Poor Alice.

Lincoln: Yeah.

But then the Cheshire Cat appeared.

Cheshire Cat: Hmhmhmhm… and the momeraths outgrabe.

Alice: Oh, Cheshire Cat, it's you!

Me: Cheshire Cat. Thank goodness!

Cheshire Cat: Whom did you expect? The white rabbit, perchance?

Alice: Oh, no no no no. I- I- I'm through with rabbits. I want to go home! But I can't find my way.

Me: Here Alice.

I handed her my handkerchief and she blew her nose.

Cheshire Cat: Naturally. That's because you have no way. All ways here you see, are the queen's ways.

Me: The Queen of Hearts!

Wallflower: I have always hated her!

Alice: But I've never met any queen.

Nico: But we soon will. Looks like we have our next villain to take down.

Cheshire Cat: You haven't? You haven't? Oh, but you must! She'll be mad about you, simply mad! Hahaha! And the momeraths outgrabe…

Alice: Please, please! Uh… how can I find her?

Cheshire Cat: Well, some go this way, some go that way. But as for me, myself, personally, I prefer the shortcut.

He pulled on a branch and a door opened and it led to a castle.

Alice: Oh!

Me: Looks like we're heading to a kingdom. Lets go.

Card painters: Da dee dee da da da, Doodle de do, dee do dee do, bum bum bum bum, painting the roses red, we're painting the roses red, we dare not stop or waste a drop, so let the paint be spread. We're painting the roses red, we're painting the roses red! Painting the roses red, and many a tear we shed, because we know they'll cease to grow, in fact they'll soon be dead. Noooo! And yet we go ahead, painting the roses red, red, red, red, red, red, red, red. Painting the roses red, we're painting the roses red…

Alice: Oh, pardon me, but mister Three, why must you paint them red?

Card painters: Huh? Oh! Well, the fact is, miss: we planted the white roses by mistake. And, the queen, she likes them red. If she saw what we said, she'd raise a fuss and each of us would quickly lose his head.

Alice: Goodness!

Me: Thank goodness we're Immortal.

Card painters: Since this is the thought we dread, we're painting the roses red!

Alice: Oh dear! Then let me help you! Painting the roses red…

Lynn: Same here.

Lynn fired beams of red light and turned the flowers red.

Alice & Card painters: We're painting the roses red. Don't tell the queen what you have seen, or say that's what we said, what, we're painting the roses red…

Alice: Yes, painting the roses red…

Card painters: Not pink, not green…

Alice: Not aquamarine…

Alice & Card painters: We're painting the roses red!

Then we heard fanfare and we saw numerous card guards coming.

Card painters: The Queen! The Queen!

Alice: The Queen!

Me: Uh oh!

Card painters: The Queen!…

Queen: Cards, halt! Count off!

Cards: One, two, three, four, five, six, seven, eight, nine, ten, Jack.

The White Rabbit then appeared.

Alice: The rabbit!

White Rabbit: He… he… her imperial highness, he… her grace, her excellency, her royal majesty, the Queen of Hearts!

We saw the QUEEN OF HEARTS!

---

The Queen of Hearts is the main antagonist of Disney's 13th full-length animated feature film Alice in Wonderland, which is based on the 1875 novel Alice's Adventures in Wonderland by the late Lewis Carroll. She is the tyrannical, oppressive, wrathful and deranged ruler of Wonderland, the wife of the King of Hearts, and Alice's arch-nemesis.

She was voiced by the late Verna Felton in the original film in her first and only villainous Disney role, and later by Tress MacNeille, who has also voiced other villains such as Carol Miller (also known as Mom) in Futurama, the Perfectionist in the Courage the Cowardly Dog series, and Agnes Skinner in The Simpsons.

In the film, the Queen appeared (as Alice puts it) to be a "fat, pompous, bad-tempered old tyrant". Her presence is all of the more striking because of how tiny her husband (whose life she still dominates just like she does in the book) is made to look in comparison to her.

Similar to the book, Alice meets three cards painting the roses red, since they planted white roses by mistake. When the Queen arrives, she orders those three cards beheaded, then challenges Alice to a game of croquet. The game is eventually spoiled by the Cheshire Cat. The Queen blames Alice for it, but before she can give the order, the King suggests holding a trial for Alice. The Queen grudgingly agrees.

The Queen calls the March Hare, the Mad Hatter, and the Dormouse to witness, who hold an unbirthday party for her. During the party, the Cheshire Cat reappears and upsets the Dormouse. The Cheshire Cat runs everywhere, and in an attempt to crush the mouse, the King of Hearts manages to hit the Queen with the gavel.

Of course, the Queen blames Alice for it, and is going to have her beheaded. However, Alice eats mushrooms that she had procured earlier, which make her grow much bigger. Although Rule #42 says that anyone more than a mile high must leave the court immediately, Alice feels free to reprimand the Queen and called her a "fat, pompous, bad-tempered old tyrant". Unfortunately, she subsequently shrinks down to her normal size, but flees and is able to escape out of her subconscious mind.

The furious Queen, King, Card Soldiers and the other residents of Wonderland then chase after Alice out of her subconscious mind, but she gets away and they are later erased from existence for good after the entire sequence is supposedly revealed to be a dream.

(Everyone cheers)

White Rabbit: And the King…

A card (or perhaps Mickey Mouse?): Hurray!

Me: Now I see why he was late. He was a squire for the queen.

Eli: Mr. Rabbit. I have something for you.

Eli then pulled out his watch all good as new.

White Rabbit: My watch. Good as new.

Eli: I fixed it up for you and made it better. It's now set at the right time.

White Rabbit: Thank you so much.

The queen saw paint dripping from the roses.

Queen: Hum… Who's been painting my roses red? Who's been painting my roses red!? Who dares to taint, with vulgar paint, the royal flower bed? For painting my roses red, someone will lose his head!

Me: (Gulp)

Three: Oh, no! Your majesty! Please, it's all his fault!

Two: Not me, your grace! The Ace, the Ace!

Queen: You?

Ace: No, Two!

Queen: The Deuce you say?

Two: Not me, the Three!

Queen: That's enough! Off with their heads!

Me: Oh no you don't!

I stopped the guards by freeing the cards that were about to be executed by cutting the guards heads off with an energy disk.

Me: Lets hide until the time is right. We'll be with you Alice.

I winked and we hid and the cards came with us.

Alice: Oh, please, please! They were only trying to…

Queen: And who is this?

King: Uh… well, well, well, now, eh… let me see, my dear. It certainly isn't a heart… do you suppose it's a club?

Queen: Why, it's a little girl.

Alice: Yes, and- and I was hoping…

Queen: Look up, speak nicely, and don't twiddle your fingers! Turn out your toes. Curtsey. Open your mouth a little wider, and always say 'yes, your majesty'!

Alice: Yes, your majesty!

Queen: Hmhmhmhm. Now, um, where do you come from, and where are you going?

Alice: Well, um, I'm trying to find my way home…

Queen: Your way? All ways here are my ways!

Alice: Well, yes, I know, but I was just thinking…

Queen: Curtsey while you're thinking, it saves time.

Alice: Yes, your majesty, but I was only going to ask…

Queen: I'll ask the questions! Do you play croquet?

Alice: Why, yes, your majesty.

Queen: Then let the game begin!

King: In your places, in your places, By order of the king! Hurry, hurry, hurry!

Queen: Shuffle deck! Cards cut! Deal cards! Cards, halt!…

We were watching. This was gonna be good.

Nico: Croquet is a good game.

Ryan: (British Accent) It sure is.

Me: But the Queen of Hearts rules with an iron fist. We can't let her rule anymore.

Laney: I agree.

They were playing and doing really well.

Queen: Silence! Pfwfwfwfw!

The Queen went and did her second shot and a card missed.

Queen: Off with his head!

King: Off with his head, off with his head! By order of the king. You heard what she said!

Queen: You're next!

Alice: Oh, but…

Queen: Hahaha… my dear.

Alice: Ahhh… Yes, your majesty.

She watched.

Alice's flamingo hammer was laughing goofily.

Queen: Hmhmhmhmhm….

Cards: Hahahahaha!

Me: (Snickers)

Alice: Oh… hahahahaha! Stop!

Queen: Grrrwl, ?

Alice: Do you want us both to lose our heads?

Flamingo: Uh! Hum!

Alice: Well, I don't!

Cards: Hahahaha… Hurray!… Hahahaha!

Cheshire Cat: La la la da da dum… la la la hmm… I say, how are you getting on?

Alice: Not at all.

Cheshire Cat: Beg your pardon?

Alice: I said 'not at all'!

Queen: Whom are you talking to?

Alice: Oh, uh… a cat, your majesty!

Queen: Cat? Where?

Alice: There! Oh… Oh there he is again!

Queen: I warn you child, if I lose my temper, you lose your head, understand?

Me: (Quietly) Not if we have anything to say about it.

Cheshire Cat: You know, we could make her really angry. Shall we try?

Alice: Oh no no!

Cheshire Cat: Oh, but it's lots of fun!

Alice: No, no, no! Stop! Oh no!

White Rabbit: Oh my fur and whiskers!

King: Oh dear! Save the queen!

Queen: Someone's head will roll for this! Yours! Off with her…

King: But- but consider, my dear. Couldn't she have a trial… uh… first?

Queen: Trial?

King: Well, just a… uh… little trial? Hmm?

Queen: Hmm. Very well then. Let the trial begin!

Sinestro: We can't let Alice go to prison!

Me: We're not. Now!

We jumped out and stood before her.

Me: Your Majesty don't put Alice through a trial.

Acid Man: Your majesty, just give us some time to prove Alice's innocence. We can prove that it was someone else who stole your heart.

Queen: Oh very well.

Me: Huddle.

We huddled.

Alice: (Whispers) Are we gonna look for clues?

Me: (Whispers) No we're gonna run and hide and then get ready for an attack.

Alice: Good idea.

Me: Break.

We broke the huddle.

Me: So long suckers!

I threw a smoke bomb onto the ground!

POOF!

Queen of Hearts: Guards! Go find those fools and make sure they don't try anything funny!

Cards: Yes, your majesty!

The card guards go off to search for us. The Queen was about to search for us as well when suddenly, she was trapped in a cage.

Queen of Hearts: WHAT IS THIS?!

Unknown to her, a figure in the shadows snuck off in our direction as well.

We went into the woods and we were hiding.

Me: That oughta keep her off our backs for a while until we can come up with a plan.

Alice: What are we gonna do?

Me: We'll fight. But first we have some things to take care of.

Flash Man: Ok. That should give us some time to look for clues.

Me: Actually we're not gonna look for clues. It was a ploy to buy some time.

Dark Spicer, Misty Tredwell, Toiletnator, Man Boy, Heat Wave and Saïx appeared.

Me: Dark Spicer, Misty Tredwell, Toiletnator, Man Boy, Heat Wave and Saïx.

Misty Tredwell: Nice to be here J.D.

Toiletnator: That queen is one nasty monster.

Me: Tell me about it. We killed her before and she is as angry as a bull with a ruptured hernia.

Applejack: That'a strange way to put it.

Alice: Not gonna say that you're gonna kick my ass?

Dark Spicer: Nah. I'm saving that for when we fight the Queen of Hearts.

Misty Tredwell: And don't worry about her. She's a little locked up at the moment.

Me: What do you mean Misty?

?: It was because of me.

A figure came out and it was SLAMMER from episode 4 of Dino Charge!

---

Slammer has the ability to use his cages to trap and teleport his victims to a faraway sea cave. Rather forcefully sent down to Earth by the ruthless Sledge, Slammer uses this ability to capture Chase, Koda and a young boy named Peter, drawing the other Rangers to him when he commences his next attack while blocking any signal of distress from his captives. However, he is outsmarted by Koda and is defeated by the Rangers while in their Dino Steel mode at his normal size and then by Dino Charge Megazord's Stego-Raptor Formation once enlarged by the Magna Beam.

---

Tyler Navarro: Slammer!

Slammer: Been a while rangers. And you too Koda.

Me: I remember you! You were sent to capture the rangers so you can get the Energems for Sledge and you were outsmarted by Koda.

Slammer: That's right. Good memory on you. And the Queen was caught by me. Watch.

Slammer just trapped me in a cage.

Slammer: I know you can easily get out of that. But I just wanted to show you what I can do.

Just then, we saw them card guards nearby.

Maria: Oh great!

I ripped open the cage and got out.

Card Guard: (to Slammer) That was an excellent cage you just made. You could make an excellent guard for her Majesty.

Slammer: Oh please. I only serve Mistress Vypra. And I already put your so called queen in a cage!

Before the card guards could react, Slammer put them in a cage as well.

Me: Nice one Slammer! Now we can have our usual fights before taking down the queen.

Dark Spicer: First I have two new aliens to show you.

Dark Spicer then changed into a red version of The Worst and he had red skin and spikes all over.

The Hideousness: Meet The Hideousness!

Shanan: An Atrocitian Mutant. Weird.

Ben: You know that form is useless in combat, right?

The Hideousness: Maybe your version is. But mine isn't!

The Hideousness charged at Plant Man and slammed him with devastating force.

SMASH!

The Hideousness smashed Plant Man into a million pieces!

Nico: GEEZ!

Me: That's powerful!

Laney: He just smashed Plant Man into scrap metal!

Plant Man: I'm all right. I've handled worse.

Lisa Loud: I'll fix him right up.

Dark Spicer: There's more.

Dark Spicer turned into a purple and yellow version of Kicken Hawk and he had feathers that were sharp and strong and his muscle mass was 100 times stronger.

Sockin Chicken: I call this form… Sockin Chicken!

Shanan: An Akatorian Hybrid.

Ed: CHICKEN! (hugs Sockin Chicken) Hug a chicken! Hug a chicken! Hug a chicken! Hug a chicken!

Sockin Chicken: (gently pushes Ed off of him) Ed, I appreciate the hug, but I think Vypra and Leni are gonna get jealous.

Me: Ah Ed gets like that all the time when he's around chickens. He loves chickens more than anything.

Leni: It's true. He like is crazy about chickens.

Sockin Chicken: That makes sense.

Sockin Chicken rushed at Arpeggio and tried to slash him.

Arpeggio got out of the way and kicked him away.

Arpeggio: (British Accent) Nice try though lad.

Me: How does it feel being out of prison Man Boy?

Man Boy: It feels awesome!

Me: Cool. Lets get it on.

Everyone went at them.

The Trickmaster is an Emblem Heartless boss that is found in Kingdom Hearts, Kingdom Hearts Chain of Memories, Kingdom Hearts coded, and their remakes. It is one of the bosses at Wonderland. It has the ability to change size at will.

A Trickmaster is a bizarre Heartless with spindly legs resembling scissor jacks, arms that appear and sound like they're made of paper, and a head that is made of several segments balanced on top of each other. Each of these segments sports its own face-though all of the faces have the same glowing yellow eyes and jagged mouths-and they alternate in color from red to black. Its arms are black and it often juggles clubs with zig-zagging, purple and lavender stripes on them. It wears black armor with large, red shoulder pads, a black codpiece, and has a very thin and small red body. The upper halves of its legs are red, while their lower halves are black. Its feet are black, flat, and curl at the tips. Much of its upper body and head sport gold highlights.

In Kingdom Hearts Final Mix, the red sections of the Trickmaster's body becomes magenta, the black sections become lavender, save for its arms, which become a dark shade of steel blue. Its clubs becomes striped with black and white, and its feet and the gold tinges on its body and head both become yellow with a slight green tint. In this version, its coloration is noticeably similar to that of the Crimson Prankster.

The Trickmaster's name and design reflect the confusing, deceptive nature of Wonderland. Its name may also reference the Heartless's skill in juggling and performing other "tricks".

Sora: The Trickmaster!

Kairi: Wicked!

Lucy: Scary heartless.

Me: Lets hit it with a combined Final Smash!

Wallflower: This is gonna be good.

Suddenly Alice was enveloped in a flash of light and then we saw that she was an awesome Keyblader! Alice had a blue and white dress and a black hair bow and she had blue socks and black shoes and she had blue fingerless arm gloves and she had the Lady Luck Keyblade!

Me: Whoa! Alice you're a Keyblader!

Aqua: Incredible!

Alice: This is amazing! Now lets take these monsters down.

Wallflower, Cheshire Cat, White Rabbit, Alice and Alice Liddell: WONDERLAND ROYAL FLUSH SUPERBLAST!

They fired blasts of energy in the form of the Spades Royal Flush, the most powerful hand in all of Poker and the blast hit the Trickmaster and obliterated it in an instant.

Nico: Yeah!

Me: You are through Queen.

We had her arrested and sent to the Pluto Prison.

Eli: Good riddance to that tyrant.

Nico: Yep.

Nunnally: She has failed this kingdom.

Nico: Aww Nunnally, I was gonna say that.

Nunnally: Sorry Nico.

We laughed.

Toiletnator: (to Alice) What's it like having a Keyblade?

Alice: It actually feels very nice.

Heatwave: I'm just glad we dealt with the Queen and the Trickmaster before something bad happened to you.

Alice: What do you mean?

Saix: If J.D. and the others hadn't gotten you away from the Queen, you would've been kidnapped by someone worse. Trust me. I know from experience.

Me: Thank goodness we did. I think we did a good deed here. Lets head home and rest up. We'll continue the adventure tomorrow.

Dark Spicer: Good idea.

Man Boy: It's good to be back in action! But promise me that I can do a rant at Icky Vicky the first chance I get.

Me: We will have more rants.

We went and did so and it was a good rest. Next up was the world of Tarzan from 1999 and that is one of my favorites.

Wallflower: (To the viewers) Wonderland was an awesome world and it was so awesome living my favorite movie Alice In Wonderland and it was so awesome! I can't wait to see what we have in store for the world of 1999's Tarzan and it's gonna be so awesome!

Me: It sure is. Tarzan is one of my favorite movies.

Lana: Mine too.

Eli: I know all of Tarzan's family and his friends. They are awesome.

Me: Cool!

We got ready for a rest.

To Be Continued…

Part 2 done.

NicoChan11, JediAvatarOfShinobi, XP4Universe, Omegahatchiyak12 and ninjakingofhearts all gave me the ideas for this. Thanks guys. Next up for part 3 is 1999's Tarzan and we're going to kill Clayton and tame Sabor. It's gonna be awesome as we have the rogue leopardess on our side and more and then we're going to make Clayton pay.

See you all tomorrow.

# Journey Into the Heart Part 3

"Tarzan"

---

In the estate we were watching TV and I was doing some research into the worlds of the Justice Lords and the Royal Defenders. I was looking over the intel on the Royal Defenders and all the activities on the Justice Lords.

Ed Cowart: So you guys dealt with a version of the Justice League that took the same path as the Royal Defenders?

Me: We sure did Ed. Except the Justice League in that universe was called The Justice Lords. They went bad because their version of the Flash died. He was murdered in cold blood by their President of the United States: Lex Luthor.

Ed Cowart: So their Lex Luthor was their president and he was the catalyst behind the Justice League turning into the Justice Lords.

Me: I know. Ed did the Royal Defenders overthrow the government and assassinate their President in their universe?

Ed Cowart: No they didn't thankfully. But they did get the President to agree to put the entire world under martial law.

Me: So that's how they enforced their terror. Thank goodness we stopped them and freed their world from their tyranny.

Ed Cowart: Yep.

But then Rainbow Dash came bursting in through the door and she threw her backpack down on the ground and went up to her room crying.

Me: Rainbow Dash are you all right?

We went up to her room concerned and we saw her crying as she was sitting on her bed with her face in her arms and we went over.

Lori: Rainbow Dash are you okay?

She lifted her face and we saw that she had a nasty black eye!

James (Pokemon): Rainbow Dash! What happened?

Me: Geez! That is a nasty shiner!

Nico: Rainbow Dash who did this to you?

Rainbow Dash: (Crying Hard and Loudly)

I went over to her and comforted her.

Me: There there Rainbow Dash.

Rainbow: (Bawling) I WAS BEATEN UP BY THREE BULLIES! THEY DID THIS TO ME!

Me: Three Bullies!? It couldn't have been Hawk and Hank.

Nico: No but I have a feeling I know who they are. Their names are Mike Roughhouse, Lance Sockfist, Mitch Headlock.

Me: Those new jerks that moved here from Albuquerque, New Mexico!?

Qin: They were also the same bullies that picked on me when I first met Nico.

We gasped.

Lynn: I'm gonna kill those fucking freaks!

Lynn went out to go face them.

Cybertron Crumplezone: I'll go with you!

He went with Lynn.

Ariel: I can't believe this happened to Rainbow Dash. Especially with how fast she is!

Lincoln: I know.

Nico: Yeah. But we will find those bullies and make them pay.

Naruto: I think Stewie, Brian and Warpath already are way ahead of you bros.

OH BOY

---

Lynn was facing the bullies!

Lynn: You jerks better prepare for a world of-

She was cut off by her cell phone ringing.

Lynn: Excuse me. I have to take this call. (Answers phone) Yello?

Stewie: (on the other line) Lynn, don't beat up those bullies just yet. Just leave everything to me and Brian.

Lynn: (eyes widen) Stewie, what did you do?

Cybertron Crumplezone: (sees something) Guys, is that Warpath in his tank mode?

Lynn saw that he was right.

Lynn: That's him.

Warpath: Eat explosive lead bullies!

Stewie: FIRE IN THE HOLE!

Stewie loaded a huge bullet and Warpath fired it and it hit the Bullies and sent them flying into the air as it hit the ground in front of them and exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

They vanished in a tink.

TING!

Lynn: GRAND SLAM!

Warpath: Wow! That was a long fly ball!

We all came.

Me: Wow! That was a long fly.

Lincoln: It sure was.

Stewie: Hey, Warpath. What do you say we have some more fun while me and Brian are inside your tank mode?

G1 Inferno: Are you three crazy?!

Warpath: Aw it's all right guys. As long as they clean up after themselves.

Stewie: Yep.

They fired confetti from Warpath's cannon and it was funny.

Rainbow Dash was gonna have an eyepatch over her eye for a while.

---

Later we got ready for part 3 of our adventure and we were gonna head into the world of Tarzan from 1999 and it was gonna be an awesome adventure as we head into the jungles to see Tarzan and his friends again.

Kala: Oh, I bet you will.

She tickles Tarzan.

Tarzan's Ape Training was on as he set out on his quest to become a great gorilla.

Phil Collins sings Son of Man.

Phil Collins: (Singing) Oh, the power to be strong

And the wisdom

to be wise

All these things

will come to you in time

On this journey

that you're making

There'll be answers

that you'll seek

And it's you who'll climb

the mountain

It's you who'll reach

the peak

Son of man

look to the sky

Lift your spirit

Set it free

Some day you'll walk tall

with pride

Son of man

A man in time you'll be

Though there's no one there
to guide you
No one to take your hand
But with faith
and understanding
You will journey
from boy to man
Son of man
look to the sky
Lift your spirit
Set it free
Some day you'll walk tall
with pride
Son of man
A man in time you'll be
In learning
you will teach
And in teaching
you will learn
You'll find your place
beside the ones you love
All and all

the things you've dreamed of

The visions that you saw

Well, the time

is drawing near now

It's yours to claim it all

Son of man

look to the sky

Lift your spirit

Set it free

Some day you'll walk tall

with pride

Son of man

A man in time you'll be

Son of man

Son of man's a man for all to see

The song Ended and Tarzan was now a man!

Tarzan then was gonna do a prank on Kala. He was gonna sneak up on Kala and do a call of an animal on her to scare her.

Kala: Don't even think about it.

Tarzan: How'd you know it was me?

Kala: I'm your mother. I know everything. (Tarzan grabs a fruit and eats it) Now where have you been?

Tarzan: (Chuckles) I thought you knew everything.

Terk then pounces Kala and they wrestled.

Tala: Hey, Auntie "K." You're looking remarkably groomed today.

Kala: (Nonchalantly) Hello, Terk.

They wrestled all over the place and they were having so much fun and more.

Berk: Not the neck. Not the neck there, "T."[Grunting And Groaning] Whoa! Okay. It's all fun and games till someone loses an eye. Please stop. Somebody's gonna get hurt.

Tantor: And it's always me. Please. Cramp in the calf! Okay, you win! Ow, ow! Okay! You win. Hello? Yo, yo, let go!

Tarzan let go as he saw something.

Tarzan: Oh, sorry, Terk.

Terk: What kind of animal are you?

Tantor: I've been thinking lately that maybe Tarzan could be some subspecies of elephant.

Terk: What, are you crazy? An elephant ?

Something was coming.

Tantor: Listen to me. Think about it. He enjoys a peanut. I enjoy a peanut. He looks nothing like you!

Suddenly they were ambushed by the rogue leopardess SABOR!

Sabor roared as Tantor and Terk got out of the way.

---

Sabor is the central antagonist of Disney's 37th full-length animated feature film Tarzan (which is based on the 1912 American novel Tarzan of the Apes by the late Edgar Rice Burroughs) and a supporting antagonist in its 2005 interquel Tarzan II.

She is a savage female leopard who was responsible for the deaths of Tarzan's parents along with Kerchak and Kala's son. In a way, Sabor is the real reason that Kala adopted Tarzan as her son.

Her vocal sound effects were provided by Frank Welker, who also did the vocal sound effects of the other animals in the same film.

Sabor first appears stalking through vines during the night, where she spots Kerchak and Kala's baby strolling while chasing a frog. Snarling at the baby gorilla, Sabor manages to catch and maul him, much to both Kerchak and Kala's complete distraught upon hearing the sound. Sabor is later able to infiltrate a couple's home, where she manages to kill the couple offscreen. Eventually, Sabor is about to eat their baby son, who is rescued by a visiting Kala. By luck, Kala manages to trick Sabor by having one of her paws trapped with a rope and a pulley while elevating down on a boat. Kala then growls at Sabor before fleeing away with the baby, calling him Tarzan and raising him as her own adopted son.

Many years later, Sabor ambushes the gorilla troop. Kerchak battles with the leopard, but despite his huge size and strength, Sabor's deadly moves such as her claws, teeth, agility and reflexes prove to be too much for the silverback to handle. Fortunately, Tarzan, now a fully grown man, engages in a fight against Sabor, which ends when Sabor leaps down on Tarzan, sending both of them plunging into a pit below. Sabor is finally killed as she is impaled on the head of Tarzan's spear tip when the ape man raises it against the ferocious leopard, thus killing the animal. Tarzan then calls out his famous ape war cry as he lifts up Sabor's dead body, finally avenging his real parents that day along with Kerchak's and Kala's child. Despite his early reservations against raising Tarzan as a member of the gorillas, Kerchak showed some respect towards Tarzan for killing Sabor, just as they hear several gunshots fired by the pompous and greedy hunter Cecil Clayton, who intends to track down the gorillas and sell them for profit. It is presumed that Sabor's corpse was later disposed of by the gorillas.

---

The gorillas all got out of the way and Tarzan ran as Sabor chased him and Kerchak grabbed her and he roared and Sabor snarled and she pounced on him. Kerchak roared and she slashed him with her claws and Tarzan got his spear.

Me: Now!

We went in and then…

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off in the sky and a phoenix cry was heard and we appeared and landed by Tarzan.

Me: Looks like the fun started without us!

Tarzan: Good to see you all again J.D.

Me: Same here Tarzan. You're looking well.

Fluttershy: Leave this to me. I'll take it from here.

Fluttershy went up to Sabor and she used her stare on her.

Fluttershy: You have been a very bad kitty Sabor! You need to realize that we can be your friends and you can help us as much as we can help you! Now you will either abandon this path of evil or you will face the consequences of your crimes!

Sabor purred reluctantly and in fear.

Fluttershy: Good. Now apologize.

She did so.

Sabor then opened her mouth and she started talking for the first time.

Sabor: (As Cree Summer) I'm so sorry.

Me: It's all right Sabor.

I handed her a steak and she liked it.

Plant Man: I can sense a lot of plant life here.

Lily: There are sure a lot of plants here.

Nico: Do you have all those steaks on you?

Me: I sure do. Just in case.

Terk: Okay, everybody, move aside, out of my way, best friend coming through. That would be me. And you, don't make a habit of that, okay? There are other ways of getting attention, you know?

Tarzan: I'll try to remember that.

Terk: All right, and I was right behind ya if you needed me.

Kitten: So this is the Deep Jungle?

Me: It sure is. We've been here before.

Lincoln: I remember.

Alice: Wow. It's so amazing.

Laney: It sure is.

Tarzan: Guys it's great to see you all again.

Me: Same here Tarzan.

Concrete Man: It's a pleasure to meet you Tarzan.

Tarzan: You can understand me?

Concrete Man: Of course we can.

Me: We've expanded our forces quite a lot since we were here the last time.

Tarzan: I see that. Eli it's great to see you again.

Eli: Same here Tarzan. You are your family are doing really well.

Tarzan: We sure are.

We went up and talked to Kerchak.

Kerchak: It's good to see you again J.D. Everyone.

Me: Same to you Kerchak. You are looking really well.

Kerchak: Indeed. Eli it's great to see you again.

Eli: Same here Kerchak.

Kerchak: It's amazing how you all managed to tame the rogue leopardess Sabor. She was a menace to us for years.

Me: So we have seen. We already killed one version of the rogue leopardess and we can have another on the Redemption Squad.

Lincoln: Good thinking.

Nunnally: That's a great idea.

Laney: It sure is.

Lori: Leopards are literally my favorite cats.

Luna: Rockin dude.

Suddenly…

BANG!

We heard a Rifle Shot.

[Birds Squawking in the distance]

Tarzan: What was that?

Tantor: Ayah, it wasn't me. I swear! Okay, maybe it was.

Me: That was a rifle shot. We got hunters here. Clayton is coming. Kerchak, We'll handle this. I have a plan to get rid of Clayton.

Kerchak: Okay.

Me: Lets go guys.

We went out to follow the gunshots and stay in the shadows until the time came.

BANG!

In a part of the jungle we arrived at a bamboo grove and saw a huge path cut through it.

Me: They were here all right.

We got to the ground to investigate and we found a spent shotgun shell.

Fluttershy: What's that?

Me: A spent shotgun shell.

I picked it up.

Me: 35 caliber shotgun shell. Just fired recently.

BANG!

Man: I was reminded of a safari I led up the Zambezi. Marvellous. Lots of hunting, yes.

Me: That's Clayton. Stay quiet.

We kept quiet and we saw movement through bamboo.

Clayton: Bang, bang, bang, bang, bang. Ooh, was it scary there. Two bearers with only three rifles for me, blasted away. That's when I knew I was born for Africa! And Africa was created for-

He heard us come down and we stayed hidden.

BANG!

Out came Professor Porter.

Porter: Clayton, Clayton, there you are, what is it? What is it? Are we in danger?

Clayton: I thought I saw something.

Porter: A hippopotamus amphibious, or a rhinoceros-

Clayton: Professor, don't move!

He stood still.

Porter: Oh, right.

Out of the bamboo came Jane Porter.

Jane: (British Accent) Daddy? Ow. Daddy, what's all the hullabaloo about? What is it, Daddy?

Porter: Shh, Mister Clayton asked me not to move. He saw something. Oh, I moved.

Jane: Uh, Mister Clayton, sorry, excuse me, uh, but my father and I came on this expedition to study gorillas, and I think your shooting might be scaring them off.

Clayton: You hired me to protect you, Miss Porter, and protect you I shall.

Jane: And you're doing a marvelous job of it, but we only have a short time before the ship returns, and you see-

Porter: Jane, Jane, do you realize what you're standing in? A gorilla's nest!

Jane: Oh, Daddy!

Clayton: At last! Our first sign in days! Do you think the beasts could be nearby?

Porter: Well, they could be. There's the evidence, you know.

Jane: Daddy, look! Over there and there and-

Porter: Yes! More nests! I see them!

Jane: Just as you predicted!

Porter & Jane: Family groups!

Porter: Oh Jane, I love you!

Clayton: Family groups? Excuse me, but these are wild animals that would sooner take your head off than look at you!

Jane: On the contrary, Mister Clayton. Daddy's theory is that these are social creatures-

Clayton saw a leaf fall and then…

BANG BANG!

(Birds Squawking)

Jane: Mister Clayton, please! What if it's a gorilla?

Clayton: It's no gorilla. Perhaps we should press on.

Porter: Yes indeed. Now we should keep heading west…

Jane sighed as a fruit landed on her head and a monkey came.

Jane: Are you what all the fuss was about? (Monkey was eating the fruit) Daddy, daddy quick! No wait, hold still. (Pulls out sketchpad and draws monkey) You may not be a gorilla but you are one sweet little- (Monkey was gone and reappeared on her shoulder) There you go, what do you think?

Monkey chitters in love and takes her sketchpad.

Jane: Why you little- (Monkey runs off) Well, this is absolutely peachy. Come to study gorillas and I get my sketchbook pidged by a baboon!

Tarzan takes a paper and we saw what she made.

Me: She has a good knack for sketches.

Laney: Her artwork is creative.

Lola: It sure is.

The monkey was in love with the sketch of him.

Jane: Give me that! (The monkey brushed her off) Oh come on now, enough of this. I want this paper on the count of three. One, two, oh look, bananas! (Swipes the drawing) (Laughs) I can't believe you fell for that one. (Monkey cries) No, no, don't give me those crocodile tears. What would your parents have to say?

She heard a growl and then she saw a massive horde of baboons out for blood!

Jane: Oh, you see? I told you they'd be cross. Go easy on him, children will be children.

Jane fell and the monkeys came after her and she ran for her life!

Me: Lets go!

We went after her while swinging on vines and sliding on them and Jane jumped and she thought she was flying. But in actuality it was Tarzan that grabbed her by her dress.

Jane: Oh! I'm flying! What on earth am I- [Gasps as she sees Tarzan!] [Screaming]

A baboon was gnawing on her foot!

Me: Get off of her! Bad monkey!

I hit the monkey on its head with my Keyblade!

But the monkey got her shoe off.

Eli: Oops.

[Jane Screaming]

We flew into the air and landed on a tree branch.

Jane: Oh! Put me down! Put me down!

Tarzan did so.

Me: They're coming back!

Jane: No! Pick me up, pick me up, pick me up! [Screams]

We got chased by the monkeys as Tarzan was sliding on the vines and it was awesome and we slashed and cut a bunch of monkeys all over.

Jane: Help! Oh, no!

Me: HOLD ON TIGHT JANE!

We were sliding all over the place and was like a roller coaster chase! Jane used her umbrella as a shield to send the baboons flying.

Nico: Nice one.

Jane: Thanks. Guys!? Is that you?

Me: Good to see you again Jane.

Jane: Same here.

Me: Uh oh! We can talk later!

A monkey grabbed Jane.

Jane: Unhand me!

I punched the monkey off.

Then Jane's umbrella caught a vine and she was snagged.

Me: Uh oh!

We flew back and grabbed her as the vine broke and we swung through the jungle.

Monkey: Uh-oh.

The monkeys all crashed into a log and Tarzan flipped and caught her in a split over a rotting log.

Jane: Ah, over there!

Me: Whoa! They're coming back!

We went down the log and it cracked open and we flew down and Tarzan grabbed a vine and slid down it as he got friction burn and we jumped onto a tree and then the broken log came crashing down the tree!

Me: LOOK OUT!

We jumped to a safe area.

Me: WHOA! That was a close one.

Eli: It sure was. But that was fun!

Nunnally: It sure was. It was really fun sliding and swinging on vines.

Lincoln: Yeah.

A monkey came and it was using Jane's umbrella as a parachute to float down and the monkey and Tarzan chittered angrily at each other.

Me: Are you all right Jane?

Jane: Yes thanks to all of you guys.

Laney: You're welcome Jane.

But then…

THUNDERCLAP!

We took shelter in the tree until the storm goes away.

Me: Jane I know this is really sudden but we came here to kill Clayton.

Jane: Why!?

Me: He's not who you think he is.

I went over Clayton's history and she was shocked!

Jane: So Clayton is really a poacher!?

Me: Yeah and we came to kill him.

Ring Man: Clayton doesn't know we're onto him. That means we can use that to our advantage.

Me: That's right. I have a plan.

I gathered everyone and we huddled and I revealed my plan. It was to get Jane and her posse to see the gorillas and then when Clayton leasts expects it we ambush him and Laney will get all the Gorillas to safety as we fight Clayton.

Jane: That's a brilliant plan!

Vambre: (British Accent) It sure is.

Laney: I like it.

Juniper Montage: Yeah.

Tarzan: That is a brilliant plan though.

Eli: It sure is.

Breach: We should also make sure Kerchak doesn't die this time.

Me: That's right. He died in the movie but not this time. But we can't let Clayton know that we're onto him. We need to keep a low profile.

Nico: Right.

The storm died down and we went back to Jane's camp to put our plan into action. When she was reunited with her father and Clayton they were told everything and Tarzan showed them to where his family is at and when they saw the gorillas they were in awe and it was incredible!

Clayton: Now I can capture them!

He fired his gun and he missed and Laney got the gorillas to safety!

Clayton: Blasted gorillas! I'll hunt down every last one of them!

?: Too bad you won't get that chance.

Clayton turned around, only for a metallic fist to hit him, knocking him out.

Clayton was knocked unconscious.

We jumped out and saw this.

Me: Good job Laney!

Eli: It's all right guys it's part of our plan.

Whiteout, Lord Drakkon, Myotismon, Dark Laser, Comic Book Guy and Koragg all then came out.

Me: Whiteout, Lord Drakkon, Myotismon, Dark Laser, Comic Book Guy and Koragg.

Myotismon: It sure is gonna be fun here.

Dark Laser: I'm excited to get started.

Whiteout: (sees Sabor) Are you sure it's a good idea to have Sabor on the team? She did kill Tarzan's mother.

Dark Laser: And she might eat Flipsy!

Fluttershy: Relax. Once an animal is tamed by me, it stays tamed.

Koragg: Very well. We trust your judgement.

Me: Fluttershy does have that kind of power.

Sabor: It's true and I'm sorry I attacked everyone. I don't know what got into me all these years.

Me: And we found out why.

I showed everyone a thorn.

Me: She had this thorn stuck into her leg and she was out of her mind with pain and it caused her to go rogue.

Nico: Ouch.

Lincoln: Yikes.

Lori: Yeah.

Me: But who was it that knocked out Clayton?

?: That was me.

A figure came out and it was CAMERA ATTACK BOT from episodes 8 & 9 of R.P.M.!

---

The Camera Attack Bot is one of Venjix's Attack Bots. He is lens-themed. Camera Attack Bot serves as the main antagonist of the second part of the episode "Ranger Yellow".

The Camera Attack Bot was built by Venjix to destroy the Corinth City. Bot's primary weapon needed the Landsdown Black Diamond in order to make his functions more powerful. Tenaya 7 made her way into the city and managed to steal the diamond, but then lost it in her battle with Summer.

Later Venjix sent Camera Attack Bot, Tenaya 7 & the Grinders invaded the Rangers's base garage when Summer's arranged wedding was about to take place. Tenaya 7 managed to steal the diamond. Though Summer fought hard to protect the diamond, the Attack Bot still got it and was ready to use his full attack powers.

The bot grew huge and the Rangers responded with the High Octane Megazord & ValveMax Megazord. Before the Camera Bot could blast the city, the Rangers blinded him with the suns light and used the Megazords attacks to destroy the bot.

---

Summer Landsdown: Camera Attack Bot!

Camera Attack Bot: Been a long time rangers.

Me: I remember you! You were sent to Corinth City to destroy it and Summer stole a black diamond from you to limit your power and it's good that you attacked Summer's arranged wedding. Because there was no true love in a wedding like that.

Emerald Sustrai: That's true. No true love ever comes from an arranged marriage.

Summer Landsdown: That's right!

Camera Attack Bot: Yeah and I agree with all of you. I knocked out Clayton for you all so we can have our usual battles before he wakes up.

Maria: Wait. You knocked out Clayton?

Camera Attack Bot: I did. That gives us about 30 minutes to do the usual battles.

Me: 30 minutes is plenty of time. The Life Skylanders are gonna help us for this one.

Whiteout: (Sees Rainbow Dash's face) Good grief! Rainbow Dash what happened to your face?

Rainbow Dash: I got socked in the eye by a bunch of bullies that Qin knew from long ago and Nico beat them up before.

Lynn: Stewie and Warpath sent them flying and it was really cool!

Whiteout: Ouch but good riddance to those clods. Looks like we have a bunch of new test subjects for us. We can find them for you and deal with them.

Me: That would be great.

Lord Drakkon: Lets do it.

Nico: Yeah! Jane you and the Professor are in for a great show.

Jane: Okay.

We went at them.

---

## Battle 1: Dark Laser

---

Sabrina Mason, Stealth Elf, Kitten, Zook and Jinx were facing Dark Laser.

Dark Laser: So for this whole adventure you are having the teams of Skylanders help you all out?

Sabrina Mason: That's right. The Life Skylanders are helping us out and we're thinking about doing this all the time.

Dark Laser: I like it.

Kitten: Thanks. It was a great idea in my opinion.

Zook: (Jamaican Accent) It sure is a great idea mon.

Stealth Elf: I agree.

Jinx: Shall we get started?

Dark Laser: Lets. Jane can you watch Flipsie for me?

Jane: Sure.

She watched over him.

(Duel of the Fates Theme Plays)

Dark Laser called out his Pokemon and he ignited his lightsaber and Sabrina and her team ignited their lightsabers and went at him and clashed with him at a powerful level as sparks were flying all over the place with incredible power and fury and they fired blasts of Force Lightning and Force Fire and electrocuted and burned him all over. Sabrina used the powers of the Force and sent rocks and leaves into Dark Laser's face and knock him around all over with incredible fury.

Kitten and Stealth Elf: MOTH LIFE STEALTH CUT!

Kitten turned into a moth and Stealth Elf went invisible and cut Dark Laser all over the place.

Jinx and Zook: ENERGY PINEAPPLE BARRAGE!

Jinx and Zook fired blasts of energy and a barrage of pineapples and Sabrina fired a blast of Force Lightning and the blasts hit Dark Laser and knocked him and his Pokemon out.

Sabrina Mason: That was fun.

---

## Battle 2: Koragg

---

Sarah, Concrete Man, Camo, Impact Man and Stump Smash were facing Koragg.

Koragg: Sounds like you all have a really bad history with Clayton.

Sarah Gunnerson: You have no idea Koragg. Lori told me how about all the pain and suffering Clayton caused and how he killed Kerchak the first time. It's an abomination to nature.

Koragg: I agree with you. He has no honor.

We regrouped and Clayton was just waking up!

---

William Cecil Clayton, or better known as Cecil Clayton or also simply known by his surname Clayton, is the hidden main antagonist of Disney's 37th full-length animated feature film Tarzan, which is based on the 1912 American novel Tarzan of the Apes by the late Edgar Rice Burroughs. He is Tarzan's arch-nemesis, and the former "bodyguard" of Archimedes Q. Porter and Jane Porter.

In the film, he was voiced by Brian Blessed, who also played El Supremo in Freddie as F.R.O.7., the Nekross King in Wizards vs Aliens, and Mr. Avericci in Archie's Weird Mysteries. In the musical, he was portrayed by Donnie Keshawarz.

Clayton first appeared about 30 minutes into the movie as a veteran hunter and guide hired by Jane and her father Archimedes Q. Porter on an expedition to Africa in search for gorillas. Upon returning back to their camp after spotting several gorilla nests, Jane confessed that she saw the gorillas messing around in the camp before they fled along with Tarzan, a man who was raised by the gorillas during childhood. At first, Clayton finds Jane's story to be ridiculous, but this was not the case when Tarzan appeared in person.

Realizing now that Jane was telling the truth, Clayton made several attempts (all unsuccessful) to get the location of the gorillas from Tarzan, who was far more fascinated by what Jane had to teach him about humans. Days later, a cargo ship arrived to pick up the explorers and escort them back to England, much to their dismay. As the ship's crew loaded up their luggage and supplies, Clayton blamed Jane for distracting herself with teaching Tarzan, but Jane retorted that she was just as upset about not being able to find the gorillas. Upon witnessing Jane tearfully declining Tarzan's proposal to stay in Africa, Clayton manipulated the ape-man into believing that Jane would change her mind if he took them to the gorillas. Having no choice, Tarzan agrees to do so, much to Clayton's delight.

In order to ensure this, Tarzan had his friends Terk and Tantor distract Kerchak (the leader of the gorilla troop) so that he could lead the Porters and Clayton to the gorillas. Upon their arrival and witnessing the gorillas gazing down, Clayton smiles at this and details the gorillas' current location on his map. However, Kerchak returned unexpectedly, though, and was angered by the trespassers and attacked Clayton after the hunter threatened one of the family during a skirmish. Tarzan was then forced to restrain Kerchak to let Jane, Professor Porter and Clayton return back to camp, resulting in his exile from the gorilla pack.

Deciding that he is better off with the humans, Tarzan decides to go to England with Jane and her father. However, while boarding onto their ship, they (along with the ship's captain and his officers) were ambushed and taken hostage by several pirates. Clayton then reveals his true colors by admitting that he was behind the mutiny, revealing his true plan to capture the gorillas and sell them to a zoo for 300 pounds each, sadistically thanking Tarzan for leading him to the gorillas. As Clayton orders several of his men to lock up Tarzan and the others inside the brig, he and his other men left in a small boat loaded with large cages and made way for the gorillas' nests.

The poachers eventually reach the nests and began capturing the gorillas through nets, cages, and burlap sacks. Kerchak attempted to rescue his troop, but too ends up being netted. Clayton attempts to shoot down Kerchak but was interrupted when he and his men heard Tarzan's trademark yell. Tarzan and his friends (who had escaped imprisonment earlier) ambushed and frightened Clayton's men by bringing other animals to help out, freeing the gorillas and trapping several of Clayton's men in the cages.

From the undergrowth, Clayton shoots his gun at Tarzan, the bullet just grazing his arm. Witnessing this, Kerchak furiously charges at Clayton but ends up being fatally shot. Tarzan furiously lunges at Clayton, but Clayton shoots again, forcing Tarzan to retreat up to the tall trees. Clayton decides to follow Tarzan up the trees. Jane tries to stop him, but Clayton knocks her aside with his rifle, then follows Tarzan up the trees.

Clayton scans the mossy branches for his prey when Tarzan leaps onto his shoulders, causing him to drop his gun. The two men wrestle each other as they tumble from branch to branch. Clayton spots his gun in some nearby vines and reaches for it, but Tarzan pulls him back and retrieves the gun himself and points it at Clayton. Rather than begging for his life, Clayton instead mocks Tarzan to "be a man" and shoot him, but Tarzan realizes that doing it would only make him no better than Clayton and instead mimics a loud gunshot. Declaring that he will never be a man like Clayton, Tarzan smashes the gun into pieces as Clayton watches in horror as the remains of his gun fall to the jungle floor.

Clayton then flies into a rage and draws out a machete from his belt and lunges at Tarzan. Tarzan jumps back into a mass of vines to escape Clayton's furious swipes. Thinking quickly, Tarzan tosses a vine at Clayton's wrist to block his blow, then pulls down several more vines to entangle Clayton. However, this only serves to drive Clayton into a blind fury and he aggressively slashes at the vines, unaware that one of them has slipped like a noose around his neck.

Seeing this, Tarzan tries to warn him, but in his blind rage, Clayton chops through the last vine holding him up and plummets with the one still wrapped around his neck. The vine pulls tight with a sickening crunch, snapping his neck, hanging and instantly killing him. Tarzan lands safely just as a flash of lightning briefly reveals the shadow of Clayton's hanged corpse, swaying ever so slightly in the breeze.

Seeing Clayton's corpse, Tarzan can feel nothing but pity for the hunter before comforting a dying Kerchak and taking over the gorilla troop as its new leader.

Clayton: You'll pay for interfering! (fires shot at Lincoln)

Nico: LINCOLN, LOOK OUT!

Nico pushed Lincoln out of the way and take the shot as it hit him in the arm.

Vegeta: BOKRUA!

Nico: I'm okay!

Me: YOU FUCKING MONSTER!

Nico healed in an instant and I fired a gunshot at Clayton's leg and blew off his left leg!

Me: Here's your warning: Your Fucking Ass is going straight to hell!

Troy: Since we're in a world of animals, I know the perfect team to use.

Megaforce Rangers: Legendary Ranger Mode: Animal Supersquad!

The Megaforce Rangers turned into the Beast Squadron Maskman Rangers from 1989!

Maxxor, Rothar, Titanix, Staluk, Clodor, Kopond, Blazvatan, and Junda blasted and smashed Clayton at a merciless level and more and really smashed him to pulp. Some of the members of the Masters of Evil all appeared and they helped us slash, smash and blasted Clayton all over the place.

Eli: Take this one! JUNGLE STYLE NINJA ART: TWO WORLDS ONE FAMILY!

Eli floated into the air as leaves and the spirits of the jungle swirled around him as he sang Two Worlds by Phil Collins

Put your faith in what you most believe in

Two worlds, one family

Trust your heart

Let fate decide

To guide these lies we see

A paradise untouched by man

Within this worlds blessed with love

A simple life, they live in peace

Softly tread the sand below your feed now

Two worlds, one family

Trust your heart

Let fate decide

To guide these lives we see

Beneath the shelter of the trees

Only love can enter here

A simple life, they live in peace

Raise your head up

Lift high the load

Take strength from those that need you

Build high the walls

Build strong the beams

A new life is waiting

But danger's no stranger here

No words describe a mother's tears

No words can heal a broken heart

A dream is gone, but where there's hope

Somewhere something is calling for you

Two worlds, one family

Trust your heart

Let fate decide

To guide these lives we see

Eli fired waves of leaves and spirits of animals.

Nunnally: STAR STYLE NINJA ART: CARRY ON!

Nunnally floated into the air and moons, planets and stars swirled around her in purple streams as she sang Carry On from Sailor Moon.

Here I'm standing in the night

My crescent wand, the only light

Alone against my darkest fear

But I sense my friends are near

I'll draw from each the power I need

The evil queen we will defeat

Give me the strength to carry on

With all our love we can't go wrong

Only together we face the fight

Nothing can stand against our might

Give me the strength to carry on

With all our love we can't go wrong

Only together we face the fight

Nothing can stand against our might

With all our strength the battle's won

With our all love we can't go wrong

We have the strength to carry on

But Clayton wasn't finished yet as he got up and then he was floating in the air?! What the fuck!?

Me: Uh oh! It's a Heartless!

Juniper Montage: A Heartless that's invisible?!

Me: Not invisible. Camouflaged!

I activated my infrared vision and I saw that it was the STEALTH SNEAK!

---

The Stealth Sneak is an Emblem Heartless that appears in Kingdom Hearts. It is one of the bosses at Deep Jungle.

The Stealth Sneak is a bipedal lizard resembling a chameleon. It has a yellow body, with five short spikes along its back. It often stands hunched over, holding its arms out in front of it. Its entire upper body is covered in stripes of various shades of green and yellow, reminiscent of camouflage clothing. Its hands and feet have four toes each, two in front and two in back, with black claws. Its prehensile tail is curled up behind it in a spiral. It has a mouth lined by short, pointed teeth, a pink tongue that can extend to surprising lengths, and large yellow and orange eyes with small black pupils. It also has a large, yellow horn on the tip of its snout. Its Heartless emblem is on its chest. The standard Stealth Sneak bears a strong resemblance to a chameleon that Simba roared at in The Lion King just before the wildebeest stampede.

In Kingdom Hearts Final Mix, the Stealth Sneak's upper body becomes completely light green and is covered in intricate, black markings. The only other noticeable changes are that its horn becomes white and its underbody becomes tan.

Both halves of the Stealth Sneak's name reference its ability to become invisible. "Stealth" means "acting in secrecy", while "sneak" means "to hide".

Comic Book Guy: Clayton may have been a hunter like Kraven. But his fighting skills were lacking.

Chompy Mage: Tell me about it.

Myotismon: (sees an uncertain look on his face) Is something wrong, Nico? You look like something's bothering you even thought Clayton's gone.

Nico: (snaps out of it) Oh. Sorry. It's nothing.

Misty Tredwell: Now that the battle is done, J.D. I have some huge news for you. I don't know how to tell you this.

She then took my hand and placed it on her stomach.

Me: What's going… (Gasp) Misty… ARE YOU!?

Misty Tredwell: I sure am. I'm pregnant and the baby is yours and mine.

Me: (Excited and joyful) MISTY! THIS IS SO AWESOME!

I hugged her and kissed her and picked her up and laughed as we were full of joy.

Everyone else cheered wildly for me and Misty.

Carly Carmine: I'm so happy for you both!

Jack Atlas: (Australian Accent) Me too Carly.

Suddenly, Jane glowed in a massive burst of light and she suddenly turned into an awesome Keyblader! She still had a jungle explorer uniform minus the hat and skirt and she had 2 arm bands and fingerless gloves and she had holsters on her legs and awesome boots and she had The Jungle King Keyblade. She was awesome as a keyblader.

Later we got the world of Tarzan done and went home. Me and Lincoln and Lynn went at checked on Nico as he was in the Living Room watching TV.

Me: How are you feeling Nico? Clayton will never terrorize us again.

Nico: Banished him to the Warp didn't you?

Me: He was pure evil and we already sent him to the River of Fire before remember?

Nico: Oh yeah. Spoken like a true Royal Defender.

Me: Say what now?

Nico: Passing judgment like gods to an ordinary human like Clayton, with how much power we have and our death ray equipped spaceship. We could've just sent him to prison.

Lynn: True but he tried to kill Kerchak and actually succeeded the first time. He didn't give us a choice.

Nico: (sarcastically) That's reassuring. Talbot is right to be scared. The human race wouldn't stand a chance.

Me: We'd never go there. It isn't in our nature and nothing can change that.

Nico: Nothing? What if all the pressure from our battles becomes too much for you and you guys snap? What would stop you from doing what the Royal Defenders did?

Lincoln: (jokingly smiles) Ben can always use Alien X to erase us from existence.

Nico: (glares at Lincoln) You don't get to joke! Not today. I literally just took a bullet for you.

Lincoln: I'm sorry, Nico. You're right. But you don't have to worry about us. Trust me. You know us.

Nico: (solemnly) Do I really? (walks up to my room)

Lynn: (starts to go after him) Nico-

Lord Drakkon: (stops her and shakes his head) Nico has a lot going on in his mind right now. Give him a while to cool off.

Lynn: Okay.

Lord Drakkon: But I'm so happy for you and Misty, J.D.

Me: Me too. I can't wait to meet our new children or child.

Laney: Well have to go to the doctor later on to see if it's a boy or girl.

Lincoln: Good idea.

Juniper Montage: (To the viewers) Even if Clayton deserved to go to jail he was gonna die one way or another and he was totally honorless and deserved to die. But we did the right thing and did the world a favor. It was an awesome day for us.

Me: It sure was.

Lincoln: Yep.

# Journey Into the Heart Part 4

"Olympus Coliseum"

---

It was breakfast time at the Estate and we were having pancakes and toast. On our toast was fancy rainbow jam called Zap Apple Jam. It was fancy-schmancy rainbow jam that only comes from awesome apples that only grow every Fall: Zap Apples.

---

The zap apples are magical apples that grow in the Everfree Forest and the Apple family orchard, which was the Smith family orchard when they were first planted, as told by Granny Smith to Apple Bloom's class in this episode. Granny Smith tells of how she picked the apples from trees in the Everfree Forest and planted their seeds in the Smith family orchard, and how they magically grew to full size trees and their fruits were made into various foodstuff, chiefly Granny Smith's zap apple jam, which was instrumental in the founding of Ponyville, according to her story. Zap apples were originally called "Zapples" and went through several other names, such as "Zippityzapples", "ZipZap Apples", "Zipzapples" and "AppleZaps", according to Cindy Morrow.

Zap apple harvest

Zap apples are first featured in this episode. They appear and disappear quickly in the span of five days, which is why Applejack and Big McIntosh can't spare time from the harvest to speak at Apple Bloom's school. Their appearance is accompanied by signs that are numbered by Granny Smith. When the Cutie Mark Crusaders try harvesting the apples the evening before zap apple harvest day, Apple Bloom warns her friends, "Zap apple trees aren't like normal apple trees. They're magic." Sweetie Belle tries bucking a tree to harvest the apples but gets electrocuted, and when the three Crusaders try picking an apple and can't manage to pull it off the branch they end up catapulting themselves from the bowed tree.

### First sign: timberwolves

First, Granny Smith announces that the timberwolves are howling and that the zap apples are coming, although she later says that they howl "when the zap apples first start growing", after the other signs. The timberwolves appear in Granny Smith's flashback when she tells the story of the zap apples and the founding of Ponyville to Apple Bloom's class. Young Granny Smith enters the Everfree Forest despite its dangers in search of food. She hears a wolf's howl, and after she comes across the zap apple trees the timberwolves start gathering around her, howling and snarling. She escapes, and outruns the wolves back to the farmhouse, where she clangs pots and pans which scare away the timberwolves.

"Timberwolf", or "timber wolf" is a colloquial name for some subspecies of gray wolf, or for the species itself. The timberwolves in the episode have glowing yellow eyes and their bodies look like pieces of timber.

### Second sign: zap apple leaves

The next day after the first sign, a sudden strong wind starts blowing and the skies get covered with dark clouds. The naked trees starts buzzing with blue sparks around their branches, and soon the sparks disappear and big leaves sprout, which Applejack calls "zap apple leaves". The clouds quickly disperse, and soon afterward Granny Smith tells Filthy Rich that the zap apples are due in four "days, to be exact."

### Third sign: crows and flowers

The third sign is loudly pointed out by Granny Smith. There is another sudden wind and gathering of dark clouds, and a flock of crows circles above the orchard, making an apple shape with their flight pattern. Glowing teal flowers sprout on the trees and blossom into star-shaped flowers, accompanied by blue electric sparks. The clouds quickly disperse and the flowers stop glowing but remain on the trees.

### Fourth sign: meteor shower

The evening before zap apple harvest, the Cutie Mark Crusaders watch the zap apples sprout on the trees after a meteor shower. Apple Bloom announces that it's the fourth sign, and the three Crusaders sneak into the orchard to harvest the zap apples, though Apple Bloom warns her friends that zap apple trees are magic. The fillies fail at their attempts to pick the apples, which are still small and gray, and not rainbow-colored like the harvest-ready zap apples.

Fifth sign and ripening

The weather changes abruptly for a final time before the zap apples are ready to harvest. There's a lightning storm over the orchard, then a rainbow shines over it, and the zap apple trees are once again teeming with electrical sparks. The zap apples turn from gray to rainbow-streaked, and rainbow-beams fire all across the orchard from the apples. An aurora-like rainbow shines behind the apple trees and the zap apples change shape from small round apples to larger, more elongated and squarish. Applejack watches the transformation and announces that the zap apple harvest has begun, and Granny Smith announces that "tomorrow we will be makin' up some zap apple jam!"

---

Me: Mmm! This Zap Apple Jam is delicious!

Applejack: (Cowboy accent) Thanks J.D. Zap Apple Jam is the founding export that established Ponyville.

Lincoln: It's really good.

Laney: It's really tasty.

All of us were eating breakfast. But the tension in the air was so thick you could cut it with a knife.

Giganta: Well, breakfast sure is awkward today.

Me: Yeah but I'm not complaining as long as we enjoy this great jam and apple cider.

We were having apple cider to go with our breakfast. I was drinking really good apple cider.

Me: Ahh. Delicious.

Fluttershy: It sure is.

Lincoln: Yeah.

Later we were watching TV.

I saw Nico heading out.

Me: Hey Nico aren't you gonna watch TV with us?

Nico: I'm going out.

Me: Where are you going?

Nico: Why? You gonna Hakai me if I don't tell you?

Tabby: Ok. That's actually a very harsh accusation.

Me: Very harsh.

Cutthroat: (to me and the Loud Kids) Okay, that does it. You guys need to fix this right now!

Me: And I think I know how to start. Lets head over to Japan.

We were off to Japan.

TOKYO, JAPAN

We were over at the house of the robber that we supposedly busted over in Japan when we met to meet the Mon Colle Knights.

I knocked on the door and the man saw us.

Me: Sir? We came here to apologize to you.

Later Nico, Dark Spicer and Myotismon came.

Nico: Dark, why the Hell are we in Japan?

Dark Spicer: Just watch, dude.

Myotismon: Trust me. You'll like what you see.

Nico saw that me and the Loud Kids were talking to that robber from chapter 1143 in his own house.

Robber: Great. What do you guys want?

Tracks: J.D. and the Loud Kids have something they'd like to tell you. (to me and the Loud Kids) Go on.

Me: Sir we're sorry we snapped at you like that. We thought you were a robber. But now we realize that you were just looking out for your family.

Man: I appreciate that. But I was just trying to help my family.

We saw that he was in terrible living conditions.

Me: Oh man. I think I have a solution.

I pulled out my checkbook and wrote a check for him for $123 trillion and made him filthy rich.

Me: I didn't need this $123 trillion. We have more money than we all know what to do with.

Man: Thank you so much J.D.!

Me: Aw you're welcome.

Nico began to feel guilty about what he was doing.

Gabriel: Nico, don't you have something you want to say to J.D.?

Nico: I do. (to me and the Loud Kids) Guys, I'm really sorry for what I said the other day. I should've known better than to assume that you guys would turn out like the Royal Defenders. I guess I let Talbot and the Superhuman Registration Act get in my head.

Me: It's not your fault dude. It's fear and stress. They have a funny way of causing people to think irrationally.

Sinestro: J.D. is right Nico. You weren't thinking straight before. But you are cured now.

Nico: Good.

Eli: Yeah.

---

Later we continued our adventure in the Simulator and for Part 4 we were over in the world of Disney's Hercules from 1997: Olympus Coliseum.

Me: Wow. Olympus Coliseum.

Ransik: So this is Olympus Coliseum?

Me: Yep. It's the world of Disney's Hercules from 1997. Me and everyone know Hercules and his friends and they are awesome at what they do.

Laney: They sure are.

Lola: Hercules is one of mine and Lana's favorite Disney Movies and it is awesome.

Lana: It sure is.

Nico: So why are we here at this world?

Me: To participate in the tournaments to see how we can test our limits in the Phil Cup, Pegasus Cup, Hercules Cup and the Hades Cup.

Lasher: So, we're gonna fight Hades here, right?

Me: Yep. But that's not till later down the road at the end of the Hades Cup.

Lincoln: This is gonna be so cool!

Me: Yep. Lets head in.

We went into the coliseum and we saw Hercules training hard.

N: This could have the potential to be a perfect Pokemon stadium.

Me: It sure would.

Hercules saw us.

Hercules (Disney): Hey guys!

Me: Hey Herc!

Hercules (Disney): Are you guys here to participate in the tournaments as well?

Miranda: We are. Where do we sign up?

Hercules (Disney): Anyone can join.

But then Devack, Roman, Rex, Kalin, Loki and Zexion appeared.

Me: Devack, Roman, Rex, Kalin, Loki and Zexion.

Roman: This is gonna be really fun.

Maria: You guys are patricipating in the tournament as well?

Devack: We are. They actually do sound fun.

Roman: That way, we can have the usual battles and take Hades down at the same time.

Me: Killing Two Birds with One Stone in a sense.

Loki: Exactly.

Fluttershy: I would never do something so horrible to our feathered friends!

Me: No Fluttershy we don't mean that literally. It's just a figure of speech. It means to do two things we are good at all at once.

Fluttershy: Oh I get it.

Lincoln: Good.

Nico: This is gonna be so much fun!

?: Indeed it will be.

A figure came out and it was YASHA!

Sailor Moon: Yasha!

Yasha: Surprised to see me here, Sailor Moon?

Sailor Moon: Not really. Which tournament will you enter in?

Yasha: Pegasus cup.

Nico: Cool!

Shanan: It's gonna be really cool facing a Lionrourkian.

Qin: What is a Lionrourkian?

Shanan: They are known as the Spirit Lions of the Galaxy. They come from the planet Pantherias, a spirit energy planet located in the Crab Nebula and it is home to the spirit race called the Lionrourkians. They are a benevolent race of creatures that give good dreams to everyone in the universe. But an evil force corrupted them and turned them into demonic spirit creatures that make them bring terrible nightmares to everything.

Lincoln: That must be because of Queen Beryl!

Yasha: I'm impressed that you know so much about my race Shanan and you are all correct. My race was poisoned with evil because of her and the only way for you to free me from her evil is to kill me.

Shanan: Okay then.

Me: Lets get these awesome matches underway!

Troy: Let's kick these tournaments off!

---

Roxy, Head Rush, Ransik, Wallop and Nadira were facing Zexion and Lythos the Rock Titan! This is the first battle with Zexion the Cloaked Schemer.

---

Zexion

Zexion, also known as the "Cloaked Schemer", is the Nobody of Ienzo and Rank VI in Organization XIII. He serves as the secondary antagonist in Kingdom Hearts Chain of Memories: Reverse/Rebirth, wishing to use Riku as a puppet in Castle Oblivion. He wields the element of Illusion, and uses his element to create illusions and objects to fight for him. Unlike the other Organization members, Zexion's weapon was originally unknown, and his talents were used only outside of normal combat.

In Kingdom Hearts Re:Chain of Memories, Zexion's weapon was revealed to be a book called a Lexicon. Zexion appeared in Chain of Memories as a participant in the struggle within the Organization between the newer and veteran members. Zexion appeared in the game Kingdom Hearts 358/2 Days, as one of the playable characters in multiplayer mode.

He is voiced by Vincent Corazza in the English dubbed version, and Akira Ishida in the Japanese version. When disguised as Sora, he is voiced by Haley Joel Osment in the English dubbed version, and Miyu Irino in the Japanese version.

Zexion was once Ienzo, a quiet boy and one of six apprentices to the ruler and scientist of Radiant Garden, alongside Xehanort, Braig, Dilan, Even, and Aeleus. Worried the Darkness in people's hearts would eventually consume his world, Ansem began performing tests on Xehanort's heart. Eventually, at Ienzo's persuasion, he created a laboratory in his castle's basement for such experimentation. However, Ienzo and the other apprentices had their own intentions for the laboratory, and began conducting inhumane experiments on the human heart and the darkness within it. Such experimentation led to the creation of Heartless. Ansem quickly discovered their secret experiments, and immediately ordered them to stop. One day, after being advised to review their research data by King Mickey, Ansem found that the effects of their experiments had become irreversible.

Eventually, Ienzo and the other five apprentices dabbled too deep into darkness through their continued experiments. Ienzo, along with the others, was consumed by the darkness, producing a Heartless. However, the apprentices all had strong wills, and so Ienzo also became his Nobody, Zexion. The six Nobodies formed Organization XIII, and banished Ansem the Wise to the Realm of Darkness.

In 358/2 Days, Zexion is present when Xion joins Organization XIII. Zexion later teaches Roxas how to fill the mission gauge in Twilight Town, before being sent away to Castle Oblivion. True to his personality, he was patient with the Keyblade wielder, carefully and calmly explaining the filling of the gauge in great detail. Zexion also makes a cameo appearance later in the storyline. During Xion's nightmare on Destiny Islands, Roxas stands on the beach of the island, missing his friend. He later sees the hooded Sora copy and approaches her. She removes her hood and turns out to be none other than Zexion, who proceeds to taunt a younger version of Riku as he did in Kingdom Hearts: Chain of Memories. The scene then begins to fade, Xion (In the form of the shocked Roxas) undergoing a series of transformations until she finally takes Sora's form for the first time.

After Sora had been lured into Castle Oblivion, Zexion discovers two other scents deep in the dungeons of the castle. One of them belongs to a Maleficent formed from someone's memory, having been given life by Castle Oblivion's unique properties. Originally, he mistakes the other scent to be that of "The Superior". Eventually, however, Zexion and his cohorts determine that the scent belongs to Riku, who had appeared in the Castle by force of will after Sora's arrival. Vexen hypothesizes that the darkness in Riku's heart ("Ansem") caused Zexion to mistake him for "The Superior", calling the effect "fascinating". Specifically, Riku's heart is plagued by the presence of Ansem.

Zexion, as well as Lexaeus and Vexen, come to see that Marluxia, keeper of Castle Oblivion, intends to take control of Organization XIII, with the help of Larxene, by using Sora as their puppet. Though they see that they can use Riku to counter Sora, they decide to oppose Marluxia's plot by having Vexen investigate Marluxia under the guise of offering to help using the Riku Replica he creates with combat data from the real Riku. However, Vexen is eventually killed on Marluxia's orders by Axel, whom Zexion and Lexaeus had been unsure about trusting. Axel later tells them he had performed the deed only to gain Marluxia's trust, and continues to cooperate with Zexion in tracking Sora and Riku.

Seeing that Vexen's efforts to derail Marluxia's plan had failed, Zexion sends Lexaeus to sway Riku into joining them, but Riku refuses to allow darkness to control him and defeats Lexaeus in combat. With the last of his strength, Lexaeus manages to knock Riku unconscious, rendering him helpless. However, before he can finish the job, Xehanort's Heartless takes control of Riku's body and finishes Lexaeus with the power of darkness. Riku is then enveloped in his own personal darkness, where "Ansem" tries to corrupt him - however, he is saved by King Mickey and continues ascending Castle Oblivion.

After Lexaeus dies in his failed attempt to subvert Riku's resistance to darkness, Zexion discusses the Organization's fate with Axel and learns that Larxene has been killed as well, bringing the number of Organization members eliminated to three. Axel tells him that he himself was defeated by Sora as well, and that Marluxia is almost certainly the next to go.

Zexion decides that with the possibility of Marluxia dying soon, Riku is no longer needed, and heads off to intercept him. Zexion appears before Riku while he is between floors of the castle, shortly after the death of Marluxia. As the force of Marluxia's death shakes the castle, Riku halts with surprise and comments how a very strong scent in the air has died. Zexion materializes in front of him and tells him that Sora has just defeated Marluxia. Riku is surprised to learn that Sora is also in the castle, but Zexion tells him he would never be able to face him after having such darkness in his heart.

He gives Riku a World Card to Destiny Islands, and Riku winds up facing a Darkside Heartless. After he defeats it, Zexion reappears, and continues to play on his guilt, telling him Sora will always oppose him as a host of the dark. Sora then appears himself, brandishing his Keyblade and accusing Riku of being corrupt. He envelops Riku in light, rendering him unable to do anything. Instead of drowning Riku into helplessness, however, the predicament causes Naminé to come to his aid, in the guise of Kairi, telling him that he should stop rejecting the darkness within his heart, and instead tells him to draw on that power to free himself of the oppressing light and strike out at Sora. He wounds Sora, whose disguise falters to reveal Zexion, who had been using his powers of illusion to deceive Riku.

Zexion is astounded by Riku's ability to control the darkness, and is also enraged at his perseverance. He decides to engage Riku in combat himself, albeit wounded, but still puts up a rather difficult fight. However, Riku eventually overcomes and defeats Zexion (in the original Chain of Memories Zexion runs away instead of fighting Riku).

After escaping from Riku, Zexion appears in a room, where Axel and a companion are waiting. In a panic, Zexion thinks Axel's companion is Riku himself, but then realizes it's only the Riku Replica. Axel and the replica then approach Zexion, and Axel directs the replica's attention to his lack of wholeness. He tells him that if he can find strength that the real Riku doesn't have, he can become a whole person of his own, rather than a mere puppet or whole copy of Riku. The Replica then kills Zexion.

Zexion's spirit later reemerges as an Absent Silhouette, lurking in the Underworld of Olympus Coliseum.

While tracking down Hades, Sora and company encounter and observe Zexion's Silhouette. They wonder what the Silhouette is, but choose to ignore it. Later, after acquiring the Olympus Stone, Demyx reveals to Sora and company the nature of the Silhouettes, using Zexion's as an example.

If Sora chooses to battle the Silhouette, Zexion proves himself a dangerous foe, using his Lexicon to imprison Sora and company and attack them inside, but he is ultimately slain.

Following Zexion's death, Ienzo is revived alongside the rest of Ansem's apprentices.

When Lea returns to the castle from searching for Braig and Isa, Ienzo explains to Lea that if a person's Heartless and Nobody were killed and said person's homeworld was destroyed, they would end up in Traverse Town. However, Lea rejects Ienzo's ideas.

In the manga adaption of Kingdom Hearts Chain of Memories, Zexion does not escape from Riku after being defeated in battle on the virtual Destiny Islands. Instead, Zexion appears to Riku and taunts him about being weaker than Sora because he rejects the darkness. He transforms into Sora and rebukes him for embracing it, tricking Riku into thinking it is actually Sora accusing him instead of Zexion. Later, after changing back into himself, he further influences him by saying Sora would never want to see him again because he ran away from the light, but the Organization would welcome him with open arms. He consumes Riku in light, making him unable to do anything and attempts to show the pain of the light, but Riku, enraged, instead turns on Zexion and kills him with a slash of his Soul Eater. Zexion never fights with the Riku Replica.

In the manga, Zexion visits the floor where Lexaeus was killed, and he never makes an alliance with Axel.

## Lythos the Rock Titan

Lythos, also known as the Rock Titan and The Mountain King, is one of the supporting antagonists in Disney's 35th full-length animated feature film Hercules. He is one of the Titans that were imprisoned by Zeus, and seeks revenge on the Gods of Olympus. He also appears as one of the bosses in Kingdom Hearts.

Lythos was one of the Titans that were defeated and imprisoned by Zeus. A few thousand years later, Hades released the Titans, including Lythos. The Titans managed to take over Mt. Olympus, but after that, Lythos was defeated when Zeus destroyed his heads and Hercules uses Stratos to suck up Lythos and the other two Titans and then flings Stratos and the others into outer space, killing them.

His right head was voiced by Corey Burton, and his left head was voiced by Patrick Pinney.

Lythos is a recurring boss in the Kingdom Hearts series.

In Kingdom Hearts, the Rock Titan is the final boss of the Hades Cup. His defeat increases Sora and company's teamwork, granting them the Trinity Limit ability.

The Rock Titan makes a cameo in Kingdom Hearts II, where he is defeated by Hercules by the time of Sora and company's arrival at Olympus Coliseum.

In Kingdom Hearts Re:coded, a data version of the Rock Titan is one of the four sources of bugs inside the Olympus Coliseum's Keyhole, residing in the 15th layer. He is subdued by Data-Sora, Hercules, and Cloud.

The Rock Titan reappears in Kingdom Hearts III, where Hades uses him and the other Titans to capture Zeus like in the film. The Rock Titan. is fought as a boss twice, the first time being on his own on the cliffside of Mount Olympus, where it falls down the cliff after being defeated. The second time is with Pyros and Hydros on the summit, having somehow survived the fall off of the cliff. After Sora defeats the three Titans and Stratos, Hercules flings Stratos and the other Titans into outer space like he did in the film.

Roxy: Whoa! That is a massive titan of rock!

Ransik: He sure is huge.

Zexion: (to Roxy) This time, let's take our fight to my pocket dimension.

Zexion then took the fight to his Pocket Dimension. It was really a pocket universe where the very physical laws of mother nature do not apply.

Roxy: Wow! So this is the Pocket Dimension that Sora told me about.

Head Rush: It sure is a strange place.

Wallop: Yeah.

Roxy: It sure is. We actually have our own pocket dimension like this.

Zexion: I heard. It's called Malevolent Insanity from what I was told and it too is where the laws of nature don't apply.

Roxy: You heard right. We use it to teach people like Evil Sasuke's a lesson and make sure he knows what fear is.

Ransik: That sounds like a form of torture.

Nadira: It sure feels like it.

Wallop: Yeah.

Zexion: Lets see how you like my Pokemon.

Zexion called out his Pokemon and he had a Mega Zoroark, Mega Gengar, Mega Noivern, Mega Noctowl, and a Mega Salazzle!

Roxy: Wow! 5 awesome Mega Pokemon! A Mega Zoroark, Mega Gengar, Mega Noivern, Mega Noctowl and a Mega Salazzle! Great choices.

Zexion: Thank you. They would be perfect for this.

Roxy: They sure are. Lets do this shall we?

Zexion: Lets do this.

They went at him and Lythos and they fired blasts of energy and lightning and Zexion had his Book form into a shield and Nadira jumped and kicked him in the back of the head from above and Wallop smashed Lythos all over the place with incredible force and Head Rush charged and smashed into Lythos and knocked him down.

Ransik and Head Rush: CHARGING TIME LIGHTNING STRIKE!

Head Rush charged and Ransik fired waves of lightning that merged with her horns.

Nadira and Wallop: SMASHING TIME THUNDER SMASH!

Nadira and Wallop fired hammers of lightning and earth.

Roxy fired a massive wave of energy and the blasts all hit Zexion and his Pokemon knocked them out and Lythos crumbled into dust.

Roxy: Awesome first battle!

Ransik: That was most fun!

Nadira: Yeah!

## Battle 12: Everyone VS Hades

---

We were all on the arena and then a puff of darkness and smoke appeared and out came HADES THE GOD OF THE DEAD!

---

Hades is the main antagonist of Disney's Hercules franchise, serving as the main antagonist of Disney's 35th full-length animated feature film Hercules and Hercules: The Animated Series, one of the secondary antagonists in Mickey's House of Villains, and a recurring antagonist in the Kingdom Hearts franchise.

He is the ruler of the Underworld, Pain and Panic's leader and boss, Hercules' uncle and arch-nemesis, and Zeus' younger (older in original Greek mythology) brother.

In all of his appearances, he was voiced by James Woods, who also played Falcon in Stuart Little 2, himself in Family Guy, Lex Luthor in Justice League Action, Owlman in Justice League: Crisis on Two Earths, Dr. Phillium Benedict in Recess: School's Out!, Gloomius Maximus in Rolie Polie Olie, Captain Ahab in The Adventures of Moby Dick, Ned Trent in The Specialist, George Sheffield in Scarface: The World is Yours, Martin Walker in White House Down, Lester Diamond in Casino, Byron De La Beckwith in Ghosts of Mississippi, and Maximilian "Max" Bercovicz in Once Upon a Time in America. His singing voice was provided by Rob Paulsen in the song "It's Our House Now!" in Mickey's House of Villains. In the musical, he was portrayed by Roger Bart, who also provided the singing voice of Hercules in the 1997 original film.

In the past, Zeus entrusted his brother with authority over the Underworld, where all mortal souls go to after death. However, Hades had become fed up with having to reside in such a lowly and dreary place while Zeus the other gods enjoy their residence on Olympus, so he hatched a plan to overthrow his brother and take control of the cosmos with the help of the destructive Titans, who Zeus himself imprisoned eons ago.

Hades is first seen in the movie appearing on Olympus to attend the celebration of Hercules' birth, joking about the sentimental moment between baby Hercules and Zeus, comparing it ti having a "hunk of moussaka caught in his throat". He pauses with a grin, waiting for the Gods to laugh, but only gets a response of scowling looks (since they are unhappy to see him). Zeus on the other hand greets his brother with a smile and asks how things are in the Underworld. Removing Zeus' hand from his shoulder in contempt and disgust, Hades replies that everything is as dark and gloomy as they always have been. Upon noticing Hercules, Hades pushes an oblivious Zeus out of his way and observes his newborn nephew. Creating a spiked skull-shaped pacifier out of black mist, Hades tries his very first attempt to hurt Hercules by trying to stick his pacifier in his mouth. Hades almost succeeds, but Hercules grabs his finger and squeezes it tight, causing Hades much pain. Pulling his finger away in pain, he observes how bent it had become, realizing how incredibly strong the infant is at such a young age. Wrapping his arm around his brother, Zeus tells Hades to lighten up and enjoy the festivities. Slipping away, Hades points out that he would love to, but he has to continue his duties of maintaining the Underworld (which Zeus himself stuck his brother with). Zeus tells Hades he should slow down or he will "work himself to death", but then realizes he made a joke since Hades is the Lord of the Dead, making himself and the other Gods laugh. When Zeus falls into his throne and says he kills himself, a humiliated Hades fake laughs and quietly but also angrily says to himself, "If only… If only.".

Returning to the Underworld, Hades his escorted by Charon across the River Styx. Along the way, a couple of souls try to climb unto the boat, but Hades ruthlessly blasts them off. He then greets his guardian and pet, Cerberus with a giant steak, which the heads fight over. He then finally reaches his palace, he demands the presence of his minions, who present themselves in a humiliating fashion. He then orders them to let them know when the Fates, but when they tell him that they are already here, Hades is enraged that they did not inform him ahead of time. They apologize pathetically to avoid punishment, but Hades calms himself and go to address the fates (but promises to punish his minions afterwards). He then meets the Fates, who had just cut the life-string of an unfortunate mortal woman. He apologizes for being late, but is informed that they knew he would be as they know everything. So Hades tells them about the party he was at and that Zeus now has a child, but they brag that they knew all that that as well, which angers him momentarily. He then asks them if Hercules will become a problem in his plan to overthrow Olympus, and after a little convincing (complimenting their hair and handing them back their eyeball), they agree to.

The Fates prophesize that within 18 years, the planetary alignment will reveal the portal to Tartarus, where the Titans are imprisoned. This will allow Hades to release the Titans who will help him dethrone Zeus and take control of the cosmos. Hades is ecstatic that his plan will ultimately come to fruition, until he is warned that if Hercules does fight that day, Hades' plot will inevitably fail. As the fates take their leave, Hades becomes infuriated at the thought of his own nephew thwarting his plans, but calms himself down and brings Pain and Panic to a hidden chamber. There he asks them if they know how it is possible to kill a god. Pain doesn't have a clue, but Panic answers that gods are immortal and are impossible to kill. Hades confirms this and then shows them a potion that can negate the immortality of any god, effectively making them mortal. He grants them the potion along with a mission: kidnap the infant Hercules from Olympus, force him to drink the entire mortality potion to completely remove his godhood, and then finally end his life; thus removing any chance of Hades' plan being foiled.

The gruesome two manage to complete the first objective of kidnapping Hercules and bringing him to Earth, but could not fully complete the second due them being interrupted by a farmer couple Amphitryon and Alcmene, forcing them to hide before Hercules could drink the last drop, and then ultimately fail the final task of killing him since he retained his divine strength by not drinking said drop. Fearful that Hades will punish them greatly for failing their mission, they choose to lie to their master that they succeeded in murdering the child. This pleased Hades and he continued his plan to conquer Olympus by recruiting several monsters into his cause.

The next time, Hades is seen in the film is in a dark forest when he meets up with Megara, a spunky mortal woman who sold her soul to Hades in exchange for saving the life of her boyfriend, only for him to dump her for another girl, leaving her heartbroken an enslaved by the Lord of the Dead. He expresses his disappointment for not being able to recruit the centaur Nessus and punishes her by increasing her sentence rather than decrease it. Megara then explains that it was the fault of a young hero named Hercules, who had defeated Nessus and saved her. Shocked to hear the name of the one who will defeat eventually defeat him, Hades turned to Pain and Panic, who he realized had lied to him eighteen years ago. With fiery rage, he strangled his minions for their dishonesty and then burned down the surrounding forest to ashes. Then his minions try to comfort him by saying that they at least succeeded in making him mortal. Pondering this, he hatches a new plan to rid himself of Hercules with the help of his henchmen and henchwoman.

First, Megara finds Hercules in Thebes and leads him to two kids trapped under a rock, who are actually Pain and Panic in disguise. This was part of Hades' plan to lure Hercules to the lair of the Hydra, who Hercules battles as Hades watches. When Hercules decapitates the Hydra, Hades remains calm because he knows that the Hydra can grow more heads whenever one is cut off. Hades then watches with glee as the beast nearly hands the finishing blow, but Hercules causes a rockslide that buries himself and the Hydra. With both combatants believed dead, Hades lights a cigar, reveling in his victory. But when Hercules reveals himself alive, Hades fumes with anger, burning up the cigar and his minions as well.

Desperate to kill Hercules, Hades sends monster after monster to destroy him, only to be thwarted each and every time and only succeed in bolstering his popularity. Running out of ideas, Hades sent Megara to find out if Hercules had any weaknesses, offering her chance of freedom if she succeeds. He soon discovered that Megara is actually in love with Hercules, thus she is his greatest weakness. Taking the opportunity, Hades personally confronts Hercules by holding Megara hostage, convincing him to give up his super strength in exchange for her being set free and not getting hurt. Hercules agrees and with a single handshake, he loses his super strength. Delighted that he finally bested Hercules, Hades releases Meg from her servitude as promised and leaves, but not before he demoralizes Hercules by confessing that Meg was working for him until the moment. Finally rising to power, Hades releases the Titans when the planets aligned, and sent them to attack Olympus and take the gods (including Zeus) as prisoners. During the siege, Hades sends in the Cyclops to kill Hercules. However, even without his super strength, Hercules defeated the Cyclops, who ends up falling over to his death. The impact caused a pillar to fall on Hercules, but Megara pushes him out of the way and ends up being fatally injured, breaking Hades' deal and giving Hercules his super strength back.

With that in mind, Hercules heads to Olympus and defeated the Titans by throwing them into space where they were destroyed, much to Hades' anger. Retreating back to the Underworld, Hades taunts Hercules that while he may have foiled his plans, Megara has already died succumbing to her injuries and her soul will be joining in the river Styx along with other deceased souls. Without hesitation, Hercules went to the Underworld and offers Hades a deal: he will take Megara's place after he fishes her out from the river. Hades gladly accepts the deal, knowing that he will be delighted to have Hercules trapped in the river forever as revenge against Zeus, since it is impossible to retrieve a soul out in time. However, Hercules' selfless sacrifice allowed him to regain his lost immortality and successfully retrieve Meg's soul from the river, much to Hades' complete distraught. Realizing now that he can't stop Hercules anymore, Hades nervously asks Hercules if they can talk and says that since Zeus is the "fun guy", he asks Hercules to put in a word with him and blow the whole feud off. Then Hades holds Megara's face up to Hercules, mockingly telling her to talk to him. Having enough of his hated uncle, Hercules angrily punches him and sends him flying into the river Styx, where the souls start to attack him. Hades angrily tells the souls to get away from him, but they refuse and continue attacking him. Scared, Panic tells Pain that Hades isn't going to be happy when he gets out, only for Pain to cheer Panic up by saying if he gets out. Getting frightened, Hades says that he doesn't feel good and feels a little flushed as he is eventually dragged along with the souls into the depths of the river.

## Hercules: The Animated Series

In the TV series, Hades appears as the main antagonist and constantly formulates new plots to dethrone Zeus and take over Mount Olympus, such as tricking the other gods to swim in the river of Lethe to erase their memories, stealing the sun, and turning Zeus into a mortal so that he can feed him to Cerebus. However, as always, Hercules and his friends arrive to foil Hades' plans, much to the latter's distraught. However, this is an error as Hercules have again his teenager's aspect.

Hades has the distinction of being one of the only Disney villains (outside of fanfiction, comics or video games) to meet and team with another Disney villain; Jafar in the episode, "Hercules and the Arabian Night".

## Disney's House of Mouse

In the series, Hades serves as a recurring guest, where he is revealed to have a crush on the witch Maleficent, and used his cruelty in a successful attempt to go on out on a date with her. He also serves as a supporting antagonist in Mickey's House of Villains where he helps Jafar take over the club from Mickey.

## Kingdom Hearts

In the Kingdom Hearts series, Hades serves as a main antagonist, though his role is small. He first appeared in Birth by Sleep, when he attempts to test Terra during the Games in an attempt to defeat Zeus. He later attempt to battle Aqua after calling her a coward, but ends up losing and forcing himself to retreat, vowing revenge.

During the events of Kingdom Hearts, Hades serves as a member of Maleficent's council, and uses an army of Heartless to attack the Olympus Coliseum, even convincing an uneasy Cloud in defeating Sora, though this ends up all in failure. Following the defeats of Maleficent and her allies, Hades decides to deal with Sora and his friends personally by unleashing two of the Titans. However, this too ends up in failure, forcing Hades to retreat.

## Hades in Kingdom Hearts 2

In Kingdom Hearts 2, Hades attempt to drain Hercules of his immortal strength by tricking Sora into opening an ancient coliseum known as the Underdrome and kidnapping Meg. Though this was successful, Sora manages to defeat Hades, who then throws Meg's soul into the River Styx. However, Hercules dives in to save Meg's soul, thus restoring his power and allowing him to send Hades into the river as punishment, just like in the film.

In Kingdom Hearts 3, Hades somehow escapes the River Styx and determined not to fail again, goes back to his original plan of conquering the Cosmos with the Titans. He first appears in front of Sora, Donald and Goofy (after they call out for Hercules but to no avail) and shows some frustration over the praise they have for Hercules and their disbelief that Hades will succeed in his plans this time. But instead of fighting them, Hades tells them of his plans before using the Titans to send them flying. Soon after, he then encounters Pete and Maleficent who are after a "distinctive" black box and ask him of its whereabouts. Despite wanting them to leave him alone, Hades reluctantly tells them that the box they are after may just be the one that Zeus hid on Earth. He later appears in Olympus doing the same thing he did in the film with capturing the gods and Zeus before sending the Titans out to deal with the heroes. After a lengthy battle and some help from a recovered Zeus, the four Titans are defeated with Hercules sending them into space like in the film, leaving an angered Hades no other option but to retreat back to the Underworld, taking a bolt of lightning from Zeus with him.

## Sorcerers of the Magic Kingdom

Hades appears in Sorcerers of the Magic Kingdom as the main antagonist and final boss. The game features Hades attempting to take over by collaborating with other notable Disney villains, sometimes under punny aliases like "Boss Teal" and "Prince Azure". At the end of the game, Hades and the other villains are magically trapped into a snow globe.

## Once Upon a Time

Hades is the main antagonist of Season 5B of Once Upon a Time. He is portrayed by Greg Germann.

## Descendants franchise

In the novel Return to the Isle of The Lost, that Hades has a son named Hadie, who chooses not to be evil and instead wishes to go to Auradon and considers himself an anti-hero. However, Hades himself fully appears in Descendants 3 as the father of Mal, daughter of Malficent.

## Disney Parks

Although not often seen live, Hades has become common in some parks. He's used in advertisements with other Disney Villains around Halloween time.

In the Disneyland Resort, he has a speaking role in the Frightfully Fun Parade.

In Walt Disney World, he appears in the Unleash the Villains and Villains Unleashed events. In the attraction Sorcerers of the Magic Kingdom, he serves as the main antagonist, wanting to make the Magic Kingdom his new vacation spot by turning it into ruins, but

Merlin's Crystal of the Magic Kingdom messes with his plans. And so, he sends Pain and Panic to swipe it, but they accidentally break it, with four pieces being set around the park. Hades then tries to use several other villains to get the remains, but Merlin and the park guests stop his scheme by trapping him and his goons in the completed gem. He also makes an appearance in Fantasmic where he summons Chernabog to defeat Mickey, a plan that fails. He has a speaking role in Mickey's Philharmagic and makes an appearance in Hocus Pocus Villain Spelltacular as well.

In Tokyo Disneyland Resort, he appears in Maze of Madness: The Nightmare Experiment Continues, where he traps Professor J.T. Wu in the Underworld.

In Shanghai Disneyland, he appears in the Villain's Cavalcade night show, a show that happens around Halloween time.

In the Disney Cruise Line, Hades appears as a main character in the Villains Tonight! show. In it, Hades is stated to have "gone soft" and needs to become nefarious he wants to keep the Underworld. And so, he visits other Disney villains to try to gain back his evil nature.

Or caress your soul so

Turn that page for me

I cannot embrace the touch that you give

I cannot find solace in your words

I cannot deliver you your love

Or caress your soul

Age to age

I feel the call

Memory of future dreams

You and I, riding the sky

Keeping the fire bright

Sephiroth (in Japanese: セフィロス, Sefirosu) is the main antagonist of Final Fantasy VII, its 2020 remake, the film Final Fantasy VII: Advent Children, and a major antagonist in the extended Final Fantasy VII universe, Compilation of Final Fantasy VII, and the Kingdom Hearts franchise. He is also Cloud Strife and Tifa Lockhart's archnemesis.

He was voiced by Toshiyuki Morikawa in Japan, and by George Newbern in English. In the 2020 remake, he was voiced by Tyler Hoechlin in English.

Sephiroth is the child of Professor Hojo and Lucrecia Crescent, two Shinra Inc. scientists. While in the womb, his mother named Lucrecia was injected with cells of a powerful alien being known as Jenova, and in his fetal form, he merged with the cells and was taken from Lucretia at birth. He was kept in the dark about his real mother, only told that she was named Jenova, and the terrible experiments that were been performed on him. Raised by Shinra Inc due to his extraordinary superhuman physical prowess, Sephiroth eventually joined SOLDIER as it's most powerful warrior, his strength going beyond 1st class and became known as the SOLDIER Hero. He was particularly renowned for his accomplishments during the war between Shinra and Wutai, being deeply admired and respected by most boys in the world, causing many to join SOLDIER, making Sephiroth not just Shinra's most powerful warrior but also it's most efficient poster boy. He only has two close friends within SOLDIER, Angeal and Genesis, all three of them being the most powerful results of the Jenova Project, although both Angeal and Genesis's Project G were considered failure and inferior compared to Sephiroth's Project S but none of them were aware of the real truth. Genesis and Angeal would spar with Sephiroth, at which Sephiroth would easily fight them all off, until one day Genesis tried to go all out. Try as Genesis may, Sephiroth overwhelms him but Angeal stops the fight, in the process of which Genesis suffered a shoulder injury that causes his deterioration. By the end of the Wutai War, he saves Zack from a powerful monster named Ifrit, easily dealing the finishing blow, and realizes not just Genesis but also Angeal had betrayed them.

With both of his close friends having left him, Sephiroth begins to become conflicted and pressured, as Shinra is constantly pressuring him to hunt them down as he is the only one in SOLDIER at the time capable of killing them in battle. He refuses to kill his friends, hoping to reach out to them, and starts to bond with Zack Fair especially when he becomes another SOLDIER 1st Class. When Genesis and Angeal attack Shinra, Sephiroth is dispatched to deal with them as though Zack has grown strong enough, Shinra doesn't trust him but Sephiroth refuses to do so and allows them to escape but helps defend Shinra from Genesis Copies. Afterwards, Sephiroth researches on Project G, desiring to find a cure and a way to neutralize his friends, but is unable to find any such means before Zack cuts down Angeal and seemingly Genesis. Then, Shinra sent him to Nibelheim to inspect a broken Mako reactor, along with another SOLDIER 1st Class (Zack Fair), and several infantry men, one of which was Cloud Strife.

Once in the city, Zack asks Sephiroth about his parents, and he mentions that his mother's name was Jenova, but said nothing about his father. Sephiroth climbs Mt. Nibel with the rest of his men to inspect the reactor, and in it he finds a room labeled Jenova. In the room he sees Jenova- a hideous abomination, in the form of a female. Why Jenova is in an armored containment suit when later revealed is unclear, although it is likely a small error by the game creators. This and the witnessing of other mutant creatures ("failed"

SOLDIERs injected with Jenova cells) brings about what essentially is a psychotic break, leading to him question who, or what, he is. For six days he locked himself in the basement of Shinra mansion reading books about the experiments Shinra had been doing.

This research causes Sephiroth to believe that Jenova was a Cetra and that he himself is the last surviving Cetra, he also comes to think that humanity betrayed the Cetra by leaving them to defend the planet against an evil calamity, the calamity actually being Jenova herself. With this information along with his anger for being used as an experiment for Shinra, Sephiroth slowly slips into insanity. On the seventh day, Sephiroth decided to take revenge on the humans for leaving the Cetra and making him one of Shinra's experiments, but first insanity took him and he burned Nibelheim to the ground (most likely using an extremely powerful Firaga). Zack thus confronts him later on, with Cloud not far behind.

When they reach the reactor, Zack breaks into the room labeled Jenova, and demands that Sephiroth tell him why he burned the town down. Sephiroth stood in front of a discolored and disfigured woman in a test tube, Jenova, and addresses her as "Mother" believing she is his real mother due to the fact that he was told his mothers name was Jenova. After talking to Jenova about reclaiming the planet Zack attacks him and they fight fiercely. Although Zack is able to stand reasonably evenly with Sephiroth, even having the skills to defeat Genesis proved to be insufficient and Sephiroth eventually overwhelms Zack in swordplay, driving him back before he quickly overpowered Zack in a clash of strength, disarming him and sending him flyinh. Sephiroth turned back to his "Mother" and acts as if nothing as happened. Cloud then walks in, and takes Zack's Buster Sword and badly injures Sephiroth but Sephiroth, in his rage, easily stabs Cloud through the stomach, though with all his will, Cloud manages to pull the sword up and throw Sephiroth off the edge of the reactor core, although, as an alternate ending in the anime Last Order Final Fantasy VII, Sephiroth intentionally jumps into the reactor asking Jenova to go with him to the "Promised Land".

In Final Fantasy VII, Sephiroth is the main antagonist, his goal being to find the Black Materia in order to cast the ultimate destructive spell Meteor that would wound the planet so badly it would have no choice but to tap deep into the Lifestream to heal itself so Sephiroth could absorb the Lifestream to become a god and rule the planet. Having found the Promised Land, which is the North Crater and the very place his body is encased in as the planet's core, he only needs the Black Materia to complete his plan as he already has all the power he needs to cast Meteor.

He shapeshifts Jenova's remains at Shinra to release Cloud and the members of the second reincarnation of Avalanche, who were being held prisoner, and kill President Shinra after declaring Shinra would never acquire the Cetra's fabled promised land. Cloud, despite having his memories altered due to the trauma of Zack's death and his razing of Nibelheim, still remembers Sephiroth with hateful passion, his memories altered so that he is Sephiroth's partner instead and had been the one to go with him to Nibelheim, where he saw Sephiroth's breakdown and fall into insanity and fought him, though despite not remembering the outcome, Cloud knew he had not killed Sephiroth, being aware Sephiroth is much stronger and more skilled than him, and thus seeks Sephiroth to kill him once and for all. In the distorted flashback, Sephiroth is briefly playable as an invincible and always-one-hit-ko party member.

As the game progresses, it seems Sephiroth's powers become greater and greater, to the point where he can control Cloud, and even the remaining cells of Jenova herself. His control over Cloud however, allows him to obtained the black materia from him. Using Cloud, Sephiroth tries to make him kill Aerith while she is praying in the Forgotten Village trying to summon the spell Holy to help counter act the meteor summoned by Sephiroth, Tifa however yells and breaks Sephiroth's manipulation, and so using his control over Jenova, he forces her cells to take his own form and uses her to impale Aerith through the stomach.

Cloud and company pursue Sephiroth to the planet's wound, a crater that was left behind when Jenova arrived on the planet. They go into it and Sephiroth shows Cloud several flashbacks of what really happened at Nibelheim, and reveals that Cloud has his cells in him, and that Sephiroth could control him because of this. The illusion ends and Cloud, who does not believe himself to be Cloud, hands over the Black Materia to the real Sephiroth that had been frozen in the planet's core. Sephiroth had controlled remnants that shared Jenova cells from inside the planet in order to bring himself back to life to and achieve his plan of becoming a god to rule the planet.

Eventually, Sephiroth achieved his plan and became "Bizarro Sephiroth" (in Japanese: リバース・セフィロス Ribāsu Sefirosu) and "Safer Sephiroth" (in Japanese: セーファ・セフィロス Sēfa Sefirosu), which is his ultimate god or god-like form. One last battle commences between Cloud, his friends, and Safer-Sephiroth, who is eventually defeated. Despite this, his conscience remains intact and he drags Cloud into the Lifestream to have one last confrontation with him, this time in a metaphysical realm. However, Sephiroth was too weak to overpower Cloud in his state and is easily defeated by Cloud's heightened willpower. The Meteor continues its course and crashes into Gaia, but due to Aerith's ability to talk with the planet and summon the spell Holy, the Lifestream is able to push back the meteor before it causes ultimate destruction to the planet.

Sephiroth returns in the remake of Final Fantasy VII as the main antagonist again and is much more prominent and with seemingly different goals.

He appears before Cloud many times to haunt and torment him: He first traps Cloud in an illusion of the Nibelheim when he burned it and after mockingly walking away, mocks Cloud over his personal slaying of Cloud's mother and razing of Nibelheim but does not deny Cloud's claims of killing him and tells Cloud that he must leave AVALANCHE and live to fight for the planet, telepathically telling Cloud to hold on to his hatred after Cloud snaps and attacks Sephiroth, and despite releasing the illusion, soon returns to yet again mock Cloud when he first meets Aerith, saying that he is too weak to protect anyone, even himself. Sephiroth's illusions do not end there and he appears before Cloud twice more: When Cloud falls to the slums, Sephiroth says he is Cloud's everything, and after Cloud fails to save Jessie and Wedge, Sephiroth shoves to Cloud's face his failure to protect those he cared for again but encourages Cloud to gain strength from the failure.

Sephiroth also shapeshifts his Sephiroth Clones rather than

Jenova's body into himself, using Marco to attack Cloud, but as Marco is too weak, Cloud easily neutralizes him and would have killed him had he not been stopped by Tifa. Later on, he once again uses Marco to project himself in Shinra's headquarters to thwart AVALANCHE's attempt to assassinate Shinra, wanting to do it himself and sends AVALANCHE tumbling into the lower levels after mocking Cloud. He seemingly attacks Shinra but lets him briefly escape so AVALANCHE found him before appearing and killing Shinra and stabbing Barret. Sephiroth shapeshifts Marco into Jenova Alpha to battle AVALANCHE but is defeated. However, Sephiroth sends in another Sephiroth Clone, tattooed with number 2, to retrieve Marco and jump down to escape.

The first part of the Remake ends with Sephiroth, apparently in his true body, confronting and battling AVALANCHE: He flies down to their location after their escape and says that if the planet were to die, everything would end, and dismisses them all as seeing nothing but shadows before summoning the Whispers and having them form a portal to the other side of the bridge, cutting open the entrance and telling Cloud he is waiting. After all the monsters have been defeated, Sephiroth appears before AVALANCHE personally and unleashes Supernova upon Midgar, severely damaging it, and then tracks Cloud down for a duel. He overpowers Cloud even when he is aided by another AVALANCHE member and though with additional aid, they were able to push him back and cancel another Supernova, when the party was complete and cornered him, Sephiroth has the Whispers engage AVALANCHE and lures Cloud into a metaphysical realm he describes as the edge of creation and offers Cloud to join him so they can "save" the planet. Cloud refuses and the two fight with their swords but it quickly becomes evident despite whatever wounds he suffered from his latest battle with AVALANCHE, Sephiroth is still the stronger one and after a while of merely countering Cloud's attacks and performing restrained blows, he pushes back Cloud in a clash of blades and disarms Cloud with one attack. Rather than killing him, Sephiroth spares his life, even telling him he has "7 seconds left until the end", before leaving as Cloud is also returned to Midgar and regroups with the rest of AVALANCHE, sour at being defeated by Sephiroth and his desire for revenge as strong as ever.

Due to Sephiroth's actions, the course of destiny has been changed, allowing Zack and Briggs to survive. Although it is unknown if he is aware of Zack's revival and had actually intended it, it is clear that he succeeded in defying fate and is free to pursue his currently unknown goals in the new future. Although AVALANCHE did defeat Sephiroth in battle, technically Sephiroth had still won the conflict in Midgar as he succeeded in part of his goals and would presumably now seek Cloud and maybe Zack's assistance in his goals. With Sephiroth far from being defeated and Shinra as damaged as it is, Cloud and AVALANCHE abandon their grudge towards Shinra and made Sephiroth their next target, leaving Midgar to find and defeat Sephiroth, believing he intends to destroy the planet.

Although not yet specified, it is confirmed that Sephiroth will continue to play a major role in the next game, presumably still being the main antagonist.

Despite his defeat, in the original continuity, even the destruction of his physical body was not enough to truly defeat him as his will once again persisted. Infuriated by his defeat and hating Cloud over it, Sephiroth resisted being dissolved into the Lifestream and, being the mastermind as he was, used the lifestream's emergence to fight Meteor to infect the planet with Geostigma, dispersing his memories among the lifestream to spread the disease. Despite this costing him to lose his peripheral memories, including those of his personal appearance, his mind remains as sharp as always and he uses memories of how others in the lifestream see him to craft his avatars and sends them to find Jenova's remains to reform a true body for himself.

In Final Fantasy: Advent Children, though Sephiroth was defeated 2 years earlier, he has left a great dent in the planet. He infected the Lifestream, and so created a disease called Geostigma. Geostigma weakens the immune system, causes exhaustion, and black sores on the skin of the infected. Children are more prone to getting this disease than adults, however, this does not mean adults can't get it; in fact, Cloud has it. 3 remnants of Sephiroth that he created, named Kadaj, Loz, and Yazoo, are seeking to reunite with their "mother" Jenova, and attack Cloud, calling him their "brother". As the movie progresses, two of the remnants are defeated, leaving only Kadaj, who merges with what is left of Jenova. By doing so, he becomes Sephiroth's avatar, adopting his physical appearance. Cloud and Sephiroth fight once more and this time it is purely physical battle. With his superior combat abilities, Sephiroth is steadily able to wear down and overwhelm Cloud until Cloud is finally decisively beaten and badly injured. However, Cloud, by reminiscing of all that he cherishes when Sephiroth mistakenly mocks him by threatening to kill them all and being invigorated by Zack's spirit, perfects Omnislash 5 and uses it to finally defeat Sephiroth, taking advantage of the advantage of many blades, the enchanted speed, and Sephiroth's surprise to soundly deal lethal blows. However, when Cloud demands Sephiroth to stay in his memory, Sephiroth calmly says "I will… never be a memory.", proving he is not truly defeated and while his physical body may have been destroyed, he is still present.

Sephiroth, though not visibly seen, is mentioned as a well-known hero. His reputation inspires Zack Fair to train to become Sephiroth's equal in power and legend.

After Master Xehanort's defeat, Zack witnesses Hercules train under Phil, noticing one of Sephiroth's feathers floating towards him. Zack then disappears, with the feather landing where he once stood.

Sephiroth appears as an optional boss in the first Kingdom Hearts game for both the North American version, and later the Final Mix version. He is found in Olympus Coliseum. No story is really provided, though it does refer to him as "The SOLDIER Commander" and a man once known as the "greatest of swordsmen".

Prior to Sora's arrival to Olympus Coliseum, Cloud strikes a deal with Hades: if Cloud defeats Hercules in battle, Hades will lead Cloud to Sephiroth. However, the deal is not paid off.

Later, Sora enters the Platinum Match and encounters Sephiroth himself, besting the One-Winged Angel in a duel. In the Final Mix version only, following Sora's departure, Cloud encounters Sephiroth and engage in a battle before dissipating in light.

In the second Kingdom Hearts game, while still an optional boss, Sephiroth is given a backstory. Sephiroth claims he is the darkness in Cloud's heart and as long as that darkness remains, Sephiroth cannot die. Thus, Cloud and Sephiroth have been fighting for a long time, across many different worlds. One year after Sora's battle with Xehanort's Heartless, Cloud has been looking for Sephiroth in the newly-restored techno-magic kingdom of Hollow Bastion (now known by its true name "Radiant Garden"), wanting to end their conflict once and for all.

Sora and company first encounter Sephiroth as they leave Hollow Bastion's castle to assist in the Battle of the 1000 Heartless. The One-Winged Angel inquires of Cloud's whereabouts, but realizes that Cloud is getting enlightened and takes his leave. He soon after rescues his arch-nemesis from a swarm of Heartless and taunts him about the darkness.

After defeating the MCP and discovering Hollow Bastion's true name of Radiant Garden, Sora and company arrive at the Dark Depths, once more encountering Sephiroth, who asks where Cloud is and on Sora's identity. Sora and company refuse to answer. Sephiroth then notices Sora's Keyblade and engages Sora in battle, intending on testing the weapon's loyalty and Sora's strength.

Although it seems Sora triumphs over the One-Winged Angel, Sephiroth casually shrugs off the defeat and informs Sora that only Cloud can truly defeat him, and orders the Keyblade wielder to bring Cloud to him. Sora then finds Cloud in the Marketplace and tells him of Sephiroth's location, prompting Cloud to travel there to engage Sephiroth in battle.

As Sora returns to the Dark Depths, Cloud arrives and duels with Sephiroth. As the two lock blades, Sephiroth taunts Cloud once more, but Tifa arrives, encouraging Cloud to let go of his inner past. Though Sephiroth is irritated at Tifa's appearance, Cloud suddenly glows in a bright aura and warps both himself and Sephiroth to an unknown world to continue their duel.

Sephiroth appears in the Final Fantasy-based fighting game Dissidia and it's prequel Dissidia 012 as one of the Warriors of Chaos. Among all Final Fantasy villains in Dissidia Final Fantasy, Sephiroth seems to be treated with the most fear by both villains and heroes, as unlike the others, who knew they are wrong but deny it, he truly believes he is right, and from this draws substantial willpower, and fervent religious willpower. This is further backed up by his substantial martial ability, profound intellect, and other extraordinary powers, making him easily the most formidable out of Chaos' warriors.

In the story, Sephiroth, having no memories of his past life when he awoke as a servant of Chaos, has no interest in the battle between chaos and harmony, and instead only cares for regaining his memories. As such, upon Kefka suggesting he attack Tifa to force Cloud to fight him, as Cloud was a servant of Chaos and thus unable to be challenged by Sephiroth, Sephiroth gladly does so and defeats her, regaining a considerable amount of his memories. When Cloud interferes, Sephiroth leaves after a fight, promising to kill him for his betrayal. Now remembering Jenova as his "mother" and the concept of the Lifestream, Sephiroth thinks the cycle of war is similar, as the slain warriors are purified and reborn in the next cycle without memories. Sephiroth suspects that there could be numerous other warriors in past cycles who were not revived, and when he learns of the origins of the manikins, wonders if this is the fate of such warriors. Seeing no point in continuing to exist if he is just a tool, Sephiroth kills himself, represented by him fighting another Sephiroth, and fades away wondering what fate awaits him in the next cycle, if he will be reborn or cast aside as useless, perplexing the other Warriors of Chaos.

Killing himself turns out to be a successful gamble as he is able to retain some memories of the previous circle and remember more about his world, confirming that he is the real Sephiroth, and he is gradually able to regain even more of his memories. As a result, Sephiroth remembers his ties to Cloud and goads him into taking the path he chooses for him to take. To that end, Sephiroth attacks his allies Tidus, Cecil, and Firion, and steals Firion's rose. Going to the Planet's Core, he easily subdues Firion in a fight and even when the Warrior of Light arrives and sends him back to Cecil and Tidus while he battles Sephiroth, Sephiroth remains undefeatable to the Warrior of Light as the latter realize that Cloud is the one meant to defeat him. Sephiroth questions the Warrior's reason for fighting to end the war and accuses him of finding pleasure in the fighting deep down.

Sensing Cloud is near, Sephiroth leaves to meet with him. He mocks Cloud's inability to find a reason to fight yet subconsciously wishing to fight as it is the only source of solace for him. Once Cloud defeats him and obtains his crystal, Sephiroth tells him to remember that he is the only reason that Cloud was able to get it.

At the end of the game, Sephiroth, having regained his memories fully, with Cosmos destroyed and Chaos's power growing, decides to merge his soul with the core of the world as Chaos begins to destroy them in order to fulfill his plans of godhood. Cloud and Sephiroth confront each other one last time, Sephiroth telling Cloud that to him Cloud's hope is a disease that prevents him from embracing his warrior instincts. Cloud says it is something he must endure to keep going and the two battle. Cloud prevails and insists he is no longer tied to Sephiroth. Despite his defeat, as he vanishes in a flash of light, Sephiroth, as always, remains unfazed and tells Cloud that his shadow is burned into his heart, and he will continue to return as long as Cloud is who he is. It was never revealed if he intended to end the war for good, or if he wanted to ensure a continuation of the cycles of war, though his Dissidia 012 character bio indicates the former.

Sephiroth is among the villains summoned by Spiritus for the new war. Astonishingly, instead of basing his goals on his wish to become a god, Sephiroth instead decides to hasten the inevitable battle with Shinryu, knowing of the threat of the planesgorgers, likely as his experiences from the last game has made him decide to give up on manipulating the nature of the crossover world to become a god and instead focus on returning to the real world.

Shantotto stumbles upon him with the Cloud of Darkness and Kefka heading to meet Spiritus. In response to Cloud of Darkness's retort that Kefka "never changes" in regards to his glee at death and doom, Sephiroth says beings like Kefka thrive in the ensuing chaos.

Sephiroth puts his plans into action when he ambushes Bartz while the latter fights Exdeath (none are aware that Materia and Spiritus had summoned them back), seemingly knowing Cloud would be there to fight him. Sephiroth acknowledged his rival has indeed returned to the conflict once he arrives and dismissing Exdeath's confusion, he battles Cloud while Exdeath battles Bartz. As the planesgorgers arrive Exdeath deduces this was Sephiroth's plan. Cloud charges at Sephiroth and demands to know what he did. Sephiroth defeats Cloud, also knocking down Bartz, and departs with Exdeath, leaving a cryptic hint to Cloud that "soon, their goals will align", citing they'll meet again once they do. He then aligns with the Emperor to find summons, and easily defeats Terra Branford at Midgar but a hail of spells sent by Kuja forces him to back off. After Kuja heals her, the two, along with Zidane, fight Sephiroth and the Emperor. They are interrupted by planesgorgers, with Sephiroth remarking their conflict has "awakened the beast" and retreats along with the Emperor.

True to Sephiroth's predictions, the warriors of Materia and Spiritus call a truce to stop Shinryu and stage a mock battle to draw the dragon into the open. Sephiroth fights Lightning among raining rubble and overwhelms her, knocking her gunblade away, although Noctis retrieves it and returns it to her. Once Shinryu finally awakens, Sephiroth joins in the final assault against the dragon god, and bests him. With the battle over, Sephiroth's plans of returning to his homeworld is fulfilled but he leaves behind a crystal imbued with his essence for Spiritus to use in his place.

Sephiroth is the main antagonist of Mobius X Final Fantasy VII: Fatal Calling. Having been sent to Palamecia along with Cloud, Sephiroth's plot to return to his original world puts him in conflict with Cloud and Mobius's protagonist Wol as he intends to manipulate Cloud.

Sephiroth is first seen talking to the unconscious Cloud, dismissing his attempts to lock away the past and telling him to rise to his destiny, and soon starts a fierce fight with Cloud. Sephiroth easily overpowers Cloud and holds him in sword-point and scoffs at Cloud's declaration of being a former SOLDIER, stating that he doesn't have the strength or skill needed to be remembered as a SOLDIER before leaving.

Arriving in Midgar's Mako Reactor, Sephiroth comments he still doesn't have enough power to return to his world and only has a pale imitation of the power he needs and tells Cloud he is clever but lacks despair before summoning a creature and soon confronting Cloud, hinting of his plans with Cloud and telling him to remember the Reunion. Sephiroth once again defeats Cloud even with help from Wol, stabbing Cloud as he tells him he is a puppet and that he will only kill him after he knows despair. He dismisses Wol's claims that Palamecia is a suiting place for him, as it is not the world promised to him and he must go home and those with despair will help him start the Reunion before telling Wol to tell Cloud he is waiting for him in Nibelheim.

Sephiroth appears before Cloud and Wol repeatedly, first summoning a creature again, then sending an illusion to fight Wol, before finally confronting the healed Cloud. Sephiroth tells Cloud to battle him in the Northern Crater and whoever wins get to go home. It is when Cloud confronts him in the Northern Crater that Sephiroth reveals he played Cloud all along: The Materia Cloud had was created by Sephiroth and the energy that he drank from the Mako Reactor that healed him was his. Easily cutting down Wol in an instant, Sephiroth brainwashes Cloud and takes him to return to their world.

When Wol confronts him, Sephiroth reveals that he will return home by destroying Palamecia and easily fending off Wol, sicks Cloud on him. Wol realizes Sephiroth is an illusion and Cloud returns to his senses and defeats Sephiroth but Sephiroth is unconcerned as he still gained Cloud's strength and was able to return home, though Cloud also gets to return as well.

The fallen hero also appears in this rhythm game as a boss in Final Fantasy VII scenarios. Commonly during the song "One-Winged Angel". He is also an unlockable playable character by gathering eight black shards.

Vegeta: It's unreal!

Nico: Whoa man!

Goku: His power is rising dramatically!

Nikiya: Unbelievable!

Lincoln: Holy shit!

Nunnally: Eli what's happening to you!?

SEPHIROTH IS NOW IN HUGE TROUBLE WITH THE WRATH OF THE ENTIRE UNIVERSE!

Eli: I WILL NEVER FORGIVE YOU!

His wings of purple fire and his 10 purple fire tails came out as his full power was unleashed as swirls of the elemental forces were swirling around him! Fire, Lightning, Water, Wind, Earth, Light, Darkness, Crystal, Time, Sunlight, Moonlight, Gravity, Space, Stars, Force Energy, Ice, Life, Undead, Magic, Gears and Aura energy were swirling around him at an incredibly astronomical rate and then he screamed some more and unleashed the ultimate extent of his power! In a massive explosion of energy and power, Eli's power was unleashed and he was now forever changed! When the dust cleared Eli was now a whole new person! He looked like he was 17 years old and is golden hair was now longer and went down to his ankles and he had a 21 Pointed Star with the kanjis of 21 elemental forces in it emblazoned in the middle of his forehead and he had earrings of the elements on and his eyes were now white pupils and he had the stars in his sclera. His shirt turned into a rainbow shirt and he had a heart with a picture of Aerith in it and he had shorts that were glowing with purple fire and he had flaming tennis shoes on. His vest turned into a sleeveless trench coat with the 21 elemental forces on it and it had the kanji for Eli Winston Bullock, Elemental Angel of the 21 Elemental Forces of Justice and the Guardian of Mermaids and Angels on the back.

エリ・ウィンストン・ブロック、二十一のエレメンタル・フォース・オブ・ジャスティスのエレメンタル・エンジェル、そしてマーメイドとエンジェルの守護者

His wings were glowing with incredible rainbow light and his sword was now more powerful than ever as it was surging with the power of 21 elemental forces. He was now a SUPER ANGEL 1,000,000 ELEMENTAL RAINBOW FORCE!

We were in shock at what happened to Eli and his Shuffle Alliance mark, the King of Hearts was glowing red with incredibly ferocious power!

Eli: (Divine Angelic Voice) **I WILL NEVER FORGIVE YOU FOR EVERYTHING YOU'VE DONE SEPHIROTH!**

Me: **Eli you look incredible!**

Nunnally: Eli what happened to you!?

Eli: **I've ascended Nunnally.**

Me: **Your power is unreal!**

Varie: Whoa! This is unbelievable!

Lincoln: It's like he has become a man.

Eli: **Rainbow Dash, lets take this monster down!**

Rainbow Dash: Lets do it!

Nunnally: Let me help too.

Eli: **Okay.**

Eli and Nunnally: OUR SPIRITS ARE AFLAME AND WE FEEL THE FIRE! THERE IS NOTHING WE CANNOT DEFEAT! AND NOW THESE HANDS OF OURS ARE BURNING RED! THEIR LOUD ROAR TELLS US TO DESTROY YOU!

Sephiroth was shaking with fear!

Rainbow Dash, Eli and Nunnally: ERUPTING BURNING ALPHA OMEGA JUSTICE FINGER! SEKIHA TENKYOKEN!

They fired a massive blast of elemental fire and energy and the blast slammed into Sephiroth and completely obliterated him in a massive and incredible explosion of unimaginable power!

***KRABBBBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOO***

The explosion was so massive, so powerful, so devastating and so incredibly strong that it could be felt all over the entire Kingdom Hearts Universe as all the worlds all over the universe felt its unbelievable power! It shook the very fabric of the entire universe to the core and countless Heartless all over were destroyed and we got a massive negative energy power boost of incredible power! When the smoke cleared, there was nothing left of Sephiroth and he was completely gone!

Me: **WHOA! WHAT POWER!**

Nico: Unbelievable!

Naruto: That was incredibly intense.

Lincoln: It sure was.

Eli then powered down and he was exhausted and he fell down and I caught him.

Me: **Eli!**

Eli: (Weak groan) What happened?

Me: **You did it Eli. You won. Sephiroth is dead. You got your revenge and avenged Aerith.**

Aerith: My baby boy.

Eli then hugged Aerith and cried hard.

Then Sephiroth's evil spirit appeared.

Me: **I will never let you torment the world again.**

I held out my hand to him.

Me: **HAKAI!**

I banished Sephiroth to the Warp for all eternity.

The Masters of Evil all came and we all powered down.

Kalin: That was intense!

Nico: No kidding! But this was so much fun!

Devack: It sure was.

Rex Goodwin: Have you guys finally patched things up?

Nico: Yes, we have.

Loki: Good. The last thing we need is your friendship being broken.

Kalin: Personally, I blame Talbot and his stupid Superhuman Registration Act!

Me: I agree with you Kalin.

Kalin: But that is rough that Sephiroth killed Aerith.

Rex Goodwin: Yeah but he finally got justice for Aerith and all the countless people Sephiroth killed.

Lincoln: He sure did.

Loki: Misty is gonna be with you guys for a while until after she gives birth.

Carly Carmine: She has to recover first after that you know.

Loki: Good point.

Me: Lets head home and rest up.

Rainbow Dash: Good idea. (To the viewers) Tournaments are fun but be careful with who you are playing against. It may be fun but be careful with who you are playing against.

Me: Good advice Rainbow Dash.

We did so and we put the trophies we won for each cup in our trophy case. Meg decided to come with us at a later time.

# Journey Into the Heart Part 5

"Aladdin"

---

In the early morning hours at around 3:23 AM, Applejack was fast asleep when suddenly she was awokened by the sounds of dancing?

Applejack: [grunting] What in tarnation is that? Apple Bloom, what is all that awful… tapping? [gasp] 4 cutie marks?!

Apple Bloom had 4 Cutie Marks on her besides the one she had. She had a hula hoop, dishes spinning on sticks and a shoe dancing. Apple Bloom was dancing uncontrollably while spinning a hoop on one arm and dish drilling in the other.

Apple Bloom: Help me!

Applejack: C'mere, you! Ow! Ow! Whoa!

She hit Applejack back with her hoop accidentally

Apple Bloom: I'm sorry, Applejack! I dunno how to make it stop!

Applejack: Well, I know a bunch of people who might!

Later at Twilight Sparkle's castle we all arrived there.

Me: We got here as fast as we could Twilight.

Varie: What's going on?

Applejack: Apple Bloom is doing all kinds of talents.

We saw her dancing really amazingly and she was doing hula hoop spinning and dish drilling.

Laney: Wow! That is really multi-tasking!

Lola: She's dancing and doing all that!? That's amazingly talented.

Applejack: This is not normal. Usually all ponies only have 1 Cutie Mark but for Apple Bloom to have 4 is not normal.

Me: Hmm. Her normal cutie mark, a hula hoop, dish drilling and dancing.

Hard Man: It's official, Apple Bloom. You're sick.

Applejack: She doesn't look sick to me.

Twilight Sparkle: Hmm. Three additional cutie marks. Three more talents. I've never seen anything like it! I was just reading something about unusual equine illnesses. What was it?

Spike: "Perplexing Pony Plagues", perhaps?

Twilight Sparkle: Yes, Spike, you're amazing!

Spike: Yes, well, I do have some talents.

Me: That's interesting. Lets have a look.

Nico: We'll hold her down while you guys look.

Laney held Apple Bloom in a bed made with vines and they held down her legs.

Me: Sorry about this Apple Bloom.

Apple Bloom: It's okay.

Twilight Sparkle: Lets see here. Hay fever… the trots… [gasp] Cutie pox!

We saw a picture of a pony with many cutie marks all over it.

Apple Bloom, Applejack and Spike: Cutie pox?!

Me: What the heck is Cutie Pox?

Twilight Sparkle: Cutie pox. This puzzling pony plague afflicted a population of ponies back in the Paleopony Period!

Spike: Heh, say that ten times fast!

Me: Wow. So it's sort of a primordial disease like smallpox and all that.

Nico: And smallpox was eradicated years ago.

Twilight Sparkle: Yes it's ancient. Random cutie marks appeared all over the ponies' bodies, causing them to perform all the talents that came with them!

Apple Bloom: Just like me!

Lola: Wow! So that's why she has 3 more cutie marks.

Lana: That's cool.

Applejack: It's not cool but what's the cure? What's the cure?!

Twilight Sparkle: It says here there's no known cure!

We gasped!

Apple Bloom, Applejack and Spike: No known cure?!

Twilight Sparkle: The cause of the breakout was never discovered, and the cutie pox disappears as mysteriously as they arrived!

Me: So it's a totally unpredictable disease.

Nico: And cutie marks appear all of a sudden without warning? Bizarre.

Lincoln: Really bizarre.

Apple Bloom: Oh, no!

Hard Man: It's official, Applebloom. You're sick.

Me: You already said that but this doesn't look like a sickness I know like the Flu though.

Apple Bloom: (weakly) Sick. Need medicine. Ugh…

Ruby: You got it! I know exactly what you need! I'll be right back! (Ruby zips away and returns almost immediately with a glass of milk, a video game cartridge and a rolled up poster) I'm right back! Alright, I got you everything you need! A warm glass of whole milk! (places the milk on the shelf next to Weiss)

Apple Bloom: Blech.

Ruby: My favorite video game, Kung Fu Ninja Ultimate Slayer Death Battle 2!

Apple Bloom: Bleh.

Ruby: Ah, you're right. The first one was way better. (places the cartridge on the shelf) And, finally, a motivational cat poster. (unrolls the poster, revealing a picture of Blake desperately hanging onto some rope with the caption "Hang In There") Me-ow. (places the poster on the shelf)

Monster Rancher Golem: Ruby, that won't help Apple Bloom at all.

Me: She did give her best shot though.

Linka: Got to love that optimism.

Then the symbol for the Fleur-de-lis appeared on her.

Me: The Fleur-de-lis!?

Apple Bloom: (Speaking in French) Sacré bleu! Plus de marques de cutie! [gasp] Qu'est-ce c'est?! Je parle Français?! (Darn it! More cutie marks! [gasp] What's this?! I speak French?!)

Applejack: My sister's speakin' in fancy!

Me: She's speaking in French.

Laney: That's really good French.

Marinette: Nice that she knows that.

Twilight Sparkle: She needs help!

Long Haul: That's it. We're getting Ratchet so he can get you looked at.

Long Haul went and got Ratchet and her got to where we were really fast.

Ratchet: I got here as fast as I could! Lets see what we got here.

Suddenly a mallet and chisel Cutie Mark appeared on her leg and she broke out of the restraints and took a rock and began chipping at it like a jackhammer and she got done really fast and she made a statue of the famous Statue of Lady Justice but this time it had wings of fire and the symbol of Team Loud Phoenix Storm on the base of her feet.

Me: Whoa! The Statue of Lady Justice.

Nico: That's is really well done!

Laney: Effortless in its creation!

Nico: And the symbol of Team Loud Phoenix Storm is a perfect addition to it.

Ratchet was looking over Apple Bloom.

Grapple: Well, Ratchet. What do you make of Applebloom's sickness?

G1 Ratchet: Well, she's speaking French and making art statues. This isn't any sickness I've seen.

Me: She has what's called Cutie Pox.

Lola: She needs help really fast.

Applejack: I know she needs help! We can't just wait for this to go away!

Apple Bloom: Tout de suite!

But then more cutie marks appeared!

We saw a Cap and chimney brush appear on her arm and that was for Chimney sweeping. She got to the roof of a bunch of houses and was really sweeping a bunch of chimneys.

Lana: Chimney sweeping? Cool!

Me: You have a lot of chimney sweepers in Germany don't you Hunter?

Hunter: (German Accent) Ja und they are really good at their jobs.

Then an Accordion appeared on her other leg and it was for Playing the accordion. She got to playing Polka Music with an accordion.

Luna: Nice accordion playing dudes.

Mr. Krabs: She does have talent lass.

A Whip and Lion mark appeared on her arm above the chimney sweeping mark and that was for Lion taming. She was cracking a whip at three snarling lions and holding a stool as they roared ferociously!

Luan: Wow! That is really good lion taming!

Vambre: (British Accent) Very talented.

A Chess pieces mark (a rook and two pawns) appeared above the lion taming mark and this was for Playing chess. Apple Bloom was playing 4 chess games at once and we saw that she won all 4 games at once.

Lily: Wow! She won 4 Chess games!?

Laney: Not even I can do that.

Me: That's really good!

Then a Crossed swords mark appeared on her wrist and that was for Fencing and we saw her clashing with Kagumi.

Me: Wow! That's really good swordsmanship in fencing!

Laney: She sure is good at that.

We then saw a White long pole appear on her hip and this was for Tightrope walking. She was walking on a rope going from one building to another.

Me: Tightrope walking now!? Wow! That is dangerous.

Lucy Loud: No kidding.

Then a Red glider appeared on her other arm and this was for Hang-gliding. She was hang-gliding 75 feet in the air.

Lisa Loud: Hang-gliding!?

Lynn: Wow! That is really good!

Me: Not bad for her first time doing that.

A Drafting compass appeared on her thigh and this was for Math. We saw her write on a chalkboard a really complex math problem in quantum physics.

Lisa Loud: Wow! This is a very well thought out math equation. It's the unified field theory for the 4th dimensional string equation.

Sparks and smoke came out of my head.

Me: Okay ow! That really hurt my head.

Nico: But that is really complicated.

Laney: It sure is.

Then a 1000-lb barbell mark appeared on her left cheek and it was for Weightlifting. We saw her lifting up a 1000 lb barbell and that was really impressive.

Lola: Wow! She's lifting up 1000 lbs!?

Me: That's really impressive!

Nico: Not bad for someone her size.

Vince: Yeah.

Then a pair of sponges appeared on the left side of her forehead and this was for Window-washing. She went to a window and washed them until they were so sparkly and reflective that you could see your reflection in them.

Me: Wow! Those windows are so clean you can see your reflection in them.

Liberty: Very clean.

Spyro: They sure are.

Then a Tornado mark appeared on her hip and this was for Whirling around and she was spinning so fast that we were getting really dizzy just watching!

Me: WHOA! I'M GETTING DIZZY JUST FROM WATCHING!

Nico: Me too!

Varie: I think I can get this cured.

Varie fired a wave of water and entombed Apple Bloom in a ball of water and the extra cutie marks disappeared and her one true cutie mark remained.

Applejack: Whoo!

The water vanished and Apple Bloom was cured but all wet.

Apple Bloom: That was nuts. Thanks Varie.

Varie: You're welcome.

Me: Are you all right Apple Bloom?

Apple Bloom: I think so. Thanks guys.

Applejack: Glad you're all right sugarcube.

Me: That's was really impressive that you were doing all that all at once.

Laney: Yeah and even I can't do all that talent all at once. I may be talented in a bunch of things but even I am not that talented to do a bunch of things all at once.

Me: No kidding.

Rarity: But thank goodness you are better Apple Bloom.

Apple Bloom: Thanks guys.

Laney: But the statue of Lady Justice with our Symbol on it will be a perfect addition to our garden.

Nico: I was just about to suggest that.

Lola: That's awesome.

We got the statue back to the estate and we set it up in our garden. It a was perfect addition to the estate. Misty Tredwell was in the estate watching TV. She was put on Maternal Leave till she is done with her pregnancy.

I went over to check on her.

Me: Hey Misty. How are you feeling?

Misty Tredwell: Getting heavy. But still hanging in there.

Me: Well it will be over soon. We'll go to the doctor later to get a dew date and see what gender we're expecting.

Misty Tredwell: Thank you J.D.

I kissed her cheek and put my hand on her stomach and smiled.

---

Later we were in the Simulator for Part 5 of our awesome adventure. We were over in Agrabah.

Tania: So, this is Agrabah?

Me: Yep. It's the home of Aladdin from 1992. On Earth it's located in Jordan in the Middle East.

Valon: (Australian Accent) It sure is amazing mates.

Lola: Yeah. And you will love meeting Princess Jasmine.

Razoul: Stop! Thief!

Me: Looks like Aladdin is stealing to survive.

Sora: Lets go meet him.

We went to find him.

Razoul and the Palace Guards were chasing Aladdin.

Razoul: I'll have your hands for a trophy, street rat!

Aladdin: All this for a loaf of bread? Whoa!

[screaming]

Guard 1: There he is!

Guard 2: You won't get away so easy!

Aladdin: You think that was easy?

[giggling]

Razoul: You two, over that way, and you, follow me. We'll find him.

Aladdin: Morning, ladies.

Woman: Getting into trouble a little early today, aren't we, Aladdin?

Aladdin: Trouble? No way. You're only in trouble if you get caught.

Razoul: Gotcha.

Aladdin: I'm in trouble.

Razoul: And this time…

I swooped in and punched Razoul in the face

[monkey squeaking]

Me: Been a while Aladdin.

Aladdin: It sure has been a while guys. Great to see you again. Come on. Let's get outta here. Gotta keep, one jump ahead of the breadline. One swing, ahead of the sword, I steal only what I can't afford. That's everything. One jump ahead of the lawmen. That's all and that's no joke. These guys don't appreciate I'm broke.

Me: And they don't care.

Guard 3: Riffraf.

Both: Street rat.

Guard 4: Scoundrel.

A man accidentally hit one of the guards.

Man: Take that.

OUCH!

Aladdin: Just a little snack, guys.

Guards: Rip him open, take it back, guys.

Aladdin: I can take a hint, gotta face the facts, you're my only friend, Abu.

Women: Who? Oh! It's sad Aladdin's hit the bottom. He's become a one-man rise in crime.

Woman: I'd blame parents, except he hasn't gone 'em.

Aladdin: Gotta eat to live, gotta steal to eat, tell you all about it when

I got the time. One jump ahead of the slowpokes. One skip ahead of my doom. Next time, gonna use a nom de plume.

Razoul: There he is.

Laney lashed one of the guards.

Aladdin: One jump ahead of the hitman. One hit ahead of the flock. I think I'll take a stroll around the block.

Man: Stop, thief. Vandal.

Me: Shut your trap!

Eli: Yeah!

Aladdin: Abu!

Woman: Scandal.

Lola: Quiet!

Aladdin: Let's not be too hasty.

Woman: Still I think he's rather tasty!

Aladdin: Gotta eat to live, gotta steal to eat, otherwise, we'd get along.

Guards: Wrong.

Nico kicked a lot of guards.

Main Guard: Get him! He's got a sword!

I slashed the guards.

Razoul: You idiots. We've all got swords.

[groaning]

Aladdin: One jump ahead of the hoofbeats.

Guards: Vandal!

Aladdin: One hop ahead of the hump.

Guards: Street rat!

Aladdin: One trick ahead of disaster.

Guards: Scoundrel!

Aladdin: They're quick, but I'm much faster. Here goes, better throw my hand in, wish me happy landin', all I gotta do is jump!

Guards: Yuck! Oy!

We arrived at Aladdin's house.

Me: Sorry about all that Aladdin. Are you all right?

Aladdin: I'm fine thanks guys. It's great to see all of you again.

Me: Same here Aladdin. How have you been?

Aladdin: Hanging in there. Not easy being a street rat.

Trudy Bolton: I know that feeling all too well.

Me: Yeah. We have expanded our forces quite a lot since we saw each other the last time.

Aladdin: I can see that. You're all looking good though.

Nico: Thanks Al.

Aladdin then saw Nico & May, Sora & Kairi, Beast Boy & Tara and Vince & Carol's wedding rings.

Aladdin: Wow! You guys are now married?

Beast Boy: We sure are.

Tara: It's so awesome.

Me: We've had a lot of weddings since we saw each other the last time.

Aladdin: I remember being there for Sora and Kairi's wedding. I'm so happy for them.

Lincoln: We all are.

Hunter: Ja.

Aladdin: And now, esteemed effendi, we feast. All right.

He handed us some pieces of the bread.

Me: Thanks Aladdin.

We ate the bread.

Abu: Yum, yum! Uh-oh.

Aladdin: [sighs] Here. Go on. Take it.

Abu: Ah, don't. Huh?

Man: On his way to the palace, I suppose. Another suitor for the princess.

Me: Oh great. If there's one thing I don't tolerate it's a chauvinistic son of a bitch.

Applejack: I hate people like that.

Rainbow Dash: Me too.

Me: Lets get him!

He pushed some kids out of the way.

Prince Achmed: Out of my way, you filthy brats.

Aladdin swooped in.

Aladdin: Hey! If I were as rich as you, I could afford some manners.

Prince Achmed: Oh. I'll teach you some manners.

I punched the Prince in the face and kicked him in the stomach.

Me: You chauvinistic fuckup!

Lincoln: You have no right talking about people like they are property!

I punched the prince into a horses butt!

Aladdin: Look at that, Abu. It's not every day you see a horse with two rear ends.

Crowd: Ooh!

We laughed!

Prince Achmed: Ha! You are a worthless street rat. You were born a street rat, you'll die a street rat, and only your fleas will mourn you.

Nico: Not if we kill you first!

Nico slashed him all over with his sword and kicked him in the face and sent him flying far away from Agrabah!

Lynn: AND IT'S GOOD!

Aladdin: I'm not worthless. And I don't have fleas. [sighs] Come on, Abu. Let's go home. Riffraff, street rat. I don't buy that. If only they'd look closer. Would they see a poor boy? No siree. They'd find out there's so much more to me. Some day, Abu, things are gonna change. We'll be rich, live in a palace, and never have any problems at all.

The next morning we were watching the merchants.

Me: They sure have quite a selection.

[vendors calling out]

Aladdin: Okay, Abu. Go.

Melon Merchant: Try this. Your taste buds will dance and sing.

Lola: Ooh why thank you.

Lola bought a melon.

Melon Merchant: You're welcome young one.

[squeaking]

Melon Merchant: Get your paws off that.

[taunting]

Melon Merchant: Why, you… Get away from here, you cursed, filthy ape!

Abu: Goodbye.

Aladdin: Nice going, Abu.

Nico: Yeah!

[cooing]

Aladdin: Breakfast is served.

Pot Merchant: Pretty lady, buy a pot. No finer pot in brass of silver.

Nut Merchant: Sugar dates. Sugar dates and figs. Sugar dates and pistachios.

Necklace Merchant: Would the lady like a necklace? A pretty necklace for a pretty lady.

Fish Merchant: Fresh fish! We catch 'em, you buy 'em!

Jasmine: Oh, no. I don't think so. Oh!

[gulping]

Jasmine: Excuse me.

[gulps]

[belches]

I then bumped into Jasmine.

Me: Oops. Sorry I didn't see you there.

Jasmine: It's all right.

She saw us.

Jasmine: Hey guys!

Me: Princess Jasmine. It's great to see you again.

Jasmine: Same here guys. How have you all been?

Lola: We've been doing really well.

Lily: We sure have.

Laney: You look like you're doing well.

Jasmine: I sure have.

Aladdin: Wow.

Abu: Uh-oh. Hello? Hello?

Jasmine: Oh, you must be hungry. Here you go.

Apple Merchant: You'd better be able to pay for that.

Jasmine: Pay?

Apple Merchant: No one steals from my cart.

Jasmine: Oh, I'm sorry, sir. I don't have any money.

Apple Merchant: Thief!

Jasmine: Please… If you let me go to the palace, I can get some from the Sultan.

Apple Merchant: Do you know what the penalty is for stealing?

Jasmine: No! No, please!

Me: Sir this is on me.

I handed him the money.

Apple Merchant: Oh thank you.

Aladdin: Thank you, kind sir. I'm so glad you found her. I've been looking all over for you.

Jasmine: What are you doing?

Aladdin: Just play along.

Apple Merchant: You, uh, know this girl?

Aladdin: Sadly, yes. She is my sister. She's a little crazy.

We winked at Jasmine.

Apple Merchant: She said she knew the Sultan.

Aladdin: She thinks the monkey is the Sultan.

Jasmine: O wise Sultan, how may I serve you?

[gibberish]

Aladdin: Tragic, isn't it? But no harm done. Now, come along, sis. Time to go see the doctor.

Jasmine: Oh, hello, Doctor. How are you?

Aladdin: No, no, no. Not that one. Come on, Sultan.

[gibbering, gasping]

Apple Merchant: Huh? What? Come back here, you little thieves!

[explosion]

Aladdin: Almost there.

Jasmine: I want to thank you for stopping that man.

Me: You're welcome.

Aladdin: Uh, forget it. So, this is your first time in the marketplace, huh?

Jasmine: Is it that obvious?

Aladdin: Well, you do kind of stand out. I mean, uh, you don't seem to know how dangerous Agrabah can be.

Jasmine: Hmm. I'm a fast learner.

Abu: Wow.

Aladdin: [chuckling] Hey. Come on. This way. Whoa. Watch your head there. Be careful.

Jasmine: Is this where you live?

Aladdin: Yep. Just me and Abu. Come and go as we please.

Jasmine: That sounds fabulous.

Me: It's a nice place.

Aladdin: Well, it's not much, but it's got a great view. Wow. The palace looks pretty amazing, huh?

Jasmine: Oh, it's wonderful.

Aladdin: I wonder what it would be like to live here, and have servants and valets.

Jasmine: Oh, sure. People who tell you where to go and how to dress.

Aladdin: It's better than here. You're always scraping for food and ducking the guards.

Jasmine: You're not free to make your own choices.

Aladdin: Sometimes you feel so…

Jasmine: You're just…

Both:… trapped.

Aladdin: [clears throat] So, where are you from?

Jasmine: What does it matter? I ran away and I am not going back.

Aladdin: Really? How come?

Abu: Why, you…

Jasmine: My father's forcing me to get married.

Aladdin: That's… that's awful. Abu!

Me: I agree!

[angry squeaking]

Jasmine: What?

Aladdin: Abu says, uh… that's not fair.

Abu: What?

Jasmine: Oh, did he?

Aladdin: Yeah, of course.

Eli: There is no love in an arranged marriage and you should love someone for true love and not for arranged purposes.

Lana: Well said.

Ronnie Anne: I agree with you.

Jasmine: And does Abu have anything else to say?

Aladdin: Well, uh, he wishes there was something he could do to help.

Abu: Oh, boy.

Jasmine: Hmm. Tell him that's very sweet.

Razoul: Here you are.

Both: They're after me! You?

Jasmine: My father must have sent them…

Aladdin: Do you trust me?

Jasmine: What?

Aladdin: Do you trust me?

Jasmine: Yes…

Aladdin: Then jump!

I punched the guards all over the place and we jumped and helped Aladdin and then Razoul Grabbed him.

Jasmine: Unhand him, by order of the princess.

I punched Razoul off and knocked him down.

Razoul: Princess Jasmine.

Aladdin: The princess?

Abu: Princess?

Razoul: What are you doing outside the palace? And with this street rat.

Jasmine: That's not your concern. Do as I command. Release him.

Razoul: I would, Princess, except my orders come from Jafar. You'll have to take it up with him.

Me: That order is null and void!

I kicked Razoul and knocked him out.

Me: Jasmine you can come with us. I have a fun adventure for all of us to go on and help you and Aladdin.

Lincoln: You will love it.

Nico: Lets go.

We were off to the desert. In the middle of the desert we were looking for something.

Clawful: (sweaty) It's so hot in the desert! This is no place for a crustacean like me!

Varie: I can fix that for you.

She fired a wave of water and cooled him.

Clawful: Whoo! Thanks Varie.

Jasmine: So where are we going?

Me: You'll see. It's a really awesome place.

Drill Man was digging.

Drill Man: (sees a lamp) Hey, guys! Check out what I dug up.

He pulled out a lamp and gave it to Lily.

Lily: Oooh. This is beautiful.

She rubbed the Lamp and out came a cloud of beautiful green smoke and fireworks and out came a beautiful genie girl. It was Eden!

Eden is a beautiful Genie who was discovered in a bottle by an optimistic young orphan named Dhandi - whose first wish is merely to never go hungry for the rest of her life. Genie spots her and falls in love with her while searching for his recently-stolen lamp, the two subsequently sharing a date around Saturn. Like Genie, Eden has shown a willingness to find loopholes in spoken wishes to make things work out for the best; while fulfilling Abis Mal's wishes to the letter after he stole her bottle, banishing Genie to the bottom of the ocean and making him a massive superhuman, she also set things up so that Genie could escape his imprisonment and Abis Mal could be returned to normal, stating that he never specified that his wishes remain valid forever.

Unfortunately, Abis Mal's third wish is for Eden to turn Aladdin and Genie into cockroaches so that he could squash them - unable to actually wish for them to die directly - but Abu is able to steal the bottle and throw it back to Dhandi, who uses her second wish to wish for Eden not to grant that wish, resulting in Abis Mal being the one who becomes a cockroach. In the end, Dhandi accidentally uses her last wish to make Eden stay with her forever when she says that she wishes they could always be together, postponing Genie's and Eden's romance until Dhandi's life ends. However, Eden tells Genie that she is all that Dhandi has and that she cannot just leave her at that point in life, to which Genie understands. The two tell each other that they will wait until the time comes that they will finally be together.

Me: Wow!

Lily: Oh wow!

Eden: I am Eden the Genie of the Lamp.

Lily: It's a pleasure to meet you Eden. My name is Lily Loud and I'm part of Team Loud Phoenix Storm.

Eden: It's a pleasure to meet you Lily.

Princess Rose: A real live genie?! This really is like a fairy tale!

Nico: It sure is.

Hunter: Ja.

Lola: You are beautiful.

Eden: (Giggles) Thank you.

Lily: I only have one wish for you Eden. I wish for your freedom. The reason I want this for you is because I'm afraid that someone would abuse your power and use it for evil and I want you to have a nice and happy life.

Eden: Lily. Thank you.

She was finally freed from her lamp and Lily kept the lamp with her.

Me: Lily that was so sweet of you.

Lily: Thanks J.D.

Me: We're trying to find the Cave of Wonders so we can get the lamp for Aladdin here.

Eden: I know just how to get there.

She pulled out a scarab and then the Cave of Wonders appeared and it was a magnificent tiger god head!

Me: WHOA! That is amazing!

[thunder crashing]

Cave: **Who disturbs my slumber?**

Aladdin: Uh, it is I, Aladdin.

Me: And Team Loud Phoenix Storm is with him

Cave: **Proceed. Touch nothing but the lamp.**

He opened his mouth.

Me: All right lets go.

Aladdin: Come on, Abu.

[squeaking]

We went down into the cave and it was amazing and when we got to the treasure room, there were massive piles of gold, jewels and diamonds.

Aladdin: Would you look at that!

Me: Wow! Look at all this treasure!

Jasmine: The legends are true!

Eden: Amazing huh?

Lincoln: It sure is.

[whimpering]

Aladdin: Just a handful of this stuff would make me richer than the Sultan.

Nico: No kidding. It's a lot of treasure though.

Abu was about to touch the treasure.

Aladdin: Abu!

[whines]

Aladdin: Don't… touch… anything. We gotta find that lamp.

Me: Lets go.

Vince: It's a darn shame that we can't take the treasure yet.

Me: I know.

Abu: [grumbles] Huh? Aladdin!

Aladdin: Abu, will you knock it off?

Nico: What's wrong with him?

[screeches]

Aladdin: Abu, what are you, crazy?

Laney: Aladdin look!

A magic carpet appeared.

Aladdin: A magic carpet. Come on. Come on out. We're not gonna hurt you.

Jasmine: What a pretty carpet.

Me: It's all right carpet.

Abu: [screeches]

Aladdin: Hey, take it easy, Abu. He's not gonna bite.

The carpet wrapped around Aladdin.

Me: Friendly isn't he?

Sora: He sure is.

Aladdin: Thanks.

Abu: [squeaking]

Aladdin: Hey. Wait a minute. Don't go. Maybe you can help us. Hey! Whoa! You see, we're trying to find this lamp. I think he knows where it is.

Me: Lets follow him.

[squeaks excitedly]

We followed the carpet and journeyed far into the cave and it was amazing.

Me: Wow. This cave goes on forever.

Abu: [echoes]

We got to a big room and on a rock cone we saw a light pillar on top.

Aladdin: [whispers] Wait here.

We nodded in agreement.

Abu then saw a magnificent ruby jewel in a statue.

Abu: [moaning] Oh!

Me: Be careful Aladdin.

Carpet was trying to hold Abu back.

Aladdin got the lamp.

Aladdin: This is it. This is what we came all the way down here to… Abu! No!

Abu grabbed the ruby!

Cave: **Infidels!**

Abu: Uh-oh.

Me: Bad Monkey!

Eli grabbed the ruby and stashed it.

Cave: **You have touched the forbidden treasure! Now you will never again see the light of day!**

The statue melted into lava and a massive pillar of fire exploded out of the rock pillar.

The Cave was roaring in pain as the water turned into lava.

Aladdin: Whoa!

Me: LETS GET OUT OF HERE!

Abu: Help! Help! Help!

Aladdin: Gotcha! Whoa. Carpet, let's move.

We flew fast through the cave at incredible speeds.

Aladdin: Abu! Abu, this is no time to panic. Start panicking.

Me: PULL UP!

We did so and grabbed as much treasure as we could from the cave.

Both: Whoa!

[Abu panting]

[thunder cracks]

[roaring]

We escaped through the cave mouth and escaped far and we went farther away.

Me: Whoa! That was close!

Jasmine: It sure was. But that was so much fun!

Lincoln: That was a huge and narrow escape though.

Me: Lets head to an oasis.

Aladdin: I know just the place.

We went to an oasis he knows.

* * *

Later at the oasis we were looking at the lamp we got.

Eli: But at least we got some treasure and even this awesome ruby.

Nunnally this ruby is perfect for you.

Nunnally: Thank you so much Eli.

Me: That was an awesome find though. But we did find the lamp though.

Aladdin: Looks like such a beat-up, worthless piece of junk. Hey, I think there's something written here, but it's hard to make out.

Aladdin rubbed it and then it glowed and colorful smoke and fireworks exploded out and then in a scream came a blue genie!

Genie: Whoa! Oy! 10,000 years will give you such a crick in the neck. (Hangs Aladdin) Hang on a second. (Twists his head) Whoa! WOW! Does it feel good to be outta there. I'm Telling you, Nice to be back, ladies and gentlemen. Hi. Where you from? What's your name?

Aladdin: Uh… Uh, Aladdin.

Genie: Aladdin. Hello, Aladdin. (Neon Sign appears in the form of Aladdin's name) Nice to have you on the show. Can we call you "Al"? Or maybe just "Din." How about "Laddie"? Sounds like, "Here, boy. C'mon, Laddie."

Me: (Laughs) He cracks me up!

Nico: He sure does.

Genie: Do you smoke? Mind if I do? [giggling] Oh, sorry, Cheetah.

We laughed.

Genie: Hope I didn't singe the fur. Yo, Rugman. Haven't seen you in a few millennia. Give me some tass-el. Yeah. Yo, yo. Say, you're a lot smaller than my last master. Either that or I'm gettin' bigger. Look from the side. Do I look different to you?

Aladdin: Wait a minute. I'm your master?

Genie: That's right. He can be taught. What would you wish for me?

The ever impressive, the long contained, often imitated, but never duplicated… [echoing] Duplicated, duplicated… Genie… of the Lamp! Right here direct from the lamp, right here for your very much wish fulfillment. Thank you.

Aladdin: Whoa. Wish fulfillment?

Me: That's right Aladdin. Genie's have that kind of power.

Genie: Three wishes to be exact. And ix-nay on the wishing for more wishes. That's it. Three. Uno, dos, tres. No substitutions, exchanges or refunds.

Aladdin: Now I know I'm dreaming.

I pinched Aladdin.

POINK!

Aladdin: OUCH!

Me: Sorry. You aren't dreaming.

Jasmine: No you aren't.

Genie: Master, I don't think you quite realize what you've got here! So why don't you just ruminate whilst I illuminate the possibilities. When Ali Baba had them 40 thieves, Scheherezad-ie had a thousand tales. But master you in luck 'cause up your sleeves, you got a brand of magic never fails. You got some power in your corner now, some heavy ammunition in your camp, you got some punch, pizzazz, yahoo and how, see all you gotta do is rub that lamp, and I'll say. Mister Aladdin, sir, what will your pleasure be? Let me take your your order, jot it down, you ain't never had a friend like me. Life is your restaurant, and I'm your matie 'd'! Come on, whisper what it is you want, you ain't never had a friend like me. Yes sir, we pride ourselves on service, you're the boss, the king, the shah. Say what you wish, it's yours! True dish, how about a little more baklava? Have some of column A, try all of column B. I'm in the mood to help you dude, you ain't never had a friend like me. Oh, my. No, no. [scatting] Can your friends do this? Do your friends do that? Do your friends pull this out their little hat? Can your friends go, poof? Well, looky here, can your friends go, Abracadabra, let 'er rip! And then make the sucker disappear? So doncha sit there slack, jawed, buggy eyed. I'm here to answer all your midday prayers, you got me bona fide, certified, you got a genie for your chare d'affaires. I got a powerful urge to help you out, so what you wish? I really wanna know. You got a list that's three miles long, no doubt, well, all you gotta do is rub like so, and oh. Mister Aladdin, sir, have a wish or two or three. I'm on the job, you big nabob. You ain't never had a friend, never had a friend. You ain't never had a friend, never had a friend. You ain't never had a friend like me! Ah ha ha! Wah ha ha! [Abu's greedy laugh] You ain't never had a friend like me.

[buzzing]

We cheered.

Lily: I never get tired of that song.

Eli: Me neither!

Eden: Good show!

Lincoln: Yeah!

[Carpet applause]

Abu: [chattering] Huh? [groans]

Genie: So, what'll be, Master?

Aladdin: You're gonna grant me any three wishes I want, right?

Genie: Ah, almost. There are a few provisos, a couple of quid pro quos.

Aladdin: Like?

Genie: Ah, rule number one: I can't kill anybody. So don't ask.

Me: We won't pressure you.

Genie: Rule number two! I can't make anybody fall in love with anybody else. Mwah! You little punim there. Rule number three! I can't bring people back from the dead. It's not a pretty picture. I don't like doing it! Other than that, you got it.

Me: Hey no sweat Genie. We have that kind of power.

Genie: Wait a second. Hey J.D. and everyone it's great to see you all again!

Me: Same here.

Aladdin: Hmm.

Abu: Oh!

Juandissimo: (to Genie) (Spanish Accent) There's this one enemy of Timmy who's a genie as well. I think his name was Norm.

Timmy Turner: That's him.

Me: I heard about Norm. Crocker found him inside a lava lamp. If we find him we can keep him as our prisoner and as a trophy. I love lava lamps.

Nico: Me too.

Jasmine: Good idea.

Aladdin: What would you wish for Genie?

Genie: Me? No one's ever asked me that before. Well, in my case… Ah, forget it.

Aladdin: What?

Genie: No, I can't. I…

Aladdin: Come in. Tell me.

Genie: Freedom.

Aladdin: You're a prisoner?

Genie: It's all part and parcel of the whole genie gig. Phenomenal cosmic powers… Itty bitty living space.

Aladdin: Genie, that's terrible.

Me: It sure is.

Genie: But, oh, to be free. Not have to go, "Poof. What do you need? Poof. What do you need? Poof. What do you need?" To be my own master. Such a thing would be grater than all the magic and all the treasures in all the world! But what am I talking about? Let's get real here. It's not gonna happen. Genie, wake up and smell the hummus.

Aladdin: Why not?

Genie: The only way I get outta this is if my master wishes me out. So you can guess how often that's happened.

Me: Trust us on this Genie. Aladdin CAN wish for your freedom. But first we have one loose end to tie up. We have to deal with Jafar first and I have a plan. Huddle.

I gathered everyone together and my plan was for Genie to get Jafar as his master just temporarily so he can get his wishes and before we go after Jafar, we'll have our usual battles and then attack Jafar after that.

Nico: That's brilliant.

Me: Indeed. You guys can come out now.

The Masters of Evil came out. Dai Gui, The Springfield Bully Trio, Robo-Blaze, Robo-Roxy, Red X and Greiger all appeared.

Me: Dai Gui, Jimbo, Dolph & Kearney, Robo-Blaze, Robo-Roxy, Red X and Greiger.

Red X: How did you know we were here?

Me: Just had a strong feeling.

Lola: We knew you were gonna come eventually.

Maria: (to Dai Gui, Red X, and Greiger) I'm actually not surprised that you three are here.

Dai Gui: **Well, I am the demon sorcerer of Earth. And that include sand.**

Greiger: And Agrabah does remind me of my village.

Red X: Not to mention that I'm a damn good thief like Aladdin is.

Me: That is very coincidental. Looks like you, Sly and Aladdin have a lot of competition.

Jasmine: He sure does.

Sly Cooper: That is a lot of fun though.

Me: And Greiger, Agrabah is actually located in Jordan where you live in Peru.

Greiger: That's true.

?: Too bad you won't live long enough to see both.

We then saw a woman floating in the air and it was ZOYCITE!

---

Zoicite is the third of the Dark Kingdom's Four Kings of Heaven.

He is male in the manga, 90s anime, and Crystal. In several international dubs (most notably the DiC English dub), he is rewritten as a woman.

Zoicite first appears following Jadiete's defeat by Sailor Mars, mocking Nephrite when he took over operations and collaborating with Kunzite. When Tuxedo Mask publicly revealed the existence of the Legendary Silver Crystal to the city, Zoicite assumed the guise of a female scientist to brainwash the masses via television to seek out the crystal. But he resorts to taking the peoples' energy when they fail and overpowered the Sailor Guardians when he alters his strategy to attack Sailor Moon on the assumption that she possesses the Legendary Silver Crystal. While killed off by Sailor V in the original manga, Zoicite was only injured as he and the other Kings learn of their past lives as Endymion's knights. But Beryl strengthens her hold over the four as they later fend off the Sailor Guardians from entering the Dark Kingdom's stronghold, revealed to Sailor Mercury's lover in their past life as she freed him from Beryl's spell. However, Zoicite and the other Kings were vaporized by Queen Metalia for no longer being of use to her. But the four stones that the Four Kings of Heaven were reduced to end up in Mamoru's possession with the quartet's spirits now able to resume their duty as his protectors and advisers.

Zoicite first appeared in Episode 11, expressing doubt that Neflite (Nephrite) cannot succeed where Jedite (Jadeite) failed. However, despite his failure, he managed to avoid the same punishment as Jedite, and Zoicite desperately wanted to try one of his own evil plans. However, this opportunity arose when Neflite betrayed the Negaverse for Molly (Naru), and he sent three of his monsters after him, and he took his black crystal. The monsters killed Neflite and were in turn killed by Sailor Moon and Sailor Mars.

Zoicite's evil plans revolve around retrieving the seven Rainbow Crystals, each of which is hidden inside a person, along with one of the Seven Shadows, the most powerful warriors in the Dark Kingdom. After he extracts the crystal, he will turn the person into a monster, but that monster is healed by Sailor Moon, thus killing the Shadow monster. Zoicite can also change people into monsters even if they do not have a shadow inside them.

In Episode 21, Zoycite sought out the first crystal. He attempted to get the crystals from Joe (Game Machine Man), a priest (Bobo the Vulture), Greg (Bumboo), Peggy (Veena), Rita (Techniclon), Raye's grandpa (Pox), and a cat named Hercules (Bakene). He only got four of them, however; the Sailor Scouts got one and Tuxedo Mask got two. In addition, all the victims who were turned into monsters were healed by Sailor Moon. However, in Episode 28, Zoicite turned a wrestler into a monster named Akan. Though Sailor Moon healed him, Zoicite got the Sailor Scouts' crystal.

In Episode 29, Zoycite impersonated Sailor Moon and pretended to be in danger so Tuxedo Mask would rescue her, but when he did, he stabbed him with a sharp crystal. Just when he had him cornered, however, he was attacked by Sailor Venus. In Episode 30, he challenged Tuxedo Mask (whom he knew was really Mamoru Chiba) to a battle over the crystals, but as they were about to fight, Kunzite appeared and took the crystals. Zoicite had double-crossed Tuxedo Mask. Tuxedo Mask threw a rose at Zoicite's face and scratched him, angering him to the point of disobeying Queen Beryl (who wanted to turn Darien evil) and attempting to kill him by shooting fire at him in the elevator, and seriously injuring him with an ice crystal.

After Tuxedo Mask was stabbed by Zoicite with the ice crystal, the Rainbow Crystals transformed into the Imperium Silver Crystal, and Sailor Moon transformed into the Moon Princess. This continued onto Episode 31, where Sailor Moon defeated Zoicite using Cosmic Moon Power, but he refused to accept defeat. When he returned to the Dark Kingdom, Queen Beryl killed him with an energy wave from her crystal ball as a punishment for disobeying her.

Zoicite appeared in a flashback in Episode 39, alongside Jadeite, Nephrite, and Kunzite. He was also mentioned by Kunzite right when he was killed by Sailor Moon.

Nicole: ZOYCITE!

---

Jafar is the main antagonist of Disney's Aladdin franchise. He is the power-hungry Grand Vizier of Agrabah who serves as Aladdin's arch-nemesis and Iago's former owner and boss.

He served as the main antagonist of Disney's 31st full-length animated feature film Aladdin (which is based on the Arabic folktale Aladdin and the Magic Lamp from One Thousand and One Nights) and also the 2019 remake of the same name, the titular main antagonist of its 1994 direct-to-video sequel The Return of Jafar, a posthumous antagonist in the Aladdin TV series, Aladdin and The King of Thieves and Aladdin: Nasira's Revenge, and the secondary antagonist in the Hercules crossover "Hercules and the Arabian Night".

He also appears as a recurring antagonist in House of Mouse, and the main antagonist of its 2002 direct-to-video film Mickey's House of Villains, as well as a recurring antagonist in the Kingdom Hearts franchise and the Kilala Princess manga.

In all of his appearances, he was voiced and portrayed by Jonathan Freeman. In the 2019 live action remake, he was portrayed by Marwan Kenzari.

Jafar is introduced as the sinister Royal Vizier to Agrabah's Sultan who desires power over Agrabah. He is the second most powerful authority in Agrabah, answering only to the Sultan. He is always accompanied by his sarcastic, devious pet parrot, Iago. Whilst presenting a charming and respectable exterior to the Sultan and the people of Agrabah, he secretly holds everyone around him in contempt and manipulates the Sultan by means of hypnotizing him with a magical snake-headed staff, which he always carries on his person.

Even regarding his desire to marry Jasmine afterwards, it was solely so he could gain control of the throne and intended to kill her soon thereafter-though he later reneges on this in an attempt to make her his queen consort. He's traveled widely and amassed a wide knowledge of magical artifacts and legends. Until he uses Genie's powers to become a sorcerer, however, his magical abilities are limited to the use of such artifacts as he's collected, and his prowess as an accomplished alchemist.

He also had some contacts within the Agrabah criminal underworld, including the thief Gazeem, whom he hired to find the Scarab half. He eventually managed gain it after some delays, although he was unable to retrieve the lamp after further delays that resulted in Gazeem's death, relating to a Diamond in the Rough. Undeterred, he returns to Agrabah, and upon learning from the Sultan that Jasmine doesn't wish to marry a prince, offered to help in exchange for the Sultan's familial sapphire ring, with hypnosis being involved. After departing, however, he makes it clear to Iago that he intends to usurp the Sultan's authority. He later used the Sultan's ring to uncover the diamond in the rough at his laboratory, eventually identifying the individual necessary to access the Cave of Wonders: Aladdin.

He then had the royal guards arrest Aladdin as a subtle means of recruiting him, although he did not expect Jasmine to have accompanied him (she had escaped from the palace earlier to avoid having to find another Prince at her doorstep). Nonetheless, after being confronted by Jasmine, he lied about having executed Aladdin. With Jasmine out of the way of his plans, he then made his way to the dungeons and disguised himself as an old prisoner, offering to help Aladdin escape from the dungeons in exchange for aiding him in retrieving the lamp from the Cave of Wonders. After accepting the deal, they then made their way to the cave. After Aladdin was accepted in to retrieve the lamp, Jafar then promised the former's reward to be given upon his return. Once Aladdin returns with the lamp, he begs Jafar for help him out of there, but Jafar orders him to hand over the lamp and he does so. Jafar finally retrieving it, attempted to give Aladdin his "reward" (the eternal reward of death), but Abu bit him in the wrist. Unbeknownst to him until after the cave collapsed, Abu also stole the lamp from him before he bit him. Jafar then screamed in rage and frustration at the loss of the lamp.

Afterwards, Jafar ended up reprimanded by the Sultan for executing a prisoner without his consultation (Jasmine had informed him earlier of Jafar's supposed execution of Aladdin), with Jafar swearing that it won't happen again. Although Sultan forgave Jafar instantly, Jasmine was still furious with him, and vowed to "get rid of him" once she eventually rises up as queen. The furious Jafar takes her threats to heart, fuming over the fact that not only has he lost the lamp, but is also in danger of losing his head should he fail to somehow take control of Agrabah. As he contemplates on the matter, Iago suddenly concocts a new plot, advising Jafar to take advantage of Jasmine's enforced marriage by marrying her, himself. Once he is legally dubbed sultan as a result, he can dispose of his wife and her father, ridding himself of his enemies and maintaining complete power. Jafar is enticed by the idea, and carries it through by using a fake provision in the law that would allow a royal vizier to marry a princess, as a means to "solve" the Sultan's problems of finding a suitor for Jasmine. The Sultan, for a number of reasons, is not keen on the idea, forcing Jafar to result to hypnosis.

Before the power of the snake staff can take full effect, the Sultan is freed from his trance by the sounds of fanfare entering the city, which is revealed to belong to the flashy introductory parade of visiting suitor, Prince Ali (Aladdin in disguise). Jafar immediately sees Prince Ali as a rival for Jasmime's hand in marriage, and plots to secretly have him killed. That night, he was afraid that his plot to marry Jasmine and become Sultan would be ruined by the Prince, so the vizier orders the guards to kidnap Ali and ensure he's never found. When he returns to the palace, Jafar successfully hypnotizes the Sultan, forcing him to abide the marriage between the former and Jasmine. Jasmine refuses, declaring that she chooses Prince Ali, but Jafar explains that "Prince Ali left", until the prince suddenly reveals himself to be alive, and accuses Jafar of attempted murder. Jafar tries to cover his crimes by hypnotizing the Sultan into believing the former's claims, only to accidentally reveal the power held by his staff, which Ali destroys after Ali is saved by Genie from drowning. The Sultan is freed, and Ali reveals Jafar's treachery.

The furious Sultan tried to have the guards arrest Jafar, though he managed to escape with a smoke bomb, although not before glancing the lamp inside Ali's turban, eventually able to deduce Ali's true identity. He then revealed this to Iago, and ordered him to steal the lamp from Aladdin, which he succeeded in the following day while Ali is still upset about his error that he made to Jasmine and told Genie that he is unable to make his final wish to free him, which resulted in Genie going back into his lamp. Jafar, observing the marriage announcement from his lab, then unleashed the Genie, making him the new master of the lamp, declaring his wish to become the sultan of Agrabah.

A hostile take over commences, with a demonized Genie destructively placing Agrabah's palace on a mountain top, with Jafar simultaneously declaring himself as the new sultan to Jasmine and her father. After not receiving the respect he desired from the two royals, Jafar wishes to become the most powerful sorcerer in the world, in order to strike fear into them, instead. When Ali tries to intervene, Jafar exposes the prince by revealing his true identity to be Aladdin to Jasmine as a form of humiliation, before banishing him, Abu, and the carpet to the Arctic to freeze to death.

With Agrabah finally under his control, Jafar spends time torturing the former Sultan, until directing his attention to Jasmine, whom he wishes to become his queen, after a first attempt to have her betroth to him willingly had failed. Although Genie claimed that Genies can't make people fall in love, Jasmine seeming made the wish come true, seductively flirting with Jafar as if madly lustful towards him. Too caught up in his own pleasure to realize this is a ruse, Jafar eventually discovers Aladdin trying to retrieve the lamp, merely inches away from the object at that point. Before the street rat can defeat him, Jafar fought against Aladdin with all of his powers, eliminating his aids (Jasmine, Abu, and Carpet) and reclaiming the lamp.

When called a "cowardly snake" afraid to fight for himself by Aladdin, Jafar responds by transforming himself into a giant cobra, and instantly attacks. Though Aladdin proves to be a valiant warrior, Jafar eventually overwhelms him by trapping the street rat within his coils. Threatening to crush him to death, Jafar taunts Aladdin's helplessness, though the latter retorts by claiming Jafar isn't as powerful as he wishes to believe, claiming the Genie is still the most powerful being in the universe as he gave Jafar his power in the first place. Realizing what Aladdin says is true, Jafar's lust for power prompts him to use his final wish to become an all-powerful genie.

Genie reluctantly grants the wish, and Jafar is turned into a monstrous genie with blood-red skin-subsequently seizing control of the cosmos and declaring himself ruler of the universe. However, Aladdin notifies Jafar that the power of a genie has cost his freedom (as genies aren't free entities), revealing that the evil genie is now equipped with his own black lamp prison, which quickly begins to suck him inside. Realizing this too late, Jafar tries to escape by grabbing onto Iago's tail feathers, but to no avail, merely dragging the panicked Iago to imprisonment alongside him. Foiled and trapped by his own greed, Jafar's magic over Agrabah and its inhabitants are undone, and peace is restored within the kingdom. Jafar's lamp is left in Aladdin's possession, who hands it over to Genie, who sends the lamp flying to the Cave of Wonders, where the bickering Jafar and Iago would be forced to remain, as prisoners, for at least 10,000 years. Aladdin then apologizes to Jasmine for lying to her about being a prince and procceeds to give in his third wish to free Genie before settling into a relationship with Jasmine after the Sultan changes the law to Jasmine marrying anyone who is non-royalty and Jasmine happily chooses Aladdin.

---

Aladdin went in and snuck up to get the lamp.

Jafar: That was… [sees Aladdin in the reflection of the floor] You!

Jafar fired a blast of energy from his staff.

Jafar: How many times do I have to kill you, boy?

Suddenly a massive curtain of light appeared from out of nowhere and the divine singing of angels was heard as lots of angels appeared and we popped out of the angels and we were ready to fight. Me: Oh fuck me sideways!

Nico: He's now a gigantic Cobra!

Lola: Whoa!

Lily: This is scary in real life compared to the movie.

I punched Jafar in face and Aladdin slashes him.

Snake Jafar: [screams]

But then Jafar grabbed him!

Me: Oh no!

Snake Jafar: [laughing] You little fool. You thought you could defeat the most powerful being on Earth.

Iago: Squeeze him, Jafar. Squeeze him like a… Awk!

Snake Jafar: Without the genie, boy, you're nothing.

Aladdin: The genie. The genie. The genie has more power than you'll ever have.

Snake Jafar: What?

Aladdin: He gave you your power. He can take it away.

Genie: Al, what are you doing? Why are you bringing me into this?

Me: (Whispers to him) Trust us on this. Play along.

Aladdin: Face it, Jafar. You're still just second best.

Eli: YEAH YOU FUCKUP!

Aerith: Eli.

Snake Jafar: You're right. His power does exceed my own. But not for long.

Genie: The boy is crazy. He's a little punch-drunk. One too many hits with the snake.

Snake Jafar: Slave, I make my third wish. I wish to be an all-powerful genie!

Genie: All right, your wish is my command. Way to go, Al.

Genie Jafar: (Jafar Transforms From a Snake into a Gigantic Enormous Genie) Yes. Yes! The power. [Jafar laughs]

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Jafar was weakened and Aladdin got to the lamp of Jafar.

Aladdin: Not so fast, Jafar. Aren't you forgetting something?

Genie Jafar: Huh?

Aladdin: You wanted to be a genie… you got it.

Me: Yeah!

Genie Jafar: What?! (Large Gold Cuffs clamped onto Jafar's Wrists)

Me: And you are forever bound to the rules of a Genie!

Aladdin: And everything that goes with it. (Aladdin picks up the Lamp and sucks Jafar into his Lamp)

Genie Jafar: NOOOOO! NOOOOOOOOO!

Iago: I'm gettin' out of here! Eye…

Genie Jafar: NOOOOOOOO!

Aladdin: Phenomenal cosmic powers…

Iago: Come On, You're the genie. I don't want to be in the lamp, I hate lamps becau…

Me, Eli and Aladdin: Itty bitty living space.

Genie: Al, J.D., you little geniuses, you.

He ruffled mine and Aladdin's heads.

Me: Thanks Genie. This was awesome!

Sultan: Ahh!

Rajah: [meow]

(Agrabah Has Restored to Normal)

Me: That was awesome!

Jafar: Get your blasted beak out of my face!

Iago: Oh, shut up, you moron!

Jafar: Don't tell me to shut up!

I talked to the lamp.

Me: How about you do us all a favor and you BOTH shut the fuck up!?

Nico: You tell him J.D.!

Jimbo: You know, we could use Jafar's new status as a genie to get rid of the remaining villains of this adventure.

William: We could. But it would be too risky.

Robo Blaze: He's right. If we try to get him to grant any of our wishes, he'll use those wishes against us.

Robo Roxy: We could just bury Jafar's lamp in Antarctica where no one will find it.

Me: That would be a good idea but I think Genie has a better idea.

Iago: What!? I was gonna…

Genie: Allow me. 10,000 years in a Cave of Wonders ought to chill him out!

Lynn: And here's the pitch!

He flicked the lamp and it went flying far!

Iago: Moron, You're a thief city.

Jafar: Shut up!

Lynn: AND IT'S OUTTA HERE!

Nico: (Speaking Arabic) جعفر أغربة ، لقد فشلت هذا العالم! (Jafar of Agrabah you have failed this World!)

Me: Well said Nico.

We high five.

Me: Did you have fun with us Jasmine?

Jasmine: I sure did J.D. This was the most fun I have ever had.

Aladdin: I'm glad. But Jasmine I love you.

Jasmine: I know but that stupid law. This isn't fair. I love you.

Genie: [sniffles] Al, no problem. You've still got all 3 wishes left. Just say the word and you'll be a prince.

Aladdin: But, Genie, what about your freedom?

Genie: Hey, it's only an eternity of servitude. This is love. Al, you're not gonna find another girl like her in a million years. Believe me, I know. I've looked.

Me: Well look no further Genie.

Eden: I love you Genie.

Genie: Eden.

They hugged and kissed.

Aladdin: Jasmine, I do love you, but had J.D. and everyone not come I would've pretended to be someone I am not.

Jasmine: I understand.

Nico: We all do.

Aladdin: Genie, I wish for your freedom.

Genie: One bonafide prince pedigree coming up. What?

Aladdin: Genie, you're free.

The Lamp released smoke and magic and freed Genie forever.

Genie: I'm free. I'm free. Quick. Quick. Wish for something outrageous. Say, "I want the Nile." Try that.

Aladdin: Uh, I wish for the Nile.

Genie: No way! [laughing gleefully] Oh, does that feel good! Oh! I'm free! I'm free at last! I'm hittin' the road. I'm off to see the world. I'm… Wait. I'm still part of the team. I will be with you no matter what and I love it.

Me: That's right Genie.

Sultan: I agree.

Me: (Kneels) Hello your majesty. It's great to see you again.

Sultan: Same to you J.D. my boy.

Eli: It has been a while.

Sultan: That it has. And Aladdin you've certainly proven your worth as far as I'm concerned. It's that law that's the problem.

Jasmine: Father?

Me: I agree your majesty and no one should ever be forced into a marriage against their will. There's no true love in it. True love comes from the heart and not through force.

Nico: That's right.

Sultan: Well, am I Sultan or am I Sultan? From this day forth, the princess shall marry whomever she deems worthy.

We cheered wildly.

Jasmine: Him. I choose… I choose you, Aladdin.

Aladdin: Call me Al.

We laughed.

Genie: Oh, all of ya, come over here. Big group hug. Group hug. Mind if I kiss the monkey? (Does so) Ooh, hairball.

Me: I think this calls for a celebration.

Aladdin took Jasmine on a night cruise on Carpet and we followed.

Aladdin: I can show you the world. Shining, shimmering, splendid. Tell me, princess, now when did you last let your heart decide? I can open your eyes. Take you wonder by wonder. Over, sideways, and under on a magic carpet ride. A whole new world. A new fantastic point of view. No one to tell us no. Or where to go. Or say we're only dreaming.

Jasmine: A whole new world. A dazzling place I never knew. But when I'm way up here, it's crystal clear, that now I'm in a whole new world with you.

Aladdin: Now I'm in a whole new world with you.

Jasmine: Unbelievable sights. Indescribable feeling. Soaring, tumbling, freewheeling. Through an endless diamond sky. A whole new world.

Aladdin: Don't you dare close your eyes.

Jasmine: A hundred thousand things to see.

Aladdin: Hold your breath, it gets better.

Jasmine: I'm like a shooting star. I've coke so far. I can't go back to where I used to be.

Aladdin: A whole new world.

Jasmine: Every turn a surprise.

Aladdin: With new horizons to pursue.

Jasmine: Every moment red letter.

Both: I'll chase them anywhere. There's no time to spare. Let me share this whole new world with you.

Aladdin: A whole new world.

Jasmine: A whole new world.

Aladdin: That's where we'll be.

Jasmine: That's where we'll be.

Both: A thrilling chase. A wonderous place. For you and me.

Aladdin: A whole new world.

Jasmine: A whole new life.

Both: For you and me.

Everyone: Aww.

Me: So beautiful.

Sunset Shimmer: (To the viewers) This was so beautiful and it was awesome going into the world of Aladdin. Who knows what the next adventure will bring us.

Me: We'll wait and see.

We went back home to rest.

To Be Continued…

# Journey Into the Heart Part 6

"Pinocchio"

---

It was a nice morning in the Team Loud Phoenix Storm Estate and everyone is gathered at the long breakfast table.

Edd is reading a newspaper.

Edd: Hey! A man named Frederick Kanker is the new CEO of the Econo Enterprise.

Jack Spicer raised an eyebrow

Jack Spicer: Kanker?

Then Rosa Casagrande enters the room with trays of food in hands.

Rosa: (Spanish Accent) Morning, everyone! I made you all Huevos Rancheros with chorizo hash browns and pancakes, and to make sure that you all don't go hungry, I added some chilaquiles!

She then proceeds to scoop food with her spoon and place it on all of our plates and everyone stares at the food in awe.

Naruto: Now this is my kind of breakfast.

Sasuke: Took the words right out from my mouth.

Jack Spicer: I must say… this could be the best breakfast I ever had so far.

Rosa chuckles before pinching Jack's cheeks.

Rosa: Oh, you're so sweet!

And with that, we all started eating their breakfast with smiles on their faces.

Me: (Chuckles) Nothing better than an enjoyable meal before going on an adventure.

Nico: Boy you said it.

We had an awesome breakfast.

Later I was over at the hospital with Misty Tredwell to get her an ultrasound and check on the baby. She was on week 23 of her pregnancy. The doctor came in and gave her an ultrasound and we were looking at the baby.

Me: Aww so cute.

Doctor Stephanoes: The baby is doing really good and you are expecting triplets.

Me: Triplets!? Wow!

Misty Tredwell: This is wonderful!

Me: Oh Misty!

I kissed her.

Dr. Stephanoes: (Giggles) I'm happy for both of you. You are also expecting 3 baby girls.

Me: Wow.

Misty Tredwell: This is amazing. When are they gonna be due?

Dr. Stephanoes: Well with all the fast pregnancies you guys have had I would say about later this Friday.

Me: Wow. This is gonna be awesome.

Misty Tredwell: I can't wait.

Me: We'll have to put up with the natural pregnancy changes till then.

Misty Tredwell: I know. But I'll try not to be a burden.

Me: Okay.

We then went back home and delivered the news to everyone.

Vypra: Whoa! Three baby girls!? That's awesome!

Carly Carmine: I'm so happy for you Misty.

Misty Tredwell: Thanks guys.

Nico: When are they due?

Me: Later this week on Friday.

Nico: Wow!

Lincoln: That's really fast.

Linka: It sure is.

Vince: Yeah.

Varie: But we're really excited for you Misty.

Misty Tredwell: Thanks guys.

We were excited for her.

---

Later we were over at the Jupiter Prison and we were there for another rant fest with the most hated babysitter in all of the world: ICKY VICKY!

Commander Jupiter: Another day of ranting at Icky Vicky.

Me: Yep. That monster deserves this after all the pain and suffering she caused to so many children.

Lara Laramie: (Cowboy Accent) You guys never did tell me about Icky Vicky.

Me: Oh that's right we didn't. You would hate her Lara. She is not called the most hated babysitter in all of the world for nothing.

Applejack: (Cowboy Accent) She must be one dangerous snake.

Me: You don't know the half of it.

I went over her history and it was awful.

Lara and Applejack gasped.

Applejack: Boy she is an evil low-down no good and unsanitary pile of manure!

Laney: Good way to describe her.

Lara Laramie: But she deserves to be locked up in here like the animal she is and put down like a rabid goat.

Me: I agree.

Wildrider: You excited to do your first rant, Man Boy?

Man Boy: You bet I am Wildrider. It was awesome watching the rants and now it's gonna be awesome to do one.

We arrived at the cell hall of Icky Vicky.

Prisoner 1: Hey guys!

Prisoner 2: Man Boy welcome back!

Prisoner 3: How does it feel to be on the outside after over a whole year?

Man Boy: It feels amazing and I'm now joining the rant fest.

Laney: I'm glad.

Pinkie Pie: Sounds like fun!

Lincoln: Yeah!

Nico: Lets get ready to (Echoes) RUMBLE! (Fire hair flares up)

Man Boy: I'll start us off.

Man Boy walked up to the cell that was the home of the evil ICKY VICKY!

Icky Vicky: Man Boy? You got released from prison?

Man Boy: For good behavior. Now then. (Clears throat) (Takes a deep breath) YOU ARE THE WORST BABYSITTER IN THE HISTORY OF HUMANITY AND I WOULD RATHER HAVE MY OWN BEARD FUCK AROUND WITH ROTTEN EGGS AND EAT THEM RATHER THAN HAVE YOU AS MY BABYSITTER! YOU MAKE ME SO SICK IN FACT!

Man Boy stuck his finger in his mouth and hurled his guts out all over Icky Vicky and she was covered from head to toe in throw up!

Me: EWWW!

Everyone: EWWWW!

We cheered wildly for Man Boy.

Nico: Nice job Man Boy!

Smokescreen: Nice job, Man Boy!

Nico: Didn't I just say that?

Smokescreen: Sorry.

Lucy H.: I have just the person for this.

Nico: Oh no.

Lucy H.: Varie can I have some water for this?

Varie: Coming at ya Lucy.

Varie formed a floor of water.

Lucy H.: GATE OF THE WATER BEARER OPEN!

She summoned Aquarius!

Me: Hello Aquarius.

Aquarius: Its been a while J.D. What has Lucy summoned me for?

Me: I think I know. She gave you the perfect source to vent some of your anger on. (Points to Vicky) Her.

Aquarius saw Vicky.

Aquarius: Who is she?

Me: She's Icky Vicky. The most hated girl in the world.

I went over her history again.

Aquarius: Looks like I'm in for a fun time.

Aquarius went up to her.

Aquarius: YOU ARE THE WORST BABYSITTER IN THE WORLD! I WOULD RATHER HAVE SCORPIO KILL YOU THAN ME AND YOU ARE NOTHING MORE THAN A FUCKING PIECE OF SCREWED UP SHIT! LET ME WARN YOU THAT IF YOU EVER ESCAPE FROM THIS PRISON, I WILL FUCKING RIP YOUR HEAD OFF AND MOUNT IT ON A PIKE AND SEND IT INTO THE SUN!

Everyone was scared shitless as they heard Aquarius say all that.

Applejack: Aquarius sure has one heck of a nasty temper.

Me: She has always been like that. Aquarius has always had a short fuse and a really rotten temper. She hates everyone and even summoning her in the wrong place always sets her off and she is not afraid of expressing it.

Nico: Yeah it's true. She threatens Lucy's life on a daily basis.

Qin: And has major anger management issues.

Aquarius: It's true. But I do all this because I love Lucy.

Nico: Yep.

Naruto: Yeah but J.D. set her straight.

Lincoln: Yep.

Lara Laramie: Yikes.

Hunter: (German Accent) Big time yikes.

Edwayl: (Breton Accent) Indeed lads.

Linka: Yep.

We laughed.

---

Later we were over in the Simulator for part 6 of our adventure. The Simulator activated and we found ourselves on Pleasure Island.

Maria: Here we are, back in Pleasure Island.

Nico: Yep.

Me: This place has a lot of memories both good and bad.

Lola: It sure does and I can't believe that this place is that fun and turns boys into donkeys.

Lincoln: So lets look for Pinocchio.

Me: Okay.

We got to searching.

Jiminy Cricket: Pinocchio!

Me: Looks like we aren't the only ones looking for Pinocchio.

Vince: No we aren't.

Me: I know where they are.

We went to a bar in the shape of an 8 ball.

Jimmy Cricket: Pinocchio? (whistle) Where is everybody? The place is like a graveyard. I don't like the looks of this. Pinocchio! Hey, where are ya?

We saw that Pinocchio and Lampwick were there.

Pinocchio: (he and Lampwick are playing pool and smoking cigars… ) Where do you suppose all the kids went to, Lampwick?

Lampwick: They're around here, somewhere's. What do you care? You're havin' a good time, ain't ya?

Pinocchio: Uh-huh, I sure am.

Nico: Good shot guys.

Pinocchio: Hey guys!

Sora: Been a while Pinocchio.

Lincoln: It sure has been a while.

Pinocchio: Yeah.

Lampwick: Oh boy! This is life, huh, Pinoky?

Pinocchio: Yeah! It sure is! (he puffs on his cigar)

Me: Thank goodness I don't smoke and never will.

Vince: Yeah.

Luxord: I think we can add all the rides here to that amusement park of ours.

Nico: Good idea.

Lampwick: Ah, you smoke like me grandmother! Come on, take a big drag, like this! (inhales deeply on his cigar)

Nico: Whoa! That's a heavy smoke intake.

Emerald Sustrai: No kidding.

Pinocchio: Okay, Lampy! (he takes a really huge drag on his cigar and turns red…) Gly! (he swallows the smoke) GLO! (his eyes water up and pour out as he closes them, and then he turns green in the face as only a little smoke ring comes out of his mouth and then turns green)

Nico: Geez.

Lampwick: Heh, some fun, huh, kid? (Pinocchio nods nauseously) Okay, slats, your shot. (Pinocchio climbs onto the pool table and tries to aim at the 8-ball, the cigar still in his mouth. Because he is dazed and nauseous, everything looks warbly from his view, and he can barely focus on striking the 8-ball, which appears to wink at him. Disoriented, Pinocchio shakes his head, and his eye pupils shake around as well. Jiminy enters…) What's the matter, slats? Losin' your grip?

Me: No I think he's taking too much smoke from the cigar.

Jiminy Cricket: (furiously shouting at him) PINOCCHIO! (Pinocchio falls flat on his face, squishing his cigar) So this is where I find you! How do you ever expect to be a real boy?! Look at yourself… Smoking, playing pool! (kicks the 8-ball angrily) Oww! You're comin' right home with me, this minute!

Lampwick: Hey… who's the beetle? (picks up Jiminy)

Jiminy Cricket: Let go! Put me down! (muffled by his jacket) Uh, let me out!

Pinocchio: He's my conscience! He tells me what's right and wrong.

Lampwick: What?! (drops Jiminy) You mean to tell me you take orders from a grasshopper?

Jiminy Cricket: Grasshopper?! Look here, you impudent young pup! It wouldn't hurt you to take orders from your grasshop- your conscience, if you have one. (stands on the 8-ball)

Lampwick: Yeah, yeah, yeah, sure. Screwball in the corner pocket.

(sends Jiminy and the 8-ball into a pocket)

Jiminy Cricket: (tumbles, then manages to avoid being hit by the other balls) Woo-hoo-oo!

Me: Whoa. Nice shot.

Lampwick: Ha-ha-ha-ha-ha-ha-ha!

Jiminy Cricket: (losing his temper) Why, why- ya young hoodlum! I'll knock your block off! (takes his jacket off and prepares to do battle) I'll take you apart and-

Pinocchio: Oh don't hurt him, Jiminy. He's my best friend.

Nico: Yeah.

Me: Jiminy come here for a sec.

Jiminy Cricket: Sure.

He jumped onto my shoulder and I whispered into his ear.

Jiminy Cricket: Okay. (squishes his hat and wears his jacket backward, putting his foot down) You buttered your bread, now sleep in it! (he falls into a pool pocket again) YEOW! (this time he winds up on the floor; Lampwick laughs at him, and Jiminy mocks him) Ha ha ha! Go on, laugh. Make a jackass (jackamule) outta yourself. I'm through! This is the end!

Pinocchio: But Jiminy, Lampwick says a guy only lives once.

Jiminy Cricket: (with his furious look) Lampwick… Hmph!

Lampwick: Come on, come on. Let him go. (gets some beer) [pours some beer into a couple steins]

Volcana: (Whispers) Alright, Stewie. This time, you can kill the Coachman.

Stewie: With pleasure.

Stewie went with Jiminy.

[meanwhile, Jiminy is storming out of Pleasure Island and Stewie caught up with him.]

Jiminy Cricket: (storming through the park up to the gates, fuming) Lampwick? Hmph! (kicks a smoked cigar, making the ashes fly everywhere) Lampwick! Burns me up. After all I tried to do for him! (goes through the inside of an open book, and comes out by ripping and tearing some pages) Who's his conscience anyway? (gets his leg tangled by a ribbon, and shakes it off) Me, or that… that hoodlum Lampwick? I've had enough of this! I'm takin' the next boat outta here! (raps on the gate with his umbrella handle) Open up that door! Open up! I wanna go home!

Stewie: Here we go.

(Another part of Pleasure Island)

(Jiminy hears donkeys braying on the other side of the door and slips under the door. He finds the Coachman and his henchman who are loading donkeys into crates and onto the boat…)

Donkeys: Hee-haw! Hee-haw!

Coachman: Come on, you blokes, keep 'em moving! (he and his minions are loading some donkeys into crates) Lively there now. We haven't got all night.

Stewie: Whoa look at all those donkeys.

Jiminy Cricket: (confused, scratches his head) Where'd all the donkeys come from?

Stewie: It's the curse of the island.

Coachman: Come on, come on. Let's have another. (a frightened donkey, who is dressed in a police uniform, is brought out toward him) And what's your name?

Donkey 1: Hawwwww-hee!

Coachman: Okay, you'll do! (tears the clothes off the donkey and throws him into a crate with five other donkeys) In you go! You boys'll bring a nice price! (cackles evilly) All right. Next! (another donkey, who is dressed in a sailor suit, is brought out toward him) And what might your name be?

Alexander: Alexander.

Coachman: Hmmm, so you can talk.

Alexander: Y-Yes sir. I wanna go home to my mama!

Coachman: Take him back! He can still talk! (throws Alexander into a pen with six other donkeys that can still talk)

Alexander: Please, please! I don't wanna be a donkey! Let me out of here! (the rest of the donkeys all protest in unison, begging for mercy)

Coachman: (comes forward and yells furiously) Quiet! (cracks his whip) You boys have had your fun. Now, pay for it.

Stewie: I got this.

Stewie fired particle disintegration rays and killed the Coachman and his men.

Jiminy Cricket: Nice shooting.

Stewie: Thank you.

Jiminy Cricket: (horrified) Boys? So that's what… Pinocchio! (dashes off back to the pool hall)

Lampwick: Heh! To hear that beetle talk… (takes a sip of his beer)… you'd think that something was going to happen to us. (Lampwick suddenly sprouts donkey ears, unaware of this. Pinocchio, now seeing that the beer has an effect, gapes, and pushes his beer away)

Me: (In my head) Uh oh.

Lampwick: Conscience. Ah, phooey! (strikes a ball and grows a donkey tail, as a shocked Pinocchio then throws away his cigar)

Where does he get that stuff? (sarcastically) "How do you ever expect to be a real boy?" (leans over the pool table, but when his head turns into a fuzzy brown donkey muzzle, he grabs his cigar, turns around, shows Pinocchio that he now has that head of a donkey, and puts it in his mouth) What's he think I look like? A jackass? (jackamule?)

Pinocchio: You sure do! (laughs, but when he accidentally brays in the middle of his laughter, he covers his mouth in shock) Ha-ha ha, haw, hee-haw!

I snapped my fingers and cured Pinocchio.

Laney: Uh oh.

Lampwick: Hey, you laugh like a donkey! (laughs, then accidentally brays too, and gasps and covers his mouth to stop) Did that come out of me?! (Pinocchio nods in a horrified look; Lampwick feels his face, realizing he has a muzzle instead of a nose) Huh? (Lampwick feels his donkey muzzle again, and then feels his donkey ears from bottom to top) Oh! (feels nothing but fur) Huh? (he tugs at his ears) What the-? What's going on?

Me: Uh look at yourself.

Lampwick: (he looks in a mirror, sees that he is only half a donkey, and screams in terror) AAAAAAAAAAAAAAAAAAAAGHHHHH! I've been double-crossed! Help! Help! Somebody, help! I've been framed! HELP! (begs to Pinocchio for help, while Pinocchio ends up backing into a wall, as Lampwick crawls on all four feet, and Pinocchio gets the straps on his overalls grabbed by Lampwick's hands) Please, you've gotta help me. Oh, be a pal! Call that beetle! Call anybody! (lets go of Pinocchio, as his hands close up, turning into hooves; Pinocchio gasps in shock and backs away, scared) Mama! MA-AA-A-MA-AAAHHHHHHHHH!

(In the shadow, Lampwick is forced down on all fours, and having turned into a donkey completely, begins to run around the room, and starts braying wildly, while Pinocchio runs away and hides behind a chair, and when Lampwick smashes the mirror with his back hooves, knocks tables over, and kicks chairs all over the place, but flees, and still continues to bray uncontrollably as his clothes fly off.)

Jiminy Cricket: I hope I'm not too late.

Stewie runs with him.

Me: Now's our chance to escape Pinocchio!

Jiminy Cricket: Pinocchio!

Pinocchio: Jiminy! What's going on!?

Jiminy Cricket: Pinoke, the kids, the boys, they're all donkeys! C'mon, quick, before you start to change!

Me: Come on Lampwick!

Fluttershy grabbed Lampwick and we ran fast.

[We all ran away with Lampwick in tow; they run out over a cliff]

Jimmy Cricket: This way, guys. It's the only way out! Hurry up… before they see us! You gotta jump. (We leave the island, jump into the ocean, and arrive on the homeland) [they dive into the water, and swim far away from Pleasure Island, and get up on the mainland, before heading back to the workshop]

Pinocchio: Jiminy? Jiminy? You all right?

Jiminy Cricket: Sure. (coughs) I thought we'd never make it. Certainly feels good to be back on dry land. Come on, let's get home.

Nico: Right.

Me: Let me do this first.

I fired a wave of magic and removed the curse of Pleasure Island and teleport all of the rides to our amusement park and the boys turned back to human.

Fluttershy: Hang on Lampwick. We'll get you cured.

Laney used her powers to cure him and Maria put a towel on him.

Lampwick: Thanks guys. I owe you one.

Lampwick went back home.

We went back to Geppetto's workshop.

(We arrive, but it's empty)

Pinocchio: Father, I'm home!

Me: Mr. Geppetto?

Jiminy Cricket: We're home, Mr. Geppetto! Home again!

Pinocchio: It's me, Pinocchio! I'm going to stay! (tries ringing the doorbell)

Jiminy Cricket: Here he is, Mr. Geppetto. Home at last!

Me: No answer.

Jiminy Cricket: Hey, maybe he's asleep.

Pinocchio: Father? Father, it's me!

Jiminy went to the window.

Jiminy Cricket: Pinoke, come here! (Pinocchio's bare feet and toes wiggle in the window) Look! He ain't here!

Pinocchio: He- he's gone.

Jiminy Cricket: Yeah, and Figaro.

Pinocchio: And Cleo too.

Me: Wonder where they could've gone.

We sat on the sidewalk thinking.

Pinocchio: Maybe something awful happened to him.

Eli: Lets not think that far.

Jiminy Cricket: Don't worry, son. He probably hasn't gone far. (a magic dove gives them a letter) Hey! It's a message!

Pinocchio: What's it say?

Jiminy Cricket: It's about your father.

Pinocchio: Where is he?

Jiminy Cricket: Why, uh, uh, it says here he, he went looking for you and was swallowed by a whale.

Pinocchio: Swallowed by a whale?

Nico: A whale!?

Jiminy Cricket: Yeah, uh-huh. A whale! A whale named Monstro! But wait! He's alive!

Pinocchio: Alive! Where?

Jiminy Cricket: Inside the whale at the bottom of the sea.

Pinocchio: Bottom of the sea?

Me: We got to get over there and fast!

[Pinocchio and us, having heard that Geppetto is alive after getting swallowed by Monstro, takes off to save him]

Jiminy Cricket: [following after Pinocchio] Uh-huh. Hey, where you going?

Pinocchio: We're going to find him.

Jiminy Cricket: Pinoke, are you crazy? Don't you realize he's in a whale?

Pinocchio: I've gotta go to him.

Nico: We all will

Jiminy Cricket: Hey, Pinoke, guys, wait! Listen, here, son! But this Monstro… I've heard of him. He's a whale of a whale! [We all keep going straight to a high cliff overlooking the ocean, with Jiminy following all the way] But this Monstro, I've heard o'him; he's a whale of a whale! [Pinocchio starts tying a rock to his leg] Why, he swallows whole ships alive!

Me: I know. We've dealt with him once before.

Jiminy: Really? [he then helps tie Pinocchio's tail to the rock completely] Tie it good and tight, now. And besides, it's dangerous! Why, I-

Pinocchio: Bye, Jiminy.

Jiminy Cricket: Goodbye? I may be live bait down there, but I'm with ya. Come on… (he closes his eyes and holds his nose) Let's go. (they jump off the ledge into the ocean) LOOK OUT BELOOOOOOW!

We dove down.

Jiminy Cricket: (now they are underwater) Gangway, down there!

Pinocchio: Gee, what a big place!

Me: Wow. It's a vast ocean.

Eli: It sure is.

Pinocchio: Come on, Jiminy!

Jiminy Cricket: Alright. Soon as I take on some ballast. One side, sister. Well, so long. (Jiminy put a rock in his hat and falls over) Put it in the wrong end. No more privacy than a goldfish. (Puts the rock in his pants to keep him on the ocean floor) Ooh, chilly!

Pinocchio: Father!

Me: He could be anywhere.

Pinocchio: Father!

Jiminy Cricket: Hey, Pinoke, wait for me!

Pinocchio: Father!

Eli: Lets keep searching.

Jiminy Cricket: Father! He ain't my father. Mr. Geppetto! Hey, what the… Let go! Run along, you little… squirt. What's the matter, kid? I was only- We were only looking for Monstro. That got 'em.

Me: They're scared of that name.

Eli: Look at all the fish following us.

Pinocchio: Father! Father! Oh, hello. Oh, can you tell me where we can find Monstro, will ya? (Fish swim away in fright) Gee, they're scared.

Me: Even the mere mention of Monstro is scary to them.

Jiminy Cricket: Pardon me, Pearl. Are you acquainted with Monstro the whale? Whoa, hold it, there.

Pinocchio: Father!

Me: He has to be here.

Jiminy Cricket: One side there, son. Come on, boys, break it up. Break it up, now. (Sea horses whinny) Hey, what the… Quit shovin', now. Don't- Take it easy. Take it easy, there. Steady there, Nellie. Go ahead, Pinoke. Ask them.

Pinocchio: Could any of you tell me where to find Monstro?

They run away.

Jiminy Cricket: Thanks a lot.

Pinocchio: Father! Father!

Jiminy Cricket: Mr. Geppetto!

(inside Monstro's stomach…)

Geppetto: Not a bite for days. We can't hold out much longer. (Geppetto and Figaro sneeze) I never thought (sniff) it would end this way, Figaro… starving to death… in the belly of a whale. My poor little Pinocchio. He was such a good boy. It's hopeless, Figaro. There isn't a fish left. If the monster doesn't wake up soon, I… I'm afraid we are done for. (then suddenly, Monstro wakes up) Here they come! Tuna! Tuna fish! Food! We'll eat! Here's a big one. Get them in there, Figaro!

(The fish floats by in panic and pass by all of us.)

Pinocchio: Wait! Wait a minute! Have you seen… (as Monstro appears and chases the tunas!) MONSTRO!

Me: HERE HE COMES!

Gravity Man: (sees Monstro) This is gonna suck.

Jiminy Cricket: Oh, we gotta get out of here! Come on, Pinoke, don't wait for me!

We swam fast and then Monstro chased us.

Geppetto: Never saw so many! (Laughs as he catches tuna) Here's another one! Enough for weeks! Here's a big one. Keep them in there, Figaro!

We breached the surface of the water and Monstro ate us again!

Jiminy was still outside.

Jiminy Cricket: Hey, blubber mouth, open up! I gotta get in there!

Geppetto: It looks like the last of them. Here's a big one! Only a few left! We gotta work fast!

Me: There he is!

Pinocchio: Hey!

Geppetto: Here's another one!

Pinocchio: Hey, Father! Father!

Geppetto: Don't bother me now, Pinocchio! Pinocchio!

Pinocchio: Father!

Geppetto: Pinocchio! My son.

He grabbed a tuna.

Pinocchio: Hey, Father! Here I am!

Geppetto: Huh? Oh, oh, yes! Pinocchio! My boy. I'm so happy to see you!

Me: Thank goodness.

Pinocchio: Me, too, Father. Figaro! Ahh, Figaro! Cleo! Oh, Cleo! You're here, too.

Geppetto: Yes. We all are together again. (Pinocchio sneezed) Oh, you are soaking wet.

Pinocchio: Yes, Father.

Geppetto: You mustn't catch cold.

Pinocchio: But I came to save you!

Geppetto: You shouldn't have come down here.

Pinocchio: But, Father…

Geppetto: (calmly, hugs Pinocchio) Not as long as anything goes wrong. Don't you worry your little wooden head. Nothing else matters. (laughs)

Me: We came to get you out of here.

Roxas: This is the second time we've been inside Monstro. The second time!

Me: Third time actually.

Lori Jimenez: Yeah and that's when you all met me and Thunderblast.

Thunderblast: Memories.

Lola: Yeah and it smells horrible in here!

Lana: I like it.

Vince: We can get out of here.

Geppetto: Get out? Oh, no, no, guys. I've tried every way. Why, I even built a raft!

Pinocchio: A raft? That's it. We'll take the raft, and when the whale opens his mouth-

Geppetto: No, no, no, no. Now listen, guys. He only opens his mouth when he's eating. Then everything comes in. Nothing goes out. It's hopeless, Pinocchio.

Nico: No there is still hope.

Geppetto: Come, we'll make a nice fire, and we'll cook some of the fish.

Chef Pepper Jack: Maybe I can make something spicy to throw down Mosntro's stomach. That way, he'll throw us up.

Everyone: EW!

Me: Not a good idea. If he throws us up we'll be covering in rotten fish vomit and smell like it for weeks.

Chef Pepper Jack: Yeah you're right.

Me: We'll go with Pinocchio's idea. Lets make a fire.

Pinocchio: A fire! That's it!

Geppetto: Yes, and then we'll all eat again.

Pinocchio: A great big fire! Lots of smoke!

Geppetto: Smoke? Oh, yeah, sure. A smoked fish will taste good.

Pinocchio: Quick… some wood! (grabs wooden items and smashes them into firewood)

Geppetto: Pinocchio, not the chair! (Pinocchio smashes the chair)

Pinocchio: Hurry, Father! More wood!

Geppetto: Oh, what will we sit on if we-

Pinocchio: We won't need it! We're getting out!

He smashes a lantern against the wood and ignites the fire.

Geppetto: Getting out? But how?!

He put a blanket on the fire and smoke came out.

Pinocchio: We'll make him sneeze!

Geppetto: Make him sneeze?! Ohh, that will make him mad!

Me: That's a chance we'll take. We've dealt with this situation before.

But then Waffle Woman, Hydro Man, Captain Cold, Dr. Light, Brain Freezer and Eccentro appeared.

Me: Waffle Woman, Hydro Man, Captain Cold, Dr. Light, Brain Freezer and Eccentro.

Hydro Man: Weird seeing you guys in here.

Waffle Woman: This is actually my second time inside Monstro.

Eccentro: Well, to the rest of us, it's our first time.

Dr. Light: (to Kairi) Are you enjoying the adventure so far, Kairi?

Kairi: It's awesome!

Me: We'll have our usual battles when we get outside.

(Monstro wakes up again and begins to sneeze)

Jiminy Cricket: Well, it's about time!

Me: Now!

Geppetto: It won't work!

Pinocchio: Hurry, Father! Climb aboard!

Geppetto: We'll never get by those teeth!

Pinocchio: Yes, we will!

Jiminy Cricket: Hey, which way you goin'?! Wait for me!

Pinocchio: Hang on! Here we go!

AAAAAACCCCCCHOOOOOOOOOOOOOOOOOOOOOOOOOO

Monstro lets out a big booming sneeze, propelling the raft forward and we fly outside.

Jiminy Cricket: Gesundheit.

Me: Bless you!

Monstro is about to sneeze again…

Geppetto: We are going back!

Pinocchio: No, we'll make it! Faster! Faster!

Geppetto: It's no use! Here it goes!

AAAAAACCCCCHHHOOOOOOOOOOOOOOOOOOOOOOOOOO

Monstro sneezes again, shooting the raft out of his mouth successfully.

Pinocchio: We made it!

Monstro was about to sneeze again but he gets mad and puts out the fire and the smoke! NOW HE WAS MAJORLY PISSED!

Geppetto: Look, now he is mad! (Monstro chases them) I told you he'd be furious!

Me: Lets do it!

Eli: I'll hold him off!

Eli let out a call and he summoned GODZILLA JR.!

Me: Godzilla!?

Carol: I thought he was dead!

Eli: No that's his son Godzilla Jr.

Godzilla Jr.: Whoa! Looks like I got here just in time.

Eli: Hold him off for us while we have our battles with the Masters of Evil.

Godzilla Jr.: Right!

Monstro dove into the water.

Geppetto: He's gone!

Pinocchio: Where'd he go?!

Monstro then appeared from underneath!

Geppetto: LOOK OUT! Hang on!

They got back on the raft and Monstro was being held back by Godzilla Jr.

But then a green lion appeared and it was LEO THE LION!

Shanan: It's Leo the Lion!

Jeri: This lion is a bad lion!

Horsea: (to Leo the Lion) Um, nice lion?

He roared ferociously!

But then a Heartless appeared and it was PARASITE CAGE!

---

The Parasite Cage is an Emblem Heartless that can be found exclusively as a boss in Kingdom Hearts and Kingdom Hearts: Chain of Memories.

The Parasite Cage's main body is a large, magenta blob with glowing yellow eyes and thin, rounded teeth that resemble prison bars. This body rests on a flower-like base that is violet and aquamarine. A much smaller pink head rests on top of the main one. This second head sports a jagged mouth, glowing yellow eyes, two short, dark purple spikes under its mouth, and a curled, magenta antenna on its head. Two long, aquamarine tentacles sprout from either side of the second head and end in violet "hands" with three fingers, each with a dark purple spike on it. Its Heartless emblem is between its eyes.

In Kingdom Hearts Final Mix, The Parasite Cage's main body is light orange, as is the antenna on the smaller head. The smaller head is light tan and the small spikes on it and its hands are blue. Its arms and base are pale green, its hands are yellow, and the flower-like section of the base is violet and lavender.

Me: Oh no!

Monstro was coming back!

Pinocchio was dead.

We celebrated.

# Journey Into the Heart Part 7

"The Nightmare Before Christmas"

---

It was the crack of dawn and the Apple Family was getting ready for a very special day. It was their special Apple Family Reunion and they only have this once every 100 moons or close to 10 years.

[rooster crows]

Apple Bloom: [snoring] Whoa!

Applejack: Rise and shine! We don't have much time!

Apple Bloom fell off the bed .

[thump]

[dragging sounds]

[bucking trees, apples falling]

[bees buzzing]

Applejack went and got her supplies for the reunion and she got a lot of silk from Rarity and a lot of honey from Pinkie Pie.

Pinkie Pie: [belches] Don't forget the glitter!

She blew gold glitter all over her.

Applejack: [coughs]

Rainbow Dash went and got some clouds and pounded the heck out of them.

[rain falling]

She filled up a bunch of buckets with water.

[lightning cracking]

Rainbow Dash: [whistling]

Spike: [clicking noises] [breathes fire]

She used Spike like a cigarette lighter and lit a bunch of fires for the fritters.

Applejack: H-ah. Think that'll do it!

We arrived.

Me: Hey Applejack.

Applejack: Oh howdy everyone.

Speedy Gonzales: Look at all those apples!

Lincoln: There sure are a lot of them huh?

Nico: What's going on?

Apple Bloom: Today is our big Apple Family Reunion. We only have this once every 100 moons.

Lori: Wow! That's amazing.

Laney: A reunion like this once every 8 years.

Lisa Loud: There are 13 full moons in 1 year so that makes it close to 8 years.

Lola: That's cool.

Granny Smith: And just in time, too.

[rumbling]

We saw a cloud of dust on the hill.

Applejack: They're here!

Nico: Whoa!

Lola: Wow! The Apple Family is massive!

Lana: It sure is!

[ponies shouting]

Dive Man: You've really got a lot of family members, Applejack.

Applejack: Our family has increased a lot over the years.

Granny Smith: Apple Rose! Ohhh! Ooh, this is more excitin' than when it rained frogs!

We laughed.

Apple Leaf: Wow! Team Loud Phoenix Storm. It's such an honor to meet you all.

Me: Pleasure is ours. Applejack invited us over to see one of their reunions and it's gonna be fun.

[microphone feedback]

Applejack: [through megaphone] Howdy, y'all, and welcome to the Apple family reunion!

[ponies cheering]

Applejack: [through megaphone] My name's Applejack, and I just want to let y'all know that I got a real big day planned for ya! We're gonna start off with an obstacle course for the young'uns, and some fritter makin' and quiltin' for the not-so-young'uns. And there's lots more to come after that! Hope y'all enjoy it!

[ponies cheering]

Apple Bloom: Where is she?

Babs Seed: [blows]

Apple Bloom: Babs!

Babs Seed: Cuz!

Apple Bloom: I know it hasn't been that long since we've seen each other, but-

Apple Bloom and Babs Seed: -It felt like forever!

Babs Seed: I can't wait to tell you about my new school!

Apple Bloom: I can't wait to hear all about it!

Babs Seed: Jeepers, where do I start? Okay. So first day-

Applejack: Babs! Huh, so glad you could come!

Babs Seed: What am I, gonna miss out on spendin' time with my favorite cousin? Forget about it! [blows]

Applejack: Why don't you two head over to the obstacle course?

Me: Ooh! Obstacle Course. This will be fun.

Apple Bloom: We kinda wanna catch up a little bit first…

Applejack: Don't you worry. There'll be plenty of time for family bondin' while you're racin' against your other cousins.

We were ready for the awesome seven-legged/three-legged race.

Applejack: Alrighty, ponies! Ready to have some fun?

Me: We sure are!

Applejack: First up is the seven-legged race! And for J.D. and Nico it's the three-legged race.

Me: This is gonna be fun.

Me and Nico had my left leg and his right leg tied and we were holding on to our shoulders.

Nico: I've never done a three-legged race before.

Me: Me neither. This is gonna take a lot of coordination.

Linka and Lincoln were participating too.

Babs Seed: Whoa, is that the finish line? It's like a mile away or somethin'!

We saw the red flag on the hill over a mile away.

Me: (Whistles) That's a good distance.

Nico: This is gonna be really sweat-inducing.

Applejack: Actually, that's just the marker where you go on to the next leg of the race.

Apple Bloom: There's more?

Applejack: Much more.

Lincoln: Always up for a challenge.

Applejack: I know you are. Trust me, I have put together somethin' you all are never gonna forget. After the seven-legged race, you're gonna wanna hurry up and head over here, where you'll be bobbin' for apples!

[splash]

Applejack dunked her head in a washtub full of apple cider with lots of apples in it and she pulled out three apples with her mouth.

Me: Ooh! I love bobbin for apples.

Nico: Haven't done that in like forever.

Lincoln: Me neither.

Linka: Same.

Applejack: Then you'll run around these trees fifty times until you're real good and dizzy. Then you'll jump these big wooden hurdles. And then there's the final leg, where you'll balance plates on your head while sayin' "Pappy pony picked a pluck of prickly pluffnuggets" over and over and over again. Last pony or man standin' wins!

Me: Ooh! Dish-drilling with a tongue twister. I like it!

Nico: This is gonna be fun.

Lincoln: It sure is.

[pause]

Apple Bloom: Seriously?

Applejack: Seriously! C'mon, y'all! Let's start makin' some memories! On your mark… get set… go!

Me: Last one there is a rotten apple!

We ran fast and we were off!

We were coordinating really well.

Me: Doing well Nico!

Nico: Same to you. Not bad for your first time in a three-legged race.

Me: Same to you.

We were running fast and we were having a lot of fun and we got to the flag really fast.

Applejack: Whooeee! Lookin' good, everypony! Ooh, better go check on the quilt.

Granny Smith: How long you had those new choppers, Auntie Applesauce?

Auntie Applesauce: A lady never reveals the age of her teeth.

Apple Rose: Ugh.

Auntie Applesauce: Don't you roll your eyes at me, Miss Apple Rose! I imagine you two think I have forgotten what you did to my parasol six reunions ago?

Granny Smith: [giggles] We were just usin' it to help break open that piñata!

Apple Rose and Granny Smith: [laughing]

Auntie Applesauce: Applejack, delightful to see you. Are you gonna join us in some quiltin'?

Applejack: Sorry, Auntie Applesauce, I am busy-busy-busy. Y'all should get started, though!

Granny Smith: We couldn't find our rocking chairs.

Applejack: I got rid of 'em to make room for these. This is the year y'all are finally gonna finish that quilt!

Apple Rose: Finish it?

[engine starting]

LISTEN TO THOSE BABIES PUR!

[very loud sewing machine rattling]

[Auntie Applesauce's teeth chattering]

Applejack: [over noise] Won't that be excitin'?

Apple Rose: [over noise] What's that?

Applejack: [over noise] I said, won't that be-

[rattling stops]

Applejack: -excitin'?

Auntie Applesauce: I suppose, although I have been told that too much excitement can wreak havoc on this youthful complexion of mine.

Apple Rose: Oh.

Granny Smith: [giggling]

[rattling restarts]

Applejack: [over noise] That's the spirit!

Granny Smith: [over noise] What did she say?

Apple Rose: [over noise] What?

Granny Smith: [over noise] Good gracious!

Lori: We can help!

Lori and Laney were making the quilt with them and Laney made new rocking chairs for them with her plant powers.

Apple Rose: [over noise] Golden Delicious? I think he's racing with his cousin!

[dizzy music]

We were running around the trees really fast.

Me: Whoa this is fun!

Babs Seed: [dizzy] How are Scootaloo and Sweetie Belle?

Apple Bloom: [dizzy] Great! Ugh…

We ran really fast.

Babs Seed: [dizzy] You alright?

Apple Bloom: [dizzy] So… dizzy… [Wilhelm scream]

[crash]

Me: Whoa!

My eyes were spinning fast.

Nico: Dizzy.

Nico's eyes were spinning.

Apple Bloom: Ugh…

Babs Seed: [sigh]

[splat]

Big McIntosh: [sniffs] [licks lips] [gulps] [whistles innocently]

Lola, Lana and Lila were making apple fritters.

Lola: These apple fritters all smell so delicious.

Lana: They sure do.

Big McIntosh: Eyup.

Vince: Boy I love apple fritters.

Apple Dumpling: You've got eight now, dont'cha?

Apple Leaves: Oh, sure do. Tell you what, my Apple Tart may just be a baby, but he is a hoot!

Applejack: Havin' fun?

Apple Leaves: Sure are!

Carol: Apple fritters are one of my favorite desserts and breakfasts and I love them.

Carla: You said it mommy.

Carly Carmine: They are delicious.

Applejack: Better pick up the pace on those fritters though, huh? Roll, fold, crimp, slide to the left. Roll, fold, crimp, slide to the left. Roll, fold, crimp, slide to the left.

Evelyn: Mom taught us how to make them. They are awesome.

Lana: They sure are.

Pearl: I'm having trouble.

Pearl Pusateri was having problems and she was a mess.

Applejack: Just follow my lead Pearl. Roll, fold, crimp, slide to the left. Roll, fold, crimp, slide to the left. Now you try! (Pearl did so perfectly) That's it! Gotta keep this assembly line movin', gals! We want every Apple here to get a chance to taste the best darn fritters in Equestria!

Lola: You guys make the best apple fritters ever.

We were dish drilling. I was balancing 4 dishes on my nose and arms.

Nico was doing the same.

Apple Bloom and Babs Seed: Pappy pony picked a pluck of prickly pluffnuggets.

Me: Pappy pony picked a pluck of prickly pluffnuggets.

That saying then tied my tongue in a shoe-tying knot.

Me: (Tongue-tied) Hey my thongue is all thied up in a knot!

Nico: That's funny!

Apple Bloom: Any other blank flanks at your new school?

Babs Seed: Yeah. Two.

Apple Bloom and Babs Seed: Pappy pony picked a pluck of prickly pluffnuggets.

Apple Bloom: Do they wanna be Crusaders?

Babs Seed: Totally!

Apple Bloom: Great!

Apple Bloom and Babs Seed: Pappy pony picked a pluck of prickly pluffnuggets. Pappy pony picked a pluck of prickly pluffnuggets. Pappy pony picked a pluck of prickly pluffnuggets.

Babs Seed: Ah can' thfeel my tongue.

Apple Bloom: Neh nehber.

Applejack: [through megaphone] Alright, Apples, break!

[sewing machine rattling stops]

We rested.

Apple Bloom: [sighs] Finally…

I dunked my head into the washtub full of apples and pulled out 2 apples.

Nico: Nice one!

Applejack: Ooh, can't forget to capture all these memories for Granny's album! Huh. Nothin' all that memorable there. Or there. Or there. C'mon, Applejack, think.

Armada Hoist: Applejack, are you sure your folks are having a nice time here?

Applejack: I'm sure. I gotta kick this thing up a notch! Hm…

Apple Bloom: I get that my big sis wants this to be like a super-awesome reunion, but that was ridiculous!

Babs Seed: I thought we'd never get a minute to just hang out!

Applejack: And your minute's up! Your fellow Apples are waitin' for you to join them.

Apple Bloom: Applejack, I haven't had any time with Babs! We were so busy with that obstacle course, we didn't even get to talk!

Applejack: There'll be plenty of time to bond with Babs when we do the hayride.

Babs Seed: Hayride?

Me: I love hayrides!

We then got into a hayride cart.

Applejack: Alright, everypony! Step right up, take a seat, and leave the drivin' to these stallions! Now, I know y'all've been workin' real hard makin' some awesome memories. And in all of our past reunions, we always had a nice and relaxin' hayride around the farm. Which is why I decided to change things up a bit, and try somethin' just a wee bit more excitin'. So let's get this show on the road! Giddy-up!

Stallions: [whinnying]

Ponies: Whoa!

Me: Wee!

Eli: This is fun!

[crunch]

[Auntie Applesauce's teeth chattering]

[chomp]

Auntie Applesauce: [teethless] I just had those professionally polished.

Granny Smith: Where in the world does that girl have us headed? The west orchard?

Big McIntosh: Eeyup.

Granny Smith: What?! I was jokin'! Why, we haven't tended those fields since all the trees went and got filled up with… [gulps]

Me: Filled up with what?

[thunk]

Applejack bucked an apple tree and out came fruit bats of all 7 colors of the rainbow!

[fruit bats squeaking]

[ponies oohing and ahhing]

Me: Wow! Are those bats?

Nico: Rainbow-colored bats.

Lucy: Never saw bats like these before.

Laney: They are pretty.

Babs Seed: Wowza! Never seen real fruit bats before!

[ding]

[fruit bat licking lips]

[aeroplane engine noises]

Applejack: Uh-oh.

Me: INCOMING!

Nico: Oh no!

Cybertron Sidesways: Let's keep those fruity bats away from the apples!

Auntie Applesauce: [yelps]

[ponies yelping]

Apple Bloom: Everypony! Jump out!

Me: ABANDON SHIP!

We jumped out of the cart and the cart was out of control and it went crashing into the barn and the whole thing collapsed!

[crash]

[dust settling]

Me: Everyone okay?

Nico: Yeah we're all here.

Laney: But the barn is destroyed.

Lincoln: Whoa.

Applejack: [crying] Ruined. Everythin' is ruined.

Me: Boy it's totaled.

Vince: But we can rebuild it.

[crunch]

Applejack: Oh, Granny. I'm so, so sorry.

Granny Smith: Oh, it's alright, child.

Me: Yeah and the important thing is is that we're all okay.

Nico: That has to account for something.

Carol: True.

Applejack: But it's not alright. Just look at this! The barn and all my plans for the perfect family reunion are completely destroyed!

Me: Are you kidding Applejack? We had an awesome time.

Lori: We sure did. I literally got everything on my phone.

Lori showed us the pictures of us having fun on her phone.

Apple Bloom: Maybe that's a good thing.

Applejack: How can that possibly be a good thing?

Granny Smith: Applejack, you had us so caught up in all the doin', we haven't had a second to enjoy the company of the folks we've been doin' it with.

Applejack: Really?

[ponies agreeing]

Me: But we did have a good time.

Applejack: [sighs] Oh, Granny Smith, here you let me be in charge of creatin' great memories, and the only thing anypony's gonna remember about this reunion… is that it was the worst one we ever had.

Lincoln: It wasn't that bad.

Laney: Yeah we had so much fun.

Nico: That's right. We loved the race and obstacle course and the bobbin' for apples.

Eli: I got 3 apples in one grab.

Granny Smith: Oh, hey now… everypony's still here, ain't they? Still plenty of time to make good memories! You've just got to give everypony a chance to actually make 'em.

Applejack: The family photo! Guess we can't take it in front of the barn this year… unless… Everyone! I have one more activity!

Granny Smith: Applejack…

Applejack: Trust me, Granny Smith. This'll be one we'll remember for all the right reasons.

Square-Dance Music plays

[Applejack]

Yee-hoo!

Raise this barn, raise this barn

One, two, three, four

Together, we can raise this barn

One, two, three, four

Up, up, up, go the beams

Hammer those joints, work in teams

Turn 'em round quick by the right elbow

Grab a new partner, here we go

Apple family: Yeah!

Applejack: Come on, Apple family! Let's get to it! Wee-hoo!

We got to work on restoring the barn.

[Applejack]

Raise this barn, raise this barn

One, two, three, four

Together, we can raise this barn

One, two, three, four

Finish the frame, recycling wood

Workin' hard, you're doin' good

Turn 'em round quick by the right elbow

Grab a new partner, here we go

Apple family: Yeah!

Applejack: Whoo-whee!

[Applejack]

Raise this barn, oh, raise this barn

One, two, three, four

Together, we can raise this barn

One, two, three, four

Slats of wood come off the ground

Hold 'em up and nail 'em down

Turn 'em round quick by the left elbow

Grab a new partner, here we go

Apple family: Yeah!

Applejack: Come on, Apples! Get 'er done!

Me: YEE-HAW!

[Apple Bloom]

Look at us, we're family

[Applejack]

Workin' together thankfully

[Apple Bloom]

We Apples, we are proud to say

[Applejack and Apple Bloom]

Stick together the pony way

[Applejack]

Bow to your partner, circle right

Get down if you're scared of heights

Forward back and twirl around

That barn's gonna be the best in town

Apple family: Yeah!

Applejack: Yee-haw! Attagirl!

Apple Bloom: Alright, let's get to it!

Nico: YEE-HAW!

[Apple family]

Raise this barn, raise this barn

One, two, three, four

Together, we can raise this barn

One, two, three, four

[Applejack]

Take your brushes, young and old

Together, paint it, bright and bold

Turn 'em round quick by the left elbow

Grab a new partner, here we go

[Apple family]

We raised this barn, we raised this barn

Yes, we did

Together we sure raised this barn

Yes, we did

Being together counts the most

We all came here from coast to coast

All we need to strive to be

Is part of the Apple family

A photo was taken for all of us.

Me: This was so much fun Applejack. Thank you for inviting us all.

Applejack: You're welcome J.D. But this was so much fun for all of us.

Nico: Sorry the barn got destroyed. But the good news is we all are here and we rebuilt the barn better than ever.

Lana: We sure did.

Apple Bloom: Yeah!

Granny Smith: Oh!

Apple Rose, Auntie Applesauce and Granny Smith: [laughing]

Apple Bloom: I can't wait for the next reunion!

Babs Seed: Me neither!

Apple Bloom: I mean, obviously we have to get together before then!

Babs Seed: [chuckles] Obviously.

Granny Smith: Oh, you did it, Applejack! You put on a reunion that everypony will remember!

Applejack: Just had a couple minor hiccups along the way.

Granny Smith: Yeah, just a couple.

Granny Smith: Ohohoh, that's a good one.

Apple Bloom and Granny Smith: [laughing]

Apple Bloom: Oh!

We laughed.

---

Later we were in the Simulator for Part 7 of our adventure. We were going into the world of The Nightmare Before Christmas from 1993 and it's gonna be awesome to see 2 Holidays at once. The Simulator activated and we found ourselves in the Hinterlands!

Me: We're in the Hinterlands. These are the doors of the 7 major holidays.

Nico: I wonder why New Years is not here.

Laney: It's probably not as big a major holiday as the others.

Lola: Could be.

We looked at the Halloween Door.

Me: There it is guys. The door to Halloween Town.

Sora: It'll be cool seeing Jack again.

Lincoln: I know.

Fluttershy: I don't think I would like going to a place like this.

Nico: I'm sorry Fluttershy, I know you're scared but you can do it.

Fluttershy: Thanks guys.

Me: Mr. Lynn has a dark history with Halloween.

Rainbow Dash: Really?

Pinkie Pie: What happened?

Me: His father was murdered on Halloween by a deranged madman.

Most of us gasped.

Lynn Sr.: It's true guys. It's the reason why I was so terrified of Halloween for a long time.

Lucy Loud: I remember that. It was awful that happened.

Me: I know. And I'm the one who arrested his father's killer and got him executed.

Twilight Sparkle: That's dark. I'm so sorry that happened to you Mr. Loud.

Lynn Sr.: It's all right but thank you Twilight.

Me: But anyway lets get this adventure started.

NARRATOR: 'Twas a long time ago, longer now than it seems, in a place that perhaps you've seen in your dreams. For the story that you are about to be told, took place in the holiday worlds of old. Now, you've probably wondered where holidays come from. If you haven't, I'd say it's time you begun.

Me: Here we go.

We went through the door into Halloween Town and we arrived.

"This Is Halloween"

SHADOW: Boys and girls of every age

Wouldn't you like to see something strange?

SIAMESE SHADOW: Come with us and you will see

WITCHES: (Cackling)

CLOWN: It's over!

BEHEMOTH: We did it!

[they tummy bump]

Me: Good show!

Riku: Here we are in Halloween Town once again.

Nico: Yep.

We were all dressed in awesome costumes and Kairi was dressed in a black dark angel costume and I was dressed as a dark angel. And Eli was dressed as a Vampire Dark Angel. Ed Cowart was dressed as Dr. Zoidberg from Futurama. He had black bat wings, red eyes, sharp fangs and claws.

WEREWOLF: Wasn't it terrifying?

HYDE & CYCLOPS: What a night!

MAYOR: Great Halloween everybody.

JACK: I believe it was our most horrible yet! Thank you everyone.

MAYOR: No, thanks to you, Jack. Without your brilliant leadership -

JACK: Not at all Mayor.

VAMPIRE: You're such a scream, Jack

WITCH: You're a witch's fondest dream!

SMALL: You made walls fall, Jack

WITCH: Walls fall? You made the very mountains crack, Jack

CREATURE FROM BLACK LAGOON: Ooo Jack, you make wounds ooze and flesh crawl.

JACK: Thank you, thank you, thank you - very much

MAYOR: Hold it! We haven't given out the prizes yet! Our first award goes to the vampires for most blood drained in a single evening.

[applause]

MAYOR: A frightening and honorable mention goes to the fabulous Dark Lagoon leeches

Jack left and we saw him.

SAX PLAYER: Nice work, Bone Daddy.

JACK: Yeah, I guess so. Just like last year and the year before that and the year before that.

Me: Jack!

Jack saw us.

Jack: Hey guys!

We went up to him.

Me: You were awesome there Jack. I'm sorry it was monotonous.

Jack: It's all right but it's great to see all of you again.

Sora: Same here Jack.

Kairi: How have you been?

Jack: Doing great but thank you all for coming.

Lincoln: You're welcome.

Jack: I see you all have more forces with you all.

Lincoln: We have expanded a lot the last time we were here.

Nico: We sure have.

Emerald Sustrai: Yep.

Linka: It has been a big recruitment.

Jack: I can see that.

Laney: But it's great you're doing well.

Jack: Thanks guys.

Jack saw all of our costumes.

Jack Skellington: Those are some nice Halloween costumes that some of you have.

Rubberband Man: Thanks. We actually wear these costumes in our world as well.

Me: We sure do.

We followed Jack and went into a graveyard and Jack called out

Zero.

Me: Hey Zero. Who's a good boy?

Lola: Good boy.

[entering graveyard]

Jack's Lament

(Performed by Danny Elfman)

There are few who'd deny, at what I do I am the best

For my talents are renowned far and wide

When it comes to surprises in the moonlit night

I excel without ever even trying

With the slightest little effort of my ghostlike charms

I have seen grown men give out a shriek

With the wave of my hand, and a well-placed moan

I have swept the very bravest off their feet

Yet, year after year, it's the same routine

And I grow so weary of the sound of screams

And I, Jack, the Pumpkin King

Have grown so tired of the same old thing

Oh, somewhere deep inside of these bones

An emptiness began to grow

There's something out there, far from my home

A longing that I've never known

I'm a master of fright, and a demon of light

And I'll scare you right out of your pants

To a guy in Kentucky, I'm Mister Unlucky

And I'm known throughout England and France

And since I am dead, I can take off my head

To recite Shakespearean quotations

No animal nor man can scream like I can

With the fury of my recitations

But who here would ever understand

That the Pumpkin King with the skeleton grin

Would tire of his crown, if they only understood

He'd give it all up if he only could

Oh, there's an empty place in my bones

That calls out for something unknown

The fame and praise come year after year

Does nothing for these empty tears

[leaving graveyard and entering forest]

Later we were in another part of the forest.

ZERO: [barks]

JACK: No Zero, not now. I'm not in the mood.

ZERO: [barks]

JACK: All right. [giving Zero a rib from himself] Here ya go boy.

[Zero gets rib and shows off his nose]

Later at sunrise the following morning we were in another part of the forest.

JACK: (yawning) Where are we?

Me: We've been walking all night.

Nico: We sure have.

Jack: It's someplace new.

ZERO: bark bark

JACK: What is this?

Linka: We're back in the Hinterlands.

Naruto: We sure are.

[Jack sees Valentine's tree, shamrock tree, Easter egg tree, turkey tree]

Lola: These are the doors of the 7 major holidays.

JACK: [gasps]

[sees Christmas tree]

Me: The Door of Christmas. One of our favorite holidays.

Jack: [turns knob and opens it and then we all get sucked in]

Everyone: WHOA!

ZERO: [barks]

JACK: Whoa!

Me: What a rush.

Nico: Wow! Christmas Town.

Lincoln: So pretty.

We saw Santa's happy elves and everyone having fun and we rolled down a hill.

What's This?

(Performed by Danny Elfman)

Jack: What's this? What's this?

There's color everywhere

What's this?

There's white things in the air

What's this?

I can't believe my eyes

I must be dreaming

Wake up, Jack, this isn't fair

What's this?

What's this? What's this?

There's something very wrong

What's this?

There's people singing songs

What's this?

The streets are lined with

Little creatures laughing

Everybody seems so happy

Have I possibly gone daffy?

What is this?

What's this?

There's children throwing snowballs

Instead of throwing heads

They're busy building toys

And absolutely no one's dead

There's frost in every window

Oh, I can't believe my eyes

And in my bones I feel the warmth

That's coming from inside

Oh, look! What's this?

They're hanging mistletoe

They kiss?

Why, that looks so unique

Inspired!

They're gathering around to hear a story

Roasting chestnuts on a fire

What's this?

What's this?

In here they've got a little tree

How queer

And who would ever think?

And why?

They're covering it with tiny little things

They've got electric lights on strings

And there's a smile on everyone

So, now, correct me if I'm wrong

This looks like fun

This looks like fun

Oh, could it be I got my wish?

What's this?

Oh my, what now?

The children are asleep

But look, there's nothing underneath

No ghouls, no witches here to scream or scare them

Or ensnare them, only little cozy things

Secure inside their dreamland

What's this?

The monsters are all missing

And the nightmares can't be found

And in their place there seems to be

Good feeling all around

Instead of screams, I swear

I can hear music in the air

The smell of cakes and pies

Are absolutely everywhere

The sights, the sounds

They're everywhere and all around

I've never felt so good before

This empty place inside of me is filling up

I simply cannot get enough

I want it, oh, I want it

Oh, I want it for my own

I've got to know, I've got to know

What is this place that I have found?

What is this?

(He crashed into a post)

Christmas Town? Hmm…

SANTA CLAUS: Ho ho ho ho ho ho ho ho

JACK: Hmm..

Me: That's Santa.

[Halloween Town]

CLOWN: This has never happened before.

WITCH: It's suspicious.

SMALL WITCH: It's peculiar.

VAMPIRES: It's scary.

MAYOR: Stand aside.

WEREWOLF: Grrrr

MAYOR: Coming through. We've got find Jack. There's only 365 days left till next Halloween.

WEREWOLF: 364!

MAYOR: Is there anywhere we've forgotten to check?

CLOWN: I looked in every mausoleum.

WITCHES: We opened the sarcophagi.

MR. HYDE: I tromped through the pumpkin patch.

VAMPIRE: I peeked behind the Cyclops's eye. I did! But he wasn't there.

MAYOR: It's time to sound the alarms.

A corpse kid sounded a cat yowling alarm.

[Dr. Finkelstein's castle]

Sally was making soup laced with deadly nightshade and she was using it to knock out the good doctor.

SALLY: Frog's breath will overpower any odor. Bitter. [coughing] Worm's wart. Where's that worm's wart?

DR. FINKELSTEIN: Sally, that soup ready yet?

SALLY: Coming…

She went in and brought the soup in to him.

Sally: Lunch

DR. FINKELSTEIN: Ah, what's that? Worm's wart, mmm, and…

frog's breath.

SALLY: What's wrong? I-I thought you liked frog's breath.

DR. FINKELSTEIN: Nothing's more suspicious than frog's breath. Until you taste it I won't swallow a spoonful.

SALLY: I'm not hungry… [knocking spoon] Oops!

DR. FINKELSTEIN: You want me to starve. An old man like me who hardly has strength as it is. Me, to whom you owe your very life.

SALLY: Oh don't be silly. [eats soup with trick spoon] Mmmm, see. Scrumptious.

[Dr. Finkelstein eats soup]

[Halloween Town]

MAYOR: Did anyone think to dredge the lake?

VAMPIRE: Ah, this morning!

ZERO: [barks]

WITCH: Hear that?

SMALL WITCH: What?

WITCH: Shh!

ZERO: [barks]

VAMPIRE: Zero!

[fanfare as Jack and Zero and all of us arrive]

CORPSE KID: Jack's back! And Team Loud Phoenix Storm too!

MAYOR: Where have you been? And it's great to see you all again.

Me: Same here Mr. Mayor.

JACK: Call a town meeting and I'll tell everyone all about it.

MAYOR: When?

JACK: Immediately!

MAYOR: [in his mayor truck] Town meeting, town meeting, town meeting tonight, town meeting tonight

[at meeting]

CLOWN: [giggles as he hits Sally]

JACK: Listen everyone. I want to tell you about Christmas Town.

Me: Sally it's great to see you again.

Sally: Same here J.D. How have you all been?

Me: Great.

Kairi: We have an amazing presentation for you.

Town Meeting Song

(Performed by Danny Elfman and Cast)

JACK: There were objects so peculiar

They were not to be believed

All around, things to tantalize my brain

It's a world unlike anything I've ever seen

And as hard as I try

I can't seem to describe

Like a most improbable dream

But you must believe when I tell you this

It's as real as my skull and it does exist

Here, let me show you

This is a thing called a present

The whole thing starts with a box

DEVIL: A box? Is it steel?

WEREWOLF: Are there locks?

HARLEOUIN DEMON: Is it filled with a pox?

DEVIL, WEREWOLF, HARLEQUIN DEMON: A pox. How delightful, a pox

JACK: If you please

Just a box with bright-colored paper

And the whole thing's topped with a bow

WITCHES: A bow? But why? How ugly. What's in it? What's in it?

JACK: That's the point of the thing, not to know

CLOWN: It's a bat: Will it bend?

CREATURE UNDER THE STAIRS: It's a rat. Will it break?

UNDERSEA GAL: Perhaps it s the head that I found in the lake

JACK: Listen now, you don't understand

That's not the point of Christmas-land

Now, pay attention

We pick up an oversized sock

And hang it like this on the wall

MR. HYDE: Oh, yes! Does it still have a foot?

MEDIUM MR. HYDE: Let me see, let me look

SMALL MR. HYDE:Is it rotted and covered with gook?

JACK: Um, let me explain

There's no foot inside, but there's candy

Or sometimes it's filled with small toys

MUMMY, WINGED DEMON: Small toys

WINGED DEMON: Do they bite?

MUMMY: Do they snap?

WINGED DEMON: Or explode in a sack?

CORPSE KID: Or perhaps they just spring out

And scare girls and boys

MAYOR: What a splendid idea

This Christmas sounds fun

I fully endorse it

Let's try it at once

JACK: Everyone, please now, not so fast

There's something here that you don't quite grasp

Well, I may as well give them what they want

And the best, I must confess, I have saved for the last

For the ruler of this Christmas-land

Is a fearsome king with a deep mighty voice

Least that's what I've come to understand

And I've also heard it told

That he's something to behold

Like a lobster, huge and red

When he sets out to slay with his rain gear on

Carting bulging sacks with his big great arms

That is, so I've heard it said

And on a dark cold night

Under full moonlight

He flies into a fog

Like a vulture in the sky

And they call him… Sandy Claws

Well, at least they're excited

But they don't understand

That special kind of feeling in Christmas-land

Oh, well…

Me: Christmas is more than that Jack. It's a beautiful holiday.

Nico: It sure is.

Kairi: And it's one of my favorites.

Lola: Ours too.

[Jack's house]

JACK: There's got to be a logical way to explain this Christmas

thing.

Me: There's a lot of things that are part of Christmas, Jack.

[Dr. Finkelstein's castle]

DR. FINKELSTEIN: You've poisoned me for the last time you wretched girl.

[locks Sally away]

[dingdong]

DR. FINKELSTEIN: Oh my head… the door is open.

JACK: Hello?

DR. FINKELSTEIN: Jack Skellington, up here my boy.

JACK: Dr. I need to borrow some equipment.

DR. FINKELSTEIN: Is that so, whatever for?

JACK: I'm conducting a series of experiments.

DR. FINKELSTEIN: How perfectly marvelous. Curiosity killed the cat, you know.

JACK: I know.

DR. FINKELSTEIN: Come on into the lab and we'll get you all fixed up.

SALLY: Hmm. Experiments?

[Jack's house]

JACK: Zero, I'm home.

[Jack examines & experiments with Christmas stuff]

He pulled out a bunch of chemical stuff and even stuff equipment. He picked a holly berry and put it on a microscope slide.

Me: That's a holly berry Jack. Holly is a Christmas decoration we all use.

Lori: It's literally beautiful.

Eli: It sure is.

Me: You can't eat them unfortunately. They're poisonous.

Nico: Yeah.

Lola: But they smell awesome.

Jack: That's a shame.

He zoomed into it and squished the berry and shattered the slide.

Nico: Oops.

Jack then got a boiler going and put a candy cane in it and it had red smoke come out.

Laney: (Sniffs) Mmm minty.

Eli: Love that smell.

Nunnally: Me too.

The candy cane came out as limp as a spaghetti noodle.

Lincoln: Limp as spaghetti.

Leni: I thought that was a candy cane.

We rolled our eyes.

Jack then made a snowflake with paper and scissors but he made a spider snowflake.

Me: That's a good try though.

Leni: Thank goodness I'm not afraid of spiders anymore.

Jack: You're not afraid of spiders anymore Leni?

Me: We've had a lot of help with that.

Lincoln: It's true.

Me: Here Jack.

I took some paper and folded it and cut it and made a snowflake.

Jack: Beautiful.

Me: Thanks.

Jack cut open a teddy bear and examined the fluff inside it.

Jack then took an ornament and crushed it and the put it in a boiler and it glowed.

JACK: Interesting reaction… but what does it mean?

Me: We'll figure something out Jack.

We saw a basket hang outside and Jack went and got it and it was a gift basket from Sally.

Me: That was nice of Sally.

Then dawn came and the rooster crowed.

Jack's Obsession

(Performed by Danny Elfman and Cast)

VAMPIRES: Something's up with Jack

Something's up with Jack

Don't know if we're ever going to get him back

WEREWOLF: He's all alone up there

Locked away inside

CORPSE MOTHER: Never says a word

CORRPSE KID: Hope he hasn't died

VAMPIRES, WEREWOLF: Something's up with Jack

Something's up with Jack

JACK: Christmas time is buzzing in my skull

Will it let me be? I cannot tell

There's so many things I cannot grasp (Puts two cards on a house of cards and it collapsed as he sat down)

When I think I've got it, and then at last

Through my bony fingers it does slip

Like a snowflake in a fiery grip

Something here I'm not quite getting

Though I try, I keep forgetting

Like a memory long since past

Here in an instant, gone in a flash

What does it mean?

What does it mean?

In these little bric-a-brac

A secret's waiting to be cracked

These dolls and toys confuse me so

Confound it all, I love it though

Simple objects, nothing more

But something's hidden through a door

Though I do not have the key

Something's there I cannot see

What does it mean?

What does it mean? (Shakes a doll)

What does it mean?

Hmm…

I've read these Christmas books so many times

I know the stories and I know the rhymes

I know the Christmas carols all by heart

My skull's so full, it's tearing me apart

As often as I've read them, something's wrong

So hard to put my bony finger on

Or perhaps it's really not as deep

As I've been led to think (Zero hands him a portrait of himself as The Pumpkin King)

Am I trying much too hard?

Of course! I've been too close to see

The answer's right in front of me (He imagines himself as Santa)

Right in front of me

It's simple really, very clear

Like music drifting in the air

Invisible, but everywhere

Just because I cannot see it

Doesn't mean I can't believe it

You know, I think this Christmas thing

It's not as tricky as it seems

And why should they have all the fun?

It should belong to anyone

Not anyone, in fact, but me

Why, I could make a Christmas tree

And there's no reason I can find (Wraps lights around an electric chair)

I couldn't handle Christmas time

I bet I could improve it too

And that's exactly what I'll do (Throws the switch and the lights are lit and explode)

Hee, hee, hee

Eureka! This year, Christmas will be (Echoes) ours!

Everyone in town cheered.

Me: I've got a bad feeling about this guys.

Lincoln: Yeah same here.

Goofy: Me too.

MAYOR: Patience, everyone. Jack has a special Job for each of us. Dr. Finkelstein, your Christmas assignment is ready. Dr. Finkelstein to the front of the line.

The Vampires had a doll with them and it cooed.

VAMPIRE: What kind of a noise is that for a baby to make?

Lola: It's a doll. It does that.

Vampire: I see.

JACK: Perhaps it can be improved?

VAMPIRES: No problem!

JACK: I knew it! Dr. thank you for coming.

Me: Good to see you again Doc.

Dr. Finkelstein: Same here J.D. It has been a while.

Jack: We need some of these.

[showing picture of Santa and sleigh]

DR. FINKELSTEIN: Hmm.. their construction should be exceedingly simple. I think.

MAYOR: How horrible our Christmas will be.

JACK: No- how jolly.

Me: Christmas is all about fun.

MAYOR: [switches face] Oh, how jolly our Christmas will be. [gets pelted] What are you doing here?

Me: Oh no. Not these guys again.

Nicole: I hope they learned their lesson from when we were here the last time.

Me: One can hope.

Out came LOCK, SHOCK and BARREL!

---

Lock, Shock and Barrel are the former secondary antagonists later anti-heroes of Tim Burton's 1993 animated stop-motion film The Nightmare Before Christmas. They are Oogie Boogie's former henchmen.

In the film, Lock was voiced by Paul Reubens, Shock was voiced by Catherine O'Hara, and Barrel was voiced by Danny Elfman. In the Kingdom Hearts series, Lock was voiced by Jess Harnell, Shock was voiced by Kath Soucie, and Barrel was voiced by Jeff Bennett.

## The Pumpkin King

Lock, Shock and Barrel were picked by Oogie Boogie to stop Jack Skellington, whom the earlier holiday known as Bug Day was rejected.

## The Nightmare Before Christmas

Lock, Shock and Barrel were sent by Jack Skellington and Oogie Boogie to find Santa Claus. On their first try, they took the Easter Bunny, to Jack's frustration. Once the kids found Santa Claus, they put him inside Oogie's dungeon. Jack eventually tore Oogie apart and made Santa leave the dungeon. Following Oogie's defeat, the three kids eventually helped Jack get back to the Halloween Town center.

## Oogie's Revenge

Lock, Shock and Barrel learned that Jack is out of town and decided to resurrect Oogie Boogie.

---

LOCK: Jack sent for us.

SHOCK: Specifically.

BARREL: By name.

LOCK: Lock

SHOCK: Shock

BARREL: Barrel

MAYOR: Jack, Jack it's Oogie's boys!

JACK: Ah, Halloween's finest trick or treaters. The job I have for you is top secret. It requires craft, cunning, mischief.

SHOCK: And we thought you didn't like us, Jack. [giggles]

JACK: Absolutely no one is to know about it. Not a soul. Now- [whispers to LS&B]: And one more thing - leave that no account Oogie Boogie out of this!

BARREL: Whatever you say, Jack.

SHOCK: Of course Jack.

LOCK: Wouldn't dream of it Jack.

Me: And don't think that we haven't forgotten what you all tried to do the last time we were here.

Kairi: That's right so no funny stuff.

We made the finger for we've got our eyes on you busters.

[Lock, Shock and Barrel all had their fingers crossed]

They went to their treehouse on the outskirts of town.

Kidnap the Sandy Claws

(Performed by Paul Reubens, Catherine O'Hara, and Danny Elfman)

LOCK, SHOCK, BARREL: Kidnap Mr. Sandy Claws?

LOCK: I wanna do it

BARREL: Let's draw straws

SHOCK: Jack said we should work together

BARREL: Three of a kind

LOCK: Birds of a feather

LOCK, SHOCK, BARREL: Now and forever

Weeee

La, la, la, la, la

Kidnap the Sandy Claws

Lock him up real tight!

Throw away the key and then

Turn off all the lights!

SHOCK: First, we're going to set some bait

Inside a nasty trap and wait!

When he comes a-sniffing we will

Snap the trap and close the gate!

LOCK: Wait, I've got a better plan

To catch this big red lobster man!

Let's pop him in a boiling pot

And when he's done we'll butter him up!

LOCK, SHOCK, BARREL: Kidnap the Sandy Claws

Throw him in a box!

Bury him for ninety years

Then see if he talks!

SHOCK: Then Mr. Oogie Boogie Man

LOCK, SHOCK, BARREL: Can take the whole thing over then!

He'll be so pleased, I do declare!

That he will cook him rare!

Wheee!

LOCK: I say that we take a cannon

Aim it at his door and then

Knock three times, and when he answers

Sandy Claws will be no more!

SHOCK: You're so stupid! Think now

If we blow him up to smithereens

We may lose some pieces and then

LOCK, SHOCK: Jack will beat us black and green!

LOCK, SHOCK, BARREL: Kidnap the Sandy Claws

Tie him in a bag!

Throw him in the ocean then

See if he is sad!

LOCK, SHOCK: Because Mister Oogie Boogie

Is the meanest guy around!

If I were on his Boogie list

I'd get out of town!

BARREL: He'll be so pleased by our success

That he'll reward us too, I bet!

LOCK, SHOCK, BARREL: Perhaps he'll make his special brew

Of snake and spider stew!

We're his little henchmen and

We take our job with pride!

We do our best to please him

And stay on his good side!

SHOCK: I wish my cohorts weren't so dumb!

BARREL: I'm not the dumb one!

LOCK: You're no fun!

SHOCK: Shut up!

LOCK: Make me!

SHOCK: I've got something, listen now

This one is real good, you'll see!

We'll send a present to his door

Upon there'll be a note to read!

Now, in the box we'll wait and hide

Until his curiosity

LOCK, SHOCK, BARREL: Entices him to look inside

And then we'll have him!

One, two, three!

Kidnap the Sandy Claws

Beat him with a stick!

Lock him up for ninety years

See what makes him tick!

Kidnap the Sandy Claws

Chop him into bits!

Mister Oogie Boogie is

Sure to get his kicks!

Kidnap the Sandy Claws

See what we will see!

Lock him in a cage and then

Throw away the key!

OOGIE BOOGIE: Sandy Claws.. huh? Hahaha

[city hall]

JACK: It goes something like this. [Jingle bells]

How about it? Think you can manage?

PERSON INSIDE BASS: A one, and a two, and a three, and a…

[Jingle in a flat key by the band]

MAYOR: Next!

JACK: Fantastic! Now why don't you all practice on that and we'll be in great shape.

Xion: Jack, I'm not really sure it's a good idea to trust Lock, Shock, and Barrel.

Jack: I know but I'm just playing along with it for now.

Me: Oogie will pay for his crimes.

Jack: Yes he will. Sally, I need your help more than anyone's.

SALLY: You certainly do, Jack. I had the most terrible vision.

JACK: That's splendid.

SALLY: No, it was about your Christmas. There was smoke and fire.

JACK: That not my Christmas. My Christmas is filled with laughter and joy and this- my Sandy Claws outfit. I want you to make it.

SALLY: Jack, please, listen to me- it's going to be a disaster.

Me: Uh oh. I don't like the sound of that.

JACK: How could it be-just follow the pattern. This part is red, the trim is white.

SALLY: It's a mistake, Jack.

JACK: Now don't be modest, who else is clever enough to make my Sandy claws outfit.

MAYOR: Next!

JACK: I have every confidence in you.

SALLY: But it seems wrong to me, very wrong.

[to Behemoth]

JACK: This device is called a nutcracker.

LOCK, SHOCK & BARREL: Jack, Jack we caught him we caught him.

Me: That was fast.

JACK: Perfect! Open it up. Quickly!

[opens the bag to reveal the Easter bunny]

JACK: That's not Sandy Claws!

SHOCK: It isn't?

BARREL: Who is it?

Me: That's the Easter Bunny!

BEHEMOTH: Bunny!

The Easter Bunny went back into the bag.

Emerald Susatrai: Are you three serious? You captured the Easter Bunny instead of Santa Claus?!

JACK: Not Sandy Claws… take him back!

LOCK: We followed your instructions-

BARREL: We went through the door-

JACK: Which door? There's more than one.

Me: There's 7 of them!

Jack: Sandy Claws is behind the door shaped like this.

[shows Christmas cookie in shape of tree]

SHOCK: I told you!

[LS&B start fighting]

JACK: Arr! [making scary face at LS&B]

Me: Nice one.

JACK: I'm very sorry for the inconvenience, sir. Take him home first and apologize again. Be careful with Sandy Claws when you fetch him. Treat him nicely.

LOCK, SHOCK & BARREL: Got it. We'll get it right next time.

[Dr. Finkelstein's castle]

DR. FINKELSTEIN: You will be a decided improvement over that treacherous Sally.

IGOR: Master, the plans.

DR. FINKELSTEIN: Excellent, Igor.

[throws him a dog bone]

A sign for Days to Halloween was changed to 35 Days to Xmas

Hee, hee, hee, hee

HARLEQUIN DEMON: Won't they be impressed, I am a genius

See how I transformed this old rat

Into a most delightful hat

JACK: Hmm, my compliments from me to you

On this your most intriguing hat

Consider though this substitute

A bat in place of this old rat

Huh! No, no, no, now that's all wrong

This thing will never make a present

It's been dead for much too long

Try something freshes, something pleasant

Try again, don't give up

The sign said 1 day till Xmas.

[Christmas Town]

Santa Claus: Kathleen, Bobby, Susie, yes, Susie's been nice. Nice, nice, naughty, nice, nice, nice. There are hardly any naughty children this year.

[door chime: jingle all the way]

Santa Claus: Now who could that be?

LOCK, SHOCK & BARREL: Trick or treat!

Santa Claus: Huh?

[back to Halloween Town]

[to Jack in Sandy garb]

SALLY: You don't look like yourself Jack, not at all.

JACK: Isn't that wonderful? It couldn't be more wonderful!

SALLY: But you're the Pumpkin King.

JACK: Not anymore. And I feel so much better now.

SALLY: Jack, I know you think something's missing. But -

[pricks Jack's finger with needle]

JACK: Ow.

SALLY: Sorry

JACK: You're right, something is missing but what? I've got the beard, the coat, the boots-

LOCK, SHOCK & BARREL: Jack, Jack! This time we bagged him!

LOCK: This time we really did!

BARREL: He sure is big Jack!

SHOCK: And heavy!

SANDY CLAWS: Let me out!

We saw Santa Claus and everyone gasped.

JACK: Sandy Claws in person. What a pleasure to meet you. Why you have hands! You don't have claws at all.

SANDY CLAWS: Where am I?

Me: Santa it's great to see you again.

Santa Claus: J.D. and everyone. It's great to see you too. I still can't thank you all enough for saving me from my evil brother.

Nico: He got what was coming to him for trying to destroy all of humanity.

Eli: That's right.

Nunnally: He was a monster.

Lincoln: He was.

Me: I'm sorry we had them kidnap you Santa. But…

I beckoned him and whispered into him.

Santa Claus: I see.

JACK: Surprised aren't you? I knew you would be. You don't need to have another worry about Christmas this year.

SANDY CLAWS: What?

JACK: Consider this a vacation Sandy, a reward. It's your turn to take it easy.

SANDY CLAWS: But there must be some mistake!

JACK: See that he's comfortable. Just a second fellows. Of course, that's what I'm missing.

SANDY CLAWS: But-

JACK: Thanks! [took Sandy's hat]

SANDY CLAWS: You just can't… Hold on where are we going now?

JACK: Ho ho ho

SALLY: This is worse than I thought, much worse. I know…

SANDY CLAWS: Me? On vacation on Christmas eve?

BARREL: Where are we taking him?

SALLY: Where?

LOCK: To Oogie Boogie, of course. There isn't anywhere in the whole world more comfortable than that and Jack said to make him comfortable. Didn't he?

SHOCK & BARREL: Yes he did.

SANDY CLAWS: Haven't you heard of peace on earth and good will toward men?

LOCK, SHOCK & BARREL: No!

Elena Validus: Jack, now that Lock, Shock, and Barrel just delivered Santa to Oogie Boogie, you'll have to take Santa's place for Christmas.

Nico: You can use Skywarp and Thundercracker as both your sleigh and reindeer.

Jack: Good idea!

[Dr. Finkelstein's castle]

[getting fog juice]

SALLY: This'll stop Jack.

[working on new creation to replace Sally]

DR. FINKELSTEIN: What a joy to think of all we'll have in common. We'll have conversations worth having.

[back to Halloween Town]

[Sally pouring fog juice into fountain]

[Jack appears from coffin and there's applause]

MAYOR: Think of us as you soar triumphantly through the sky outshining every star. Your silhouette a dark blot on the moon, you who are our pride, you who are our glory, you who have frightened billions into an early grave.

[the fog starts to get worse]

MAYOR: You who have eh, devastated the souls of the living…

Me: Whoa! Where did this fog come from?

Nico: It's so thick you can cut it with a knife.

Nico cut the fog with a knife.

JACK: Oh no! We can't take off in this! The reindeer can't see an inch in front of their noses.

SALLY: Whew!

VAMPIRE: This fog's as thick as, as…

CYCLOPS: Jelly brains

VAMPIRE: Thicker!

JACK: There go all of my hope, my precious plans, my glorious dreams.

CORPSE KID: [crying] There goes Christmas.

ZERO: [barks]

JACK: No Zero, down boy. My what a brilliant nose you have. The better to light my way! To the head of the team, Zero! We're off!

SALLY: Wait Jack, no!

[Jack is off!]

[cheers]

JACK: Ho ho ha ha ha

SALLY: Good bye Jack, my dearest Jack. Oh how I hope my premonition is wrong.

Me: We got to follow him! Come on!

Eli: I know who can help us!

Eli did a call and he called out the Supersonic Kaiju: RODAN!

Me: WHOA! Rodan!

Rodan: What's going on Eli?

Eli: Jack is in Danger and we have to help him.

Rodan: I understand. Hop on everyone.

We did so and we followed Jack.

Sally's Song

(Performed by Catherine O'Hara)

Sally: I sense there's something in the wind

That feels like tragedy's at hand

And though I'd like to stand by him

Can't shake this feeling that I have

The worst is just around the bend

And does he notice my feelings for him?

And will he see how much he means to me?

I think it's not to be

What will become of my dear friend?

Where will his actions lead us then?

Although I'd like to join the crowd

In their enthusiastic cloud

Try as I may it doesn't last

And will we ever end up together?

No, I think not, it's never to become

For I am not the one

[Jack playing Sandy]

We were flying at incredibly fast speed to catch up to Jack.

JACK: Ho ho ho ho ho ho he he he

[lands loudly & wakes up little kid]

KID: Santa! [sees Jack] [gasps] Santa?

JACK: Merry Christmas! And what is your name?

KID:Uh uh

JACK: That's all right. I have a special present for you anyway. There you go sonny. Hohohohehehe

[goes back up chimney]

MOTHER: And what did Santa bring you honey?

[pulls out shrunken head]

[mother and father scream]

We looked through the window.

Me: A Shrunken Head?

Eli: Is Jack crazy?

JACK: Merry Christmas!

COP: [on phone] Hello, police. [frantic peanuts-type talk] Attacked by Christmas toys? That's strange. That's the second toy complaint we've had.

JACK: Hohohohehehe

[killer wreath, snake, vampire toy, killer duck]

[screams]

[Jack puts toys down chimneys]

[screams]

[Jack in the box chases fat kid]

We watched as Jack was tarnishing the good spirit of Christmas.

Me: This is not good guys. This is not good!

JACK: You're welcome one and all!

COP: [on phone] Where'd you spot him?

-Fast as we can, ma'am

-Police

-I know, I know a skeleton

-Keep calm

-Turn off all the lights

-Make sure the doors are Locked

-Hello, police

NEWSCASTER: Reports are pouring in from all over the globe that an impostor is shamelessly impersonating Santa Claus, mocking and mangling this joyous holiday.

HALLOWEEN RESIDENTS: [cheers]

NEWSCASTER: Police assure us that this moment, military units are mobilizing to stop the perpetrator of this heinous crime.

SALLY: [over the Newscaster]: Jack, someone has to help Jack. Where'd they take that Sandy Claws?

NEWSCASTER: -Come back and save Christmas

At a military base the military was gathering as they turned on searchlights to spot Jack.

Me: Uh oh. Search lights.

JACK: Look Zero, search lights!

The soldiers manned big cannons and they were trying to shoot down Jack!

[firing at Jack]

JACK: They're celebrating! They're thanking us for doing such a good job. [almost hits Zero] Whoa, careful down there, you almost hit us.

ZERO: [barks]

JACK: It's ok, Zero. Head higher!

Skywarp, Jack, and Thundercracker were avoiding the bullets the police were shooting at them.

Thundercracker: YOU'LL NEVER TAKE US ALIVE, COPPERS! ANY OF US!

Skywarp: COME AND GET US!

Me: They're trying to kill you Jack!

Jack: Oh nonsense.

[Oogie's lair]

OOGIE BOOGIE: Are you a gamblin man, Sandy? Let's play.

[sees sally's leg]

OOGIE BOOGIE: Mmmm.. my, my… what have we here?

[Sally's hands start to rescue Sandy]

SALLY: [whispering] I'll get you out of here.

OOGIE BOOGIE: Ah, lovely. Tickle, tickle, tickle. Tickle, tickle, tickle.

[Sally's hands untie Sandy]

[Oogie realizes that there's no body to the leg]

OOGIE BOOGIE: What?! You trying to make a dupe out of me?

[Oogie sucks Sandy and Sally back in]

[back to Jack]

JACK: Who's next on my list. Ah, little Harry and Jordan. Won't they be surprised.

Rodan: This is bad guys!

The search lights had him in their sights and they fired at him!

[sleigh gets hit]

JACK: They're trying to hit us! ZERO!

ZERO: [bark]

The cannon locked him on target!

BANG!

The big bullet hit the sleigh and it exploded!

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMM

Me: OH MY GOD!

Nico: WHOA!

JACK: Merry Christmas to all and to all a good night…

Jack fell to the ground and we followed. Jack crashed into the ground.

[Halloween Town]

WEREWOLF: (Howl!)

MAYOR: (with white face) I knew this Christmas thing was a bad idea. I felt it in my gut. Terrible news folks. The worst tragedy of our times. Jack has been blown to smithereens. Terrible, terrible news.

[back to "normal" town]

COP: [in car] Attention, attention citizens. Terrible news. There's still no sign of Santa Claus. Although the impostor has been shot down, it looks like Christmas will have to be canceled this year. I repeat the impostor has been shot down but there's still no sign…

We got Jack back together.

Me: Jack are you all right?

Eli: That was quite a hit.

Nico: But thank goodness you're all right.

Jack: I know.

[Jack in cemetery]

Poor Jack

(Performed by Danny Elfman)

What have I done?

What have I done?

How could I be so blind?

All is lost, where was I?

Spoiled all, spoiled all

Everything's gone all wrong

What have I done?

What have I done?

Find a deep cave to hide in

In a million years they'll find me

Only dust and a plaque

That reads "Here Lies Poor Old Jack"

But I never intented all this madness, never

And nobody really understood, well, how could they?

That all I ever wanted was to bring them something great

Why does nothing ever turn out like it should?

Well, what the heck, I went and did my best

And, by God, I really tasted something swell, that's right

And for a moment, why, I even touched the sky

And at least I left some stories they can tell, I did

And for the first time since I don't remember when

I felt just like my ond bony self again

And I, Jack, the Pumpkin King

That's right! I am the Pumpkin King, ha, ha, ha, ha

(JACK WAS BACK!)

And I just can't wait until next Halloween

'Cause I've got some new ideas that will really make them scream

And, by God, I'm really going to give it all my might

Uh-oh, I hope there's still time to set things right.

Me: We got to get Santa back from Oogie and make him pay!

Jack: Right. Sandy Claws, hmm…

We went through a grave to Halloween Town.

[Oogie's lair]

SALLY: You wait till Jack hears about this. By the time he's through with you, you'll be lucky if you…

MAYOR: The king of Halloween has been blown to smithereens. Skeleton Jack is now a pile of dust.

SALLY: [gasps]

We came through the grave and went to Oogie's house.

JACK: Come on Zero. Christmas isn't over yet!

OOGIE BOOGIE: What's that you said about luck, rag doll?

SALLY: Help, help, help, help

OOGIE BOOGIE: Seven! Looks like it's Oogie's turn to boogie.

Me: Hold on guys.

SALLY: [scream]

OOGIE BOOGIE: One, 2, 3, 4, 5, 6, 7 - hahaha

SANDY CLAWS: This can't be happening!

OOGIE BOOGIE: Ashes to ashes, and dust to dust. Oh, I'm feeling weak… with hunger. One more roll of the dice oughta do it. Haha [rolls dice] What! Snake eyes. [bangs on table] Eleven! Haha looks like I won the jackpot! Bye bye doll face and sandman. Ha, ha, ha [about to dump Sally and Sandy into the lava] What the…

Oogie pulled the Table and he saw us and we were facing OOGIE BOOGIE!

The Oogie Boogie Man, better known as Oogie Boogie and sometimes shortened to simply Oogie, is the main antagonist of Tim Burton's 1993 animated stop-motion film The Nightmare Before Christmas, as well as its 2005 video game prequel The Nightmare Before Christmas: The Pumpkin King, its 2005 video game sequel The Nightmare Before Christmas: Oogie's Revenge, and a major antagonist in the Kingdom Hearts series. He is the personification of the common child's nightmare of the "Boogie Man", resembling a large burlap sack full of bugs, spiders, and snakes. He is Jack Skellington's archenemy.

He was voiced by Ken Page.

The Nightmare Before Christmas: The Pumpkin King

In the video game prequel to the film, Oogie's origins and the birth of his rivalry with Jack were revealed. As it turned out, he once had his own holiday known as Bug Day, which was most likely forgotten by the people of the real world and thus vanished. Unfortunately, Oogie escaped, found Halloween Town, and decided that it would be the new Bug Day. He and his army of insects invaded the town and nearly took it over. Jack found out and he defeated the bugs and Oogie. Oogie survived the battle, learned to fear the Pumpkin King, and was banished to his underground lair.

The Nightmare Before Christmas

Although he is the main antagonist, his role in the film is small. During the time that Oogie was imprisoned in his lair and plotting his revenge, Lock, Shock and Barrel revealed the existence of Santa Claus to him. Later, the trio kidnapped Santa and (against the wishes of Jack Skellington, who held Oogie in great contempt) sent him down to his lair beneath their Treehouse home. After introducing himself, Oogie binds Santa to a giant roulette wheel and prepares to torture him. Later on, Sally attempts to rescue Santa from Oogie, but she ends up being captured herself. Following Jack's failed escapade as Santa Claus, Oogie tried to kill his captives by cooking them in his snake and spider stew but was stopped by Jack.

Jack confronts Oogie, who activated his robot killing machines and trapped him in response, but the latter acrobatically evaded the devices and managed to reach Oogie. Oogie tried to escape on a propeller, but Jack shouted "How dare you treat my friends so shamefully!", indicating that Oogie was too dangerous to be left alive. The pumpkin king then pulled a loose thread on him, which opened him up and caused about 90% of his bugs to fall into his own burning stew. He fearfully screamed his last words "My bugs!", and his voice then changed to insects, faded from existence, and left only squeaks. Albeit most of the insects fell to their deaths in Oogie's stew, one of them, presumably the leader, tried to escape his fellows' fate, but was ultimately crushed to death by Santa with his feet. It is completely unknown if any bug from Oogie's bag survived the ordeal, but if some of them did so, they most likely escaped from Oogie's lair and went to live normal lives as ordinary insects.

The Nightmare Before Christmas: Oogie's Revenge

In the 2005 video game sequel, Oogie was resurrected by his three henchmen, Lock, Shock, and Barrel, who sewed him back together. He quickly deceived the residents of Halloween Town and tricked the townsfolk into making traps for his archenemy, Jack Skellington. Oogie attempted to become the "Seven Holidays King". He successfully kidnapped the real leaders and tried to murder Santa Claus again, but his plans were foiled by Jack. Oogie desperately put up a fight by turning into a gigantic, junk-filled version of himself named "Mega-Oogie". He was then again destroyed by Jack, reducing into nothing, apparently ending Oogie's threat once and for all. However, he could still be resurrected once more like in the past.

JACK: Hello Oogie.

Kairi: You better give back Santa and Sally right now!

Me: Yeah! Didn't expect to see us again did you?

Oogie Boogie: You guys again!? You will pay for killing me the last time!

Me: You've had that coming you ugly bag of bugs!

Lana: But they were really tasty bugs!

Lily: You will pay for your crimes Bug Boy!

But then the Masters of Evil all came out. It was Webstor, King Hiss, Ebon, Technus and Katnappe.

Me: Webstor, King Hiss, Ebon, Technus and Katnappe.

Ebon: Nice costumes guys.

Lily: Thanks Ebon. It comes with the fashion here in Halloween Town.

Kairi: It's true.

Webstor: Looking good Kairi and Eli you look amazing.

Eli: Thanks.

Nunnally: We all look scary and awesome.

Maria: It's nice that you 5 actually fit into the Halloween theme of this world.

Webstor: (laughs) It sure is!

William: A new 6th member is coming, right?

King Hiss: Exactly. And he's on his way right now.

Jack: (sees a figure approaching) Why, hello there. That's a nice Frankenstein costume that you have!

The figure came out of the shadows and it was the Transylian villain of Ben, DR. VIKTOR!

Dr. Viktor: I am not Frankenstein. I'm Dr. Viktor

---

Viktor, better known as Dr. Viktor and formerly known as King Viktor, is a Transylian from Anur Transyl in the animated series Ben 10.

He is voiced by Michael Dorn, who also voiced Fright Knight, Kru'll the Eternal, I.M. Weasel, Lieutenant Worf, Gatatog Uvenk, and Prometheus.

Ben 10

Viktor worked at NASA to obtain the means to hijack a space shuttle. Despite his size, he possessed excellent reflexes, as he was able to quickly spin around and backhand a super-speeding XLR8 when the latter attempted a sneak attack on him. He is intelligent and while working for Zs'Skayr, his immediate plan was to resurrect his master, whose own plan was to prevent the sun's light from reaching the Earth using various human satellites, thus ensuring that he would be at full power all the time.

However, he was not treated with respect after Zs'Skayr was resurrected. After he asked why they needed Ben, Zs'Skayr took control of his body and threw him around. He served as the unofficial leader of the three horror-themed aliens. The purple lightning in which the previous two horror aliens appeared was generated by a teleportation machine that he used.

His first appearance was in The Return, where he succeeds in resurrecting Zs'Skayr.

In Be Afraid of the Dark, Ben fought Viktor and Zs'Skayr. On Earth, Ben accidentally gained use of Dr. Viktor's form when Viktor found Ben and grabbed him by the wrist, unintentionally adding his DNA to the Omnitrix and giving Ben Frankenstrike. Viktor essentially defeated himself near the end of the episode by trying to warp Ben away, but instead warped himself and the Mummy away. It is explained that back when Zs'Skayr was still inside the Omnitrix, Ben used him to sneak into a horror movie, at which point he was overtaken by the alien, who contacted Dr. Viktor with his plans before Ben transformed back, knowing nothing.

## Ben 10: Ultimate Alien

Dr. Viktor's deceased body appears in Viktor: The Spoils. In this episode, it is revealed that the real Dr. Viktor had been thrown into the Null Void by Kevin. King Xarion later used AmpFibian to transfer his mind into Dr. Viktor's body, taking the name 'King Viktor'. After he was defeated, the team left him in melted metal with half his face free, swearing vengeance on Ben.

## Ben 10: Omniverse

In Rad Monster Party, King Viktor's iron-encased body returned in was soon apprehended by the Plumbers, and Zs'Skayr manipulated the boarding of his body onto the Lovely Duck, which Ben, Rook Blonko, Rad Dudesman, and Hobble were supposed to deliver (though they were unaware they were carrying Viktor). Zs'Skayr then inhabited Viktor to stow away with them, and while inside the body defeated and killed King Xarion's spirit, allowing Viktor to regain control of his body and reawaken his mind. He was then freed from his prison by Crujo, and joined his master and colleague in fighting Ben and his team. He was defeated by the combined assault of Rook and Scout, using a manuever they learned at the Plumber's Academy, but when the citizens of Anur Transyl arrive in the form of an angry mob after Ben, allowing Viktor to escape with Zs'Skayr and Crujo.

In Charmed, I'm Sure, he was later seen with Crujo building a machine for Zs'Skayr that would let him drain the power of the Alpha Rune, where Charmcaster briefly appeared to take it back. However, she was sent away by Zs'Skayr with a simple snap of his fingers.

Viktor and Crujo applauded Zs'Skayr for his trick until he ordered them to get back to work.

In The Vampire Strikes Back he voices his oppostion to Zs'Skayr's plan to revive Lord Transyl and his extinct species, due the Vladats past history of enslavement and predation on his people but reluctantly goes along with his master's plan to use Lord Transyl and his army of Vladats to conquer the universe. He is later hit by Whampire's Corruptura along with fellow henchmen Crujo and Kuphulu and forced against his will to work with Ben and Hobble against his master. He is eventually freed from Ben's control when the Omnitrix times out and is directed by Zs'Skayr to grab Ben so Lord Transyl can put a Corruptura on Ben, however when he glances at the pods containing the remains of Lord Transyl's Vladat army, he has a change of heart and drops Ben, stating his hatred of Vladats is greater than his hate for Ben, and betrays Zs'Skayr. He later holds a weakened Lord Transyl up to the small sun created by Atomix and tells Rook he will put the Vladat "someplace safe" as shown in the end where Dr. Viktor imprisoned the Vladat in a coffin in front of the sun in space where he can't do any harm.

---

Ben: Dr. Viktor!

Dr. Viktor: Been a long time Ben.

Me: Whoa! So you are the scientist Dr. Viktor.

Shanan: And he is a Transylian from the planet Anur Transyl.

Dr. Viktor: That's right.

Me: From what I was told from Ben you were once one of Zs'Skayr's servants and you succeeded in bringing him back to life.

Dr. Viktor: That's right and I'm now back to what I was before when I started working for Lord Zs'Skayr.

Ben: If you're back to your old self, what happened to King Xarion?

Dr. Viktor: Dark Spicer used his Boodunce form to get him out of my mind. (chuckles) I find it nice that he uses an Ectonurite form and has a good friendship with my master.

Me: That's interesting and very clever. Also your voice sounds so much like famous actor Michael Dorn. He was in a lot of shows and was mostly in Star Trek.

Dr. Viktor: (Laughs) I do sound like him.

Me: Yeah.

Kai Green: Now the Masters of Evil needs the Alien Mummy and the Yenaldooshi in the Masters of Evil and Zs'Skayr will have his whole team back.

Me: That would be something. The whole Anur System as a branch team in the Masters of Evil.

Ebon: Not a bad idea.

Then a figure came out and it was RAINY TURTLOID!

Dive Man: And you are?

Rainy Turtloid: Rainy Turtloid at your service!

Rainy Turtloid fired several missiles from the two jewels on his back at Dive Man.

Lincoln used the Force and sent the missiles back at him and they hit him all over and exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: Time for this battle to get started!

Troy: Let's show Oogie some Halloween costumes of our own!

Megaforce Rangers: Legendary Ranger Mode: In Space!

The Megaforce Rangers turned into the In Space Rangers!

We powered up and went at them.

---

## Battle 1: Technus

---

Cyborg, Cynder, Circe (Generator Rex), Chop Chop and Elena Validus were facing Technus.

Technus: The Undead Skylanders are perfect for this world.

Cyborg: Glad we can agree on that.

Cynder: This world is flowing with the spirits of the undead and we represent the Undead Element.

Chop Chop: That's right.

Elena V.: That's true. It's really cool though.

Circe: It sure is.

Technus: I agree. But Cynder, I heard you were once a bad guy yourself right?

Cynder: It's true. I was brainwashed by the evil purple dragon Malefor.

Circe: Who is Malefor?

Cynder: You guys would hate him.

Chop Chop: He was a monster that poisoned Cynder's mind with lies and turned her into a bad dragon.

Cynder: It's true.

Cynder went over Malefor's history and what she told them was shocking.

---

Malefor, also known as the Dark Master, is the arch-villain of The

Legend of Spyro video game trilogy. He directs the plot of A New Beginning and The Eternal Night from afar, taking center-stage in Dawn of the Dragon. He is an unfathomably powerful Purple Dragon and who became the king of evil and was imprisoned in his hellish realm. Malefor very nearly destroys the world after being set free, only to be defeated for good by the heroes Spyro and Cynder. Malefor is presented as an evil counterpart of some sort to Spyro, and he is without a doubt the worst villain in the entire Spyro multiverse.

He was voiced by Mark Hamill, who portrayed Luke Skywalker in the Star Wars series and who also played the Joker in Batman: The Animated Series, Fire Lord Ozai in Avatar: The Last Airbender, among many other roles.

He also has a counterpart in the second Spyro reboot Skylanders and another in its Netflix cartoon adaptation.

Malefor was the first of the legendary Purple Dragon kind, born once in every ten generations with the power to control all elements and the destiny to shape an era. (Though he claims that there were many before him.) Wanting to guide him to the great destiny ahead of him, the Dragon Elders taught him all their secrets, but he was never satisfied, and his eagerness and pride soon went to the young dragon's head. Soon, Malefor would stop at nothing in his efforts to become all-powerful.

Fearing his ambition and growing malevolence, the Dragon Elders banished Malefor but it was too late, he had already fallen beyond redemption. Lusting for revenge, Malefor built his power-base in the mountains and raised an army of Ape Monsters. Malefor mastered the Dark Aether element to such an extent that he became the embodiment of Evil of the Legend of Spyro universe and the monarch of Hell, gaining the title of the Dark Master. Forsaking the calling of the Purple Dragons, he made his new goal, which he grew to regard as his destiny, to destroy the world; perhaps intending to build a new one following his own ideals and rule with an iron fist.

Malefor warred against the dragons during many years, slaughtering thousands and causing many disasters to fulfil his twisted "quest", causing people to fear dragons. His evil might tore open his base of operations, the Mountain of Malefor, turning it into the Well of Souls: a chasm to the Underworld where every malevolent dead soul is sent, submitted to his influence.

Malefor stole the Spirit Gems, the source of the dragons' life-force and used them against the dragons, but he was ultimately defeated. He was imprisoned in the Well of Souls and his essence was sealed deep in the space-like Convexity Dimension at the centre of worlds. However, his armies escaped and went into hiding. They could still communicate with him somehow, and waited for an opportunity to set him free again.

## The Legend of Spyro: A New Beginning

Malefor never appears in person during the first game of the trilogy, being only mentioned several times under his title "the Dark Master". A statue of him prior to his corruption can be found within the Dragon Temple, but at that point is not revealed that the statue is him. Gaul the Ape King, Cynder and his servants are following his orders and he most likely devised Cynder's plan of action himself.

Years before the start of the story, Gaul and his Ape army attacked the Dragon Temple during the Year of the Dragon under Malefor's orders. They crushed every dragon egg to prevent the birth of the Purple Dragon (born only once every twelve years) wielding the power to defeat the Dark Master. Yet, the Fire Guardian Ignitus sent the purple egg safely away, where it was found and raised by a family of Dragonflies.

With a dragon being needed to release Malefor, Gaul stole an dragon egg, hatched it and named the baby dragon Cynder, exposing her to Malefor's dark influence and forcing upon her an unnatural and painful growth. She matured to an adult size and became more powerful than most dragons, including the four Elemental Guardians.

In the game, Cynder leads Malefor's armies in a war against the Dragon Realms, defeating the Dragon armies and forcing them underground. She sends her minions to distract the Elemental Guardians, so as to capture them and harness their powers into magic crystals. This being done, Cynder goes to the Convexity

Dimension and inserts the magic crystals into the Altar Portal which holds Malefor captive to destroy it. Fortunately, Spyro and his adoptive brother Sparx catch up to Cynder in time and manage to defeat her, reverting her to her normal state and age. As the portal is about to implode, Spyro succeeds in rescuing Cynder but Malefor's essence is set free and returns to the Mountain of Malefor, calling Spyro in his nightmares.

## The Legend of Spyro: The Eternal Night

Malefor plays a larger role in The Eternal Night but once again never appears in person; instead devising Gaul's plan of action. The Ape King gathers his armies in the Well of Souls and prepares the Dark Master's return during the Night of Eternal Darkness: a lunar eclipse plunging the entire world in shadows, during which all of the malevolent souls imprisoned in the Well of Souls are free to roam the mountain.

Along the way, Gaul raided the Pirate Arena ship in which Spyro and Cynder were held captive after leaving the Temple for different reasons, and recaptures Cynder. Gaul brings her to the Well of Souls and decides to leave her fate in Malefor's hands: taking her back under his services for being a "faithful servant" or perish.

The Chronicler, an ancient dragon of immense wisdom, calls Spyro and tells him about Malefor's past and explains that the eclipse allows Malefor to become powerful enough to regain his physical form. Against The Chronicler's better judgment, who urges him not to move before the eclipse has passed, Spyro leaves his sanctuary to rescue Cynder, unaware that that's what Malefor wanted, and in doing so confronts Gaul in the Well of Souls.

However, when the Night of Eternal Darkness begins, Spyro gets trapped in the beam of Dark Aether caused by the lunar eclipse, getting corrupted and turned into a powerful dark dragon. Dark Spyro kills Gaul in cold blood and returns into the demonic beam, serving as the key to open the Well of Souls and to set Malefor free. It is now revealed that Malefor wanted Spyro at the Well of Souls during the Night of Eternal Darkness because he needed a Purple Dragon to free him, and because the eclipse would corrupt him. By having Spyro and Cynder by his side, Malefor would remove them as a threat and would gain two powerful servants.

Fortunately, Cynder has resisted Malefor's corruption and manages to turn Spyro back to normal, mirroring the end of the last game. As the Mountain collapses, Spyro uses his Time Powers to encase himself, Cynder and Sparx in a crystal to save their lives. Alas, Malefor finally returns, free to rule the world without interruption.

## The Legend of Spyro: Dawn of the Dragon

Malefor did not lose time after being freed. During his strike on the Realms, he turned all his Ape servants into living skeletons, as he rightfully deemed them too greedy and not faithful enough, and afterwards created an army of monsters known as the Grublins. He invaded the Dragon City of Warfang and suspended its city temple above the land to serve as his own flying fortress and a symbol of his dominance. He then covered the entire world in darkness, spreading plague and misery all around.

Three years have passed when Grublins release Spyro, Cynder and Sparx from their slumber, putting snake-shaped collars on Spyro and Cynder to bind them; before taking them to be sacrifice to a gigantic and powerful Golem of the Deep. They cannot defeat the ancient creature but are rescued by Sparx and Hunter of Avalar, who guide them to Warfang.

They lead the city's defense, defeating Malefor's armies and destroying the Golem who tracked them down. Later this night, Malefor contacts the heroes through a dark crystal, gloating that the attack was just meant to keep them busy while he released the legendary Destroyer, going as far as presenting their victory as a twisted "congratulation". The monster has begun to travel around the world, leaving behind a fiery trail called the Ring of Annihilation. Once the Destroyer completes its circle, the world's apocalypse will begin.

The heroes travel through the underground ruins of Ancient Warfang and try to stop the Destroyer by causing a flood, but to no avail. Next, they manage to shatter the Destroyer's Crystal Core but Malefor merely reactivates it. Their only hope is to defeat Malefor before the Destroyer completes its circle, but Ignitus sacrifices his life to allow them to go through the Ring of Fire and reach Malefor's fortress. In his grief, Spyro gets corrupted again, as the Dark Aether left a lasting effect on him. Fortunately Cynder manages to bring Spyro back to his senses.

Spyro and Cynder enter Malefor's temple beyond the Floating Islands, where the Dark Master greets them and proceeds to break their confidence with but a few sentences. He uses Cynder's doubts to turn her evil again and makes her attack Spyro. He then states to a crushed Spyro that the destiny of Purple Dragons, including him, is to bring about the "great cleansing", but the young dragon rejects his views. As the Dark Master revels in the situation, Spyro refuses to fight Cynder and manages to turn her back to normal. Enraged, Malefor declares that she will share Spyro's fate.

Spyro and Cynder engage a tremendous battle against Malefor, but they are too late as the Destroyer has just completed his journey and the world starts breaking apart. Nevertheless, they continue to fight Malefor, and their battle drags them to the centre of the world. There, the evil dragon declares that he is eternal and engages Spyro and Cynder in a duel of Aether Breath, but they managed to knock him down.

However Malefor recovers, proving his claims of immortality. Before he continue his attack, dragon spirits appear and surround Malefor before sealing him away for good into the core of the world. Spyro then uses his power of Light Aether to stop the destruction of the world and restore it, ending the Dark Master's malice once and for all.

Battle against Malefor

First Stage: Malefor is a formidable enemy with highly powerful attacks, but he is slow so take advantage of it. Spyro and Cynder must stay behind him, watch his movements and keep attacking him at close range, mostly with magic-infused Melee Attacks, which deals heavy damage and creates gems that refill magic and life-points.

Malefor attacks by firing Fire Bombs, (huge fireballs) or Dark Aether Bombs, (huge balls of purple fire tracking down their target that must be dodged several times), by breathing a continuous stream of purple Dark Aether Fire, by performing a Dark Aether Comet Dash (he surrounds himself with purple electricity and charges at high speed) and by delivering vicious claw swipes and bites, which he can infuse with magic. Dodge as much as can be and use Spyro's power of Earth as a protection. Characters can be switched whenever their life runs low. When Malefor's life is depleted he plunges into a cloud and reappears to deliver a tremendous bite attack. Quickly press the button onscreen to finish him off. If that fails, Spyro and Cynder will have to wait until his next attack.

Second Stage: At this point in the battle, the Destroyer will reach its destination and the apocalypse will begin. The battle goes on in the ruins of the temple, which is a much shorter arena where flying is way harder. This can be a severe hindrance, as Spyro and Cynder need to fly continuously. The battle is very similar to the first stage, but Malefor now regularly moves from one place to another. The Dark Master now breathes short streams of Dark Aether fire, his Dark Aether Bombs are harder to dodge, and he stomps the ground with a double claw swipe. He also uses the dangerous Ice Shard Bomb: a huge stream of Ice dividing itself into a flurry of homing ice balls. His ice breath causes an instant Game Over and the ice balls are hard to dodge.

Near the end of the fight, Malefor will surround himself with a Aether Sphere which deals huge damage, so Spyro and Cinder must stay away and wait for the Sphere to vanish before attacking again. They must unleash their Fury Attacks without hesitation whenever possible. Once again, when Malefor's life is depleted he must be finished off when he charges and strikes with his claws, by pressing the button onscreen. Twice this time.

Third Stage: The crumbling temple falls into the volcano as the world continues to break apart, separating the arena into many platforms. Malefor surrounds himself with a huge spherical Dark Aether Shield and uses the same attacks. Only Fury Attacks can harm him, keep attacking to refill your fury bar. This time, striking Malefor does not release gems to recover life and magic, so caution is advised. Striking him with an Aether Attack will raise life-points.

When Malefor's life is depleted, Cynder will breath a huge, continuous stream of Light Aether Fire on Malefor. The button onscreen must be mashed until control switches to Spyro, then, pushed again to strike Malefor. The Dark Master dives into the planet core while trying to crush Spyro and Cynder against the walls of the earth's core. The last button mash ends the battle.

Boss Battle (Nintendo DS)

First Stage: The battle begins as a 2D fight that takes place on a bridge. Malefor mostly uses melee attacks with his fangs, his claws, and his tail. Spyro or Cynder must dodge with a jump and use Melee Attacks and elemental breaths until he starts using his wings as a shield. They must wait a little while until he starts attacking again.

After some time, Malefor will start flying behind a huge purple crystal that they must attack as much as can be while dodging the streams of Fire or Ice that Malefor breathes from above. When a part of the crystal breaks, they must run back to avoid Malefor when he lands and repeats the operation until the crystal is broken.

Second Stage: The battle is now an aerial 3D sequence, as the world is breaking down and Malefor has become even more demonic and powerful. He surrounds himself with purple, floating purple Shards, which he hurls at Spyro and Cynder. They must destroy them to gain access to the purple gem on his chest, his weak point.

Cynder is the best choice here, as she can take down more shards with her Wind breath. As the battle progresses, Malefor will start breathing a huge fireball, then huge fireballs and iceballs in rapid succession. Also, when all the Purple Shards start flying towards them, they must destroy the ones right before them and rush into the gap created.

# Journey Into the Heart Part 8

"The Little Mermaid"

---

At the estate, I was laying down on the couch on my stomach.

Nico was doing something with duct tape.

Nico: All done.

Nico had put 5 strips of duct tape on my back.

Me: Why did you put five strips of Duct Tape on my back?

Nico: It's part of a special rehab program I made for you. Double D gave me the idea for this and he had this done for Eddy and Ed. But with bandages. Whenever you step out of line or do stuff too rationally, I will rip a strip of tape off your back.

Me: YIKES! But aren't you gonna rip my skin off if you do this?

Nico: I would but It's a good way to keep you in check.

Me: Well all right. But if I take a shower then the tape will fall off.

Nico: I'll just put more on to replace it.

Me: Okay then. Lets see if it works. I'm going to destroy the entire planet!

Nico: Like hell you will!

He grabbed the piece of tape marked with the number 1 and pulled it and ripped it right off my back.

RRRRIIIIIIIIIIIIIIIPPPPPP!

The pain was incredible!

Me: (In excruciating pain) YEEEEOOOOOOOOOOWWWWWCCCCHHHHHH! GODDAMN! Nico that hurts!

Varie: Nico I think this is a bit extreme.

Nico: I know but at least it works.

Me: Yeah it does. I was just testing it out.

Nico: I see. But at least we know it works.

Me: True.

I got up and rubbed my back.

Me: Also the next part of our adventure takes place in Atlantica so the tape will probably fall off of me.

Nico: I know and I will put more on when we get back.

Me: Okay we got to get over to Canterlot so we can check out Rarity's fashion shop.

Nico: Right lets go.

We went over to Canterlot.

---

Later we were over in Canterlot and we were at Rarity's Fashion Shop and it was beautiful.

Lola: Wow! Look at all these beautiful dresses.

Lily: They are really beautiful.

Leni: It sure does. These fashions are totes amazing.

Lola: They sure are.

Laney: Yeah.

Sweetie Belle: That's my big sister for you.

?: She sure has an awesome store though.

We then saw a girl with blond hair and purple eyes and she had a black and blue tank top and a purple blue skirt and she had aqua blue fingerless gloves that went up to her arms and she had beautiful purple ankle socks and purple shoes.

Sydney: Irena? Is that really you?

Livewire: You know her?

Sydney: We sure do.

Me: Pleasure to meet you Irena.

Varie: Same here.

Irena: It's a true honor.

Donnie: I don't understand. Why didn't we see you with Sydney and the others the first time before we met J.D.?

Runamuck: Irene must've separated from them before you 4 met Sydney, Roy, and George.

Irena: Actually I was out training and learning how to transform at will.

Me: What kind of creature can you turn into?

Irena: I'll show you.

Irena then changed. Her hair fell out as antennae popped out of her head and she sprouted red butterfly wings and her skin turned yellow. She then grew another set of arms and legs as her body turned into a butterfly body. She had become a butterfly creature!

Rarity: Wow!

Me: Wow! So beautiful!

Irena: What do you think?

Nico: So beautiful!

Shanan: Oh wow! You have turned into a Lepidopterranian from the planet Lepidopteras.

Qin: Wow! This is beautiful!

Nico: What are Lepidopterranians?

Shanan: They are a race of butterfly people from the planet Lepidopteras and they are a very peaceful race of creatures that are known as the great fairy dust exporters of the galaxy Centaurus A. They are also very formidable warriors if they need be.

Qin: That is so cool!

Lincoln: It sure is.

Irena: Is that what Lepidos is called? I didn't know that. In this form I am called Flutterstorm.

Nico: Good name.

Xerneas: I like it. It's beautiful.

Linka: It sure is.

Me: What can the Fairy Dust of Lepidopterranians do exactly?

Shanan: It has the power to make anything fly permanently. Like in Peter Pan but it lasts forever.

Eli: Cool!

Nunnally: That's incredible.

Me: That might be just what we need after we are done with helping Ariel in Atlantica.

Irena: I heard you all are on an amazing adventure.

Lincoln: We sure are.

Cybertron Red Alert: Can we see your human form?

Irena: Right sorry.

She reverted back and it was cool.

Sheila: It's great having you back Irena.

Irena: Thanks Sheila.

Me: Would you like to join us?

Irena: I would be honored!

Eric: Isn't this great? The salty sea air, the wind blowing in your face… a perfect day to be at sea!

Melody: There's daddy.

Eli: Yep.

Grimsby: [Leaning over side. Seasick] Oh yes… delightful… (Vomits)

Sailor 1: A fine strong wind and a following sea. King Triton must be in a friendly-type mood.

Eric: King Triton?

Sailor 2: Why, ruler of the merpeople, lad. Thought every good sailor knew about him.

Grimsby: Merpeople! Eric, pay no attention to this nautical nonsense.

Sailor 2: But it ain't nonsense, it's the truth! I'm tellin' you, down in the depths o' the ocean they live. [He gestures wildly, Fish in his hand flops away and lands back in the ocean, relieved.]

Sailors: (singing)

Heave. ho. Heave, ho. In mysterious fathoms below.

[Fish sighs and swims away.]

Me: Lets head in.

We went in and we were in the world of Atlantica and the Little Mermaid.

Me: Wow. We're underwater.

Nico: We sure are.

We all were breathing underwater.

Commander Mars: So this is Atlantica?

Vince: Part of it. We're here to find Ariel first.

Tara: Lets have us turn into our shark forms first.

May, Yumi, Gwen, Sarah, Tara, and Jen just painfully turned into their shark forms.

Clayface: It must be very painful turning into your shark forms all the time.

Tara: It is but we're slowly getting used to it.

Ruby Rose: I didn't know you guys were sharks too!

May: You didn't ask.

Lola: Yeah it's a hidden ability they have.

Me: Lets talk about that later. Lets find Ariel.

Eli: Lets do it.

They saw a shipwreck.

Flounder: Yeah… sure… it - it's great. Now let's get outta here.

Ariel: You're not getting cold fins now, are you?

Flounder: Who, me? No way. It's just, it, err… it looks - damp in there. Yeah. And I think I may be coming down with something. Yeah, I got this cough. [Flounder coughs unconvincingly]

Ariel: All right. I'm going inside. You can just stay here and - watch for sharks. [She goes inside.]

Flounder: O.K. Yeah - you go. I'll stay and - what? Sharks! Ariel!

He tries to fit through porthole.

Flounder: Ariel… I can't… I mean- Ariel help!

Ariel: [Laughs.] Oh, Flounder.

Flounder: [Whispering.] Ariel, do you really think there might be sharks around here? [Shark passes outside.]

Ariel: Flounder, don't be such a guppy.

Flounder: I'm not a guppy. [Gets pulled through porthole.] This is great - I mean, I really love this. Excitement, adventure, danger lurking around every corn- YAAAAHHHHHHHH! Ariel! [He sees a skull, crashes into pillar causing cave in, and swims frantically away, knocking over Ariel.]

Ariel: Oh, are you okay?

Flounder: Yeah sure, no problem, I'm okay…

Ariel: Shhh… (She is seeing a fork.) Oh my gosh! Oh my gosh!

Have you ever seen anything so wonderful in your entire life?

Flounder: Wow, cool! But, err, what is it?

Ariel: I don't know. But I bet Scuttle will.

Puts fork in bag. Skark swims by outside.

Flounder: What was that? Did you hear something?

Ariel: [Distracted by pipe.] Hmm, I wonder what this one is.

Flounder: Ariel . .

Ariel: Flounder, will you relax. Nothing is going to happen.

Flounder: [Seeing Shark looming behind him.] AH SHARK! SHARK! We're gonna die! [Shark chases them all around. Ariel's bag is hung up. She goes back for it. Shark almost gets them. They head for porthole.] Oh No!

They crash through and go round and round. Flounder gets knocked silly but Ariel saves him and traps Shark.

Kraven: (sees Glut) (Russian Accent) That shark has become my latest prey!

Me: Go for it.

Ariel: Hey guys!

Eli: Ariel!

They hugged.

Ariel: Eli it's great to see you all here.

Eli: It sure is.

Melody: Looks like we're all here.

Ariel: You sure are.

Flounder: You big bully. (Raspberry) THAT…

Shark snaps at him and he swims away.

Kraven kills the shark.

Ariel: [Laughing.] Lets head up guys. Flounder, you really are a guppy.

Flounder: I am not.

We followed Ariel.

On surface. Scuttle on his island humming and looking through his telescope.

Ariel: Scuttle!

Scuttle: [Looking through the telescope the wrong way, shouting.] Whoa! Mermaid off the port bow! Ariel, how you doin' kid? [Lowers telescope to reveal Ariel at wing's length.] Whoa, what a swim!

Ariel: Scuttle - look what we found.

Flounder: Yeah - we were in this sunken ship - it was really creepy.

Me: We've been to sunken ships before and they are cool.

Scuttle: Human stuff, huh? Hey, lemme see. [Picks up fork.] Look at this. Wow - this is special - this is very, very unusual.

Ariel: What? What is it?

Scuttle: It's a dinglehopper! Humans use these little babies… to straighten their hair out.

Most of us rolled our eyes in annoyance.

BONK!

I bonked Scuttle on the head.

Me: No you idiot. It's called a fork. We humans use these to eat our food with. It's a very handy tool we use to eat our food.

Ariel: I see. You all have so much to share with us.

Eli: And we can all teach you.

Ariel: Thanks guys.

Flounder: What about that one?

Scuttle: [Holding pipe] Ah - this I haven't seen in years. This is wonderful! A banded, bulbous - snarfblat.

POINK!

I poked Scuttle in the eyes Three Stooges style.

Me: No you nitwit bird this is a smoke pipe. Most humans use these to smoke. It's bad for your health and does not make good music.

Ariel: (Gasp) Music? Oh, the concert! Oh my gosh, my father's gonna kill me!

Me: Uh oh. We better get over there and talk to him.

Melody: It'll be great to see Grandfather again.

Eli: It sure will.

Nunnally: Yeah.

Flounder: The concert was today?

Ariel: Uh, I'm sorry, I gotta go. Thank you Scuttle. [Waves.] Come on guys!

We followed.

Scuttle: Anytime sweetie, anytime.

Little did we know that we were being watched by none other than the evil Sea Witch and monster out to destroy the oceans: URSULA!

Ursula, also called Ursula the Sea Witch or Vanessa in her human form, is the main antagonist of Disney's The Little Mermaid franchise.

She first appeared as the main antagonist of Disney's 28th full-length animated feature film The Little Mermaid (which is based on the 1837 Danish fairytale of the same name by the late Hans Christian Andersen), the TV series of the same name and the posthumous overarching antagonist of its sequel The Little Mermaid II: Return to the Sea. She is also one of the secondary antagonists in Mickey's House of Villains.

She is Ariel and Triton's arch-nemesis and is loosely based upon the sea witch in the Hans Christian Andersen fairytale of the same name. Her fervent confidence, flamboyance and theatrics have made her one of the most popular and iconic of all of the Disney villains and she quickly became one of the franchise's primary members following her debut.

In all of her appearances, she was voiced by Pat Carroll, who also voiced her sister Morgana. In her human disguise of Vanessa, she was voiced by Jodi Benson in her first villainous Disney role, who also voiced Ariel in the same film. In the musical, she was portrayed by Sherie Rene Scott. In the TV special, she was played by Queen Latifah. In Descendants 2, she was voiced by Whoopi Goldberg.

Ursula belongs to a race of creatures known as Cecaelia. She states through a monologue that she once lived in the royal palace with King Triton and the royal family, the king of the underwater city of Atlantica. She boasts that her previous life was lavish and included such spoils as "fantastical feasts.

By the time of The Little Mermaid, Princess Ariel's story, takes place, she is an exiled subject of King Triton's royal sea court. She was banished from the kingdom of Atlantica after it was rumored that she was trying to overthrow him. When Triton found this to be true, Ursula was forced to live on the abandoned outskirts of the ocean, away from the rest of the Seafolk and the Mer-Civilization.

As a way to survive, she took up the skills of dark magic and to secretly spy on Triton and his people via her magic cauldron all in efforts to one day take over his kingdom and become the ruler of the ocean. Ursula made her home in the belly of a giant dead leviathan with her "pet" seaweed-like eels called polyps, which are forever imprisoned into the ground in her underwater "garden" (which is at the entrance of her chambers).

The polyps are usually seen crying in agony, hoping others could avoid their fate and even wrapping themselves around the limbs or wrists of new visitors who are interested in making a deal with Ursula (as they did with Ariel, although Ariel managed to get free). Occasionally, they are fed dead fish by Ursula. After Ursula was killed by Prince Eric they were freed from her polyp curse.

Over the years, Ursula has become one of the most popular and iconic of all of the Disney villains, and is one of the franchise's official members. The character has been compared to Madame Medusa from the 1977 animated Disney film, The Rescuers, in terms of style, dramatics, and choice of minions. Her character is also based upon "Divine", an American performer, actor, singer, and Drag Queen, who was associated with the legendary independent filmmaker, John Waters.

## TV Series

Ursula appeared in the TV series based on the movie (though clearly set before its events), as well. She appeared in four episodes as the primary antagonist ("Against the Tide," "Tail of Two Crabs," "Heroes," and "Ariel's Treasures"), still opposed to Ariel and her allies.

In "Against the Tide", Ursula is having trouble with one of her spells which she believes is because of a Sea Creature that is said to cause bad luck whenever it's around, so Ursula decides to destroy the creature. Though unfortunately for her Ariel rescues the creature, as she believes it to be harmless. Eventually, the creature's whereabouts have been relocated to Triton's palace. So in order to get rid of the creature, Ursula invades the castle King Triton's homecoming. She nearly kills the creature using Triton's stolen trident but Sebastian swapped it out with a fake on unknown to Ursula who flees after believe she destroyed the creature.

In "Tail of Two Crabs", Ursula takes advantage of Sebastian's jealousy towards his rival Zeus the Crab, She offers Sebastian a wish as his supposed Fairy God Crab only if he can recover a rare artifact holding great power. Sebastian delivers, and Ursula uses the artifact to turn King Triton, Flounder, and Ariel into sea worms. Unfortunately for her, Zeus the Crabe is able to subdue Ursula and revert her curse foiling her plan and causing her to retreat.

In "Heroes", Ursula decides to revive her old army in an attempt to dominate Atlantica once more. however, Apollo who had previously defeated Ursula and her army before returns to Atlantica, and prevails with the help of the fire-breathing Sea Dragon.

in "Ariel's Treasures", Ursula enchants the human items in Ariel's grotto, in an attempt to wreak havoc on Atlantica though her plan fails once again.

## The Little Mermaid

Ursula is the cunning, loathsome, and treacherous Sea Witch who makes deals with Seafolk and Mer-People. If they succeed, they get their heart's desire. If they fail, she adds them to her "Garden", which is a collection of pitiful looking humanoid sea creatures who have grown into the floor.

Ursula throughout the film watches over Ariel believing her to be the key to Triton's undoing. Eventually, she is proven correct as Ariel falls in love with a human named Prince Eric which is against Triton's rules. Once Triton destroyers Ariel's entire collection of the human world artifacts she orders Flotsam and Jetsam to lure Ariel to her lair. Once Ariel arrives she claims that only she can help make the princess' dreams of living on the surface, beside her true love, a reality.

Via her song "Poor Unfortunate Souls", she offers Ariel the chance to be human for three days. If she can get the prince to give her "the kiss of true love" the condition would be permanent, but otherwise she would be Ursula's property. Ariel thought that Ursula was there to help her, but everything that Ursula cared about was returning to Atlantica and revenge.

Ariel accepts the deal, and Ursula, true to her word, turns her human right then and there, at the cost of her beautiful singing voice. Later in the movie, Ariel is "too close" to accomplishing her goal, so Ursula decides to "take matters into her own tentacles".

And by using her powers, she sabotaged Ariel and disguised herself as a beautiful dark-haired woman named "Vanessa", and uses her magic to put Prince Eric in a deep zombie like trance, misdirecting him into believing she saved him from the shipwreck forcing him to marry her. Ariel and her friends crash the wedding, and though they managed to stop it and release Ariel's voice from Ursula's enchanted necklace, Ariel is too late.

Ursula reverts back to her natural form and kidnaps the mermaid. Her father King Triton, who had been warned earlier by Ariel's friend Sebastian, tries to stop Ursula, but Ursula hides behind the contract, demonstrating that it is "legal", "binding", and completely unbreakable, even for someone as superior and powerful as Triton.

The heartbroken King Triton saves Ariel and agrees to take her place, and while Ariel is released and Triton is now Ursula's prisoner, Ursula finally accomplishes her goal of being the unquestioned ruler of the seas. She almost aims the trident at Eric and vaporizes him, but an angry Ariel attacks her. However, she is angered when Ariel causes her to aim the trident at Flotsam and Jetsam and vaporize them by pulling on her hair.

After mourning the loss of Flotsam and Jetsam, mourning them momentarily, she then becomes enraged and grows into a giant monster that reaches the surface and causes a big storm in the ocean, which brings lighting, rain, fierce waves and strong tides. She then traps Ariel in the bottom of a whirlpool she has made and shoots bolts of energy at the mermaid in attempts to destroy her. Luckily Ariel manages to dodge her aim twice.

Thankfully, just as she is about to at last vaporize and destroy Ariel, Ursula is impaled on the bow of a sunken ship piloted by Eric, which prevents her from firing the energy blast. The shipwreck conducts a lightning strike, painfully electrocuting and killing Ursula, who disintegrates into a gelatinous mass. After Ursula is deceased, all of the merpeople she kept under her spell, including the king, were transformed into their rightful forms and released from Ursula's lair. Her spells were broken forever, and her wrath and dishonesty were put to an end for good.

The Little Mermaid II: Return to the Sea

Due to her death, Ursula doesn't physically appear in the sequel, but is mentioned several times and is seen in a picture. Plus, she has a sister named Morgana (also voiced by Pat Carroll), who acts as the primary antagonist of the movie. It is revealed that Ursula was far more powerful than her sister, and as such was the family favorite. Morgana has been trying to come out of Ursula's shadow her entire life. It is also shown in the deleted song, "Gonna Get My Wish Tonight", that both Ursula and Morgana mutually disliked each other, as Morgana despises Ursula for being the favorite while Ursula considers Morgana to be an embarrassment.

Despite their strained relationship, Morgana vowed to avenge Ursula's death by claiming the trident for herself. When Morgana finally claims the trident and forced all sea creatures and merfolk (including Triton) to bow down to her as the ruler of the seas, she cries to the skies to her late mother that she is now the favored daughter. However this was short-lived, as Ariel and Eric's daughter Melody manages to steal the trident back and tosses it back to Triton, who promptly declares Morgana and Ursula's family won't threaten his family again before encases Morgana in ice. As she sinks to the bottom of the ocean, the picture of Ursula (at which Morgana regularly threw darts) slowly sinks down with her.

At the end of the film, after Morgana is imprisoned frozen in an iceberg by Melody and forced to sink to the bottom of the sea, the framed picture of Ursula the Morgana owned sinks alongside her. Morgana's defeat also mirror's Ursula's.

In the deleted song a younger Ursula makes a brief appearance in the form of a flashback, alongside Morgana and their mother. The scene also gives a visual representation of Ursula's past and relationship with Morgana. In their youth, Ursula wears a purple bow tied to her hair.

Cut to Flotsam and Jetsam, then Ursula in background watching magic projection of Ariel swimming.

Ursula: Yes hurry home, princess. We wouldn't want to miss old daddy's celebration, now, would we? Huh! Celebration indeed. Bah! In MY day, we had fantastical feasts when I lived in the palace. And now, look at me wasted away to practically nothing - banished and exiled and practically starving, while he and his flimsy fish-folk celebrate. Well, I'll give 'em something to celebrate soon enough. And those fools of Team Loud Phoenix Storm are with her. We may have to figure out how to deal with them first. Flotsam! Jetsam! I want you to keep an extra close watch on this pretty little daughter of his. She may be the key to Triton's undoing… .

UH OH!

---

Fade to the palace throne room where Ariel is being admonished.

Triton: I just don't know what we're going to do with you, young lady.

Ariel: Daddy, I'm sorry, I just forgot, I

Triton: As a result of your careless behavior

Sebastian: Careless and reckless behavior!

Triton: The entire celebration was, er

Sebastian: Well, it was ruined! That's all. Completely destroyed! This concert was to be the pinnacle of my distinguished career. Now thanks to you I am the laughing stock of the entire kingdom!

We came in and we kneeled before King Triton.

Me: Hello your Majesty.

Triton: J.D. it's great to see you all again.

Eli: Same to you your Majesty.

Triton: Same to you Eli. I heard you just joined Team Loud Phoenix Storm.

Eli: I sure did.

Melody: Oh Grandfather!

She went and hugged him.

Triton: Oh Melody it's great to have you here with us.

Melody: Same here Grandfather.

Me: We apologize for what happened to the concert your majesty. We didn't know it was going on.

Triton: That's all right everyone.

Nico: Don't be too hard on Ariel your majesty. You know how kids are.

Lincoln: Yeah.

Triton: You're right.

Me: Good.

Laney: And Sebastian, I know that concert was really important to you but you have no right to reprimand Ariel like that!

Sebastian: She ruined all my hard work!

Flounder: But it wasn't her fault! Ah - well - first, ahh, this shark chased us - yeah - yeah! And we tried to - but we couldn't - and gr andand we whoa oh, and then we were safe. But then this seagull came, and it was this is this, and that is that, and -

Triton: Seagull? What? Oh - you went up to the surface again, didn't you? DIDN'T YOU?

Ariel: Nothing - happened… .

Triton: Oh, Ariel, How many times must we go through this? You could've been seen by one of these barbarians - by - by one of these humans!

Me: Your majesty with all due respect, we would never hurt people like Ariel and she is our friend and Eli loves her like a big sister.

Triton: I know and I'm so happy for you both.

Me: I know you are just doing your best as a loving father and I greatly respect that. But she is just really curious about what we do and how we work. Is it wrong for her to be so curious about our culture and all that.

Triton: I suppose not but just keep an eye on her okay?

Me: We will.

We left with Ariel.

Sebastian: Hm! Teenagers… . They think they know everything. You give them an inch, they swim all over you.

Triton: Do you, er, think I - I was too hard on her?

Sebastian: Definitely not. Why, if Ariel was my daughter, I'd show her who was boss. None of this "flitting to the surface" and other such nonsense. No, sir - I'd keep her under tight control.

Triton: You're absolutely right, Sebastian.

Sebastian: Of course.

Triton: Ariel needs constant supervision.

Sebastian: Constant.

Triton: Someone to watch over her - to keep her out of trouble.

Sebastian: All the time -

Triton: And YOU are just the crab to do it.

Cut to Sebastian walking down corridor.

Sebastian: How do I get myself into these situations? I should be writing symphonies - not tagging along after some headstrong teenager. [Sees us, Ariel and Flounder sneaking off and follows.] Hmm? What is that girl up to? [He barely makes it into a cave and sees Ariel's collection.] Huh?

Me: Wow. Ariel your collection is incredible.

Fuse Man: Relax, Ariel. What your dad doesn't know won't hurt him.

Ariel: I hope you're right.

Me: Ariel, I know your father may be hot-tempered but he is just doing his best to look out for you as a loving father.

Rachel S.D.: That's right. It's part of the job of being a parent.

Ariel: I know.

Flounder: Ariel, are you okay?

Ariel: If only I could make him understand. I just don't see things the way he does. I don't see how a world that makes such wonderful things - could be bad.

Me: I think there might be a reason for his behavior against us humans.

Eli: Yeah and we have to find out what it was later on.

Nunnally: Yeah.

Ariel: [Singing] Look at this stuff

Isn't it neat?

Wouldn't you thank my collection's complete?

Wouldn't you thank I'm the girl

The girl who has everythang?

Look at this trove

Treasures untold

How many wonders can one cavern hold?

Lookin' aroun here you' thank

Sure, she's got everythang I got gadgets and gizmos aplenty

I got whozits and whatzits galore

You want thingamabobs?

I got 20

But who cares?

No big deal

I want more

I wanna be where the people are

I wanna see

Wanna see 'em dancin'

Walkin' around on those

What do ya call 'em?

Oh - feet

Flippin' your fins you don't get too far

Legs are required for jumpin', dancin'

Strollin' along down a

What's that word again? Street

Up where they walk

Up where they run

Up where they stay all day in the sun
Wanderin' free
Wish I could be
Part of that world
What would I give
If I could live
Out of these waters?
What would I pay
To spend a day
Warm on the sand?
Betcha on land
They understand
Bet they don't reprimand their daughters
Bright young women
Sick of swimmin'
Ready to stand
And ready to know what the people know
Ask 'em my questions
And get some answers
What's a fire and why does it
What's the word?
Burn?

When's it my turn?

Wouldn't I love

Love to explore that shore up above?

Out of the sea

Wish I could be

Part of that world

We were entranced by Ariel's singing.

Eli: Ariel, I love it when you sing. You have the voice of an angel.

Ariel: Thank you Eli.

Melody: That's my mom for you Eli. She has a magnificent voice.

Sebastian has been struggling around and now comes crashing down making a lot of noise.

Me: Whoa!

We saw Sebastian.

Ariel: Sebastian!?

Me: How did you find us!?

Sebastian: Ariel - what, are you mad? How could you - what is all this?

Ariel: It, err, it's just my - collection… .

Sebastian: Oh. I see. Your collection. Hmmm. IF YOUR FATHER KNEW ABOUT THIS PLACE HE'D -

Flounder: You're not gonna tell him, are you?

Ariel: Oh, please, Sebastian, he would never understand.

Me: You tell him and it'll be the last thing you ever do!

Lori: YEAH!

Eli: You will regret it!

Sebastian: (Gulp) Ariel. You're under a lot of pressure down here. Come with me, I'll take you home and get you something warm to drink. [A ship passes by overhead.]

Ariel: What do you suppose?…

Me: We got a ship over us.

We went up to the surface.

Sebastian: Ariel? Ariel!

On the surface, Fireworks lit up the sky around ship. Ariel looks on, amazed. Sebastian and Flounder arrive.

Me: Wow! That ship is having an awesome celebration.

Sebastian: Ariel, what - what are you- jumpin' jellyfish!

Me: Lets go check it out.

We did so.

Sebastian: Ariel, Ariel! Please come back! [Ariel swims to ship and watches party until Max finds her.]

Me: Max! Good boy.

I pet him.

Laney: You are a good dog.

Eric: [Whistles.] Max, here boy. Hey, come on, mutt, whatcha doing, huh Max? Good boy. [Ariel sees him and is stricken.]

Me: Aww. Cupids arrow struck her.

Lincoln: Yep.

Scuttle: Hey there, sweetie! Quite a show, eh?

Ariel: Scuttle, be quiet! They'll hear you.

Me: Quiet you lunkhead.

Scuttle: Oooh, I gotcha, I gotcha. We're being intrepidatious. WE'RE OUT TO DISCOVER! [Ariel grabs his beak.]

Ariel: I never seen a human this close before. Oh - he's very handsome, isn't he?

Scuttle: [Looking at Max] I dunno, he looks kinda hairy and slobbery to me.

I honked his beak.

Me: That's his dog Max you lunkhead.

Ariel: Not that one - the one playing the pipe.

Me: That's called a flute Ariel.

Ariel: Oh.

Grimsby: Silence! Silence! It is now my honor and privilege to present our esteemed Prince Eric with a very special, very expensive, very large birthday present.

Eric: Ah, Grimsby - ya old beanpole, you shouldn't have.

Me: Oh it's his birthday today. Cool.

Melody: Nice.

Grimsby: I know. Happy birthday, Eric! [Large, gaudy statue of Eric is revealed. Max growls.]

Eric: Gee, Grim. It's, err, it's, err - it's really somethin'.

Grimsby: Yes, I commissioned it myself. Of course, I had hoped it would be a wedding present, but…

Eric: Come on, Grim, don't start. Look, you're not still sore because I didn't fall for the princess of Glauerhaven, are you?

Grimsby: Oh, Eric, it isn't me alone. The entire kingdom wants to see you happily settled down with the right girl.

Eric: Well, she's out there somewhere. I just - I just haven't found her yet.

Grimsby: Well, perhaps you haven't been looking hard enough.

Eric: Believe me, Grim, when I find her I'll know - without a doubt. It'll just - bam! Hit me - like lightning. [Lightning and thunder appear and the sky grows dark.]

Me: Uh oh! We got trouble!

Eli: Storm coming!

Nico: Not good!

Sailor: Hurricane a'commin'! Stand fast! Secure the riggin'! [Storm hits.]

Me: Lets go!

Scuttle: Whoa! The wind's all of a sudden on the move here. [He is blown away.] Oh! Ariel… [Ship crashes through storm. Lightning starts a fire. A rock looms ahead.]

Me: The Ship is on fire!

Nico: And it's gonna run aground!

Eric: Look out!… [Ship crashes and all are thrown overboard except Max.] Grim, hang on! [Sees Max.] Max! [Goes back to save him.] Jump Max! Come on boy, jump! You can do it Max. [He saves Max but is trapped on board.]

Grimsby: ERIC! [Ship explodes.]

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMM

Me: OH MY GOD!

Nico: That ship is gone!

[Ariel finds Eric near drowning and pulls him away.]

On the beach. Ariel is sitting next to an unconscious Eric.

Me: Ariel you did good saving him.

Ariel: Is he - dead?

Scuttle: [Opens Eric's eyelid.] It's hard to say. [Puts his ear against Eric's foot.] Oh, I - I can't make out a heartbeat.

I put my fingers on his neck.

Me: No he's alive. He is just exhausted.

Ariel: No, look! He's breathing. He's so, beautiful.

[Singing] What would I give

To live where you are?

What would I pay

To stay here beside you?

What would I do to see you

Smiling at me? Where would we walk?

Where would we run?

If we could stay all day in the sun?

Just you and me

And I could be

Part of your world

We smiled.

Sebastian and Flounder have washed up and are watching scene. Max and Grimsby approach. Ariel hurries away.

Grimsby: Eric! Oh, Eric. You really delight in these sadistic strains on my blood pressure, don't you?

Eric: A girl - rescued me… . She was - singing… she had the most - beautiful voice.

Grimsby: Ah, Eric, I think you swallowed a bit too much seawater. Off we go. Come on, Max.

Sebastian: We just gotta forget this whole thing ever happened. The sea king will never know. You won't tell him, I won't tell him. I will stay in one piece.

Ariel: (Singing) I don't know when I don't know how But I know something's starting right now Watch and you'll see Some day I'll be Part of your world.

We were amazed.

Flotsam and Jetsam appear. Fade to Ursula watching from her chamber.

Ursula: Oh, no, no, no, no, no, no. I can't stand it - it's too easy. The child is in love with a human. And not just any human - a prince! Her daddy'll LOVE that. King Triton's headstrong, lovesick girl would make a charming addition to my little garden. (Laughs Malevolently)

Fade to palace. Then sister's dressing room.

Andrina: Ariel, dear, time to come out. You've been in there all morning.

Ariel emerges, singing to herself.

We came out with her.

Me: Morning girls.

Andrina: Morning J.D.

Aquata: How have you been?

Me: Great.

Eli: Hey girls.

Arista: Hey Eli.

Atina: What is with her lately?

Ariel: Morning, Daddy. [Ariel swims off and we follow her.]

Atina: Oh, she's got it bad.

Triton: What? What has she got?

Andrina: Isn't it obvious, Daddy? Ariel's in love.

Triton: Ariel? In love?

Cut to Sebastian pacing on rock outside.

Sebastian: O.K. So far, so good. I don't think the king knows. But it will not be easy keeping something like this a secret for long.

Me: You better keep it if you value your life.

Nico: Easy J.D.

Me: Sorry.

Ariel: [Picking petals off a flower] He loves me. Hmmm, he loves me not… . He loves me! I knew it!

Me: You two are made for each other.

Sebastian: Ariel, stop talking crazy.

Ariel: I gotta see him again - tonight! Scuttle knows where he lives.

Sebastian: Ariel - please. Will you get your head out of the clouds and back in the water where it belongs?

Me: It's her choice Sebastian. Like it or not.

Ariel: I'll swim up to his castle. Then Flounder will splash around to get his attention, and then with -

Sebastian: Down HERE is your home! Ariel - listen to me. The human world - it's a mess. Life under the sea is better than anything they got up there.

Eli: It's better for her to be anywhere.

Sebastian: [Singing] The seaweed is always greener

In somebody else's lake

You dream about going up there

But that is a big mistake

Just look at the world around you

Right here on the ocean floor

Such wonderful things around you

What more is you lookin' for? Under the sea

Under the sea

Darling it's better

Down where it's wetter

Take it from me

Up on the shore they work all day

Out in the sun they slave away

While we devoting

Full time to floating

Under the sea

Down here all the fish is happy

As off through the waves they roll, yeah

The fish on the land ain't happy

They sad 'cause they in the bowl

But fish in the bowl is lucky

They in for a worser fate

One day when the boss get hungry

Guess who's gonna be on the plate?

Oh, no

Under the sea

Under the sea

Nobody beat us

Fry us and eat us

In fricassee

We what the land folks loves to cook

Under the sea we off the hook

We got no troubles

Life is the bubbles

Under the sea

Under the sea

Since life is sweet here

We got the beat here

Naturally

Even the sturgeon and the ray

They get the urge and start to play

We got the spirit

You got to hear it

Under the sea

The newt play the flute

The carp play the harp

The plaice play the bass

And they soundin' sharp

The bass play the brass

The chub play the tub

The fluke is the duke of soul

[Yeah]

The ray he can play

The ling's on the strings

The trout's rocking out

The blackfish she sings

The smelt and the sprat

They know where it's at

And oh that blowfish blow

Under the sea

Under the sea

When the sardine

Begin the beguine

It's music to me

What do they got? A lot of sand

We got a hot crustacean band

Each little clam here

know how to jam here

Under the sea

Each little slug here

Cutting a rug here

Under the sea

Each little snail here

Know how to wail here

That's why it's hotter

Under the water

Ya we in luck here

Down in the muck here

Under the sea

They discover that Ariel and us has left with Flounder.

Sebastian: Ariel? Ariel? Oh. Somebody's got to nail that girl's fins to the floor.

Seahorse: Sebastian! Sebastian, I been looking all over for you. I got an urgent message from the sea king.

Sebastian: The sea king?

Seahorse: He wants to see you right away - something about Ariel.

Sebastian: (Gasps) He knows!

In palace throne room. Triton looking at flower.

Triton: Let's see, now… . Oh, who could the lucky merman be? [Notices Sebastian.] Come in, Sebastian.

Sebastian: [Sotto] I mustn't overreact. I must remain calm. [Five octaves higher than normal] Yes - [loco] yes, Your Majesty.

Triton: Now, Sebastian, I'm concerned about Ariel. Have you noticed she's been acting peculiar lately?

Sebastian: Peculiar?

Triton: You know, moaning about, daydreaming, singing to herself… . You haven't noticed, hmm?

Sebastian: Oh - well, I -

Triton: Sebastian… .

Sebastian: Hmmm?

Triton: I know you've been keeping something from me… .

Sebastian: Keeping… something?

Triton: About Ariel?

Sebastian: Ariel… ?

Triton: In love?

Sebastian: I tried to stop her, sir. She wouldn't listen. I told her to stay away from humans - they are bad, they are trouble, they -

Triton: Humans? WHAT ABOUT HUMANS?

Sebastian: Humans? Ho ho ho ho… . Who said anything about humans?

Fade to us, Ariel and Flounder entering cave.

Ariel: Flounder, why can't you just tell me what this is all about?

Me: Yeah what is the big rush.

Flounder: You'll see. It's a surprise.

Ariel

[Sees statue of Eric.] Oh, Flounder- Flounder you're the best! it looks just like him. It even has his eyes. "Why, Eric, run away with you? This is all so - so sudden… . [Turns around and sees Triton.] Daddy!…

Me: Oh no! Your majesty!

Sora: Uh oh.

Lucy: Gasp!

Lana: We're in for it now.

Kairi: Uh oh.

Me: Stand ready guys.

Triton: I consider myself a reasonable merman. I set certain rules, and I expect those rules to be obeyed.

Ariel: But Daddy!

Triton: Is it true you rescued a human from drowing?

Ariel: Daddy, I had to…

Triton: Contact between the human world and the mer-world is strictly forbidden. Ariel, you know that. Everyone knows that.

Ariel: He would have died

Me: Yeah and that makes Ariel a hero!

Nico: That's right.

Me: She had to do what was right regardless!

Eli: Yeah!

Kairi: He is part of us.

Triton: One less human to worry about!

Ariel: You don't even know him.

Triton: Know him? I don't have to know him. They're all the same. Spineless, savage, harpooning, fish-eaters, incapable of any feeling

Ariel: Daddy, I love him! (Gasps in fear)

Triton: No… Have you lost your senses completely? He's a human, you're a mermaid!

Ariel: I don't care.

Me: It's what she wants your majesty!

Sora: Yeah!

Laney: You have no right to decide who she wants to be with for the rest of her life!

Lori: It's literally her choice and hers alone to make!

Luna: You can't decide for her dude!

Triton: This is none of your business!

Me: We just made it our business!

King Triton: So help me, Ariel, I am going to get through to you! And if this is the only way, SO BE IT!(With his trident at full power, Triton pointed it towards one of Ariel's treasures and blasted it. The blast was intense and it spooked everyone, including Sebastian.)

Ariel: Daddy! No, no, please!

Eli: Stop it, your majesty!

(But Triton, in his rage, refused to stop. He continued pointing his trident at one artifact and then another, mindlessly destroying everything in his path.)

Ariel: Daddy, stop! Daddy, stop it!

(But the angry merman refused to stop and rethink. Seeing that it was futile to calm the angry king down, Bobby turned to his friends.)

Bobby: He's gone mad! Fall back, everyone!

(Me, Eli and the rest of our friends frantically looked around, trying to find a way out, but with Triton blocking the main exit, and several blasts from the trident coming from here and there, they were trapped. One of Triton's blasts slashes Eli's arm, opening a deep cut on it. Eli let out a cry in pain. Ariel swam to her angry father and tried stopping him, but it was no use. The only treasure left in the grotto was the statue of Eric. Seeing that he is now focused on that, Ariel turned to her angry father.)

Ariel: Daddy, no!

(But Triton ignored the pleas of his frightened daughter and blasted the statue. We all ducked for cover as the statue cracked apart before blowing up in a big explosion. Pieces of the statue flew around the grotto as the explosion subsided.)

*I blow the trident out of his hands and take it.*

Me: THAT'S ENOUGH YOUR MAJESTY! DON'T YOU SEE YOUR MAJESTY!? THIS IS WHAT ARIEL WANTS!

Sunny Tennyson just restrained me and Triton with her Mana

powers.

Nico: Ok. Let's not say anything we're gonna regret!

Sunny: Nico's right! We don't want to make the situation even worse!

Me: I know. But let us talk to him.

Laney: That's right Your Majesty.

Lana: Yeah. You're treating Ariel like a child and that's wrong!

Lisa: Affirmative your majesty. You are acting like a tyrannical monster that controls everything with an iron fist.

Me: That's right. Ariel is a grown woman now and she has the right to choose who she wants to be with regardless of where they are from or what they are. It's her choice and it's what she wants.

*The trident calmed down as Ariel looked in horror at where the statue was. Her grotto, full of many treasures just minutes ago, was now a barren cave with much wreckage. Overcome with sadness, Ariel collapsed onto the ground and started sobbing. As for you, Eli and the others, they were shocked too and in fright of the chaos that destroyed Ariel's collection and injured Eli. They watched Ariel cry and felt terrible for her. But Sam, while very sympathetic for Ariel, started getting angry as she turned to Triton, teeth grinned, head shaking and anger rising. Triton sternly looked at her daughter and You, Eli and their friends. Everyone except Ariel looked at the king with fearful expressions, but Sam continued her angry glare at the king, as if she was going to harshly criticize him for what he had done. But Triton, knowing that his time in the grotto was over, didn't say a word and turned to leave. *

Eli: *Holding his injured arm.* Do you honestly think Athena would want you like this…?

Randy Boggs: Your majesty. I might sound out of line. But I think you're starting to lose it.

Triton: You're right. You are out of line.

*King Triton couldn't help but feel that he went too far in scolding Ariel and thinking what Eli said as you give him back his Triton. He glimpsed at Ariel with remorse before leaving. Ariel, Sebastian, Flounder, you, Eli and the gang were the only ones left in the grotto and they were all terrified at what just happened. Feeling terrible for Ariel, Sebastian approached the crying girl and tried to comfort her.)

Me: I'm sorry Ariel.

Sebastian: Ariel, I…

Ariel: (softly) Just go away.

(Sebastian, remorseful for leading King Triton into the grotto, which resulted in the destruction of Ariel's treasures, leaves somberly with Flounder.)

Me: Come on guys. Lets give Ariel some time to herself.

Lincoln: We should go.

Varie: I'll get that arm of yours looked at Eli.

Eli: Thanks Varie.

We left.

Lincoln: Ariel?

Lynn Sr: Let's leave her alone for a while. [He leaves and Flotsan and Jetsam appear.]

Flotsam: Poor child.

Jetsam: Poor, sweet child.

Flotsam: She has a very serious problem

Jetsam: If only there were something we could do.

Flotsam: But there is something.

Ariel: Who - who are you?

Jetsam: Don't be scared.

Flotsam: We represent someone who can help you.

Jetsam: Someone who could make all your dreams come true.

Flotsam and Jetsam: Just imagine -

Jetsam: You and your prince -

Flotsam and Jetsam: Together, forever… .

Ariel: I don't understand.

Jetsam: Ursula has great powers

Ariel: The sea witch? Why, that's - I couldn't possibly - no! Get out of here! Leave me alone!

Flotsam: Suit yourself.

Jetsam: It was only a suggestion. [Jetsam flicks the statue's broken face towards Ariel.]

Ariel: [Looking at the face] Wait.

Flotsam and Jetsam: Yeeeeeeeeeess?

Cut to outside of cave with Flounder and Sebastian, We all are recovering from Triton's violent outburst and Dana is tending Eli's wound by bandaging it up.

Dana: There. That should do it.

Eli: Thanks, Dana.

Flounder: [sniff] Poor Ariel.

Lynn: Sebastian, how could you let this happen? You promised Ariel that you wouldn't tell her father.

Me: That's right!

Sebastian: I didn't mean to tell, it was an accident.

Lori: Well, from the looks of what happened back there, you've literally made things worse for Ariel and the rest of us.

Eli: Guys, don't be mad at Sebastian. He honestly didn't want the king to know anything about this. You should've seen how scared and nervous he was.

Me: It's true. I saw it myself.

Eli: This is all your fault Sebastian! If you hadn't opened your big fat mouth Ariel wouldn't have gotten herself in trouble! Now her father hates her and it's all your fault!

Lori: Yeah!

Sam S.L.: It's also that barbarian of a sea king who's to blame. I mean what kind of parent would go violent and destroy harmless things that are from the human world, especially if they belonged to Ariel?

Becky: But he hates humans, remember?

Sam: I know, but still, he needs to be taught a lesson in manners.

Bobby: Everyone, please, don't argue. This will only get worse.

Sebastian: Eli, I'm terribly sorry for the way the king treated you and your friends.

Eli: That's okay, Sebastian. (sighs) If only her father hadn't been so temperamental. That way, things would be different.

Luan: Don't worry, Eli. I'm sure Ariel will be back on her fins sooner or…

(Then we suddenly saw Ariel with Flotsam and Jetsam)

Luan: Oh, would you look at that. She's feeling better already. See? Told you things would come together.

Me: Uh. I don't think so guys.

Sebastian: [Ariel passes by.] Ariel - where are you going? Ariel, what are you doing here with this riff-raff?

Ariel: I'm going to see Ursula.

We gasped!

Sebastian: Ariel, no! No, she's a demon, she's a monster!

Ariel: Why don't you go tell my father? You're good at that.

Sebastian: But… But, I…

Me: This is really bad guys! Ariel is making an extremely dangerous decision. She's essentially making a deal with the Devil!

Lisa: If Ariel gets involved with a monster like Ursula there's no telling what could happen.

Eli: But Ariel, that was an accident for what Sebastian did! You don't have to go see Ursula! You know how dangerous she is!

Me: Yeah! She's a devil and you are making a terrible mistake!

Ariel: Eli, do me a favor and stay out of my way. (leaves before slapping Eli's face with her fin)

Eli: (quietly) Ariel!

Me: We got to follow her!

Sebastian: [To Flounder.] Come on. [They travel towards Ursula's cavern.]

We followed Ariel and we arrived at Ursula's malevolent lair. We stayed out of sight.

Me: There it is. Ursula's evil castle.

Lori: It's a scary fortress.

Flotsam and Jetsam: This way. [Ariel enters and is hung up in the garden of souls.]

We went invisible and we saw the polyps.

Melody: This is horrible.

Flotsam and Jetsam: This way.

[Ariel enters and is hung up in the garden of souls.]

Ursula: ***Flotsam, Jetsam you divided little vipers, hmmm I see you brought a customer.*** Come in. Come in, my child. We mustn't lurk in doorways. It's rude. One might question your upbringing. Oh, Oh! Is this how they're wearing their hair back in the palace now a days, of course I would've known because I've been banished forever by your dear old daddy. Reduced to this wretched hobble for all eternity and for what? Because I was ambitious? Because I made a few pitiful attempts to elevate my station in life?

Ariel: You try to overthrow my father.

Ursula: *Chuckle* Oh these things get blown up out of proportion at any rate I reformed I only do good these days. (She looks herself in the mirror) Now then, you're here because you have a thing for this human: this, eh, prince fellow. Not that I blame you. He is quite a catch, isn't he? (chuckles) Well, angelfish, the solution to your problem is simple. The only way to get what you want is to become a human yourself.

Ariel: Can you do that?

Ursula: My dear, sweet child. That's what I do. It's what I live for: to help unfortunate merfolk, like yourself. Poor souls with no one else to turn too. [singing] I admit that in the past I've been a nasty

They weren't kidding when they called me, well, a witch

But you'll find that nowadays

I've mended all my ways

Repented, seen the light and made a switch

True? Yes And I fortunately know a little magic

It's a talent that I always have possessed

And here lately, please don't laugh

I use it on behalf

Of the miserable, lonely and depressed

[Pathetic]

Poor unfortunate souls

In pain

In need

This one longing to be thinner

That one wants to get the girl

And do I help them?

Yes, indeed

Those poor unfortunate souls

So sad

So true

They come flocking to my cauldron

Crying, "Spells, Ursula please!"

And I help them?

Yes, I do

Now it's happened once or twice

Someone couldn't pay the price

And I'm afraid I had to rake 'em 'cross the coals

Yes, I've had the odd complaint

But on the whole I've been a saint

To those poor unfortunate souls

Now, here's the deal. I will make you a potion that will turn you into a human for three days. Got that? Three days. Now listen, this is important. Before the sun sets on the third day, you've got to get dear ol' princey to fall in love with you. That is, he's got to kiss you. Not just any kiss - the kiss of true love. If he does kiss you before the sun sets on the third day, you'll remain human, permanently, but - if he doesn't, you turn back into a mermaid, and - you belong to me.

Sebastian: No Ariel! [He is silenced by Flotsam and Jetsam.]

Ursula: Have we got a deal?

Ariel: If I become human, I'll never be with my father or sisters again.

Ursula: That's right… . But - you'll have your man. Life's full of tough choices, innit? Oh - and there is one more thing. We haven't discussed the subject of payment. You can't get something for nothing, you know.

Ariel: But I don't have any -

Ursula: I'm not asking much. Just a token, really, a trifle. You'll never even miss it. What I want from you is… your voice.

Ariel: My voice?

Leni: Her voice?

Darcy: Her voice?

The twins: Her voice?

Eli & Lincoln: (looking at each other in confusion) Her voice?

Me: Uh oh.

Ursula: You've got it, sweetcakes. No more talking, singing, zip.

Ariel: But without my voice, how can I -

Ursula: You'll have your looks! Your pretty face! And don't underestimate the importance of body language! Ha!

[singing] The men up there don't like a lot of blabber

They think a girl who gossips is a bore

Yes, on land it's much preferred

For ladies not to say a word

And after all, dear, what is idle prattle for? Come on, they're not all that impressed with conversation

True gentlemen avoid it when they can

But they dote and swoon and fawn

On a lady who's withdrawn

It's she who holds her tongue who gets her man

Come on, you poor unfortunate soul

Go ahead!

Make your choice!

I'm a very busy woman

And I haven't got all day

It won't cost much

Just your voice!

You poor unfortunate soul

It's sad

But true

If you want to cross a bridge, my sweet

You've got to pay the toll

Take a gulp and take a breath

And go ahead and sign the scroll!

Flotsam, Jetsam, now I've got her, boys

The boss is on a roll

This poor unfortunate soul.

[Ariel signs contract.]

Paluga, sarruga, come winds of the Caspian Sea.

Now rings us glossitis and max laryngitis,

La voce to me!

Now… sing!

Ariel: [Sings.]

Ursula: Keep singing! [Giant magical hands rip out Ariel's voice and give it to Ursula. She laughs as Ariel is changed into a human.]

Eli: She can't breathe underwater!

Lincoln: Quickly! We gotta get her to the surface!

Me: (Luckily I have a plan.)

We grabbed Ariel and swam fast and we got Ariel up to the surface. We swam for the beach.

Me: (Panting) Don't worry Ariel. We'll help you all we can. Besides, you know our world too. You're a keyblader now.

Flotsam and Jetsam went and tried grabbed Ariel as we were swimming to the beach and Horsea saw them and she blasted them with her Bubblebeam.

Horsea: Leave her alone!

Horsea swam back to us.

Me: Hold on Ariel. We'll help you get through this. Lets just swim to the beach.

Lincoln: Yeah.

---

Fade to beach. Eric and Max are walking near castle.

Eric: [Playing flute.] That voice. I can't get it out of my head. I've looked everywhere, Max - where could she be? [On other side of rocks Ariel is washed up. We all, Sebastian and Flounder are exhausted.]

Me: (Panting hard) Oh man! I've never swam that much before.

Luna: Me neither dudes.

Lori: (breathes heavily) Never… never have I been so glad to see the light of day! Never has the air felt so fresh and clean!

Bobby: (breathes heavily) Oh, boy. The sky never looked so blue. (sighs) Oh, what mercy that we reached land on time.

Lincoln: Yeah. (hits his head to get water out of his ears) I thought for sure we'd never make it. (coughs) Certainly feels great to be back on dry land again.

Nico: Yeah.

Eli: Ariel, are you okay?

(Ariel wakes up only to see her legs and rises up and sees her new foot and then wiggles her toes in amazement)

Me: It really worked.

Lincoln: Wow. Ursula's magic is incredible.

Lily: Maybe I can use that magic for good instead of evil.

Nico: Good idea Lily.

Rita: Indeed.

Ruby: (to May, Sarah, Yumi, Gwen, Tara, and Jen) You girls have nice leotards.

May: Thanks Ruby.

Tara: We think so too.

Scuttle: Well, look at what the catfish dragged in! Look at ya! Look at ya! There's something different. Don't tell me - I got it. It's your hairdo, right? You've been using the dinglehopper, right? No? No huh, well let me see. New… seashells? No new seashells. I gotta admit I can't put my foot on it right now, but if I just stand here long enough I know that I'll -

Sebastian: SHE'S GOT LEGS, YOU IDIOT! She traded her voice to the sea witch and got legs. Jeez, man…

Scuttle: I knew that.

POINK!

I gave Scuttle a Three Stooges Eye Poke.

Me: Shut up!

Flounder: Ariel's been turned into a human. She's gotta make the prince fall in love with her, and he's gotta ki- he's gotta kiss her. [Ariel tries to get up.]

Sebastian: And she's only got three days. (Ariel fell down and splashed us) Just look at her. On legs. On human legs!

Me: We only have 72 hours until she is Ursula's trophy.

Sebastian: (Gasps) My nerves are shot. This is a catastrophe! What would her father say? I'll tell you what her father'd say, he'd say he's gonna kill himself a crab, that's what her father'd say! I'm gonna march meself straight home right now and tell him just like I shoulda done de minute- [Ariel grabs him.]… and don't you shake your head at me, young lady.

Me: Oh no you don't!

I grabbed Sebastian!

Sebastian: Hey! Put me down this insta…

Me: You're not going anywhere Sebastian! This is all your fault! You got Ariel into this mess and you are the one that got her in trouble! So you are gonna help us whether you want to or not!

Loud kids: YEAH!

Sebastian: (GULP) Maybe there's still time. If we could get that witch to give you back your voice, you could go home with all the normal fish, and just be… just be…

Rita: Sebastian!

(Ariel makes a sad, gloomy look on her face at Sebastian)

Sebastian: Eh, just be…

Eli: Sebastian, please.

Sebastian: (gives in) Just be miserable for the rest of your life.

Carol: Sebastian, Ariel's been through enough with her father's temper tantrums. Let's not make her suffer anymore.

Sebastian: (sighs) All right, all right. I'll try to help you find that prince. (get kissed by Ariel and is set down on a rock) Boy, what a soft shell I'm turning out to be.

Me: If Ariel gets turned into Ursula's trophy it will be on your head. Okay here's what we do. We have less than 72 hours to get Ariel to be with Eric. I'll set my watch to countdown to 7:00 PM 2 and a half days from now. It's 1:00 in the afternoon now so we have 66 hours till then. Time starts now.

I set the timer and it was counting down.

Lori: Good idea, J.D. But there's one teensy little problem.

Eli: What is that?

Lori: She's naked.

Eli: Huh? (turns and notices that Lori is right, Ariel is naked as a result of her transformation into a human; he freaks out and covers his eyes in embarrassment) Oh, man. How embarrassing. I forgot to mention Ariel that humans need to wear clothes. (everyone laughs while covering their eyes)

I covered my eyes and laughed and Clyde had a nosebleed and Chloe gave him a tissue.

Clyde: Thanks Chloe.

Dana: It's alright, Eli. We'll just need to find something for her to wear.

Scuttle: Don't worry, guys. I've got this. Ariel, I'm tellin' ya, if you wanna be a human the first thing you gotta do is dress like one. Now lemme see.

He found some cloth.

Cut to Eric and Max. Max smells Ariel and gets excited.

Eric: Max? Huh… what, Max!

Scuttle: [Whistles.] Ya look great kid. Ya look - sensational. [They hear Max. He arrives and chases Ariel up on a rock.]

[They hear Max. He arrives and chases Ariel up on a rock.]

Me: Max!

We pet him.

Me: Good boy.

Eric: Max… Max - Quiet Max! What's gotten into you fella?

Me: Hey Eric its been a while.

Eric: J.D.! Wow!

We shook hands.

Me: Been a while man.

Eric: It sure has. How have you been?

Me: Great. We have been away for a while.

Eli: Hello sir.

Me: This is Eli. He's my little brother. It's a strange story.

Melody: Hey daddy.

Eric: Hello sweetheart.

*Max jumps on Eli and licked him.*

Eli: (Laughs) That tickles!

Me: He's really friendly. Eric, we're sorry your ship got destroyed in that storm.

Eric: It's all right J.D. [Sees Ariel.] Oh… Oh, I see. Are you O.K., miss? I'm sorry if this knucklehead scared you. He's harmless, really -… you… seem very familiar… to me. Have we met? We have met? I knew it! You're the one - the one I've been looking for! What's your name? [Ariel mouths "Ariel" but no words come out.] What's wrong? What is it? You can't speak? [Ariel shakes her head.] Oh. Then you couldn't be who I thought. [Ariel and Max look frustrated. She tries pantomime.] What is it? You're hurt? No, No… You need help.

*She falls into him.*

Eric: Whoa, whoa, careful - careful - easy. Gee, you must have really been through something. Don't worry, I'll help you. Come on… Come on, you'll be okay.

Later we were in Eric's Castle.

Me: Wow. Eric your castle is just as beautiful as I remember.

Lola: It's really beautiful.

Laney: It sure is.

Eric: It's great having you all here.

Me: It sure is.

Eli: We have so much to tell you.

Fade to Ariel in bath playing with bubbles.

(The first order of business was to clean Ariel up and get her washed for dinner. In her tub, filled with bubbles, Ariel played with them, overcome by fascination. Carlotta, the castle maid, was nearby and she helped in getting Ariel cleaned up.)

Carlotta: Washed up from a shipwreck. Oh, the poor thing. We'll have you feeling better in no time.

(Sebastian, who was hiding in Ariel's sail dress, peaked out, but saw Carlotta overhead, taking the dress and preparing to leave the room.)

Carlotta: I'll just… I'll just get this washed for you.

Woman 1: Well you must have at least heard about this girl.

Woman 2: Well, Gretchen says… [Sebastian is dunked.]… since when has Gretchen got anything right. I mean really, this girl shows up in rags and doesn't speak-

Sebastian: Madame, please !…

Woman 2:… not my idea of a princess. If Eric's looking for a girl, I know a couple of highly available ones right here… [Sebastian dives into kitchen and sees various fish cooking. He faints.]

Cut to castle dining room.

Grimsby: Oh, Eric, be reasonable. Nice young ladies just don't - swim around rescuing people in the middle of the ocean and then - flutter off into oblivion, like some -

Eric: I'm tellin' you, Grim, she was REAL! I'm gonna find that girl - and I'm gonna marry her.

Me: How have you been Grimsby?

Grimsby: Been really well J.D. thank you for asking.

Lola: We have been really busy saving the world like always.

Carlotta: Ha Ha. Come on honey. Don't be shy. [Ariel enteres in a beautiful dress.]

Grimsby: Oh, Eric, isn't she a vision?

Eric: You look - wonderful.

Me: Wow! Ariel you look incredible.

Eli: Love your dress.

Applejack: (Cowboy Accent) She is a ray of sunshine.

Rainbow Dash: She sure is.

Rarity: I love her dress.

Lola: Me too.

Eli: And her first time wearing shoes.

Me: Yep.

Grimsby: Come come come, you must be famished. Let me help you my dear. There we go - ah - quite comfy? Uh. It's - It's not often that we have such a lovely dinner guest, eh Eric? [Ariel starts combing hair with a fork. They look dumbfounded and she is embarrassed. She sees pipe and brightens.] Uh, do you like it? It is rather - fine… [She blows its contents into his face. Eric laughs.]

We laughed.

Me: Ariel.

Eli: That was funny.

Carlotta: Oh, my!

Eric: Ahem, so sorry Grim.

Carlotta: Why, Eric, that's the first time I've seen you smile in weeks.

Grimsby: [Wiping his face.] Oh, very amusing. Carlotta, my dear, what's for dinner?

Carlotta: Oooh, you're gonna love it. Chef's been fixing his specialty, stuffed crab.

Me: (In my head) I can't let Ariel see that we eat fish.

Nico: (In his head) Oh boy.

---

Cut to Sebastian watching Louis cook. He is humming to himself.

Louis: (singing)

Les poissons

Les poissons

How I love les poissons

Love to chop

And to serve little fish

First I cut off their heads

Then I pull out the bones

Ah mais oui

Ca c'est toujours delish

Les poissons

Les poissons

Hee hee hee

Hah hah hah

With the cleaver I hack them in two

I pull out what's inside

And I serve it up fried

God, I love little fishes

Don't you?

Here's something for tempting the palate

Prepared in the classic technique

First you pound the fish flat with a mallet

Then you slash through the skin

Give the belly a slice

Then you rub some salt in

'Cause that makes it taste nice

Zut alors, I have missed one!

Sacre bleu

What is this?

How on earth could I miss

Such a sweet little succulent crab?

Quel dommage

What a loss

Here we go in the sauce

Now some flour, I think

Just a dab

Now I stuff you with bread

It don't hurt 'cause you're dead

And you're certainly lucky you are

'Cause it's gonna be hot

In my big silver pot

Toodle loo mon poisson

Au revoir!

Sebastian hops back and Louis grabs him again.

Louis: What is this? [Sebastian pinches his nose and a battle ensues. Louis knocks over a large cabinet.]

---

Cut to dining room. Huge crash is heard.

Me: Sounds like something is going on.

Carlotta: I think I'd better go see what Louis is up to.

She went to the kitchen.

---

Back to kitchen. Louis is trashing the place.

Louis: Come out you little pipsqueak and fight like a man!

Carlotta: Louis! (He hits his head on the table) What are you doing?

Louis: Well - I - I was just - er, er, I'm sorry, madame.

---

Cut back to dining room.

Grimsby: You know, Eric, perhaps our young guest might enjoy seeing some of the sights of the kingdom. Something in the way of a tour?

Eric: I'm sorry, Grim, what was that?

Grimsby: You can't spend all your time moping about, you need to get out. Do something, have a life. [Grimsby lifts his plate's cover to reveal Sebastian cowering in the salad.] Get your mind off -

Eric: Easy, Grim, Easy. [Ariel lifts her own plate cover and signals for Sebastian to hide there. Sebastian rushes across while no one is looking.] It's not a bad idea. If she's interested. Well - whaddaya say? Would you like to join me on a tour of my kingdom tomorrow?

Ariel nods vigorously, leaning heavily on her plate's cover.

Grimsby: Wonderful, now let's eat, before this crab wanders off my plate.

Fade to Ariel watching Eric and Max from balcony.

Eric: Come here boy!… Arrr… [He sees Ariel and waves. She is embarassed and goes back inside.]

Sebastian: This has got to be, without a doubt, the single most humiliating day of my life. I hope you appreciate what I go through for you, young lady. Now - we got to make a plan to get that boy to kiss you. Tomorrow, when he takes you for that ride, you gotta look your best.

Me: I agree. Ariel, I know you hate your dad for everything that happened, but you got to forgive him.

Sora: Most definitely. We all agreed to go with them for the tour of the kingdom. That will be a good chance for Ariel and Eric to know each other.

Eli: Great idea, Sora!

Leni: The more those two bond together, the better we'll have a chance of getting them to fall in love.

Teri: And Ariel needs to look her best, just like what Sebastian said.

Sebastian: You gotta bat your eyes - like this. You gotta pucker up your lips - like this. [He sees she is asleep.] Hm. You are hopeless child. You know dat? Completely hopeless…

Lori: How about that? Looks like Ariel is literally starting to get used to the way things are on land.

Clyde: Looks like it.

Ed: Yep. So far so good.

Eli: I just hope we'd get her to kiss Eric on time before the sun sets on the third day.

Sam: Oh, don't worry, Eli. We will. (sees Eli feeling upset) Still upset about Ariel slapping at you?

Eli: (sighs) Yeah… (turns to Ariel sleeping)

Me: But she was just blinded by desperation.

Eli: And there's a reason for it. Triton hates all humans because of the death of Athena.

Eli went over everything that happened to Athena.

---

Athena was the wife of King Triton, and the mother of Ariel, Andrina, Arista, Aquata, Adella, Alana, and Attina. She was the Queen of Atlantica, and beloved by her family and subjects. She was noted for her singing talent and her love of music. She and Triton had known each other since they were kids. Unfortunately, she died as a result of a run-in with a big pirate ship when Ariel was very young, fueling Triton's hatred of humans as a result. A statue of her dancing with him is present in his courtyard, where he cried over her death every day until the music Athena is shown to be a stunningly beautiful and attractive mermaid with long, red hair tied in a partial ponytail, green eyes, and an aqua tail.

---

I was shocked and the Loud Kids were crying.

Sebastian: When Ariel's mother died, the entire kingdom was heart-broken. And the heart that we feared would never heal… was her father's.

Eli: And since that tragic time, her father detested all humans.

Me: My god. No wonder he has a terrible hatred of all humans.

Melody: I didn't know that all happened to grandmother. That's so awful.

Me: That is terrible.

Lola: No wonder King Triton hates all of us.

Lana: That is awful.

Lynn Sr.: No kidding. Poor guy.

Me: And I think I know who killed her. Captain Hook.

Nico: Why do you think that?

Me: Just a theory but it was either Captain Hook or Davy Jones that did it.

Eli: But when they first met me they saw me breathing under water with my hair glowing which made King Triton felt like he saw people who are like that before.

Me: So that's how King Triton knows about what you can do.

Eli: Right.

Carol: Wow.

Eli: King Triton told Sebastian to keep an eye on me while I'm with Ariel during the time music was banned as a result of the queen's death. I thought it was the most stupidest thing to do, and someone else agreed with me. (points to Ariel) It was Ariel.

Lincoln: So you and Ariel were good friends during that time?

Eli: Yes.

J.D. 3: It's how me and Eli met Ariel and her sisters. We've had a very powerful bond with her ever since.

Lori: Wow. That is literally amazing.

Sora: It sure is.

Kairi: No kidding.

Eli: But now after what happen to the grotto and Ariel slapping me I now felt bad…

Me: Why do you say that Eli?

Eli: Because I just stood and watch with my arm injured, unable to stop King Triton…

Me: I'm sorry Eli.

Dana: But Laney, Varie and I healed it for you.

Sebastian: Eli, I remember that you had an extraordinary amount of loyalty to Ariel wherever you visit us in Atlantica. Maybe you can show her that same loyalty to her here on land. That way, she will be saved from Ursula's wrath and she might even forgive you.

Eli: Y-you think so, Sebastian?

Sebastian: Yes, Eli. I know so.

Eli: (slowly starts to feel better) Thank you for understanding who we are and where we're from.

Sebastian: Oh, don't mention it, man. It might not have been easy to get used to at first, but I've grown to see what a special friend you've become. So, from now on, I don't care who you and your friends are nor where you're from anymore.

Me: Eli has always been like a little brother to Ariel and we're going to help her get through this.

Bobby: That's great to hear. (looks at his watch) Hmm. It's getting late. We should go get some rest. We have a busy day for Ariel tomorrow.

Lola: (yawns) Yeah. I agree. We need to be ready for her.

Lincoln: Absolutely. Good night, everyone.

(The heroes begin leaving Ariel's room and head off to bed. Sebastian blows out the candle and hops on to Ariel's pillow.)

Sebastian: You are hopeless, child. You know that. (lays down on the pillow) Completely hopeless. (yawns and goes to sleep)

(As the others left to go to sleep, Eli stayed behind and looked at Ariel. He walks up to her, tucks her in a warm blanket, and places his hand on her head. He leaned in closer to whisper in her ear)

Eli: (whispering) Ariel, trust me when I'm saying this. I'm still gonna stay by your side. Just like before. *Sleep next to Ariel.*

I went to visit King Triton.

Fade to undersea palace. Seahorse swims up to Triton.

Triton: Any sign of them?

Seahorse: No, Your Majesty. We've searched everywhere. We've found no trace of your daughter - or Sebastian.

Triton: Well, keep looking. Leave no shell unturned, no coral unexplored. Let no one in this kingdom sleep until she's safe at home.

Seahorse: Yes sire. [He leaves.]

Triton: Oh, what have I done? What have I done?

Me: (Offscreen) You lost your temper that's what your majesty.

He saw me.

Triton: J.D. thank goodness you're okay.

Me: Thank you your majesty and I'm sorry we lashed out at you back there.

Triton: No you had every right to do so J.D. I deserved it. You see ever since Athena died I've had a powerful grudge against all humans.

Me: I know. I was told everything. I'm so sorry for your loss your majesty and I can understand why. A piece of your heart was taken from you and that saddens me.

Triton: I know. I worry about my daughters more than anything. And I can never forgive myself if something happened to them.

Me: I can understand that your majesty. You love your children more than anything and I completely understand that.

Triton: Where's Ariel?

Me: She's okay your majesty. She's gonna be with me, Eli, Sora and our friends for a while and I promise we won't let anything happen to her. She's still… How should I put this? She's still under a lot of stress because of what went down. Her curiosity about our world is fascinating to her.

Triton: I know. But make sure she's okay.

Me: I know. I will. You have my word your majesty. She's in good hands.

Triton: Thank you J.D. Be careful.

Me: I will.

I swim back to Ariel. I arrived and fly through the window.

Morning at castle. Ariel and Eric leave for their tour. Ariel is amazed by everything.

Me: Beautiful world huh?

Nico: Yep.

Flounder: [As they pass water.] Has he kissed her yet?

Sebastian: (Whispers) Not yet.

Flounder: Ohh… [Ariel and Eric go dancing and see the town.]

Me: You're getting the hang of dancing Ariel.

Eli and Nunnally were dancing and they were really good at it.

Carol: You two are such beautiful dancers.

Nunnally: Thanks Carol.

Scuttle: Yo, Flounder! Any kissing?

Flounder: No, not yet.

Scuttle: Hmm. Well they - they better get crackin'. [They leave town and Ariel drives, almost crashing. They end up rowing on a still lagoon in the evening.]

Me: We only have 20 hours left

Nico: We better get moving and fast.

Flounder: Move over - move your big feathers. I can't see a thing.

Scuttle: Nothing is happening… . Only one day left, and that boy ain't puckered up once. O.K. All right, this calls for a little vocal romantic stimulation. Stand back. [He flies over and sings very badly.]

Eric: Wow. Somebody should find that poor animal and put it out of its misery.

Sebastian: Jeez, man, I'm surrounded by amateurs! You want something done, you've got to do it yourself. First, we got to create the mood. Percussion… . Strings… . Winds… . Words… . [singing] There you see her

Sitting there across the way

She don't got a lot to say

But there's something about her

And you don't know why

But you're dying to try

You wanna kiss the girl

Eric: Did you hear something?

Sebastian: (singing)

Yes, you want her

Look at her, you know you do

Possible she wants you too

There is one way to ask her

It don't take a word

Not a single word

Go on and kiss the girl (Sing with me now)

Sha la la la la la

My oh my

Look like the boy too shy

Ain't gonna kiss the girl

Sha la la la la la

Ain't that sad?

Ain't it a shame?

Too bad, he gonna miss the girl

Eric: You know, I feel really bad not knowing your name. Heh - maybe I could guess. Is it, err, Mildred? O.K., no. How 'bout - Diana? Rachel?

Sebastian: Ariel. Her name is Ariel.

Eric: Ariel? Ariel? Well, that's kinda pretty. O.K. - Ariel…

Sebastian: (singing)

Now's your moment

Floating in a blue lagoon

Boy you better do it soon

No time will be better

She don't say a word
And she won't say a word
Until you kiss the girl
Sha la la la la la
Don't be scared
You got the mood prepared
Go on and kiss the girl
Sha la la la la la
Don't stop now
Don't try to hide it how
You want to kiss the girl
Sha la la la la la
Float along
And listen to the song
The song say kiss the girl
Sha la la la la
The music play
Do what the music say
You got to kiss the girl
You've got to kiss the girl
You wanna kiss the girl
You've gotta kiss the girl

Go on and kiss the girl

The boat tips over.

Eric: Whoa, hang on - I've gotcha. [Flotsam and Jetsam congratulate each other.]

Cut to Ursula's cavern.

Ursula: Nice work, boys. That was a close one. Too close. The little tramp! Oh, she's better than I thought. At this rate, he'll be kissing her by sunset for sure.

Flotsam: Ursula. After Ariel's time is up, me and Jetsam would like to deal with Rockel's Horsea pet.

Jetsam: That stupid Pokemon will pay for humiliating us!

Ursula: Granted. Well, it's time Ursula took matters into her own tentacles! Triton's daughter will be mine - and then I'll make him writhe. I'll see him wriggle like a worm on a hook! [Laughing, she transforms into a human with Ariel's voice.]

Uh oh!

Fade to castle at night. Eric is playing the flute and contemplating as Grimsby approaches.

Grimsby: Eric, if I may say, far better than any dream girl, is one of flesh and blood, one warm and caring, and right before your eyes. [He sees Ariel, sighs, and tosses away his flute. He is distracted by Ursula/Vanessa singing with Ariel's voice and is placed under her spell.]

Scuttle flying toward castle in morning.

Scuttle: Ariel! Ariel, wake up! Wake up! I just heard the news. Congratulations, kiddo, we did it!

Me: Huh?

Sebastian: What is this idiot babbling about?

Scuttle: Right - as if you two didn't know, uh? The whole town's buzzin' about the prince gettin' himself hitched this afternoon! You know, he's getting married! You silly sidewalker! I just wanted to wish you luck. I'll catch you later, I wouldn't miss it! [Ariel brightens and runs downstairs, only to see Eric and Vanessa together.]

Grimsby: Well, uh - err, Eric. I-it appears that I was mistaken. This mystery maiden of yours does - in fact exist. And - and she is lovely. Congratulations, my dear.

Eric: We wish to be married as soon as possible.

Grimsby: Oh, yes - of course, Eric, but, er - but these things do take time, you know… .

Eric: This afternoon, Grimsby. The wedding ship departs at sunset.

Me: (In my head) Something smells fishy.

Grimsby: Oh, oh - very well, Eric - as you wish. [Ariel runs off crying.]

Cut to late afternoon as wedding ship starts to leave.

Me: Something is really fishy guys. Metaphorically speaking.

Lana: Yeah I can feel it.

Flounder: Ahem!

Me: I said Metaphorically!

Flounder: Oh.

Ariel is on the pier crying bitterly as Sebastian and Flounder look on.

Lori: I can't believe he did that. We were so close.

Lincoln: And it was our last chance. We've really messed up for sure.

Eli: (falls to his knees and sigh somberly) We failed. How can Eric shut Ariel out like that after all we've did to make them closer? It doesn't make sense.

Carol: Eli, don't be so hard on yourself. It wasn't your fault.

Eli: (stands up and snaps) Don't you guys get it?! Today was our last chance in getting Eric to kiss Ariel and save her from Ursula! Our attempts were in vain! Everything we did was a total failure! And now that Eric's out there marrying some brunette girl, it's obvious that Ursula's gonna win!

(Everyone looked at Eli with sad looks. They tried thinking of something to say to cheer him up, but they couldn't think of anything. They realized that Ash is right about Ariel becoming Ursula's property at this point.)

Eli:(clenches his fists) But if Ursula plans on taking Ariel as her prisoner, then she's gonna have to go through me instead!

Leni: What?!

Bobby: Huh?!

Me: Eli!

Everyone: (gasps)

Lucy: Eli, that's crazy talk!

Becky: We need you!

Darcy: What would we do without you?

Eli: Ariel's our best friend, guys! She's been an important friend to us for a long time! And I can't stand around and watch her suffer the pain from Ursula's wrath! I'm staying by her side, just like how she did to me when we visited her in Atlantica.

Me: Powerful bond.

(Ariel looked at Eli, who stared at the ocean with determination. Seeing how Eli was putting her desire to be free in front of his own, Ariel started tearing up. She flung her arms around Eli and hugged him, feeling terrible for slapping him and for getting herself into this situation. Eli comforted Ariel as everyone watched the ship leave, feeling terrible for Ariel and fearing they would lose Eli for good.)

Eli: (quietly) I'm not gonna let that monster take you, Ariel. I promise.

Me: Me neither.

Cut to Scuttle flying and humming to himself.

Vanessa: What a lovely little bride I'll make, my dear I'll look divine Things are working out according to my ultimate design Soon I'll have that little mermaid and the ocean will be mine!

Scuttle: [Seeing real Ursula in mirror.] The sea witch! Oh no… She's- I gotta… [Runs into side of ship. Flies off to find Ariel.]

(That afternoon, under the twilight sky, the wedding ship slowly started leaving the docks with Eric, Vanessa and a few others onboard. On the dock, Ariel, in her same dress from yesterday watched the ship leave. Ariel was absolutely horrified at how Eric dumped her for Vanessa. She didn't know how or why he would do that, especially after the special day he had with her, but with Eric planning to marry Vanessa, and the sun close to setting on the third day, her final day of being human, things were now hopeless for the girl. She slowly sat on the dock and starting sobbing. Sebastian stood by her side, feeling terrible for the helpless girl. He felt guilt for having failed in helping Ariel win Eric's heart. As Ariel cried, she looked at the ship, having headed a distance away from the docks as a tear landed in the water. Flounder, having heard of Eric dumping Ariel for Vanessa, was equally sad and helpless. He now felt that he was going to lose his best friend to the sea witch forever. Ash and his friends are still shocked after what just happened.)

Me: This doesn't make any sense. I smell a rat.

Lola: Yeah I do too.

Me: That Vanessa is up to something and I sense something evil about her. (Realizes something) Unless… Oh no!

Scuttle: Ariel! Ariel!

Eli: Scuttle?

Me: Uh oh. He has bad news.

Scuttle: Ariel!

Eli: Scuttle, what is it? What's the matter?

Scuttle: Guys! Ariel! Ariel. I was flying, I wa - of course I was flying - An' - I s- I saw that the watch - the witch was watchin' a mirror, and she was singin' with a stolen set o' pipes! Do you hear what I'm tellin' you? THE PRINCE IS MARRYING THE SEA WITCH IN DISGUISE!

We gasped in shock!

Me: I knew she was up to something!

Sebastian: Are you sure about this?

Scuttle: Have I ever been wrong? I mean when it's important!

Lincoln: The prince marrying the sea witch? That doesn't make any sense. It's not like Ursula is going to walk up to Eric and say, "will you marry me, my handsome prince?" I mean how can that be possible if he was spending his happy moments with Ariel here?

Ronnie Ann: Hmm… Hey, wait a minute! Clyde, didn't we recall hearing Eric saying that he and the brunette girl want to get married at sunset this morning?

Clyde: Uh, yes. Come to think of it, he never mentioned anything about a brunette girl during our stay. Nor does he seem to know her.

Bobby: So, if Eric's marrying the brunette on Ariel's third day at sunset, then that must mean…

(Everyone looks at each other in surprise)

Everyone: Prince Eric's being manipulated into marrying Ursula in disguise!

Me: SHE BRAINWASHED HIM!

Luna: He fell under her spell using Ariel's voice!

Eli: (pounds on the pole in anger) So, it was a trick all along! I knew that sea witch couldn't be trusted from the start!

Me: She was never to be trusted at all! She's like the Devil and she will do anything to win.

Flounder: What are we gonna do!? [Ariel hears Ursula's voice in her head as the sun drops.]

Ursula:… Before the sun sets on the third day… .

Me: We got to get onto that boat and stop that wedding pronto!

Eli: Right!

[Ariel jumps in water but can't swim well. Sebastian sends down some barrels.]

Sebastian: Ariel, grab on to that. Flounder, get her to that boat as fast as your fins can carry you!

Flounder: I'll try.

Me: (Looks at watch) 15 minutes left. We got to hurry!

Sebastian: I've gotta get to the sea king. He must know about this.

Nico: Get Ariel's sisters too. We're gonna need all the help we can get to stop Ursula for good.

Melody: That monster is not turning my mother into a gross abomination of nature!

Me: Lets fly!

We flew and grabbed Ariel and flew to the ship.

[Birds and animals swoop in for attack, causing great chaos.]

Vanessa: Get away from me you slimy little- Oh, why you little- [In the struggle, the shell holding Ariel's voice shattered and it goes back to her. Eric comes out of the spell as she sings.]

Eric: Ariel?

Ariel: Eric.

Me: Ariel your voice is back!

Eli: All right!

Ariel: Eli I'm so sorry.

Eric: You - you can talk. You're the one.

Vanessa: Eric, get away from her!

Me: It's over Ursula! You are through!

We powered up and flared up our power!

Me: We should've killed you when we saw you form that deal!

Then Common Cold, Demyx, Ghost, Chalmers, Shiv and Snake appeared.

Me: Common Cold, Demyx, Ghost, Chalmers, Shiv and Snake. We have an emergency situation here.

Shiv: Sorry to disturb you all like this.

Me: We have 5 minutes till the sun sets and Ariel becomes Ursula's trophy in a sense. We're going to have to make this quick.

Luxord: I can stop time till we get the battles out of the way.

Me: Good thinking.

Luxord stopped time temporarily and we saw everything frozen in place except for us.

Me: Good thinking Luxord. Perfect.

Common Cold: Good thing we're having our usual battles on land right now.

Maria: I know, right?

Demyx: Even though I can use water as a weapon.

Ghost: (to Ariel) This must be your first time seeing me.

Ariel: It sure is.

Me: (To Ursula) We'll deal with you after we're done here.

Ursula was frozen in place as well.

?: This battle will be your last.

A figure came out and it was ELECTROTRAMP from episodes 4, 42 & 43 of In Space!

---

Astronema sent Electrotramp to drain the Angel Grove's power from a turbine at the power plant and the Rangers were saved by the Teenage Mutant Ninja Turtles. Venus de Milo kicked back Electrotramp's electric attack back at him destroying him.

Electrotramp later appeared as part of Rita Repulsa and Lord Zedd's forces in the Vica Galaxy during the United Alliance of Evil's invasion of the universe. Electrotramp, along with the rest of the alliance, was destroyed by Zordon's Energy Wave.

---

Andros: Electrotramp!

Raphael: I remember you!

Electrotramp (to the Turtles): You're very different from the Turtles that I've fought before.

Leo: I bet we are.

Mikey: How exactly are we different from the ones you fought?

Me: That's because those were the versions of you from 1997. And I remember you as well Electrotramp. You were sent to drain Angel Grove of all its power. And the In Space Rangers and the Teenage Mutant Ninja Turtles teamed up and took you down.

Nico: That was an amazing crossover episode.

Electrotramp: It sure was.

Me: Also there have been many versions of the Teenage Mutant Ninja Turtles ever since they debuted in 1984 in the comic books.

Lincoln: It's true.

Electrotramp: I see. That's really something.

Irma: That was a tidal victory!

## Battle 6: Ghost

Ariel, Snap Shot, Randy, Lob-Star and Papillon were facing Ghost.

Ariel: I have to hurry.

Ghost: I know. Lets do it.

Ghost called out her Pokemon and they went at her.

Randy and Snap Shot: INVISIBLE WATER ARROW BARRAGE!

Papillon and Lob Star: BUTTERFLY STARFISH BURN!

Ariel fired blasts of water and the blasts hit Ghost and her Pokemon and knock her down.

Ariel: That was fast enough.

Battle 7: Electrotramp

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: Okay.

---

Battle 8: URSULA!

---

Me: That was fast enough.

Luxord resumed time.

Just as Eric and Ariel were about to kiss, the Sun set and she turned back into a mermaid!

Ursula: You're too late! (Laughs wickedly) You're too late! (Turns back into Ursula!) (Everyone gasped) (Ursula grabbed Ariel) So long, loverboy.

Eric: Ariel! [Ursula and Ariel go overboard.]

Emma: There's only one Ranger team perfect for a underwater environment.

Megaforce Rangers: Legendary Ranger Mode: Alien!

The Megaforce Rangers transformed into the Aquitar Rangers!

Me: Come on! After her!

We dove into the water.

Ursula: Poor little princess - it's not you I'm after. I've a much bigger fish to -

Triton: Ursula, stop!

Ursula: Why, King Triton! Ha ha ha - How ARE you?

Triton: Let her go.

Ursula: Not a chance, Triton! She's mine now. We made a deal.

Ariel: Daddy, I'm sorry! I - I - I didn't mean to. I didn't know -

Triton attacks the contract with a fierce blast from his trident, to no avail.

Ursula: You see? The contract's legal, binding and completely unbreakable - even for YOU. Of course, I always was a girl with an eye for a bargain. The daughter of the great sea king is a very precious commodity. But - I might be willing to make an exchange for someone even better…

Cut to Eric rowing away from ship.

Grimsby: Eric! What are you doing?

Eric: Grim, I lost her once. I'm not going to lose her again.

Back to Ursula and Triton.

Ursula: Now! Do we have a deal?

Me: Back off Ursula!

I punched Ursula in the face!

Nico: Ursula, wait. Leave Triton and Ariel alone. Take me instead.

Ursula: Why should I?

Nico: If you take me, I'll let you have my powers.

Ursula: Your powers?

Nico: That's right. With my powers, you can rule more than the 7 seas.

Ursula: (smirks) I love the sound of that.

Me: Nico are you out of your fucking mind!?

Nico: (to the rest of us) I'm sorry. But this is the only way Triton and Ariel can be safe.

Maria: (starts to cry) We understand.

Nico: (to Lady Chaos Slam) Lady Chaos Slam, the next time May takes control, tell her I love her.

Triton: Tell her that yourself. (uses his trident to blast me, knocking Nico into the ground)

Nico: Triton, what're you doing?!

Triton: I can't let you sacrifice yourself for me and Ariel. This happened because of me. So I have to clean up this mess.[Triton signs contract.]

Ursula: Ha! It's done then.

Ariel is released and Triton is withered as Ursula laughs.

Ariel: No… Oh, No!

Sebastian: Oh, your majesty…

Ariel: Daddy?

Me: King Triton…

Ursula: [Picks up crown.] At last, it's mine.

I took the trident!

Ariel: You - You monster!

We jumped Ursula!

Me: (ENRAGED!) WE WILL KILL YOU!

I punched Ursula in the face and kicked her in the stomach and Ariel punched and slashed her all over the place.

Melody: Leave my mom alone!

Melody slashed Ursula all over and Ariel's sisters then arrived and they punched and bit and smashed Ursula all over and blasted her all over and I punched and kicked Ursula in the face and Eli slashed her tentacles off!

Horsea was facing Flotsam and Jetsam.

Rarity: (to Horsea) Horsea, do be careful against those eels!

Horsea: I will! These freaks are going to pay!

Horsea blasted them all over with Bubble beam blasts and more and smashed them all over with her speed.

Ursula: AAAAHH! [She is hit with a harpoon thrown by Eric.] Why you little troll!

Me: Nice shot!

Ariel: Eric! Eric look out!

Ursula: After him! [Flotsam and Jetsam attack.]

Sebastian: Come on!…

Sebastian and Flounder got the eels off!

Horsea: Take this!

She fired a powerful Hyper Beam Blast and obliterated Flotsam and Jetsam!

Maria: Whoa! Nice shot Horsea!

Ash: How did Horsea learn Hyper Beam!?

Misty: That's amazing!

Ursula: Babies! My poor, little poopsies!

Robin and Common Cold: BIRD OF SNOT STORM!

We fired blasts of energy and elements and they all slammed into Ursula and knocked her down and she was really wounded.

Ariel was swimming up to Eric.

Me: Lets go!

We followed them and Ursula then started growing in size!

On surface as Ursula grows beneath.

Ariel: Eric, you've got to get away from here.

Eric: No, I won't leave you.

Then a giant Ursula appeared as she was laughing malevolently.

WE NOW HAD REALLY HUGE PROBLEMS!

Me: LOOK AT THE SIZE OF HER!

Varie: SHE'S HUGE!

Ursula: [Now very large.] You pitiful, insignificant, fools!

Me: You are the fool!

I snapped my fingers and I was now her size!

Eric: Look out!

Ursula: Now I am the ruler of all the ocean! The waves obey my every whim! The sea and all its spoils bow to my power! [She wrecks havoc, creates a whirlpool and raises some shipwrecks.]

I punched Ursula in the face and kicked her in the stomach as I was now her size!

Eli: You will pay for your crimes Ursula!

Me: NOW DIIIIIIIIIEEEEEEEEEE!

We punched and blasted her all over and Eli called out Godzilla and blasted her all over with incredible power and more and we were blasted her all over with merciless fury!

Rarity, Ariel, Eli, Ariel's Sisters and Melody: NEPTUNE'S WRATH MEGA RASENSHURIKEN!

They formed a massive Water Rasenshuriken and threw it and it slammed into Ursula and exploded with incredible power!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Ursula was wounded horribly!

Ariel: ERIC!

[Eric gets on board one of the ships as Ariel falls to the bottom of the whirlpool.]

Ursula: [Laughing wickedly.] So much for true love! [As Ursula is about to use her magic finish Ariel, Eric steers the ship into her. As she looks in horror, she is impaled, Screams in pain and dies most horribly.]

Me: SHUT YOUR FUCKING MOUTH URSULA AND BURN IN HELL!

We shielded our eyes to block the energy from her horrible demise.

Me and Nico: URSULA YOU HAVE FAILED THIS UNIVERSE!

Ursula's spirit then appeared.

Me: You will never be welcome here ever again! (Holds hand out to her) HAKAI!

I banished her to the Warp forever!

[Eric collapses on the shore. The trident falls back to Triton and everything reverts to normal. The merfolk that Ursula cursed were all freed.]

Fade to morning with Eric on beach and Ariel watching from a distance. Triton and Sebastian look on.

Me: Are you all right your majesty?

Triton: Thanks to all of you.

Eli: And Ursula will never terrorize your world again.

Nico: No she won't.

Triton: She really does love him, doesn't she, Sebastian?

Sebastian: Well, it's like I always say, Your Majesty. Children got to be free to lead their own lives.

Triton: You - always say that?

Me: Really?

Triton: [sighs] Then I guess there's just one problem left.

Sebastian: And what's that, Your Majesty?

Triton: How much I'm going to miss her. [He turns her into a human and she goes to meet Eric. They kiss which fades into kiss on wedding day. Everyone is happy and we all were her guests of honor. Carlotta was crying as she hugged Grimsby. We cheered wildly. Sebastian is attacked by Louis. He beats Louis up and returns to the sea.]

Sebastian: Yes, Thank you, thank you. [Ariel and Triton hug.]

Ariel: I love you Daddy.

Triton: (To me and everyone) Take good care of her.

Me: We will. You have our promise.

Rachel S.D.: We promise.

Ariel then came to me and hugged me and I hugged her too.

Ariel: Thank you so much for everything J.D.

Me: You are so welcome Ariel.

Ariel then went to Eli.

Ariel: Thank you so much Eli.

Ariel and Eli hugged.

Ariel: Thank you so much little brother.

Eli: You are welcome big sister.

Everyone: Awwww.

Big finale while "Part of Your World" music plays. Ship sails off as Ariel and Eric kiss.

All: (singing)

Now we can walk,

Now we can run,

Now we can stay all day in the sun.

Just you and me,

And I can be,

Part of your world.

We brought two worlds together that day. The worlds of Humans and Mermaids were brought together in love and peace and unity.

Snake: You must be happy that you and Eric are an item now.

Ariel: Of course we are.

Chalmers: Not to worry. You'll still be able to visit your Dad in the ocean.

Ariel: How do you know?

Shiv: (chuckles) Call it a hunch.

Me: We all are so proud of them.

Rarity: (To the viewers) This was an awesome adventure into the world of Mermaids and it was awesome living the movie The Little Mermaid.

Me: It sure was. And Nico?

Nico: Yeah?

POW!

I punched him in the face and gave him a black eye.

Me: That was for planning to sacrifice yourself.

Nico: Okay I deserve that.

Me: Sorry man. But this.

I hugged him.

Me: Is for being a true hero.

Nico: Thanks brother.

We went home and rested.

# Journey Into the Heart Part 9

"Peter Pan"

---

WARNING: The Battle you will see is extremely gruesome. Read at your own risk.

---

It was morning at the estate and Edd was looking for a shower. He found out recently found out 25 minutes ago that his mom and dad were renovating his shower and that he couldn't start the day without his daily shower. So he went over to us for his shower.

Turbo Man: Sorry, Double D. All the bathrooms are occupied right now.

Edd: Okay. I'll look somewhere else.

He was off.

Juniper Lee: I hope Double D doesn't get into trouble.

But she was far from wrong.

Edd looked all over the neighborhood for a shower to get his day started. But all his attempts made him smell worse than ever and more. He smelled really horrible!

Edd: [crying] "The milk of human kindness has abandoned me!" [going insane] "Shower shower shower. Shower shower shower. Shower shower shower. Shower shower shower."

[Edd has worked his way down the lane. The word "Shower" is written in filth along the fence boards.]

Edd: "Shower shower shower. Shower shower shower. Shower shower shower. Shower shower shower!"

[Edd's eye twitches, and his image of himself shatters.]

[A crazed Edd picks up a trash can and dumps the refuge over him. He then proceeds to wallow in it.]

Edd: [completely disguisted and horrified] "Greetings, microorganisms. Hop aboard! Welcome, bacteria! Oh, happy day!"

[Edd places a fish's head over his head.]

Voice: "Eddward!"

[Edd turns and faces a hallucination of himself; this hallucination is clean.]

Hallucination: "What are you doing?"

Edd: "Dive in, oh vision of my former self! There is more than enough filth to go around."

Hallucination: "I'll have nothing to do with your self-degradation, thank you, as I stand for cleanliness. Moral fiber. And all that is decent and neatly folded."

[Edd pours rotten milk into his underwear.]

Edd: "Zip-a-dee-doo-dah."

Hallucination: [upset] "Stop it, stop it, stop it! Get a grip on yourself, mister!" [The head slides down Edd's body.] "That's disgusting!"

Edd: [leaning in] "May I use your shower?" [His rotten breath wafts up to the hallucination.]

Hallucination: "Good lord! Stinky, stinky, stinky!"

[The hallucination disappears.]

Edd: "No shower for me!"

Later Dark Spicer, Zs'Skayr and Dr. Viktor were taking out the trash and they were talking about stuff.

Dark Spicer: The others are going to recruit Wolf, Cad Bane, Beetle, Villamax, and Weather Wizard in an hour. But for our next recruits, we're considering Dayu, Whirlwind, Taskmaster, and King Shark.

Zs'Skayr: Excellent. Those are great recruits.

Dr. Viktor: I agree with you Lord Zs'Skayr.

Zs'Skayr: Good and you don't have to be so formal.

But then as they were taking the trash bags out to the curb, a crazed Edd came up to them laughing insanely. Edd runs down the street and grabs the bag.

Edd: "For me? You shouldn't have."

[Edd rips the bag open and dumps the waste out on his head.]

Zs'Skayr: Double D? Is that you?!

Double D: (clearly out of his mind) No. Not really.

Dr. Viktor: (pinching his nose) You need a shower. Badly.

Dark Spicer turned into Burnswamp and picks Double D up.

Burnswamp: C'mon. Let's get you to the Estate.

They took him to the estate as he was laughing and rolling around in Burnswamp's stench.

---

Later at the estate we were having breakfast when the doorbell rang.

Nico: I'll get that.

He went to the door and answered it and then Nico was hurling his guts out all over the place.

Nico: (PROJECTILE VOMITING) GUYS! You better take a look at Double D!

We saw him completely covered in filth and he smelled like 100,000 rotten corpses and he looked like he was rolling around in raw sewage and a toxic waste dump!

Me: OH MY GOD! DOUBLE D YOU SMELL HORRIBLE!

Motormaster: (to Double D) Do I even want to know what you were rolling around in?!

Eddy: "Pee-yew! You reek, Sockhead."

Ed: "He smells worser than the sandwich under my bed, Eddy!" [He proceeds to eat some gunk off his dirty friend.]

Eddy: "(Laughs) You got that right, Lumpy! Or like your three-month-old gym socks." [Ed has his nose pinched.]

Ed: "Or like my head on a rainy day, huh, Eddy?"

Burnswamp: Whoever's the owner of the crazed Double D, you forgot to let him take his daily shower.

Me: That's right. Lets take him outside and clean him up.

Lisa brought a washtub and we took him outside to get clean and we had nose plugs on.

Me: Geez Double D you are a walking cesspool!

Linka: No kidding and that is putting it mildly!

Edd: "Ha ha ha, very funny. Can we get on with this, please?"

Double D was standing in a washtub and Dark Spicer turned into Death Drench.

Ed: [pulling out a grater] "Let's get that custard out of your belly button, mister!"

[Edd shivers as Ed approaches.]

Eddy: "Wait, Ed. Lemme go get a camera!" [He laughs.]

Death Drench was using his water powers to wash Double D.

Rodimus Prime: How is it that you can kick ass in your Iron Boy armor yet you freak out over a shower?

Edd: No idea.

We were scrubbing him all over the place and cleaning him all over and really rubbing him with soap, water, and all that.

---

Later we were back in the Simulator for part 9 of our adventure. We were in Victorian London circa 1900.

Nico: Here we are guys.

Me: Victorian Era London, England in 1900.

Lincoln: It's a beautiful night and the Victorian Era is now in full swing and it's the dawn of a new century.

Laney: Yep the 21st Century is just starting here.

Lana: Long time ago huh?

Lola: 120 years ago. We're here to visit the world of Peter Pan.

Lana: One of my all time favorite movies.

Aqua: One of my favorite worlds out of all the worlds we went to on our journeys.

Kairi: It's amazing.

Eli: It sure is and I can't wait to face that codfish Captain Hook.

Nunnally: Me too.

Nico: Which was your favorite version of Peter Pan, J.D.?

Me: I liked all of them and I was able to figure out when they all took place. Peter Pan from 1953 took place here in the year 1900. Peter

Pan 2: Return to Neverland took place in 1940 during the Blitzkrieg.

Hunter: (German Accent) During World War II. That was 40 years later.

Nico: Awful time. And Hook from 1991 takes place in 1991.

Lincoln: Wow.

Sora: It'll be awesome to see Wendy and Peter again.

Eli: And Tink too.

Me: Lets head for the Darling House.

We walked and went to find the Darling House and we got there.

Narrator: All this has happened before. And it will all happen again. But this time it happened in London. It happened on a quiet street in Bloomsbury. That corner house over there is the home of the Darling family. And Peter Pan chose this particular house… because there were people here who believed in him. There was Mrs. Darling.

Mary: George, dear, do hurry. We mustn't be late for the party, you know.

Narrator: Mrs. Darling believed that Peter Pan was the spirit of youth. But Mr. Darling…

George: Mary, unless I find my cuff links, we don't go to the party. And if we don't go to the party, I can never show my face in the office again. And if I can never… Ouch!

Narrator: Well, Mr Darling was a practical man. The boys, however, John and Michael, believed Peter Pan was a real person., and made him the hero of all their nursery games.

We got to the Darling House.

Me: Nice place they live in.

Lincoln: Lets head to the roof.

We jumped and landed onto the roof.

John: (as Captain Hook) Blast you, Peter Pan!

Michael: Take that! Give up, Captain Hook? Give up?

John: Never! I'll teach you to cut off me hand!

Wendy: Oh, no, John. It was the left hand.

John: Oh, yes. Thank you, Wendy.

Me: (Laughs) Brings back memories.

Lincoln: So cool.

Narrator: Wendy, the eldest, not only believed… she was the supreme authority on Peter Pan… and all his marvelous adventures.

Wendy: Oh, Nana, must we always take that nasty tonic?

Narrator: Nana, the nursemaid, being a dog… kept her opinions to herself… and viewed the whole affair with a certain tolerance.

Lola: That dog is helpful.

Michael: Take that!

John: Insolent boy! I'll slash you to ribbons!

Michael: And I'll cut you to pieces. Aha!

John: Ouch! Careful, Michael, my glasses.

Michael: I'm sorry, John.

John: You'll never leave this ship alive!

Michael: Oh, yes, I will. Take that!

John: Scuttle me bones, boy, I'll slit your gizzard.

Michael: Oh, no, you won't. Back, back, back, you villain!

John: Insolent pup!

Michael: Wicked pirate!

John: Aha, I got ya.

Michael: You didn't either. You never touched me. Take that and that! And that!

John: Uuuughhh!

George: Boys, boys, less noise, please.

Me: Oh boy not him.

John: Oh, hello, Father.

Michael: You old bilge rat.

George: Wh-Wh-What? Now, see here, Michael…

John: Oh, not you, Father. You see, he's Peter Pan.

Michael: And John's Captain Hook.

George: Yes, yes, of course. Uh, have you seen my cuff… Oh, Nana, for goodness sake! Where are those cuff links?

John: Cuff links, Father?

George: Yes, the gold ones.

John: Michael, the buried treasure. Where is it?

Michael: I don't know.

John: The map then. Where's the treasure map?

Michael: It got lost.

George: Good heavens, my shirt front!

Michael: Hurray! You found it! You found it!

George: Yes, so I have. And hereafter… Don't paw me, Michael. This is my last clean… No… NO!

Mary: George, dear, we really must hurry or we'll be late…

George: Mary, look!

Mary: George.

Michael: It's only chalk, Father.

Mary: Why, Michael.

John: It's not his fault. It's in the story. And Wendy says…

George: Wendy? Story? I might have known. Wendy?! Wendy!

Wendy: Yes, Father?

Mary: George Would you kindly ex…

Wendy: Oh, Mother! You look simply lovely.

Mary: Thank you, dear.

George: Wendy.

Mary: Just my old gown made over. But it did turn out rather nicely, didn't…

George: Mary, if you don't mind. I'd like…

Wendy: Why, Father, what have you done to your shirt?

George: What have I… Ohhh!

Mary: Now, George, really. It comes right off.

George: That's no excuse. Wendy, haven't I warned you? Stuffing the boys' heads with a lot of silly stories.

Wendy: Oh, but they aren't.

George: I say they are. Captain Crook! Peter Pirate!

Wendy: Peter Pan, Father.

George: Pan! Pirate! Poppycock!

Wendy: Oh, no, Father. Father, have you…

John: Oh, you don't understand.

George: Absolute poppycock! And let me tell you, this ridiculous…

Mary: Now, George.

George: "Now, George." "Now, George"! Well, "Now, George," will have his say!

Mary: Please, dear.

George: Mary, the child's growing up. It's high time she had a room of her own.

Wendy: Father!

Mary: George!

John: What?

Michael: No!

Me: Okay that is it!

We swooped in.

Me: Looks like we have a parental dispute here.

Sora: Someone call for a hero?

John: Sora!

Michael: Sora it's great to see you!

Sora: John and Michael it's great to see you again.

Wendy: Sora! Wow! You are looking great. Guys it's great to see you all again.

Me: Same here Wendy.

Mary: My goodness. Team Loud Phoenix Storm. It's an honor to finally meet you and it's an honor to meet the famous Keyblade Hero.

Me: Pleasure to meet you too Mrs. Darling. We're sorry for coming in like this but we heard some fighting with George the Tyrant here.

George: NO! Wendy is getting her own room and I mean it! Young lady, this is your last night in the nursery. And that's my last word on the matter… (Steps on a skate) No! No! (Crashes into the wall)

Nelson Muntz: HA HA!

Mary, Wendy, John and Michael: Oh! (They went over to Nana) Poor Nana.

George: "Poor Nana"? This is the last straw! Out! Out, I say!

Michael: No, Father, no!

I then went over and grabbed him by his cummerbund.

Me: YOU SHUT THE HECK UP!

George: WHO DO YOU THINK YOU ARE TALKING TO ME LIKE THAT!?

Me: Someone who is going to make sure you don't become a control freak and a tyrant you bad parent!

George: HOW DARE YOU!?

I had him look into my eyes and he looked into a Penance Stare glare and he was scared out of his mind.

Me: (Menacingly) QUIET.

I scared him so badly that he was curled up in a fetal position and he was shaking out of his mind in insane fear.

Nico: Good riddance.

Laney tied him up in a straitjacket.

Wendy: But, Mother, I don't want to grow up.

Mary: Now, dear, don't worry about it any more tonight.

John: He called Peter Pan "absolute poppycock."

Mary: I'm sure he didn't mean it, John. Father was just upset.

Me: I think his party is a waste of time. How can you even stand being with a guy like him?

Mary: You're right J.D. What George is doing is insane and he is a monster. So I'm gonna move out with the kids with you guys.

Nico: Awesome.

Michael: Mother.

Mary: What is it, dear?

Michael: Buried treasure.

He pulled out two cufflinks.

Mary: Now, children. Don't judge your father too harshly. After all, he may be crazy but he really loves you very much.

Wendy: Oh, don't lock it, Mother. He might come back.

Mary: "He"?

Wendy: Yes, uh, Peter Pan. You see, I found something that belongs to him.

Mary: Oh? And what's that?

Wendy: His shadow.

Mary: "Shadow"?

Me: Peter has a habit of losing his shadow.

Wendy: Mmm, yes and Nana had it. But I… I took it away.

Mary: I see. Yes, of course. Watch over them for me J.D. and everyone.

Me: We will.

Mary left.

Then we saw a figure come in and it was Peter Pan! A bright light was with him and it was Tinkerbell.

Me: There he is.

Peter Pan: Over there, Tink, in its den.

Tink looked.

Peter Pan: Is it there? (Tink shook her head for no) Must be here somewhere. (They kept looking) (Peter looked in a toy box and Tink looked in a music box) Tink! Shh! Stop playing and help me find my shadow. Shadow. Oh, shadow. (Tink then went to a shaking drawer) (Tink then called Peter) Huh? Aha!

He opened the Drawer and the Shadow came out and he tried to grab it. It woke Wendy up.

Wendy: Peter Pan! Oh, Peter! I knew you'd come back. I saved your shadow for you. Oh, I do hope it isn't rumpled. You know, you look exactly the way I thought you would. Oh, a little taller perhaps. But then… Oh, you can't stick it on with soap, Peter. It needs sewing. (Pulls out Needle and thread) That's the proper way to do it. Although, come to think of it, I've never thought about it before. Uh, sewing shadows, I mean. Of course, I knew it was your shadow the minute I saw it. And I said to myself, I said, "I'll put it away for him until he comes back. Oh, he's sure to come back." And you did, didn't you, Peter? After all, one can't leave his shadow lying about and not miss it sooner or later. Uh, don't you agree? But what I still don't understand is how Nana got it in the first place. She really isn't… Oh, sit down. It won't take long. She really isn't vicious, you know. She's a wonderful nurse. - Although Father says…

Peter: Girls talk too much.

Wendy: Yes, girls talk too… Hmm? Oh.

Peter Pan: Well, get on with it, girl.

Wendy: Uh, my name is Wendy. - Uh, Wendy Moira Angela Darling…

Peter: Wendy's enough.

Wendy: Oh, uh, but how did Nana get your shadow, Peter?

Peter: Jumped at me the other night at the window.

Wendy: Well, what were you doing there?

Peter: I came to listen to the stories.

Wendy: My stories? - But they're all about you.

Peter: Of course. That's why I like 'em. (Plays Panflute) I tell 'em to the Lost Boys.

Wendy: The Lost Boys… Oh, I remember. They're your men.

Peter: Uh-huh.

Wendy: I'm so glad you came back tonight. I might never have seen you.

Peter: Why?

Wendy: Because I have to grow up tomorrow.

Peter: Grow up!

Wendy: Tonight's my last night in the nursery.

Peter: But that means no more stories.

Wendy: Mm-hmm.

Peter: No! I won't have it. Come on!

Wendy: Bu-Bu-But where are we going?

Peter: To Never Land.

Wendy: Never Land!

Peter: You'll never grow up there.

Wendy: Oh, Peter, it will be so wonderful. But wait. What would Mother say?

Peter: Mother? What's Mother?

Wendy: Why, Peter, a mother is someone who… who loves and cares for you. And… And tells you stories…

Peter: Good! You can be our mother. Come on.

Wendy: Now, just a minute, I… Let me see now. L-I have to pack. Oh, and I must leave a note for when I'll be back. Of course, I couldn't stay too long. And then I'll have to… Oh, but Never Land. Oh, I… I-I'm so happy I… I think I'll give you a… a kiss.

Tinkerbell gasped in shock.

Peter: What's a… a kiss?

Wendy: Oh, well, uh, I-I'll show you. (Tink pulls on her) Oh!

Peter: Stop! Stop it, Tink!

The commotion woke up Wendy's brothers and we came in.

Michael: John, John, wake up! He's here.

John: Huh? Jiminy!

Wendy: Ooh, what in the world was that?

Peter: Tinker Bell. Don't know what got into her.

Me: Hey Peter, its been a while.

Peter: J.D.! Wow you are looking great!

Me: How have things been?

Peter: Been doing great. I see your group got bigger since the last time we saw each other.

Me: Our group has gotten bigger a lot.

Eli: It's a pleasure to meet you Peter. My name is Eli.

Peter: Pleasure to meet you.

Michael: Hello, Peter Pan. I'm Michael.

John: And my name is John. How do you do?

Peter: Hello.

Michael: Oh, look, a firefly.

Wendy: A pixie.

John: Amazing!

Tink said some nasty things.

Michael: What's the pixie doing?

Peter: Talking.

Wendy: What did she say?

Peter: She says you're a big, ugly girl. (They laugh)

Me: (Scolds) Tink!

Eli: That's not nice!

Tink then saw me and everyone.

Tink: (Gasp) Guys!

She flew over to us and landed on my hand.

Me: Its been a while Tink.

Nico: Looking good though.

Wendy: Oh. Well, I think she's lovely.

Peter: Well, come on, Wendy, let's go.

Wendy: Where are we going?

Peter: To Never Land.

Michael: Never Land!

Wendy: Peter's taking us.

Peter: "Us"?

Wendy: Well, of course. I-I couldn't go without Michael and John.

John: Oh, I should like very much to cross swords with some real buccaneers.

Michael: Yes, and fight pirates too.

Me: And I can't wait to let Captain Hook have it.

Nico: We all can.

Peter: Well, all right, but ya gotta take orders.

Me: From Peter and us.

John: Aye, aye, sir.

Michael: Me too.

Wendy: But, Peter, how do we get to Never Land?

Peter: Fly, of course.

Wendy: "Fly"?

Peter: It's easy. All you have to do is to… is to… is to… Ha! That's funny.

Wendy: What's the matter? Don't you know?

Peter: Oh, sure. It's… It's just that I never thought about it before. Say, that's it! You think of a wonderful thought.

Wendy and John: Any happy, little thought?

Peter: Uh-huh.

Wendy: Like toys at Christmas?

John: Sleigh bells, snow?

Peter: Yep! Watch me now. Here I go! It's easier than pie.

Peter was flying!

Wendy: He can fly!

John: He can fly!

Michael: He flewed!

Peter: Now you try.

Wendy: I'll think of a mermaid lagoon… underneath a magic moon.

Me: That's a beautiful thought.

John: I'll think I'm in a pirate's cave.

Michael: I think I'll be an Indian brave.

Laney: Those are all great thoughts!

Me: Some of us already can fly. We have wings and can fly on our own.

Kairi: It's true.

Peter: I remember that. Now everybody try. One, two, three!

Peter threw them.

Wendy, Michael and John: We can fly! We can fly! We can fly!

They fell and we caught them.

Me: Whoa! That was a close one.

Varie: You all okay?

Michael: Yeah.

Tink laughed silly.

Eli: Tink that's enough!

Applejack: (Cowboy accent) Stop acting like a rattlesnake in a pickle barrel.

Peter: This won't do. What's the matter with you? All it takes is faith and trust. Oh! And something I forgot. Dust!

Wendy and John: Dust?

John: Dust?

Laney: Let me guess. Fairy Dust.

Peter: (Grabs Tink) Yep, just a little bit of pixie dust.

He sprinkled them with dust from Tink.

Me: Lets make it permanent.

Irena then handed me a bag.

Irena: Here J.D. Just sprinkle them with this and they will fly forever.

Me: Awesome. Thanks Irena.

I take the bag of dust.

Arpeggio: (to Irena) (British Accent) You should use your Fairy Dust on those of us who can't fly.

Irena: Good idea.

Me: First.

I pulled out some dust from Irena.

Me: Ready guys?

Wendy: Ready.

I blew the dust all over John, Michael, Wendy and Nana.

Peter: Now, think of the happiest things. It's the same as having wings.

They thought of something happy and they were floating and flying!

Wendy: Let's all try it just once more.

John: Look! We're rising off the floor.

Michael: Jiminy!

Wendy: Oh, my! We can fly!

Peter: You can fly!

Kids: We can fly!

Me: Wow! It works!

Nico: That is so cool!

Lily: It sure is!

Me: Okay now those that Can't fly stand over here. (Points to a spot)

Those that can't fly stood away from everyone and I blew the dust all over them and they thought of wonderful thoughts and they were flying as well!

Riku: Wow! It works!

William: This is incredible!

Venom: So much fun!

Edwayl: (Breton Accent) This is so amazing lads!

Harry Potter: (British Accent) This is amazing!

Michael: Come on, Nana!

Peter Pan: Come on, everybody. Here we go! Off to Never Land!

Me: Lets fly!

We were flying off to Neverland!

Chorus: Think of a wonderful thought

Any merry little thought

Think of Christmas

Think of snow

Think of sleigh bells

Off you go like reindeer in the sky

You can fly, you can fly You can fly

Think of the happiest things

It's the same as having wings

Take the path that moonbeams make

If the moon is still awake you'll see him wink his eye

You can fly, you can fly You can fly

Up you go with a heigh and ho

To the stars beyond the blue

There's a Never Land waiting for you

Where all your happy dreams come true

Every dream that you dream will come true

When there's a smile in your heart

There's no better time to start

Think of all thejoy you'll find

When you leave the world behind and bid your cares goodbye

You can fly, you can fly You can fly, you can fly You can fly

We were flying and stood on Big Ben.

Peter: There it is, Wendy. Second star to the right and straight on till morning.

We saw a twinkling star in the sky and we resumed flying.

When there's a smile in your heart

There's no better time to start

Think of all thejoy you'll find when you leave the world behind

And bid your cares goodbye

You can fly, you can fly You can fly, you can fly You can fly You can fly, you can fly You can fly

We arrived at Neverland at Sunrise.

But on a Pirate Ship in a cove, was the crew of none other than the nefarious and ruthless CAPTAIN JAMES HOOK!

Captain James Bartholomew Hook, also known as Captain James Hook, simply known as James Hook, or also more commonly known across popular media as Captain Hook, is the main antagonist of Disney's Peter Pan franchise, one of the secondary antagonists in Mickey's House of Villains, the main antagonist of the Disney Fairies movie The Pirate Fairy, and the main antagonist of the Disney Junior show Jake and the Never Land Pirates. He is Peter Pan and Jake's arch-nemesis.

In the original film, he was voiced by the late Hans Conried, who also played George Darling in the same film, and the Grinch in Halloween is Grinch Night. In the sequel and Kingdom Hearts series and in Jake and the Never Land Pirates, he was voiced by Corey Burton, who also played Count Dooku in the Star Wars: The Clone Wars, Onus in Disney's Treasure Planet, Quint in Disney's Timon & Pumbaa, Jones in Disney's Tarzan, and Shan Yu in Kingdom Hearts II. In The Pirate Fairy, he was voiced by Tom Hiddleston, who also played Loki in the MCU, and Lord Nooth in The Early Man.

Captain James Hook is a raucous, vengeful, cacophonous, manipulative, but sophisticated pirate. He used to simply enjoy treasure hunting, but along the way, he had a skirmish with Peter Pan, losing his left hand at one point, it being fed to Tick-Tock the saltwater crocodile and a giant octopus. This brought out two sides of Hook, him hating Peter Pan and relentlessly hunting him, but also developing paranoid fears of Tick-Tock and the Octopus that bordered on insanity; so as to be fair, Tick-Tock enjoyed the flavor of his hand and has been stalking Hook ever since, wanting to devour the rest of the pirate. Hook is clearly psychopathic and demented, viewing his pirates as pawns, disposing of them if they so much as mildly annoy him.

Despite his infanticidal declarations, Hook is partly devoid of human traits. He often commits acts of villainy that seem to stem from a deep-seated desire for respect and adulation. He also seems to genuinely enjoy having Smee around. Contrary to most main antagonists, Hook sees Smee as a true friend, talking with and relaxing with his assistant, and does not often use fear and intimidation to bully him. Smee (in turn) generally enjoys helping Hook, but if Hook is in over his head, Smee does tend to desert him. Hook also can be a bit of a vainglorious blabbermouth, and his short temper can and does cloud his better judgment as well.

Because of this, Peter Pan does not see Hook as much of a threat, but more an object of ridicule. He also seemed to enjoy fighting Peter Pan, and while willing to kill him, Hook nonetheless took his hat off when he thought he had murdered him, with a moment of sadness, he stated Pan as being a worthy adversary and mourned his loss. Despite his shortcomings, Hook is still a very vile, arrogant, and unpropitious man, wanting to commit acts of terrorism and blow Peter Pan up, or cut him in half, or kill him in any gruesome way he can. He also lies, cheats, and backstabs others for his personal gain, and despite a few quirky mannerisms, he remains a loathsome and cruel person.

Despite his backstabbing and treacherous nature, he claims that he will never break a promise, but will sometimes find loopholes, such as a promise he made to Tinker Bell about not laying a finger (or a hook) on Peter if they find his hideout. This has been proven to be true as instead of harming him himself, Hook leaves a bomb for Peter.

## Appearance

Captain James Hook is tall, slender, elegant, has long black hair, brown eyes, a big chin, a Roman nose, thick black eyebrows, and is thinly mustachioed (he sometimes has a five-o-clock shadow). He always puts a lot of time into his appearance, has a crimson hat with a big lavender feather, and a long expensive-looking red coat. Under his coat, he wears a pink shirt. On his left arm is a sliver hook for a hand. Despite his skinny and frail appearance, Hook is actually physically much stronger than he looks, shown when he lifts the rather corpulent Smee and throws Starkey off the ship, both using only his arm with the hook as well as lifting Tiger Lily with only his arm with the hook while she was tied to an anchor.

## History

In the movie which is set before any of the Peter Pan films he was simply referred to as James. Before the events of Peter Pan, James was originally first shown to be a cabin boy. He was seen with a few pirates complimenting Zarina about her plan on stealing the blue pixie dust. At first, it appeared that Zarina was the captain of the pirate crew as well as James' best friend. However, after Zarina taught him how to fly, James revealed himself to be the true villain by locking Zarina in a glass lantern and that he was the real captain of the ship.

His goal was to use the Pixie Dust Tree to make his ship fly out of Never Land and pillage towns. While Tinker Bell and her friends recovered the blue pixie dust, James tells them to give it to him or that he'd drown Zarina in the ocean. After getting it back, he throws Zarina in the ocean anyway. During the final battle, Zarina overflows James with pixie dust, causing him to fly out of control, falling into the ocean, and getting bitten by Tick-Tock (as a baby). In the epilogue, he meets Mr. Smee for the first time and tells him to help him out of the water.

## Peter Pan

The best-known version of Captain Hook appeared in the 1953 Disney animated film Peter Pan, where he became one of Disney's most memorable villain characters. When Hook is first seen, he is plotting his revenge against Peter for the incident with his hand. He is seen looking for the location of Peter's hideout, and he (along with Mr. Smee) abduct the native princess Tiger Lily, believing that she may have such information. They interrogate her at Skull Island, but are thwarted by Peter and the crocodile that ate Hook's hand.

Later on, Hook finds out that Peter had banished Tinker Bell for her attempt on killing Wendy, and uses the situation to his advantage. He gets Smee to bring Tinkerbell to the ship, and Hook goads her into revealing Peter's hideout. However, Tinkerbell makes Hook swear he won't lay a hand (or hook) on Peter. After his crew abducts

Wendy, John, Michael, and the Lost Boys, Hook places a time bomb disguised as a present in the hideout, initially breaking his promise. With the help of Tinker Bell, though, Peter survives, and he goes back to the ship to confront Hook and free the others. Hook and Peter engage in a long battle, but Hook and his crew are ultimately defeated, and Hook is seen swimming for his life from the crocodile.

## Return to Neverland

In the 2002 animated sequel Return to Never Land, Hook kidnapped Wendy's daughter Jane and took her as leverage to try and get what he wanted he knew where Peter Pan first met Wendy. When he found out that she did not want to be at Never Land, Hook promises her that if she would help him with what he wanted that he would help her with what he wanted. To do so, he made up a story in which he claims that he wants to see his "Dear Sweet Mother" back home so they would have common ground. After kidnapping Peter Pan and the Lost Boys, Jane and Tinker Bell (who was brought back to life) came in to retaliate. He is defeated by Peter and once again falls prey to an orange octopus, bizarrely familiar to the ticking crocodile from the first, and flees while the main protagonists celebrate their victory. It is unknown if Hook was eaten alive by the octopus or not. But he did survive, just like the crocodile that he and his crew run in terror.

## Jake and the Never Land Pirates

Captain Hook acts as Jake's archenemy in Jake and the Never Land Pirates. Like the movies, he is the boss of Smee and has two other henchmen named, Sharky and Bones. Unlike the movie version, however, Hook has less of his crew and is more playful in this version.

## House of Mouse

Captain Hook is also in the House of Mouse guest.

## House of Villains

Captain Hooks wants to take over to the House of Mouse and sing the song "is Our House Now". However, he and the all of the other villains (except Jafar) immediately scatter out the House before the House of Mouse is restored once again.

## Cameos

Hook made a guest cameo at the end of the second episode of Raw Toonage, in which Don Karnage was hosting a segment on treasure hunting. When Karnage finds the treasure chest in question, Hook appears and claims it as his own. They then engage in a swordfight, which Hook wins by pinning Karnage to a tree. Hook makes a brief appearance in the animated short Electric Holiday, watching in the crowd as Cruella De Vil walked down the runaway in a fashion show. A portrait of Hook can be seen in the first episode of the miniseries Descendants: Wicked World.

## Kingdom Hearts Series

He uses his pirate ship to get himself between worlds. He appeared in the original Kingdom Hearts, Kingdom Hearts: Birth by Sleep, the prequel to Kingdom Hearts, Chain of Memories, and 358/2 Days.

Hook appears in the game series prequel, Kingdom Hearts: Birth by Sleep, where he tricks Terra into attempting to kill Peter Pan for him. He later kidnaps Tinker Bell and takes Mickey Mouse's star fragment, but is defeated by Ventus and thrown into the water, where the crocodile chases him off. He eventually became one of the Disney villains to join Maleficent's group.

He takes Riku along with him, where Kairi is being held. Hook does not like Riku's bossiness and regrets taking him along; nonetheless, he follows his orders, as Riku now has control over the Heartless and would most likely unleash them on him should he disobey. When Sora, Donald, and Goofy arrive in Never Land, Riku throws them in the hold where they meet and escape with Peter Pan, who is searching for his friend Wendy. Captain Hook believed that Wendy was a "Princess of Heart" and that is why he captured her. However, Riku reports to him from Maleficent that Wendy is not a Princess of Heart at all, irritating Hook (he hints that kidnapping Wendy was a very difficult task). After defeating the Heartless below deck, Sora fights a copy of himself summoned by Riku in Hook's office. After confronting Hook on the deck, learning that Riku took

Kairi to Hollow Bastion, Sora and company are forced to surrender when Hook uses Tinker Bell as a hostage. When the crocodile appears, Hook flees to his office while telling Smee to have their prisoners walk the plank. However, Peter Pan returns to save Sora before using his Smee imitation to trick Hook out to the deck, resulting in the villain being thrown overboard and chased into the horizon by the crocodile.

In Kingdom Hearts: Chain of Memories, Hook appears as a figment of Sora and Riku's memories and is absent in Kingdom Hearts II.

Hook later reappears in Kingdom Hearts 358/2 Days, finding a large amount of treasure maps all leading to boxes that are actually set to release Heartless once Hook opens the chest (unknown to Hook and Smee, however, is that these chests were set up to help build Pete's Heartless army).

His Japanese voice actor was the late Chikao Ōhtsuka up until Kingdom Hearts: Birth by Sleep, where Chikao Ōhtsuka was cast as Master Xehanort and Hook was thus voiced by Naoya Uchida. His English voice actor was Corey Burton.

Pirates: (Singing) Oh, a pirate's life is a wonderful life A- rovin'over the sea. Give me a career as a buccaneer. It's the life of a pirate for me, oh The life of a pirate for me. Oh, a pirate's life is a wonderful life They never bury your bones For when it's all over a jolly sea rover drops in on his friend, Davy Jones.

Oh, my good friend Davy Jones

Smee: Good morning, shipmates.

Pirate 1: And what's good about it, Mr Smee?

Pirate 2: Here we are, collecting barnacles on this miserable island.

Pirate 3: While his nibs plays ring-around-the-rosy with Peter Pan.

Pirates: Look out. It might go off. We ought to be tending to the business of looting ships. Why, I've almost forgotten how to slit a throat. - Better hop it. - And tell the captain… we wants to put to sea, see? Peter Pan…

Captain Hook: Blast that Peter Pan! If I could only find his hideout, I'd trap him in his lair. But where is it? Mermaid Lagoon? No, we've searched that. We've combed Cannibal Cove. H-Here! No. No, no, no! That's Indian terri… But wait. Those redskins know this island better than I do me own ship. Ah… I wonder.

Smee: Good morning, Captain.

Captain Hook: I've got it! Tiger Lily, Smee!

Smee: T-Tiger Lily, Captain?

Captain Hook: The Chief's daughter. She'll know where Pan is hiding.

Smee: B-B-But, but will she talk, Captain?

Captain Hook: Oh, a little persuasion might be in order. Now let me see. Boiling in oil? Keelhauling? Marooning?

Crows Nest Pirate: A pirate's life is a wonderful l-life You'll find adventure and sport But live every minute for all that is in it The life of a pirate is short. Oh, the life…

BANG!

A pirate falls dead into the water.

Captain Hook: Now let me see, where was I?

Smee: Oh, dear, dear, dear Captain Hook. Shooting a man in the middle of his cadenza? It ain't good form, you know.

Captain Hook: "Good form," Mr Smee? Blast good form! Did Pan show good form when he did this to me?

Smee: Why, Captain, cutting your hand off was only a childish prank, you might say.

Captain Hook: Aye! But throwing it to the crocodile! That cursed beast liked the taste of me so well… he's followed me ever since, licking his chops… for the rest of me.

Smee: And he'd have had you by now, Captain… if he hadn't swallowed that alarm clock. But now when he's about, he warns ya as ya might say with his tick-tock… tick-tock, tick-tock.

Loud Ticking was heard and Smee and Captain Hook reacted as they found out that Tick-Tock the Crocodile was heard and he stuck his head out and licked his lips for Hook. He was hungry.

Captain Hook: Smee? Smee! Oh, save me, Smee! Please, don't let him get me, Smee! Please, don't let him get me, Smee! Smee!

Smee: Here now, shame on ya. Upsettin' the poor Captain. There'll be no handouts today. Shoo now, shoo! Go on, go on, off it. Off with ya, I say, go away, go away, out of here.

The crocodile left in a huff.

Captain Hook: Is he gone, Smee?

Smee: Aye, Captain, all clear. Nothin' to worry about.

Captain Hook: Oh, Smee, Smee. I can't stand it any longer. I tell you, I can't.

Smee: Now, now, now, now, Captain. Just relax. What you need is a shave. A nice soothing shave. There now. Oh, a pirate's life is a wonderful life A- sailing over the sea Give me a career as a… Captain, you know, I can't help noticin'… you just ain't been your usual jolly self of late. Give me a career as a buccaneer And the crew's gettin' a might uneasy, Captain.

Captain Hook: That is, what's left of it.

Smee: Now, why don't we put to sea, see? Leave Never Land. Forget Peter Pan. There now! Give me a career as a buccaneer We'd all be a lot happier, not to mention a lot healthier. Captain? Oh, dear! I never shaved him this close before. Now, don't worry, Captain. L-It must be somewhere about.

Captain Hook: Get up, you idiot!

Smee: Aye, aye, sir. Ooh! I found it, Captain. - Good as new.

Captain Hook: Why, you blithering blockhead!

Pirate: Peter Pan ahoy!

Captain Hook: What? What? Where away?

Pirate: Three points off the starboard bow!

Captain Hook: Swoggle me eyes! It is Pan! Headed this way with some more of those scurvy brats and oh no! Team Loud Phoenix Storm and those swashbuckling keyblade brats are with him! Mr Smee, pipe up the crew!

Smee: A-Aye, aye, sir. Uh, pipe up the crew. Uh, pipe up the crew. All hands on deck! (Blows Whistle) All hands on deck! (Blows Whistle) All hands on deck! (Whistle) All hands on deck! (Whistle)

Captain Hook: Look alive, you swabs! - We've got him this time, Mr Smee. - That we have, Captain. Man the Long Tom, you bilge rats! - I've waited years for this. - That's not countin' the holidays either. Double the powder and shorten the fuse! Shorten the powder and double the fuse! A pretty sight, Mr Smee. We'll pot 'em like sitting ducks.

We were on some clouds.

Captain Hook: All right, men! Range 42.

Smee: "Range 42."

Captain Hook: Elevation 65. -

Smee: Elevation 65."

Captain Hook: Three degrees west.

Smee: "Three degrees west." Steady now! Steady!

We saw Neverland.

Me: Wow! It's beautiful as I remember.

Aqua: It sure is. It's as beautiful as I remember when we were here the last time.

Wendy: Oh, Peter, it's just as I've always dreamed it would be.

Charmcaster: So this is Neverland?

Nico: It sure is.

Wendy: Oh, look, John, there's Mermaid Lagoon.

John: By Jove!

Varie: It's beautiful.

Wendy: And the Indian encampment!

Woya: Maybe some of my people live there.

Me: Maybe.

Michael: Oh, look, there's Captain Hook and the pirates.

BANG!

He fired a cannonball at us.

Me: INCOMING FIRE!

A cannonball was coming at us.

Peter: Look out!

We ducked.

Me: If it's a fight he wants it's a fight he's going to get!

Nico: Time to spill some blood!

Peter Pan: You guys can do whatever you want with Hook. But go easy on Smee, ok? He's actually a nice guy.

Scream: We weren't even planning to do anything bad to Smee to begin with.

Me: Right he's a nice guy. Peter, you go get your Lost Boys and prepare for battle.

Peter Pan: Right.

Me: Lets go! CHARGE!

Eli: CHARGE!

We flew down and Peter had his sword drawn and we went onto the ship and we landed.

Proto Man: (to Hook's Pirates) Hi. Can you tell us where the Captain's table is?

I slashed a bunch of men apart.

But then a PHANTOM HEARTLESS appeared!

---

The Phantom is an Emblem Heartless that can be found exclusively as a boss in Kingdom Hearts.

The Phantom wears a long, tattered, black cloak with long sleeves that gradates into a light aqua color from the waist down. It has a long, pointed hood and it doesn't seem to have a face or body of any kind. Only its clawed, five-fingered hands are visible, but even they seem to be wrapped in the cloak.

The apparent source of its power is an orb that contains its heart in the lower section of the cloak. This orb glows in a different color-red, blue, yellow, and white-depending on the type of attack it is currently vulnerable to. The orb can also disappear entirely for short periods of time. The Heartless emblem is displayed on its back.

In Kingdom Hearts Final Mix, the Phantom is largely unchanged, though its cloak is now predominantly white with black sleeves decorated by a flame-like pattern.

The Phantom is physically similar to the description of Lord Ombra (minus the heart orb) from the book Peter and the Shadow Thieves, a continuation of the Peter Pan mythos published by Disney. Lord Ombra is also a character clad in a dark cloak with seemingly nothing under it.

---

Shade Man: (Transylvanian Accent) Phantom Heartless? It actually looks pretty cool.

Me: Too bad we couldn't face this one in Halloween Town.

Sora then felt a familiar presence.

Sora: Kairi's Past self is here!

?: Not for long.

We turned and we saw DARK RIKU!

---

Kingdom Hearts

In the first Kingdom Hearts game, Riku lived on the Destiny Islands, and his best friends were Sora and Kairi. Riku was curious of what was beyond the Destiny Islands, and suggested that they build a boat and sail out to see what other worlds may be out there. Sora and Riku grew up together became best friends/rivals.

On the night they would have left, the Heartless attacked the Island, and Riku disappeared into a ball of dark energy, kidnapped by the darkness. Sora, meanwhile is whisked off to another town. In this town, Riku sees Sora with Donald and Goofy, and it doesn't take much for Maleficent to convince him that Sora had forgotten all about him for his new friends. This is all it takes for her to get Riku to join her. As the game goes on, Riku becomes more and more corrupted by the darkness, culminating in him allowing his very Heart to "become darkness" by allowing Ansem to possess him. When Sora learns of this he tries to purify Riku, but fails. At one point, Riku/Ansem is fought by Sora. In the end Sora defeats

Ansem, freeing Riku and they, along with King Mickey, lock Ansem behind the door of darkness from the inside. If only Riku's troubles ended there…

### Sora's Story

Sora encounters Riku in Castle Oblivion, but Riku acts like he had in the first game while under the influence of Maleficent and Ansem, and tells Sora to leave. Later on in the game, Sora said that he had promised to protect Naminé, while Riku believes that it was not Sora, but himself who made this promise. In the end, Riku discovers that he is in fact not the real Riku at all, just a copy made by Vexen. After learning this, he goes with Sora to fight Marluxia, and protects Naminé throughout the fight. Once Marluxia is defeated, the Riku Replica stays in Castle Oblivion.

### Riku's Story

In Riku's story, Riku starts out in a dark void. A voice tells him to rest, but Riku refuses, and ends up in Castle Oblivion. The levels Riku goes into are mostly the same as his, however, because he rejected his friends, he can only see people who are filled with darkness. Riku can still use his dark powers, though he tries not to for most of the game. Riku fights his Replica several times, before his memories are reset and he is sent to fight Sora. Throughout the game Ansem tries to get Riku to once again embrace the darkness. Riku does embrace the darkness, however, he does not accept Ansem, and fights him. Afterwards Riku does not go back to the Destiny Islands, but instead serves DiZ.

## Kingdom Hearts: 358/2 Days

Riku plays an important role in the game as a major character, and the final boss, though he is not usually considered as one, owing to the previous battle with Xion. There is some controversy on whether he is an anti-hero or simply an antagonist in this game. He is first seen on the bridge in Beast's Castle where he fights Xion. As a defeated Xion lies on the ground, Riku pulls off her hood and pulls up his blindfold to get a good look at her. When he sees her as Sora, he is shocked and begins asking her how she can use the Keyblade, calling it a sham and worthless. Angered, Xion demands what right he had to say such a thing and attacks him, only to be knocked down single-handedly. Riku then tells her to "find a new crowd". It can also be inferred that Riku still can't forgive himself for stepping into darkness when he told Xion, "You could say I am, the biggest nobody of them all.".

After Xion left the Organization, the two stayed away in Castle Oblivion. As Roxas and Axel continue to search for her around the worlds, they finally make contact in Twilight Town. Xion quickly takes her leave and Riku stays behind to distract them.

Xion turns into young Riku during a nightmare at Destiny Islands. While cradling Xion in his arms during her nightmare, Riku recalls his conversation with Naminé in the white room about her, discussing what has to be done for Sora to wake up. In addition to being with Xion during her nightmare, he is also in her nightmare alongside Zexion. Xion collapses in pain while hearing the hurtful and opprobrious speech Zexion gave Riku from Chain of Memories. She then turns into Roxas, Riku, and finally Sora. After Xion wakes upon Destiny Islands, she expresses her curiosity about "Sora and that girl he's always with", in which Riku tells her that Kairi is someone very special to Sora. He tells her that she is the reason Sora is unable to wake up because part of his memories are inside of her. Even though Xion is unsure of where she truly belongs and what the right choice is, Riku gives her some time to think about it. He is also seen conversing with DiZ next to the pod Sora sleeps in.

Riku is seen meeting with King Mickey in the forest outside the Old Mansion, where he has taken the form of Ansem. The King then calls the Keyblade to him, ready to fight, not knowing who he is. To let the King know it's him, Riku puts his blindfold on, which makes him return to normal, surprising the King. He informs Mickey that he will be fighting an Organization member soon, and may not survive, forcing the King to promise to protect Sora.

Riku is the final boss of the game, as the game ends with the battle between him and Roxas depicted in several scenes in Kingdom Hearts and Kingdom Hearts II, including the secret endings of Another Side, Another Story and Deep Dive. He also appears as a playable character in multiplayer mode. To unlock him, the player must play story mode up to day 171 and unlock the rank of Agent.

Kingdom Hearts II

In Kingdom Hearts II, Riku wanders the Worlds, and his appearance has changed to that of Ansem's after he willingly gave into the darkness. Riku saves Kairi in The World That Never Was. Because he has Ansem's appearance, Sora doesn't recognize him but Kairi shows him that it is Riku. Riku is able to return to his original body, and Sora asks him why he wears a blindfold, and Riku replies that he is hiding from himself. Riku discovers that his dark powers are mostly gone before the final battle.

Only Sora and Riku fight Xemnas, and by working together they are able to beat him, but by doing so they trap themselves in a void, which they escape from, only to end up in a world of complete darkness. However, Riku finds a bottle, with a message from Kairi on the dark beach, and this transports them back to the Destiny Islands, where Riku is welcomed back.

---

Me: Dark Riku!

Riku: I can't believe that this is the monster that I became. I was pure evil.

Dark Riku: So you all are here.

Me: Let Kairi go you bastard.

Nico: Yeah!

Dark Riku: Sorry but she is part of a greater good.

Me: Kidnapping is not for the greater good.

He then vanished in a portal of darkness.

Captain Hook: Well you all came.

Me: Captain James Hook. You're looking good since the last time we fought. Now we can finish you for good and make sure the world completely forgets you.

Nico: That's right!

Me: Where is Kairi!? Where has Dark Riku taken her!?

Captain Hook: To the ruins of Hollow Bastion, where Maleficent resides. But you won't be getting there.

Captain Hook shows a lantern with Tinker Bell imprisoned in it. Sora's group was shocked.

Me: You heartless bastard!

Captain Hook: Unless you intend to leave your little pixie friend behind?

Sora: No…

Sora's Keyblade disappears. Sora's group was surrounded by the Heartless.

Captain Hook: Hand over the Keyblade and I'll spare your lives. Be glad I'm merciful, unlike the Heartless. So, which will it be? The Keyblade, or the plank?

Me: How about option three: We kill you!

Nico: (to Captain Hook) We don't have a choice, do we?

Captain Hook: No. You don't.

Nico: Fine. You win. (holds up hands in surrender)

Peter Pan then gets behind Hook and grabs the lantern with Tink in it as he flies.

Captain Hook: What the!?

Me: Nice save Peter!

Peter Pan: Thanks J.D.

Me: You're welcome.

Captain Hook: I HATE YOU PAN!

His green aura flared up with incredible power!

Peter Pan: Whoa! That was intense!

Me: It's what happens when someone shows incredible hatred towards us. You want the Keyblade, Hook? You can take it when you pry it off of my cold fucking dead body!

Hook: With pleasure! (Unsheathes his sword)

Captain Hook charged at me and I dodged his strike and then he slashed my face with his hook and left a nasty cut on the right side of my face!

Me: (Screams in pain!)

I had blood pouring down my face and then Hook saw his hook melt off because of my blood!

Hook: What the fuck are you!?

Me: Your worse fucking nightmare!

I kicked him in the face and sent him crashing into the deck of the ship.

But then another heartless came out and it was ANTI-SORA - SORA'S EVIL TWIN!

---

Anti-Sora is a shadowy doppelganger of Sora, acting as a powerful boss in the Kingdom Hearts video game.

Anti-Sora can teleport in and out of shadows, duplicate itself and attack in a similar manner to Sora himself and comes with a considerable amount of health and attack power: like many doppelgangers Anti-Sora doesn't talk and is devoid of emotion, seeking only to destroy Sora and take his place.

Kingdom Hearts

When Sora encounters Riku on Captain Hook's ship, Riku reveals that he now has control over the Heartless. To prove it, he creates a Heartless replica of Sora before his eyes, and it throws them into the ship's brig. As Sora fights his way back to the ship's deck, he encounters many of these Shadow Soras, which only he can defeat.

However, the replicas have no weapons and often vanish before he can even attack them. Once Sora reaches the Captain's Cabin, Riku creates a more complete replica of Sora, this one able to wield a shadowy Keyblade. After being defeated, it fades back into darkness.

---

Sora: Anti-Sora!

Guts Man: Great! Now we have to deal with Anti-Sora as well!?

I fired blasts of energy and destroyed both Anti-Sora and the Phantom Heartless and obliterated them and we absorbed their negative energy and we received a massive power boost.

But then Number 7, Leonard the Pig King, Evil Green Ranger, Roquefort, Beautiful Gorgeous, and Atomic Skull appeared.

Me: Number 7, Leonard the Pig King, Evil Green Ranger, Roquefort, Beautiful Gorgeous, and Atomic Skull.

Evil Green Ranger: It's gonna be fun here.

Beautiful Gorgeous: I used to read all about Peter Pan all the time when I was a little girl and I loved the story.

Me: I think all of us do.

Roquefort: Don't worry. My Cheese Ninjas and Stickybeard's Candy Pirates will hold off Hook's pirates while we have our usual battles.

William: Hold them off? They'll fucking slaughter them.

Atomic Skull: And we've got good news. The others managed to recruit Weather Wizard, Villaman, and Wolf O'Donnell.

Evil Green Ranger: Right now, they're looking for Beetle and Cad Bane.

Me: Sweet! Glad you guys are looking for more recruits.

?: Lets bring the 4th down to them!

A figure came out and it was CENTIBACK from episode 123 of Mighty Morphin!

---

Centiback is a football player centipede monster. When Finster was making a mold for a centipede, an American football was accidentally mixed in and Centiback was created. Centiback subsequently turned Rito, Rocky's friend Alan, his uncle Joe, Bulk and Skull and his ranger teammates into American footballs. Using baskets that Alpha 5 had created, Ninjor and Rocky were able to 'reprogram' the explosive American footballs that triggered Centiback's attack to turn his victims back to normal and destroyed the monster with Ninja Megazord.

---

Rocky DeSantis: Centiback!

Centiback: Been a while rangers.

Me: I remember you! You turned all of Rocky's Friends and the entire football team, Bulk and Skull and the rest of the rangers into footballs and planted bombs all over the city.

Centiback: That's right. Good memory on you. Mistress Vypra was right about you J.D.

Me: Nice to know that I have made an impression.

Centiback just turned one of Hook's pirates into a football.

Rocky: Ok. That's one of the few times where we don't restore a victim of a monster's powers.

Centiback saw other pirates running at us, looks at the pirate turned football, and gets an idea.

Centiback: (to me) J.D., you know how to play Football, right?

Me: I sure do.

Centiback: Cool! Kick this.

Me: I think I see what you are gonna do.

He threw a football and I kicked it and it slammed into a pirate and he exploded in a massive pile of blood and guts.

Centiback: Nice kick!

Nico: Yeah!

Then Centiback tried to turn Hook into a football but he pulled one of his Pirates in front of the blast and he got turned into a football instead!

Maria: Did Hook just use one of his own pirates as a human shield?

Centiback: (glares at Hook) Hey! I did some pretty messed up things when I first fought the Rangers. But what you just did was pretty low!

Me: Very low! He has no honor at all!

Troy: Time for Hook to walk the plank!

Megaforce Rangers: Legendary Ranger Mode: Samurai!

The Megaforce Rangers turned into the Samurai Rangers.

Eli then did a call and he called forth mermaids from the Dark Side of the Legend and they ate the pirates and killed them.

Me: Nice one bro.

Eli: Thanks. I befriended some mermaids from the dark side of the legend.

Me: Good move on you.

Once we killed all of Hook's crew and all the pirates, we were facing Captain Hook himself. We spared Smee.

Me: Now it's just you and us Hook.

Applejack: (to Hook) Partner, you're one mean pirate!

Applejack had a sword of leaves ready and she was ready for a nasty fight.

Me: For over 300 years you have lived. Now you will pay for your crimes both here in Neverland and on Earth.

Applejack: I'll rough him up first and then you guys come in for the kill.

Apple Bloom: Show no mercy sis.

Applejack: I won't.

Captain Hook was ready for action as he unsheathed his sword and Applejack and Hook clashed their swords and massive blasts of fire exploded out of two clashes and Applejack flipped back.

Me: Here we go guys.

Applejack: This is gonna be good.

Captain Hook: It's Peter Pan that I want.

Applejack: If you want him you'll have to go through me you fucking sidewinder.

Captain Hook: Then prepare to die.

Applejack: I don't die that easily because I have friendship on my side.

Captain Hook: You will see your friends when you die and I kill them.

Applejack and Captain Hook then clashed powerfully and lightning of light and darkness and sparks were flying as they clashed and they were really going at each other and setting the Pirate village on fire.

Applejack: You will pay for your crimes you old codfish.

Me: Get ready to finish him.

Apple Bloom: Let's pour ketchup on Hook before feeding him to the crocodile.

Me: And we'll add barbecue sauce and mustard as well.

Applejack then kicked Hook.

Hook: You bitch!

She grabbed him by his melted hook and we all held up ticking alarm clocks!

Hook:
AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

Applejack: Boy howdy! Tick tock tick tock tick tock! Hook's afraid of a load of crock.

Me: Time for this Pirate to go to Davy Jones Locker!

Tink: Lets get him!

Applejack, Apple Bloom, Wendy, Jack Sparrow, Tink, Peter Pan and Eli: NEVERLAND SUPER FANTASY BLAST!

They fired blasts of energy and it formed into the creatures of Neverland and the blast hit Hook and knocked him down.

Kairi then stabbed Hook in his Black Heart and we poured Ketchup, Mustard and Barbecue Sauce and then we heard a clock ticking and we saw Tick Tock the Crocodile.

He licked his mouth as we presented a dish made just for him.

Me: Dinner is served.

We made for him Fricasseed Captain Hook a-la-mode!

Captain Hook was served on a giant dinner dish and he had an apple in his mouth and he was covered in herbs and spices and an apple was in his mouth and he had turkey gloves on his feet and he was covered in barbecue sauce, ketchup and mustard. Tick Tock came on shore and he put a napkin on around his neck and he took the plate and put Hook in his mouth and chewed him up and ate him.

Tick Tock: BBBUUUUUUUUUUUUUUUUUUUURRRRRRRPPPPPPPPPPPP!

Me: He really loved it.

Laney: Excuse you.

Tick Tock was stuffed.

Lola: That is one stuffed crocodile.

Me: And for dessert.

We rounded up the limbs of his crew minus Smee and served them to him and he was really stuffed.

He shook my hand and went back into the water.

Me: Good riddance to that freak.

Then Hook's evil spirit appeared.

Me: You and your crew are never gonna be welcome in Neverland again. (Holds hand out) HAKAI!

Hook and his evil crew minus Smee were banished into the Warp for all eternity.

We all cheered.

Leonard: This was so much fun!

Evil Green Ranger: I think we'll call these our usual battles for the day.

Me: I was just about to say that.

Number 7: I assume you know what's next, right?

Sora: We know. Hollow Bastion.

Nico: We'll still have our usual battles. But they'll be in the backyard before we go to Hollow Bastion.

Leonard the Pig King: I think that's a wise decision.

Beautiful Gorgeous: So why do I get a bad feeling on what's waiting for us there?

Me: Because Dark Riku told Maleficent about us and now she knows we're coming.

Applejack: But we'll be ready for her.

Lincoln: Yep.

Lola: Get ready Maleficent. We're coming for you.

Me: Lets go home and rest.

Applejack: (To the viewers) We're gonna have one amazing battle next and we have to be ready for anything. So get ready for an awesome show tomorrow.

We went back home and Mary Darling now lives with us away from her insane husband.

"Hollow Bastion/End of the World"

---

At the estate we were having an awesome baby shower for me and Misty Tredwell. This was so awesome having a baby shower for myself and Misty and more. There were lots of presents, gifts and more and a lot of people were there too.

Lord Drakkon: I am so excited to meet your new children J.D.

Me: I am too Drakkon. I'm just really excited and this news is one of the biggest I've ever gotten.

Vypra: We're all so happy for you and Misty, J.D.

Luan: We sure are.

Me: Thanks Vypra. Thanks Luan.

Nico: You already are the father of 9 kids that came from the future as well as 3 awesome grandchildren.

Me: I know. Hard to imagine that my family has gotten so huge in such a short amount of time.

Laney: Yeah.

Jared: I'm really excited to meet our new brothers or sisters dad.

Nicole: We all are big bro.

Shanan: It's gonna be awesome.

Natilee: You said it.

Misty was having some punch and her belly was really big.

Lola: I can't wait to meet your new kids Misty.

Lily: Same here.

Misty Tredwell: I know and I'm so excited.

Toby: I am too sis.

Carly Carmine: Me and May are gonna be there for you when you deliver your kids. You've been like a sister to me ever since I became a Dark Signer.

Misty Tredwell: Thanks Carly.

Lincoln: It's gonna be so exciting for you and J.D.

Allie: It sure is Lincoln.

Rainbow Dash: I am so excited and can't wait to meet your awesome kids.

Misty Tredwell: Thanks Rainbow Dash. I am too.

As I was talking, Twilight Sparkle's older brother Shining Armor and sister in law Princess Cadance came. Princess Cadance was the pony who babysat Twilight when she was younger and she calls her the best ever in Equestria.

Shining Armor: It's an honor to meet you J.D. and we are so happy for you and Misty.

Me: Thanks Shining Armor and it's an honor to meet you and Princess Cadance.

Princess Cadance: Same here J.D. We heard so much about you from Twilight and you have done so much.

Me: We don't like to brag.

Their little baby girl Flurry Heart came up to us and she was adorable.

Me: Aww who is this little one?

Princess Cadance: This is Twilight's little niece and our little foal Flurry Heart.

Flurry Heart coos.

Me: Aww. (Baby talk) You are just the cutest little one.

Flurry Heart laughed as I ticked her.

Then we heard Misty scream and she dropped her glass as it shatter.

Carly Carmine: Oh no! Misty is it time!?

Misty Tredwell: It is! The babies are coming!

Wave Man: We need to get Misty to a hospital right now!

Me: Everyone to your stations! Lets go!

We loaded Misty into the car and we went to the hospital. We unloaded her and they rushed her into the Delivery Room.

We waited and Misty was in a lot of pain as we could hear her screaming! I was pacing back and forth while sucking on a candy cane like I was smoking a cigarette.

Misty Tredwell: J.D. KNUDSON! THIS IS ALL YOUR FUCKING FAULT! THIS HAD BETTER BE THE LAST TIME YOU GET ME PREGNANT OR I WILL RIP YOUR THROAT OPEN AND THEN I WILL DISEMBOWEL YOU AND RIP YOUR INTESTINES OUT AND SHOVE THEM SO DOWN YOUR THROAT THAT YOU'LL BE PEEING ON THE INSIDE!

Me: (GULPS IN FEAR)

Chanticleer: Relax, J.D. That's just the labor pains talking.

Me: I know Chanticleer. But it sounded like she was serious there for a sec.

Carly and May were in the Delivery Room with Misty.

Carly Carmine: Almost there Misty.

Lady Tsunade: You're doing great Misty.

She screamed loudly and with one last push out came 3 baby girls and they cried.

Lady Tsunade: Congratulations Misty. You gave birth to three healthy baby girls.

They were adorable and they had black hair and emerald green eyes.

They got them cleaned up and more and Misty, May and Carly held one of each of them.

May: Oh Misty they are so adorable.

Carly Carmine: They are so cute.

Misty Tredwell: My babies.

Lady Tsunade: They are just so precious.

Carly Carmine: What are you gonna name them?

Misty Tredwell: This one in my arms will be Heather Renee Knudson. The one in your arms Carly will be Emily Jane Knudson and the one in your arms May will be Rebecca Joan Knudson.

May: Those are adorable names Misty.

Lady Tsunade: They are perfect names.

Carly Carmine: I like them.

Later Misty, Carly and May came out and they had my new three baby daughters with them.

Nico: Oh Misty they are all so adorable.

Me: (In tears) My baby girls.

Kup: That's nice. Your babies are all girls.

Lincoln: They are so cute.

Laney: They sure are.

Fluttershy: They are all so adorable.

Me: What did you name them?

Misty Tredwell: I named them Heather Renee Knudson, Emily Jane Knudson and Rebecca Joan Knudson.

I saw birth bracelets that had their names on them.

Me: I love those names. They are so beautiful.

Then three brand new Earthbound Immortal Cards appeared in my hands and they were the cards for the Wings Earthbound Immortal, Itzpzpalo, the Alligator Earthbound Immortal, Ccomnosula, and the Spiral Earthbound Immortal, Rorccon.

Me: Wow. Earthbound Immortals Itzpzpalo, Ccomnosula and Rorccon.

Nico: Wow. The Wings, Alligator and Spiral Earthbound Immortals.

I saw the Birthmarks of the Wings, Alligator and Spiral Nazca Lines on the babies Right arms. Heather had the Wings, Emily had the Aligator and Rebecca had the Spiral Nazca Lines.

Me: And they have the Wings, Alligator and Spiral Nazca Lines on their arms.

Laney: And even the Phoenix Mark of the Signers on their left arms.

Carly Carmine: So they are Twilight Signers like mine and Jack's kids.

Jack Atlas: (Australian Accent) That is really amazing.

Me: Really amazing. Itzpzpalo is named after Itzpezpalotel, which means Obsidian Butterfly in Aztec. Ccomnosula is Quechua for

Alligator and Rorccon means Spiral somehow.

Nico: That's amazing.

Me: I'll hold on to these cards till our kids are older.

Misty Tredwell: Awesome.

We went back home.

Me: We'll let you rest for a bit so you can get back in the fray later on.

Misty Tredwell: Don't even try to leave me behind. You need all the help you can get against Maleficent and Dark Riku!

Dead End: Might as well. You're bound to find some way to come with us anyway.

Me: True. But we'll give you a few minutes.

Misty Tredwell: Okay.

Sora: Awesome.

Lisa brought her hover wheelchair for Misty and it was an awesome device.

Misty Tredwell: Thanks Lisa.

She got in and it was like she was floating on a cloud.

Fluttershy: That is a really amazing wheelchair.

Princess Cadance: It sure is. We're so happy for you and J.D., Misty.

Misty Tredwell: Thanks Princess Cadance. I'm so happy too.

Me: Lets get ready for the final battle with Maleficent from 1959 her evil forces.

Lincoln: Lets do it.

Nico: We'll have the usual battles now. And then, we'll go to Hollow Bastion.

Myotismon: And we brought one of our newest members with us.

Maria: (notices something) Guys, is it just me or is the weather starting to act funny?

We saw storm clouds come in and thunder and lightning was rumbling.

Me: The forecast didn't call for rain today.

Then lightning struck the ground and out of the storm came Mark Mardon A.K.A. WEATHER WIZARD!

---

The Weather Wizard was originally Mark Mardon, an extortionist from Central City whose path had crossed that of the Flash.

Some time in the past, the Flash foiled a previous extortion scheme of his, but was unable to recover some of the money involved.

During the charity race between Flash and Superman, Mardon adopted his new costumed identity and used a sophisticated weather control device (developed mainly by Ben, Mardon's brother) in a grand new extortion scheme. He was defeated by the two heroes working together.

Weather Wizard also joined with the Superman Revenge Squad, and later became a member of Grodd's Secret Society. During the coup on the Legion's base, Mardon sided with Grodd, who was vying for control against Lex Luthor. After Grodd was killed, Killer Frost froze several of Grodd's faction, including Mardon. He and the other mutineers were killed when Darkseid blew up their headquarters.

---

Weather Wizard: Hello everyone. Nice entrance huh?

Me: Mark Mardon A.K.A. Weather Wizard.

Weather Wizard: It's an honor to meet you J.D.

Me: Same here.

Volcana: You always did like to make an entrance Mark.

Weather Wizard: (to us) I know and I really am sorry about Ra's and Bowser, guys. But at least their sacrifices helped you guys take out Thanos.

Me: That's true. But they will always live on in our hearts. I take it you're being recruited into the Masters of Evil.

Weather Wizard: I sure am. Dark Spicer told you about that remember?

Me: Oh right. So who is battling in our usual battles?

Lord Drakkon: Me, Myotismon, Carly Carmine, Vanitas, Cargill and Weather Wizard.

Me: This is Weather Wizard's first battle.

Weather Wizard: It sure is and Shane Clarke is my archenemy.

Me: I see.

Shane Clarke: This is gonna be fun.

?: Boy it sure is.

A figure came out and it was RHINOSNORUS from episode 19 of Samurai!

---

Rhinosnorus was first dispatched by Master Xandred to induce good dreams. Although Jayden brushed Mentor Ji's explanation off as it "not being a bad thing", Ji warned him that Rhinosnorus could eat the dream incarnations of his now-dreaming victims, where they would never wake again. He attempted to consume as many of his victims as possible but was defeated by Mike and Kevin. He then retreated back to the Netherworld, much to Master Xandred's anger.

He is kicked out of the Netherworld by Master Xandred for complaining. After being powered up, he battles the rangers except Jayden (who is battling Deker) and is destroyed by Kevin's Hydro Bow attack. He grows into a Mega-monster, and but he is then destroyed with the Samurai Megazord.

---

Jayden Shiba: Rhinosnorus!

Rhinosnorus: Been a while rangers.

Me: I remember you! You were sent to induce good dreams and Jayden thought it wasn't gonna be a bad thing. But after discovering your true colors you tried to eat as many of your victims dreams as possible until you were defeated by Mike and Kevin. Then you were kicked out of the Netherworld and did battle with Jayden who was battling Deker and Kevin destroyed you with his Hydro Bow. And then the rest is history.

Rhinosnorus: Good memory on you. I'm very impressed.

Vypra: I told you he had a great memory on him.

Rhinosnorus: Indeed he does.

Me: You'll be happy to know that Xandred is dead and Nico here is the one that killed him and banished him to the Warp.

Nico: Well actually he blew himself up and tried to take me with him.

Rhinosnorus: Good riddance. I never liked Xandred anyway.

Me: I don't think anyone every liked him because he was ugly and had a nasty temper.

Jayden: True.

Rhinosnorus: Before the usual battles, I would like to do something.

Antonio: What's that?

Rhinosnorus: This!

Rhinosnorus used his oneiric mist to make Rockna fall asleep.

Mondo: Are you going to help Rockna with her fear of frogs?

Cargill: Of course he is. I know it's going to be hard. But if this isn't done, then for all we know, Rockna might end up killing Hops during one of her freak-outs.

Me: You aren't kidding about that Cargill.

In Rockna's mind she was seeing Rhinosnorus.

Rockna was with Rhinosnorus in her dreams as they saw cute frogs hopping around.

Rhinosnorus: See the cute frogs, Rockna? You don't have to worry. They're not that scary.

Rockna: Why exactly are you helping me with this?

Rhinosnorus: Because Mistress Vypra and Eccentro are really concerned about your fear of frogs. So they asked me to help you out with it.

Rockna: I'm sorry. But you don't know how much frogs scare me!

Rhinosnorus: You're right. I don't. But someone has to help you overcome this fear. And it might as well be me. You should tell me why you got scared of frogs in the first place before I help you.

Rockna: Oh right I never told you all this. It was back when I was 4 years old. I was with my dad and we went fishing at a local swamp. I then fell into a frog pond and it was covered in frogs and they looked at me and I screamed in fright and terror. I was afraid of frogs ever since.

Rhinosnorus: That's good that you opened up about that.

Rockna: It is.

Rhinosnorus: But frogs won't hurt you. They may look scary but they are not gonna hurt you. These frogs here in this dream won't hurt you. It's gonna be all right.

Rockna then quivered and she went at touched a frog and it croaked and smiled at her with happiness and in an instant she was better.

Rockna: Hey! I'm not scared anymore! Frogs are awesome!

She hugged the frog and it may have been slimy but it was cute.

Rhinosnorus: Good job Rockna.

Rockna then came back and she was happy.

Rockna: I'm not afraid of frogs anymore!

She went over to Hops and cuddled him all over.

Lana: I knew you could do it Rockna!

Lola: Glad you're cured Rockna!

Natilee: We owe you one Rhinosnorus.

Rhinosnorus: Thanks Natilee.

Rhinosnorus told us how she got afraid of frogs in the first place.

Me: Whoa! A fishing trip that turned into a nightmare for Rockna.

Lincoln: That's not good.

Spittor: I may look like a frog frog myself but even I wouldn't hurt Rockna like that.

Laney: That's a relief.

Lord Drakkon: Indeed. Shall we dance?

Me: Lets. But lets head out to the training yards first.

Nico: Okay.

We went out to the training yards.

Me: Okay now we're ready. Lets do it!

Rhinosnorus: (to the Samurai Rangers) Look, Rangers. I don't know what will happen to me after the usual battles. But I'm just glad I did something good for a change.

Kevin: We all are.

Jayden Shiba: And we owe you one.

Me: Lets do it.

We went at them.

Vanitas: I'm so happy for J.D. and Misty.

Spiderman: We all are.

Toad Man: Same here.

Vanitas: Lets.

Vanitas called out his Pokemon and they went at him and Spiderman tied him up with webbing and Bounce Man and Toad Man pulverized him all over with Bouncing Balls and burned him with acid rain and Spiderman kicked Vanitas and knocked him and his Pokemon down.

## Battle 5: Cargill

---

Girl Jordan, Paragus and Oceanus Shenron were facing Cargill.

Girl Jordan: This is gonna be fun like always.

Paragus: It sure is.

Oceanus Shenron: Yeah!

Cargill: Shall we get it on?

Girl Jordan: Lets.

Cargill called out his Pokemon.

Oceanus Shenron: AIR SHATTERING ENERGY BALLS!

Oceanus Shenron fired balls of wind and they exploded all over the place.

KRABBBBOOOOOMMM! KRABBBBOOOOOOOOMMM! KRABBBOOOOOMMMM! KRABBBOOOOOOOOMMM! KRABBBOOOOOMMM! KRABBBOOOOOOOMMMM! KRABBBOOOOOOOOOOOOMMMMM!

Paragus and Girl Jordan fired blasts of energy and water and the water formed into a dragon of water and they slammed into Cargill and his Pokemon and knocked them down.

Girl Jordan: That was fun.

## Battle 6: Weather Wizard

Shane Clarke, Livewire, and Silver Banshee were facing Weather Wizard in their first ever battle.

Weather Wizard: (to Shane) I think I can pretty much control wind and thunder just like you and your team can.

Shane Clarke: That's true.

Livewire: And I can control lightning too. Same with a few members of us.

Weather Wizard: That's true. Here are my Pokemon.

He called out his Pokemon. He had a Vanilluxe, Vikavolt, Umbreon, Trevenant, Thundarus, Suicune, Raikou and Entei.

Shane Clarke: Wow! Vanilluxe, Vikavolt, Umbreon, Trevenant, Thundarus, Suicune, Raikou and Entei. Awesome selection.

Weather Wizard: Thank you kindly. I wanted a theme that goes with the weather so I went with the weather.

Livewire: It's perfect. Shall we dance?

Weather Wizard: Lets shall.

They went at him and Weather Wizard fired a blast of lightning and wind and they dodged the blasts and they fired blasts of sonic waves, lightning and wind and the blasts all hit Weather Wizard and his Pokemon knocked them down.

Shane Clarke: Not bad for a first time.

---

Battle 7: Rhinosnorus

---

Natilee was facing Rhinosnorus.

Natilee: We owe you one for helping Rockna get over her fear of frogs. So I'm gonna put you in a containment card.

Rhinosnorus: Thanks Natilee.

Natilee: You're welcome.

She fired waves of energy and lightning and the blasts hit Rhinosnorus all over and she fired a containment blast and put him in a card. She picked it up.

Rhinosnorus: This is better than being destroyed.

Natilee: It sure is.

---

We regrouped.

Shadow the Hedgehog: Now that the usual battles are done, let's head on over to Hollow Bastion.

Carly Carmine: I just hope we're not too late.

Me: We won't be too late. Lets roll!

Sora: Hang on Kairi. We're coming to save you.

We went to the simulator.

---

We arrived in the Simulator and we went it. It activated and we were in the world of Hollow Bastion.

---

Hollow Bastion is a world in Kingdom Hearts and Kingdom Hearts Chain of Memories. In Kingdom Hearts coded, it is divided into two episodes: Hollow Bastion I and Hollow Bastion II. In Kingdom Hearts II, the world was expanded into the town and other areas. It appeared in a flashback to events from Kingdom Hearts experienced by Xion in Kingdom Hearts 358/2 Days.

Hollow Bastion is a colossal castle that towers above the rest of its world, Radiant Garden. At one point, it was the only remaining part of the world, along with the waterways beneath it. Because of this, the world itself was known as "Hollow Bastion" in Kingdom Hearts, Kingdom Hearts Chain of Memories, and most of Kingdom Hearts II. However, it regains its original name of Radiant Garden by the end of Kingdom Hearts II, when Tron used his powers to show what the world was like before its destruction.

Unlike the rest of the Radiant Garden, which poses as Final Fantasy's world, Hollow Bastion has no relation to Final Fantasy whatsoever.

Ansem the Wise was the former ruler of this world. The castle was taken over by Maleficent and she claimed herself ruler, but she was simply being used.

During his time in Radiant Garden, Ventus sees his friend, Mickey, in the distance and gives pursuit. His chase leads him to one of the doors of Hollow Bastion, guarded by Dilan and Aeleus, who appear to be asleep. When Ventus approaches, they suddenly wake up and deny him entry, instead telling him to go home before the Unversed harm him. When the Trinity Armor appears, Dilan and Aeleus prepare to aid Ventus against it, but Even appears and orders them to carry on guarding the castle.

After Terra-Xehanort is saved by Aqua, Ansem the Wise has him brought to the castle to recover, where they decide that the amnesiac youth's name is "Xehanort". Later on, Lea and Isa make their own plans to break into Hollow Bastion. Though they are successful in getting inside, they are spotted by Dilan and Aeleus and thrown out.

Between Kingdom Hearts Birth by Sleep and Kingdom Hearts

Xehanort became one of Ansem's apprentices, and was subject to experiments of the heart in an effort to regain his lost memories. The Chamber of Repose was constructed deep within the castle, where these experiments continued. In time, Ansem deemed the experiments unethical, and ordered them ceased. However, on discovering Subject X, Xehanort began to continue the experiments without Ansem's knowledge or consent.

Lea and Isa would continue their attempts to infiltrate Hollow Bastion, eventually reaching the Chamber of Repose, where they met Subject X. Secret Report 5 Henceforth, whenever they were able to enter the castle, they would go to see her. However, Ansem eventually discovered the experiments' continuation, and in response, he sent Subject X where Xehanort and the other apprentices could not find her. Secret Report 4 Kingdom Hearts III As a consequence, when Lea and Isa infiltrated the castle again, they found her cell empty; this led to their approaching the castle with intent to apprentice under Ansem the Wise.

The day after Lea and Isa had joined, Ansem's other apprentices, led by Xehanort, overthrew their former mentor, banishing him to the Realm of Darkness, and furthered Ansem's original drives to include more mechanical components. The result is a twisted bastion; half beautiful castle, half distorted factory. According to Leon, Maleficent invaded Hollow Bastion's world with her Heartless nine years before the events of Kingdom Hearts. Some residents managed to escape, many of whom end up in Traverse Town. However, the youngest known resident, Kairi, is sent into the oceans of the worlds by Xehanort and ended up in Destiny Islands due to Aqua's spell. During her reign in the castle as one of Ansem, Seeker of Darkness's minions, it is probable that Maleficent either created or remodeled the castle's keep, which has decorations and models of roses and her thorned plants.

Kingdom Hearts

During the destruction of Destiny Islands, Riku is approached by Ansem and opens his heart to the darkness, allowing Ansem to linger within his heart, and steps into a Corridor of Darkness. He awakens some time later in the Rising Falls. Here, he is greeted by Maleficent, given a room to stay in, and is gifted with the Soul Eater blade.

Sora, Donald and Goofy arrive at Hollow Bastion in time to find Riku attacking another intruder, the Beast. Sora, Donald, and Goofy confront Riku, but he declares he is the Keyblade's true holder; it jumps into his possession, leaving Sora defenseless except for his old wooden sword. Shocked at this revelation, Sora collapses to the ground. Riku departs, and Donald and Goofy, having been ordered to follow the Keybearer, reluctantly follow him. The Beast staggers on despite his injuries, and Sora quickly gets over his shock to help him. The Beast reveals that he is looking for someone important to him, and refuses to depart without her. Sora, sympathizing, takes up his old wooden sword, and the two team up to enter the castle.

After traversing the castle waterways to unlock the main door, Sora and Beast enter Hollow Bastion. Beast witnesses an illusion of Belle transforming into a Heartless, and, enraged, jumps at the Heartless, with the doors slamming shut behind him. Riku, Donald, and Goofy appear soon after, where Riku orders Sora to give up, though Sora refuses to leave without Kairi. Sora informs Riku that while the darkness may destroy his body, it can't harm his heart, and Riku decides to test Sora's theory by firing a Dark Firaga attack at him. Sora, believing it to be the end, braces himself, but Goofy rushes in and blocks the blast with his shield. After being questioned by Riku, Goofy swears that he will never betray King Mickey, but won't betray Sora after all that they have been through together, and asks Donald to apologize to the King for him; however, Donald also chooses his friendship with Sora over King Mickey's orders and rejoins Sora. Sora informs Riku that he doesn't need the Keyblade; his friends and heart are the only weapons he needs. Sora's strength of heart with his friends back by his side pulls the Keyblade away from Riku and back to him. After a fierce battle, Riku is defeated and flees.

Beast rejoins the party after watching the encounter, observing that Sora's heart was what helped him win.

Riku is upset at losing the Keyblade, but encounters Ansem, Seeker of Darkness, who promises him that he can make Riku's heart stronger through darkness and allow him to regain possession of the Keyblade. Jealous and angry at Sora and shamed over his loss of control of the Keyblade, Riku succumbs to his pledge and powers, and becomes consumed by the darkness. In the meantime, Maleficent has attempted to use the gathered Princesses of Heart to open the Bastion's Keyhole. The Heartless-possessed Riku meets with her to check her progress, where Maleficent declares she will control and use the darkness for her own purposes; however, neither she nor Ansem-Riku can unlock the Keyhole without Kairi's missing heart.

Sora and friends manage to travel through the labyrinth of a castle to reach the chapel; there they meet with and confront Maleficent. Overconfident in her abilities and underestimating those of Sora's gang, she is soundly defeated. Escaping back to Riku for help, she is stabbed through the heart by his Keyblade of heart, made from the hearts of the six Princesses. It unlocks the darkest parts of her heart and allows her to transform into a large, powerful dragon; however, Sora's party defeat her again, and she is consumed and burned away by the darkness. Riku then appears and reveals that Maleficent was merely a pawn of the Heartless, unable to see the darkness swallowing her heart. He then departs and Sora and company travel to the Grand Hall, where the Keyhole and Princesses are located, to find and confront him. There, Sora finds Kairi unconscious on the floor in front of the partially opened Keyhole. He tries to wake her, but Riku appears to tell Sora her heart is missing. Riku continues to tell Sora that Kairi is one of the princesses and that her heart is within him. Sora is able to realize that Riku is no longer in control of his own body. Riku knocks both Donald and Goofy back behind a preset barrier, and Kairi's heart reacts to the Keyblade of heart's power, causing Sora crippling pain. Xehanort's Heartless then attacks him, but Sora recovers and blocks the strike in time. After an intense battle over who would possess Kairi's heart, Sora emerges victorious.

Riku disappears, but the Keyhole begins reacting to the presence of Kairi's heart. Sora attempts to lock the Keyhole, but without Kairi's heart, it is not complete and cannot be sealed. Sora puts two and two together and realizes what he has to do; despite Donald and Goofy's desperate pleas, Sora stabs himself with the Keyblade of heart left in Riku's wake, releasing all of the princesses' hearts (including Kairi's) and completing the Keyhole, but Sora falls into darkness himself.

Kairi wakes just in time to see Sora disappear. As Kairi, Donald, and Goofy mourn the loss of Sora, Ansem, now in full possession of Riku's body and having shaped it into one resembling his original human self, reappears, declaring that Kairi's purpose is over, effectively deciding to kill her. Donald and Goofy bravely make a stand against Ansem, but both know that, without Sora, they may not be able to stop him. However, before Ansem can attack, Riku projects himself from his stolen body, manages to establish enough control to stop him in his tracks, and warns Kairi and the others that the Heartless called by Ansem will soon overrun the castle at which they heed and run to escape. The three return to the entrance, and hesitate due to Kairi's reluctance to leave Sora and Riku behind; Goofy himself is still concerned about the Keyhole (apparently failing to realize that, without Sora and the Keyblade, the Keyhole cannot be stopped). An apparently non-hostile Heartless arrives; Donald shouts at it to get lost and whacks it over the head with his staff, but Kairi realizes that the Heartless is, in fact, Sora. At that moment, massive legions of Heartless attack, and swarm Kairi and Sora's Heartless, much to Donald and Goofy's horror. However, a brilliant flash of light blows the Heartless back, and in place of the Heartless, there is Sora, fully restored. Beast stays behind to hold off the Heartless and continue looking for Belle, and so the group departs Hollow Bastion.

Cid manages to find a way to allow them to return and seal the Keyhole. They return and help Beast reunite with the re-awakened Belle, and jump through the Keyhole to fight a Behemoth Heartless. After a conversation with Leon's group, who have returned to restore their home world, Sora seals the Keyhole at Hollow Bastion.

In the Kingdom Hearts Final Mix version, Sora also has his first encounter with Organization XIII in the chapel by way of Xemnas, here known only as "Unknown". After some cryptic messages (such as stating that Sora is incomplete and looks just like "him"), Xemnas departs. It is revealed in Kingdom Hearts II that this battle takes place shortly after Xemnas recruited Roxas into the Organization, and he fought Sora to test his abilities.

## Kingdom Hearts Chain of Memories

Upon arriving in the Basement of Castle Oblivion, Riku enters a memory simulation of Hollow Bastion. Guided by a voice, Riku explores the simulation, even coming across his old bedroom, and eventually encounters Maleficent, who tries to convince him to rejoin her. Riku refuses, and she promptly transforms into a dragon to battle him. He ultimately triumphs.

Later, Sora and company also arrive in the simulation, albeit higher. They encounter the Beast, who is being told by Belle to stay away from her. Noticing his plight, Sora decides to help the Beast.

As the group traverses the simulation, they encounter Maleficent, who is holding Belle hostage. Maleficent declares to Beast that Belle still loves him, but is afraid to say it to avoid detection. Maleficent gives Beast one last ultimatum, but Beast refuses. Outraged, Maleficent transforms into a dragon to battle Sora and company. Sora eventually defeats Maleficent, and as she fades away, Belle and Beast rekindle their relationship.

A statue appears here in the Entrance Hall that was not present in Kingdom Hearts.

## Kingdom Hearts 358/2 Days

During Kingdom Hearts 358/2 Days, when Xion experiences a short sequence of Sora's memories, the keyhole to Hollow Bastion can be seen as Sora releases his heart and his body dissipates.

## Kingdom Hearts coded

After Maleficent destroys Data-Sora's Keyblade in the datascape's version of Agrabah and captures Data-Riku, Pete takes Data-Riku to the Datascape's Hollow Bastion. Without his weapon, Data-Sora is unable to fight, so Mickey travels there himself, leaving Donald, Goofy, and Data-Sora at Disney Castle. However, Sora runs off to Hollow Bastion on his own to confront Pete, and he manages to unlock the castle gate while dodging Heartless. Inside, Pete traps Sora and summons a horde of Heartless to attack, but Sora is rescued by Goofy. The two of them begin searching for a way to follow Pete deeper into the castle, while searching for Donald, who got separated from Goofy when they entered Hollow Bastion.

Sora and Goofy find Donald in the waterway, and the three of them explore the castle, with Donald and Goofy breaking Bug Blox and fighting Heartless in place of Sora. They find the pieces of the Heartless emblem that unlock the door leading to the upper levels of the castle, and at the High Tower, Data-Sora reflects on the bond he feels with Donald and Goofy. The three of them confront Pete in the Grand Hall, where he traps Donald and Goofy in a cage of blox. Desperate, Sora manifests a new Keyblade from his evolving heart and frees them. Pete retreats into the Keyhole, followed by Sora, who defeats him despite his own powers in the datascape. Pete then sets Data-Riku on him, having corrupted his data with bugs, but Data-Sora manages to subdue his friend after a drawn-out battle.

Although Data-Sora and Data-Riku emerge from the Keyhole, Riku's data is thoroughly corrupted, prompting Sora to enter Riku's personal datascape to destroy the bugs, in Hollow Bastion II. After visiting manifestations of Riku's memories of different worlds, Sora defeats the main source of the corruption, which takes Riku's form. Maleficent attempts to block Sora from returning from inside Riku's data, but he emerges, and he defeats Maleficent's dragon form in the chapel. Mickey, Donald, and Goofy say goodbye before returning to the real world, but when the datascape begins erasing itself, Data-Sora sets off through the Final Keyhole for the innermost part of the datascape to retrieve Maleficent and Pete and to confront the source of the corruption, Sora's Heartless.

As Data-Sora progresses through the Datascape's Castle Oblivion, he enters a room based on his visit to Hollow Bastion. He chases after Pete, using switches to progress, and defeats him. Pete calls Maleficent, who brings them to a long, trap-filled room, forcing Sora to traverse the obstacle course to reach the far side of the room. Upon confronting the two, Sora is returned to the Entrance Hall, with an Ending Card for Hollow Bastion.

Later in the real Hollow Bastion, a resurrected Braig speaks with Young Xehanort about Master Xehanort's plans. While both are unsure of what Master Xehanort really wants, a comment of Young Xehanort's causes Braig to realize that it may have something to do with the Keyblade War and muse on whom to take along.

Me: Here we are guys.

We saw the castle of Hollow Bastion and it looked like a true fortress from the very darkness of Hell itself.

Toad Man: This is Hollow Bastion?

Nico: It sure is.

Aqua: This place has a lot of bad memories.

Ventus: Before it became like this it was the Radiant Garden. But now it's the base of operations for Maleficent and her evil agenda.

Me: Bad news.

Galaxy Man: I'll fly over the area and spy on Maleficent and Dark Riku to see what they're up to.

Me: Okay. Be careful.

Galaxy Man flew and he went into the castle and looked around and he found Maleficent and Dark Riku in front of a heart shape door. It was the Door to Darkness. But he also saw that Maleficent and Dark Riku had Jasmine, Snow White, Aurora, Cinderella and Kairi held captive.

He flew over and heard them talking.

Maleficent: Soon the door will be opened and darkness will forever consume the entire universe.

Dark Riku: And all of Team Loud Phoenix Storm will fall and the universe will be all ours.

Maleficent: Yes. (Laughs Malevolently)

Galaxy Man flew back to us and they thought they heard him.

Maleficent: What was that?

Dark Riku: Probably nothing.

Galaxy Man told us what was going on and we gasped in shock.

Me: We got to head in there. Lets go!

We went into the castle and we saw that it was not only beautiful but it was overflowing with negative energy.

Me: Wow. It's beautiful.

Nico: It sure is.

Paragus: I sense a massive energy signal up ahead.

Me: That's the Door to Darkness. It's now 65% complete.

Alice: And because me and Jasmine are the only princesses they haven't captured, the door won't be opened.

Me: Good. That'll give us a lot of time.

Breach: I'll use one of my portals to get us to where Maleficent and Dark Riku are.

Me: That is a good idea. Lets do it.

Breach then opened one of her portals and we went through it.

Maleficent and Dark Riku were looking at the door. But they didn't see a portal that appeared behind them. Suddenly a barrage of energy blasts fired out of the portal and they hit the door and exploded all over.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBBBOOOOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOMMMM!
KRABBBOOOOOOOOOOOOOOOMMMMMMMM!

Dark Riku: NO!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion exploded out of the portal and a phoenix cry was heard and we landed in front of them and we were facing 1959's MALEFICENT and DARK RIKU!

Maleficent

Maleficent is the main antagonist of Disney's 16th full-length animated feature film Sleeping Beauty (which is based on the 1697 classic fairytale of the same name by the late Charles Perrault and the Brothers Grimm), a supporting antagonist in Mickey's House of Villains, one of the main antagonists of the Kingdom Hearts franchise, and the titular main protagonist of the live-action films Maleficent and Maleficent: Mistress of Evil.

In Sleeping Beauty, she is the Three Good Fairy's, Princess Aurora and Prince Philip's arch-nemesis. She is an evil fairy witch who takes offense at not being invited to the christening of Princess Aurora and attempts revenge on King Stefan and Queen Leah by cursing their beloved daughter Princess Aurora.

Maleficent is a dark fairy who is responsible for all misfortune in King Stefan's kingdom. She appears to be particularly disdainful and unfond of the Three Good Fairies: Flora, Fauna, and Merryweather, her polar opposites, who do all in their power to keep Maleficent's overwhelming evil magic at bay. With her gothic, elegant design, dramatic and flamboyant animation, and unlimited arsenal of magic powers, Maleficent is one of the most popular and well-known

Disney villains.

In the 1959 animated film, she was voiced by the late Eleanor Audley, who previously voiced Lady Tremaine in Disney's 1950 film Cinderella, and Madame Leota in The Haunted Mansion. In subsequent appearances, she is voiced by Susanne Blakeslee. In the 2014 live action film, she was portrayed by Angelina Jolie.

At the christening of the newly born Princess Aurora, the Three Good Fairies come to bestow three gifts on the child: Flora's gift is Beauty, and Fauna's is Song. Before Merryweather has a chance to give the child a gift, Maleficent enters with her raven named Diablo, perched on her Staff. Mad at not receiving an invitation, she curses the child, decreeing that, before the sun sets on Aurora's 16th birthday, the child shall die by pricking her finger on the spindle of a spinning wheel. She then leaves, cackling. Merryweather is unable to undo the entire curse herself, so she is able nevertheless to alter it such that Aurora will not die, but merely enter a deep sleep, to be broken with true love's first kiss.

As Aurora's 16th birthday drew near, Maleficent punishes her Goons, who have stupidly been searching for a baby for sixteen years. She then sent Diablo, her Raven, to find the princess. Diablo discovers that Aurora, as "Briar Rose", is living with the Three Good Fairies (who are posing as mortals) in a cottage in the woods. When the princess and the fairies return to the castle late that afternoon, Maleficent finds Aurora alone and, as a will-o the wisp-like apparition, lures her to a spinning wheel. She pricks her finger and falls to the floor. The fairies arrive in time for Maleficent to scoff at them. She then disappears. She and the Goons go to the cottage, where they wait for Prince Phillip, who had arranged to meet Aurora (whom he only knew to be "Briar Rose", a peasant girl). When he arrives, they capture him and take him to her castle at the Forbidden Mountain.

Flora, Fauna, and Merryweather rescue Phillip and gives him the Shield of Virtue and the Sword of Truth. This is noticed by Diablo, who fetches the Goons. The prince and fairies are still able to escape, and Merryweather turns Diablo to stone. However, Maleficent emerged from her apparent slumber, saw Phillip escaping, and attempts to strike him down with lightning. As he continues, she summoned thorns to surround King Stefan's castle. When she saw that Phillip, with help from the Good Fairies, is able to hack through the thorns, she appeared before him, and transformed into an enormous dragon.

The two battle in an intense and climactic duel, but the three fairies finally had enough of Maleficent enchant Phillip's weapon with the spell, "Now sword of truth fly swift and sure that evil die and good endure". This was obvious that Maleficent was too destructive and dangerous to be left alive. Phillip eventually kills Maleficent with his sword. She fell from a great height, and Phillip looks down to see that only her robe remains. The Sword of Truth, still embedded in the robe, turned black.

With Maleficent gone, Phillip then awakened Aurora with a kiss.

Maleficent appears in the book sequel to Sleeping beauty as the main antagonist revived be her servant Diablo to take revenge.

Mistress of All Evil: A Tale of the Dark Fairy

Maleficent appears as the villain protagonist of the book.

Maleficent appears as a recurring villain in the series and is one of the main villains in the movie House of Villains.

Maleficent appears as one of the main antagonists of Once Upon a Time. An evil witch, as opposed to a fairy, Maleficent is one of the most infamous villains of the Enchanted Forest.

The 2014 movie Maleficent presents an alternate take on the character, casting her in a more sympathetic light. It also turns out that the real reason behind her supposed evil behavior was because of a horrible betrayal caused by her closest friend Stefan, who stole her wings in order to become the heir of the kingdom ruled by the ruthless King Henry. However, she finds redemption in becoming a mother figure to Aurora, who becomes the new Queen of the Moors following Stefan's death while Maleficent flies away with Diaval.

Maleficent returned in the 2019 sequel Maleficent: Mistress of Evil, where she learns that Aurora and Philip decided to marry. However, she finds herself in odds with Aurora due to a war between human and fairies instigated by Philip's mother Queen Ingrith, who plans to use the wedding to divide the humans and fairies forever.

In the 2015 DCOM, Descendants, Maleficent appears in this movie as the main antagonist. She assigned her daughter Mal, to retrieve the Fairy Godmother's wand to get revenge on King Beast and Queen Bella for trapping all the villains on the Isle of the Lost. She succeeded. However, Mal convince her mother and she transforms into a gecko. She is portrayed by Kristin Chenoweth.

Maleficent appears as a major antagonist in the book series appearing the most recurring villain and the second in command of Chernabog.

Maleficent is one of the main antagonists in the video game series Kingdom Hearts.

Maleficent appears as the main antagonist of Enchanted Dominion in Kingdom Hearts: Birth by Sleep. When Terra arrived at the Enchanted Dominion, he eventually came across Maleficent. Almost immediately, Maleficent could tell that Terra was never from around from those parts, seeing how he was never asleep. Terra asked her if she has seen Xehanort, to which she answered no. However, she did see a mysterious man as she was leaving the castle, so Maleficent took him to where she think she saw the mysterious man. Eventually they came across a sleeping Princess Aurora. Maleficent told Terra if he want any information about Xehanort, all he had too do was steal the princess' heart.

At first Terra refused, but the darkness inside his heart eventually took over, causing him to steal Aurora's heart. When Terra comes to his senses, Malefient states that the Keyblade is necessary to retrieve the remaining hearts and asks Terra to join her. Terra refused Maleficent's offer and attempted to attack her. However, an Unversed caused an explosion, causing Terra to be distracted. Before Maleficent left, she warned Terra that the darkness inside his heart can never be suppressed by force.

Eventually, Maleficent encounters Ventus while he was searching for both Terra and Aurora's heart. As soon as Ventus saw

Maleficent, he attempted to strike her down while holding her responsible for the theft of Aurora's heart. As soon as Maleficent saw Ventus' Keyblade, she could immediately knew who he was. She explained to Ventus that she knew about the power of the Keyblade due to a demonstration by Terra. She even told Ventus that Terra was the one who stole Aurora's Heart. Ventus thought that she was lying, and that Terra would never do such a thing. Even though Maleficent was asked not to harm Ventus, she was left with no choice but to fight him. With the help of the Three Good Fairies, Ventus was able to fend off Maleficent. Ventus still refused to believe that Terra would perform such an evil deed.

Just then, Aqua showed up, telling Ventus not to believe in Maleficent's lies. Shortly after, Ventus ran off to find Terra. Before Aqua could chase after Ventus, Maleficent stopped her after noticing that Aqua was a Keyblade Wielder. Much like Ventus, Maleficent told Aqua that Terra demonstrated the powers of the Keyblade. Aqua began to believe that Terra really did help Maleficent steal Aurora's heart, but he refused to help Maleficent when she offered Aqua to join her. Maleficent then revealed to Aqua that she knew Master Xehanort, and that he thought Aqua was a stubborn girl. Maleficent then sent Aqua to the dungeon to have time to think of Maleficent's offer.

With the help of Prince Phillip, and the Three Good Fairies, Aqua was able to escape the Forbidden Mountain. However, Maleficent cast a spell to place a forest of thorns to prevent them from escaping. She then teleported in front of Aqua and Prince Phillip. Aqua demanded Maleficent on what Master Xehanort told her. Instead, what Maleficent said was that Aqua did not have Terra's gift for obedience, and that he easily embraced the darkness within his heart. Aqua still believed that Maleficent was lying. Knowing that this was going nowhere, Maleficent transformed into a enormous dragon, and confronted Aqua and Prince Phillip. During the fight, Maleficent managed to push back Aqua, but with the help of the fairies, Prince Phillip tossed his sword into Maleficent's chest.

Despite this, and her curse had ended, Maleficent managed to survive and was reverted back into her original form. Aqua informed a weaken Maleficent that love was the reason why she lost.

Maleficent refused to have something as insignificant as love defeated her. Aqua also informed her that she cannot defeat someone with a heart of light, to which Maleficent replied; "As long there is light, there will be darkness." Maleficent then retreated while coming up with plans to gain control of the darkness within the hearts of others.

While this was going on, Maleficent traveled through various worlds using the Corridors of Darkness. And by doing so, she created a team of various Disney villains. The first one she recruited was Pete after he was imprisoned in a dark realm. Other villains who joined Maleficent were Jafar, who became her second-in-command, Hades, Ursula, Captain Hook, and Oogie Boogie. She also managed to capture 4 of the seven Princesses of Heart; Aurora, Snow White, Cinderella, and Belle.

Maleficent appears as the secondary antagonist in Kingdom Hearts, and is the game's most prominent Disney villain. She first appears after Sora defeats the Guard Armor in Traverse Town, watching his victory from her perch in Hollow Bastion. She, along with her team (which includes popular Disney villains Captain Hook, Ursula, Jafar, and Oogie Boogie), watched Sora stride away from the battle victoriously. She and her allies muse on the nature of darkness and the Heartless, and Maleficent declares that "he could be quite useful" before bringing out the kidnapped Alice (or Snow White, if Sora sealed Deep Jungle's Keyhole before sealing Wonderland's).

After Sora seals the Deep Jungle Keyhole, Jafar asks what made the Heartless come to that world. Maleficent then replies, "The hunter lured them there", because of the darkness in his own heart.

However, at the main castle within the ruined land of the Radiant Garden/Hollow Bastion, her willingness to submit to darkness proves to be her downfall, as Xehanort's Heartless (in Riku's body) releases her inner power, turning her into a massive dragon. She fights Sora, but he is too much for her, and she is eventually defeated, dissolving in a blaze of emerald fire. All that is left behind is her cloak, which "Riku" steps on and it disappears. He declares her fate "a fitting end for such a fool" as the Heartless were using her since the beginning.

A memory-based replica of Maleficent appears to Riku in the twelfth basement of Castle Oblivion in a replica of Hollow Bastion. Though she is aware of her status as an illusion, she taunts him with the knowledge that his experience with darkness means that the people he meets in the castle will be of the same darkness he once embraced. Riku declares that he will destroy each person of darkness he encounters, prompting Maleficent to battle him in her dragon form. However, she is soon defeated. Zexion is able to detect the false Maleficent.

Later, Sora and company encounter another memory-based illusion of Maleficent, who has kidnapped Belle and seeks to trap the Beast to capture her heart. Though Maleficent is able to capture Belle's heart, Sora and company track her down, where she gives one last ultimatum to the Beast. When the Beast refuses, Maleficent engages Sora and company in battle, but is once again subdued.

She returns in the sequel, Kingdom Hearts II, having used what remained of her evil power to resurrect. She immediately returns to her evil ways, but when her plans are thwarted by Organization XIII, she actually helps Sora and his friends, leading them to conclude that help can come from unexpected places.

Maleficent is the secondary antagonist in Kingdom Hearts coded, where she once again enacts a plot to conquer Disney Castle.

Data-Sora first encounters the villainess after debugging Agrabah. Though he looks identical to the real Sora during the latter's first adventure, she believes that Data-Sora is the genuine Sora. Maleficent and Pete corner Data-Sora, but Mickey and Jiminy's Journal itself (personified as Riku) confront the villains.

Pete explains that he was sent to the castle on Maleficent's orders to spy on Mickey and his friends. However, he too was sent into the Datascape (which she mispronounces "date escape") when they were sucked into it. He came to in a strange place that looked like a terminal for other worlds and summoned Maleficent, who realized the potential of the world as a way to conquer all worlds.

After Pete explains the situation, Maleficent destroys Data-Sora's Keyblade, much to Mickey's horror, and abducts the Journal, explaining that "Riku" is destined to remain in the darkness. The villains then take their leave, the Journal in tow.

Data-Sora breaks into the Datascape's Hollow Bastion with the aid of Donald and Goofy and regains the Keyblade. After managing to dispose of Pete and the corrupted Journal, Data-Sora confronts Maleficent in her dragon form and defeats her. Sometime later, Maleficent and Pete are forced to fight Sora's Heartless, but Data-Sora rescues them at the last minute before defeating the gargantuan beast. During the fight, the Journal transports the villains back to the real world.

While wandering in Betwixt and Between, Maleficent realizes that the Datascape is similar to the Book of Prophecies, a book capable of transcribing and creating events and worlds from the future. She and Pete then concoct a plan to steal the Journal and the Datascape, hoping to find a connection.

With this new plan in mind, Maleficent and Pete arrive in King Mickey's castle and hold Queen Minnie hostage, sending Mickey a letter via Diablo. Maleficent threatens to kill Minnie if she does not have control over the Mysterious Tower, saying that she preferred it in a more darker, more ominous permutation. However, Mickey begins to question Maleficent's goals as she would go this far just to take over one world.

Maleficent then explains to Mickey how Master Xehanort told her how to travel to different worlds, how to win the hearts into darkness, and about the Seven Hearts of Pure Light, the hearts that would allow her to take over all worlds. She also admit that she miscalculated during her last attempt. She then reveals that she seeks the Datascape, but did not reveal why.

Mickey refuses to give the Data, so Maleficent retaliates by attacking Mickey, Donald and Goofy. However, one of Lea's chakrams appears through the Corridor of Darkness, and blocks Maleficent's magic. With that distraction, Minnie is able to escape from Pete. Mickey and his friends are about to confront Maleficent, but Pete recommends that they retreated. Before she retreats, Maleficent proclaims that what she seeks lies within the walls of the Mysterious Tower. She then threatens that she will eliminate Mickey and his friends in good time. Maleficent and Pete retreat into a Corridor of Darkness.

Maleficent is slated to return as one of the main antagonists in Kingdom Hearts III. She and Pete are apparently searching for a black box (heavily implied to be the same box the Master of Masters left for Luxu in Kingdom Hearts X Back Cover), recruiting Hades to help them.

## DARK RIKU

Riku is the deuteragonist (sometimes anti-villain) in the Kingdom Hearts video game series. He is Sora's best friend and rival.

He is voiced by Mamoru Miyano in the Japanese version, and David Gallagher in the English version. As a child, he is voiced by Eiji Shima in the Japanese version, and Ty Panitz in the English dub.

In the first Kingdom Hearts game, Riku lived on the Destiny Islands, and his best friends were Sora and Kairi. Riku was curious of what was beyond the Destiny Islands, and suggested that they build a boat and sail out to see what other worlds may be out there. Sora and Riku grew up together became best friends/rivals.

On the night they would have left, the Heartless attacked the Island, and Riku disappeared into a ball of dark energy, kidnapped by the darkness. Sora, meanwhile is whisked off to another town. In this town, Riku sees Sora with Donald and Goofy, and it doesn't take much for Maleficent to convince him that Sora had forgotten all about him for his new friends. This is all it takes for her to get Riku to join her. As the game goes on, Riku becomes more and more corrupted by the darkness, culminating in him allowing his very Heart to "become darkness" by allowing Ansem to possess him. When Sora learns of this he tries to purify Riku, but fails. At one point, Riku/Ansem is fought by Sora. In the end Sora defeats Ansem, freeing Riku and they, along with King Mickey, lock Ansem behind the door of darkness from the inside. If only Riku's troubles ended there…

Sora encounters Riku in Castle Oblivion, but Riku acts like he had in the first game while under the influence of Maleficent and Ansem, and tells Sora to leave. Later on in the game, Sora said that he had promised to protect Naminé, while Riku believes that it was not Sora, but himself who made this promise. In the end, Riku discovers that he is in fact not the real Riku at all, just a copy made by Vexen. After learning this, he goes with Sora to fight Marluxia, and protects Naminé throughout the fight. Once Marluxia is defeated, the Riku Replica stays in Castle Oblivion.

In Riku's story, Riku starts out in a dark void. A voice tells him to rest, but Riku refuses, and ends up in Castle Oblivion. The levels Riku goes into are mostly the same as his, however, because he rejected his friends, he can only see people who are filled with darkness. Riku can still use his dark powers, though he tries not to for most of the game. Riku fights his Replica several times, before his memories are reset and he is sent to fight Sora. Throughout the game Ansem tries to get Riku to once again embrace the darkness. Riku does embrace the darkness, however, he does not accept Ansem, and fights him. Afterwards Riku does not go back to the Destiny Islands, but instead serves DiZ.

Riku plays an important role in the game as a major character, and the final boss, though he is not usually considered as one, owing to the previous battle with Xion. There is some controversy on whether he is an anti-hero or simply an antagonist in this game. He is first seen on the bridge in Beast's Castle where he fights Xion. As a defeated Xion lies on the ground, Riku pulls off her hood and pulls up his blindfold to get a good look at her. When he sees her as Sora, he is shocked and begins asking her how she can use the Keyblade, calling it a sham and worthless. Angered, Xion demands what right he had to say such a thing and attacks him, only to be knocked down single-handedly. Riku then tells her to "find a new crowd". It can also be inferred that Riku still can't forgive himself for stepping into darkness when he told Xion, "You could say I am, the biggest nobody of them all.".

After Xion left the Organization, the two stayed away in Castle Oblivion. As Roxas and Axel continue to search for her around the worlds, they finally make contact in Twilight Town. Xion quickly takes her leave and Riku stays behind to distract them.

Xion turns into young Riku during a nightmare at Destiny Islands.

While cradling Xion in his arms during her nightmare, Riku recalls his conversation with Naminé in the white room about her, discussing what has to be done for Sora to wake up. In addition to being with Xion during her nightmare, he is also in her nightmare alongside Zexion. Xion collapses in pain while hearing the hurtful and opprobrious speech Zexion gave Riku from Chain of Memories. She then turns into Roxas, Riku, and finally Sora. After Xion wakes upon Destiny Islands, she expresses her curiosity about "Sora and that girl he's always with", in which Riku tells her that Kairi is someone very special to Sora. He tells her that she is the reason Sora is unable to wake up because part of his memories are inside of her. Even though Xion is unsure of where she truly belongs and what the right choice is, Riku gives her some time to think about it. He is also seen conversing with DiZ next to the pod Sora sleeps in.

Riku is seen meeting with King Mickey in the forest outside the Old Mansion, where he has taken the form of Ansem. The King then calls the Keyblade to him, ready to fight, not knowing who he is. To let the King know it's him, Riku puts his blindfold on, which makes him return to normal, surprising the King. He informs Mickey that he will be fighting an Organization member soon, and may not survive, forcing the King to promise to protect Sora.

Riku is the final boss of the game, as the game ends with the battle between him and Roxas depicted in several scenes in Kingdom Hearts and Kingdom Hearts II, including the secret endings of Another Side, Another Story and Deep Dive. He also appears as a playable character in multiplayer mode. To unlock him, the player must play story mode up to day 171 and unlock the rank of Agent.

In Kingdom Hearts II, Riku wanders the Worlds, and his appearance has changed to that of Ansem's after he willingly gave into the darkness. Riku saves Kairi in The World That Never Was. Because he has Ansem's appearance, Sora doesn't recognize him but Kairi shows him that it is Riku. Riku is able to return to his original body, and Sora asks him why he wears a blindfold, and Riku replies that he is hiding from himself. Riku discovers that his dark powers are mostly gone before the final battle.

Only Sora and Riku fight Xemnas, and by working together they are able to beat him, but by doing so they trap themselves in a void, which they escape from, only to end up in a world of complete darkness. However, Riku finds a bottle, with a message from Kairi on the dark beach, and this transports them back to the Destiny Islands, where Riku is welcomed back.

Nico: What the!?

The 3 good fairies Flora, Fauna and Merriweather appeared.

Nico: Flora, Fauna and Merryweather. It's an honor.

Flora: You too Nico. You now have the Sword of Truth. Use it to destroy the evil forces of Maleficent forever!

Eli: Are you all okay?

Belle: We sure are. Thanks to all of you.

Snow White: Where's J.D.?

Nico: He's fighting Dark Riku. Lets go help him.

The Megaforce Rangers blasted and slashed the Behemoth Heartless all over and then they killed it in an instant.

## Battle 9: Dark Riku

---

I went up to a platform below the door and I was facing DARK RIKU!

Me: You will pay for your crimes Dark Riku.

Dark Riku: We'll see about that.

Me: I can't believe you would become like this. You were Sora's friend and you betrayed him and Kairi and destroyed your own home! You fucking disgust me!

Dark Riku: (chuckles) Even if you defeat me, it's already too late. The Door to Darkness is about open!

(Duel of the Fates Plays)

Me: I will never forgive you for your crimes.

I ignited my lightsaber and summoned my Keyblade the Ultimate Weapon and we clashed powerfully as sparks were flying all over the place and more. Massive blasts of lightning and electricity exploded out of our weapons with each clash and I fired energy blasts at him and the blasts hit him all over.

KRABBBBOOOOOOOOOOOMMM!
KRABBBBBOOOOOOOOOOOOOMMMMMM!
KRABBBBBOOOOOOOOOOOOOOOMMMMM!
KRABBBBBOOOOOOOOOOOOOOMMMMMMM!

Nico and everyone came but they were blocked by a barrier.

Nico: What the?

He pressed against it.

Nico: We can't get through. It's a barrier.

Sora: Looks like J.D. is on his own.

I kicked Dark Riku in the face.

Dark Riku: Show me your power!

I teleported and kicked him in the back of the head.

Me: GO TO HELL!

I kicked him in the stomach and Dark Riku belched up a tremendous amount of blood. I fired energy blasts and Dark Riku absorbed them and deflected them back at me and I sent the blast back and it hit him and exploded!

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Eli then did the impossible! He smashed through the barrier and spread his wings of light and summoned his Keyblade and slashed Dark Riku in the back and cut him really good!

Me: Nice ambush attack Eli!

Eli: Learned it from you.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Eli then bursted through the smoke of the explosion and slashed Dark Riku in half right down the middle and then he slashed him into a thousand pieces. Then he fired an energy blast infused with Hakai Energy and obliterated Dark Riku and sent him into the Warp.

We cheered wildly for Eli.

Me: Way to go Eli!

Nunnally: Oh Eli!

Nunnally then hugged Eli and kissed him.

Ariel did the same and hugged him.

Ariel: I'm so proud of you bro.

Aerith: That's my boy.

Nico: That kid sure has some talent.

May: He sure does.

Me: We're not done yet. Now we have to destroy the Heartless on their home turf.

Nico: Looks like it's to the End of The World.

Sora: Here we go.

Breach: Lets do it.

Breach opened a portal and we went through it and we were at the END OF THE WORLD!

---

The End of the World is a world from Kingdom Hearts. It is the last new location to open in the game, upon locking Hollow Bastion.

End of the World is a by-product of all Heartless's destructive nature. Although End of the World is the last world, the Heartless are not very numerous as compared to Hollow Bastion, but they are very powerful. Upon taking a world's heart, a tiny fragment of what is left of that world is sent drifting through the void of space until it eventually meets and merges with End of the World. It is, in essence, a Heartless of the destroyed worlds, as well as the location of Kingdom Hearts for worlds' hearts. In nature, it can be seen as the opposite of The World That Never Was, which is a similar artificial "Nobody" world without its own heart.

The theme music for End of the World is "End of the World" and the battle theme is "Fragments of Sorrow". Both are arrangements of different segments of "Dive Into the Heart (Destati)", the music used during the Dive to the Heart.

After sealing the Final Keyhole at Hollow Bastion, Sora, Donald, and Goofy arrive at the End of the World. Goofy takes note of its composite-world nature, and Sora states that all of the worlds would be restored if they managed to defeat Ansem, Seeker of Darkness, but wonders what would happen to the world itself and them by extension. Goofy says that, as a "Heartless world", it would just disappear, but assures them that, even if that did happen, they would not meet the same fate. Sora takes out Kairi's lucky charm, and remembers his promise to return it.

After fighting through several legions of Heartless and the World Terminus, Sora, Donald, and Goofy run into the giant demon Chernabog and manage to defeat him after a lengthy battle. Afterwards, they descend into the crater of Bald Mountain and press onwards. The group reaches the Final Rest area where a door appears like the one that was in the Awakening earlier in the game. Through the door, they come to the remnants of Sora's homeworld, the Destiny Islands, which soon takes on a much darker appearance.

Ansem appears in the form of Riku, and states that Riku was desperate to escape the islands by any cost, and then takes on his own form. Sora calls out to Riku, but Ansem informs him that any effort to reach him is futile. The villain goes on to explain that all worlds and hearts begin and end in darkness; thus, darkness is the true essence of a heart. Sora denies this, stating that, while hearts may be weak and sometimes even give in, deep down, there is a light that never goes out. Unimpressed, Ansem says, "So you've come this far, and still you understand nothing" (mirroring his words to Sora at the beginning of the game), and engages in battle with the trio.

Sora comes out victorious, and then the mountains of the islands split open. Ansem escapes into the opening with Sora, Donald, and Goofy in hot pursuit, but only Sora is able to get past a preset barrier. After defeating another Darkside and Ansem, the latter uses his power to send himself and his foes to a dark void.

Ansem fuses himself to the World of Chaos, a giant, organic Heartless battleship, and sucks Donald and Goofy into a Corridor of Darkness. Sora begins to fall into the void, but the encouragement of Riku gives him the strength to fight back. Sora rescues Donald and Goofy, and the trio destroy the World of Chaos.

Badly injured, Ansem opens the Door to Darkness, informs Sora that not even the Keyblade can seal the door, and pines for Kingdom

Hearts to fill him with the power of darkness. Sora shouts that Kingdom Hearts is, in fact, light, which proves to be correct; the light of Kingdom Hearts shines out of the door and hits Ansem full force, seemingly destroying him.

However, the threat is not over; several thousand Heartless lie in wait behind the door. Sora, Donald, and Goofy attempt to close it, but even with help from the restored Riku, their efforts are futile. Just when things appear to be over, King Mickey arrives with a golden Keyblade, and Sora, Riku, Donald, and Goofy manage to close the door. Before it does, Mickey assures them that there will always be a door to light; thus, they will be able to find their way back. Riku asks Sora to take care of Kairi, and Sora and Mickey use their respective Keyblades to seal the Door to Darkness forever.

Soon afterwards, Kairi appears, and Sora runs off to talk to her. However, the worlds are beginning to restore themselves. Sora promises to return to Kairi when his obligations are done just as the End of the World breaks apart; Kairi is sent back to the Destiny Islands alone, while Sora, Donald, and Goofy end up on the pathway to Castle Oblivion, where they resolve to find Riku and King Mickey, though they are unsure of where to start looking.

---

Me: Question Sora, what was it like for you to be turned into a Heartless?

Aqua: That's what I was wondering.

Roxas: Same here.

Sora: It was Kairi that saved me from that. When I turned into a Heartless, you saved me, remember?

Kairi: I sure do.

In Sora's memory…

Sora: I was lost in the darkness. I couldn't find my way. As I stumbled through the dark, I started forgetting things-my friends, who I was. The darkness almost swallowed me. But then I heard a voice - your voice.

The memory ended.

Sora: You brought me back.

Kairi: I didn't want to just forget about you, Sora. I couldn't.

Sora: That's it! Our hearts are connected. And the light from our hearts broke through the darkness. I saw that light. I think that's what saved me. No matter how deep the darkness, a light shines within. I guess it's more than just a fairy tale.

Me: It is more than just a fairy tale. It's all real and you brought many worlds together. We all did.

Riku: We sure did.

Sunset Shimmer: That's amazing.

Me: Lets head on.

We went onto the world and what we saw was nothing short of horrifying.

Goofy: Gawrsh, is that all that's left of the worlds taken by the Heartless?

Sora: Those worlds will be restored if we beat Ansem, right?

Donald: You betcha.

Sora: But if we do beat him and all these worlds become restored and disconnected, what's gonna happen to this place?

Donald: Well, uh…

Goofy: This is a Heartless world, so maybe it'll just disappear.

Sora & Donald: Huh?

Goofy: But no worries. Even if this place goes poof, our hearts ain't goin' nowhere. I'm sure we'll find our pals again. Yup, I just know that we will.

Sora: Yeah, you're right.

Me: Lets go guys.

Goofy: I wonder where that Ansem feller went?

Donald: Dive into the most dangerous place and we'll find him!

Me: Lets go!

We went out to find Ansem and we killed numerous Heartless left and right and getting stronger at an accelerated rate and more.

We then flew down to a mountain and then we heard ominous music play.

(A NIGHT ON BALD MOUNTAIN BY MODEST MUSSORGSKY PLAYS)

Wings unfolded from the mountain and we saw Walt Disney's version of the Devil Himself. It was

**CHERNABOG - ULTIMATE HARBINGER OF ULTIMATE EVIL!**

---

Chernabog is the main antagonist of Disney's 3rd full-length animated feature film Fantasia, serving as the main protagonist of the segment "Night on Bald Mountain"/"Ave Maria". He is the tyrannical ruler of a dark realm called Bald Mountain, where he summons demons and damned souls to sacrifice and do his bidding.

Chernabog also appears as a recurring antagonist in the Kingdom Hearts series, a recurring antagonist in House of Mouse and Mickey's House of Villains, the main antagonist of the Kingdom Keepers series, a major antagonist in the Mickey Mouse series, and the main antagonist of the upcoming live action film Night on Bald Mountain.

In House of Mouse, he was voiced by Corey Burton, who also voiced the Hatbox Ghost and Captain Hook.

Chernabog is seen rising from the top of Bald Mountain, where he opens his wings, extends his arms, and summons spirits from the lands below, including the ghosts of soldiers, criminals, and those not buried on sacred ground. Using the souls, Chernabog awakens Bald Mountain, summoning fire and demons from its maw. He proceeds to amuse himself by forcing the demonic figures to dance for him. He creates beautiful dancers out of fire, then wickedly transforms them into vile barnyard animals. Chernabog proceeds to summon Harpies to grab other demons and toss them into the hellish inferno of Bald Mountain, and joins in himself by bringing forth life, then proceeding to kill it again by tossing it into Hell. The madness accumulates into a massive infernal flash.

As Chernabog prepares to continue his wickedness, he is suddenly interrupted by the sound of church bells and the light of dawn. Though he attempts to resist it, the bell tolling and morning light become too much goodness for him to withstand, causing the ghosts and demons to retreat. Disgusted, Chernabog folds his wings back over his body to protect himself from the sunlight, hiding in Bald Mountain as the sun rises and a church choir sings "Ave Maria", hailing and praising the Lord God and Mother Mary.

Chernabog is the only Disney villain with no explained reason for fighting Sora or aiding the Heartless in the Kingdom Hearts series. It is possible that he is such a dark entity already, he independently chooses to aid the Heartless in plummeting the universe into darkness by his own choice. This immense darkness could also be the reason that he is the only non-Heartless fought in the End of the World realm, because there is no point to turn him into a Heartless. It is also entirely possible that he is unaware of the Heartless and their goal, and simply fights because his dark and evil nature makes him want to wipe out sources of good and light, such as Sora, who just happens to cross his path. Considering his location, however, it is possible that he is simply a gatekeeper used by Ansem to bar Sora from the innermost reaches of the End of the World.

In the original Japanese version, the music played when he is fought is "Squirming Evil", the piece used when fighting most Disney Villains. However, in the international and Final Mix versions, an arranged version of the music from the original Fantasia short "Night on Bald Mountain" by Modest Mussorgski, is used as the battle music in Kingdom Hearts.

Chernabog later appeared in the world known as Symphony of Sorcery and attacked Riku. After Riku confronts a mysterious man in a black cloak, and talks with him for a brief while, he summons Chernabog from the volcano behind him to fight Riku. Despite this, Chernabog ended up getting defeated by Riku.

Chernabog appears as a regular guest at the House of Mouse, usually serving as a brutish, but inactive enforcer who occasionally joins in with jokes and gossip around the club.

Chernabog also made an appearance in the movie Mickey's House of Villains. He was one of the many Disney villain who took over Mickey's House of Mouse. But for some reason, he was working for Jafar to help him take over Mickey's House.

After the villains take over the House, Chernabog is spotted on several occasions sitting with Maleficent. After Mickey defeats Jafar, Chernabog then flees out of the House with the all of the other villains.

Chernabog appeared in the fourth season of Once Upon a Time. He was released from the Sorcerer's Hat and terrorized Regina and Emma until they destroyed him by tricking him into leaving the city limits, where there is no magic.

Chernabog appeared in the new Mickey Mouse shorts where he teams up with Pete and the Beagle Boys against Mickey and his team in a football match. They beat Mickey and his friends severely until Mickey finds a way to outsmart them. Chernabog also appears in the episode "The Scariest Story Ever: A Mickey Mouse Halloween Spooktacular".

Disney will release a full-length live action film based on the "Night on Bald Mountain" segment of Fantasia. The film is currently in production and has no confirmed release date as of yet, but will most likely feature Chernabog as the main antagonist.

Chernabog served as the main antagonist in the original Kingdom Keepers series where he led the villains against the protagonists.

Chernabog is a rare character at Disney Parks, appearing mainly in shows as well as on the Disney Villains float in Disneyland Paris' Once Upon a Dream parade. He appears as a major antagonist in Fantasmic!, being one of the villains summoned by Queen Grimhilde to kill Mickey. In World of Color, he is joined by Dr. Facilier and the Firebird in bringing out the Colors of Fear. In the defunct interactive game Sorcerers of the Magic Kingdom at Walt Disney World, Chernobog appears as Hades' right hand and one of the final mission bosses before his defeat by Merlin. He also makes appearances in SpectroMagic and Starlight Dreams. In the defunct Hong Kong Disneyland horror attraction The Nightmare Experiment, Chernabog appears as one of the many villains that Professor J.T. Wu is observing from the Royal Laboratory.

---

Me: Chernabog!

Eli: The ultimate Disney Villain.

Me: Walt Disney's Version of The Devil.

Lola: He is just as scary as he was when we faced him the last time!

Peyton: (sees Chernabog) You didn't tell us Chernabog was that huge!

Konan: And we defeated him with the power of the two things he hates more than: God and Love.

Laney: I remember that. Lets get him!

Me: Lets unleash the Wrath of God!

We went at Chernabog and he sent out numerous damned souls and fired massive blasts of fire and more and we fired massive waves of energy and light and the blasts all hit him all over and exploded with incredible power!

KRABBBBBBOOOOOOOOOOOOOOOOMMMMMMM!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nunnally: Time for this monster to go back to Hell once and for all.
HOLY LIGHT STYLE NINJA ART: AVE MARIA!

Nunnally then had a ball of light form around her and she shined on Chernabog as she sang the great song by Franz Schubert, Ave Maria.

Ave Maria! Jungfrau mild,

Erhöre einer Jungfrau Flehen,

Aus diesem Felsen starr und wild

Soll mein Gebet zu dir hinwehen.

Wir schlafen sicher bis zum Morgen,

Ob Menschen noch so grausam sind.
O Jungfrau, sieh der Jungfrau Sorgen,
O Mutter, hör ein bittend Kind!
Ave Maria!
Ave Maria! Unbefleckt!
Wenn wir auf diesen Fels hinsinken
Zum Schlaf, und uns dein Schutz bedeckt
Wird weich der harte Fels uns dünken.
Du lächelst, Rosendüfte wehen
In dieser dumpfen Felsenkluft,
O Mutter, höre Kindes Flehen,
O Jungfrau, eine Jungfrau ruft!
Ave Maria!
Ave Maria! Reine Magd!
Der Erde und der Luft Dämonen,
Von deines Auges Huld verjagt,
Sie können hier nicht bei uns wohnen,
Wir woll'n uns still dem Schicksal beugen,
Da uns dein heil'ger Trost anweht;
Der Jungfrau wolle hold dich neigen,
Dem Kind, das für den Vater fleht.
Ave Maria!

Chernabog screamed and roared in excruciating pain and then he was completely obliterated in an instant!

Me: WHOA! That was unbelievable!

Nico: Not even the Devil himself is a match for the power of the Divine Light of God.

Lana: No he isn't.

Eli: Awesome job Nunnally!

Nunnally: Thanks Eli.

We continued our search for Ansem and we got to a final rest place.

Sora: Huh?

Donald: What's wrong?

Me: What is it.

Sora: Don't you hear something? There!

Mysterious Voice: Careful. This is the last haven you'll find here. Beyond, there is no light to protect you. But don't be afraid. Your heart is the mightiest weapon of all. Remember, you are the one who will open the door to the light.

Donald: I don't hear anything.

Me: I don't hear anything.

Laney: Me neither.

Kairi: Same here.

Sora: Strange… That voice was so familiar. Maybe it's just my imagination.

Me: Maybe.

Donald: Maybe you'd better take a rest!

Sora opens the door to an area that resembles Destiny Islands.

Sora: Is this… Is this my island?

Lincoln: It's a world that looks like it.

Sora's group approaches the area where the Secret Area used to be.

Voice of Ansem: This world has been connected.

The objects on the islands start to disappear.

Goofy: What was that?

Voice of Ansem: Tied to the darkness… soon to be completely eclipsed. There is so very much to learn.

The ocean turned purple.

Voice of Ansem: You understand so little. A meaningless effort. One who knows nothing can understand nothing.

The island changed and the camera shows Dark Riku's powerful form. We all then approach him.

Ansem: Take a look at this tiny place. To the heart seeking freedom this island is a prison surrounded by water. And so this boy sought to escape from his prison. He sought a way to cross over into other worlds. And he opened his heart to darkness.

Dark Riku turned into ANSEM - THE SEEKER OF DARKNESS!

---

Ansem, Seeker of Darkness (also known as Xehanort's Heartless) is a major antagonist from the Kingdom Hearts franchise, appearing as the main antagonist in the first game and Riku's story in Kingdom Hearts: Chain of Memories, and one of the main antagonists in Kingdom Hearts 3D: Dream Drop Distance (along with Xemnas and Young Xehanort) and one of the secondary antagonists of Kingdom Hearts III. He is one of the incarnations of Master Xehanort.

He was voiced in Japanese by Akio Ōtsuka and in English by Billy Zane (who also played Cal Hockley in Titanic) in Kingdom Hearts and Richard Epcar from Kingdom Hearts II onwards.

Ansem the Wise started to research the Heartless with an apprentice named Xehanort, who is actually the body of Terra converted into an amnesic vessel by Master Xehanort. When Ansem decided to stop his research, Xehanort continued it with the aid of Ansem's other apprentices, including Braig, Xehanort's accomplice. Eventually, the apprentices fell so deep into darkness that they all became Heartless, though their bodies remained as Nobodies thanks to their strong wills. In Xehanort's case, his Heartless took on Ansem's name, while his Nobody called himself Xemnas.

Xehanort's real goal is to forge the χ-blade by pitting seven lights against thirteen darknesses. To this end, Ansem manipulates Maleficent into gathering the Princesses of Heart, ostensibly to find Kingdom Hearts and engulf all worlds in darkness, while Xemnas forms Organization XIII to use as his vessels. However, foreseeing that both plans would be dashed, Ansem travels back in time to Xehanort's youth and grants him the ability to travel back in time and assemble incarnations of Xehanort to form another Organization before staying in the past and watching Maleficent.

## History

Ansem first appears to Sora prior to the Destiny Islands' destruction. Though he does not properly introduce himself at the time, Ansem makes a cryptic message to Sora regarding the fate of the Islands. During the Islands' destruction, Ansem appears to Riku and opens a Corridor of Darkness, sending the boy to Hollow Bastion.

Later, once Maleficent has almost completed gathering the princesses, Ansem possessed Riku's body. He acquires a Keyblade forged from the hearts of the princesses sans Kairi's and uses it to corrupt Maleficent, turning her into a dragon, but she is slain by Sora and company.

Sora then travels to the Final Keyhole, where Ansem awaits. Ansem explains that Kairi's heart is really within Sora and reveals his true identity before attempting to use his Keyblade to draw out Kairi's heart. Sora duels with Ansem, emerging triumphant, and prepares to seal the incomplete Keyhole. As Kairi is still comatose, Sora is forced to use Ansem's Keyblade to save her at the cost of the Keyhole's completion and his own transformation into a Heartless, and subsequently, the births of the Nobodies Roxas and Namine.

Ansem, having expelled Riku's heart and remodeled the boy's body, reappears and declares that Kairi's part is done. He tries to kill her, Donald, and Goofy, but Riku's heart stalls Ansem to buy the heroes time to escape. Ansem retreats to the End of the World, with a restored Sora in pursuit.

In a final battle, Ansem declares darkness is the source of all power, believing that Sora is still ignorant of the truth. Sora, though, retorts that Kingdom Hearts is light and destroys Ansem's physical form with the Door to Darkness.

### Kingdom Hearts Chain of Memories, Kingdom Hearts 358/2 Days, and Kingdom Hearts II

Despite his physical form's death, a fragment of Ansem remains in Riku's body and tries to tempt Riku into falling back into the darkness when the youth emerges in Castle Oblivion's basement. However, seeing that Riku has accepted darkness and not him, Ansem becomes frustrated with Riku and is defeated in battle. However, Ansem points how that he'll take Riku's body when the time comes. Eventually, while fighting Roxas six months later to help the resting Sora, Riku is forced to tap into Ansem's powers and adopts his form in the process.

While Riku helps him from the shadows, Sora learns "Ansem"'s true identity as the Heartless of the real Ansem's apprentice, Xehanort. It was only while aiding Sora in the Castle that Never Was that Riku was purged of "Ansem"'s influence and returned to normal.

### Kingdom Hearts 3D: Dream Drop Distance

Due to Young Xehanort's travels through time, "Ansem" is among the versions of Xehanort summoned and made a member of the True Organization XIII. "Ansem" taunts Riku throughout his journey through the Sleeping Worlds until Riku defeats him and escapes into the real world to thwart the real Organization XIII.

Kingdom Hearts III

Ansem first appears in Twilight Town alongside Xemnas, with the two taunting Sora and encouraging him to free Roxas before summoning several Heartless and Nobodies as a distraction. After this, they watch Sora in the town, where Xigbar berates them for directly guiding Sora.

Later, Ansem visits the Dark World to confront Ansem the Wise about Subject X, a girl Terra-Xehanort had admired as an apprentice. Though Aqua tries to stop him, Xehanort's Heartless corrupts her with darkness before leaving with DiZ. Ansem takes DiZ to the Old Mansion and taunts him with the knowledge of the children used in the experiments, but Olette rescues DiZ with the help of Hayner, Pence, and Vexen.

Ansem joins the True Organization XIII at the Keyblade Graveyard for the final clash between light and darkness. He fights Sora, Riku, and Mickey alongside Young Xehanort and Xemnas with help from Master Xehanort, but is ultimately slain in battle. Ansem congratulates Riku for becoming a powerful Keyblade master before fading away.

---

Sora: Dark Riku!

Ansem: Don't bother. Your voice can no longer reach him where he is. His heart belongs again to darkness. All worlds begin in darkness, and all so end. The heart is no different. Darkness sprouts within it, grows, consumes it. Such is its nature. In the end, every heart returns to the darkness whence it came.

Ansem appeared in midair floating behind all of us.

Ansem: You see, darkness is the heart's true essence.

Me: That is total bullshit!

Sora: Yeah! That's not true! The heart may be weak. And sometimes it may even give in. But I've learned that deep down, there's a light that never goes out!

Nico: That's right!

Lincoln: Now you will pay for your crimes!

Ansem rises up a little.

Ansem: So, you have come this far and still you understand nothing. Every light must fade, every heart return to darkness!

Me: And we are the light that will destroy the Darkness.

We went at Ansem and I kicked him in the face and we slashed him all over the place with incredible fury and more. We blasted him all over and smashed him all over.

We then went after Ansem and we were in a massive dark void.

Ansem: Behold the endless abyss! Within lies the heart of all worlds: Kingdom Hearts!

The camera shows the white door, Kingdom Hearts.

Ansem: Look as hard as you are able. You'll not find even the smallest glimmer of light! From those dark depths are all hearts born! Even yours. Darkness conquers all worlds!

We then saw Ansem and he was merged with a massive battleship sized Heartless called THE WORLD OF CHAOS! IT WAS MASSIVE!

Nico: WHOA! That ship is ugly and huge!

Laney: What is that!?

Sora: That's the World of Chaos.

Carmen: That's the World of Chaos?!

Lincoln: Scary and ugly and huge!

Me: Come on guys! Lets get him!

We all went at him for the ultimate showdown! We blasted him all over over the place with incredible fury and more and it was intense as it shook the void all over with incredible fury! We were hitting it all over the place with incredible fury. Maxxor, Nivenna, Rothar, Chaor, Titanix, Gintanai, Bierk, and Skartalas blasted and smashed the giant Heartless all over the place with incredible power and fury! We rested.

THE END

---

Another awesome saga done.

Kingdom Hearts 1 was one of the most awesome and most adventurous games I've ever played from 18 years ago and it was awesome! NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts all gave me the ideas for this. Thanks guys. Next up is where we help George of the Jungle and his friends all deal with the savage and feral Ursula from the 2007 series. It'll be a battle with the Ursula we all know and love and a rabid feral Ursula that was raised by wolves who hates George and wants him to suffer.

See you all tomorrow.

# Wild Man of the African Jungle

It was October 10th, 2020 and we were over at an awesome place called Goofy Elephant's Ice Cream Party Ship, the Land Version of Goofy Goober's Ice Cream Party Boat and we were there to celebrate Naruto's birthday.

Me: Happy Birthday bro.

Naruto: Thanks guys.

Qin: So you're 19 now Naruto. How does it feel to be like this?

Naruto: Awesome.

Sakura Haruno: You said it Naruto.

Fu: We're all happy for you.

Junk Man: Nothing like ice cream in a birthday party.

Me: You said it Junk Man.

Kushina: My little boy is not a boy anymore. He's now a man.

Laney: He will always be your little boy Kushina.

Kushina: That's true.

Aquata: Are you enjoying your birthday. Naruto?

Naruto: I sure am. It's awesome. Thanks guys.

Me: Anytime bro.

Horsea, Manaphy, Poliwag and Poromon were having really good ice cream. They were having Triple Lingonberry Sunrise Sundaes. They looked like delicious purple berry sundaes with bananas and berries on it.

Poromon: [Admiring it] Ooohhh!

[The quartet gleefully eat rapidly and get ice cream on the waiter and all 4 of them burping after they are done]

Poliwag: Boy those are delicious!

Horsea: Yeah!

Poromon: They sure are really good.

May: Manaphy, are you sure you, Poromon, Horsea, and Poliwag should be eating that fast?

Demolishor: Relax, May. What's the worse that can happen?

Poromon: Waiter, let's get another round over here. [then the waiter gives them 4 more. They eat them and get more ice cream on the waiter] Oh, Mr. Waiter. 4 more, please. [Then the waiter gives them 4 more]

All 4: Whooooo! [they eat the sundaes and get even more ice cream on the waiter]

Horsea: Waiter. [Then they eat 4 more. By this time, the waiter is covered in ice cream. We see Poromon and Horsea finishing their ice cream] Oh, waiter. [singsong] Waiter. [slurring] Wai-toor. [yelling angrily and pounding on the table. The bowls are stacked sideways] Waiter!

Waiter: [puts a scoop of ice cream on a sundae] Why do I always get the nuts?

Horsea: [Up on stage holding a lollipop] All right, folks, this one goes out to my two bestest friends in the whole world: [The viewers sees Poromon, Poliwag and Manaphy and the Goofy Elephant up on stage, too] Poromon, Manaphy, Poliwag and this big Elephant guy. It's a little ditty called…

All: "Waaaaaiiittteeeeer!"

Blurr: (sees the drunk Horsea, Poliwag, Manaphy, and Poromon)

Are you kidding me?!

Horsea: (Slurred speech) You shut up Robot breath! (Slaps Blurr in the face)

Maria: Horsea are you drunk again!?

SpongeBob: This is not caused by Alcohol. This is an ice cream headache that's making her look drunk.

Blurr: Thank goodness I can't feel that.

Manaphy then walked up to Nico.

Nico: (Screams like a little girl) YEEEEEEOOOOOOOWWWWWWW!

Manaphy: (Slurred Speech) You shut up Nico!

She gave him an atomic wedgie and releases flatulence in his face.

FFFFAAAAAAAAAAARRRRRRTTTTTT!

Nico vomited his guts out.

Lola: Are they really drunk!?

Maria: From Eating ice cream too fast. This is an ice cream headache that is making them look drunk.

Lily: SpongeBob told me about this. He and Patrick went to the Goofy Goober Ice Cream Boat and ate so many Triple Gooberberry Sunrise sundaes that they looked like they were drunk as loons.

SpongeBob: It's true guys.

Me: We have to stop this.

I snapped my fingers and returned them back to normal and the 4 of them had a nasty cold brain freeze headache as big and cold as Alaska.

Horsea: (Groans) My head!

Manaphy: That was so cold!

Poromon: What happened?

Me: You 4 made fools of yourselves after gorging down lots of ice cream way too fast.

Lily: You got a massive ice cream headache that made you look like you were drunk after you had 40 beers.

Poromon: Is that even possible?

Lily: SpongeBob and Patrick had this happen to them.

Barney Gumble: I didn't know it was possible to get drunk from ice cream until I saw it happen. (Belch)

Homer: Guess you learn something new every day.

Lisa Loud: Indeed you do.

Me: Yep.

Naruto: But this was the best birthday ever. Thanks guys.

Qin: You're welcome Naruto. How come you didn't like your birthday before?

Aqua: It's because of Naruto's dark past.

Qin: Oh right his status as a Jinchuriki. Those fuckers on the Leaf Council and the councils of the villages ruin their lives and take away what they love and value most.

Sunset Shimmer: You got that right Qin.

Laney: Corruption and treachery can ruin everything.

Kushina: Yes it can ya know. I'm glad we got rid of those councils when we did.

Me: You got that right Kushina. They needed to be stopped and they have taken too much power away from the 5 Kage.

Lincoln: Agreed.

Lily: Yep.

Me: Yep. Hey Applejack, how did you and everyone get all your Cutie Marks?

Lana: I'm really curious about that.

Lincoln: Me too.

Applejack: Oh that's right we haven't told y'all that. Well it's interesting. Why, shoot. I was just a little filly. Even littler than Apple Bloom or her friends…

FLASHBACK 1

Applejack: [voiceover] I didn't want to spend my life on a muddy old apple farm. I wanted to live the sophisticated life, like my Aunt n' Uncle Orange. So I set out to try my luck in the big city, Manehattan! The most cosmopolitan city in all of Equestria.

Count Caesar: Hey! Outta the way, you rube!

Applejack: [voiceover] I knew I'd find out who I was meant to be in Manehattan.

She went up to a door in an apartment.

[knocking]

Young Applejack: Aunt Orange! Uncle Orange! Thank y'all so much for lettin' me stay!

Aunt Orange: (Posh Accent) "Y'all". [laughs] Isn't she just the living end?

Uncle Orange: (Posh Accent) [chuckle] How quaint.

Aunt Orange: Don't worry. We'll have you acting like a true Manehattanite in no time.

Tall Order: And how are you finding good old Manehattan?

Young Applejack: (Posh Accent) Oh, it's simply divine.

Aunt Orange: Very well said, my dear.

Young Applejack: Although, I must admit the city noise took some getting used to. Where I'm from, nights are so quiet, you seldom hear a peep until the roosters wake you.

Dane Tee Dove: The… what?

Tall Order: I say, my dear, what in the world is a "rooster"?

Young Applejack: [voiceover] What's he talking about? What do I say? I don't wanna look like a fool.

[bell rings]

Pony: Dinner is served.

Young Applejack: Thank goodness. Being a city pony's hard work. I'm so hungry I could eat a…

Young Applejack: Cock-a-doodle-doo… Oh, I wonder what Granny Smith and Big McIntosh are up to. I bet they're applebuckin' their way through the Red Delicious trees. Oh, what I wouldn't give for just one bite…

Applejack: [voiceover] I never felt so homesick in all my days as I did right then.

[explosion]

She saw a rainbow and it was beautiful.

Applejack: [voiceover] It was amazin'! A rainbow pointin' right back to… home. In that moment, it all became clear. I knew right then just who I was supposed to be. That's when this here appeared.

FLASHBACK ENDS

Applejack: I've been happily workin' in the farm ever since.

Me: Wow. That's amazing.

Rainbow Dash: It sure is.

Fluttershy: My Cutie Mark wouldn't have appeared it weren't for Rainbow Dash.

Lana: Really?

Lola: Rainbow Dash got you your cutie mark?

Fluttershy: Oh yes. It all started at Summer Flight Camp.

FLASHBACK 2

Fluttershy: [voiceover] You'd never guess, but when I was little I was very shy. And a very weak flyer.

Young Fluttershy: [yelping]

Young "Dumb-Bell": [laughter] Nice going, "Klutzershy"! They oughtta ground you permanently.

Young Hoops: Ha! My baby brother can fly better than you!

Fluttershy: [voiceover] It was the most humiliating moment of my life. And then, out of nowhere…

Young Rainbow Dash: Leave her alone!

Young Hoops: Ooh, what are you gonna do, "Rainbow Crash"?

Young Rainbow Dash: Keep making fun of her and find out!

Young "Dumb-Bell": You think you're such a big shot? Why don't you prove it?

Young Rainbow Dash: Whaddya have in mind?

Young Hoops: You're going down!

Young Rainbow Dash: In history, maybe. See you boys at the finish line!

Young Fluttershy: [yelps] [screams]

Young Fluttershy: [screaming] Huh?

Fluttershy: [voiceover] I had never seen such beautiful creatures. Butterflies don't fly as high as my cloud home. And I'd never been near the ground before.

[Young Fluttershy]

What is this place

Filled with so many wonders?

Casting its spell

That I am now under

Squirrels in the trees

And the cute little bunnies

Birds flying free

And bees with their honey

Hooooonneeeeeeey!

Oooh, what a magical place

And I owe it all to the Pegasus race

If I knew the ground had so much up its sleeve

I'd have come here sooner, and never leave

Yes, I love ev-er-ythiiiiing!

[explosion]

[hysterical animal sounds]

Young Fluttershy: Shhh. It's okay. You can come out. Everything's okay. There's nothing to be afraid of.

Fluttershy: [voiceover] Somehow I had the ability to communicate with the animals on a different level.

FLASHBACK ENDS

Lynn: Wait, wait, wait. What happened to Rainbow Dash? What about the race?

Fluttershy: Oh. Well, I wasn't there, so I don't really know what happened.

Rainbow Dash: You'll find out about that when it's my turn.

Lincoln: Okay.

Rarity: My story is interesting. For a long time I didn't have my Cutie Mark. For the longest time I couldn't figure out why I didn't have mine.

FLASHBACK 3

[music]

Rarity made amazing and cute costumes for a play that was going on. She made one for a bowl of fruit, a flower, a slice of cake, scarecrow and another flower with a bee in it.

Rarity's teacher: Well done, Rarity. Your costumes are very nice.

Young Rarity: Nice?! They need to be spectacular! And the performance is tomorrow!

Rarity: [voiceover] I tried every trick I could think of, but nothing seemed to work. The costumes just weren't right, and the play opened that night.

Young Rarity: Maybe I'm not meant to be a fashionista after all… Aah! What's going on?!

Rarity: [voiceover] I had no idea where my horn was taking me. But unicorn magic doesn't happen without a reason. I knew this had to do with my love of fashion and maybe even my cutie mark! I knew that this was… My destiny!

Young Rarity: A rock?! That's my destiny?! What is your problem, horn? I followed you all the way out here for a rock?! [groans] Dumb rock!

[explosion]

Young Rarity: [scream]

[rock cracks]

The rock split open and inside it was a beautiful treasure trove of jewels and they were perfect.

Young Rarity: Ooh!

[music]

[ponies awing]

The costumes were made more stunning than ever and they now had been sequined with all the jewels and were more dazzling than ever before.

Rarity got her Cutie Mark as a result and it was the 3 diamonds.

FLASHBACK ENDS

Me: Wow! So that's how you know how to make jewel encrusted clothes.

Leni: Which are so totes amazing.

Rarity: Thank you so much Leni and yes that is right.

Laney: I really like your clothes Rarity. You have a great gift.

Twilight Sparkle: My story is a good one.

Luan: Lets hear about you Twilight.

Twilight Sparkle: As a young filly in Canterlot, I always wanted to go to the Summer Sun Celebration, where Princess Celestia raises the sun.

FLASHBACK 4

Twilight Sparkle: [voiceover] And I saw the most amazing, most wonderful thing I've ever seen.

[trumpet fanfare]

Princess Celestia came and raised the Sun and it was so beautiful.

[ponies awing and cheering]

Twilight Sparkle: [voiceover] I poured myself into learning everything I could about magic.

Young Twilight Sparkle: [grunting] [gasp]

Twilight Sparkle: [voiceover] My parents decided to enroll me in Princess Celestia's School for Gifted Unicorns. It was a dream come true! Except for one thing… I had to pass an entrance exam!

Crystal Clear: Well, Miss Sparkle?

Young Twilight Sparkle: [nervous laughter]

Crystal Clear: Well, Miss Sparkle?

Arpeggio: [cough]

Young Twilight Sparkle: [groaning]

Top Marks: [yawn]

Crystal Clear: We don't have all day.

Twilight Sparkle: [voiceover] I knew it was the most important day of my life, that my entire future would be affected by the outcome of this day and I was about to blow it!

Young Twilight Sparkle: I'm sorry I wasted your time.

[explosion]

Young Twilight Sparkle: Aah!

[magic surging]

She accidentally lifted the judges and turned her parents into plants and then Princess Celestia came and Twilight

Princess Celestia: Twilight Sparkle.

Young Twilight Sparkle: Oh, I'm so sorry. I didn't mean…

Princess Celestia: You have a very special gift. I don't think I've ever come across a unicorn with your raw abilities.

Young Twilight Sparkle: Huh?

Princess Celestia: But you need to learn to tame these abilities through focused study.

Young Twilight Sparkle: Huh?!

Princess Celestia: Twilight Sparkle, I'd like to make you my own personal protégé here at the school.

Young Twilight Sparkle: Huh?!

Princess Celestia: Well?

Young Twilight Sparkle: Yes!

Princess Celestia: One other thing, Twilight.

Young Twilight Sparkle: More? My cutie mark! Yesyesyesyesyesyesyesyesyesyesyesyesyesyesyesyesyes…

FLASHBACK ENDS

Twilight Sparkle:… yesyesyesyes…

Me: Okay settle down Twilight.

Twilight Sparkle: (Calms down) Right sorry.

Pinkie Pie: Here is my awesome story. It's one that was different.

FLASHBACK 5

Pinkie Pie: [voiceover] My sisters and I were raised on a rock farm outside of Ponyville. We spent our days working the fields. There was no talking. There was no smiling. [sigh] There were only rocks.

[bell ringing]

Pinkie Pie: We were in the south field, preparing to rotate the rocks to the east field, when all of a sudden…

[explosion]

[wind whistling]

Pinkie Pie: [voiceover] I'd never felt joy like that before! It felt so good I just wanted to keep smiling forever! And I wanted everyone I knew to smile too, but rainbows don't come along that often. I wondered, how else could I create some smiles?

[rooster crows]

Igneous Rock Pie: We better harvest the rocks from the south field.

[muffled music]

Cloudy Quartz: Pinkamena Diane Pie! Is that you?

Young Pinkie Pie: Mom! I need you and dad and the sisters to come in. Quick!

[door creaks open]

Young Pinkie Pie: Surprise! You like it? It's called… a party!

[party tweeter]

Young Pinkie Pie: Oh. You don't like it. [gasp] You like it! I'm so happy!

FLASHBACK ENDS

Pinkie Pie: And that's how Equestria was made!

Scootaloo: Wha… huh?

Me: HUH?

Pinkie Pie: Oh sorry I meant to say that that was how I got Cutie Mark.

Lincoln: That's all right.

Rainbow Dash: But here is my story and it is awesome.

Lynn: Lets hear what you have Rainbow Dash.

Rainbow Dash: It all happened during the race at Flight Camp…

FLASHBACK 6

Rainbow Dash: [voiceover]… where I stood alone against all odds to defend Fluttershy's honor.

Young Fluttershy: [yelps]

She fell from the clouds.

Rainbow Dash: [voiceover] I've never flown like that before! That freedom was unlike anything I've ever felt! The speed, the adrenaline, the wind in my mane… I liked it… a lot!

Young Rainbow Dash: Ow!

Young Hoops: Ha! Later, Rainbow Crash!

Young Rainbow Dash: Hey!

Rainbow Dash: [voiceover] Turns out the only thing I liked more than flying fast… was winning!

[explosion]

She released a massive explosion of rainbow fire and it was incredible as she had a rainbow trail form as she flew.

Rainbow Dash: [voiceover] Most people thought that the sonic rainboom was just an old mare's tale. But that day… The day I discovered racing… I proved that the legends were true. I made the impossible happen!

[Pegasi cheering]

FLASHBACK ENDS

Rainbow Dash: And that, little ones, is how you earn a cutie mark.

Cutie Mark Crusaders: Whooooaaaa…

Me: Unbelievable.

Fluttershy: Wait a second. I heard that explosion. And I saw the rainbow too. Rainbow Dash, if you hadn't scared the animals, I never would have learned I could communicate with them and gotten my cutie mark.

Pinkie Pie: I heard that boom! And right afterwards, there was this amazing rainbow that taught me to smile.

Applejack: When I got my cutie mark, I saw a rainbow that pointed me home. I bet it was your sonic rainboom!

Rarity: There was an explosion I could never explain when I got my cutie mark.

Twilight Sparkle: This is uncanny! If that explosion didn't happen when it did, I would have blown my entrance exam. Rainbow Dash, I think you helped me earn my cutie mark too!

Rainbow Dash: Whoa!

Me: That is incredibly coincidental.

Naruto: It sure is.

Lincoln: Yeah. It's like you all have had bonds ever since even before you all met.

Lori: That is literally something.

Me: It sure is.

Varie: That sure is amazing.

Linka: It sure is.

Nico: But bonds and friendship all work in mysterious ways.

Starlight Glimmer: They sure do.

Wallflower: Most absolutely.

Princess Cadance: It sure does. And me and Twilight have been very close since she was a little foal and I was her foalsitter long ago.

Lola: That's amazing Princess Cadance.

Princess Cadance: It sure is.

We had a great time for Naruto's birthday.

---

Later we were over in Africa and we were over in the jungles of the Bukuvu Region near Mbewbwe and it was a beautiful jungle.

Rhino: Here we are in another jungle.

Me: We've been to the jungles of Africa several times actually. These are the jungles of the Bukuvu region.

Lincoln: It's beautiful here.

Nicole: It sure is.

Wallflower: It sure is beautiful here. I would love learning so much about the plants and flowers here.

Laney: Me too.

Nico: So why are we here?

Me: We're here to find George of the Jungle. He is a missing man that survived a plane crash years ago and has been living out here in the Jungle ever since.

Lana: Oh wow! It must be another George of the Jungle. This is gonna be awesome.

Lily: It sure is.

Wallflower: I love George of the Jungle! He was awesome.

Lincoln: Me too. He was an old cartoon from 1967 and he was awesome.

Laney: He is awesome and I love all the versions of George of The Jungle and he is funny. Especially when he crashes into trees like he does.

Nico: I can't believe he is that tough. Usually when you smash head on into a tree like that you get a nasty concussion or get killed like that.

Lana: George must have a head of iron if he can handle crashing into trees like that.

Lola: No kidding.

Wallflower: Yeah. But it's amazing that George is that tough.

Lana: I love his talking gorilla Ape.

Nico: That is so cool and he has an elephant that is like his dog named Shep.

Lincoln: And his wife Ursula is a Scientist.

Nicole: And Magnolia is a smart fashionista like Leni.

Leni: I can't wait to see what she can do.

Me: We're almost there guys.

We were almost to George's house.

Me: Hey Tshibangu you want to hear something funny?

Tshibangu: (Congo accent) Sure.

Me: (Speaking Swahili) Nisamehe wasichana. Najua unahisi baharia hapa juu sasa. Lakini ikiwa utaniruhusu niagize bakuli la utaftaji wa kukaanga… Sote tunaweza kuwa na ndui kesho asubuhi. (Pardon me girls. I know you're feeling sailor up here about now. But if you would just let me order a bowl of fried clams… We all can have smallpox tomorrow morning.)

Tshibangu laughed hysterically at what I said and it was so funny!

Laney: (Laughs Hysterically)

Lola: That is funny!

Qin: What was that language you spoke in?

Me: That was Swahili. It's the native language of Africa here.

Nico: That was funny what you said. Whatever it was you said must've been really funny!

Laney: He said Pardon me girls. I know you're feeling sailor up here about now. But if you would just let me order a bowl of fried clams… We all can have smallpox tomorrow morning.

Everyone laughed hysterically.

Lincoln: (Laughs hysterically) So funny!

Vambre: (British Accent) (Laughs hysterically) That was funny!

Prohyas: It sure was.

Then we heard a lion roar and a lion came out!

Me: A lion!

Eli: Simba?

Me: That's not Simba. That's a different lion.

Then we heard a Tarzan Yell.

We saw a man swing in on a vine and then he went past us and he crashed head on into a tree!

CRASH!

Me: Oooh!

Nico: Yikes.

That man was none other than GEORGE OF THE JUNGLE!

Me: There he is.

George came down and he saw us.

Apple Bloom: He sure is funny.

Lincoln: He cracks me up.

Me: He sure does.

George came up to us.

George: Team Loud Phoenix Storm!

Nico: It's a pleasure to meet you George.

George: George happy to meet you guys!

Lasher: Same here, George.

George: What brings you all to George's jungle?

Me: To see you George. We came to help you around the jungle.

George: George greatly appreciate it. George having problems with Magnolia's savage twin Ursula.

Nico: Savage Twin?

Me: You mean like a feral wild girl.

George: That's right. Ursula raised by wolves and hates George and wants nothing more than to see George suffer.

Me: Looks like we got here just in time. But can you show us where you live so we can talk more?

George: Sure. Follow George.

We followed him and we got to his treehouse and it was awesome.

Nico: Wow. George your treehouse is awesome.

Me: It sure is.

George: Home sweet home.

We went in and we met George's friends Magnolia, Ursula Scott and Ape as well as Ursula's dad Dr. Scott and the Witch Doctor.

Dr. Scott: Team Loud Phoenix Storm! It's such an honor to meet you all.

Ursula Scott: We heard so much about you all and you are awesome at what you all do.

Magnolia: You said it.

Me: We don't like to brag but it's awesome to meet all of you.

Ape: (British Accent) Same here. It's an honor to meet all of you here.

Nico: Same here. We came to help you all deal with that wild girl Ursula.

Ursula Scott: Yeah she is a monster.

Lincoln: Was she raised by gorillas or something? No offense Ape.

Ape: None taken Lincoln. But no she wasn't raised by gorillas. She was raised by wolves.

Lana: Raised by wolves? That's like what happened to Mowgli.

Eli: It sure is.

Nunnally: Yeah.

Ape: Yes but Ursula is far more feral than Mowgli and she is a menace to the job George has as King of the Jungle.

Me: I see.

Kushina: But I would not have a wild girl in the village or the city ya know.

Lori: Me neither. She literally must be really dangerous.

Tookie Tookie the toucan appeared.

Tookie Tookie: Tookie Tookie.

Cheetah: (to Tookie Tookie) Hey, little guy.

Tookie Tookie: Tookie Tookie.

Shockwave: Are there any bad guys we can help you guys take down?

George: Just Savage Ursula.

Magnolia: Yeah she is ruining my good name and you would not like her one bit.

Blade Man: If Ursula's savage twin looks like Magnolia, shouldn't she be called Savage Magnolia instead?

Me: That's really confusing isn't it?

George: George agree.

Stewie: (to Ursula Scott's dad) Would you like me to help out with any of your inventions?

Dr. Scott: I would love that Stewie.

They went to the lab.

George: Do you guys know how to swing on vines?

Me: We sure do. And we know how to slide on vines too. It's awesome.

George: Follow George.

Me and George went swinging on vines and I was having fun.

Me: Wheee!

George: Fun huh?

Me: It sure is!

I then saw a tree coming and then.

CRAAAAAAAASSSSSSHHHHHH!

I crashed head on into the tree and fell to the jungle floor and I had stars, leaves, planets, moons and birds swirl around my head. My eyes were spinning and I had a nasty bruise and a bunch of cuts on my face.

But then Robo-Blaze, Devack, Zs'Skayr, Bane and Calamitous appeared and they were around me.

Bane: (Spanish Accent) J.D. are you all right?

Me: (Groans) (Stupid talk) Anyone get the number of that coconut that smashed into me?

Robo-Blaze slapped me and I shook my head.

Me: What? Oh hey guys. Bane, Robo-Blaze, Devack, Zs'Skayr and Calamitous. OWWWWW! That really hurt!

Devack: You smashed into a tree head on J.D.

Calamitous: Are you all right?

Me: Yeah it'll take more than a tree to kill me. But now I know how George feels every time he crashes into one and I also know how Sunny felt when he went on that skiing trip and got killed when he smashed into a tree.

Calamitous: No kidding.

Devack: That must've really hurt.

George then came.

George: Ooh more friends!

Calamitous: George of the Jungle! It's awesome to meet you.

Me: Oh I'm sorry George. These are our frenemies the Masters of Evil. They give us usual battles every time we have a mission and it's awesome.

George: George happy to meet you all.

Bane: Same here.

Everyone else then came.

Nico: J.D. are you all right?

Me: I'll be fine.

Sora: Hey guys.

Robo Blaze: Did you enjoy the simulator adventure, Sora?

Sora: I sure did!

William: And I'm guessing that another recruit's coming, right?

Devack: Actually, he'll be coming right about… now!

Grim Adventures Billy: (sees something flying in the sky) Look! A bird!

We saw that it was a Wolfen Ship and inside it was none other than the leader of Star Wolf: WOLF O'DONNELL!

---

Wolf O'Donnell is a major recurring antagonist and anti-hero from the Star Fox franchise. He is the leader of Star Fox's rival mercenary squadron Star Wolf, as well as Fox McCloud's bitter arch-rival. He serves as the secondary antagonist of Star Fox 64, it's reboots Star Fox Zero and Star Fox 2, the primary antagonist of Star Fox story mode in Starlink: Battle for Atlas, and an anti-hero in Star Fox Assault and Star Fox Command. He also appears as a playable character in Super Smash Bros. Brawl and Super Smash Bros. Ultimate.

He was voiced by the late Rick May in Star Fox 64, Grant Goodeye in Assault, Jay Ward in Super Smash Bros. Brawl, Starlink: Battle for Atlas, and Super Smash Bros. Ultimate, and Mike West in Star Fox 64 3D and Star Fox Zero.

Wolf and his team had always had a long-standing grudge against Star Fox and Wolf himself was believed to have had had a hand in the death of Fox's father, James. Eventually, Star Wolf was hired by Andross to deal with Star Fox, which Wolf was only too happy to do. They first engaged Fox and his team when they were sent in to defuse a bomb planted on Fichina. While Star Fox was able to easily deal with Andross' forces, Wolf and his team quickly engaged them, distracting them from dealing with the bomb. If the player successfully took out the members of Star Wolf, Wolf was beaten and he swore revenge on Fox. If the player failed to do so, Wolf cackled in victory and flew off to collect his team's payment from Andross. Afterwards, Star Wolf was sent to protect Boise, a defense satellite for Venom. Wolf and his team engaged Star Fox in another dogfight, but failed to protect the satellite and were left injured from the fight. They were given one last chance and given upgraded ships, the Wolfen II, to defend Andross' base from Star Fox. However, Wolf and his team were shot down and finally defeated, forcing him to go into hiding in his hideout, the Sargasso Space

Zone.

Star Fox: Assault

Sometime later, Star Fox headed into Wolf's hideout, trying to find Pigma Dengar. However, prior to the events of the game, Wolf had long since kicked Pigma off the team (due to the latter's extreme greed and untrustworthy nature implying his 3 scars are courtesy of Wolf) and ordered to his underlings to shoot Pigma on sight if he ever came anywhere near the hideout again. He later recruited the top pilot Panther Caroso to be the third member of his team. While Wolf was at first interested only in taking down Fox, he was forced to forget his goal so as to deal with the Aparoids, who posed a threat to all of them.

Star Wolf aided Fox and his team in fighting the Aparoid threat and Wolf even rescued Fox when he was ambushed in Corneria City. However, he refused to admit this, saying that Fox had just been lucky enough to jump on his ship's wing. Eventually, Wolf did admit that he'd purposely saved his rival, wanting to finish him personally. Soon afterwards, Wolf encouraged Fox in his fight against General Pepper under the control of the Aparoids, telling him that when it came to a tough decision, not to hesitate, just act. Finally, Star Wolf aided Star Fox in their attack on the Aparoid Queen with Wolf and his comrades distracting the Aparoids while Fox moved ahead, an act that seemed to be sacrificing themselves. However, Wolf and his team managed to survive. Wolf's words of advice became a great help to the Star Fox Team, when the Aparoid Queen used impersonations to psychologically torture them into joining her. Once they remembered his advice, they overcome this horror and took the fight to her and put an end to the threat once and for all.

Star Fox: Command

Wolf and his team, who were believed to have died in the Aparoid invasion, soon found themselves dealing with the massive bounty on their heads. Eventually, Fox caught up with them and Wolf was defeated in a fight with him. Fox asked for his help fighting the Anglar forces and he begrudgingly agreed, though he asked if he would be paid or not. During this time, Wolf continued his rivalry with Fox, though he demonstrated some respect for him. After the Anglar

Emperor was stopped, Wolf scolded Fox for taking his prey, since the chances of getting rid of the bounty on him was gone. Fox revealed that he was getting rid of Wolf's bounty. However, in an alternate ending, Wolf and his team led the charge in the assault on the Anglar Emperor, leaving Fox behind. Star Wolf would become heroes to Lylat, getting their bounties taken off and even receiving reward money.

---

Me: Wolf!

Fox McCloud: Been a while Wolf.

Wolf: It sure has Fox.

Qin: Who is he?

Me: That's Wolf O'Donnell. He is the Leader of Star Wolf. They were the rival mercenary group that was sent by Andross to destroy the Star Fox Team.

Qin: Wow! I remember you told me about them and that I met Pigma Dengar and Andrew Oikenny.

Me: Yep and those two were the only ones that we had to kill. The reasons were that Pigma was a completely honorless slimeball that was responsible for murdering Fox's father James McCloud in cold blood and Andrew Oikenny was the nephew Andross. Pigma worked for Andross the entire time and no one saw it coming.

Qin: That's horrible!

Wolf: It was. But what Pigma and Andrew did make them no longer part of the legacy of Star Wolf.

Nico: At least we banished them to the Warp forever.

Me: How does it feel being out of prison Wolf?

Wolf: It feels great J.D. It's better than being in a prison down at the bottom of the sea.

Me: Good.

Fox: Leon and Panther aren't with you?

Wolf: They agreed that I'm the only one capable of fighting outside the Landmaster and Wolfen.

Me: I see. But Panther and Leon would also be great additions to the Masters of Evil as well. The Star Wolf Team wouldn't be complete without them.

Wolf: True.

Qin: What did he mean by A Prison Down at the Bottom of the sea?

Me: We have a special prison located down at the bottom of the Mariana Trench in the Pacific Ocean. We built it down there for some of the dangerous criminals. At 36,000 feet deep and with 16,000 pounds of water pressure per square inch at every corner it's inescapable.

Qin: Wow! That's amazing.

Me: Yep. We put Wolf, Leon and Panther there.

Bane: It's also the prison I was put in.

Me: That's true.

?: That is interesting.

A Figure came out and it was FREAKY TIKI from episode 15 of Lost Galaxy!

---

Freaky Tiki was sent by Scorpius and Trakeena to prevent the Magna Defender and the Galaxy Rangers from interfering with their siphoning the Terra Venture's fuel reserves for the Scorpion Stinger. After the Magna Defender's failed attempt to destroy Scorpius, Freaky Tiki appeared from behind and stabbed him in the back with his staff. Kai and the others held Freaky Tiki off, while Leo takes the

Magna Defender to safety. When he returns, the Rangers defeat him with the Lights of Orion and the Galaxy Megazord.

---

Leo Corbett: Freaky Tiki!

Freaky Tiki: Been a while rangers.

Me: I remember you! You were sent to prevent the rangers and the Magna Defender to stop Trakeena and Scorpius from siphoning the colonies fuel reserves. And you killed the first Magna Defender.

Freaky Tiki: That's right. Good memory on you J.D.

Mike Corbett: So you killed my predecessor.

Freaky Tiki: (to Mike Corbett) So you're the new Magna Defender?

Mike Corbett: You sound surprised.

Freaky Tiki: I actually am. The first Magna Defender didn't exactly play well with others.

Me: All he ever cared about was revenge for the death of his son and look what that got him. All it lead to was a path to his own destruction.

Nico: Lot of good that did.

Me: Yeah.

Then a roar was heard and out came SAVAGE URSULA!

Magnolia: Whoa! It's my savage lookalike!

Nico: She's totally feral!

Me: Not good! You guys fight her. I'm really dizzy.

Nico: Boy no kidding. You hit that tree head on and that must've really hurt.

Lola: No kidding. But okay.

Gia: Time to tame this savage beast!

Megaforce Rangers: Go Go Megaforce!

The Megaforce Rangers turned into their Basic Megaforce Rangers form.

Everyone went at them.

Edd: It's all right but Lana is a really fast worker. She fixed my bathroom in 3 days.

Zs'Skayr: Very impressive. She is very gifted for a 6-year old girl.

Shockwave: She sure is.

Soundwave: Indeed.

Edd: Lets dance.

Edd: Awesome battle.

Calamitous: Indeed.

Stewie: Lets do it!

B.J.: Yeah!

Calamitous: Gladly.

Calamitous called out his Pokemon and they went at him. Calamitous fired his blasters and missiles and Lisa, Stewie and B.J. fired their blasters and fire blasts and lasers and missiles and the blasts hit Calamitous and his Pokemon and knocked them out.

Lisa Loud: A Most successful victory.

## Battle 5: Robo Blaze

Sora, Blade Man and Drill Man were facing Robo Blaze.

Robo-Blaze: Glad you all had fun Sora.

Sora: Same here.

Blade Man: Lets dance shall we?

Drill Man: Lets.

Robo-Blaze called out his Pokemon and they went at him and Robo Blaze clashed with them with his sword and fired laser blasts. Sora, Blade Man and Drill Man fired blasts of energy, blades and drill missiles and the blasts hit Robo-Blaze and his Pokemon and knocked them down.

Sora: A victory worthy of light.

---

Battle 6: Wolf O'Donnell

---

Cole Evans, Fuzzy, and Cheetah were facing Wolf O'Donnell for their very first battle.

Wolf: (to Cole Evans) I think you'll find that I'm a much better opponent then Master Org.

Cole Evans: I agree. Master Org got what he deserved for killing my parents and trying to destroy the world.

Wolf: I'm sorry he did that to you.

Fuzzy: What he did makes him a worthless sidewinder.

Cheetah: Tell me about it.

Wolf: You'll get no argument from me. Let me show you my Pokemon.

He called out his Pokemon and he had a Lycanroar, Entei, Raikou, Suicune and a Mightyena.

Cole Evans: A Lycanroar, Entei, Raikou, Suicune and Mightyena. Good choices.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: Freaky Tiki you have failed this universe.

---

## Battle 8: Savage Ursula

---

Everyone regrouped and they were facing Savage Ursula.

Kushina: I think you need to be taught a lesson in manners ya know.

Savage Ursula: (To Kushina) Try Ursula tomato-headed freak!

We gasped!

Me: Oh no! She just signed her death warrant!

Kushina: You just made a big mistake!

Kushina's red hair was flailing around like 9 tails and she smashed Savage Ursula all over with a frying pan and hit her all over with incredible fury and smashed her face in with incredible force!

Qin: HOLY SHIT! Kushina is really savage!

Me: Savage Ursula called Kushina a Tomato and she hates being called that. Back when Kushina was in the academy, everyone in her class minus Minato made fun of her and they called her a tomato because of her fiery red hair and her round face. She hated being called that with a vengeance and she beat the living shit out of all of those that called her that. That's how she got her nickname the Red Hot Habanero.

Naruto: That's my mom for you bro.

Qin: Geez! Kushina is brutal and powerful. Now I know what not to call her.

Me: Yeah.

Crawsectus, Tassanil, Najarin, Lystone, Arrthoa, Loderool, Nivenna, and Lyssta blasted and slashed and cut up Savage Ursula and she was roaring not only in pain but in savage fury. The Megaforce Rangers blasted her all over with their weapons.

Wallflower: Lets see how she likes these techniques. AMAZON STYLE NINJA ARTS: TUPINIQUIM PEOPLE, POISON DART FROGS, BLACK CAIMAN, SCARLET MACAW, HYACINTH MACAW, CAPYBARA, SOUTH AMERICAN RATTLESNAKE, BRAZIL NUT TREES, SAPOTE TREES, DINIZIA EXCELSA TREES, BRAZILIAN WANDERING SPIDERS, ASHÁNINKA PEOPLE, AMAZON RIVER DOLPHIN, GIANT OTTER and EMPIRE OF BRAZIL!

Wallflower fired waves of leaves, water and wood and they formed into said creatures and all that and they slammed into Savage Ursula and really hurt her all over the place with incredible force and fury.

Me: Wow! Those were all things from the Amazon.

Starlight Glimmer: Nice job Wallflower.

Eli: Take this one! WOLF STYLE SWORD ART: BLUE FLAME CRESCENT MOON DANCE!

Eli enveloped his sword in blue fire and did his own variant of the Crescent Moon Dance!

---

The user and two of their shadow clones attack a target from different directions with a bladed weapon. As they move towards their target, the attackers usually leap through the air in a formation reminiscent of the crescent moon, hence the name. Because all three attacks are meant to simultaneously come from a blindspot, targets can't reasonably defend against all of them. Moreover, because of the power behind the strikes, if even one of them lands successfully, the target is likely to be fatally wounded. In the anime, landing all three attacks is powerful enough to send targets flying through several buildings.

---

Eli slashed Savage Ursula and burned her all over with incredible speed and sent her crashing through 6 powerful trees and knocked them down.

Kushina: Wow! He learned his own variant of Yugao's Crescent Moon Dance?

Me: He sure did. Yugao Uzuki gave me permission to teach him and he came up with his own variant of the technique.

Kushina: That is like my student for doing that you know.

Me: Yeah. Maybe I can fight her despite being so dizzy.

I got up and the jungle was starting to spin.

Me: Whoa!

Naruto: (Catches me) Careful bro. You're still very dizzy.

Me: I know.

Naruto: Let me help.

Me: Okay.

Naruto: Good.

Me: WOLF FIRE STYLE NINJA ART: BLUE FIRE WOLF ATTACK!

I fired a wave of blue fire and it formed into a wolf.

Naruto: WIND STYLE: CYCLONE RASENSHURIKEN!

Kushina: LIGHT STYLE NINJA ART: CHAIN SLASH RASENSHURIKEN!

Laney: BRAMBLE STYLE NINJA ART: ROSE THORN RASENSHURIKEN!

They formed Rasenshuriken made of light with chain spears, wind and tornadoes and bramble vines and they hit Savage Ursula and exploded with incredible power!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Demolishor: Time for some teamwork!

Junk Man: Lets do it!

Demolishor and Junk Man: LASER JUNK MEGABLAST!

Demolishor fired laser blasts from his fingers and Junk Man fired laser blasts.

Blur and Aquata: ELECTRO MAELSTROM FIRESTORM!

Blue and Aquata fired waves of lightning and water and the blasts all hit Savage Ursula and knocked her down.

George: No more will Savage Ursula make fun of George or the jungle! You are joke!

Kushina: You tell her George!

Kushina, George and Laney: JUNGLE PRIMEVAL MEGABLAST!

They fired waves of leaves and energy and the blasts slammed into Savage Ursula and exploded!

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: Savage Ursula you have failed this jungle.

We put her in an electrified cage. Savage Ursula woke up and she roared and screamed in incredible fury.

Kushina: (to Savage Ursula) Now, what to do with you?

Me: We could always sell her off to a sideshow at the circus.

George: Good idea!

The Masters of Evil all came.

Calamitous: (to Naruto) I heard your birthday was celebrated this morning.

Naruto: It sure was!

Maria: But Horsea, Poliwag, Manaphy, and Poromon got drunk eating too much ice cream.

Zs'Skayr: Is that even possible?!

Me: It is. Ice Cream Headache induced drunk states are rare these days.

Bane: (to Horsea, Poliwag, Manaphy, and Poromon) Next time, you 4 shouldn't eat too much ice cream.

Horsea: Noted.

Poromon: Yeah.

The Masters of Evil all teleported out.

George: (To the viewers) George had great time but don't end up like Savage Ursula.

Nico: Good advice.

We went back home and sold Savage Ursula to a circus with a sign on that said Keep locked at all times.

Another awesome fanfic done.

George of The Jungle from 2007 was so funny! It was just as funny as the one from 1998 and the original from the 60's. NicoChan11, JediAvatarOfShinobi, XP4Universe, Omegahatchiyak12 and ninjakingofhearts gave me the ideas for this. Thanks guys. Next up is an ultimate battle in comics and anime as we face the Celebrity 5 in a chapter for Marvel Disk Avengers and we're going to make those monsters pay as we also take down the most dangerous enemies of the Marvel Avengers.

See you all tomorrow.

The U.S.S. Valorous Phoenix was flying through the endless void of space.

Me: Captain's Log, Stardate 2872.5: The U.S.S. Valorous Phoenix is en route to what we have found to be another Earth located in the galaxy Centaurus A, 16 million light-years away from Earth. We believe that it is the world of the Disk Wars heroes. Our mission is to help them take down one of their most dangerous enemies.

Lincoln: This is gonna be so cool helping the Disk Wars heroes.

Me: I know. I can't wait to meet them especially after what happened with the Royal Defenders.

With us was the newest recruits of the Masters of Evil: TRI-KLOPS, KING SHARK, BEETLE and TOUCH & GO.

Me: It's a pleasure to meet you 4. And Tri-Klops we already know because Luigi put him in a portrait.

Touch: Same here J.D.

Leonardo: (to Touch & Go) Where have you two been ever since me and Mikey sent you guys packing?

Touch: When we got word that you guys joined Team Loud Phoenix Storm and killed the Shredder and the Purple Dragons we went into hiding.

Sydney Burlington: Wow.

Go: Indeed.

Tri-Klops: (stretches) Man, it's good to be out of that portrait!

Nico: I'll bet.

Lincoln: Now that Skeletor is dead, the Masters of Evil will be perfect for you and are much better for you than him.

Laney: I agree.

Beetle: (to Blue Beetle) Is it weird that we both have beetle armors?

Blue Beetle: Not at all. This is awesome!

King Shark: (to the Bolton Siblings) You guys can turn into sharks? How'd that happen?

John Bolton: We were slammed because of mad scientists out to destroy all of Humanity.

Me: Yeah these guys were really playing with fire and tampering with the laws of Mother Nature is one of the things we never tolerate.

Nico: That's right.

With us was the world famous creator of Marvel Comics himself: Stan Lee. He wanted to come with us to see what our adventures is like.

Me: It's truly an honor to have you with us on our adventures Stan.

Stan Lee: Thank you for inviting me True Believers. I wouldn't miss this for the world.

Nico: We can see that.

Eli: You are a huge inspiration to everyone Stan and I love Marvel Comics.

Stan Lee: Thank you so much Eli. You are a true believer.

Eli and Stan: EXCELSIOR!

We laughed.

Ed Cowart: Oh J.D. Here is what the Royal Defenders did to the Disk Wars Avengers in their world.

Ed showed me the intel and I found out that the Royal Defenders found out about them putting villains in disks for prisons and they demoralized them and put them under house arrest for 10 to 20 years.

We gasped.

Toad Man: So that's what the Royal Defenders did to the Disk Wars heroes of their world?!

Me: That is absolutely despicable! The Disk Wars heroes are true heroes and it's amazing that they can all do that.

Lincoln: I don't think the Royal Defenders version of Ben erased the memories of the Royal Defenders in this one because it's in our universe.

Me: That's right.

Nico: Maybe it's best if you guys stay here so history doesn't repeat itself.

Lori: Are you kidding? We're literally not sitting out of this fight!

Nico: But what if you guys lose it like the Royal Defenders did?

Leif: You'll be too powerful. We won't be able to stop you guys!

Lincoln: Relax. We can stop the bad guys of the Disk Wars dimension without turning into the Royal Defenders.

Nico: (sighs) Fine. But if it turn out that you guys can't control yourselves… well, it's not like you guys will turn into dictators, right?

Me: No we're not gonna be dictators. We never will go down that path and I will make sure that doesn't happen.

Nico: Okay then.

Lisa Loud: We have arrived at our destination.

Me: On screen.

The Viewscreen turned on and we saw that we were at another Earth.

Me: We're here. Engage landing protocols.

We were landing and we were in the capital of the Avengers: New York City. We got out and we saw The Disk Wars heroes battling their version of Cletus Kasady A.K.A. CARNAGE! But he wasn't alone. With him was the Disk Wars versions of Mark Scarlotti A.K.A. WHIPLASH, Dr. Curtis Connors A.K.A. LIZARD and Cain Marko A.K.A. JUGGERNAUT!

## Cletus Kasady A.K.A. Carnage

Cletus Kasady, also known as Carnage and later Dark Carnage, is a major antagonist from Marvel Comics, most commonly serving as an enemy to Spider-Man and Venom. He is a deranged serial killer who bonded with a symbiote, turning him into a vicious supervillain,

Even when he was a toddler, Clestus Kasady was already a deeply disturbed person with a dark past; born at the Ravencroft Institute for the Criminally Insane, he died a few minutes afterward, before he was revived by the primordial entity Knull to be the one free him from the Klyntar. As a child, he killed his grandmother by pushing her down a flight of stairs, tried to murder his mother by throwing a hair dryer into the bathtub, and tortured and killed the family dog Fifi with a drill. When his father caught his wife trying to kill Kasady in a mix of self-defense and rage for what their son had done to her beloved pet, he beat her to the brink of death and received no defense from Kasady during his trial.

Kasady was then sent to the St. Estes Home for Boys, where his antisocial behavior made him the target of abuse from both the other orphans and the staff. Brutal years he endured at St. Estes only further shaping the killer inside the young man, subsequently giving him him his philosophy where life was essentially meaningless and futile, that "laws are only words", and that the spreading of chaos through random, unpatterned bloodshed was "the ultimate freedom". Kasady eventually gained his revenge by murdering the disciplinarian administrator, pushing a girl in front of a moving bus after she laughed at him when he asked her out on a date, and eventually burning down the orphanage.

Eventually, Kasady was captured and convicted of eleven murders; he bragged about a dozen additional killings while in custody, which the police presumably could not find sufficient evidence for. Now imprisoned for eleven consecutive life sentences, Cletus Kasady shared a cell Eddie Brock who has lost his Venom symbiote thanks to the toxic touch of the supervillain Styx. Learning of Brock's grudge against Spider-Man, Kasady tried to convert him to his nihilistic philosophy, mocking Eddie over his claims to have once been the supervillain Venom. Repeatedly rebuked, Kasady decided to murder his cellmate, but before he could the Venom symbiote entered the cell and rebonded to Eddie. Venom broke free, leaving the terrified and jealous Kasady behind.

Sensing his desire for the power Eddie possessed, a scrap of the symbiote left behind, none other than Venom symbiote's offspring, dripped onto Cletus' hand and bonded with him, transforming him into the monstrous Carnage. A security guard who witnessed his transformation was subsequently killed with his body somehow "pulled through the bars of his cell" before escape, and commit around a dozen of murders in far more extreme methods.

As Carnage, Kasady proved stronger than Spider-Man and Venom combined, and his symbiote was not only less susceptible to sonics than its progenitor, but infinitely more difficult to remove, having bonded to his bloodstream. In his first appearance, Carnage forced Spider-Man and Venom to call a temporary truce to defeat him.

Following his defeat, Carnage was sent to The Vault, a prison for supervillains, and later to the Ravencroft Institute; a facility for criminally insane superhumans. Hoping to find a cure for Kasady's madness, a doctor drew blood from him, unknowingly allowing him to transform back into Carnage. After bursting out of his restrains, Carnage freed fellow inmate Shriek from her confinement and escapes from Ravencroft with her. Carnage and Shriek then go on a killing spree and recruit Doppelganger, Demogoblin and Carrion into an army of psychopathic supervillains bent on taking over New York. Despite declaring himself the "father" of the group, the other members in fact hated Carnage and only stayed in devotion to Shriek.

As the death toll increases, Spider-Man, Venom, Captain America, Black Cat, Nightwatch, Cloak and Dagger, Iron Fist, Deathlok, Morbius, and Firestar all join forces to defeat Carnage and his gang, although they are polarized by Venom's desire to stop Carnage at all costs and Spider-Man's refusal to use violent methods, leading to Spider-Man abandoning Venom to Carnage's mercy. To make matters worse, Carnage uses Shriek's psychic channel powers to turn the populace of New York bloodthirsty and violent, allowing them to continue their killing spree without hindrance.

Eventually, Carnage turns on his "family", causing Shriek to become distracted from using her psychic power in the ensuing battle. Taking advantage of this, the heroes use a device acquired from Stark Industries to project feelings of love and hope into the villains, overwhelming them. While the others are captured, Carnage fakes his death by covering one of his victims in a mock Symbiote costume and flees. Once the heroes have dispersed, Carnage ambushes Venom, although, due to being left frantic and disoriented from the previous fight, he is relentlessly beaten and then tackled into an electrical generator. After being knocked senseless, he is arrested soon afterwards.

Despite supposedly being irremovable, the Carnage symbiote left Cletus twice of its own volition, once to bond to Spider-Man's clone Ben Reilly, and the second time to bond to the Silver Surfer, but both times returned to its original host. Fed up with Carnage, Venom once devoured the symbiote, leaving Cletus powerless for a time, though the serial killer somehow managed to obtain an exact duplicate of it in the Negative Zone that has since merged with the remnants of the original.

When Cletus realized the Carnage symbiote was about to give birth, he passed the offspring on to a police officer named Patrick Mulligan, exhausted from trying to suppress the process and intending to kill them both later. This backfired when the offspring Toxin, teamed up with Spider-Man and Black Cat to defeat him and Venom. While imprisoned on the Raft, Carnage participated in a breakout but was apprehended by the Sentry, flown into orbit, and torn in half.

Presumed dead, Cletus was actually cocooned by the symbiote, but missed out on the Civil War, Skrull Invasion, and Dark Reign. His body was eventually recovered by Hall Industries, which extracted the symbiote from him and used it to engineer unique prosthetics. Equipped with a new pair of legs, Cletus was eventually reunited with the symbiote and stronger than ever, but was repelled by Spider-Man and Iron Man with help from the symbiote's new offspring, Scorn.

Traveling to Doverton Colorado, Kasady took over the town by creating copies of the symbiote, even parasitizing the Avengers, but was defeated by the Life Foundation symbiotes, Scorn, and Agent Venom. Imprisoned, he was freed by servants of Marquis Radu, a tyrant in the Microverse who intended to use the Carnage symbiote to create an unstoppable army. Pursued by Agent Venom and the Scarlet Spider, Carnage betrayed Radu's forces but was captured and his symbiote cloned and fused to copies of the Venom symbiote. Intrigued by this, Carnage attempted to assimilate the Venom symbiote to become even more powerful, but was stabbed through the head by the Scarlet Spider's stingers and lobotomized.

Comatose and under the control of the symbiote, Cletus was eventually broken free by Klaw and the increasingly psychotic Wizard, who wanted to turn him into his own version of Agent Venom. Unable to do so due to Cletus being brain-dead, the Wizard has Klaw subdue the symbiote and transfers it into his old friend Karl Malus, blowing up his base with Kasady still in it. The Wizard's control over Malus proved tenuous at best, and during a fight with the Superior Spider-Man he lost control, allowing the symbiote to take over and go on a rampage, destroying Klaw's corporeal form in the process.

The resulting shockwave blasted the symbiote off Malus and onto the Wizard, who the symbiote promptly took control of and resumed its rampage. Superior Spider-Man learns Kasady survived the explosion, albeit badly injured, and has his body recovered to exploit the symbiote's preference for him. The symbiote eluded Spider-Man's attempts to capture it and rebonded to Kasady, curing him of his coma, but the reunion was short lived before Klaw directed a bolt of lightning towards Carnage, separating Kasady and the symbiote once more. Spider-Man takes the symbiote into custody while Kasady is incarcerated again and revealed to have made a full recovery from his lobotomy.

Cletus undergoes psychotherapy and is integrated into the mainstream prison population, while without a host, the symbiote begins to die and escapes containment, seeking to reunite with him. Upon learning of the symbiote's escape, Kasady's psychologist, Dr. Jenner, hires a thug to shank him and then smothers him to death, offering himself to the symbiote as its next host. The symbiote refuses and resuscitates Kasady, rebonding to him, and the reunited Carnage returns the favour by smothering Jenner.

Carnage decides that his ambitions of conquest and transcendence have caused him nothing but grief and decides to get back to basics with another randomized killing spree. This attracts the attention of psychotic anti-hero Deadpool, who inadvertently comes to believe that it is his destiny to hunt Carnage down. Tracking him down, much to his confusion and outrage, Deadpool gains an upper hand over Carnage until Shriek arrives. Carnage and Shriek escape, but Deadpool tracks them down and tricks Carnage into badly injuring Shriek. Broken from almost killing Shriek, Carnage allowed himself to be arrested and placed in an unlocked cell, swearing revenge on Deadpool.

Carnage would later be one of the villains recruited by Magneto to confront Red Onslaught, the former having convinced him to help out by promising that he'll cause more chaos by becoming a savior. As a result of the morality-altering magic used by Doctor Doom and Scarlet Witch during the fight, Carnage was filled with the urge to become a hero and returns to New York to "save" people, mostly oblivious to how his actions are causing more harm than good. At the same time, a new Sin-Eater begins murdering journalists, which leads to Carnage saving attention-seeking reporter Alice Gleason from him, and abducting her so that she may teach him how to become a great hero. Carnage later defeats and kills the Sin-Eater with the overwhelming force of his old sins, and Alice turns on him by convincing the police that he'd been attacking her. Carnage concludes that Alice is trying to teach him that to be a true hero he must be alone and escapes.

Carnage would then team up with Spider-Man, Steve Rogers, Magneto and the other morally-inverted villains to form the "Astonishing Avengers" to stop the threat of the Avengers, X-Men and Apocalypse. To stop the X-Men from destroying all humans within radius with their gene bomb, Carnage sacrifices himself to contain the blast-Spider-Man describing this act as the worst man he ever knew doing the most noble thing he'd ever seen. Following the inversion of all the heroes and villains, the Astonishing Avengers would take the fall for the Avengers and X-Men's actions, this being confirmed through a video released to the public, in which Carnage served as the group's spokesperson.

Carnage somehow managed to cheat death again and decided to track down and kill a friend he had made while his morality was reversed; Sam Alexander, the teenage superhero Nova, as he wanted to erase all history of his good deeds, including anyone who remembered him being a hero. After first proving that he had reverted to his old ways by murdering a random bystander, Carnage took Nova's mother hostage at the local diner she works at in order to lure him out, and escapes after being wounded by the Nova Force.

He then attacks Sam at his school, only to find that Nova is flying around in the area (in reality, Sam's mother wearing his helmet), thus making him drop the idea that Sam is Nova and chase after his mother. He soon looses track of the false Nova and starts attacking people to lure him out, which he succeeds in doing. Nova manages to stun Carnage by setting off various car alarms, and, realizing the Symbiote's weakness to high frequencies, he throws him into an Anthrax concert nearby, sending Carnage fleeing for the road. The fight soon ends as Carnage is ran over by a truck and Nova restrains him, dropping him off at Ryker's Island.

Later, following HYDRA's takeover of America, Norman Osborn steals the Carnage Symbiote from and abandoned S.H.I.E.L.D.

storehouse and decides to use it for himself. While initially overpowered by the Symbiote's desire for violence and destruction, Norman manages to convince it to be used for something more than "boring" mindless slaughter. Norman then uses the Symbiote to begin a crusade as the terrifying Red Goblin, combining his tech and powers with the Symbiote's own abilities, thus granting the both of them all of their strengths with none of their weaknesses.

He uses his new form to easily beat Spider-Man and his allies, assimilate his grandson Normie into a miniature Red Goblin, and target Spider-Man's friends and loved ones when the latter abandons his promise to give up heroics, even killing Flash Thompson/Agent Anti-Venom. After donning the Venom Symbiote once again to fight his archenemy, Spider-Man convinces Norman to abandon the Carnage Symbiote to prove he doesn't need it to finish him, and subsequently blows the Symbiote up with an exploding gas tank. The resulting feedback seemingly destroys the remains Norman's mind, leaving him with the belief that Spider-Man is really Norman Osborn and he is Cletus Kassidy (although it is implied that he could be faking his mental state). In the aftermath, it is also shown that a sliver of the Carnage Symbiote is still attached to Normie.

In the Venomverse sequel Crossover, Cletus becomes Poison Carnage, feigning loyalty to the Poisons and doing battle with Spider-Man and Venom once more. The fight ends with Carnage being jettisoned out into the vacuum of space.

In the latest Venom series, Cletus Kasady, after becoming Poison Carnage, crash-lands onto Earth, losing his symbiote after it burns in the atmosphere trying to protect him, dying shortly afterwards; he is soon found and revived by the Church of the New Darkness, a cult that worships the symbiote god Knull, bonding to an offshoot of the primordial Grendel symbiote in the process. After killing a corrupted Scorn and consuming her codex, the reborn Cletus assumes leadership of the cult and decides to harvest as many codices from former and current symbiote hosts as he can in order to free Knull from his prison on planet Klyntar.

Cain Marko A.K.A. Juggernaut

Cain Marko, better known as the Juggernaut, is a long-running character in the X-Men franchise and has varied over the years from a villain to an antihero and even a full-on hero - though he seems best known for his beginnings as a thug and mystical-warrior bond to the service of the god-demon known as Cyttorak. He was later stripped of his position and the role of Juggernaut was been passed down to Piotr Rasputin (also known as Colossus). Following the Avengers vs. X-Men event with Colossus now stripped of his position, the position of the Juggernaut was vacant until Cain regained his powers during the Amazing X-Men series.

In the 2006 live action film X-Men: The Last Stand, Juggernaut appeared as a supporting antagonist and was portrayed by Vinnie Jones. In the 2018 film Deadpool 2, he was portrayed by Ryan Reynolds.

Cain Marko is the stepbrother of Charles Xavier and always resented his stepbrother due to the fact his father often abused him and seemed to favor Xavier - this resentment led to Marko developing a bullying nature which he never really grew out of and he made Xavier's life as difficult as possible from an early age.

Later in the 1960s Marko and Xavier were stationed in Korea, serving in the army - during this period Marko stumbled across a hidden temple dedicated to Cyttorak, Marko entered the temple and found the mystical ruby known as the Gem of Cyttorak and read the gem's inscription aloud (which was: "Whosoever touches this gem shall be granted the power of the Crimson Bands of Cyttorak! Henceforth, you who read these words, shall become… forevermore… a human juggernaut!")

The gem proceeded to transform Marko into the Juggernaut but caused a cave-in in the process, apparently burying him alive, and leaving Xavier to believe that his stepbrother was dead.

As the Juggernaut Marko managed to escape after a long period of time and instantly tracked down Xavier, attacking the X-Mansion and battling the X-Men. The Juggernaut proved powerful enough for Xavier to call on the aid of the Human Torch as well - during this battle Juggernaut is defeated by Angel, who removes his helmet and exposes him to Xavier's telepathy, forcing Marko to flee.

However, Marko would soon return, seeking revenge and had to be delayed by three X-Men while Cyclops, Marvel Girl and Dr. Strange worked together to find another Gem of Cyttorak in order to banish Marko to the Crimson Cosmos, the home-dimension of Cyttorak. This proved a costly mistake on Dr. Strange's part as Juggernaut soon returned even more powerful and fought against the sorcerer until he was cast into an alternate universe by Eternity itself.

Yet it seems even Eternity's drastic actions were insufficient and Marko returned to Earth through sheer force of will some time later - though the dimension he had been banished to had caused him to age rapidly, and in his panic, he attacked the Beast before being drawn back into the alternate dimension.

The Juggernaut would reappear again on Earth when dimensional-experiments designed to get rid of the Hulk backfired, the Juggernaut would then have a brief alliance with the Hulk to escape the base but got into a fight when the Hulk objected to Marko threatening an innocent civilian, during this battle Marko was ambushed by Xavier, Cyclops, and Marvel Girl and was defeated once more.

However, the Juggernaut was never one for giving up and he soon resurfaced with Black Tom Cassidy, a mutant criminal who would soon become one of Marko's closest friends. Together they battled the new X-Men but suffered defeat - with Juggernaut retreating and Black Tom seemingly falling to his death after a sword-duel with his cousin (Banshee).

Juggernaut would return, alongside a very much alive Black Tom, to terrorize Spider-Woman and the X-Men during a plan by Tom to manipulate Banshee's daughter (Siryn) into stealing a shipment of vibranium. Once again, Marko is forced to flee when Black Tom is arrested and Siryn is put under the care of her father.

Juggernaut's friendship with Black Tom didn't end however, and no sooner had Black Tom escaped from prison than he had Marko hunt down Madame Web, a psychic he felt could be a useful ally. Juggernaut destroyed several city blocks in his quest and ignored the futile attempts by Spider-Man to stop him, however Juggernaut nearly kills Madam Web when he removes her life-support device and decides to abandon her. By this time Spider-Man was frustrated enough to lure Juggernaut into a trap and the villain ends up sinking into setting concrete without a trace.

The Juggernaut, as per usual, managed to escape his prison however and soon began getting involved in several exploits such as a bar fight with Colossus (in civilian guise), another battle with Spider-Man (this time aided by the X-Men), suffering a horrible defeat at the hands of Nimrod - the ultimate Sentinel and becoming one of the many villains assembled to take on the omnipotent being known as the Beyonder. During this time-period Marko all battled the new generation of X-Men and has a comedic encounter with Captain Britain.

Marko also participated in Loki's "Acts Of Vengeance" and fought Thor and the New Warriors

Marko continues to be a popular character in Marvel and has been a villain, anti-hero and even a fully redeemed hero over the course of the "modern era". During his time in New Excalibur he was a full-on hero but soon began to show signs of falling back into his criminal past and by the time the World War Hulk story arc gets into play he has returned to villainy, declaring that redemption, at least in his eyes, is now impossible.

After Cyttorak took away the power from Cain during the Fear Itself storyline for his betrayal when Cain became Kuurth, an Avatar for the Serpent, originally the role of Juggernaut was to be been passed down to the X-Man Magik, but her brother Colossus took the role of Cyttorak's avatar instead and can transform into Juggernaut's armor at will. Despite now possessing Juggernaut's power and using it for heroic purposes, Colossus suffers from mental instability when he uses that power and has to keep himself in check.

Following the Avengers vs. X-Men event the Juggernaut's powers were purged from Colossus by Magik. Eventually Cain was able to reclaim his powers as the Juggernaut.

Mark Scarlotti A.K.A. Whiplash

Whiplash, also sometimes called Blacklash, is a minor antagonist in

Marvel Comics. He (or she; depending on the iteration) is a supervillain who utilizes whips and other tools to perform crimes. Although the character has had numerous iterations, they usually serve as an enemy towards Iron Man, as well as other heroes such as Spider-Man and the X-Men.

The first incarnation of the character, Mark Scarlotti was a gifted electrician within Stark International's Cincinnati branch, but greed and the desire for a life of luxury eventually got the better of him. Deciding to become a professional criminal to increase his wealth, he constructed a suit and a sophisticated metal whip and became a weapons dealer, special agent and assassin for the criminal organization the Maggia, and fought Iron Man and several A.I.M. agents attacking a Maggia gambling ship on their behalf.

Following this, he was assigned by the Maggia to work undercover at the Stark International Cincinnati plant he worked for, and became Head of Research there. Once again, he would engage in another inconclusive battle with Iron Man and flees the scene, quitting the Maggia afterwards. He and fellow supervillains Melter and Man-Bull are recruited by Black Lama to form the team the Death Squad and fight Iron Man. The three of them then enter a "supervillain war" to win the Black Lama's Golden Globe of Power, but are all defeated.

Whiplash rejoins the Maggia and battles with Iron Man and Spider-Man in New Jersey, eventually being defeated by the vigilante Wraith. Justin Hammer would then hire him, and he, along with Melter and the original Blizzard, would attempt to rob an Atlantic City casino, only to be stopped Iron Man. Whiplash is released from prison by Hammer and battles Iron Man again as one of his costumed operatives, but, despite overwhelming odds, he and the other villains are defeated.

Whiplash is re-employed by an unnamed consortium, who is financed by Hammer, to kill Stark employee Vic Martinelli, and is provided with an upgraded costume and weaponry, plus the new alias Blacklash. In spite of his upgrades, however, Backlash is defeated by Iron Man again and subsequently humiliated by being dragged before his employers. As Whiplash again, he makes a brief appearance as an assassin hired by the Mad Thinker in a failed attempt to kill the Thing as he is recuperating at a New York hospital.

He is eventually diagnosed as manic-depressive by prison psychiatrists and thus attempts to reform, but, being rejected by his parents and residents of his home town, he gives up on redemption and becomes Blacklash again. While attempting an assassination for the Maggia, he is confronted by Spider-Man whom he weakens with his whip, but is defeated by the second Iron Man. Spider-Man beats Blacklash once again, who is also later apprehended by Captain America while committing several robberies. Blacklash is rehired by Justin Hammer and sent with the Beetle and the second Blizzard to assassinate his former agent, Force. Iron Man, Jim Rhodes and Force, however, defeat the trio.

At Hammer's request, Blacklash, Boomerang, and the second Blizzard stop industrial sabotage by the vigilante Ghost. Blacklash is sent to work with Iron Man and Jim Rhodes against the saboteur, but betrays them. Together with Spider-Man's enemy Rhino, he hunts down fellow rogue agent Scorpion, who fails to return stolen weaponry to Hammer.

Eventually, Scarlotti decides to renounce his criminal identity, married and had a child. Unfortunately, due to a lack of money, he is forced to re-assume his criminal identity again, and becomes the target of an assassin, who kills his wife when she returns to their apartment. Seeking vengeance, he finds and then kills the assassin, and vows to abandon the identity of Blacklash forever. Scarlotti, however, is hired by a rival of Stark and returns as Whiplash, with an upgraded costume and new weaponry. Whiplash manages to battle Iron Man to a standstill in their first encounter, but is killed several weeks later by Iron Man's new sentient armor, which crushes his throat against Tony Stark's wishes.

The second Whiplash, Leeann Foreman was a professional criminal who possessed unrevealed mutant abilities and utilized adamantium wires that connected to her gloves as whips. She was initially part of Critical Mass' mutant Band of Baddies, who kidnapped a mutant girl and her father in order to coerce them to join their band. They forced the daughter to knock out Spider-Man and Wolverine, but they quickly recovered. The daughter then unleashed her powers, blew up the warehouse they were in, and defeated all of the Baddies. Whiplash disappeared after the daughter's telekinetic explosion enabled her to get free.

She later joined the Femme Fatales, and was hired by the Chameleon to lure Spider-Man into a trap by threatening a United Nations ambassador, although Spider-Man succeeded in defeating the villains and saved the ambassador. The Fatales then joined forces with Scorpion and Tarantula, but all of them were defeated by Spider-Man and Black Cat. The Femme Fatales later received an invitation to join Superia and her organization of female criminals, the Femizons. They accepted, and were among the superhuman females aboard Superia's cruise ship, where they battled Captain America and Paladin. Whiplash also traveled to Superia's private island to be one of her new Femizons.

After the group disbanded, Whiplash teamed up with Orka, Shockwave and Killer Shrike in a plot to take over a retired aircraft carrier, the USS Intrepid, however, she and her allies were defeated by the Heroes for Hire. She was later seen in the "Bar With No Name" in a black market auction for the Venom Symbiote.

During the "Hunt for Wolverine" storyline, Whiplash, now using the alias Snake Whip, joins the Femme Fatales in helping Madame Viper attack Kitty Pryde's group at the King's Impresario Restaurant in Madripoor. She engaged Jubilee in battle before Kitty Pryde gets her and Domino away from the restaurant. Following that victory, Snake Whip stayed by Viper's side as she ordered Knockout and Mindblast to have the defeated Rogue and Storm delivered to their clients. As Snake Whip asks if they are going to ignore Sapphire Styx's vampiric appetite, Viper says that they have to obey the representative's orders and "let the #$%& feed."

After another call from Soteira's representative, Viper and Snake Whip check up on Sapphire and find that she is acting strange and claiming that Wolverine's Patch alias is there. Snake Whip works to restrain her only to be knocked out. Upon recovering, Snake Whip starts to see Patch attacking Sapphire, even though Viper cannot see this happening.

During the outset of the Civil War event, a new female Whiplash and male Blacklash emerged, both unnamed yet apparently former associates of the Swordsman and frequenters of BDSM events before turning to crime. The duo was ultimately forcefully recruited into the Thunderbolts.

The fourth Whiplash, who is ultimately unrelated to the others, was one of the three constructs created by the villain Badgal, the others being Gunsmith and Brute. As a feminine construct, Whiplash tended to possess women rather than men-Badgal first using the construct to possess a random citizen and then the superheroins GoGo Tomago and Honey Lemon. However, Big Hero 6 managed to defeat Badgal, thus causing the construct to cease to exist.

The fifth incarnation of Whiplash, Anton Vanko was a young scientist from a small Russian village by the name of Volstok. One day, the village is attacked by someone in a stolen suit of Iron Man armor seeking to frame Tony Stark, who murders a number of townspeople, including Vanko's father, Igor. Vanko is able to shoot the impostor just before he flees using a specialized rifle, causing the chest plate on the armor to come off. Vanko then becomes obsessed with getting revenge on Stark, still believing him to be the man who attacked his village, and decides to use the chest plate to fashion a suitable weapon to do so. Over the next six months, he reverse engineers a suit of body armor equipped with energy whips, and vows to kill Stark in order to avenge his father.

Breaking into the prison where Stark is being held for his alleged crimes, Vanko kills several guards and attempts to track down and murder Stark and his confidant Pepper Potts. Stark manages to fight off Vanko using a crude suit of Iron Man armor fashioned from parts of various machines around the prison, and forces him to flee. After Stark tracks down the criminal syndicate who framed him, Vanko arrives at their headquarters, intent on finishing off Iron Man once and for all.

It is there that Vanko learns that Stark was indeed framed and that the syndicate was hired to destroy Volstok by secret international consortium funded by several governments including the USA and Russia, notably Russian Prime Minister Vladimir Putin, in order to wipe out an activist who was creating anti-Putin sentiments. Despite learning of Iron Man's innocence, Vanko still blames his technology for the attack and makes one final attempt to kill him. After the building catches fire, both men are ultimately forced to run to safety, and Vanko makes his escape. Following this, Stark is cleared of his alleged crimes, and helps rebuild Volstok. As this is happening, Vanko is seen in Moscow approaching Saint Basil's Cathedral in the Red Square preparing to properly exact vengeance this time around.

Whiplash is later recruited by Max Fury as a member of the Shadow Council's incarnation of the Masters of Evil. During the "Infinity" storyline, Whiplash is one of the villains recruited by Spymaster to help him attack the almost-defenseless Stark Tower. In his latest appearance, he attacks Squirrel Girl and her sidekick Tippy-Toe while she is wearing a suit of Iron Man armor, mistaking her as the real Iron Man, although he is defeated.

As part of the All-New, All Different Marvel event, a woman takes up the alias Blacklash and the villain Power Broker hires her through the Hench App to protect his unveiling of the Hench App 2.0. She ends up fighting with Ant-Man and Giant Man, although gets away due to Giant Man's inexperience with crime fighting.

## Dr. Curtis Connors A.K.A. The Lizard

The Lizard is a monstrous reptilian supervillain from Marvel Comics, most commonly opposing Spider-Man and the X-Men. He was once a biologist named Curtis Connors who studied lizards, in search of creating a serum that could regrow his missing right arm.

When he was successfully able to create the serum, he injected himself with it. The serum granted him his arm back, but at the cost of transforming him into a reptilian monster that would become one of Spider-Man's most dangerous adversaries.

Created by Stan Lee and the late Steve Ditko, Dr. Curtis "Curt" Connors was a biologist who was one of Peter Parker's college professors. Connors had previously served as an army surgeon, during which time his right arm suffered severe injury from an explosion, forcing it to be amputated. Following the completion of his tour of duty, Connors became obsessed with regaining his missing arm, dedicating his research to finding a way to accomplish this goal. Knowing their abilities of regenerating missing limbs, Connors began to focus his research on lizards, creating a serum from reptilian DNA. Test results were promising, successfully regrowing the missing limb of a rabbit, so Connors injected himself with the serum, regrowing his arm as he had hoped. However, the serum had a horrific aide effect; it then began to transform him into a ferocious and bloodthirsty lizard monster. Spider-Man was able to create an antidote for the serum, restoring Connors back to his regular form; unfortunately, traces of the serum within his bloodstream would cause the Lizard to resurface whenever Connors suffered from extreme stress or was exposed to some kind of chemical reaction. A vicious cycle ensued, in which Connors would transform into the Lizard, Spider-Man would fight and defeat him, and then inject him with a temporary cure until Connors transformed again.

Recently, the Lizard killed Dr. Connors' son Billy, which caused Connors to finally snap. His Lizard persona is now in complete control, and continues in his quest for the extinction of humans.

As part of an effort to return to his old life, the Lizard approached the Empire State University, and singed over dozens of his patents as an incentive so that they would let him become a member of the faculty staff again. After being given this second chance, Connors and E.S.U. developed a surgically embedded, Adamantium-encased inhibitor chip which enabled him to return to his human form and control his transformations into the Lizard. The chip would additionally paralyze him if he became aggressive while in his reptilian form. After Peter Parker's academic credentials were revoked for plagiarism, since he had completed his studies while Doctor Octopus was in possession of his body and had used his own work as a basis for Parker's thesis, Connors vouched for Peter, and convinced the faculty to give him another chance and join his class.

Connors is captured by Taskmaster Kraven the Hunter as part of his organized hunt for various animal-themed villains In order to save his son he searching his son in his cell it empty cell he encounter Kraven son and fight Kraven son knows that Lizards the one kill Billy Connors that not use to be he have chip on his spine to control it Kraven son laughing at him call him a weak one and decide to drag him force to watch when going to kill Billy. He is locked in a cell with Spider-Man while the two watch live footage of Black Cat and the Lizard-esque Billy Connors being hunted, with Billy admitting that he actually remembers his original death (Connors also reveals that he had visited Doctor Strange to confirm that Billy was actually his son reborn in the cloned body created by the Jackal, even if Strange cannot explain this event). Faced with a threat to his son, Connors asks Spider-Man to tear out the inhibitor chip so that he can rescue his son despite the risk of this action leaving Connors paralyzed at best, the two unaware that Kraven set the situation up precisely to force Spider-Man to a position where he would be the ruthless warrior Kraven believes he should be. However, Connors manages to maintain control and retrieve Billy without killing anyone and succeeded saving Billy and Black Cat.

Me: They're fighting their version of Cletus Kasady A.K.A. Carnage!

Girl Jordan: I HATE THIS GUY!

Me: I would too if he got me disowned from my family.

Nico: And they're also fighting Mark Scarlotti A.K.A. Whiplash, Dr. Curtis Connors A.K.A. the Lizard and Cain Marko A.K.A. Juggernaut!

Me: Lets go!

We went at him and then we swooped in and Girl Jordan kicked Disk Wars Carnage in the face and sent him crashing into a car.

Jessica: Wow! Team Loud Phoenix Storm!

Disk Wars Iron Man: It's such an honor to meet you all.

Me: Same here.

Disk Wars Carnage got up and he saw us.

Disk Wars Carnage: You don't have any idea who you are dealing with! I was hollowed out inside… empty… just like my other. We were both sick… because we were incomplete… but not anymore. We healed each other… Made each other whole. Neither one of us can survive without the other. Forget host. Forget symbiote. There is only Carnage. Did you know that my mother went through electroshock treatments when she was pregnant with me? This was before they would sedate you for that kind of thing… and then, you know… I died minutes after I was born… went to Hell… came back… that whole thing… I've had therapists try to tell me that these "early traumas" led me to being… the way I am. I've heard it all, you know… I'm this way because of abuse, because of video games, or sex and violence on TV, because of guns and knives and the wickedness of this mean old world. But what none of them get… is those things didn't make me what I am. I am made… of them. I am abuse. I am sex and violence. I am the guns and knives and the wickedness of this mean FUCKING world… you know my name. Now scream it. I am the ultimate insanity! I am CARNAGE!

Me: Just as fucked up as ever! We should just kill you like we did to our version of Carnage.

Maria: (to the Disk Wars heroes) We'll talk more after we take Carnage down.

Akira: (nods) Right!

Disk Wars Carnage: (to the Masters of Evil) I recognize Team Loud Phoenix Storm. But who the hell are you guys?!

Vypra: We're the bad guys everyone's talking about!

Me: And your worst fucking nightmare.

Dark Spicer: Here's your warning: Your Ass is about to be kicked!

Disk Wars Carnage: Fat chance! You're all dead! (charges at us)

Nightbird: Bring it on!

The Disk Wars versions of Whiplash, Lizard, and Juggernaut see us.

Disk Wars Juggernaut: Looks like we've got more company.

Disk Wars Whiplash: Let's have some fun with them, shall we?

Firefly: We'll handle these guys.

Electro, Firefly, and Shiv were fighting Whiplash, Juggernaut, and Lizard.

Firefly: (dodges Juggernaut's fists) I forgot how strong you guys were.

Juggernaut: That's right! Don't you know who I am? I'm the Juggernaut, Bitch!

Lola: We don't give a flying crud who you are bastard!

Lola fired blasts of fire and Firefly fires heat lasers at Juggernaut.

Shiv was dodging Whiplash's whips.

Dish Wars Whiplash: Hold still!

Shiv: (uses light blades against whips) Not happening, asshole!

Lizard charged at Electro, but he dodged.

Electro: (fires electric blast at Lizard) Never was a fan of yours, Lizard!

The blasts and blades hit them and knocked them down and burned them and electrocuted them all over.

Girl Jordan was really infuriated with Carnage.

Whiplash, Juggernaut and Lizard ran away.

Dark Spicer turned into Deafblast and blasted Carnage and weakened him all over.

Deafblast: (to Electro, Firefly, and Shiv) Where are the other three?

Electro: (sighs) They got away before we could defeat them.

Arcee: (dodges Carnage's attacks) That's fine. Let's just focus on taking Carnage down.

Disk Wars Hulk: (sees Girl Jordan's angry look) If you're trying to imitate me, no offense, but you're not really doing a good job.

Me: She's not imitating you. Girl Jordan has a really bad history with this maniac Hulk.

Girl Jordan fired waves of water at Carnage and they smashed into him with incredible fury.

Akira: Now you are our prisoner! D-SECURE!

He fired a beam of light and Carnage screamed as he was sucked into the Disk and the Disk turned purple and it had Carnage's face on it.

Nico: Whoa!

Me: Oh that was so cool!

Lincoln: It sure was!

Akira: Thanks for helping us out guys.

Me: Aw it was nothing.

Jessica: It's such an honor to have you all here.

Me: It's an honor to be here as well.

Nico: So Carnage isn't getting out of that Disk, right?

Ed Grant: Nope. He sure isn't!

Maria: Nice! I don't know what the Royal Defenders were thinking freaking out because of Disks.

Me: Me neither.

Jessica: Who are the Royal Defenders?

Me: It's a long story. Lets go somewhere and talk about it.

Disk Wars Iron Man: We can go to the Avengers Headquarters to talk.

Me: Okay.

We went to the tower of the Avengers and it was awesome.

Akira: It's so awesome having you all here with us J.D.

Me: It's nice to be here too.

Sunset Shimmer: This is really cool though. I didn't know you all have an awesome tower like this.

Me: It's for the Marvel Avengers.

Nico: Yep.

Ed Grant: So who are the Royal Defenders?

Me: Oh right. Well it's a very complicated story. But they are an alternate universe version of us gone bad.

Nico: Yeah and they have done incredibly terrible things to their universe and their crimes are unspeakable.

Ed Cowart: That's right. Sorry my name is Ed Cowart and I'm a spy and the leader of the Anti-Royal Defenders Resistance Movement.

Hikaru: Pleasure to meet you.

Ed Cowart: Same here. The intel I gathered on the Royal Defenders in their universe is not pretty. Look.

Ed showed them the file on everything we found out about the Royal Defenders and what the intel showed them was mindbogglingly shocking!

Disk Wars Iron Man: Are you kidding me?! The Royal Defenders demoralized us all because of me making the DISKS and because they got stuck in them?!

Rex Goodwin: All you did was make an unescapable prison. It's not the worst thing anyone has done. In fact, you just gave us a new prison idea.

Me: Yeah but I think this is a great idea for us. You all gave us an awesome prison idea.

Akira: I'm glad we did.

Nico: Cool.

Chris Taylor: (to the Masters of Evil) Why are you guys here to begin with?

Greiger: You got a problem with us being here?

Me: Cool yourself Greiger. We came here to help them. Not make things worse. The Masters of Evil are here to give us usual battles before we help you guys take down one of your enemies. And Chris, I know you have a tough guy demeanor but don't make things worse. Please.

Chris Taylor: Sorry it's a habit of mine.

Nico: No worries.

Misty Tredwell: (to Akira) The Skylanders did a method to trap villains similar to yours, Akira.

Spyro: It's true. We trapped several villains in a magical crystal called Traptanium and it works really well.

Snap Shot: (Australian Accent) He's right mate.

Tori Hansen: It works really well.

Akira: Wow! That's incredible! Also I heard you guys beat the evil mad titan Thanos himself.

Me: We sure did. That was one of our most devastating battles.

Disk Wars Thor: You guys destroyed Thanos!?

Disk Wars Wasp: That's incredible!

Disk Wars Hulk: How did you all beat Thanos?

Me: Well that was a deadly battle for us.

I went over the events of Phoenix Infinity War and it was intense. But the result of that battle came with a heavy price.

Me: As a result however we suffered 2 casualties. We lost Ra's Al Ghul and Bowser.

Vince: Yeah it was a big loss.

Jessica: Oh man. I'm so sorry that happened to you guys.

Rainbow Dash: No kidding. That must've been really rough on you all.

Weather Wizard: It was for all of us. Ra's Al Ghul and Bowser were two villains that I've respected above all.

Captain Cold: Same here. Just because I'm a supervillain doesn't mean that I'm totally heartless.

Venom: Same here. We were once a supervillain.

Sandman: Same here. But J.D. saved me from myself. You know how he did it?

Jessica: No.

I pulled down my shirt and pointed to my chest.

Me: Flint's daughter was dying of a heart condition and I gave her my heart to save her life.

The Disk Wars heroes gasped at the incredibly selfless deed I did.

Jessica: You sacrificed your own heart?

Akira: But you should be dead for that!

Me: Normally yes. But my immortality and invincibility allow me to regenerate my organs.

Hikaru: Wow! That's incredible!

Akira: That is a really selfless deed.

Nico: I was surprised myself.

Eli: Same here but that's my big brother for you. He is a true angel.

Me: Thanks little bro.

Kalin: So… when you guys aren't trapping villains in DISKS, what do you guys do in your free time?

Akira: Me and Hikaru like playing video games and read comics.

Lincoln: You and I have so much in common.

Jessica: I like doing fashions.

Leni: We totes have so much in common!

Ed Grant: I like playing sports and I like eating super spicy food.

Lynn: Love your spirit Ed!

Chris Taylor: I like reading books and learning all about quantum physics.

Lisa Loud: You and I are very much similar in terms of personality traits Chris.

Me: Looks like some of us have a lot of things in common here.

Nico: We sure do.

Linka: Yep.

Akira: We sure do. But we are glad you came because we need you help in taking down one of our enemies.

Jessica: The Celebrity 5.

Me: The Celebrity 5? You mean Tim Gilliam, Rosetta Riley, Joel

Murphy, Manino Giordani and Ōkuma Jubei?

Ed Grant: That's them.

Nico: I've heard of them. They were the servants of Loki the God of Mischief.

Jessica: That's right.

Jessica told us all about them.

---

The Celebrity Five are five humans who serve Loki. They helped him pull off his attack on the Raft and trap the Avengers in DISKs. They also secured all supervillains at the Raft in DISKs in order to force them into becomming Loki's soldiers. After an accident causes all DISKs to get scattered around the world, they are tasked by Loki to collect them before the Avengers and their partners can do so.

All members of the Celebrity Five have a biocode installed in their body, and are thus able to release villains from the DISKs at will. In this regard they serve as evil counterparts of the Avengers' young partners, Akira, Hikaru, Chris, Jessica and Edward. All members have prominent jobs in daily life, which sometimes interferes with their missions for Loki.

When Loki is initially defeated in the battle at his Ice Palace, the five are arrested by the police. Crossbones breaks them out of prison transport, but only to steal their Biocodes. After their biocodes are stolen, all five of them are forced by Red Skull to join Hydra and help guard the Gaia Anchor on the Raft. When Edward Grant and Hulk come to the Raft to destroy the anchor, the Celebrity Five actually help them accomplish this goal by giving Ed the DISK of Power Man and helping him get deeper inside the complex. After Red Skull is defeated and all Hydra soldiers are arrested, the five use this opportunity to escape from the organization.

By this point however, their reputations are already ruined since everybody now knows they worked with Loki. While raiding their old lair for anything useful, Loki contacts them again from the dimension he has been banished to. He restores their biocodes and orders the 5 to prepare for his return to Earth. For this end, he has them team up with his new henchman, Ronin, to steal the Treasures of Darkness: relics that can grant glorious power but also great suffering to whoever owns them all. These Treasures are needed to powerup the Dark Gate device and open a portal to the Dark Dimension, which will not only release Loki, but also his new master Dormammu. Loki promises all of them a seat in Dormammu's council once he conquers Earth. The five succeed in their plan despite interference from the Avengers. However, once the portal is opened, Dormammu sucks all five villains into the Dark Dimension.

After both Loki and Dormammu are defeated, the Five somehow escape the Dark Dimension again, and at the end of the series they are still at large. How they escaped remains unknown, but it is suggested Loki had something to do with it.

---

We gasped in shock.

Me: Looks like we were called here just in time.

Aylene C.: We sure were.

Rachel S.D.: Yep.

Me: But there's 5 of them and lots of us. Fighting all of us at once for them is like taking on the entire universe.

Nico: That's right. We are easily the most powerful force in the entire universe and it'll take more than them to beat us.

Me: Lets not get overconfident. First we need to figure out what they want later on and then we'll recruit some supervillains to see if they can help us out.

Nico: Good idea. But knowing that you guys faced the Celebrity 5 in the past, we're gonna need all the help we can get.

Lincoln: Yeah.

Luan: This is gonna be rough.

Eddy: Oh yeah.

Roman: We'll have the usual battles now. And then, we'll recruit some help against the Celebrity 5.

Me: Good idea.

Disk Wars Iron Man: We can use the training arena for that.

Me: Thanks Tony.

We went to the Training Arena at the Avengers Tower.

In the Training Arena we got ready.

Me: You guys are in for quite a show as we face our frenemies in our usual battles.

Jessica: This is gonna be fun.

Dark Spicer: And I have 2 new aliens to show you all.

Me: Lets see them.

Dark Spicer turned into a mutant version of Toepick. He had Toepick's body and it was red and it had spines on the back and arms and legs and he had a metal grate helmet and mushrooms were growing out of his back and arms.

Footfungus: Meet Footfungus!

Shanan: A Mutant Mekfootan. Nice choice.

Riku: That's your version of Toepick, right?

Footfungus: It is. I know you guys are immune to what's in my helmet. So, please tell me what you see, ok?

Footfungus's grate opened up to reveal his nightmare face to Riku, as horrifying sounds were heard.

Me: Well here.

I formed a mirror and showed him and he then screamed and reverted back. What he saw was too gross to describe. His face had scars and worms for eyes and 3 mouths all over.

Dark Spicer: THAT'S HORRIBLE!

Me: It was.

Eddy: But your reaction was priceless.

Dark Spicer: Maybe. But here's my second alien.

He turned into another new alien. He looked like Astrodactyl and he was red and had spines and stars orbiting around his legs and he had spines all over his back and had laser blasters on his back.

Staromorphidon: I call this form… Staromorphidon!

Shanan: A Vaxadactylus Mutant. Nice.

Trent Fernandez: That's another form of yours that can fly.

Staromorphidon: It sure is!

Staromorphidon fired a powerful blast of energy from his mouth at Trent.

Eli ignited his lightsaber and deflected the blast back to him and it hit Dark Spicer and knocked him down.

Dark Spicer: Whoa! That was well done. Nice job kid.

Eli: Thanks. J.D. trained me.

Me: A third version of me did.

Dark Spicer: Wow I heard about a caveman version of you merging with you.

Me: Yep. It's a great story but it was awesome. We'll have the warmup battles first and then we'll have our usual battles.

Dark Spicer: Okay.

They got ready and started the battles.

Connor: Sydney's friend Irena had us sprayed with her fairy dust and it gave us the ability to fly permanently like with Tinkerbell's fairy dust but with a permanent effect.

Beetle: That's amazing! I'm impressed. Lets dance.

They flew into the air and Connor bashed him all over with his Tyranno Staff and knocked him around all over and Beetle punched and kicked at him all over and Connor dodged his strikes and he smashed him all over the place and knocked him out.

Connor McKnight: Good fight.

After pulling herself together and having earned Vrak's approval, she sends Rotox to attack the city, drawing the attention of the Megaforce.

The Rangers try to fight him but are outmatched and restrained by Rotox's strength and weaponry. Robo Knight later arrives but is caught by surprise and temporarily incapacitated. The Rangers then break free from the chains restricting them and ascend into the Ultra Mode, which proves more than enough to defeat Rotox.

KRABBBBOOOOOOOOOOOOOOOOOOOOOMMMMMM!

Me: Whoo! Now that we got the usual battles out of the way lets head out to recruit some villains.

?: Let us come with you.

We saw two figures and they were former enemies of the Wild Force Rangers TOXICA and JINDRAX!

---

Toxica

Toxica is one of the two secondary antagonists of Power Rangers Wild Force. She is Jindrax's partner and best friend, and possibly love interest, a Duke Org and the Mistress of Magic. Toxica is the (former) archenemy of Alyssa Enrilé, the White Wild Force Ranger.

She was portrayed by Sin Wong.

Toxica is a Duke Org, the "Duchess of Orgs" and the "Mistress of Magic". Her sorcery can resurrect recently fallen Orgs and cause them to grow into giants by reciting the spell "Evil spirits of toil and strife, give this fallen Org new life" and firing some magic beans from her staff, which grow into vines that entangle and reform the fallen Org.

She and Jindrax hid for centuries after Master Org's defeat, both posing as Animal Control employees, and were the first to rejoin him in the Nexus when he re-emerged. Toxica grew suspicious of Master Org, when she saw him adjust his horn, something no real Org should be able to do. She had developed something of a rivalry to Alyssa Enrilé, the White Wild Force Ranger, for calling her "Grandma".

After General Nayzor was destroyed, Toxica temporarily used his crown to become the General Org Necronomica. She and Jindrax later received newer forms from Master Org when they exposed him and were brainwashed, becoming the submissive slaves Super Jindrax and Super Toxica. However, they were later freed and unleashed the General Org Mandilok to aid them against Master Org. Toxica has also shown how much Jindrax means to her in "Team Carnival", when he eats beans from her magical staff, in an attempt to help his brother Juggelo to defeat the Power Rangers. Toxica tries to stop him, saying he would stay big forever if he grew. Jindrax, however, ate the magical beans anyway, immediately after which, Toxica protested, fearing she was going to lose her best friend. Toxica took Juggelo's place in Team Carnival after his destruction by the Power Rangers, as well as reassuring Jindrax that they were and always will be a team.

During a mission to infiltrate the Animarium with Jindrax and Duke Org Onikage, Toxica touched the sacred water, causing her immense pain. This ended up revealing their presence on the Animarium, and worsening the already fragile trust between her and Mandilok. Onikage tricked her into cutting off her horn, telling her that it would grow back and that without it, she would be immune to the painful effects of the sacred water. While she was saved from the effects of the water and she managed to kidnap Princess Shayla from the Animarium, Mandilok revealed that her horn would not grow back, and the loss of it was weakening her to the point of near-death. When the Rangers tried to destroy Mandilok with the Jungle Blaster, he grabbed Toxica from the ground and used her as a shield. The blast hit her back, causing her to scream out in pain as she quickly died. Jindrax was incredibly devastated by her death, as she was the only friend he had.

However, Toxica would not stay gone too long. Using a magic mirror, Jindrax later receives a message from his partner from the Spirit World, where defeated Orgs rest, saying that the power that sent her there could bring her back as well. After realizing that the Power Rangers' Jungle Blaster was the power that originally ended her life, Jindrax, forcibly, helps the Rangers destroy a new Org, which allowed the Rangers to fire their Jungle Blaster again, which Jindrax quickly intercepted with Toxica's horn, which powered it up enough for Jindrax to then fish Toxica out of the Spirit World. Jindrax was incredibly happy at the resurrection of his best friend.

When Toxica learned Princess Shayla was still being held captive, she knew that Master Org was planning to power himself up and decided she and Jindrax would need to help the Rangers rescue her since if Master Org succeeded he would eventually catch up with them. Revealing themselves, Jindrax and Toxica convinced the skeptic Rangers to let them help rescue Princess Shayla. While the Rangers kept the resurrected General Orgs busy, Toxica and Jindrax snuck into the Nexus and managed to help Shayla escape. Afterward, with no more loyalty to the Org's philosophy, Toxica and

Jindrax left to travel the world and find themselves.

Jindrax

Jindrax is the Master of Blades and one of the two secondary antagonists of Power Rangers Wild Force. He faithfully serves his Master as the Duke of Orgs and is the best friend of the Duchess Org Toxica. Jindrax is the (former) archenemy of Taylor Earhardt, the Yellow Wild Force Ranger.

He was voiced by Richard Cansino for four episodes, and later his US suit actor Danny Wayne Stallcup, who played Jindrax in his human disguise prior to the series beginning.

Jindrax can usually be found at the forefront of battle, and his mastery of blades makes him a match for any Ranger. Jindrax is skilled with knives and swords and constantly uses them in battle. After discovering Master Org's secret, Jindrax and Toxica were transformed and brainwashed into Super Jindrax, given new, more powerful forms, as well as no recollection of the Master's secret. They were released from this state after a blast from Cole's Animarium Armor restoring their original forms and memories.

Seeking help to take down Viktor Adler, Jindrax and Toxica traveled into the desert to an old Org tomb and revived the General Org Mandilok. Together, they were able to depose of Master Org (having since lost his powers) and seemingly killed him for good. However, the two were mistreated under Mandilok.

Jindrax had a brother named Juggelo who was imprisoned with the other Orgs as well 3,000 years ago and both brothers formed the duo "Team Carnival", due to their clown-like appearances. When his brother was destroyed in battle, Jindrax used Toxica's magic staff to resurrect him into a giant and later ate the same magic beans to grow large and fought alongside Juggelo. After his brother was destroyed, the effect of the magic beans wore off and Jindrax shrunk back to normal size and Toxica joined Team Carnival in his brother's stead.

After his best friend Toxica was killed by Mandilok in battle with the Rangers, Jindrax abandoned the Orgs and left to fend for himself.

Using Nayzor's mirror, Jindrax received a message from Toxica in the Spirit World telling him only the power of the Jungle Blaster can revive her, if it energized her horn. Jindrax was able to resurrect Toxica from the Spirit World she had been sent to using her re-energized severed horn from the Ranger's weapons and helped them destroy Locomotive Org. But Jindrax enlarged the monster with Toxica's staff firing magic beans and left the Rangers to deal with the Org. Jindrax used a fishing line to lower Toxica's horn into the mirror. In the Spirit World, Toxica grabbed it and pulled herself out of the mirror, with her horn re-attached. Both of them decided that they have had enough of the Orgs, deciding to do something new with their lives.

The Duke Orgs later aided the Rangers in a battle against Master Org and his revived Org Generals, including Retinax, Nayzor, and Mandilok. Jindrax and Toxica entered the crumbling Nexus and rescued Princess Shayla from her prison cell. The Princess kissed Jindrax on the cheek, sparking some jealousy in Toxica and the three exited the Nexus seconds before it was destroyed. Jindrax and Toxica left on good terms with the Rangers, and currently travel the world together in search of their place.

---

Alyssa Endilé: Toxica and Jindrax!

Toxica: Been a long time rangers.

Me: I know you two all too well. It's good that you left Master Org and you'll be happy to hear that Master Org is dead and forever banished to the Warp for all eternity.

Nico: That's right. He was the most ruthless villain of all the Power Rangers Monsters and he had to pay for his crimes.

Lincoln: Big time.

Jindrax: Good riddance.

Toxica: Yeah. Let us help you all and get redemption for the crimes we did under the influence of Master Org.

Me: We would love that.

Akira: Lets do it.

We headed out.

---

Later at a dojo we met Keniuchio Harada A.K.A. SILVER SAMURAI!

---

Keniuchio Harada, also known as the Silver Samurai, is the mutant son of the former Japanese crimelord Shingen Harada and an antagonist from Marvel Comics, most commonly opposing Wolverine and the X-Men, Daredevil, and Spider-Man. He is also a member of the hero team Big Hero 6.

In X-Men: The Animated Series, he was voiced by the late Denis Akayama, who also voiced Kunzite.

As a youth, Harada mastered the attendant disciplines of the medieval samurai and sought employment as a warrior for hire. He first worked for the criminal Mandrill and clashed with the blind hero Daredevil. Harada then served the Viper, an agent of the terrorist organization HYDRA, as her bodyguard. In that capacity, Harada battled opponents such as the costumed crimefighter Spider-Man, the martial arts master Shang-Chi, and the team of mutant trainee heroes the New Mutants.

Following his father's death, Harada sought the leadership of Shingen's Clan Yashida from his half-sister Mariko Yashida, but was opposed by the ronin Yukio and Mariko's lover, the mutant adventurer Wolverine. Later, Harada worked with Wolverine to free American private investigator Jessica Drew from the influence of Black Blade of Muramasa, a sword mystically imbued with its creator's madness. Wolverine himself fell under the sword's spell, but managed to overcome his possession after which Harada took up the sword, finding himself worthy of its power.

After Mariko's death, Harada claimed leadership of Clan Yashida and was briefly employed by the Japanese government as leader of their fledgling super-team Big Hero 6. Ultimately, his inability to lead Clan Yashida allowed the Mongolian crimelord Haan Kaishek to take control, and he allied with Wolverine to defeat the Kaishek's. However, the disgrace of losing leadership was too great for Harada, and he returned to his mercenary ways.

Eventually falling into the service of Hydra once more, Harada was dispatched to battle the female ninja Elektra and was seemingly killed. Revealed to have survived, the Silver Samurai resumed his criminal career following an encounter with the mutant Blindspot. Allied with known terrorist Lady Deathstrike, Harada attempted to establish himself as the "Silver Shogun," leader of the Yakuza. He was also briefly a prisoner in The Raft as part of a super-villain stockpiling conspiracy, but he escaped and returned to Japan. Harada subsequently became a member of the Japanese Prime Minister's security cadre. During the course of his duties, Harada faced Wolverine, who cut off his hand in search of information on the Muramasa Blade.

---

Silver Samurai: Team Loud Phoenix Storm. It's an honor to meet you all.

Me: Keniuchio Harada A.K.A. Silver Samurai. (Bows) It's an honor.

Nico: (bows) Silver Samurai. It's an honor to meet you.

Silver Samurai: Is it really? Why have you come here?

May: Well, you probably heard about the Celebrity 5 returning.

Silver Samurai: And you think I will simply offer my aid.

Maria: Well, you are a formidable opponent in battles.

Silver Samurai: I have won many battles because I have the strength to do what you all never could. (to me) Tell me, J.D. Is it true that you can end the lives of villains simply by snapping your finger? With all your great power, would you end all evil in the world?

Nico: No. There are some villains that don't deserve to die.

Me: That's right.

Silver Samurai: All that power and yet, so weak.

Ultra Humanite: Compassion hardly counts as weakness.

Silver Samurai: The people don't need compassion. They need to know that you will end villains to save them. That your morality will never come before their lives. Leave. And do not approach me again.

Me: You are wrong about that. Compassion, friendship, love and emotions and feelings like that are not a weakness. They are a strength and will make you stronger as long as you believe and have faith in those you care about. But after we take down the Celebrity 5 we will leave you alone. Take some time to consider it.

We left.

Later we were off and we arrived at the home of Eric Magnus Lehnsherr A.K.A. MAGNETO!

---

Max Eisenhardt, also known as Magneto, is a powerful mutant and one of the main antagonists from Marvel Comics. He is the archenemy of the X-Men, and also serves as a foe to the Avengers. He has also served an anti-villain on many occasions. Despite once being close friends with Professor Xavier, the two became enemies when Xavier championed the co-existence of mutant and human kind working together. To Magneto, a Holocaust survivor who had seen and felt first-hand the worst ways human beings could treat those they deemed different, such a system was impossible and he instead championed a violent and destructive pro-mutant stance, one which saw humans as the enemy in a genetic war and promoted the idea that mutants should become the dominant species on Earth. He was originally one of the main antagonists of the X-Men franchise alongside Apocalypse but has since found more common ground with the X-Men.

In addition to his traditional role as the adversary of the X-Men, Magneto has fought against several other heroes and villains in the Marvel universe, and also fought with both the X-Men and other heroes on numerous occasions, even becoming the leader of the X-Men for an extended period of time, all to achieve his goal of protecting mutantkind.

He is the father of the Scarlet Witch and Quicksilver, both of whom were originally part of his terrorist organization known as the Brotherhood of Evil Mutants (later referred to simply as the Brotherhood, as Magneto became a more morally "grey" character). It is later discovered that he has another daughter with his powers; Lorna Dane, also known as Polaris.

Though Magneto is a villain against the X-Men group, he has since joined them a lot of times, even becoming a hero himself.

Now he is considered more something of an anti-hero due to his morals and because he protects mutants from humans at any cost. Several times, he could be compared to civil-rights leader Malcolm X.

A Holocaust survivor, Magneto was a young Jewish boy by the name Max Eisenhardt growing up in Nazi Germany where he and his family were constantly subjected to bullying and harsh treatment. Max had to learn to scavenge, steal, and evade the Gestapo to provide food for his family. Eventually, the family were rounded up and executed by gunfire; Max was the sole survivor, possibly due to his mutant powers manifesting, and was buried alive with the corpses of his family, however he dug his way out only to be recaptured and sent to the Auschwitz concentration camp, where in order to survive he was forced to become a Sonderkommando - one of the Jews who were tasked with operating the gas chambers.

It has been hinted on occasion that he may also have been sexually abused by Nazi guards and officers. He survived there until the Allied Forces liberated the camp and escaped with Magda, a fellow prisoner whom he had fallen in love with. They married and had a daughter, Anya, and tried to start a new life in the Soviet city of Vinnitsa; however, tragedy struck again. During an argument with an employer who was trying to cheat him out of his pay, Max's powers accidentally manifested and threatened the man. Upon returning to the inn in which he and his family were living, he found the place on fire, with Anya still inside. Before he could rescue her, his employer arrived with the police to have him arrested, and he was restrained and beaten despite his pleas, forced to watch helplessly as his daughter was burned to death and fell from the building.

In that terrible moment, his powers manifested again in an explosion of force which destroyed a large area of the city and killed all those present at the scene apart from he and Magda, who fled in shock and terror at the "monster" her husband had become. Unawares to both of them at the time, Magda was pregnant with the twins who later became Quicksilver and the Scarlet Witch, whom Magneto would finally meet as teenagers. After burying Anya, Max spent some time searching for Magda whilst evading the authorities, but eventually abandoned the search.

Under the forged identity "Erik Magnus Lehnsherr", Max eventually made his way to Haifa, Israel, where he found work as a medical orderly in a psychiatric hospital for other Holocaust survivors, and struck up a friendship with a young American doctor, Charles Xavier, himself a powerful mutant telepath. The two men shared theories on the emergence of mutant humans; Xavier believed that mutants and normal humans could come to co-exist peacefully, but Magnus had seen and experienced too much of the horrors humans could inflict on each other over the smallest of differences, and argued that mutants would have to seize the reigns of power in order to avoid being wiped out. They eventually parted ways after a confrontation with the terrorist group HYDRA - led, incidentally, by the Nazi war-criminal Baron Wolfgang von Strucker.

Magnus then began working with a covert American agency to capture fugitive Nazi war criminals using the codename "Magneto" for the first time and started a relationship with a physician named Isabelle; on an assignment he happened upon and captured Hans Richter, a former Nazi officer who was secretly working with the US against the Soviets in the Cold War, and his handlers murdered Isabelle to put him in his place; now firmly convinced humanity would go to any lengths to exploit, and finally, exterminate mutants, Magneto exacted his revenge on his handlers and vowed to lead mutantkind to dominate humanity.

He spent years amassing resources and followers, and finally made his public debut in his now-iconic armor, helmet and cape by thwarting a US military missile launch and taking over the Cape Citadel military base - however he was opposed by the five original X-Men, the students of his former friend Chrales Xavier, who managed to defeat him and drive him off despite his far greater power and experience, thus beginning a long-standing enmity.

Me: Erik Magnus Lehnsherr A.K.A. Magneto.

Disk Wars Magneto: Team Loud Phoenix Storm. I see you all are here.

Nico: We came to ask for your help to take down the Celebrity 5.

Disk Wars Magneto: You really think I'll help you against the Celebrity 5?

Eddy: Well, you've done so before, haven't you?

Disk Wars Magneto: Only when it was necessary. The conflicts of humans do not concern me. And if I recall, two mutants are among the villains that you've all killed.

Harley Quinn: Oh, c'mon! Don't be like that!

Disk Wars Magneto: Leave Genosha now. Or I will make you leave.

Me: Just hear us out first.

Disk Wars Magneto: You have 5 minutes.

Me: That's all we need. We managed to help the people in our world put aside their differences and now everyone sees mutants as people too. We brought all the people who were persecuting mutants to justice and helping them become part of humanity. You helped the X-Men once before and you are still the good friend of Charles Xavier. There is still good inside you and you can still help out against the Celebrity 5. After that we promise we will leave you alone.

Disk Wars Magneto: Let me think about that.

Me: Okay.

We left.

Later we were at the dojo of Gene Khan A.K.A. MANDARIN!

---

The Mandarin is one of the main antagonists of Marvel Comics, most commonly serving as the main antagonist of the Iron Man comic book series and a major antagonist in the Avengers comics. He is a mystic and scientific genius that seeks to rule the world.

The Mandarin was created by the late Stan Lee and Don Heck.

The Mandarin's history is shrouded is mystery. He claims that he was the son of a British mother and a wealthy Chinese nobleman, both of whom died shortly after his birth. He was raised by a cruel aunt who taught him to hate the world as much as she did. Later, the Communist Chinese government seized their remaining assets, after years invested in the Mandarin's scientific and combat training had left them penniless.

Soon after his aunt's death, the man who would become the Mandarin walked the countryside, earning himself a reputation built on arrogance and cruelty. During an expedition in a hidden valley, he found an alien space ship and the remains of what appeared to be a dragon.

Through an alien journal, the man learned that the skeleton he saw was the pilot of the ship, who was killed by frightened villagers. He also learned the ship was powered by tiny rings, each one with a different power harnessed in their gems.

By studying and exploiting the advanced technology found inside of the ship, and stealing the rings, the man renamed himself the Mandarin; building one of the most powerful empires in the world.

He then embarks on a long series of attempts of world domination.

Iron Man and Mandarin first clashed when Mandarin orchestrated the sabotage of missiles belonging to Stark Industries, and after Shellhead defeated him in combat, the Mandarin swore to kill Iron Man, and has been his most persistent nemesis in the years that followed.

---

Me: Gene Khan A.K.A. Mandarin. (Kung Fu Bow) It's truly an honor to meet you.

Mandarin: (Kung Fu Bow) Same to you J.D. and all of Team Loud Phoenix Storm.

Nico: We came to ask for your help in taking down the Celebrity 5.

Mandarin: Of course I'll help you all. I can't let the Celebrity 5 defeat Iron Man before I get the chance.

Me: That was easy. Okay then.

We left for the city and went to a bank and found Wade Winston Wilson A.K.A. DEADPOOL!

---

Wade Winston Wilson, also better known as Deadpool, is a major character from Marvel Comics, serving as an anti-hero/anti-villain in the majority of his appearances. Wade Wilson is also the major protagonist in Deadpool 1 and 2. He is a mutant mercenary with an insatiable bloodlust and the uncanny ability to break the fourth wall, usually aware of the medium he is in. However, because of his moral code, he (generally) does as much good things as he does bad.

Though published by Marvel, there is no escaping the fact that for all of his banter, popularity, and personality, Deadpool is at heart a merciless assassin and psychopath: he has killed many people who deserved it but has also been quite happy to do away with innocent people for the right price. He is sometimes even willing to kill people he worked with in the past for a quick buck.

Deadpool has always inhabited a crazy world of his own and as such really doesn't fit well with our ideals of "good" and "evil" - he can be a hero one moment and a villain the next. With this insane mind, he often breaks the 4th wall in many works he appears in, and people don't understand what he means as he is doing so. This often results in both villains and heroes disliking him because of his unpredictable nature and annoyance at what they perceive as annoying antics. Even Spider-Man (who is ironically just as infamous for his jokes) could not stand his talking at first.

---

Me: Wade Winston Wilson A.K.A. Deadpool.

Disk Wars Deadpool: Oh no! Team Loud Phoenix Storm! What will I do!?

Me: Always did love that witty banter of yours. We came to ask for your help to take down the Celebrity 5.

Disk Wars Deadpool: I'll gladly join you guys. On one condition.

Star Man: And that is?

Disk Wars Deadpool: Lighten up during battles. You don't have to be so serious all the time.

Me: We'll make no promises since we always fight so brutally. But okay.

We went back. But little did we know that something was going down. Hikaru got a blackmail text from the Celebrity 5 saying that they kidnapped his friend Noriko Ashida, a mutant who has incredible lightning powers and he was told to give the Celebrity 5 Disks containing villains in exchange for letting her go or they would kill her. He did so and went to them.

He had the Disks.

Tim Gilliam: (to Hikaru) We knew you'd see it our way, kid.

Ōkuma Jubei: Do you have the DISKS we asked for? Or do we have to make an example out of poor Noriko here?

Hikaru: Here.

He gave them the Disks.

Tim Gilliam: Excellent. Release her.

She was cut free and she went to him and cried hard.

Later back at the Avengers Tower we came in with some of our temporary recruits and we saw Noriko crying into Hikaru's shoulder.

Jessica: Noriko?

Akira: What happened?

Hikaru: Noriko was kidnapped.

We gasped!

Hikaru: There's a reason for it. I had no choice. Now the Celebrity 5 have a bunch of Disks with a lot of villains in them.

Miranda: How did the Celebrity 5 get their hands on so many DISKS anyway?

Jindrax (to Noriko): And how'd you get away from them in the first place?

Toxica: (Sees Hikaru's ashamed look) Hikaru? Is there something you want to tell us?

Hikaru: (sighs) It's all my fault. The Celebrity 5 managed to kidnap Noriko and threatened to kill her unless I brought them the DISKS containing those villains.

We gasped.

Hikaru: I understand if you guys are mad at me for this. I don't deserve to join Team Loud Phoenix Storm.

Gabriel: We're not mad at you. If any of us were in your position, we would've done the same thing.

Me: Same here.

Nico: Me too.

Lincoln: Yeah.

Noriko: What's the point? I can never understand you all.

Me: What are you talking about Noriko?

Noriko: You don't know what it's like to be me! All of you have perfect live where everyone loves you for being heroes! Me? I have to deal with people hating me becuase of who I am!

Dark Spicer: That's your concern right now and not the Celebrity 5 having all the DISKS of nearly every villain that Akira and the others fought?

Naruto and Fu then put their hands on her shoulders.

Naruto: Noriko you are wrong about that. You are not the only one who has had to endure persecution and hatred from people for something you have no control over.

Fu: That's right. Let us tell you everything that happened to us.

Naruto, Fu and the shinobi told them everything and Noriko was horrified.

Noriko: All that happened to you!?

Hikaru: That is dark.

Me: It sure is. But we helped them get through all this. But we can tell you later. Lets get ready and take the fight to the Celebrity 5. They will rue the day they messed with us.

Akira: Lets do it.

Me: What villains did you give them?

Hikaru: Lets see. Red Skull, M.O.D.O.K., Baron Zemo, Abomination, Tiger Shark, Graviton, Blizzard, Crimson Dynamo, Absorbing man, Whirlwind, Crossbones, Baron Blood, Cottonmouth, Diamondback, King Cobra, Doctor Octopus, Diablo, Iron Monger, Green Goblin, Sabretooth, Wrecker, Thunderball, Bulldozer, Piledriver and Predator X.

Me: Looks like we have our work cut out for us. We already killed Sabretooth, Red Skull and Green Goblin in our world. But Doctor Octopus killed himself by taking a poison pill.

Acid Man: The villains that we're going to kill are Absorbing Man, Abomination, the Wrecking Crew, Blizzard, Crimson Dynamo, and Whirlwind.

Jessica: Ok. I know you guys are going to kill at least 1 villain today. But why those villains specifically?

Vypra: Because the versions of those villains in our world are joining the Masters of Evil in the future.

Dark Spicer: (to Akira) And we've already chosen Crimson Dynamo to be your nemesis.

Akira: Cool!

Me: Lets do it.

We were off to the hideout of the Celebrity 5.

---

In the Celebrity 5's hideout they were looking at the disks.

Manino: Soon this world will grovel at our feet.

Joel Murphy: Yeah!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted a hole through the roof of their hideout and a phoenix cry was heard and then we landed and we faced THE CELEBRITY 5!

Me: Celebrity 5. So we meet at last.

Nico: Celebrity 5, you have failed this world!

Vince: Prepare to get your butts kicked!

Lynn: You jerks have got some nerve blackmailing Hikaru!

Manino Giordani: (to Lynn, Lola, and Lori) What are you going to do about it, ugly brats?

OH HE DID NOT JUST GO THERE!

Lola: Did you just call us… ugly?!

Joel Murphy: Perfect! It's just as we planned. We get you guys mad, you kill us, and you become the Royal Defenders right on schedule!

Ed Grant: Even if it means throwing your lives away?!

Rosetta Riley: If it means that the Royal Defenders will make your lives a living Hell, then our own lives are a small price to pay!

Lori: But we will not become the Royal Defenders! You may have called us ugly but we will literally not become those fucking lunatics that destroyed their worlds free will!

Lynn: Yeah you fucking jerks!

Me: Prepare to get your fucking butts handed to you!

Celebrity 5: D-SMASH!

They summoned all the villains given to them!

Then Magneto and Silver Samurai appeared.

William: (to Disk Wars Magneto and Disk Wars Silver Samurai) I knew you guys woul change your minds.

Disk Wars Magneto: Do not make us regret our decision.

Nico: We won't.

Me: SHOWTIME!

Dark Spicer: Here's your warning…

Maxxor: By the authority of the Tribal Alliance…

Tommy Oliver: It's Morphin Time!

Arkayna: Mysticons…

Will Vandom: GUARDIANS…

Ripping Friends: IT'S RIPPING TIME!

Dark Spicer: YOUR FUCKING ASSES ARE ABOUT TO BE KICKED!

Maxxor: WE ARE TAKING YOU DOWN BY FORCE!

Arkayna: ENERGIZE!

Will Vandom: UNITE!

Operation Overdrive Rangers: OVERDRIVE ACCELERATE!

The Operation Overdrive Rangers transformed!

Mack Hartford: KICK INTO OVERDRIVE! (SNAPS FINGERS) RED RANGER!

Will Aston: KICK INTO OVERDRIVE! (CLAPS HANDS) BLACK RANGER!

Dax Lo: KICK INTO OVERDRIVE! BLUE RANGER!

Robby Robinson: KICK INTO OVERDRIVE! YELLOW RANGER!

Rose Ortiz: KICK INTO OVERDRIVE! PINK RANGER!

Tyzonn: KICK INTO OVERDRIVE! MERCURY RANGER!

Operation Overdrive Rangers: CALL TO ADVENTURE! POWER RANGERS OPERATION OVERDRIVE!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A fiery explosion went off behind them!

Me: TAKE THEM DOWN!

We went at them.

---

Battle 8: Red Skull vs Drakkon, J.D., Breach, Ace and Mack Hartford

---

Me, Lord Drakkon, Breach, Ace and Mack Hartford were facing Johann Schmidt A.K.A. RED SKULL!

I punched him in the face and kicked him in the stomach and Lord Drakkon slashed and cut him all over with his sword and blasted him all over and Breach, Ace and Mack blasted him all over the place and kicked him all over.

Red Skull: (to me) (German Accent) I wonder what made you so merciless in battle. (smirks) A past traumatic memory, perhaps?

Me: Not that you would ever know you Nazi shitsucking fuckup!

I punched him in the face again and knocked out some of his teeth and kicked him in the stomach and kicked him in the face all over the place.

Me: You completely disgust me Schmidt! My grandfather fought hard to destroy fucking shitsuckers like you! They all deserve to die!

Lord Drakkon: That's right!

Lord Drakkon then smashed his face in all over.

Me and Lord Drakkon: DRAGONFIRE KAMEHAMEHA!

Me and Lord Drakkon fired a massive green Kamehameha Wave and it hit Red Skull and exploded with incredible power!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Then we heard a voice appear.

?: SMOKE BOMB!

In a puff of smoke appeared the future hero we're going to help in the future: Randy Cunningham - 9th Grade Ninja! Red Skull then called out Bi-Beast and the Destroyers!

Randy Cunningham: Looks like you all could use some help.

Drakkon: Are you Randy Cunnningham?

Randy Cunningham: I don't know how you know my name. But there's no time for that. You guys go after the Celebrity 5. I'll handle the Destroyers and Bi-Beast.

Me: Okay. Thanks Randy. We owe you one. But how did you get all the way over here?

Randy Cunningham: The Ninjanomicon took me over here. Take care J.D.

Me: We owe you one.

We got the Disk with Red Skull back and went at faced the Celebrity 5 and Randy slashed and destroyed the Bi-Beast and the Destroyers.

---

Battle 9: M.O.D.O.K. vs Tri Klops, Zick, Buzzer Beak, Krankenstein and Crow Hogan

---

Tri-Klops, Zick, Buzzer Beak, Krankenstein and Crow Hogan were facing George Tarlton A.K.A. M.O.D.O.K.

Crow Hogan: This is gonna be good.

Buzzer Beak squawked.

Zick: I have always been afraid of M.O.D.O.K.

M.O.D.O.K. fired laser blasts and they dodged the blasts and went at him and blasted him all over with laser and energy blasts and they hit him all over and more.

Zick and Tri-Klops: DOM THREE-EYED SUPERBLAST!

Zick and Tri-Klops fired a blast of powerful energy and it hit M.O.D.O.K. and exploded!

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

M.O.D.O.K. was knocked down and turned back into a disk and Zick got it back.

---

Battle 10: Baron Zemo vs Vypra, Luan, William, Shego and Dax Lo

---

Vypra, Luan, William, Shego and Dax Lo were facing Heinrich Zemo A.K.A. BARON ZEMO, the original founder of the Original Masters of Evil.

Luan: You give all German leaders everywhere a really bad name!

Vypra: What she said!

Dax Lo: Yeah!

Baron Zemo: (German Accent) I despise all of you!

Shego: Fuck you!

William: Yeah!

They went at him and Luan kicked Zemo in the face and Vypra slashed him all over with her sword and blasted him all over with elemental energy blasts and it really hurt him.

Luan and Vypra: TWILIGHT CHAOS KAMEHAMEHA!

Luan and Vypra fired a Kamehameha Wave of light and darkness and it slammed into Baron Zemo and exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Baron Zemo was knocked out and Luan turned him back into a disk and she got him back.

Vypra: (to Zemo) There's only room for one leader of the Masters of Evil!

Luan: You are a Disk that won't play! (Laughs to rimshot) Get it?

Vypra: (Laughs) That was a good one.

Laney: He sure is. And he is hellbent on killing the Hulk.

Venom: We won't let him.

Rhino: Yeah!

They went at him and slammed into him with incredible force and Laney slashed him all over with her scythe and lashed him with whips made of bramble vines.

Applejack: (Cowboy Accent) Thank you kindly Nico.

Apple Bloom: My sister makes really great apple fritters. Been in our family for generations.

Lori: They are really awesome fritters.

The doorbell then rang.

Meowth: I'll get it.

Meowth went to the door and answered it and at the door was a girl named Elie!

---

**Elie** (エリー *Erī* ) is a member of the Rave Warriors and the main heroine of the series. Having no memory of her past, she travels with Haru Glory and friends to search for her identity. By the Truth of Elie arc, she realizes her real name is **Resha Valentine**, the dancing maiden of Symphonia who originated the Rave Stones.

Elie is a teenage girl of average height. She sports her brown locks in a short hairstyle, falling barely past her nape, with fringes running above her eyebrows. She also seems to catch a lot of male attention in the series due to her beauty, curvaceous body and large breasts. Elie's outfits are all Heart Kreuz and Love Believer brands, cause she fancies the clothing lines for familiar reasons. In earlier episodes, Elie wears a white tank top with red singlets with a heart cross mark design at the center of her tank top, blue denim skirt with three buttons at the center, and a pair of dark brown boots. Elie carries her Tonfa Blasters in a holster strapped around her belt which bears the name "Love Believer". In the anime, the branded clothing lines are not seen while wearing her outfit. On her left arm, it has a mark of "ELIE" appears when using her Etherion magic as Sieg Hart mentions of her as experiment no. "3173".

Hiding from Georco's henchmen, Haru Glory slips under Elie's table. When one of Georco's people inquires about the lad, Elie hides Haru in between her legs but was not questioned further because of her reputation in the area. When they are finally left alone, Elie strikes a friendly conversation with Haru. She is surprised to find out that he is not from around the place, and reveals that Demon Card has a very strong grasp on Hip Hop Town; entering the town is easy enough, but leaving it requires paying an enormous fee to Demon Card. Elie assures him, however, that after the race, she will be able to whisk the two of them out of Hip Hop Town.

When the main event of the dog race, **Battle Road** begins, Elie cheers on for Plue, having bet all her life savings on him, much to Haru's aghast. Elie is surprised to find that Plue is actually Haru's dog, but does not allow the latter to rescue Plue, emphasizing that she has invested all her money on him. In addition, Elie admits that she believes Plue is really a bug capable of flight and is a sure win for the race.

When the Battle Road makes an unprecedented turn for barbaric, Elie is taken aback. Haru's attempt at rescuing Plue leads to the latter's consequent dropping out of the race. Angered over this, Elie goes on a rampage, releasing rounds of bullets from her Tonfa Blasters, demanding that Plue be raced once more.

Elie eventually cools down and asks if she could keep Plue. She continues her previous conversation with Haru, admitting that she herself is looking for something as well. She gives the directions to where Haru's headed, but refuses his offer of joining him. She confesses that what she is looking for are her memories.

Despite her initial refusal, Haru is undeterred and assures Elie that they will be able to find her memories if they stick together. Out of happiness, Elie fires away at the stadium, causing the structure to fall apart entirely. The two of them are rescued by Plue, and the group leaves Hip Hop Town via cart pulled by the dogs Plue had set free. When Haru still refuses to hand Plue over to Elie, Elie chucks the dog at the lad in retribution. As he chases her around, Elie silently thanks Haru.

At Punk Street, Elie goes to a casino while Haru goes to a restaurant. While Haru meets Galein Musica the legendary blacksmith, Elie meets the blacksmith's grandson Hamrio Musica. Musica, thinking Elie is trying to flirt with him, follows but is met with the confusion of two possible Musicas. When they are attacked by Demon Card, Elie unleashes her new Tonfa Blasters, "nearly killing" Musica.

Later on, Elie is captured by Lance. Lance threatens to kill Elie if Haru doesn't come, and Musica offers to help. With Lance's sword by her neck, Elie silently apologizes to Haru. Bored, she asks Lance to play Shiritori (a Japanese word game) with her, annoying Lance. When Musica comes to rescue her and asks if Lance did anything bad, she jokingly said that Lance tried to peek under her shirt. When Lance threatens to kill her, she calls out for Haru, who appears just in time.

When Haru finally defeats Lance, Elie asks if he is okay and tries to wake him up, and smiles when he responds. After they escape, she tries to perform artificial respiration on Haru, and smacks him when he wakes up before she starts. After Haru is fully healed, he and Elie head over to the Rave of Knowledge.

Elie and Haru go north with Griffon Kato and Tanchimo who serve as their guide and a horse. As they take a break, Elie says that she feels as if she has seen the rave before. Haru stares at her, confused, and Elie mistakes it for Haru thinking she is crazy, so she leaves to the hot spring with Plue, says that Plue's nose looks fun to spin, and tells the others not to peek. In the spring, she starts to spin Plue's nose, and Plue shriveled up. As they try to figure out how to fix Plue, Haru, annoyed, goes to bed while Elie tries to get Plue to a hospital, thinking it is all her fault. She injures her feet and runs into a monster, who Haru drives away. Plue turns back to normal when he wakes up, and Elie figures out that it is because he was waterlogged.

When a thunderstorm starts up, Elie becomes terrified, so the group stops at Ska Village and check into a hotel owned by Lasagna. When she about mentions the "thunder man" who is responsible for the neverending rain, Elie runs off thinking it is the man she was looking for, with Haru catching up. She remembers back before meeting Haru, she awakens in some abandoned site and the "thunder man" shocked her with his thunder magic. Elie gets to the Thunder Mansion where Go mistakes her for the Rave Master "boy". Elie tries to leave because Sieghart was not there, but is blocked. When she says that she is looking for someone more handsome than Go, Go attacks her in anger and subsequently is attacked by Haru, and Go's girlfriend, Rosa, takes his place in the battle.

Rosa fights Elie with her Dancing Wolf, while trancing all the men to dance. Rosa's dancing wolf weapon turns around and aims at herself when Elie blocks it, and when Rosa cries out for someone to help her, Elie stops the weapon, saying she knows how hard it can be to be an actress without good looks. Rosa then says she will ask Go to stop the rain, but Go punches her and assumes that Haru did it, triggering a battle. When Elie shivers because of Go's thunder, Plue tries to cheer her up, successfully. When the thunder strikes near her, she chucks Plue at Go, shattering his dark bring and defeating him.

As the rain is stopped, Elie and Haru turn to leave. Go shows Elie a picture of Sieghart and tells her to stay away from him because he is an elemental master. Lasagna calls Elie and Haru "as beautiful as the sky" for bringing clear skies to Ska Village.

Elie and the group made it to the Tremolo Mountain only to find that Demon Card arrived first as Shuda commands the rave-excavation unit. They meet a talking bear (who first introduces himself as "kuma") who warns them that Akumu hall is dangerous, but they head in and successfully infiltrate the hall in disguise. However, due to sleeping pollen, they all fall asleep. Schneider gets rid of the pollen and inserts a "vaccine" to the flower's toxin into each of the group. They then travel for a bit before falling asleep again. Elie and Haru wake up to a person holding a knife against Schneider's neck, who has a hook pointed towards Haru. The person reveals that Schneider is an assassin hired by Shuda to kill Haru, and fends Schneider off. After revealing that he is actually Musica, he tries to fight with Haru, but both are stopped by Elie.

After walking for a while, they find the giant door written in ancient Symphonian writing. Somehow, Elie is able to read the text which says "Beyond this door lies the resting place of the rave, none shall enter. Those who dare to enter, prepare to fall victim to the ghost of Symphonia". Even Elie is confused because she doesn't know how she was able to, thinking she must have been a scholar. Inside the room, they find the bear who forbids the group from entering with his axe. He introduces himself as Deerhound, one of the fallen Azure Sky Warriors from the Symphonia war 50 years ago, and is the guardian of the rave which lies beyond. After Haru receives the rave, Deerhound asks who Elie is, who responds that she doesn't know, and Deerhound notices that she looks exactly like Resha.

On Shuda's mobile fortress, Rhapsodia, Poosya says that Elie is "adorable" and calls her "my girl". Musica stops him, who in turn fires some glue and sticks Elie to the ground. Shuda also triggers an explosion on Elie, knocking her unconscious. When she wakes up, she wishes Haru good luck and is visibly worried when he seems to be at a disadvantage. She notices that the fortress is about to self destruct, and helps to call the Silver Rhythm Gang (the phone gets immediately taken by Musica due to her overreacting). When Haru falls to the ground unconscious after defeating Shuda, Elie gives Haru first aid and smiles when Haru wakes up.

Elie, having won many casino games, shows Haru her casino member card and takes him to dinner, and becomes very upset when she loses it. Afterwards she changes into a swimsuit at a beach, attracting many men there. When she plays beachball with Plue, she praises Plue for stabbing and deflating it with its horn. At the Symphonia museum, they browse around until Elie begins to feel headaches for some reason. She stumbles upon a portrait of Resha Valentine, stating she looks exactly like her. She reads that Resha was a great dancer and had an amazing power. Some of her memories begin resurfaces.

Sieghart appears behind Elie, who is crying by herself. Elie recognizes him and learns that he is the guardian of time. Sieghart says that she must be a human test tube, subject number 3173, and that she has Etherion. Elie denies all of this and says that she must have a family. She then starts to cry and begs Sieghart to tell her the truth, and is told that she can just be Elie. Sieghart then tries to kill Elie, first with electricity, then poison, which causes Elie to beg for death. As Sieghart is dealing the final blow, Haru shows up and blocks it, and Elie tearfully says that she missed him. She explains that she made some new memories while she was with him, and calls Haru an idiot, before trying to inform him that she is 3173, but Haru says that she will always just be Elie. Elie then appears to be dying, but the Etherion neutralizes the poison. Haru uses his courage and summons rune save while seemingly being beaten by Sieghart. Sieghart uses his strongest spell - Altairis, which causes an illusion where people die for the victim's sake and then the victim dies - and traps Haru in it. But when Haru and Elie meet inside, Etherion awakens, and Haru stabs Elie to stop it. He stabbed her with rune save, so it wouldn't do Elie any harm. After the battle, the group enjoys themselves at a party with fireworks.

One year after the battle, Elie resumes her life as a regular high school girl. During the timeskip, the other Rave Warriors briefed her of everything that happened, all except mentioning Haru because the others agreed it was for the best to avoid further sadness. When Haru gets resurrected sometime later and when Elie sees him, her memories were restored as she tearfully embraces him with joy. Sometime presumably after Elie graduates high school, she returns to Garage Island with Haru and later get married.

Meowth: (sees Elie) Hey. You someone who wants to join Team Loud Phoenix Storm?

Elie: Hello I'm Elie. My real name is Resha Valentine but I like being called Elie.

Meowth: Come on in.

She came in and sat with us.

Haiku: It's really nice to meet you, Elie.

Elie: Same here. It's an honor to meet you all and I came here to help you all.

Lincoln: Awesome! You're from the world of Rave Master.

Astrotrain: Rave Master? (to me) Do you know anything about that?

Me: I sure do.

I unsheathed my Explosion Sword.

Elie: You have a Decaforce Sword too!? Awesome and I thought Haru was the only one that had one.

Me: Me, Eli, Nico and Lincoln now have one.

We showed her.

Elie: This is amazing!

Me: It sure is. So I take it you came to help us get ready to fight the Demon Card.

Elie: I sure did.

Qin: Who are the Demon Card?

Lincoln: They are a very dangerous organization that aims to destroy the world.

Lincoln went over their history and what we found out was not pretty. Their leader is GALE RAREGROOVE.

---

**Gale Raregroove** (ゲイル・レアグローブ, *eiru Reagurōbu* ), better known as **King**, is Demon Card's first commander in chief and co-founder.

Gale Raregroove was born in the Raregroove kingdom, being the heir to the throne. At the end of a war, he and Gale Glory became friends and comrades in arms at an early age; together they formed Demon Card. The goal of their organization was to rid the world of monsters known as demons. The organization grew, with warriors from all over the world joining. But, as time went by, the friends split apart; Gale Glory set sail to find a quiet life. While the other Gale was gone, King (with his new name), wreaked havoc with Demon Card. As the fake Rize said to Gale Glory.

King found a wife and had a young boy named Lucia Raregroove. Gale Glory returned to Demon Card, but not to join them again as King thought, but to stop them. Since Gale could not convince King to disband Demon Card, he brought the Empire into the argument. Gale told the Empire to arrest King only, instead, the soldiers ransacked the Demon Card HQ taking the lives of Emilia Raregroove and supposedly Lucia. Three days later Gale was still sitting at the ransacked HQ, realizing what he had inadvertently caused when a soldier from the empire gave him trouble for remaining among the ashes of Demon Card. King appeared behind the soldier and slashed his back. King, ready to kill Gale, cut a diagonal line across Gale's face. Right when King was about to exact his revenge, Sakura, Gale's wife, showed up and tended to Gale's wounds. King stabbed her in the back and put a dark-bring-in-the-making into Gale's forehead. King left the scene to reform Demon Card.

Gale assembles the members of the Oración Seis and Sieg Hart to discuss Shuda's failure of bringing the Rave Master to his knees; much to the latter's displeasure. He states that he has been observing the second Rave Master Haru Glory for quite some time, noting him a grave danger to Demon Card. Gale, or as called by his subordinates "king", allows them to discuss among themselves and decide who will be the one to hunt down the Rave Master. After the repetitious gibberish expressed by Sieg Hart and Reina, Gale takes his sword and fearfully slams it on the floor, terrifying said members and shaking the floor. Gale points at Sieg Hart, calling him the Elemental master, and gives him the exclusive order of searching for the Rave Master.

After Sieg Hart and Jegan leave, Gale privately talks to Reina. He tells her not to take her eyes off of Sieg Hart, as he knows about his true motives for joining Demon Card; to kill him. He explains to Reina that he, too, is a threat to time thus making him an enemy and a target to Sieg. He also states that he did not kill Sieg because he, Sieg, is the only person with the powers of the elements. Before Reina leaves, Gale tells her to keep an eye on Sieg, and that if he shows any signs of betrayal to kill him on the spot.

Gale Raregroove is approached by an angry Gale Glory ready to slaughterer him at all cost. Gale sheaths his sword and intercepts Gale Glory's attack, creating an immense shock-wave; capable of shaking the surrounding and being felt by animated objects. Gale and Gale look at each other, Gale Raregroove congratulates Gale Glory on his improved skills, with Gale Glory's response being that he has been warming up to bring him down, calling him by his real name and not by his alias: "King".

King and Gale converse about a decade's past since their last encounter- with King mocking him as he states that he did not expect for him to make it as far, congratulating him on his determination. He looks at Haru and notes that the new Rave Master is Gale Glory's son, jocularly complimenting him on his battle against the demonoids. King questions Gale on his feelings towards having his son as the second Rave Mater, to which he replies that he should already know how he feels about that. He also reminds Gale that *today is the day* . Gale, annoyed, affirms to him that he knows exactly of his plans, calling it " **The Day Time Intersects** ". After Gale states that the ritual for creating Dark Bring, Enclaim, approaches, he tells King that he has finally found it.

King looks up and tells Gale that he will not let his efforts go to waste, as he will witness the yearly creation of Dark Brings called

Enclaim. King swipes his fingers downwards, creating a black, dark, massive orb. The orb deals the surrounding with great damage and slightly touches Gale Glory's shoulder. King begins the ritual of Enclaim; the sky gets dark and a speck light descends from it, hitting the Tower of Din, drastically changing the tower's form. As King walks back to the tower, he explains the important events that happened in the past of the current day and notes that the most significant event that will be taking place this year will be Gale Glory and Haru Glory's death. King walks back to the newly shaped tower, stating that this day will be of most significance.

Sometime after re-encountering his former ally Gale, King heads to the top floor of the Tower of Din as he is filled with joy and contemplation to the upcoming birth of the new Dark Brings. However, he states that he must not be distracted during this marvelous event and thinks of a way to stop the two obstacles residing on the bottom floor and the ones lingering outside the tower. After thinking to himself and reaching a final conclusion King decides to open the Gate to summon the Five Palace Guardians from a Dark Bring capable of opening doors to other worlds. King orders the Five Palace Guardians to handle the unwanted visitors, which they quickly understand and head out to do.

Moments later, King is interrupted by Gale, but states that he has been waiting for him. prompting Gale to ask King how much of his life will he sacrifice to the darkness. King replies by telling him that he will sacrifice as much as he has to, to obtain the answers to his many questions. King reminds Gale of the past -The war fifty years ago and the outcome- and claims that he, Gale Raregroove, is the heir to the Raregroove throne, angrily. King and Gale prepare themselves for battle, both taking their respective sword at hand. However, before they are able to engage in combat King reveals the name of the ultimate Dark Bring, End of Earth; shocking Gale.

With four minutes remaining until the ceremony is complete King battle Gale and pushes him back, proving to have the advantage of greater strength. King swings his hand forward and attacks Gale with his Black Zenith, realizing that Gale is unable to move. However, Haru comes in the nick of time using his Rune Save, sealing King's attack. King throws the Gate Dark Bring he used to summon The Five Palace Guardians on the floor, stating that he has no use of it now; the Dark Bring is destroyed by Plue momentarily. King, telling Haru that he wants to see the skills of the Rave Master, takes a hold of his Decalogue and creates an explosion towards Haru and Gale, shocking Haru.

After taunting Haru, King changes the form of his Decalogue to Silfarion, increasing his speed, as does Haru. King clashes with Haru but easily overpowers him, and attacks Gale. King continues to overpower the two, with Haru and Gale attacking simultaneously from all sides. Nonetheless, King changes the form to Blue Crimson, attacking Gale with the fire sword and Haru with the ice sword. King explains that it is thanks to his Dark Bring that he is able to imitate all of Haru's moves, Decalogue. Seconds after, King tells Haru that he obtained the Decalogue from the previous Enclaim, and that he will use it while the current Enclaim creates an even powerful Dark Bring. King is then ambushed by Gale, but easily pushes him back with one hit. King, advising Haru and Gale to watch as the new Dark Bring is created, celebrates the joyous event of the birth of the Dark Bring End of Earth, much to Haru and Gale's displeasure.

King, watching as Gale agonizingly begs him to stay quiet, tells Haru that the Dark Bring he wishes to destroy is inside Gale's body, shocking Haru beyond comprehension. After laughing at the current situation Gale is in, he reveals to Haru that he wants to kill Gale simply because he wishes to do so. Before they continue their battle, King explain to Haru how his mother died and tells him of the first time he met Gale Glory. After briefly revealing to Haru his and Gale's friendship prior to their wives' death, King is grabbed by the collar by an angry Haru who is calling him a monster, but is shocked to see Haru understands him and tell him that he is sick of all the fighting.

However, not moved by Haru's words, King grabs him and throws him at the ground, calling him a little kid. He looks at Haru as he states that no matter if right or wrong, they, the Raregroove and Symphonia blood, will always be on opposite ends. After being asked a series of questions by Haru, King's response is that he threw away all of the emotions, calling them worthless, a long time ago. He then waits for Haru to attack him driven by the hatred and anger of his mother's, Sakura Glory, death. But Haru tells him that, that is not the reason why he will fight, rather, he says, that he will fight to put an end to all of the fighting. King hold his position as he is ambushed by both Gale and Haru, but to no avail as King quickly changes the form of his Decalogue to Mel Force, pushing Haru and Gale back by the pressure it created. King follows it up with Desperado Bomb, knocking down all of the pillars encompassing the area as well and injuring Haru and Gale.

King congratulates Haru and Gale for withstanding his previous attack, but his calm expression soon changes when he sees Elie hand Haru a Rave stone. But quickly regains his previous state and tells Haru that one more Rave stone won't be enough to stop him. Gale sees as Haru drops the stone and hands it to Plue. King watches as Plue begins to glow with the Rave he was handed, but feels insulted when Plue simply falls asleep. He begins to rapidly attack them both with his Mel Force. However, his attack is stopped by Plue. King grabs his sword and gets ready to attack Plue. He swigs his sword downwards but his attack is stopped once again by Plue himself. Haru, thanking Plue, grabs his swords and bombards Gale with multiple blows using the Explosion Sword. After being hit with Haru's Blue Crimson, King falls; gratifying Elie and Gale. However, King gets up, wounded, and takes a hold of his Monster Prison Dark Bring.

King grabs the Dark Bring, and briefly explains its powers to Haru, it then begins to glow as it levitates above King's opened palm. Gale Glory tries to stop him from being enveloped with the Dark Bring's darkness, but to no avail, as King's body transforms into that of a monster with a Dark Bring engraved on his chest. After completely losing his mind, King begins to fire rays of light from his mouth towards every direction, damaging the structure maintaining the Tower of Din. He is then attacked by Haru and Gale simultaneously, but he simply blocks their attack with his two arms and pushes them back. Moments later, he appears behind Haru and crushes his body down on the rubble. King continues to rapidly attack Haru with multiple blows until Gale, taking a hold of his sword, intervenes by slashing King several times, telling him to stay away from his son. Nonetheless, the cuts made by Gale's sword are soon healed at a rapid pace.

After King is left alone with Gale Glory, the two continue to deliver powerful attacks one after another. King howls as Gale prepare an attack from his sword. Once finished, King watches as Gale approaches him with his sword surrounded by an aura, to be momentarily slashed across his chest with said sword. However, King grabs Gale's sword and pushes it away from his body when Haru returns to his father's side. King is then slashed by both Gale and Haru, delivering a fatal blow. After being severely cut by Haru and Gale, King gets up and, alarming the opponents, walks towards Gale slowly. He begins to hit Gale, but his punches have little to no effect on Gale. However, seconds later King begins to cough out blood through his mouth and mumbles a few words, worrying Gale. King falls on the floor and tells Gale that even if he is defeated the Oración Seis is still roaming about. After talking about the Enclaim and the rivalry between the Raregrooves and Symphonia, King makes the "End of Earth" Dark Bring inside Gale's body; a second overdrive, go off.

However, King reveals that the explosion occurred, but solely in the Demon Card headquarters, shocking Gale and the others. King grabs Gale's sword ans stabs himself, stating that as of now Demon Card is no more. Gale comes to King's side and tells him that he won't let him die, but King simply replies by telling him that even though he knew Emilia Raregroove and Lucia Raregroove's death was not Gale's fault, but was, however, his, he still killed Sakura Glory when he was the one that did wrong. Before dictating his last words to his friend Gale, King grabs his hand and tells him that he is going home to the "never ending sky". King lays on the ground as the rubble of the Tower of Din crushes his corpse.

---

We gasped in shock!

Me: So King wants to destroy the planet to get revenge!

Nico: We have to stop him.

Springer: So when do we fight the Demon Card?

Elie: Don't expect it to be anytime soon. They heard about your achievements and are planning to best way to fight you all.

Me: So they went into hiding. But when they make their move we'll be ready for them.

Nico: That's right and it'll be the ultimate battle that will decide the fate of the world. The Masters of Evil can help us out.

Me: Yep and we're not going to let the Demon Card get their hands on the world.

Lincoln: But we'll be ready for them.

Me: Yep.

We had a great breakfast.

---

Later before we got ready for our next adventure It was a beautiful day as we see me, Varie, Lori and Bobby walking down the streets.

Bobby: Nico and Vince… sounds like the singer-duo Nico and Vinz. You think Nico and Vince can become awesome singers if they formed a duo?

Lori: I don't know, Boo-Boo Bear. If they're up for it.

Me: That does sound like a good idea.

(The four then came across an alley when they heard a sound)

?: Psssst!

(The four then stops walking)

Varie: Wait? Did you guys hear that?

Me: Wait! I recognized that 'Pssst'! Sir, is that you?

Then the creepy-looking scientist steps out from the shadows of the alley.

The Creepy-Looking Scientist: You recognized my 'pssst'. As expected of Mr. Knudson.

Me: Hello, sir.

Varie: So this the scientist that gave you the Good-Guy Blastah.

Me: That's him.

Lori: You're right… he looks creepy.

Me: Do you need something from us, sir?

The Creepy-Looking Scientist nodded

The Creepy-Looking Scientist: Indeed, Mister Knudson. I may not be an important character but I still do researches behind the screens. And during one of my expeditions, I came across with this.

He brought out a small blue-colored gem.

Lori: A gem? What's so amazing about that?

The Creepy-Looking Scientist then handed me the gem.

The Creepy-Looking Scientist: Please take a good look at it, Mr. Knudson.

I stare at the small gem with narrowed eyes when I saw something moving inside the gem, my eyes widen in realization.

Me: (Gasp) Holy shit! Someone is trapped inside this thing!

Varie and Lori gasped in shock.

Bobby: Are you serious?

The Creepy-Looking Scientist: He kid you not, Mister Santiago, someone is trapped inside these things I called the Prison Gems. And upon researching, I find out that something or someone out there is attacking unsuspecting victims and mysteriously trapping them inside those things.

Varie: Have you tried getting them out?

The Creepy-Looking Scientist: I tried and I failed. It seems that only people with a high-caliber of power can set these people free from this things. That's is why I turned to Mister Knudson and seem if he can do anything about it.

(I nodded)

Me: All right… let me try (I held the small gem in hand and began pouring his power on it. Suddenly, the small gem exploded in bright light as man appears before them.

The man has short black hair and has dark eyes, and is sporting a five o'clock shadow. He wears a gray suit over a dark-green jacket and a black hoodie jacket, dark-blue jeans and black shoes.

?: Ugh… man… I thought I was a goner…

(I then recognized the man)

Me: Whoa! You're Alan Wake! One of the best-selling novelists whom disappeared without a trace.

Alan: I'm surprised that you recognized me. Anyway, thanks for letting me out, I don't know how long I'll survive in there. I owe you big time.

Me: No problem.

The Creepy-Looking Scientist: I'm glad I turn for help to you, Mister Knudson. Now… I think I overstayed my appearance, I must return to do some research behind screens. However when I do come across with more Prison Gems, I'll send them to you right away and if you happen to pick up a Prison Gem during your adventures, don't think twice in saving the people inside these gems.

(I nodded)

Me: Don't worry sir, you can count on us!

(And with that, the Creepy-Looking Scientist left while Bobby turns to

Alan)

Bobby: So, what are you gonna do now, Mister Wake?

Alan: Can I crash in your place for a bit until I figure out what to do?

Me: Sure, we don't mind (I then turn to Varie, Lori and Bobby) We better tell everyone about these Prison Gems and tell them what to do with it.

(Varie, Lori and Bobby nodded)

Varie, Lori and Bobby: Right!

We went back over to the Estate and we nursed Alan back to health after being trapped in a Prison Gem for a long time for God knows how long.

Later we were over in Lisbon, Portugal and it was a beautiful place.

Tso Lan: Where are we this time?

Me: Lisbon, Portugal. It's so beautiful.

Nico: It sure is.

Lincoln: Why are we here?

Me: There have been reports of a magical disturbance here. Something is going on here.

Nico: Wow.

Elie: I hope we find out what is going on.

Eli: Me too.

?: I had a feeling that you would show up.

We then saw the famous half-genie SHANTAE!

Me: Shantae!

Lincoln: NO WAY!

Eli: Shantae!? Whoa!

Shantae: It's nice to meet you guys.

Maria: Right back at you!

Me: It's an honor to meet you.

Link: Shantae it's great to see you again.

Donkey Kong: How have you been?

Shantae: Great guys. All the Super Smash Bros. Contestants are here.

Samus: We sure are.

Mario: (Italian Accent) It's-a great to see you Shantae.

Shantae: Same here Mario. Wow it's like a reunion of games.

Me: You debuted in 1994 Shantae. But you are just as awesome as all the characters made Shigeru Miyamoto.

Nico: That's right.

Shantae: I am flattered and thank you. But also Lincoln, I heard that you all are now part of the Super Smash Bros. universe.

Lincoln: We sure are.

Me: That day still has us floored.

Eli: You guys are now part of Super Smash Bros!?

Lola: We sure are Eli.

Laney: We are still shocked from that time.

Nico: Oh yeah.

Me: It is so awesome. Lincoln and his family are all now part of the legacy of Super Smash Bros world and it is so awesome.

Inkling: It's really true.

Rainbow Dash: Wow! Lincoln I didn't know you all were part of a video game series now.

Lori: We did not even see it coming. It was literally the biggest shock and surprise we have ever seen.

Elie: That is amazing!

Eli: No kidding.

Nunnally: I'm amazed you all are now part of an awesome game series.

Me: We all are amazed Nunnally.

Sora: Yep.

Aqua: We sure are.

Rhino: But we still can't get over that shock and all that. It just threw us all for a loop.

Akira: I didn't know that all happened to you.

Me: Lots of things have happened to us ever since we started even before we became Team Loud Phoenix Storm.

Shantae: That's amazing.

Eden: It sure is.

Genie: Yeah and it is amazing that it happened. (Imitating Mrs. Doubtfire) It is an amazing adventure for them all dear.

We laughed.

Me: That cracks me up.

Shantae: That was funny.

Francis: Are there any of your enemies that you need us to take care of?

Shantae: There sure are. I need your help to deal with my evil twin Nega-Shantae.

Me: You mean the evil twin version of you from another dimension?

Shantae: That's right.

Shantae went over her history.

---

**Nega-Shantae** is a major antagonist in the *Shantae* franchise, making her debut in *Shantae: Risky's Revenge* . She is an evil clone of Shantae created by Risky Boots when she used the Genie Lamp to drain Shantae's magic, corrupt it and bend it for her own evil purposes. Later, Nega Shantae reappears when Risky infects Shantae with a giant blast of dark magic, turning her evil. After Nega Shantae is destroyed by the real Shantae in the final boss of *Risky's Revenge*, her destruction leads to all of Shantae's magic being destroyed as well, an action that majorly affects the plot of *Shantae and the Pirate's Curse* .

After Shantae gives Risky Boots the Three Magic Seals she collected from the Three Barons of Sequin Land (Squid Baron, Ammo Baron and Hypno Baron), in order to save her Uncle Mimic, Risky uses the power of the Genie Lamp to remove Shantae's magic, stating that the real purpose of the Lamp was to remove the magic of Genies. Using the Lamp, Risky turns Shantae's magic into Nega-Shantae and orders it to attack the original Shantae, who fights her as the game's final boss.

In the boss fight, Nega-Shantae attacks Shantae by running and jumping across the screen and using evil, more offensive versions of Shantae's own transformation dances; using the Monkey Dance, she climbs up and down the walls as a monkey and uses the Monkey Bullet attack to shoot back and forth between the walls, using the Elephant Dance, she dashes at Shantae and then uses the Elephant Stomp technique to try and squash her and using the Mermaid Dance, she jumps into the air and uses the Mermaid Bubble attack to shoot waves of bubbles at Shantae. Halfway through the fight, Nega-Shantae absorbs more Dark Magic and uses it to make her animal forms last longer and become even more powerful; her Monkey Form scales the walls even quicker, the Elephant Form uses the Elephant Stomp across the whole screen and her Mermaid Form shoots even more rounds of bubbles in a quicker fashion. In the end, Shantae manages to destroy her doppelganger using nothing but her own skill and items and Nega-Shantae explodes, destroying all of Shantae's magic in the process.

In *Shantae and the Pirate's Curse*, while Nega-Shantae never physically appears, her very existence is responsible for the events of the game. After her defeat, the Dark Magic she was composed of helped revive Pirate Master, who used her Dark Magic to turn all of Risky's Tinkerbats into Cacklebats. During the final battle against Pirate Master, Shantae gives him all of the Dark Magic she had collected from the Cacklebats in order to save Risky (who called a temporary truce with her), but it soon turns out that the Dark Magic was the (now purified) Light Magic Nega-Shantae corrupted, which she uses to defeat Pirate Master.

Towards the end of the game, Shantae gives Uncle Mimic the final components required to finish his Dynamo, only for the Dynamo to blast her with Dark Magic, as the machine's blueprints had been altered by Risky Boots. After Risky arrives to brag about what she had done in front of Mimic and the rest of Shantae's friends, the Dark Magic finally corrupts Shantae, turning her into Nega-Shantae. Risky then explains that her true plan is to use the Dynamo to corrupt the entire Genie Realm and take over Sequin Land and leaves Mimic, Sky, Bolo, and Rottytops to deal with Nega-Shantae. After Risky's departure, Nega Shantae violently threatens to destroy all of Shantae's friends, referring to them as maggots as she does so.

Sky, Bolo, and Rottytops try to snap Shantae out of it, but a magical portal pulls them into Shantae's subconscious. Shantae uses the last of her strength to let her friends relive her memories of the day, her harrowing adventures through Sequin Land. To try and kill Shantae's friends, Nega-Shantae recreates the other villains Shantae fought. Ultimately this fails, and the trio track Shantae and Nega-Shantae into the darkest recesses of the shared mind. As the heroes try to reunite, Nega-Shantae makes Shantae vanish, claiming to have killed her instantly. This turns out to be a bluff to try and demoralize them, which fails as the three friends lash out against the evil genie in one last battle.

Nega-Shantae survives the battle, but Sky, Bolo, and Rottytops have bought enough time to find Shantae's fading consciousness. The three friends then try to reach out to Shantae and encourage her to fight the Dark Magic by reminding her of her greatest qualities; Sky reminds Shantae of her loyalty and honesty, Bolo reminds Shantae of her strength and courage and Rottytops reminds Shantae of her kindness and compassion. With all her friends supporting her, Shantae's love is able to overpower Nega-Shantae and the Dark Magic dissipates from her body, seemingly killing the evil inversion for good.

---

We gasped.

Me: Whoa! So this evil version of you was made by your archnemesis Risky Boots.

Shantae: That's right.

Shocker: You think we can try D Securing Nega Shantae? Because I know there are at least 9 empty DISKS from our battle with the Celebrity 5.

Iron Man: Don't worry. I made plenty of disks for every villain out there.

Me: A disk won't be enough to catch Nega-Shantae. We're going to have to kill her.

Laney: I agree. If she is a magical creature then she will just escape using her magic.

Nicole: We'll have to seal her into the Book of Vile Darkness.

Lana: But the question is can we even kill a genie?

Me: We did so before and we can do it again.

Eden: And we'll help you all.

Shantae: Same here.

Apple Fritter: (Cowboy accent) This is gonna be awesome and so much fun.

Me: It sure is gonna be fun.

?: If you can find her!

Aeleus: It sure is.

Roxas: Yeah!

Waffle Woman: You guys are really eager. Lets dance.

Waffle Woman called out her Pokemon and they went at her and Waffle Woman fired blasts of Strawberries and syrup and they dodged them and Tara fired waves of fire and earth and Aeleus and Roxas fired blasts of earth and light and the blasts hit Waffle Woman and her Pokemon and knocked them out.

Tara: Good fight.

## Battle 7: Mysticon & Al

Nico was facing Mysticon and Al.

Nico: You guys are good magicians. But true magic comes from the heart.

Nico fired waves of energy all over them and the blasts hit them and Nico put them in a containment card.

Nico: You two have failed this world.

## Battle 8: Nega-Shantae

We regrouped and went at Nega-Shantae.

Me: You are a fraud Nega-Shantae!

We went at her and I punched her in the face and kicked her in the stomach and then I unsheathed my sword and slashed her and then Nega-Shantae exploded!

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Elie blasted Nega-Shantae with her Tonfa Blasters at an incredible level and more and Eli and Lincoln blasted Nega-Shantae all over with lightning and fire and electrocuted and burned her all over the place. Drakness, Odu Bathax, Blugon, Frafdo, Nom, and Lore blasted and smashed Nega-Shantae all over and more and the Megaforce Rangers blasted and pulverized Nega-Shantae all over.

Springer: Time for some teamwork!

Astrotain: Yeah!

Springer and Haiku: TORNADO HUMMINGBIRD FLAMESHOT!

Springer fired his Tornado blaster and Haiku fired a powerful blast of Orange Fire.

Astrotrain and Meowth: SEVERING DEMOLECULARIZING SUPERCUT!

Astrotrain fired his ionic disruptor rifle and Meowth fired blades of energy from his claws.

Eden and Starlight Glimmer: COSMIC STARSTORM BLAST!

Genie and Wallflower: FLOWERS OF COSMIC MAGIC!

Shantae and Juniper Montage: JUNIPER SUPERSTORM BLAST!

Elie and Apple Fritter: MEGABLAST FRITTER MEGABLAST!

They fired blasts of cosmic energy and leaves and more and the blasts all hit Nega-Shantae and exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Brittney: Time for you to feel the fury of Cosmic Magic!

Eden: Yeah!

Genie: This monster has abused the powers of a genie and she must pay. (Turns into a judge) (Bangs Gaval) GUILTY!

Elie, Starlight Glimmer, Eden, Genie and Brittney Knudson:

COSMIC STORM OF JUSTICE!

They fired blasts of fire and cosmic energy and more and the blasts hit Nega-Shantae and exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nega-Shantae was defeated.

We went up to her.

Eden: It's your call, J.D. Should we D-Secure Nega Shantae into a DISK? Or should Eddy shoot her through the head with his blaster?

Me: D-Secure. But first.

I stripped Nega-Shantae of her powers and held out a disk.

Me: D-SECURE!

I fired a beam of light from a Disk and it sucked in Nega-Shantae and the disk turned black and it had her face on it.

Me: Nega-Shantae you have failed as a genie and you have failed this world.

Nico: You said it.

The Masters of Evil all came.

Electro: This was fun.

Waffle Woman: (to Elie) Seriously, when do you think we'll fight the Demon Card?

Elie: Probably about January.

Dai Gui: So, after New Years then.

Xaldin: Well, like always, we'll help you all against them. After the usual battles of course.

Me: The Demon Card's goal is to destroy the entire planet and we can't let them get away with their crimes.

Nico: Agreed. But there may not be enough time to have the usual battles. They move fast.

Xaldin: Point taken.

Nico then tried using Mysticon's wand on me.

Nico: J.D., I command you to get me an ice cream sandwich!

Me: Nice try Nico. But magic doesn't work on me remember?

Nico: Aw man!

We laughed.

Shantae: (To the viewers) This was an awesome adventure and now we don't have to ever see my evil twin again. But there are more adventures with me to come.

Me: Yep there sure are.

Lincoln: Yep.

We went back home.

See you all later and I'm sorry I couldn't get the Shantae chapter done. I was falling behind. But I'm fully caught up now.

# Into the Lands of Demons

HAPPY BIRTHDAY NINJAKINGOFHEARTS!

---

We were over at an awesome 1950's style restaurant that Pinkie Pie Works at.

Manaphy, Poromon, Horsea and Poliwag: HAPPY BIRTHDAY ELI! (Blows Noisemakers)

Me: Happy birthday little bro.

Eli had a party hat on and he was so happy. Today was his 11th birthday and we were celebrating his birthday at the Diner where the Canterlot/Ponyville Girls hang out.

Eli: Thank you so much guys!

Nunnally: You deserve it Eli.

Lori: So how does it feel to be 11 Eli?

Eli: It feels awesome.

Rarity: We are so happy for you Eli.

Rainbow Dash: You totally have earned this kind of party bro.

Eli: Thanks girls.

We had awesome cake, ice cream and snacks and pizza as well as burgers, nachos and sandwiches. When it came time to open presents, Eli got a multitude of things. He got awesome clothes and even games, comic books and more. We got him a wide variety of gifts. Eli got his own element of the Elements of Harmony: Virtue. It matched his cutie mark on his arm which was an angel with a white dress and a golden halo over its head and it had white angel wings. It was given to him as a beautiful gold bracelet with a jewel that had his cutie mark in it.

Eli: Wow! You guys are awesome! And my very own element to the Elements of Harmony.

Sunset Shimmer: You are more than worthy of having an element of Harmony Eli.

Eli: Thank you so much girls.

He hugged them all.

Loud Kids: Aww.

Eli also got an awesome comic book made by Sunset Shimmer. We were amazed that Sunset can make her own comic books as well.

It was awesome.

Later at the estate we were watching TV. But then Kari came down and she was frantic as she was holding Gatomon who was groaning in pain.

Kari: Guys! Something's wrong with Gatomon!

Me: What's wrong Kari!?

Gatomon: My stomach hurts!

Me: Lets look her over.

Ratchet looked her over.

Ratchet: Looks like she has a bad case of food poisoning.

Me: I didn't think that Digimon could ever GET Sick.

Apple Bloom: I didn't know about that either.

Jeri Katou: Same here.

Shadow Man: Gatomon, I can't really understand how this happened.

Gatomon: I think I might've eaten a bad piece of fish.

Sabrina (Pokemon): You ate bad fish and you ended up getting sick? Is that what happened?

Gatomon: Yes.

Cybertron Ransack: Didn't even think Digimon could even get sick.

Nico: I didn't think so either.

Poromon: Yeah and I have never been sick a day in my life.

Patamon: Me neither.

Palmon: Same here.

The Digimon all agreed.

Kari: Where did you get a bad piece of fish from?

Gatomon: Lynn Sr. gave it to me for a snack. I didn't know it was bad.

Me: Well it's not his fault.

Nico: He didn't know it was tainted.

Wheelie: J.D., can you use your powers to make Gatomon better?

Me: I can try.

I used my powers on Gatomon and made her feel better in an instant.

Gatomon: I'm all better! Thank you J.D.!

Me: You're welcome.

But then me and Jared sensed something.

Jared: Uh oh. Something is going on at the Apple Farm.

Me: We better get over there son.

Nico: Need us to come with?

Me: No I think we got this. It's probably nothing serious but we'll call for you if needed.

Nico: Okay.

Me and Jared went over.

5 Minutes earlier in Equestria as the Apple Family was getting breakfast ready, Apple Bloom came back

**Applejack** : Glad you're back, sugarcube. Just in time for breakfast.

**Apple Bloom** : I got the perfect topper for flapjacks at the market today.

**Applejack** : [gasps] *Pear jam?!* What were you thinkin'?!

[distant door closing]

Granny Smith was coming down.

**Applejack** : Quick! Hide it!

[wood breaking]

**Apple Bloom** : Huh? What's the big deal? It's just pear jam.

**Applejack** : The big deal is that there is a long-standing feud between the Apples and the Pears!

**Big McIntosh** : Eeyup!

**Apple Bloom** : Why?

**Applejack** : Why?!… Well, uh, a-actually, I-I'm-I'm not really sure.

You have any idea, Big Mac?

**Big McIntosh** : Uhhh… nope.

**Apple Bloom** : Then I guess we should ask Granny?

**Granny Smith** : Ask me what?

[dirt shuffling]

[thud]

**Applejack** : Uh, what goes better with apple fritter flapjacks - caramel syrup or praline!?

**Granny Smith** : [blows raspberry] Praline.

[clatter]

**Granny Smith** : [sniffs] Oh-ho-ho, that smells great, Applejack. I'ma go wash up for breakfast. Be right back.

[door closes]

**Applejack**, **Apple Bloom**, and **Big McIntosh** : [sighs]

**Applejack** : Listen, sugarcube. Anytime Big Mac and I ever asked Granny about the feud or the Pears, she'd get so upset she couldn't talk. Best not bring it up.

**Apple Bloom** : O-Okay, but that Grand Pear was really nice to me, even though I'm an Apple. I wonder what happened.

Me and Jared came in.

Me: What's all the commotion about Applejack?

Applejack: Oh howdy J.D. Howdy Jared. Sorry for all the trouble. But we never told you this.

Apple Bloom: There's a feud that has been going on between the Apple and Pear Families and I don't know why.

Me: A family feud? I hope it's not a Hatfield's & McCoy's caliber kind of feud.

Apple Bloom: Who were the Hatfield's & McCoy's?

Me: Well it's a really nasty story.

Jared: They were 2 families of hillbillies that lived on the Kentucky-West Virginia State Border and they were famous for having the most brutal family feud in all of history.

Me: It was over 140 years ago. After the American Civil War ended and there were two families during that time. One side was the Hatfield's lead by William Hatfield and his family and the other family was the McCoy's lead by Randoll McCoy.

Applejack: Wow.

Me: But this feud was unlike anything you all are going through. They went through land disputes. But then over the years it escalated into violence and even murder, revenge killings and Capital Punishment.

Applejack: That's awful!

Big Mac: Eeyup.

Me: Yeah. Neither side emerged victorious and that feud has haunted the Ozarks and both families for many generations.

Apple Bloom: That's terrible! But why are the Apple's and the Pears fighting?

Me: That's what I would like to know. Do you all know?

Big Mac: Nope.

**Applejack** : Me, too. But if we can't ask Granny, I don't know who- We can ask Goldie Delicious! If anypony knows about the feud, it's the family historian!

**Apple Bloom** : I'm in! What do you say, Big Mac?

**Big McIntosh** : Eeyup!

Me: Good idea.

We went over to the cottage of Goldie Delicious, the family historian of the Apples.

We knocked on the door.

[knock, knock]

[cat yowls]

We stood back.

[crash!]

The door burst open and an avalanche of books and stuff crashed through and came out and a ball of cats came out and landed and out came Goldie Delicious.

[cats meowing]

**Goldie Delicious** : Now, that's how you make an entrance! Or is it an exit? [laughs] Well, anyway, it's so wonderful to see you three. And J.D. and Jared Knudson it's such an honor to meet you 2. To what do I owe the pleasure?

Me: Pleasure to meet you too Goldie.

Jared: Same here.

**Applejack** : Well, Goldie, we were hopin' you could tell us about the, uh… feud with the Apples and the Pears.

**Goldie Delicious** : Oh. Oh, dear. Well, does Granny Smith know you're here?

**Apple Bloom** : No, ma'am. But I ran into Grand Pear yesterday, and he was real nice. Maybe the feud was a misunderstandin' or somethin', and we can fix it?

Jared: Yeah there has to be a reason behind a feud like this.

Apple Bloom: Yeah.

**Goldie Delicious** : Oh, well, I don't know about that, little one. But if it's a story you're after, I suppose you have a right to know. Now, let's see, I got a stack of books here someplace… Oh! *Apple Family History, Volume 137* ! Hmm, hmm… Here we are. "Feud with the Bears". I mean, "Pears". My eyes ain't what they used to be. A long time ago, Sweet Apple Acres wasn't the only farm in Ponyville. In fact, there was another one just right next door.

**Young Granny Smith** : Come and get your apples! Nothin' sweeter than bitin' into a crisp apple on a beautiful fall day!

**Young Grand Pear** : Unless, of course…

[ponies gasp]

**Young Grand Pear** :… you could bite into a juicy pear.

**Young Granny Smith** : [scoffs] Please. Pears are just what happens when you ain't no good at farmin' *apples* .

**Young Grand Pear** : Pears are nature's candy. Apples are sour. Like the expression on your face right now. [chuckles impishly]

**Goldie Delicious** : [voiceover] And so it went. Granny and Grand Pear were always at each other on who was the best farmer or who took better care of their trees. If Granny read to her trees at night…

**Young Granny Smith** : [reading] "And then, the little tree reached his branches up to the moon, and the moon said, 'Good night.'"

**Goldie Delicious** : [voiceover]… why, then Grand Pear had special blankets made for his trees so they wouldn't get cold.

**Young Grand Pear** : Good night, trees. [kisses] I've got you covered. Mm-hmm.

**Young Granny Smith** : [growls]

[book thuds]

[Apple family ponies grunting]

**Goldie Delicious** : [voiceover] In fact, all the Apples and the Pears were rivals to the core! The only Apple and Pear who ever got along were Bright McIntosh and Pear Butter.

**Young Bright McIntosh** : [whispering] Pssst! I'm not supposed to talk to you.

**Young Pear Butter** : [whispering] I'm not supposed to talk to you either.

**Young Bright McIntosh** : [whispering] My mom says if you hold a buttercup under your chin, it'll make your chin glow. But it doesn't work on me. See?

**Young Pear Butter** : [whispering] Does it work on me?

[heart beating]

**Young Bright McIntosh** : It sure does, Buttercup.

**Young Pear Butter** : Buttercup. I like that name.

**Applejack** : [voiceover] Wait an apple-pickin' minute!

**Applejack** : Bright Mac and Buttercup? Those are our parents' names!

**Goldie Delicious** : Of course Buttercup was just a nickname your father gave your mother. Pear Butter - well, that was her given name.

**Applejack** : Are you sayin' our mother was a… Pear?!

**Apple Bloom** and **Big McIntosh** : [deep gasp]

Me: Whoa man!

Jared: That's a huge revelation!

**Big McIntosh** : So we are half-Pear?!

**Applejack** : I can't believe it! How did we not know?!

**Goldie Delicious** : Well, uh, nopony called your mother Pear Butter.

[cats meowing]

**Goldie Delicious** : And her cutie mark was a preserve jar, but pear butter don't look too much different from apple butter, so no clues there.

Me: That is a huge surprise.

Jared: Boy it sure is dad.

**Applejack** : [sighs] Is there a-anythin' else you can tell us about them?

**Goldie Delicious** : I know they loved each other very much. They had that magical, star-kissed, other-side-of-a-rainbow kind of love. You couldn't be around them too long and, and not feel a little bit lighter than air yourself. [chuckling]

**Apple Bloom** : Anything else?

**Goldie Delicious** : Hmm… I'd need Volume 138 for that.

[cheetah grunts]

**Goldie Delicious** : I'm sure I could wrangle it… in a, in a couple of days.

**Applejack** : [sighs] That's all right, Goldie. It was… nice just to hear-

**Goldie Delicious** : Ooh-hoo-hoo! I just remembered somethin'! Your dad and his buddy Burnt Oak would get in all kinds of trouble together as colts.

**Applejack** : Burnt Oak? The firewood salespony? I haven't seen him in ages.

**Goldie Delicious** : He and your dad were thick as thieves back in the day. Y'all should talk to him.

Me: Good idea.

[thud]

[cheetah grunts]

**Burnt Oak** : Well, well, if it isn't the Apples. And J.D. and Jared Knudson. It's an honor to meet you. What can I do for ya? I know you're not here for firewood. You got more trees than anypony in Ponyville.

Me: Maybe later me and my family could use some.

**Applejack** : You're right. We're not here for that.

**Burnt Oak** : Come to ask about your dad?

**Big McIntosh** : Uh, eeyup.

**Burnt Oak** : I wondered if you might. Hoped you would. It's nice to talk about him. [laughs] We had a lot of laughs. In fact, this one time…

---

**Burnt Oak** : [voiceover]… we were racin' to see who could till the fastest, and Bright Mac was leavin' me in the dust. He would've won, too, if he wasn't so… distracted.

**Bright Mac** : Whoa!

Bright Mac crashed into a water silo

[crash]

[splash]

He accidentally flooded the area.

OOPS!

**Pear Butter** : [spits]

**Grand Pear** : Oh!

[splash]

**Grand Pear** : Pear Butter, what did you do?!

**Pear Butter** : I-I'm not sure.

**Bright Mac** : She didn't do it, sir.

**Grand Pear** : Excuse me?

**Bright Mac** : The water silo. It was my fault.

**Pear Butter** : [giggles]

**Grand Pear** : [snorts] You owe me a new silo, boy! [to Pear Butter] And *you*, come with me. No daughter of mine is gonna make goo-goo eyes at an Apple!

**Burnt Oak** : Grand Pear never would've known it was your father's fault. But there was no way he'd let your mother take the blame for somethin' he did.

**Apple Bloom** : So Dad was super honest! Apple doesn't fall far from the tree, huh, Applejack?

Me: I guess it runs in the family.

Jared: It sure does.

[thunk]

**Burnt Oak** : Your dad worked the Apple farm all day and then headed over to the Pears on his breaks to fix the water silo. I didn't see him for weeks! Not that he minded. Gave him a chance to get to know your mom.

**Apple Bloom** : Did you know our mom, too?

**Burnt Oak** : Buttercup was a real peach of a Pear. But if you want to know more about her, you should ask Mrs. Cake.

**Apple Bloom** : Mrs. Cake?

**Burnt Oak** : She and your mom were inseparable when they were fillies.

Me: Very powerful bond.

**Applejack** : Then let's go! Thanks, Burnt Oak!

Big McIntosh came back.

**Big McIntosh** : Uh, would it be okay if we stopped by again sometime to hear more stories?

**Burnt Oak** : I'd like that very much.

[the Cakes' theme playing]

[door opens]

We came in.

**Mrs. Cake** : Well, cinnamon sugar on toast! All three Apple siblings! And J.D. and Jared Knudson. It's an honor.

Me: Same here Mrs. Cake. Pinkie Pie told us a lot about you.

Jared: Same here.

**Applejack** : Hi, Mrs. Cake. We heard you and our ma used to be real good friends, and we were hopin' you could tell us a bit about her.

**Mrs. Cake** : Oh, I would love to. I never knew the right time to bring it up. But I'm so glad you came! [laughs] Uh, for starters, did you all know that it was your mom who convinced me to pursue baking?

**Apple Bloom** : But isn't your name Mrs. *Cake* ?

**Mrs. Cake** : Not always. Back when I was Chiffon Swirl, heh, I had no idea what I was supposed to do. But one day, your mom brought me some candied pears, eggs, flour, sugar, and vanilla, and told me to just be creative! Next thing I knew, I was whipping up pear upside-down cake, and I got my cutie mark! It was like she knew what I was supposed to do long before I did.

**Applejack** : [to Apple Bloom] Just like you, sugarcube! Or rather, you're just like her!

Me: Coincidental.

**Mrs. Cake** : That was the first of many cakes for me, and Buttercup was with me through it all.

**Mrs. Cake** : [voiceover] She'd be my taste-tester, help with the decorating, and prep new ingredients. Over the years, I perfected my recipes. Your mom did so much for me. One day, I wanted to surprise her with a cake.

**Bright Mac** and **Pear Butter** : [laughing]

**Bright Mac** : [sniffs] *Achoo!*

**Pear Butter** : [blows, giggles]

**Bright Mac** and **Pear Butter** : [laughing]

[twig snaps]

**Pear Butter** : [gasps] Oh. It's just you.

**Chiffon Swirl** : Sorry. I just brought you a little something to say thank you. But I see you're busy. Hah.

**Pear Butter** : [giggles] Promise you won't say anything?

[bush rustles]

**Granny Smith** : [whinny, snort] What in tarnation are you doin', Bright Mac?! We do not fraternize with Pears! [spits]

**Chiffon Swirl** : You and Bright Mac? Whew, I wouldn't believe it if I hadn't seen it with my own eyes. Your families hate each other.

**Pear Butter** : I can't help it. We just sorta… happened.

**Mrs. Cake** : [voiceover] Then Pear Butter told me the sweetest love story I have ever heard.

**Bright Mac** : Happy one hundred and thirty-one thousand, four hundred and fifty-six hour anniversary, darlin'.

**Pear Butter** : What? [laughs] That's way longer than we've been together.

**Bright Mac** : I know, but it's the anniversary of the first time I called you "Buttercup". It's okay if you didn't get me anythin'.

**Pear Butter** : Actually… I did.

**Bright Mac** : A guitar? For me? But… [strums guitar] I don't know how to play.

**Pear Butter** : Quiet, you.

**[Pear Butter]**

We're far apart in every way

But you're the best part of my day

And sure as I breathe the air

I know we are the perfect pair

On a prickly path that goes on for miles

But it's worth it just to see you smile

And I cannot be pulled apart

From the hold you have on my heart

And even if the world tells us it's wrong

You're in my head like a catchy song

Me: (voiceover) Aww that's so adorable.

Mrs. Cake: (Voiceover) It was the most beautiful song I've heard.

**Bright Mac** : Wow. It's just… *wow* .

**Pear Butter** : Do you like it? Be honest now.

**Bright Mac** : It's the best gift you could've given me!

**[Pear Butter]**

The seasons change and leaves may fall

But I'll be with you through them all

And rain or shine, you'll always be mine

On a prickly path that goes on for miles

You're the only one who makes it all worthwhile

And you should not blame me, too

If I can't help fallin' in love with you…

**Bright Mac** : Hey, no fair. I was gonna tell you the same thing.

**Pear Butter** : You're just mad I beat you to it.

**Bright Mac** : I'm tellin' ya, I was gonna pull you up, cover your eyes, lead you over here… and say, "Surprise!" And then you'd say, [imitating Pear Butter] "Oh, Bright Mac, I love it!" [speaking normally] And then I'd say I love *you* . Too bad it didn't work out though.

**Pear Butter** : Eeyup. Too bad.

[paper ripping]

**Grand Pear** : The Pears are moving!

**Pear Butter** : [deep gasp]

**Me, Jared, Applejack**, **Apple Bloom**, and **Big McIntosh** : [deep gasp]

**Applejack** : I mean, I figured the Pears moved, but I didn't know all that stuff happened before with Granny and Grand Pear.

Me: Me neither.

Jared: Yeah that must've been rough.

**Apple Bloom** : Yeah. It must've been really hard on our parents.

**Mrs. Cake** : Oh, it was.

**Pear Butter** : We're moving?! To Vanhoover?! But that's so far!

**Grand Pear** : It's what's best. There's acres of untouched land and a warehouse to make our jams. We'll get to expand our business and get away from those gosh-darned Apples.

**Mrs. Cake** : [voiceover] Pear Butter was devastated. But seeing no way out of it, she did what she had to do.

**Bright Mac** : So that's it?

**Pear Butter** : What do you want me to do, Bright Mac? We're movin'. I love you, but [tearing up] I have to stay with my family.

**Mrs. Cake** : [voiceover] Then Bright Mac did the most romantic thing I've ever seen anypony do.

**Apple Bloom** : What?! *What?!*

**Applejack** : [simultaneous] What?! What did he do?!

**Big McIntosh** : [simultaneous] Tell us! Tell us!

**Mrs. Cake** : We're gonna need one more pony to tell that story. Talk to Mayor Mare about it.

Me: Okay then.

**Apple Bloom** : Mayor Mare, you knew our parents?

**Mayor Mare** : Not as well as Mrs. Cake, but I did play a part in their love story. The night before the Pear family moved, Bright Mac asked me to meet him at the edge of Sweet Apple Acres.

**Pear Butter** : [gasps]

**Bright Mac** : I don't want to be apart from you. Ever. I'm not sure what we'll do, but I'm sure of *us* . So sure that I'd marry you today.

**Pear Butter** : I would, too!

**Young Mayor Mare** : I think that's my cue.

**Mayor Mare** : [voiceover] I had the honor of officiating your parents' secret wedding, and it was perfect. Bright Mac knew Buttercup wouldn't want a big splash.

**Apple Bloom** : [voiceover] Reminds me of somepony else I know.

**Big McIntosh** : [voiceover, chuckling] Eeyup.

Me: (Voiceover) So adorable.

**Mayor Mare** : [voiceover] So they had a special way to seal their vows.

**Young Mayor Mare** : I now pronounce you-

**Granny Smith** : What is goin' on?! What's with all these here candles?!

**Grand Pear** : Pear Butter! Where are ya? You're supposed to be packing! [grimly] What are you two doing?

**Bright Mac** : Ma, Grand Pear, Buttercup and I are in love!

**Granny Smith** and **Grand Pear** : What?!

**Pear Butter** : And we'll be married as soon as Mayor Mare says…

**Young Mayor Mare** : Oh! [quickly] I now pronounce you husband and wife!

**Pear Butter** : Doesn't that feel nice? [kisses]

**Bright Mac** and **Pear Butter** : [kissing]

**Granny Smith** : What are you talking about, married?! You two can't be married!

**Grand Pear** : Finally, something we can agree on. Pear Butter, enough of this nonsense. We're movin'! And you gotta stick with your family!

**Pear Butter** : But… the Apples are my family now, too.

**Grand Pear** : You can't be serious. Are you choosin' to be an Apple over being a Pear?!

**Pear Butter** : Are you makin' me choose?

**Grand Pear** : Yes. I am.

**Pear Butter** : Then yeah. I guess I am.

**Grand Pear** : Fine!

He left in a huff.

**Pear Butter** : [sobbing]

Me: Man that is rough.

**Applejack** : I can't believe Grand Pear just up and left Ma like that! No wonder Granny never told us about any of this.

Jared: No kidding. I would never leave my family in a huff like that.

Me: Me neither.

**Mrs. Cake** : These things are never easy.

**Mayor Mare** : And it's hard to know when it *is* a good time.

**Applejack** : It seems to me that now's as good a time as any.

**Apple Bloom** : To talk to *both* our grandparents.

Me: Absolutely.

We went to talk to Grand Pear.

**Apple Bloom** : Excuse me? Grand Pear?

**Applejack** : I'm Applejack, and this here's Big McIntosh. But you already know who we are, don't ya?

**Grand Pear** : Sure do. And Jared and J.D. Knudson of Team Loud Phoenix Storm. It's such an honor.

Me: Pleasure to meet you too Grand Pear.

**Apple Bloom** : Did you really move to Ponyville just for a change of pace?

**Grand Pear** : No.

**Apple Bloom** : Then you came here because you're sorry and that you wanted to get to know us, too?

**Grand Pear** : I'm… so sorry. I-I-I was just so angry, and… well, I-I never…

Me: It's not your fault Grand Pear. Anger has a nasty way of clouding peoples minds and that's what makes it a very dangerous and deadly emotion.

Jared: That's right.

**Apple Bloom** : It's in the past, Grand Pear. Oh! Can I call you Grand Pear-Pear?

**Grand Pear** : [chuckles] Sure can.

They hugged him.

Me: Aww.

Jared: That's adorable isn't it dad?

Me: You said it son.

We went back to Sweet Apple Acres to talk to Granny Smith.

**Granny Smith** : Now where'd you all get to? I ain't seen hide or hair of ya's all day. And Jared and J.D. didn't expect y'all to be with Applejack.

Me: We've had to do some detective work.

**Applejack** : We've been all over. Learnin' about our parents.

**Granny Smith** : Guh… Y-You have?

**Applejack** : *And* our grandfather.

Grand Pear came in.

**Granny Smith** : So… you're back, huh?

**Grand Pear** : Sure am. [mumbling] Never should've left.

**Apple Bloom** : Findin' you and learnin' all about Mom and Dad, I feel like I found a piece of me I didn't even know was missin'.

**Applejack** : Hearin' their story makes me feel closer to them somehow.

**Granny Smith** : I'm sorry. I should've told you all about 'em sooner.

**Grand Pear** : And I should've been here. Ah, I can't believe I let a silly feud keep me from my family.

**Applejack** : Nothing's keepin' ya from us now. Let's not miss anythin' else.

**Granny Smith** : Applejack's right. Welcome back, prickly old pear. Heh.

**Grand Pear** : [chuckles] Thanks, you old crabapple.

**Apple Bloom** : Now that we're all together, there's somethin' we want to show you. Mom and Dad left us somethin' to remember them by. Come on!

We followed them into the forest.

[bushes rustling]

**Grand Pear** : Whoa.

We saw an apple and a pear tree grown and tied together with a heart hole in it.

**Granny Smith** : [sounds of awe] It's beautiful.

**Grand Pear** : It's… impossible.

Me: Wow!

Jared: That is amazing!

**Applejack** : If anything's gonna make it through, it's apples *and* pears.

**Grand Pear** : [chuckles]

Me: I think this is amazing.

Jared: You said it dad. But I think no family should ever be without a mom and dad.

Me: I think I know what you're about to do son.

Jared: Yep. You know me well dad. (Snaps fingers)

Then a bright light appeared and shined down from the sky and the divine singing of angels was heard and out of the light came Bright Mac and Pear Butter back from the dead.

Applejack and her family gasped in shock and amazement and happiness!

Applejack: Mom, dad?

Bright Mac: Howdy Applejack. You've grown so big.

Apple Bloom: MOM! DAD!

Applejack: MOM! DAD!

Big Mac: MOM! DAD!

They went over and hugged them for the first time in a while.

Me and Jared had tears of joy come down our faces and we were so happy for them.

Applejack: (Crying in joy) I've missed you both so much!

Apple Bloom: Same here!

Big Mac: Eeyup!

Pear Butter: We missed you both too and we're so proud of both of you.

Bright Mac: We sure are and Apple Bloom we are so proud of you for getting your Cutie Mark.

Me and Jared went over.

Me: Bright Mac and Pear Butter it's great to have you back.

Bright Mac: It's good to be home J.D.

Pear Butter: Same here.

Jared: Awesome. Quite frankly I like both pears and apples. Either one is great and they are both equal.

Bright Mac: Good call.

The Apple's and Pear's were finally over their feud and two awesome families have been brought together even closer than ever before.

Later back at the estate we told everyone about what the Apple's and the Pear's were going through.

Nico: Are you serious!?

Lori: Applejack's family was literally going through a terrible feud like that?

Me: Yeah. But it wasn't a Hatfield's & McCoy's caliber kind of feud thank goodness. They were feuding over which was better: Apples or Pears.

Laney: That sounds like a pretty pathetic reason to be fighting.

Lori: I agree. I like both apples and pears.

Everyone agreed.

Applejack: That is a very stupid reason. But I'm glad we all made up.

Apple Bloom: Me too.

Jared: And the Apple and Pear Families are all back together. I brought Pear Butter and Bright Mac back.

Nico: Wow! That's awesome Jared.

Allenby: Jared is just as pure of heart as he is honorable.

Isabelle: That's dad for you.

Heidi: Yep.

Lincoln: I'm so happy that Applejack has her family and everyone back together.

Twilight Sparkle: We all are.

Eli: Same here.

Apple Fritter: I'm glad that Mr. and Mrs. Apple are back. I missed them.

Lola: I think everyone in Sweet Apple Acres did.

Rarity: They sure did.

We had a nice talk.

# DEMON WORLD

Later in the Demon World we came through a portal and we were in the Demon World!

Me: Whoa!

Storm Shadow: What is this place?

Me: This is the Demon World. It's the one that Yusuke and his friends told me all about.

Nico: Wow. It's really creepy here.

?: Hey!

We turned and we saw a girl with teal green hair, elf life ears and she had small horns on her head and she had beautiful blue eyes and was wearing a jaguar spotted bikini and she was hot. It was Princess Lum Invader!

Me: Princess Lum!

We went over to her.

Lum: It's an honor to meet you all.

Zuko: (bows) Likewise, Princess.

Me: It's an honor to meet you too Princess. Wow. Love your outfit. Rawr.

Lum: (Giggles) Thank you J.D.

Lum saw Starlight Glimmer.

Lum: (squeals and hugs Starlight Glimmer) You're so cute!

Starlight Glimmer: Thanks. But can you please stop squishing me?

Lum: Oops sorry.

She let go.

Nico: We came to the Demon World to recruit you for the team.

Lum: I would be honored! But I need your help with something.

Me: What's up?

Clayface: Lum, are there any enemies of yours that need to be taken out?

Lum: Yes there are. I'm having problems with the Three Girls Gang. They are a trio of bad girls that are trying to destroy me. But I always outsmart them.

Me: They won't hurt you as long as we're here. But can you tell us all about them?

Lum: I sure can.

She went over their history.

***Three Girls Gang*** , or can be translated as ***The Spice Girls*** and ***The Three Daughters*** , is a group of young girls that always want to compete with their seniors, especially Benten. This group consist of three juniors named Sugar, Pepper and Ginger. They are antagonist characters in the *Urusei Yatsura* franchise.

It wasn't much to talk about but it was enough to help us want to stop them.

Me: That is crazy!

Nico: Those girls are total thugs.

Lincoln: They have to be stopped no matter what.

Nico: Yep. But as long as we're here we might as well take a look around.

Volcana: Hiei, don't take this the wrong way, but can you tell us more about your past?

Hiei: You do have a right to know. But instead of telling I'll show you all. Follow me.

We followed Hiei and he showed us his old home: The Glacial Village. It was a cold and strange place. It was an island floating in the sky far above the land.

**Hyouga** ("Ice River") is the floating country of the Koorime, the race of ice maidens. It is also the hometown of Hiei and Yukina. It exists somewhere in the skies of Makai. It is an isolated town. It also forbids male children. The other term for this town is "Glacial Village".

Me: Whoa! It's all the way up there?

Lincoln: That's a long way up.

Yukina: The Ice Apparitions live on an island in the sky and avoid all contact with the outside world.

Laney: So they are an amazon village in a sense.

Hiei: That's a good way to put it. Yes.

We flew up to the island and it was cold and beautiful and we had our fur parkas on and it was amazing.

Nico: Wow. So this is the island of the Ice Apparitions.

Me: It sure is cold. But lets take a look around and Hiei can you tell us more here?

Hiei: Follow me.

We followed Hiei and learned more about his dark past.

The Ice Maidens reproduce every 100 years asexually, always giving birth to a female. A male child is born only if the Maiden had sex with a male, which is forbidden in their society. Hiei who is once known as Imiko" ("cursed child"), was born as one of the twin children of the Ice Maiden Hina. As her children were born, Hina wept two tears which crystallized and were given to the babies. Hiei was thrown from the floating Ice Domain by Hina's closest friend Rie, to his supposed doom. He managed to survive, though, and grew up in the wilderness where he developed a thirst for killing. The only times he found peace were while looking at the tear-gem from his mother. He later decided to find the ice domain in order to take revenge on the women who cast him out. He loses his tear-gem during a battle and, realizing he must now find the stone as well as the Ice Domain, went to the Osteopath Shigure and has the Evil Eye (Jagan in Japanese, referred to as the Jagan Eye in the English anime dub) implanted in his forehead which gives him many powers, including hypnosis, telepathy, and clairvoyance or remote viewing.

Even with the Jagan Hiei cannot find his tear stone, though he easily finds the Ice Maidens' glacier home. When he gets there he finds his mother's grave and his lust for revenge fades. He is told his twin sister has run away and decides to search for her as well. Hiei is an expert with a Katana due to the environment in which he grew up. He also has superhuman speed and can produce and control fire. During the Dark Tournament he taps into the unruly fires of hell, known as the Dark Flame of the Overlord, or in the English dub, "Dragon of the Darkness Flame", which he eventually masters. At the end of the manga, he is assigned as one of the guardians of the portals between the human and demons realms.

---

We gasped in shock and absolute horror!

Nico: That's crazy!

Lincoln: I can't believe that they would throw you over the side like that because they thought you were cursed!

Linka: Totally insane!

Nico: I think the elder should've been destroyed and that Hiei should've lived and take Hiei and Yukina with her.

Yukina: I agree.

We went to the grave of Hiei's mother Hina.

Me: Hina. I can't believe she would take the cowards way out because of the elder ordering for you to be destroyed Hiei.

Hiei: I know.

Me: But I can fix that. (I snapped my fingers and brought Hina back to life.)

Hina: I'm back.

Hiei: Hello mother.

Yukina: Mother!

Yukina went over and hugged her mother for the first time in a long time.

Hina: Oh Hiei, Yukina. I am so sorry.

Hiei: It's not your fault mother.

Yukina: Yeah.

Me: It's a pleasure to meet you Hina.

Hina: J.D. Knudson and all of Team Loud Phoenix Storm. It's an honor.

Me: Same here. We came here to learn more about Hiei's past and what happened to him. But we also came to have a serious talk with the elder of this world here in Demon World.

Hina: I'm glad. I'm going to leave this place and never return like I said I would.

Me: Good. Lets go have a talk with the elder.

We went and did so. In the elder building we went in and stood before the elder of the Ice Apparitions.

Me: Hello Elder. We need to have a little talk.

Elder: Team Loud Phoenix Storm. It's an honor to meet you all.

Me: Same here. But we didn't come here for formalities. We came to have a little chat with you about Hina's son, Hiei.

Elder: That boy is a curse upon us all!

Me: Hiei has a right to live just like everyone else. It was because of your actions that you sent him on a path towards death and destruction. I know you are only allowed to have daughters and that you must be pure and all that and I respect that but like it or not, Hiei is part of Hina's family regardless of him being infused with fire.

Elder: Hina brought all this on herself.

Me: No she didn't. Love has a way of showing itself in the most unusual and unlikely of places. As a father myself I love all my children equally and I would never persecute then for being something like what goes on here. Hina didn't deserve to have Hiei thrown over the side of the cliff and into Demon World like that. She was going to take the children and leave.

Elder: I forbid it!

Me: Sorry elder but as of right now Hina, Yukina and Hiei are now placed into the protection of Team Loud Phoenix Storm.

Nico: That's right.

Vince: I'm sorry but you are the one who brought all this on yourself.

Hina came and she had her stuff packed.

Elder: Hina you're alive!

Hina: That's right and I'm leaving.

Me: Lets go.

We left the Glacial world.

Me: Now that that's out of the way we can take on the Three Girls Gang.

Hina: I've heard about them and they are dangerous delinquents.

Yukina: We have to stop them.

Lum: And we will.

Me: Yep and we're going to send them to the Book of Vile Darkness.

Nico: Good idea.

I then sensed something coming.

Me: Look out!

I grabbed Lum and lifted her into the air as 3 spears came at her and Nico smashed them with powerful punches with his elbows and shattered them into splinters and out came the THREE GIRLS GANG - SUGAR, PEPPER & GINGER!

Lum: Did you three seriously just try to kill me?!

Ginger: Sorry, Lum. But we're tired of being inferior to you! Time to take you out permanently!

Kevin Levin: You three are about to board the train to Hurtsville! Population: You!

Me and Lum landed.

Me: (Cracks Knuckles) Big time!

Diabolico, Larxene, Skulker, Loki, Captain Cold and Shiv then appeared.

Ginger: Looks like our backup has arrived.

Larxene: (scowls) Us? Help you three?

Captain Cold: In your dreams.

Shiv: We're just here for the usual battles!

Me: Diabolico, Larxene, Skulker, Loki, Captain Cold and Shiv.

Loki: Weird seeing you all here in the Demon World.

Me: Just like old times with you and Diabolico huh Loki?

May: I was just gonna say that.

Loki: Indeed it is.

?: I agree.

A figure came out and it was FIGHTOE from episodes 18, 19 and 20 of Mystic Force!

---

**Fightoe** was a Kobold-themed monster and was one of the four Barbarian Beasts that were freed by Imperious. He was the partner of 50 Below. Fightoe is also second-in-command of Barbarian Beasts. He was one of the main antagonists of the episode "Dark Wish".

Fightoe did not fight with honor, and (along with Warmax, Shrieker and 50 Below) was sealed away in the Oblivion. However, Imperious set them all free, and commanded them to do his bidding. Fightoe emerged from the Oblivion along with his comrades.

After the defeat of Warmax and Shrieker, Imperious met Fightoe and 50 Below and told them that their comrades did the valuable work and suceeded in tiring the Rangers. The Rangers were tired of the battles and will soon do their greatest mistake and Imperious's plan will succeed. Fightoe and 50 Below thought Octomus would be pleased, but Imperious told Fightoe & 50 Below that he desired to overthrow Octomus and become the new ruler of the Underworld.

Fightoe and 50 Below asked the sorcerer about Koragg, as he would never betray Octomus. Imperious thought about Koragg too. And he ordered Barbarian Beasts to destroy Koragg, because he would never betray the Master.

50 Below & Fightoe were first sent to attack Koragg in the forest. Fightoe and 50 Below attacked Koragg in the forest and the Knight Wolf was devoid of the magical power. Koragg was surprised to see the monsters and asked them what did they want and they answered that they came for him. Fightoe and 50 Below attacked Koragg and due to his being devoid of mystic power, the Wolf Knight was no match for the villains.

With the two of them fighting the single Knight Wolf, they were successful in defeating and wounding him. Fightoe and 50 Below even mocked Koragg saying that his honor was useless and the Master will be next. The monsters left the wounded Koragg, but he was found by Phineas, who helped him.

Then the Barbarian Beasts drew the Rangers out at the pier. Fightoe appeared the first and greeted the rangers and then attacked the Rangers with his magic. Daggeron told the villain that he would fight him, but the Barbarian Beast said that Solaris Knight couldn't fright him. Daggeron attacked the villain with his Laser Lamp, but Fightoe's friend 50 Below arrived to aid him. Fightoe thanked his partner. 50 Below said that he is there and the Mystic Rangers will be defeated.

The Rangers were horrified of the power of the two monsters. When Nick estimated the villains as too powerful 50 Below answered that the Red Ranger was right. 50 Below told Below told the Rangers that they arrived from the Oblivion. The Rangers tried attacking 50 Below, but with the power of his orb on his chest, he was able to reflect the Ranger's attacks right back at them.

With the teens weak and wanting to take the easy way out, they begged Daggeron to use Jenji. 50 Below abused the Rangers, calling them worthless and weak. Against his better judgment, Solaris Knight agreed and fired the Jenji Shinning Attack. However, 50 Below attacked Jenji before the Shinning Attack hit, and Fightoe then managed to capture the cat genie. Rangers were horrified as the villains captured their friend. 50 Below then attacked Daggeron with his ice attack and threw the Solaris Knight into the water. With having completed their mission, the two the remaining Barbarian Beasts escaped.

Fightoe and 50 Below returned to the Underworld and Imperious was pleased with their victory and said that his plan succeeded. They obtained the most powerful weapon of the Rangers. Imperious also appointed Fightoe and 50 Below as his new generals. They turned Jenji over to Imperious and when Jenji appeared before the wizard and said that he could do one wish, Imperious wished that the Mystic Rangers never existed. Jenji didn't want to do it, but he had no choice. The powerful genie is forced to grant Imperious one wish, the Dark Wish was set into place.

The Rangers became trapped in the alternate reality where there is no Mystic Rangers and the Forces of Darkness conquered the world. Fightoe and 50 Below were with Imperious when he laughed at the suceed of the Imperious's plan and the Rangers' defeat. However when the Rangers showed courage and bravery in the face of insurmountable odds, the Tribunal of Magic reversed the Dark Wish.

Fightoe arrived at Briarwood with Necrolai and Fightoe said that as the Rangers returned, the city is now useless to them. Necrolai decided to destroy the city. Fightoe then was turned giant size by Necrolai. The Rangers fought him off in the Titan Megazord and the villain attacked them with his stone attacks.

However the Rangers managed to damage his staff, with the Titan Saber's Galaxy Slash Attack. Fightoe was furious of his staff's damage and told the heroes that they would pay for this. With his weapon damaged, Fightoe retreated.

Imperious then summoned Fightoe and 50 Below again, after the return of the Rangers and Koragg. Imperious sent his minions to fight the Rangers. 50 Below and Fightoe then lured the Rangers out at the Industrial Plaza.

While Fightoe fought the Rangers, 50 Below battled Daggeron. These two beasts continued to be more than a match for the Mystic

Force. Solaris was soon taken out of the battle. But in a surprise, Koragg showed up and began fighting the beast. However, 50 Below still took down the Wolf Knight and joined Fightoe against the Rangers. Right before he and 50 Below could make the final strike, the Rangers were quickly teleported to a save location by the Tribunal of Magic just before the fire power of the two monsters could finish them off.

As a reward for learning to take responsibility for their actions, the Tribunal of Magic then granted the Rangers the power of the Mystic Force Legend Warriors. With this new power and the Mystic Lion Staff weapons, the Rangers were able to take on Fightoe and 50 Below. Each Ranger used Code 1, the Elemental Attack, on their Mystic Lion Staffs. Fightoe decided to leave and 50 Below told his friend to stay, but Fightoe said that it was too much for him. Fightoe was greatly weakened and fled, leaving 50 Below alone to get destroyed by the Mystic Rangers.

Fightoe returned to the Underworld and Imperious was wrathful that he ran away and left 50 Below to be destroyed. Fightoe explained that the Rangers were far too powerful and he couldn't win. Imperious was furious and asked Fightoe if he refused to fight for him. Imperious claimed that he had another use for Fightoe. Fightoe begged Imperious not to do anything bad to him, but Imperious (annoyed by Fightoe leaving 50 Below to be destroyed) then sent Fightoe to the Nether Dimension.

Fightoe asked his former master what is this and Imperious answered that it is the Nether Dimension and now Fightoe's power will run Ursus, the giant monster, created by Imperious. The beast realized that he was tricked and Imperious transferred him into a giant mechanical monster called Ursus. Fightoe screamed at Imperious that he tricked him and the evil wizard said that Fightoe trusted him in vain, as he actually couldn't be trusted. The great evil monster then overpowered Solaris Streak Megazord but was then destroyed by the Manticore Megazord's Legend Striker Spin Attack taking what was left of Fightoe with him.

---

Fightoe: So I have heard.

Fightoe: Personally, I prefer being defeated by you Rangers then Imperious destroying me!

HAPPY 33RD BIRTHDAY TO ME!

---

Over in the Briefing Room, Nico had everyone gathered for setting up my birthday party and he sent me out on a mission with Lord Drakkon. Nico also had the Masters of Evil with him in the Briefing Room.

Nico: Okay now we all know why we are here.

Lincoln: Yep. Today is J.D.'s birthday.

Nico: That's right. It's his 17th Birthday and we're going to make it a special day for him.

Leni: I totes want to make this perfect.

Vypra: We all do and it's gonna be awesome.

May: Where did you send J.D.?

Nico: I had J.D. go on a special mission to destroy a terrorist organization over in India and Lord Drakkon is gonna make sure he doesn't come back too early.

Vince: Good thinking.

Laney: Okay so what are we gonna do for the party?

Nico: I'm glad you asked.

---

CALCUTTA, INDIA

---

In India me and Lord Drakkon were punching, kicking and blasting numerous terrorists all over the place and blowing them apart into pieces.

Me: You terrorists are never gonna be welcome here.

I fired an energy blast and blew a bunch of terrorists apart and splattered their blood and guts everywhere and Lord Drakkon slashed and blasted numerous terrorists all over and more.

Lord Drakkon: I can see why you get a kick out of smashing bad guys all over the place!

I slashed a Terrorist's head off.

Me: I always get a kick like this.

I blast a bunch of bad guys all over the place and we had a bunch of terrorists all up against a corner and then we blasted them all over.

Me: Well that's the end of the India Communism Army.

Lord Drakkon: Yep.

Nico: (On Lord Drakkon's radio) Nico to Lord Drakkon do you copy?

Lord Drakkon: Read you loud and clear Nico.

Nico: You can bring him home now but make sure he walks into the front door.

Lord Drakkon: Roger that. Lets head home J.D.

Me: Right.

We teleported back to Gotham Royal York.

* * *

Back home, me and Lord Drakkon arrived back at the estate.

Lana was keeping a lookout for me and Lord Drakkon.

Lana: They're here!

Nico: Hide!

Everyone hid and Lucy turned out the lights and hid and me and Lord Drakkon opened the door and we came in and it was dark.

Me: Whoa it's dark. Let me just turn on the lights.

I went to the light switch and turned them on and then…

Everyone: SURPRISE!

Poromon, Manaphy, Poliwag and Horsea: HAPPY BIRTHDAY J.D.!

Me: (GASP) OH MY GOODNESS!

Varie hugged me.

Varie: Happy Birthday J.D.!

Eli: HAPPY BIRTHDAY BIG BRO!

Eli hugged me too.

Me: Aww you all are the greatest!

Lord Drakkon: Happy Birthday man.

Nico: We wouldn't miss this party for anything.

Me: You guys are awesome!

Perceptor: Shall we get this party started?

Me: Lets shall!

We cheered and we had an awesome birthday party for me. We had an awesome cake and it was a chocolate, vanilla mint and strawberry & cream cake with whipped cream and sprinkles and we also had 6 different kinds of pizza, chalupas, tamales and more. It was all awesome food. Next was presents and I got awesome video games and comic books and I even got my own Element of

Shade Man: (Transylvanian Accent) Do you like the surprise party, J.D.?

Me: I love it!

Bombshell: After all the good you've done, you've earned this.

Me: Absolutely.

Forrest: Thanks for inviting me and my family over.

Nico: Anytime Forrest. Time for games guys!

We cheered.

We went to the Simulator for 3 special battles.

First up for me was me facing the ruthless tyrant that ruled over the entire Crystal Empire with an iron fist: KING SOMBRA!

---

King Sombra's early life is left unknown in the TV series, unlike the comics. It can be speculated that Sombra was once a resident of the Crystal Empire but was corrupted by dark magic and it led to him becoming an evil power-hungry Unicorn. It is also implied that Sombra murdered the previous Queen of the Crystal Empire so he can take over the Empire.

King Sombra was a powerful unicorn whose heart is said to be as black as night. He took control of the Crystal Empire and enslaved the crystal ponies before Celestia and Luna overthrew him, turning him to shadow and banishing him to the Arctic North, disappearing into a crevice of ice which closed up. However, he foresaw this defeat and placed a curse upon the Crystal Empire that caused it to disappear for a thousand years.

Season 3 The Crystal Empire

In " *The Crystal Empire* ", the Crystal Empire reappears, but the crystal ponies have no memory of their kingdom before Sombra took over, and the mere memory of him causes them pain. Sombra returns along with the Crystal Empire and tries to conquer it again, but Princess Cadance was able to cast a protection spell around it which kept him out. When Twilight Sparkle and her friends came to the Crystal Empire to protect it, Sombra chased after them in shadow form, but they got through the barrier, although he attacked Shining Armor he survived, his horn was cursed so that he could not use his magic.

When Cadance began to run out of power to perform the spell, the barrier briefly deactivated, allowing Sombra to invade. Sombra's horn was broken off as the barrier reactivated, and he transformed it into a dark crystal that began to create more dark crystals in the Crystal Empire.

Twilight and Spike searched for the Crystal Heart, the key to protecting the empire, inside the castle, where nobody would dare to look. They ran into a door enchanted by Sombra to hypnotize them into confronting their worst fears. In Twilight's case, she thought Celestia told her that she failed her test and wouldn't continue her studies, only for Spike to snap her out of the trance. Spike gets brainwashed too and thought Twilight was banishing him, but Twilight saw through the enchanted door's purpose and shuts it, releasing Spike from the spell and comforting him about his fear.

Eventually, they reached the Crystal Heart, but Sombra, was finally able to enter once Cadance was no longer able to perform her spell, trapping Twilight in a wall of dark crystals, keeping her from the Crystal Heart once she triggers a trap.

With no way out, Twilight entrusts Spike to take the Crystal Heart to Cadance. Returning to his physical form, Sombra tried to spear Spike with a dark crystal, but Cadance saved him from the attack. She then returned the Crystal Heart, and together with the crystal ponies used its power to unleash a wave of magic that restored the Crystal Empire and destroyed Sombra, shattering him to pieces.

King Sombra was briefly referenced in the episode, " *Games Ponies Play* ". Twilight also briefly uses his magic in " *Princess Twilight Sparkle* ".

### Season 5 The Cutie Re-Mark

In " *The Cutie Re-Mark* ", the first of many alternate timelines temporarily created by Starlight Glimmer, King Sombra is in power and ruling over the Crystal Empire with the iron hoof, having never been killed by Princess Cadance due to the change in the timeline, he made the crystal ponies fight for him against the rest of Equestria, fighting a war with Celestia. He was winning the war as he managed to take half of Equestria.

### Season 6 The Crystalling

King Sombra was mentioned again a couple of times in the Season 6 premiere " *The Crystallising* ". Spike mentions King Sombra while telling the Crystal Ponies about how he was defeated. Twilight later reveals the reason that King Sombra merely hid the Crystal Heart in his castle is to prevent the Frozen North's weather from breaching the Empire. This explains why Sombra never destroyed the Crystal Heart in the first place.

### Season 7 Shadow Play

In the season finale, " *Shadow Play* ", Pinkie Pie mentions Sombra while recounting the threats Equestria has faced over the last thousand years to Starswirl the Bearded.

### Season 9 The Beginning of the End

In " *The Beginning of the End* ", King Sombra is revived by Discord (who was in the form of the ancient tyrant Grogar) and is summoned to his lair, where Queen Chrysalis, Lord Tirek, and Cozy Glow accuse him of being the one who summoned them there. However, "Grogar" reveals himself as being the one to summon them, much to the villains' astonishment, as they had all thought he was a legend (except for Cozy Glow, who had never heard of him before). "Grogar" proceeds to tell the group of his plans to eliminate Twilight Sparkle and her friends and demonstrates his power by giving Tirek enough magic to partially revive his strength, also causing him to tell Cozy Glow of the stories that he had heard of "Grogar" when he was younger and for Sombra to do the same afterwards. "Grogar" goes on to state that he's been watching over all of them and asks them why they think that they've always been beaten by the same six ponies, Chrysalis interrupting Sombra before he can respond. "Grogar" rebuffs all of their answers and points out that the Mane 6 have always won because they work as a team, and demands that they all do the same in order to take over Equestria.

However, Sombra refuses to join "Grogar", claiming that he will take the Crystal Empire back for himself and destroy anyone who gets in his way. Unphased by this, "Grogar" tells Sombra to go and try to take over the Empire again, even offering to transport him there on the conditions that he can keep it if he succeeds, but will serve him once he fails, claiming he will destroy him again if he refuses to abide by his terms. Sombra agrees and proceeds to arrogantly proclaim how he will overtake the Empire, before an annoyed "Grogar" whisks him away. Sombra proceeds to lay siege to the Crystal Empire with ease, brainwashing the crystal ponies and royal guards into serving him as he approaches the castle. Inside, Princess Cadence sends out a message to Twilight before she and Shining Armor notice that Flurry Heart is missing and find her in Sombra's clutches. Sombra then forces Shining Armor and Cadence to surrender, capturing the Crystal Heart and fully taking over the Crystal Empire afterwards.

Upon receiving Cadence's message and summoning her friends, Twilight decides to retrieve the Elements of Harmony from the Tree of Harmony to defeat Sombra. Back at the Empire, Sombra is seen relaxing on his throne, amused by Flurry Heart's attempts at attacking him, only for the Mane 6 to arrive to challenge him. Unconcerned, Sombra forces his opponents to endure their own worst fears (making Twilight see a vision of all of her friends being controlled by Sombra while Princess Celestia and Luna show disappointment in her, turning them into Nightmare Moon and Daybreaker as a result), and suggests that they should surrender, as nothing can beat their own fears. However, Twilight and the others overpower Sombra's visions with the Elements, revealing that they were only facing their fears long enough for Spike to free his captives.

Cadence then reclaims the Crystal Heart and uses it to dispel Sombra's influence from the Empire, freeing everyone from his control. In spite of this, Sombra proclaims that he will win in the end, before being seemingly destroyed by the Elements. Having saved the Empire again, Twilight and the Mane 6 return the Elements to the tree, only for Sombra to appear and destroy both.

Sombra reveals that his supposed demise back at the Crystal Empire was merely a ruse to fool the Mane 6 in so that he could trace them back to their source of power and destroy it; and now that he has done so, they will be unable to stop him. Despite this, the Mane 6, minus a disheartened Twilight, try to fight back against him, only for Sombra to imprison them all, realizing that, with them out of the way, he can conquer all of Equestria for himself, planning to overtake Ponyville first. Sombra then considers using his magic to brainwash the Mane 6 as well, but decides against it, as he is already forcing them to endure their worst fear by taking control of Equestria anyway before leaving. Sombra goes on to brainwash all of Ponyville - including Spike, Starlight Glimmer, the Cutie Mark Crusaders and the Mane 6's other friends-into becoming his slaves and takes them to conquer Canterlot, while the Mane 6 are forced to deal with the Everfree Forest's overgrowth thanks to the Tree's destruction.

Sombra storms Canterlot with ease thanks to his brainwashed army, and barges into the Princess' throne room, only to find that it is empty, making him believe that Celestia and Luna had run away from him in fear. Soon, the Mane 6 arrive in the Princess' throne room with Discord (back in his true form) and engages Sombra, who attempts to blast them with magic. However, Discord dispels all of Sombra's attacks with ease while commenting that, even though he expected Twilight and the others to handle things by themselves, they still win because he is their friend, though in doing so he accidentally prompts Sombra to target Fluttershy instead, making Discord take the blast for her. Sombra gloats at his victory and begins to decide how he will eliminate the rest of his enemies, while, at the same time, Discord gives his friends a heartfelt speech about how they don't need him or the Elements to beat Sombra since all they have ever needed to win is each other.

Disregarding Discord's claims, Sombra attacks the Mane 6, who, now inspired, begin to fight back, generating more magic than ever. Baffled, Sombra demands to know how the Mane 6 have the ability to stand up to him even when he destroyed the source of their power, although Twilight claims that he never did, with her and the others reminding him that friendship is magic, before using their power to destroy him once again and remove his influence from Equestria. Due to how powerful the Mane 6's magic was, Sombra's skin was tearing itself apart while he quickly turns to dust as well and disappears into the light, destroying him once and for all.

Later, Celestia and Luna return from fending off the Everfree Forest and state that they will hold off on making Twilight and her friends the new rulers of Equestria until Twilight feels she is ready, causing Discord to reveal that he faked his injuries in an effort to push Twilight to become the great leader he knows she is, additionally revealing that he could have defeated Sombra any time he wanted. Back at "Grogar's" lair, Tirek and Chrysalis ask him about how Sombra's plan went, and "Grogar" shows them that he had been defeated yet again. Choosing not to revive him a second time, Discord (back in his Grogar disguise) uses Sombra's destruction as an example to the others of what happens when they try to abandon his plans, making them nervously agree to serve him.

Legacy

King Sombra is mentioned a few times in the episode, " *Uprooted* ".

He is also mentioned in " *Sparkle's Seven* ", where it is shown that Princesses Celestia and Luna decided to have Shining Armor increase security in Canterlot following Sombra's previous attack on it.

In " *She's All Yak* ", Sandbar lists King Sombra and Cozy Glow as two ponies worse than Yona.

He is briefly mentioned in " *The Last Crusade* " by Mane Allgood, who lists him as one of the main reasons why she and her husband Snap Shutter decided to come to Ponyville and spend time with their daughter, Scootaloo.

In " *The Ending of the End - Part 1* ", Sombra is mentioned a number of times when it is revealed that Discord had been posing as Grogar and was using him and the other villains to create a threat that would push Twilight and her friends into becoming confident rulers of Equestria. In " *Part 2* ", Twilight has a picture of Sombra included in a thought chart when trying to come up with a way to defeat Tirek, Queen Chrysalis and Cozy Glow.

## Reflections

King Sombra of a parallel world appears in the seventh arc (Issues 17-20) of the comics. He is the polar opposite of the Sombra from the show, as he is a good ruler of the parallel world where Celestia and Luna are evil. He is in love with Celestia of Prime Equestria.

However, this version of Sombra would suffer a terrible fate in allowing himself to be taken by evil to protect his beloved Celestia and both their worlds from destruction, becoming just like the King Sombra from Celestia's world. But even after being taken by evil, this Sombra mourns his beloved Celestia, now lost to him, possibly forever.

In *Friends Forever #4*, it is shown how King Sombra captured a Crystal Bard and enslaved him, making him read books for him after the Crystal Bard escaped King Sombra with his royal guards trying to recapture him but the Crystal Bard became smarter than him.

## *Fiendship is Magic*

In Issue 1, Sombra's backstory (at least in comic canon, in which Amore has a different cutie mark than described in the Journal of the Two Sisters) is revealed; he was an Umbrum disguised as a pony to enter Equestria and release the other Umbrum, who were imprisoned in another dimension. Sombra initially didn't want to turn evil, and was friends with Radiant Hope, and was affected by the power of the Crystal Heart, but after a talk with the Umbrum, he embraced his dark side. He turned Princess Amore to crystal and shattered her to pieces, before being banished by Celestia and Luna, but he threw Radiant Hope outside of the Crystal Empire. In the present, it is shown that Sombra is now a ghost tied to his horn.

Siege of the Crystal Empire

In Issue #34, Radiant Hope recruits Queen Chrysalis, Lightning Dust, Iron Will, and the Flim Flam Brothers to attack the Crystal Empire as a distraction while she finds Sombra's spirit and horn, and uses her healing magic to bring him back to life.

In Issue #35, Sombra releases the imprisoned villains, and he encrusts Twilight's horn with dark crystals, allowing Chrysalis to defeat her. Celestia and Luna arrive to fight Sombra and Chrysalis, but due to Hope's intervention, Sombra turns Celestia and Luna to stone.

In Issue #36, Sombra and Chrysalis get into an argument when Chrysalis is against Sombra's plan to release the Umbrum, knowing they will cause despair, thus preventing her from feeding off love. Threatened with being turned to stone, Chrysalis retreats with her Changelings. After Princess Cadance and Hope discover what the Umbrum are really like, Hope tries to convince Sombra not to release them. Twilight arrives, having been restored by the other Mane 5 with the power of friendship, and shoots a magic beam at Sombra, but Hope jumps in front of him and takes the hit. Sombra then releases the Umbrum.

In Issue #37, Sombra, now emperor, turns Shining Armor to stone at the command of Lady Rabia in a reference to Governor Tarkin destroying Alderaan. He is about to do the same to Twilight and Cadance when Twilight tells them to do this at the dais where the Crystal Heart is so everypony can see it happen. Sombra goes to take Hope with him, to which she reveals that her supposed destiny of becoming a princess did not come true because she left her training to look for him. Sombra was affected by the realization that not only was the Crystal Heart's prediction not true, but she chose him over becoming a princess. When the "rebels" attack the Umbrum, Rabia tells Sombra to eliminate Twilight and Cadance and Hope takes out the Crystal Heart. Rabia tells Sombra to smash it, but instead, he unleashes its power, re-imprisoning the Umbrum and saving the Crystal Empire. Sombra is disintegrated by the Crystal Heart's power, but before he can be completely destroyed, Hope saves him with her magic, and together she and all four princesses restore him to physical form, turning him into an actual pony similar in appearance to his mirror-world counterpart. Together, Sombra and Hope decide to restore Princess Amore.

---

The Simulator activated and I found myself in the Crystal Empire from 1,000 years before the start of the adventures of Twilight Sparkle and her friends. I saw that King Sombra had turned the entire Crystal Empire into a world filled with darkness, hatred and evil. His heart was black as night and he was ruthless to the core.

Me: Whoa! This land has been thrown into total turmoil. But I think Sombra deserves far worse than being turned into Shadow and banished to the Arctic North. He deserves to be banished to the Warp forever.

I then flared up my power and a massive vortex of fire exploded into the air and formed into a powerful phoenix that let out a cry of divine justice. Everypony saw the vortex of fire and they knew that freedom was coming! The vortex faded and I was now in my Super Angel-Ebonwu-Phoenix 1,000,000 Elemental Moonlight Phoenix form.

Me: (Divine Fiery Voice) **Time for the Fire of Justice to silence King Sombra and end his reign of terror.**

I flew into the air and went for the castle!

King Sombra laughed malevolently as he was watching over his kingdom with absolute tyranny and evil. Then energy blasts rained down on the castle and they exploded with incredible power!

KRABBBBOOOOOOOOOMMM! KRABBBOOOOOOOOOMMM!
KRABBBOOOOOOOOOOMMM!
KRABBBOOOOOOOOOOMMMMMM!
KRABBBOOOOOOOOOOOMMM!
KRABBBOOOOOOOOOOOOOOOMMMM!
KRABBBOOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOOOOMMMM!

I swooped in as a phoenix made of pure fire and grabbed King Sombra and lifted him into the air.

King Sombra: UNHAND ME YOU OVERGROWN CHICKEN!

Me: (SCREECH)

He fired a blast of black energy at me. But my magical energy and fire destroyed his magic. I then dropped King Sombra and he crashed into the ground with incredible force.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

I flew down and landed and King Sombra saw me and my Phoenix Form faded and I was facing him.

Me: **Your reign of terror is over Sombra!**

King Sombra: YOU BASTARD! I WILL KILL YOU FOR THIS INSOLENCE!

He fired powerful blasts of energy at me from his horn and my power deflected the blasts and they hit his castle and exploded.

KRABBBBBBOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOOOOOMMM!
KRABBBOOOOOOOOOOOOOMMMM!

Me: **Your power is useless. Now die.**

I fired a powerful Kamehameha Wave and it was infused with Hakai Energy and it hit King Sombra and engulfed him.

King Sombra: NOOOOOOOOOOOOOOOOOOOOOOOOOOOO!

King Sombra was completely obliterated and banished to the Warp for all eternity and was totally stripped of all of his power. I then used my powers to purge the darkness from the land of the Crystal Empire and purify lands and the Crystal Empire was freed from the evil reign of terror of King Sombra forever.

All the ponies there cheered wildly for me.

They praised me as their hero that saved the entirety of Equestria from a fate worse than death. King Sombra was completely helpless against the full extent of my power.

I powered down and left the Simulator and everyone cheered wildly for me.

Nico: AWESOME JOB J.D.!

Twilight Sparkle: Wow! King Sombra didn't stand a chance against you!

Me: No he didn't. But we'll all face him in the future.

Princess Luna: And when that time comes we will be ready for him and make him pay forever.

Laney: Yeah.

Me: We have time for 2 more adventures.

Apple Bloom: The Cutie Mark Crusaders will go!

Sweetie Belle: Yeah! Lets do it!

Scootaloo: Yeah!

Me: Go for it girls.

Applejack: Have fun Sugarcube.

Rarity: And be careful.

Rainbow Dash: But show no mercy.

Apple Bloom: We're gonna have a blast.

The three girls went into the Simulator and they saw that they were on an island in the middle of a storm and it was treacherous.

Apple Bloom: Whoa! This storm is rough.

Scootaloo: It sure is.

Sweetie Belle: I see something!

They saw a small boat coming and in it was Sunset Shimmer and Twilight Sparkle.

Apple Bloom: It's Twilight Sparkle and Sunset Shimmer.

Sweetie Belle: There's another boat here.

Sunset Shimmer and Twilight landed and they got out.

Sunset Shimmer: There's her boat!

They went over and picked up an empty life vest.

Sunset Shimmer: RAINBOW DASH!

Apple Bloom: Sunset! Twilight!

Twilight and Sunset saw them.

Sunset Shimmer: Apple Bloom, Sweetie Belle, Scootaloo. What are all of you doing out here?

Apple Bloom: We came to help you find Rainbow Dash. I think she went into the jungle.

Scootaloo: And you are right Apple Bloom. These are her footprints.

Sweetie Belle: I hope she's all right.

Scootaloo: Lets find her.

The Cutie Mark Crusaders then transformed and they had wings ready. But Scootaloo had small wings like how she does as a Pony.

Sunset Shimmer: Wow! You guys have changed a lot.

Apple Bloom: We'll explain later. Lets go.

Twilight Sparkle was shaking in fear as they went into the jungle and searched hard. Twilight screamed when she saw a bat, she was hit with a leaf and then she tripped and fell face first into a mud puddle.

Apple Bloom: You all right Twilight?

Twilight Sparkle: Yeah.

Apple Bloom helped her up and they continued on.

But then…

Rainbow Dash: (In the distance) HELP!

Apple Bloom: That's Rainbow Dash!

Sweetie Belle: And she's in trouble!

Scootaloo: COME ON!

They ran fast towards Rainbow Dash's cries for help.

The next scene shows Rainbow Dash chest deep in a pit of quicksand!

Rainbow Dash: HELP! HEEELLLLPP! Oh great Rainbow Dash. You did it again. You just had to go off on your own didn't you?

Sunset Shimmer: Rainbow Dash!

They came down the path.

Apple Bloom: Oh my gosh!

Scootaloo: Hold on Rainbow! We'll get you out!

Rainbow Dash: Scootaloo, Sweetie Belle, Apple Bloom? How did you find me?

Scootaloo: We'll explain later.

Sunset Shimmer: Don't struggle.

Scootaloo: We got this. Human chain!

They formed into a chain of humans. Twilight grabbed on to Sunset Shimmer's legs, Sunset grabbed on to Sweetie Belle's legs and

Sweetie Belle grabbed on to Scootaloo's legs.

Scootaloo: Take my hands.

Rainbow Dash grabbed on to her hands.

Scootaloo: PULL!

They pulled hard and they were pulling Rainbow Dash out of the quicksand slowly.

Twilight Sparkle: (Groans) Almost there!

They were pulling hard and then a monster plant came out roaring ferociously!

Scootaloo: Not good!

Twilight Sparkle: Just what I was about to say!

Scootaloo: (GRUNTS) I..WILL..NOT..GIVE UP!

Scootaloo then glowed in an aura of purple light and then her wings grew larger and were as big as mine!

Sweetie Belle: WHOA!

Apple Bloom: Scootaloo! Your wings are bigger than ever!

Scootaloo saw that she was right!

Scootaloo: WHOA!

She tried them out and she was flapping them as fast as a hummingbird and flew fast and with every ounce of her strength she pulled out Rainbow Dash and flew fast into the air with incredible speed!

Rainbow Dash: Scootaloo! You did it! You can now fully fly!

Scootaloo: I can?

She saw that she was now flying!

Scootaloo: I CAN FLY! I'M FLYING!

Rainbow Dash ruffled Scootaloo's hair and she was really proud of her.

Scootaloo landed by Twilight and everyone and they were cheering wildly for her.

Twilight Sparkle: WAY TO GO SCOOTALOO!

Sunset Shimmer: That was well done!

Rainbow Dash: That was awesome! Scootaloo I owe you my life.

Scootaloo: I would do anything for you Rainbow Dash. You are my hero and I would do anything for you.

Rainbow Dash hugged her.

Sweetie Belle: And Scootaloo finally got her wings.

Sunset Shimmer: She sure did. But lets help everyone on the boat and get them off of it.

Apple Bloom: Right!

They went to the boat and it was marooned and sinking. They got onto the boat.

Pinkie Pie: LIGHT IT UP LADIES!

The 10 of them transformed and turned into their superhero powered forms and they got to work! Rarity formed a boat of crystal and Twilight Sparkle helped get everyone onto it and everyone did so much on the boat. Applejack saved a bunch of trapped passengers by ripping the doors to their right off their hinges and Pinkie Pie freed the chef by eating a cake that trapped her leg. The Cutie Mark Crusaders got the kids down by forming a chain and lifting them onto the boat and Fluttershy and Rainbow Dash got the animals off the boat and onto the lifeboat.

Pinkie Pie: Is that everyone?

Rainbow Dash: ALL CLEAR!

Applejack: Okay! Lets shove off!

Scootaloo: Lets go!

Rainbow Dash and Scootaloo acted like a motor and pushed the boat and made it back to the mainland safe.

They cheered wildly as they made it back safe. Later the Cutie Mark Crusaders left the simulator and we cheered for them!

Me: Way to go girls!

Vypra: That was really well done!

Rainbow Dash: Awesome job!

Scootaloo: Thanks everyone.

Lincoln: And Scootaloo now has her wings.

Rainbow Dash: She is now a full-fledge Pegasus.

Volcana: She sure is.

Nico: I have a feeling I know what the next adventure will be right J.D.?

Me: Yep. Evil Sasuke death.

Rainbow Dash: I want to try this out.

Nico: Okay then.

Me: Go for it Rainbow Dash.

Rainbow Dash: This is gonna be awesome.

Rainbow Dash went into the Simulator and it activated and Rainbow Dash found herself in the world of Shinobi. She was at the Final Valley.

Rainbow Valley: So this is the Final Valley.

She saw Evil Sasuke fighting Naruto and they were really hitting each other with everything they got.

Rainbow Dash: Wow. Look at them go.

They were really going at each other with incredible fury. But then the Evil Sasuke had Naruto pinned.

Evil Sasuke: That's right! Lay there and bow to your better!

He then picked up Naruto. Evil Sasuke then charged up a Chidori to Full Power and he was going to use it to kill Naruto!

Rainbow Dash: OH NO YOU DON'T!

Rainbow Dash flared up her Rainbow Aura and flew at them as fast as a bolt of lightning.

Evil Sasuke: Too much energy has been wasted for you loser and this is as far as you go. Enjoy your time in Hell you motherfucking loser douchebag!

Suddenly there was a massive explosion and Rainbow Dash swooped in out of nowhere and punched him in the face with devastating force and sent him crashing into a cliff and a bunch of rocks crashed onto him.

Evil Sasuke then exploded out of the rubble and he was all mangled and cut up and more. He saw Rainbow Dash and roared in incredible fury!

Evil Sasuke: THIS WASN'T YOUR FIGHT!

Rainbow Dash: It is now you heartless freak! You and your clan are nothing but a bunch of cold-blooded murderers, traitors, thieves and heartless monsters!

Evil Sasuke: HOW DARE YOU TALK ABOUT ME AND THE UCHIHA CLAN THAT WAY!? YOU WILL BOW BEFORE ME!

Rainbow Dash: Not gonna happen! All you are is a spoiled brat! And I have something that you can never have: FRIENDS!

Evil Sasuke: I DON'T NEED FRIENDS! THEY ARE NOTHING BUT A WASTE OF SPACE AND THEY ONLY WILL SLOW YOU DOWN! THEY MEAN NOTHING TO ME IN MY QUEST FOR POWER!

Rainbow Dash: I pity you Sasuke. You don't care about anyone other than yourself and for that you will face justice.

Rainbow Dash then flared up her rainbow aura.

Rainbow Dash: RAINBOW STYLE NINJA ART: RAINBOW STAR!

Rainbow Dash fired a ball of rainbow light and it slammed into Evil Sasuke and exploded with incredible power!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Evil Sasuke screamed in excruciating pain and he went flying and Rainbow Dash flew at him with incredible speed and punched and kicked him all over with incredibly massive speed and power and smashed his face in all over.

Rainbow Dash: RAINBOW STYLE NINJA ART: GREAT RAINBOW!

Rainbow Dash fired a massive blast of rainbow light and it hit Evil Sasuke and exploded with incredible power!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Rainbow Dash then kicked Evil Sasuke in the face and sent him crashing into a cliff and he was on the ground in pain.

Rainbow Dash: RAINBOW STYLE NINJA ART: RAINBOW UNDER MOONLIGHT!

The Full Moon appeared behind her and she fired a moonlight rainbow and it slammed into Evil Sasuke and exploded with incredible power!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Evil Sasuke was really in pain and he was now in Level 2 of his Curse Mark power.

Rainbow Dash: That is so disgusting! I can't believe that Orochimaru would make so many mutant barbarian freaks! RAINBOW STYLE NINJA ART: HIGHER-ORDER RAINBOW!

Rainbow Dash fired a massive rainbow blast and it slammed into Evil Sasuke's hand wings and blew them off in a massively powerful explosion!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Evil Sasuke screamed in excruciating pain as his flight source was destroyed.

Then Evil Sasuke got up and he went at Rainbow Dash with incredible speed.

Rainbow Dash: This is gonna hurt! RAINBOW STYLE NINJA ART: HYPERSONIC SONIC RAINBOOM SUPER PUNCH!

Rainbow Dash flew at incredible speed and a massive triple rainbow fire shockwave exploded out and it could be felt all over the Five Great Nations and its power was mindboggling as it shattered all the windows in every village and even blew a bunch of houses apart. The force of the shockwave was as powerful as 100,000,000 nuclear warheads going off all at once. Rainbow Dash went 1,000 times faster than the speed of sound at 71,000 miles per hour and she smashed Evil Sasuke's face in with incredible force and she sent him flying with incredible speed and he smashed into the cliff with devastating force that defied the laws of physics. Evil Sasuke cut through the ground with extreme force and smashed through the ground leaving a gash all the way through it over that was over 50 miles long and then he crashed into a mountain and he caused it to explode!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Evil Sasuke was buried under hundreds of tons of rock and rubble. Then he exploded out of the rubble with incredible force and he emerged really pissed off and more infuriated than ever before. His clothes were shredded and more and he was bleeding profusely and more. He was completely out of his mind with so much rage and fury and Rainbow Dash flew over to him.

Rainbow Dash: Have you had enough or do you want some more pain?

Evil Sasuke: (ENRAGED SCREAMING!) I HATE YOOOOOOUUUU!

Rainbow Dash's aura flared up with incredible force!

Rainbow Dash: Thanks for the power boost! Now taste this! RAINBOW STYLE NINJA ART: FULL CIRCLE RAINBOW!

Rainbow Dash fired a Rainbow Ring and it slammed into Evil Sasuke and exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Rainbow Dash: And this one. RAINBOW STYLE NINJA ART: REFLECTED RAINBOW AND REFLECTION RAINBOW!

Rainbow Dash formed two rainbows. One had the colors in order and the other had the colors all in reverse and she fired blasts of the rainbows and they hit Evil Sasuke and smashed him all over and burned him all over.

Rainbow Dash: It's over Sasuke! You're finished!

Rainbow Dash flared up her rainbow aura with incredible intensity!

Evil Sasuke: How dare you!? ME!? FINISHED!? NO ONE EVER SAYS THAT TO ME! I'M AN ELITE AND THE STRONGEST OF ALL AND THE UCHIHA REIGN SUPREME OVER ALL!

Rainbow Dash: All you are is an arrogant punk that is nothing but a bunch of talk!

Evil Sasuke: I WILL KILL YOU FOR SAYING THAT!

He then formed a Chidori charged up to Maximum Power and he went at Rainbow Dash with everything he got.

Rainbow Dash: Lets see you stand up to this. RAINBOW STYLE NINJA ART: RAINBOW REFRACTION KAMEHAMEHA!

Rainbow Dash formed a Rainbow Ring from her hands and then she fired a massive blast of rainbow light and energy and then just as Evil Sasuke was about to jab the blast with all of his power, the blast enveloped him and he screamed in pain as he was completely obliterated into nothing. Evil Sasuke was dead and banished to the Warp for all eternity!

Rainbow Dash: Enjoy the fire of oblivion.

Rainbow Dash came out of the Simulator and we all cheered wildly for her!

Me: That was awesome Rainbow Dash!

Nico: You were incredible!

Twilight Sparkle: You sure were! I didn't know you were capable of doing all that.

Lemon Zest: You were so awesome.

Rainbow Dash: Thanks guys. It was awesome trying out all those techniques.

Naruto: All that training really paid off.

Rainbow Dash: It sure did. This was awesome!

Fluttershy: It sure was. I'm so proud of you Rainbow Dash.

Laney: We all are.

Rainbow Dash: Thanks guys.

Later we were over in Okinawa and we were on Izayoi Island and it was beautiful!

Nadira: Is this a new part of Hawaii?

Me: No this is an island near Okinawa. We're not far from Japan.

Lincoln: It's so beautiful.

Me: It sure is and this island area is the home of Iwo Jima. One of the most famous sites in World War II.

Hunter: (German Accent) Ja und I remember reading about that.

Lincoln: It's amazing here.

Lilo: We must be here to visit my friend Yuna. She must be having problems.

Me: We better go see.

We went to find Yuna. We walked around the island and it was beautiful.

Me: Wow! Okinawa is so beautiful.

Carmen: It sure is. I like it.

Nico: I've been here several times when I lived in the Philippines.

Laney: It's beautiful.

Lola: It sure is. I may like getting a tan here.

Lori: Me too.

Naruto: I may consider coming here for vacation one of these days.

Weiss: Me too.

Lilo: There's her house right there.

Stitch: I can't wait to see Yuna again.

Nico: It's gonna be awesome seeing her.

We saw her house and it was beautiful.

Twilight Sparkle: Is that Yuna's house?

Lilo: That's it.

We then saw Yuna sitting on the porch.

Lilo: There she is. Yuna!

Yuna saw Lilo and she gasped.

Yuna: LILO!

They went and hugged each other.

Yuna: Lilo this is awesome having you here!

Lilo: I know and I'm now part of a great team.

Yuna saw us.

Yuna: Wow! Team Loud Phoenix Storm!

Me: It's a pleasure to meet you Yuna.

Yuna: It's nice to meet you guys.

Power Girl: Same here. And there's someone who who's dying to see you again.

Stitch: Yuna!

Yuna: Stitch!

Stitch hugged her and it was a joyous reunion!

Stitch: I've missed you so much Yuna.

Yuna: I missed you too Stitch.

Yuna then saw Gantu with us.

Yuna: What the Hell is Gantu doing here?!

Wood Man: Relax. Gantu's a good guy now.

Me: That's right. Gantu is now part of Team Loud Phoenix Storm's Redemption Squad. He is now part of the team after he got fired by that crazed lunatic hamster Dr. Hämsterviel.

Hunter: (German Accent) Ja und I'm glad he's in prison where he belongs.

Yuna: Wow. I'm glad that he changed his ways.

Nico: We all are.

Yuna saw Rainbow Dash and she loved her hair.

Yuna: Wow! I love your hair.

Rainbow Dash: Oh thanks. I think my hair is really pretty.

Lincoln: Rainbow Dash's hair is pretty huh?

Rainbow Dash: Thanks Lincoln.

Caitlin: Any bad guys of yours that we need to take care of?

Yuna: Actually yes there are. We're having problems with a Cyborg version of Stitch.

Yuna went over the Cyborg Stitch's history and what we found out was shocking!

---

**Cyber** aka Experiment 000, is an illegal genetic experiment created by Jumba Jookiba, and the very first experiment to be created. He serves as a main antagonist in *Stitch!* episode *Experiment Zero*, and is designed to be the ultimate killing monster.

He was voiced by Paul St. Peter.

Cyber appeared in Season 2 of the *Stitch!* anime in the episode

"Experiment 000". Jumba explains he attempted to create ultimate killer monster. He was successful, but Cyber proved to be uncontrollable. Eventually, Jumba imprisoned him on an icy planet, however Experiment 000 was able to escape and acquired mechanical body parts. After that he became a ruthless warlord with a cyborg army.

---

We gasped in sheer shock!

Me: WHOA! This is bad!

Nico: Really bad! So now we have a renegade Cyborg Version of Stitch running amok!? This is a disaster!

Ganta: I've heard about this. It was a secret project that Jumba was working on and it was the very first experiment he made. He was designed to be the ultimate killing machine.

Superman: So it's like Doomsday.

Nico: Whoa! We have a Stitch Doomsday in a sense.

Me: Not good!

Blizzard Man: So this is like a robot version of Stitch?

Yuna: Yes but he's 100 times much worse and he seeks to wipe out all life in the entire universe.

We gasped!

Me: We got to stop him!

Nico: Yeah!

Yuna: He kidnapped my friend Sasha and another one of Stitch's friends, Shoe.

Lincoln: Shoe is the Luck experiment.

Me: He's one of our valuable members. We got to get them out of his clutches. Yuna are you ready to help us in a mission that is very dangerous?

Yuna: (Determined) I am always ready!

Misty Tredwell: Love that determination.

Carly Carmine: We sure do.

Me: Lets get him!

We went out to find Cyborg Stitch!

---

Over on a volcanic uncharted island 75 miles off the coast of Okinawa we snuck in and we saw the lair of Cyber Stitch and it was huge and massive. But then we saw a massive army of robots made by Cyber Stitch and it was huge!

Nico: Whoa. Look at all those Cyber Stitch Robots.

Lincoln: There's thousands of them.

Linka: Not good odds.

Laney: Look there.

We saw in a cage Sasha and Shoe.

Commander Mars: Purugly! Get Shoe and Sasha out of there.

He went and did so.

We hid and we were gonna have to come up with a plan for this.

But then Demyx, Saïx, Zexion, Comic Book Guy, Skinner and Selma & Patty appeared.

Me: Demyx, Saïx, Zexion, Comic Book Guy, Skinner and Selma & Patty.

Saïx: That's so many robots.

Nico: No kidding.

Yuna: Are you guys the Masters of Evil?

Demyx: Give the girl a prize!

Saix: But don't worry. We're not here to help out this mechanical monstrosity of Stitch.

Yuna: Really? I thought you were the bad guys.

Zexion: We are. But ones that are actually allowed to be roaming around.

Me: They give us usual battles and they prove to be one heck of an awesome challenge.

?: I'm sure we do.

A figure came out and it was SMOKESCREEN from episode 13 of Dino Charge!

---

**Smokescreen** is a Children's Day-themed monster who is an outlaw subservient to Sledge and the primary antagonist of the episode "Sync or Swim".

Tyler Navarro: Smokescreen!

Smokescreen: Been a while rangers.

Me: I remember you! You were sent to blow up the Amber Beach Dinosaur Museum and you have nasty smoke that smells horrible!

Smokescreen: Good memory on you. Mistress Vypra was right about you J.D. You have amazing memory.

Me: Never missed an episode.

Smokescreen: Take a whif of this.

Smoke Screen just let out his gas.

Nico: Nice try. But we're immune to toxic- (sniffs the gas and gags) Oh, dear God!

Smokescreen: (laughs) Who said my gas is toxic?

Nico: This is sick!

Smokescreen: Smell me. Smell all of me!

Me: YOU ARE DISGUSTING! LAY OFF THE BEANS!

Purugly then came back with Sasha and Shoe.

Yuna: Sasha!

Sasha: Yuna thank goodness.

They hugged.

Sasha: Wow! Team Loud Phoenix Storm! It's such an honor.

Nico: Same here.

Shoe then had his horns down.

I went over to meet her and then I stepped on a banana peel and slipped.

Me: WHOA!

I then fell on my back and it really hurt!

CRASH!

Me: OW! Man that gag is old.

Nico: I hate it went that happens.

Luan: That was sure Ap-pealing! (Laughs to rimshot) Get it.

Me: (Laughs) Good one Luan!

Misty Tredwell: That was funny.

Saïx and Zexion helped me up.

Me: Thanks guys.

Comic Book Guy: (to Whitney) I never believed for a second that Lincoln and his sisters would ever become like the Royal Defenders. Sure, they might be similar in terms of powers and what they do. (smiles) But there's one thing Lincoln and his sisters have that the Royal Defenders lost. And that's the heart of a hero.

Whitney: Thanks Jeff. I'll be sure to tell everyone that.

Skinner: (to Dana) Sorry if it's taking so long for Villamax and Cad Bane to show up. But don't worry. They will.

Dana: We can wait a little longer. We understand

See you all tomorrow.

# Ninja of the 9th Grade

NORRISVILLE, OKLAHOMA

In Oklahoma we were walking towards the town of Norrisville and it was the home of the famous Randy Cunningham, the 9th Grade Ninja.

Lincoln: It's gonna be so cool meeting Randy.

Me: It sure is. Randy suddenly helped us during the battle with the Celebrity 5 and we owe him a huge debt of gratitude for helping us.

Nico: That was amazing that he appeared and helped us.

Naruto: It sure was.

With us were the Masters of Evil and their new recruits and with them was Villamax from Power Rangers Time Force and the former General of Trakeena who was killed by her and left for dead because of her,

---

**Villamax** is an honorable, formerly evil, warrior and a redeemed antagonist in *Power Rangers: Lost Galaxy* .

He was voiced by David Lodge who also voiced Loki in *Power Rangers Lightspeed Rescue* and Tharok in *Legion of Super Heroes* .

After Trakeena fled from the Scorpion Stinger, she found her way to Planet Onyx. She got in a fight with some bar patrons that she got on the wrong side of and was easily beaten. However Villamax saved her and offered to give Trakeena warrior training, which worked, allowing her to get some payback.

After the insect princess found out that her father, Scorpius, was dying and returned to the Scorpion Stinger, Villamax and his associate, Kegler, accompanied her and he became one of her generals. He helped her to battle the Power Rangers and on one occasion, introduced her to another honorable warrior known as Loyax, who was going to die soon and wanted one great battle before he met his end, which Trakeena said he would find in a fight against the Power Rangers.

Villamax often conflicted with Deviot due to the fact that the two had opposite personalities. He was quite horrified when Trakeena fused with Deviot to become a destructive and merciless psychopath. During her final attack on Terra Venture, Villamax saved a little girl from falling rubble and she gave him a flower.

Later when Trakeena ordered that he fire on the escape shuttles from the space colony, he refused to attack the defenseless shuttles. She attacked him, but Villamax refused to fight back and tried to reason with her, only for Trakeena to strike him down, crushing the flower. As he died, he told her, "You learned nothing.".

Former enemy of Static Shock, Kangor,

---

**Kangor** is a recurring enemy of Static in the *Static Shock* animated series. After being exposed to the "Big Bang", Kangor's feet grew in size.

He is voiced by Kevin Michael Richardson.

He along with Hyde and Ferret were members of the Ruffpack. They crashed Shaquille O'Neal's party to fight Static when Ferret tracked Static's scent. Shaq along with Static defeated Kangor and his teammates

When the Joker moved his operations to Dakota, he tried to recruit Bang Babies to his gang. Kangor was one of the Bang Babies who chose to join his gang. He tried to convince his old friend Ferret to join as well but he kindly declined the invitation.

The Joker and his gang hijacked fire trucks from the Fire Station to rob Dakota First Bank. Kangor later helped the Joker to set up an ambush for Batman and Robin. When the two were freed, he eagerly tried to fight Batman on his own but he was easily defeated.

He later joined the Meta Breed and helped Shiv and Talon break Ebon from jail. They escaped and hid in the abandoned juvenile hall. Kangor aided in Ebon's plan to capture Virgil Hawkins (under the belief that he was Static) and was defeated by Static and Gear.

After robbing a convenient store with Ferret, Kangor had a quick confrontation with Static before being affected by the cure and turning normal again.

---

Former member of the original Masters of Evil, David Cannon A.K.A. Whirlwind,

---

**Whirlwind** is a mutant with the ability to create super speed rotation and a supervillain in the *Marvel Comics* universe. He has also joined forces with evil organizations such as the Thunderbolts, the Lethal Legion and the Masters of Evil. Whirlwind is an enemy of the Avengers, Ant-Man, Wasp, Captain America, West Coast Avengers, and Iron Man.

Origins

David Cannon was always a bad seed. Born a mutant, David used his powers to bully other children and steal food. As an adult, David used his speed to become a figure skater, while moonlighting as a criminal called the Human Top. For years, his crimes went unstopped, until Hank Pym (in his Giant-Man identity) and the Wasp caught him. He became their most persistant nemesis, rivaling Egghead in that title. Going underground for awhile, Cannon remerged as Janet Van Dyne's chauffer, "Charles Matthews", using this cover to spy on his enemies. Whirlwind used this alias to gain access to the Avengers Mansion garage, where he broke into the mansion and trapped Pym and the Wasp inside an ant colony Pym was studying, then planted a time bomb nearby. Pym managed to escape however and warn the Avengers about the bomb. Whirlwind fled the mansion, managing to elude the grasp of Quicksilver, also a superhumanly fast mutant.

## Masters of Evil II

Whirlwind accepted the invitation of the Crimson Cowl (revealed to be Ultron-5) to join Klaw, the Radioactive Man, and the Melter in the second Masters of Evil. The Masters ambushed and took the Avengers hostage, but the Avengers escaped. All the Masters were apprehended except Ultron and Whirlwind. Whirlwind briefly reunited with Klaw, Melter, and Radioactive Man as the Masters in Rutland, Vermont.

## Batroc's Brigade

Whirlwind teamed with Batroc and Porcupine on a mission for "The Hood" (actually an LMD of Baron Strucker), and then rejoined with some of the Masters of Evil for a minor skirmish with the Avengers in Vermont. He finally got another chance at revenge upon Pym when Pym was trapped at ant size, but he did not succeed in killing his old enemy.

## Charles Matthews

Whirlwind remained undercover as Janet van Dyne's chauffeur "Charles Matthews" for several years, trying to devise a foolproof scheme to steal the van Dyne fortune. He also tried, though unsuccessful, to initiate a relationship with the already married Janet. Her multiple rejections made him attack the team more, also causing him to begin a strange fixation with her. Whirlwind's chauffeur identity was finally exposed during a battle with Yellowjacket when Whirlwind showed knowledge of Pym's new disruptor gun that only the Avengers and Charles had seen before.

## Vision

Whirlwind used his know-how to turn a pack of cigarettes into a bomb that blew open a hole in his cell allowing for him to escape and plot revenge against the Avengers once more. The ruckus caused by Whirlwind's escape alerted the Vision to the situation. When Whirlwind attempted to attack the Vision, the android easily defeats him by utilizing his density powers and his solar energy weapons.

## Lethal Legion I

After that, Whirlwind restricted himself to group efforts once more. He joined with the Living Laser and the original Power Man to work as Count Nefaria's henchmen, and was sent to jail after a clash with the Avengers. Count Nefaria used the Legion to give himself their powers.

## Defenders

Whirlwind was recruited into a criminal version of the Defenders.

## Masters of Evil III

He was freed from jail by Egghead, who wanted Whirlwind to join his Masters of Evil. Somewhat stir crazy from the confinement, Whirlwind disobeyed Egghead and prematurely attacked the Avengers to get revenge on the Wasp, leading the Masters to an early defeat.

## Iron Fist

He managed to escape, however, and months later, at his high school reunion, encountered Iron Fist and managed to leave the scene unscathed.

## Masters of Evil IV

When Baron Helmut Zemo was organizing his Masters of Evil, Whirlwind petitioned to join. But Zemo, perhaps hearing of how he was a deficit to the previous Masters, assigned Whirlwind the task of detaining Captain America, rather than joining in the main force that was going to take over Avengers Mansion. Whirlwind realized the slight, however, and was determined to prove his worth to the group. He contacted the Tinkerer, one of the underworld's major armorers, and had him create some weaponry for Whirlwind to use; whirling wrist-mounted saw blades. Whirlwind then joined forces with the

Trapster, who also hoped to better his reputation, and the two set a road trap for Captain America. Unfortunately, Captain America outsmarted them, and they were both taken into custody.

Whirlwind escaped shortly thereafter and traveled to San Francisco to rendezvous with Tiger Shark, who had learned of a valuable piece of technology located there, while he was with the Masters of Evil at Avengers Mansion. Both Tiger Shark and Whirlwind were apprehended by Tigra, Hellcat, and Henry Pym while trying to procure it.

## Bambi Arbogast

Iron Man and Whirlwind fought in the skies outside Stark Industries. Their fight causes them to crash through the window of Tony Stark's personnel office. A secretarial applicant named Bambi Arbogast rushes in and begins organizing all of the papers that are strewn around during the fight. She distracts Whirlwind by telling him that there is an important telephone call for him. While Whirlwind's head is turned, Iron Man has to opportunity to knock him out. Arbogast's brave assistance lands her the job as Tony Stark's personal secretary.

## Daughters of the Dragon

Whirlwind, 8-Ball, Humbug and Freezer Burn skip bail and team up to rob the penthouse apartment of a wealthy publisher, they get more than they bargained for. Daughters of the Dragon; Misty Knight and Colleen Wing were on the case.

## Long Way Down

Returning to his life of crime, David was upgraded and employed by Mandarin along other villains of Iron Man in Mandarin's vengeance on the hero. He fought Iron Man in the Wilmington Oil Field and later took part in the battle against War Machine, in which the hero faked his own death to help Tony Stark in a plan to defeat the Mandarin.

Due to the Mandarin implanting a bomb in him as well as in the rest of the villains, Whirlwind decided to help Mandarin's prisoners, Iron Man and Ezekiel Stane when they rebelled against the villain. He, a new Blizzard and the Living Laser attacked the Mandarin's armories. During the assault, Whirlwind's enhancements were damaged, and he couldn't partake in the final showdown against the Mandarin and his Titanomechs.

### *Infinity: Heist*

Following the death of the Mandarin, Whirlwind returned to the usual business of robbing banks along with Blizzard. When the Avengers left Earth in order to battle the Builders, he and Whirlwind were approached by Spymaster, who offered them to join a group of villains of Iron Man who planned to assault the almost-defenseless Stark Tower.

After Blizzard was revealed to be an Inhuman when Black Bolt set off a Terrigen Bomb, Whirlwind supported him in his decision to leave Spymaster, but they were forced into taking part of the assault on Stark Tower. Once there, Spymaster used teleporter discs to teleport some Iron Man Armors to his buyers, but he escaped and left Whirlwind and the rest of his accomplices to be discovered by the heroes which were using the tower as a base. They managed to defeat the heroes, and they were offered to be taken to Spymaster by Titanium Man. When they arrived to a spaceship where Spymaster was, they were ambushed by him and Titanium Man, who revealed himself as Captain Atlas of the Kree, the buyer.

They managed to escape custody and started fighting Spymaster, Titanium Man and the army of Iron Men, controlled by the first. The actual Iron Man arrived to the spaceship, after having tracked down the armors, and helped Whirlwind and his allies defeat the enemies. During the fight, Blizzard used the powers he discovered of being like a human battery to overcharge the armors and deactivate them, but he fainted and fell out of the spaceship's cargo door. A suit Iron Man was controlling rescued him, but in order to let his friends escape, Blizzard froze himself and the suit.

### Pleasant Hill

At some point, Whirlwind was caught by S.H.I.E.L.D. and sent to their new secret prison known as Pleasant Hill, were they used Cosmic Cube fragments to transform criminals into model American citizens. Whirlwind was transformed into a teenager known as Scotty, and was good friends with an ice cream vendor named Harold. One day, Scotty came to Harold to tease him about his dance with Sheriff Eva, whom Harold had a crush on. But in that moment, Baron Zemo started an uprising against S.H.I.E.L.D. and the prisoners changed back to their real selves. Whirlwind and the Absorbing Man-"Harold's" real self-went on a rampage in the town. But Elektra arrived to stop them from killing everyone, revealing herself to have been Sheriff Eva. Whirlwind saved Absorbing Man before Elektra could stab him, but he was so shaken by having his life twisted by S.H.I.E.L.D. that he was ready to surrender. But they were both rescued by Absorbing Mans wife Titania and the Hood, who had come to rescue Absorbing Man and took Whirlwind with them. The Hood latter offered both of them to join his Illuminati, which Whirlwind accepted.

Ant-Man Security Solutions

Whirlwind, along with Miss Thing, Beetle (Janice Lincoln), Magician (Guardineer), The Voice and Hijacker, recently joined Ant-Man Security Solutions. However, after Whirlwind helped Ant-Man infiltrate Cross offices, he chose to depart with ill-gotten gains rather than help Ant-Man.

Enemy of Iron Man, Yuri Petrovich A.K.A. Crimson Dynamo,

---

**Crimson Dynamo** is the name of several armored supervillains in the *Marvel* comics universe and are usually enemies of Iron Man as the second archenemy after Mandarin. The Crimson Dynamo persona has been used by thirteen individuals, who are usually Russian or Soviet agents. These individuals are listed in the following: Anton Vanko, Boris Turgenov, Alexander Nevsky, Yuri Petrovich, Dmitri Bukharin, Valentin Shatalov, Gregar Valski, Gennady Gavrilov, three unknown supervillains, Boris Vadim, and Galina Nemirovsky.

**Yuri Petrovich**, the fourth Crimson Dynamo, first appeared in

*Champions #7* (Aug. 1976) as the son of Ivan Petrovich - a friend of the Black Widow (now-reformed). When Western agents (presumably Americans) failed to convince Ivan to defect to the West, they assassinated Yuri's mother; in the chaos that followed, Ivan and Yuri each believed the other dead. Yuri was brought to the West, where Soviet agents posing as Westerners indoctrinated him to hate the West. When Black Widow and Ivan defected to the United States, Yuri was "rescued" by the Soviets, returned to Russia, and trained as a KGB assassin. He was given the Crimson Dynamo armor and sent to kill the Black Widow and Ivan. Yuri and his allies (his girlfriend Darkstar, the Griffin, Rampage, and the original Titanium Man) fought the Black Widow and her teammates, the Champions. When Yuri learned of the true nature of his "Western" captors, he went berserk. Darkstar teamed up with the Champions to subdue Yuri, and after he and his other allies were defeated, Yuri was returned to Russia, convicted by the Soviet government, and exiled to a Siberian labor camp.

---

And archenemy of Natasha Romanov the Black Widow, Anthony "Tony" Masters A.K.A. Taskmaster

---

**Taskmaster** (real name: **Anthony "Tony" Masters** ) is a *Marvel* supervillain who possesses the power to copy any fighting style or move that he observes. He is an extremely skilled fighter, capable with virtually any weapon known to man. He most often carries a sword, shield, and bow and arrows, but also carries knives, guns, and many other weapons.

After he masters a fighting style, he sells it, teaching it to anyone for the right price. He most often gets his "merchandise" by watching videos of combatants, and copies them photogenically. He cannot however, perform skills that require superhuman abilities, such as lifting a car or firing energy blasts. If he watches a fighting video in fast-motion, he can copy it at the same speed, granting him semi-superspeed in that instance.

Taskmaster is the archenemy of Black Widow as well as a frequent opponent of Captain America, and Deadpool, who is the only one whose fighting maneuvers Taskmaster cannot replicate, due to his unpredictability.

Anthony "Tony" Masters was born in Bronx, New York to unnamed parents, and was born with the ability to duplicate the movements of others through brief observation. He discovered his photographic reflexes when he was eight years old, and was able to copy skills from others, such as swimming or twirling a lasso. During his youth, Tony befriended Mercedes Masters, and later married her before becoming a government agent.

## Becoming Taskmaster

Tony eventually became an agent of S.H.I.E.L.D. when he was older, and during one mission, Masters found an elderly scientist dying. Before the scientist died from his gunshot wound, he gave Tony a syringe containing a experimental Nazi version of the Super Soldier Serum, and injected himself with it. After injecting himself with the serum, he began developing powers, but the set back was that his memories he gained by watching others would overwrite his past memories.

As a result, Tony forgot most of his past with S.H.I.E.L.D. and his wife, but Mercedes crafted an elaborate set-up to help control and guide Tony in his guise as "Taskmaster". Mercedes was able to link Tony to "The Org" by using a series of muscle memory and reflexive tasks, and The Org was his "handler" between missions. Mercedes was actually the Org, gathering intelligence for S.H.I.E.L.D. after Taskmaster completed a mission, making him a double agent for both sides.

### *UDON Comics*

Taskmaster was featured prominently in UDON Studio's run of him, where he obtained a new costume and powerset as well as a new standard weapon set, including replacing his sword with a katana, his bow with guns, and his shield with an energy weapon generator. UDON's run was also the first time he used "Tony" as a name although, at the time it was an alias. During UDON's Agency X series, Taskmaster was a main character of the team. During this time, he became a reluctant friend of Deadpool after starting to date Deadpool's secretary, Sandi Brandenburg. After the Agency X run of Taskmaster, UDON didn't work on his character anymore, and as such his new costume and powers were abandoned outside of noncanon appearances.

Me: It's amazing to have you all join the Masters of Evil.

Crimson Dynamo: (Russian Accent) Thank you J.D.

Villamax: (to me) I'm glad that you killed Trakeena. I served her faithfully and she thanks me by destroying me the first time!

Leo Corbett: Take it easy. I get it. I'm pissed about Trakeena too.

Me: I hate her too. If she ever comes back she'll be banished to the Warp.

Villamax: Good thinking J.D.

Crimson Dynamo: If you all ever get the chance, allow me to show you my hometown of Russia.

Me: We've been to Russia many times before Yuri. But it'll be cool seeing your home town.

Laney: That's right.

Francis: So how does it feel being out of Prison, Kangor?

Kangor: (Jamaican Accent) It feels great mon and I'm glad to be in a better group than with some of the MetaBreed.

Nico: I'm glad you are out of prison though.

Taskmaster: Even though I've been in Meridian jail, I'm still able to analyze and copy the fighting styles of my opponents.

Me: I know Tony. That's what makes you a very formidable and worthy adversary.

Taskmaster: I appreciate that.

Whirlwind: (to Skylanders Whirlwind) Is it weird that we have the same name?

Skylanders Whirlwind: It sure does feel that way but it's really cool.

Whirlwind: It sure is.

Nico: (to Kangor) Kangor, I just want you to know that I've been using your abilities in some of our battles. And they're awesome!

Kangor: Glad you like using them mon.

The Masters of Evil were all with us too.

We then arrived in Norrisville, Oklahoma.

Me: Here we are guys.

Cut Man: So this is Norrisville?

Nico: Yep. Really nice place from the looks of it.

Naruto: It sure is a nice place.

Sakura Haruno: And home to an awesome ninja hero.

Me: But with Feudal Japan era clothing.

Legs: Boss, I see Randy Cunningham up ahead. And he's fighting a giant monster!

Sandpit: I see that as well!

We saw that Randy was fighting an ugly plant monster! It had black hair in a ponytail and had yellow eyes and razor sharp fangs and had ugly tentacles.

Me: That is an ugly monster!

Krystal: (British accent) I'm sensing distressed thought patterns.

I scanned the monsters mind and found out that the monster was really Randy's love interest Theresa Fowler and she was Stanked by the Sorcerer!

Me: That monster was corrupted by the Sorcerer! We have to stop her! Come on!

We went over and we swooped in and kicked the plant monster in the face.

Randy Cunningham: Hey guys!

Me: Good to see you again Randy. And again we owe you one for helping us against the Celebrity 5.

Randy Cunningham: Glad I could help out.

Me: We'll talk later after this battle.

Randy Cunningham: Alright. We've got lots to talk about.

Sergio: (squawking) Lots to talk about!

Me: Sergio please.

Sergio: Sorry.

We went at the corrupted Theresa and I punched her in the face and knocked her down.

Me: I hope that knocked some sense into her.

Lori, Lynn and Lola then went at her and mercilessly thrashed Theresa all over into pulp and then May, Tania and Robo-Roxy stopped them by putting them in arm locks!

May: What the Hell are you girls doing?!

Lola: What's it look like we're doing? We're killing this monster so it doesn't cause anymore harm!

Tania: Have you three lost it?!

Maria: That monster is a human being! This isn't what true heroes do.

Lynn: Well, I think we've fully embraced the fact that we're not true heroes. Now get out of the way!

Robo-Roxy: You're trying to murder someone who isn't in control of her own actions. You three can't seriously be okay with that!

Lori: What's the big deal?! Even if we kill her, J.D. can snap her fingers to literally bring her back to life!

Me: That's true but I will not let you girls kill her! She is taken over by an evil force!

Nico: That's right!

Me: Leave this to me.

I fired a blast of light and it hit Theresa and she reverted back to normal! She got up.

Theresa Fowler: (groans) What happened? It feels like I got run over by a truck.

Thunderblast: (glares at Lola, Lynn, and Lori) Why don't you ask the Trinity of Violence over there?

Me: Thunderblast that's enough!

Killer Frost: It's really nice to meet you, Randy.

Vexen: We just want to thank you for helping J.D. and the others against the Celebrity 5.

Randy Cunningham: No problem. But I hope you don't mind that those versions of Bi-Beast and the Destroyers are dead.

Me: Not at all. They were gonna be destroyed by us anyway.

Randy Cunningham: That's true.

Randy took off his costume.

Me: Love your Ninja Costume. Reminds me of the Feudal Era Ninja days.

Randy Cunningham: Thanks J.D. Lets head into the cafeteria so we can talk.

Me: Okay.

We went to the cafeteria and sat down. With us was Randy Cunningham's best friend and brother and partner: Howard Weinerman. Lori, Lynn and Lola were mad.

Howard: Did you guys get up on the wrong side of the bed this morning? Because you guys are acting like McFist and the Sorcerer killed one of your puppies.

Lola: (grabs Howard by his shirt and looks at him with ferocious eyes) HOW DARE YOU!?

Me: Lola, drop him! Now!

Lola did so.

Me: Sorry they are under a lot of pressure because of Theresa being corrupted.

Randy Cunningham: I see.

Me: So how about you tell us what she turned into?

Randy Cunningham: Sure. Theresa was turned into a Stanked Monster. She was made that way because of my arch-nemesis The Sorcerer.

Randy told us who the Sorcerer is. And he also told us about corrupt and shady businessman Hannibal McFist.

The Sorcerer

**The Sorcerer** is the main antagonist of the Disney animated series of *Randy Cunningham: 9th Grade Ninja.* He is Randy's arch-nemesis.

He was voiced by Tim Curry, who also played Hexxus in 20th Century Fox's *FernGully: The Last Rainforest*, Ben Ravencroft in *Scooby-Doo and the Witch's Ghost*, Big Bayou in the *Courage the Cowardly Dog* series, Belial in *The Legend of Atlantis* by Golden Films, Evil Manta in Disney's *The Little Mermaid* animated series, Maestro Forte in Disney's *Beauty and the Beast: The Enchanted Christmas*, Kilokahn in *Superhuman Samurai Sybersquad*, Drake in Don Bluth's *The Pebble and the Penguin* by MGM, Dr. Frank-N-Furter in *The Rocky Picture Horror Show*, Pennywise/IT *in Stephen King's IT* and Darth Sidious in *Clone Wars* ; then by the late Ben Cross in season 2, who also played Prince Malagant in *First Knight* .

As revealed in "Julian's Birthday Surprise", in ancient times (specifically over 800 years ago) the man who became the Sorcerer was turned out a poor and lowly peddler. One day, this peddler found one of the Chaos Pearls inside the pond while wandering, and, out of curiosity, took it with him. However, as he did, dark powers within the Pearl were eventually unleashed and corrupted him. Weak willed and tempted by the power in front of him, he allowed himself to be consumed by the darkness, thus the Sorcerer was born and the man he used to be was destroyed.

How this happened (judging from how Randy successfully exorcised Julian from one of the orb's influence by having the manifestation of Julian's dark side and the orb banished to the Land of Shadows) was shown that the power within the Chaos Pearl that corrupted the peddler magically bonded with the peddler's darker side while at the same time, the process also causes his body corrupted to the point that his appearance became reminiscent with human-lizard hybrid. Once the corruption process is completed, the Sorcerer proceed to extract his good side of his soul from his already corrupted soul and banish it to the Land of the Shadows.

Afterwards, the Sorcerer hunted down and gathered more Chaos Pearls to increases his power further. While terrorizing and corrupting unfortunate people into monsters, he met and join forces with the Sorceress and together tried to conquer the world with their almighty magical powers. The Ninja at the time battled him to a stalemate, as he was too powerful to destroyed. This prompt him to imprison the Sorcerer deep underground after banishing the Sorceress, where the location would eventually be built into a school Randy attended several thousand years later.

From there, he plots his escape by using his infamous dark powers called Stank. This power manifests as fog (often green ones) that enable him to manipulate the vulnerable victims, possessing both victims and what they hold dearest (anything that involved with suffered breakdown that made them vulnerable with stank), and using this to turn them into his puppets, as well as altering their physical forms into those of monsters. He then proceed to feeds of both negative emotions and chaos from his creations cause. He did it not only to fuel his power further, as when induced chaos intensified to a certain point, his powers will amplifies several times until he both strong enough to escape from his prison and enslave the world. He is the Ninja's greatest opponent aside Sorceress, as Ninja since then has to prevent his escape. In the modern day world, he has made an alliance with other villains, started from the billionaire philanthropist Hannibal McFist.

In the season finale, Randy and Howard unintentionally interfere the First Ninja's attempt to seal the Sorcerer. This causes him to free and steal the First Ninja's Eye of Eternity. The First Ninja, depressed over his failure, forced Randy and Howard to stop the Sorcerer by themselves. However during the battle, the Tengu that is sealed within the Eye was released by accident and possessed Howard, giving the Sorcerer advantage. Before the final blow was sent, the First Ninja interferes and the three worked together to seal him, fix Norseville's history and future once more. Afterwards, when both Randy and Howard returned to present, the present back to the way it was as if it never happened.

Despite their effort to fix the present successful, Randy and Howard also caused four of the Sorcerer's Chaos Pearls scattered, enabling the Sorcerer to use his scattered Pearls to causes chaos outside the school as well as bring more villains to his side, first starting Catfish Booray.

In Season Two, he still attempt to liberate himself by stanking everyone in regular basis until he briefly make an alliance with Evil

Julian. Unfortunately, Evil Julian, whom wanted power for himself, betrayed him by draining the power of the Sorcerer's own remaining Chaos Pearls that he brought within his prison. As Evil Julian is too powerful to be dealed with, Randy, whom previously freed his human self in the Land of Shadows, resorts to make a short alliance with the Sorcerer. Once depowered Evil Julian, the Sorcerer turned against Randy and conjured a sword out of stank. Randy briefly gained an upper hand in the battle, only for The Sorcerer later break his sword. Before he had a chance to delivered a final blow, Howard and Julian fell onto him, where Julian's presence caused Evil Julian unwillingly merges back into the latter's psyche. With the combined effort with Howard, Randy defeats The Sorcerer by took his pearls away and tossed it into his prison and locked it.

As the Sorcerer laments over his defeat, his human self, who was previously freed by Randy, returned to Earth and comfort him. They later merged into a singular entity where they were initially. With his psyche restored, the peddler then thanked Randy before disappeared into glowing light, finally died in peace as their soul goes the afterlife.

Hannibal McFist

**Hannibal McFist** is the secondary antagonist of *Randy Cunningham: 9th Grade Ninja* . While he appears a friendly philanthropist, he is actually a greedy and slightly crazed businessman. Like The Sorcerer, he is Randy's arch-nemesis.

He was voiced by John DiMaggio, who also voices Bender in *Futurama*, the Joker in *Batman: Under the Red Hood*, Dr. Drakken in *Kim Possible*, Lobo in *Justice League Action*, Diagon in *Ben 10: Ultimate Alien*, and Brother Blood in *Teen Titans* .

CEO and owner of McFist industries, that makes just about everything, he is described as "Global Gazillionaire" and is the most "beloved man" appearing a wealthy Philanthropist, however he is secretly obsessed with gaining more power, and along with his Mad scientist Viceroy he continually plots to kill the Ninja, through a variety of robots and traps.

McFist is easily angered, bad tempered and prone to violent outbursts, however he is also quiet dim and arrogant, and is normally quite incompetent at his job, although he does seem to be getting better as time goes on. He also will often claim any successful idea as his own, despite his seeming lack of intelligence, several of his schemes have come close to succeeding. He's also reasonably capable of creating a friendly facade for the masses, although he does slip on occasion.

Despite being an evil man, McFist does truthfully love his wife, and is even willing to put up with his aggressive and boisterous son Bash Johnson for her.

Randy managed to unmask McFist for the villain he was, however this led him to being overcome with sadness at having lost everything. And thus he became vulnerable to the Sorcerer's evil magic, having no quarms with using his follower, the Sorcerer turned him into a monster. Enraged he attacked Randy to get revenge. Realizing that provoking his enemy was a mistake, Randy managed to turn McFist back to normal, and covered up his evil acts, by claiming he had always been possessed with the evil magic.

---

We gasped in shock!

Me: So we have an evil 13th Century sorcerer causing mayhem and pandemonium and a shady businessman that works for him and is spreading terror throughout the town?

Nico: Looks like we got here just in time.

Me: And whenever one of us shows even the slightest trace of negative emotions the Sorcerer will corrupt us and turn us into those disgusting fucked up abominations of nature?

Randy Cunningham: That's right. They are called Stanked Monsters.

Howard: The Sorcerer uses his dark magic and transforms people into horrific monsters.

Me: I see. This is very similar to what happened when we were over in Paris, France to fight Gabriel here as Hawk Moth.

Randy Cunningham: I've heard about that.

Theresa: That must've been really rough for you guys.

Me: It was.

Nico: Ok. So we don't accidentally cause someone in Norrisville to be Stanked, I think it's best if I take command of the mission.

Wreck Gar: I'm okay with that. What about you guys?

Me: I agree.

Everyone agreed.

Me: Good. Nico you are in charge of this mission.

Nico: Thanks man.

Me: We have something interesting to tell you about an alternate universe version of you Randy. Ever heard of the Royal Defenders?

Randy Cunningham: No I haven't.

Me: They are a version of us from another universe and they are essentially us gone bad.

I went over what the Royal Defenders were and what they did and even to their one version of Randy Cunningham.

Randy Cunningham: So the Royal Defenders brainwashed my counterpart? Even though they treated him like a friend?!

Me: Yeah.

Ed Cowart: They turned you into a monster. Metaphorically speaking. Sorry my name is Ed Cowart and I'm the leader of a Rebel Movement that was going to take down the Royal Defenders.

Randy Cunningham: Pleasure to meet you.

?: Well look who is with the loser.

We saw Randy's local bully and son of Hannibal McFist: BASH JOHNSON!

Randy Cunningham: Oh great. Bash Johnson.

Me: You know him?

Randy Cunningham: Unfortunately. He's our local bully and quarterback of the football team.

Bash Johnson: (to Nico) Let me make it clear for you and your pack of losers here. I'm the quarterback. You're on my team. So you all do what I say, got it? (smirks) But I guess you never played football in high school, did you, Chan?

Nico: No, you're right. I didn't. I trained on the Planet Vegeta, like a good little Saiyan nerd. And years later, I'm one of the most powerful members of Team Loud Phoenix Storm. And I'm married to one of the most beautiful girls in the planet. (May blushes) And the big jock who apparently plays quarterback in this school? Well he's standing right in front of me bossing me around when we're trying to help out his hometown. And I say I'm not doing a damn thing he says, unless he starts treating me and my friends with some respect. Including Randy!

Me: You tell him dude!

Nico: Thanks man.

May: (to Nico) I am so hot for you right now.

Maria: (to Nico) Me too. Nice job, Nico.

Agony: Easy, Maria. You have William as a boyfriend.

Maria: (Blush) Yes. (Nervous Smile)

Bash Johnson left.

Randy Cunningham: Be honest. You did play football in high school, didn't you?

Nico: I did. But Bash doesn't need to know that.

Me: When was this?

Nico: Back when I was in my freshman year.

Me: Cool.

Lynn: We didn't know that Nico. You are really talented.

Nico: Thanks Lynn.

Me: Also Randy there are other ninjas besides those that were in Feudal Era Japan. There are many ninja villages that govern all kinds of Ninjas.

I snapped my fingers and my Hidden Leaf Shinobi attire appeared and I was wearing awesome clothes.

Me: What do you think?

Randy Cunningham: WHOA! There are other shinobi and ninjas out there!?

Me: Yep. They come from different villages and are just as powerful as we are and as you can see I am a Leaf Shinobi. This is the attire we wear over there in the Leaf Village.

Randy Cunningham: That is so cool!

Theresa: It sure is.

Lincoln: It's great money too.

Me: And we all have many awesome powers and use a wide variety of techniques and abilities. There is also a wide variety of history around us and more.

Randy Cunningham: That is awesome!

Nico: It sure is.

Randy Cunningham: So there are more ninjas out there and not just in the Feudal Era?

Vulture: Of course. There's even several villages with ninjas as well. You could learn a lot from them.

Laney: You sure can.

Eli: Absolutely.

Lola: (sighs) If you need us, me, Lynn, and Lori are gonna be taking a walk.

Poliwag: How come?

Lynn: You guys held us back during that battle back there. And we didn't get a chance to beat Bash to a pulp. So, the three of us need to be alone for a while.

Nico: Guys, c'mon! McFist and the Sorcerer are still out there. So we need to stick together!

Lori: (glares at Nico) You're not Mom, Nico! So literally back the Hell off! (pushes Nico away)

They left.

Leonard the Pig King: Don't worry. Me, Shiv, Firefly and Cantwell will find Lori, Lynn, and Lola and bring them back here.

Whiteout: That's a good idea.

Jewel Man: Just do it before McFist and the Sorcerer find out about this.

Cantwell: (to Lisa Simpson) Look, Lisa. I don't like you. And you don't like me. That's fine. But can you at least trust me to help bring Lola, Lynn, and Lori back to you guys?

Lisa Simpson: Okay.

They were off.

Dark Spicer: While the others are finding Lola, Lynn, and Lori, why don't we have the usual battles?

Me: Good idea. Randy, you are gonna have Kangor as your archenemy from now on in the Masters of Evil.

Randy Cunningham: AWESOME!

Theresa: Way to go Randy!

?: I agree.

A figure came out and it was TEKSA from episodes 22 and 40 of Lost Galaxy!

---

**Teksa** is an octopus-in-a-basket-themed monster. He and **Kubak** were employed with the task of destroying Trakeena and making it look like Leo had done it. During the ensuing fight, Trakeena approached the downed Teksa and charged her sword with green energy and struck through him, making him fall and vanish as yellow specks of energy.

He was later revived by Hexuba in The Lost Galaxy. He attacked Leo in a plaza and Leo charged his Quasar Launcher in staff mode with flaming energy and rammed the end into Teksa, destroying him.

Interestingly, Teksa's name was not revealed until his return appearance. Earlier, Teksa and Kubak were never called by name, though were in the credits, so just who was which remained unknown until Teksa returned and was called by name by Leo.

---

Leo Cornett: Teksa!

Teksa: Been a while rangers.

Me: I remember you! You and Kubak were hired by Deviot to kill Trakeena and making it look like Leo did it.

Teksa: That's right. Good memory on you.

Me: Thank you.

Vypra: Told you he has a good memory.

Teksa: And I believe you Mistress Vypra. (to Me) I want to thank you for destroying Trakeena. In a way, my mission turned out to be a success!

Me: In a way it did. Trakeena deserved to die one way or another. Heartless bitch.

Teksa: You got that right.

Me: If Trakeena ever comes back she is gonna be banished to the Warp forever.

Teksa: Good.

Me: We'll have Warmup Battles first and then our usual battles.

Nico: Right.

Luan: This is gonna be awesome.

Shego: Lets do it.

They went at them.

---

Warmup 1: Villamax

---

Wes Collins was facing Villamax in a warmup battle.

Villamax: (to Wes Collins) It's been a long time since I've fought a Power Ranger. Even though you're not from the team I usually battle

Wes Collins: That's true. It has been a while. I'm part of the Time Squad. You fought the Lost Galaxy Rangers. There are 27+ years of Power Rangers out there.

Villamax: I see. Boy I have a lot of catching up to do. Lets dance shall we?

Wes had his Chrono Saber red and he went at Villamax and they clashed violently and sparks of energy and lightning were blasting out with each clash and then Wes slashed Villamax all over and knocked him down.

Wes Collins: YEAH!

Villamax fell and a massive fiery explosion erupted out from behind Villamax.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Wes Collins: Good battle Villamax.

Villamax gave him the thumbs up.

---

Warmup 2: Crimson Dynamo

---

Akira Akatsuki was facing Crimson Dynamo in his warmup battle.

Crimson Dynamo: (to Akira) I hope your partner is a bit different from the Iron Man I'm used to fighting.

Akira Akatsuki: He is. D-SMASH!

Akira summoned his version of Iron Man!

Disk Wars Iron Man: Been a while Yuri.

Akira: Lets team up Tony.

Iron Man: With pleasure.

Crimson Dynamo: Bring it on.

They went at Crimson Dynamo and they punched and kicked and blasted him all over the place and more. Crimson Dynamo fought back with his powerful fists and kicks and more and they dodged them and kicked and blasted Crimson Dynamo all over the place and knocked him down.

Akira Akatsuki: Nice fight.

---

Warmup 3: Kangor

---

Randy Cunningham was facing Kangor.

Kangor: (to Randy Cunningham) Don't worry, Mon. Unlike McFist and the Sorcerer, I'll go easy on you.

Randy Cunningham: I have that to look forward to.

Randy then went at Kangor and Kangor stomped on the ground with his huge feet and shook the place like an earthquake and Randy jumped into the air.

Randy Cunningham: WHOA! That was awesome!

Kangor: Thank you mon.

Randy kicked him in the face and knocked him down.

Randy Cunningham: Good fight. But if I may ask how did you do that?

Kangor: I was exposed to a mutagen gas that mutated me. It's what gave me my powers and huge feet mon.

Randy Cunningham: Wow! That's incredible.

Randy helped him up.

---

Warmup 4: Whirlwind

Tom Major's was facing Whirlwind in a warmup battle.

Whirlwind: (to Tom) You sure you aren't able to scan me? I could definitely be a force to be reckoned with in the Dromes.

Tom Majors: True but my scanners only work on the monsters from Perim. Sorry about that.

Whirlwind: Oh. I've heard about all the battles you all had on Perim. That must've been awesome.

Tom Majors: It was. Lets dance.

Whirlwind: Lets.

Whirlwind and fired waves of wind and tornadoes and the blasts collided and exploded and Tom fired another tornado and it hit Whirlwind and knocked him down.

Tom Majors: Nice job.

Whirlwind: Thanks.

Warmup 5: Taskmaster

Brody Romero was facing Taskmaster.

Taskmaster: (to Brody Romero) I may not be able to copy J.D.'s or any of your powers. But I can still copy whatever attack you use against me.

Brody Romero: I have that to look forward to. J.D. said you have a very amazing and analytical mind and are a very formidable adversary.

Taskmaster: Indeed he did. Lets dance.

Brody Romero: Gladly.

Brody went at him and Taskmaster and him were very equal in terms of fighting. Brody and Taskmaster were punching, kicking and smashing each other at an incredible level with incredible fury and more and Taskmaster was equal to him in every way. Brody fired blasts of fire from his sword and Taskmaster did the same and the blasts collided and exploded.

Brody Romero: You really ARE a formidable adversary. I completely respect you now.

Taskmaster: Thank you Brody. You are just as formidable yourself.

Back with Lori, Lynn and Lola they were walking and the Masters all caught up.

Firefly: Guys wait!

Lola: What are you guys doing here?

Leonard the Pig King: We just wanted to see if you girls were ok.

Lynn: We're not in the mood.

Cantwell: Okay. Let's just calm down.

Lori: Don't tell us to calm down, Cantwell! We don't need to hear how we messed up back there, OK? We nearly killed an innocent person. Everyone in the world hates us now! And the three of us are literally hours away from becoming like the Royal Defenders! (starts to cry) Maybe the three of us should just allow ourselves to become corrupted!

They gasped in shock that Lori would even think like that!

Shiv: Lori how can you even say that!?

Leonard: Yeah what has gotten into you!?

Cantwell: You all are never going to become like the Royal

Defenders because you all have something that they never will have even if they were damned to the Warp forever: Humanity. You all have your honor and love. They gave all that up when they plunged their whole universe into fear and terror.

They realized that Cantwell was right and more.

Lola: You're right!

Lynn: Yeah!

Lori: We were just letting out some rage and it felt good. After everything we went through we needed to let it out.

Leonard: Glad you did.

Lola: It feels good.

Lynn: It sure does and this Middle School has a great track for running. Perfect for blowing off some steam.

Shiv: It sure does have a great track. Glad you had fun.

Lori: Lets head back to the others.

---

Later we were having a rest from our usual battles. Randy gave us delicious soup-cicles and they were frozen soup on a stick.

Me: (Slurps) Mmm! These soup-cicles are delicious.

Luan: They sure are.

Lily: I like them.

Randy Cunningham: (to Vypra) Are you sure you and your team are bad guys? Because you act more like anti-heroes.

Vypra: Oh yeah. We're definitely the bad guys. It's the Redemption Squad who act more like anti-heroes.

Me: I think the correct term is Anti-Villains.

Vypra: That's right. We're anti-villains in a sense.

Nico: Much better term.

Lori and everyone came back in.

Lori: Nico, I literally said some things back there and-

Nico: It's fine, Lori. It's really my fault. I shouldn't have forced you three to keep all your anger bottled up.

Lynn: It's all right Nico.

Benson: I know what that feels like Nico. I may be a jerk and have anger problems but I know what it's like to have anger bottled up. Pops was threatening to fire me if I yelled at Mordecai and Rigby again and I was forced to bottle up my anger and it got so bad that I threatened to explode and destroy the entire park.

Elec Man: Whoa! That's intense.

Vypra: Man that must've been rough.

Me: No kidding.

Lori: But that is an interesting comparison.

Gabriel: Nico, you're doing a good job in commanding the mission so far. But I think McFist and the Sorcerer might have a backup plan.

Nico: What makes you say that?

Gabriel: Back when I was Hawk Moth, I didn't just Akumatize humans. I also Akumatized non-humans like robots. Including Max's friend Markov.

Adrien: I remember that dad.

Lynn: That really happened?

Marinette: It did. But Markov eventually went rogue.

Lola: Where are you going with this?

Gabriel: Since the Sorcerer can't Stank anymore humans, who else can he Stank?

It took Nico a minute before the answer hit him like a ton of bricks.

Nico: (eyes widen) Oh, fuck me.

Me: I don't like the sound of that.

KRABBBBBOOOOOOOOOOOOOOOOOOOMMMMM!

We saw a massive explosion go off outside and we saw 7 Pokemon that were stanked causing mayhem and destruction! We saw a Gyarados, Rayquaza, Steelix, Mewtwo, Charizard, Blastoise and Metagross destroying everything in their path.

Me: He can Stank Pokemon! He has a Gyarados, Rayquaza, Steelix, Mewtwo, Charizard, Blastoise and a Metagross under his control!

Ash: The Sorcerer Stanked Pokemon instead of his usual targets!

Brock: And those Pokemon can Mega Evolve!

We saw them Mega Evolve into Stankified versions of their MEGA EVOLUTION FORMS!

Me: WHOA! Their stankified forms are more terrifying than what they are uncorrupted.

Troy: Guys, we need to stop those Pokemon without killing them!

Megaforce Rangers: Legendary Ranger Mode: RPM!

The Megaforce Rangers turned into the RPM Rangers!

Nico: J.D. you get the citizens of the city evacuated! We'll handle this. Lets go!

Arkayna: I will.

She threw a Pokeball and caught the Mega Blastoise.

---

Battle 9: Kangor, Randy Cunningham, Zarya and Kevin VS Mega Metagross

Will Vandom and Dr. Viktor: LIGHTNING QUINTESSENCE MEGABLAST!

They fired a massive wave of lightning and electrocuted the Stanked Mega Steelix and knocked it out and the Stank Magic left it and Brittney sent the Magic into the warp.

The Stanked Mega Charizard then fired a massive blast of mega ultra hot green fire and they dodged the blast and it slammed into a bunch of businesses and they exploded into massive walls and pillers of fire and the whole area was now completely engulfed in flames!

Crimson Dynamo: Hot fire!

Stacy Dynamo: No kidding!

Akira Akatsuki and Crimson Dynamo: CRIMSON MISSILE MEGABLAST BARRAGE!

The Stanked Mega Gyarados was destroying a bunch of buildings and blasting them all over with massive Dragon Rage blasts and more and obliterating them into nothing.

But then 4 kids came out to face it and they were the Supernoobs: Tyler Bowman, Theodore Roachmont, Kevin Reynolds and Jennifer Shope!

Kevin Reynolds: (to the Stanked Mega Gyarados) You're one ugly fish!

Theodore Roachmont: It doesn't look like it's allied with the Virus.

Jennifer Shope: It's not. That's a Mega Gyarados. And it's being corrupted against its will!

Tyler Bowman: That means we have to beat the corruption out of it. Let's go, team!

They went at the Stanked Mega Gyarados and Shope blasted it all over with lightning and energy and smashed it all over and more. Tyler teleported and smashed it on its head and Shope blasted it all over with elemental blasts and more. Theodore flew and lifted the heavy Pokemon and then smashed it into the ground.

The Mega Pokemon seemingly lifted itself and was smashed into the ground yet again! Poromon then pecked the Mega Gyarados and knocked it out.

Kevin Reynolds: Are you sure we can't help Team Loud Phoenix Storm with the rest of the battles?

Theodore Roachmont: I don't think it's the right time for us to properly meet them yet.

Tyler Bowman: Roach has a point, Kevin.

The Supernoobs then see Poromon flying near them.

Jennifer Shope: Poromon, right? Can you keep our involvement a secret from Nico and the others for now? We want it to be a surprise.

Poromon: I sure can. We are going to meet you some time later but you can count on me.

Shope: Thanks Poromon.

They then left.

Poromon then caught the Mega Gyarados after its stank magic left and Brittney banished the magic to the warp.

* * *

Me: That was a close one. But at least everyone is safe. But the whole town is not. Look at this mess.

Lana: It's all destroyed. Except for that big pyramid shaped building.

Randy Cunningham: That's the headquarters of McFist.

Me: Wonder why the Stanked Pokemon didn't destroy that too.

Nico: This is all my fault.

Police Officer: Wait. You're in charge of the team at the moment?

Me: Yes. Why?

The next thing Nico knew, the citizens of Norrisville start booing him and throwing things at him.

Me: Stop that!

Man: You stupid hero! You let those Pokemon cause so much destruction!

Woman: Get out of here! You've caused enough damage!

Me: You guys shut the fuck up!

Bash Johnson: (to the citizens) The fuck's wrong with you all?! Chan just saved my life and this is how you thank him?!

Fluttershy then flew over to the people that yelled and jeered and booed at Nico and she used her stare on them. It scared the living crud out of the people and they were shaking in so much fear.

Fluttershy: You have a lot of nerve talking to Nico like that! Nico saved your lives and this is how you all thank him!? You all should be ashamed of yourselves! You had better apologize to him if you know what is good for you and you had better not talk to him like that ever again!

Me: I would listen to her if I were you.

They did so and apologized to him.

Me: Remind me never to get on your bad side Fluttershy.

Fluttershy: Sorry.

Bash Johnson: (to Nico) You know what, Chan? You and your pals are alright.

Nico: Thanks Bash. That's surprising coming from you.

Bash Johnson: Just because I'm a bully and a jerk doesn't mean I show respect.

Me: Come on guys. Lets go put a stop to McFist before we take down the Sorcerer.

Nico: Okay. Here's what we do.

Nico gathered everyone and he had an awesome plan.

We went to the door of McFist Headquarters.

Crimson Dynamo: I'll blow the door open.

He fired his missiles and blew the door open and made an entrance and we went in.

We went to the office and we confronted HANNIBAL MCFIST!

Me: Hannibal McFist, I presume?

McFist: It's an honor to meet the famous J.D. Knudson and Team Loud Phoenix Storm.

Me: We came to have a little talk with you about some shady activity that we know you are involved in.

McFist: Do we really have to do this? I'm an innocent victim here!

Harry Potter: (British Accent) Really now? Then you won't mind if you take a sip from this lemonade.

McFist: Oh thanks. I am thirsty.

He drank it and it was refreshing and then he started to feel strange.

Me: What was in that lemonade Harry?

Harry Potter: Veritaserum. It's a special potion that makes people tell the truth.

Me: A wizarding version of truth serum. Very clever. Now McFist can you tell us about everything you've been doing with the Sorcerer? Please?

McFist: I admit! I helped the Sorcerer willingly! And Viceroy helped as well!

Viceroy: Hey! Leave me out of this!

Then McFist sang like a bird and went over all of his attempts to destroy Randy Cunningham and kill him for the Sorcerer and more and all of his evil activities in unleashing all those robots and more. What McFist didn't know was that Luan was broadcasting the entire conversation to the entire town and to the FBI Headquarters and now everyone knows the whole truth about McFist and all of his dark activities.

Everyone gasped in shock and now the whole town turned against him!

We slashed off that robot arm of his and then the FBI came in and arrested him on numerous federal crimes. They also arrested his wife Marci as well.

Bash Johnson: You brought all this on yourself mom and dad.

Me: Now lets go after the Sorcerer. He will pay for his crimes.

Elie: (to Viceroy) Viceroy, this is your chance to do the right thing. I would take it.

Viceroy: I'll do it. And McFist, I QUIT!

Me: Good!

He then got to work and he then made us powerful magic destroying blasters that will destroy the Sorcerer on contact.

Me: Awesome! Lets get that monster.

We went to the school and we stood in the main entrace hall.

Randy Cunningham: The Sorcerer's lair is right underneath that circle there.

Me: Lets do it! And lets use our explosion entrance to blast open the lair and then we'll appear in front of the Sorcerer in an entrance with Wolf Fire.

Fluttershy: Ooh that sounds interesting.

Me: Lets go.

---

In the Sorcerer's lair he was mad as hell!

Sorcerer: BLAST THAT NINJA! He ruined everything for me! And the worst part is that Team Loud Phoenix Storm helped him too!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted a hole into his lair. But no phoenix cry was heard.

Sorcerer: Oh visiters!

But when the smoke cleared he saw nothing there?

Sorcerer: Huh?

But then he was surrounded by mysterious blue fire.

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

Wolf Howls were heard in the background and the images of wolves howling appeared in the blue flames and they were amazing.

Sorcerer: This isn't my magic.

Then we appeared and we were facing THE SORCERER!

Me: You are 800 years overdue with death Sorcerer!

Varie: We will never forgive you for your crimes!

Lori: You may have corrupted most of the city but you will never corrupt us!

Sorcerer: (to Lola, Lynn, and Lori) Do you really want to be on a team that always questions your decisions? Why don't you all join me? If you do, I promise to help you get back on everyone who has scolded you for doing your job. You all tried being the good guys. And look where that got you. Maybe it's time for you three to be bad for a change.

Lori: Not this time you treacherous old fucking fiend!

Lola: You think you can control us!?

Lynn: We're going to kill you once and for all!

Qwun, Dheena, and Blazvatan smashed and pulverized the Sorcerer mercilessly all over the place and really let him have it some more.

Wreck Gar and Sergio: AXE OF WIND SLASHER!

Wreck Gar swung his Armor Axe and Sergio fired a wave of wind.

Thunderblast and Cut Man: BLASTING CUTTER BLADE BLAST!

Thunderblast and Cut Man fired energy blasts and scissor blades.

They cut and blasted the Sorcerer all over the place.

Me: It's over for you Sorcerer! We played all of your devillish games and we brought the pain to your minions and now all that's left is to kill one once and for all!

Me: Sorcerer after 800 years you have failed this world!

Nico: Enjoy the darkness of the Warp.

Me: The Sorcerer is dead.

Grim laughed malevolently.

Grim: (Jamaican Accent) About time too mon.

Nico: (to Lori, Lynn, and Lola) Again, I'm really sorry for forcing you three to bottle up your emotions. I just hope you can forgive me.

Lori: We literally understand Nico.

Lynn: Thanks for that though man. Now we know not to bottle it up and release it.

Lola: Yeah.

Me: Good. One more thing.

I snapped my fingers and fixed the entire town.

Randy Cunningham: Nice!

As well as all the other victims of the Sorcerer. But he also had a horrible curse placed on him: Eternal Life without eternal youth. He was placed into the Neptune Prison.

We had a victory celebration at Lynn's Table and more.

Randy Cunningham: (To the viewers) Never mess around with dark magic and never work for a crazy mad sorcerer.

Me: Good advice.

Randy and his family and his friends and Theresa moved to Gotham Royal York.

# Freeing Etheria from Evil

It was a beautiful day and I was strolling through the park enjoying the sights and sounds of nature.

Me: (Inhales) Ahh. What a gorgeous day. It's so beautiful out here.

I sat on a park bench and took in the beautiful sights and sounds of nature as the birds were chirping and there were people having fun.

Me: Ahh. So beautiful.

But the peace was interrupted by a cry for help.

Kid: HELP! HELP!

I heard the cries coming from a well.

Me: Uh oh.

The kid was a young girl!

Kid: HELP! HELP!

Me: Oh no! Hold on!

I flew down into the well and it was a young girl with blond hair and she had a fall dress and a blue jacket on and she had tennis shoes and she was covered in leaves and dirt.

Me: Are you all right?

Kid: Yeah but my leg hurts real bad. I think it's broken.

Me: Oh no.

I picked her up.

Me: Hold on to my back and whatever you do don't let go.

She held on to me tightly and I flew out of the well and into the air.

Girl: WOW! You're J.D. Knudson! I thought your voice was familiar.

Me: Glad I was in the area. Hey aren't you in Lana and Lola's class at school?

Cecilia: I sure am. I'm Cecilia.

Me: Pleasure to meet you. Lets get you to the hospital so we can get your leg looked at.

Cecilia: Okay.

I took Cecilia to the hospital and they got her in a room and I waited outside. The doctor came in.

Dr. Norman: You did a great deed in saving Cecilia, J.D. She's gonna be in a cast for about 10 to 12 weeks. She broke her ankle in 3 spots. But she's gonna be all right.

Me: Wow. That must've been a nasty fall she had there when she landed in that well.

Dr. Norman: It was. That well was closed off 40 years ago.

Me: Wow.

Lana, Lola and Lila Loud came in.

Lola: J.D.! We got here as fast as we could.

Lana: Is Cecilia okay?

Me: She's all right but her leg is broken. It'll be 10 to 12 weeks.

Lila Loud: Wow. Thank goodness she's gonna be all right.

Lola: Can we go in and see her doctor?

Dr. Norman: Of course you can girls.

They went into Cecilia's room to chat.

Later I was relaxing and watching the clouds when suddenly I heard a woman scream and I saw a baby carriage going down a path and it was heading to a cliff!

Me: Uh oh!

I flew at the baby carriage and grabbed the handle and skidded to a stop just in time!

Me: Phew! That was close.

Everyone saw it and cheered wildly for me.

I picked the baby up and took the stroller with me as I walked up the hill

Me: Aww are you okay little one?

The baby cooed and laughed.

Me: You'll be fine young one.

I got to the woman and handed her baby to her.

Woman: Oh thank you so much J.D.

Me: You're welcome ma'am. Watch your kid on a steep hill like this.

Woman: I will remember that.

Then cameras were taking pictures of me and the woman and baby.

Me: Just doing my job protecting everyone. You don't have to take pictures of me.

Later I was walking down the street to the bakery to get some donuts when suddenly I heard a loud crack and saw that it was coming from a tall apartment complex. It was a balcony with a bunch of senior citizens on it and the balcony was about to break off!

Me: Oh no!

I flew up and the balcony broke and went falling with the seniors on it and I caught the falling balcony and saved the seniors and put the balcony gently on the ground.

Me: Whew! Are you all okay?

Elder man: Thanks to you J.D.

Elder woman: You saved us!

Me: Luckily I was in the right place at the right time. They need to get that balcony fixed.

Elder man 2: I think they do now.

Everyone cheered wildly for me again.

Woman 1: We would be lost without you and everyone on Team Loud Phoenix Storm, J.D.!

Man 1: Yeah!

Me: Aw it was nothing.

I then flew back to the estate after getting those donuts.

---

Later at the estate I was watching TV with Nico and my three triplet girls were watching with me. They were growing fast and were already at 4 years old and looked awesome.

Nico: Wow. You were really busy J.D.

Me: You said it Nico.

Heather Renee: Daddy you are awesome.

Me: I sure am sweetie. But daddy doesn't let it go to his head.

Emily Jane: Good.

Rebecca Joan: Yeah.

Nicole: You girls are growing fast like weeds.

Heather Renee: We sure are big sis.

Nicole: (Giggles)

---

Later the next day we were getting up.

Blake Belladonna woke up to see Poliwag staring right at her.

Poliwag: (smiles) Good morning, Blake! Did you sleep well?

Blake: Oh morning Poliwag. Yes I did.

Poliwag: Breakfast is almost ready. We're having J.D.'s famous waffles.

Blake: Can't wait.

Later we were having breakfast and it was good.

Then Steve Smith came in and he was jumping for joy!

Steve Smith: Hey guys!

Me: Oh hey Steve.

Steve Smith: I got accepted to Hogwart's School for Witchcraft and Wizardry!

Harry Potter: (British Accent) Steve, I don't remember Dumbledore inviting you to Hogwarts.

Me: Me neither.

Harry Potter: Hmm.

Steve went and got ready and then he came back and showed us a rather unusual and illegal surprise!

Burst Man: (sees cocaine brick) Steve? What the Hell is that?

Steve Smith: It's a cocaine brick.

We gasped.

Me: Steve are you fucking crazy!? Cocaine is illegal as hell!

Nico: Where did you even get a block of cocaine like this!?

Steve Smith: I got it from Hogwarts.

Me: Looks like Steve has been duped and I think I know who is responsible for it. (Glares at American Dad Roger Smith)

American Dad Roger Smith: Why are you looking at me like that?

Me: You have some explaining to do Roger. I think you sent Steve to a fake version of Hogwarts to get back at him for something!

American Dad Roger Smith: I don't know what you're talking about.

Lynn then grabbed Roger and glared at him with intense fury!

Lynn: You had better start talking or I'll punch your brains out!

American Dad Roger Smith: Okay okay okay! Yes I admit it. I was sick and tired of Steve's constant gloating and I wanted to get back at him for it by sending him to a fake version of Hogwarts. I used a cokeshack in the area as part of my plan.

Me: Roger are you out of your fucking mind!?

Stan Smith: Why the hell would you do such a thing!?

Roll: Guys, there are drug dealers outside!

Me: Uh oh! We'll discuss this later. Right now we have some drug dealers to bust and/or kill.

We went out and we faced the Drug Dealers and they were armed with guns, knives, crowbars, clubs and more.

Me: You fucking meatheads are in big trouble!

Icepick: We'll kill you!

Energon Scorponok: (to Icepick) Bring it on, you piece of meat!

Me: Lets get them!

Lola: I'm going to melt you into nothing!

Beetle, Touch & Go, Eccentro, Dark Spicer, and Myotismon appeared.

Dark Spicer: Let us help you all out. (To the drug dealers) Here's your warning: Your motherfucking asses are about to be kicked!

Me: Big time!

I punched a drug dealer in the face and knocked out some of his teeth and Dark Spicer punched and kicked and bashed a couple of Drug Dealers and Eccentro, Touch & Go and Myotismon punched, and blasted a bunch of Drug Dealers in their faces and knocked them down and we all smashed them all over the place. Later the FBI, the police and the D.E.A. all came and slapped the cuffs on the drug dealers and we also raided the cokeshack and found millions of dollars in cash, hundreds of pounds of marijuana, tons of bricks of cocaine and ecstacy and even methamphetamine.

Me: Whoa! These guys were making every illegal drug all across the board.

Nico: Looks like Steve helped us bring down a major drug manufacture and trafficking operation.

FBI Agent: He sure did. We've been trying to find these guys for years and they have been on the run for a long time.

Me: Whoa! That's huge.

Sam S.L.: No kidding and I thought my so called fake parents have done it all.

Me: Yeah.

We had the drugs and money seized and the drugs were all destroyed.

Ultra Magnus: Steve, if you want, we can teach you REAL magic.

Steve: I would like that.

Me: And Roger?

American Dad Roger Smith: Yes?

POW!

I punched American Dad Roger Smith in his face.

Me: That was for trying to kill Steve!

American Dad Roger Smith: Okay I deserved that.

Stan Smith: (to Roger) Roger, you're in serious trouble!

Nico: Well, it's been nice knowing you, good buddy.

Me: Yep.

---

Later we were over at the Moon Prison. We were there to recruit Evil-Lyn.

Qin: So Evil-Lyn is one of Skeletor's minions?

Me: That's right Qin. She was a dangerous one too. She also tried to overthrow him on several occasions.

Nico: We call her the Starscream of Skeletor's Horde.

Armada Alexis: Wow. That's an interesting way to call her.

Nico: It sure is.

Lincoln: Yep.

Me: Here we are.

I opened the cell and we were in front of the barred door of the cell of Evil-Lyn.

Evil-Lyn: Team Loud Phoenix Storm.

Me: Evil-Lyn. Its been a while.

Evil-Lyn: Come to gloat about killing Skeletor?

Me: No we came here to ask for your help. Hordak is causing a lot of problems on Eternia's sister planet Etheria and we could use your help to help us take him down.

Nico: Why her J.D.?

Me: I know this is crazy but Evil-Lyn knows more about Hordak than we do. We need her knowledge on him to bring him down once and for all.

Evil-Lyn: So, let me get this straight. You remove my powers, throw me in this cell, and over a year later, you expect me to help you?!

Inque: Ok. We deserve that.

Me: But you should consider yourself lucky that we spared your life when we killed Skeletor. In exchange for you helping us we'll shorten your prison sentence and give you a chance to be part of the Masters of Evil in the future.

Nico: That's a good idea.

Me: Yep. Do we have a deal Evil-Lyn?

Evil-Lyn: All right you all have a deal.

Me: Good.

I opened the door and we shook hands. Later we were off to Etheria. The next scene shows The U.S.S. Valorous Phoenix flying through the endless voids of space.

Me: Captain's Log, Stardate 2875.2: The U.S.S. Valorous Phoenix is en route to the Eternia's sister planet Etheria to help the people of Etheria take down the evil Hordak. Adam's twin sister Adora and her friends will need all the help they can get to take down Hordak once and for all. Our mission is to destroy Hordak and free all of Etheria of his evil reign of terror.

Lily: So Hordak is the monster that made Skeletor into who he was?

Evil-Lyn: That's correct. When J.D. hit Keldor in the face with that poison and destroyed his face, he called upon Hordak to help him and at the price of his sanity, Hordak made him Skeletor.

Me: Geez! So Hordak was the one responsible for turning Keldor into Skeletor. I should've killed Keldor completely and made sure he didn't come back.

Nico: It's not your fault J.D. You thought he was gonna die but you didn't know he would become this.

Me: Yeah you're right.

Laney: What can you tell us about Hordak, Evil-Lyn?

Evil-Lyn: Hordak was once Keldor's master.

Evil-Lyn told us all about Hordak.

**Hordak** is a major antagonist in the *Masters of the Universe* franchise, serving as the main antagonist of the *She Ra: Princess of Power* series and the archenemy of She-Ra as well as the overarching antagonist of the 2002 version of *He-Man the Masters of the Universe* . He is the field leader of the Evil Horde and the former mentor of He-Man's arch-enemy Skeletor.

Long before King Hiss and the ruthless Snake Men formed a threat to Eternia, the Evil Horde was there. An army of pure evil and ruthless warriors, with the goal to destroy the light. Their leader, the terrible Hordak, is the most powerful of the evil beings on Etheria, which is Eternia's sister planet.

Hordak killed King Grayskull and was the former mentor of Skeletor until Skeletor betrayed him and trapped him in another dimension. He now operates as the evil ruler of Etheria on behalf of his master Horde Prime

In the original series, Hordak is voiced by the late George DiCenzo. His 2002 counterpart at first was voiced by Michael Donovan before being replaced by Colin Murdock. In the reboot series, he is voiced by Keston John.

Hordak and his Horde Troopers arrived on Eternia with the intention to conquer it. Around, this time, Hordak took Skeletor under his wing as his apprentice.

Hordak later discovered that King Randor and Queen Marlena's twin children had a special destiny, and he and Skeletor launched a kidnapping attempt. However, while Hordak succeeded in kidnapping Princess Adora, Prince Adam's kidnapping was foiled by Man-At-Arms and Queen Marlena and Skeletor was captured by the guards.

After learning from Skeletor of Hordak's secret lair, Man-At-Arms and the Sorceress went to Snake Mountain, but Hordak managed to escape with Princess Adora. Hordak would later go on to conquer several more kingdoms, most recently the kingdom of Bright Moon.

*She-Ra and He-Man*

Hordak continues to confront She-Ra who opposes his reign over Etheria. Sometimes he confronts He-Man and in this situation, his old pupil, comes to get in the way of Hordak.

*Masters of the Universe*

Unlike the previous version, Hordak does not come from Etheria and is not the sworn enemy of She-Ra because it does not exist in this series.

**Hordak** is the central antagonist of the Netflix original series *She-Ra* *and the Princesses of Power*, which is a reboot of the 1985 Filmation series *She-Ra: Princess of Power* . He is the main antagonist of the first two seasons and the first half of the third season and later the secondary antagonist of the second half, one of the two main, later secondary antagonists of the fourth season and the secondary antagonist-turned-anti-hero of the fifth and final season.

He is a ruthless and pragmatic alien warlord who invaded Etheria and leads an evil army called the Horde.

It's later revealed that he is a defective clone of Horde Prime, the ruler of the universe. Decades before the series, Hordak served as Prime's greatest general in the Galactic Horde before he was cast aside due to his defective nature. After being stranded on Etheria, he became bent on conquering the planet in hopes of regaining Horde Prime's favor.

He is voiced by Keston John, who also voices his genetic progenitor Horde Prime, and is confirmed to voice all of Horde Prime's clones in the fifth season.

Originally, Hordak was one of many nameless clones created by Horde Prime to conquer the universe. The clone served as Horde Prime's top general in the Galactic Horde and conquered entire galaxies in Horde Prime's name. Despite the clone's loyalty, he fell out of favor with Horde Prime when a defect was discovered in his cloning. The clone was subsequently demoted and sent to the front lines on a suicide mission. During the battle, the clone fell through a mysterious portal which brought him to the planet Etheria, located in the otherwise empty dimension of Despondos.

After arriving in Etheria, the clone's ship crash-landed in a kingdom ruled by Scorpia's family. According to Scorpia, the clone was welcomed with open arms by Scorpia's family and joined forces with them, acquiring the Black Garnet in the process. However, images conjured by Light Spinner shows that Scorpia's people were enslaved by the Horde, putting the validity of Scorpia's claim into question.

After being stranded on Etheria, the clone became obsessed with proving himself to Horde Prime. He set out to conquer the planet in hopes of impressing Prime. Naming himself "Hordak", the clone formed his own division of the Horde and successfully took over and occupied most of the planet.

To put an end to the Horde's threat, a resistance movement known as the Rebellion was created by the kingdom of Bright Moon's rulers, Queen Angella and King Micah, who also created the Princess Alliance (consisting of various princesses from the different kingdoms of Etheria). Unfortunately, the Rebellion suffered a crushing defeat by the Horde, which resulted in King Micah's death and the dissolution of the original Princess Alliance. In actuality, King Micah was captured by the Horde and marooned on Beast Island.

Despite this, Hordak was unable to completely end the Rebellion because Bright Moon was protected by the dangerous Whispering Woods. At some point, Hordak was approached by the sorceress Shadow Weaver (an exiled sorceress from Mystacor and formerly named Light Spinner), who offered to use her powerful magic and deep knowledge of Etheria to help Hordak in his conquest. Hordak eventually appointed Shadow Weaver as his second-in-command and gave her the Black Garnet to use as a source for her magical powers.

At an unknown point, Hordak realized that his body was deteriorating due to his genetic defects. Initially, he attempted to fix this problem by creating clone bodies of himself. All of the attempts failed, except for a single toddler-like clone that he named "Imp". Hordak would later use Imp to spy on his subordinates.

Eventually, Hordak began work on a portal machine to contact Horde Prime. At some point, Hordak confided with Shadow Weaver about the existence of the Galactic Horde and his goal of summoning them with a portal. During his experiments, a portal briefly appeared in Etheria. In reality, the portal was created by Light Hope who sought to summon a member of a precursor race known as the First Ones. When Hordak investigated the portal, he found a baby who he subsequently handed off to Shadow Weaver. Shadow Weaver would name the baby "Adora" and raised the latter as her ward alongside Catra.

## Season 1

Hordak is first mentioned in the series premiere " *The Sword Part 1* ". Shadow Weaver informs Adora (now a teenager) that Hordak has been watching her and has decided to promote her to the rank of Force Captain due to her great skills and potential.

Hordak makes his first appearance in the episode " *Razz* ". He is shown in his throne room when Shadow Weaver arrives with Catra to inform him of the loss of Force Captain Adora (who had defected to the Rebellion) and offers to have her brought back at any costs. Hordak, however, refuses and orders her to instead choose a new Force Captain and resume normal operations. Shadow Weaver's insistence that Adora was the only candidate for the rank causes Hordak to question why she doesn't simply elect Catra as the new Force Captain since she is her ward too. When Shadow Weaver irritably responds that Catra is a disappointment to her, Hordak replies that Shadow Weaver can only blame herself since she has failed to condition Catra properly. He decides to appoint Catra as the new Force Captain, despite Shadow Weaver's protests, and hands Catra the Force Captain badge himself, which she gladly accepts.

Hordak later contacts Shadow Weaver on the monitor screen in her room in the episode " *Flowers for She-Ra* ", after learning that Shadow Weaver defied his orders by continuing her attempts to capture Adora. When Shadow Weaver denies this, Hordak then demands to know why she requested more troops to find "one missing soldier" despite his orders to give up on said soldier. Shadow Weaver claims that finding Adora is crucial to the Horde, to which Hordak angrily reminds her that their mission is to destroy the Whispering Woods. He accuses Shadow Weaver of being distracted by her obsession with Adora, before stating that the siege on the kingdom of Plumeria has been carried on for too long and orders her to increase power until the victory is achieved. Before ending the call, he reminds Shadow Weaver that he is the one who granted her powers by giving her the Black Garnet and threatens to take it away, should she fail.

In the episode " *In the Shadows of Mystacor* ", Hordak appears as an illusion conjured by Shadow Weaver to torment Adora. The illusion tells Adora that she is a disappointment to the Horde and says that she will only lead her friends to their dooms, which causes Adora to destroy every crystal near her.

In the episode " *No Princess Left Behind* ", following the capture of Glimmer (the princess of Bright Moon) by Catra, Hordak contacts the latter and Shadow Weaver and informs them that he has sent an ultimatum to Queen Angella to surrender herself in exchange for Glimmer's life. Much to Catra's anger, Shadow Weaver steals the credits for Glimmer's capture, which causes Hordak to proclaims that she has proven her worth to him today before ending the call.

After Glimmer escapes, thanks to a rescue mission led by Adora and the new Princess Alliance, Hordak calls for a meeting with all the Horde's officers in the episode " *The Beacon* ". There, he furiously informs the sorceress that he has not only learned of their valuable hostage's escape but has also been informed that she had known that Adora was She-Ra all along, something Shadow Weaver had neglected to tell him. Shadow Weaver tries to explain that this was the reason why the Horde needed Adora back, but Hordak refuses to listen, angrily stating that he would have never agreed to her "foolish plan" had he known. After Princess Entrapa, who was mistakingly left behind and believed to be dead by the other Princesses, is found and captured by Catra and Scorpia, Hordak tasks them with interrogating her, which leads her to join the Horde after Catra tricks her into believing that the Princesses abandoned her.

Hordak sends his loyal pet Imp to spy on Catra, Scorpia, and Entrapa in the episode " *Light Hope* ". He is seen sitting on his throne when Imp returns to him and informs him of their plans involving the Black Garnet. Intrigued by Catra's scheme to weaponized the Black Garnet by melding it with Horde technology, he gives Catra and her team access to the Black Garnet. He later contacts Shadow Weaver and confirms that he has permitted for Catra's team to experiment with the Black Garnet, citing the success of Entrapta's previous experiments. When Shadow Weaver rants that she alone has unlocked the Black Garnet's potential, Hordak retorts that she has wasted the Black Garnet's potential on parlor tricks before telling Catra to proceed and gives possession Black Garnet to her, much to Shadow Weaver's fury.

In the episode " *The Battle of Bright Moon* ", Hordak is sitting on his throne when Catra returns to report to him her defeat at Bright Moon. Hordak then voices his displeasure at her failure, remarking that her experiment with the Black Garnet seems to have failed. Entrapa, however, reveals that the experiment was a huge success as she now knows more about First Ones technology than ever before and states this was just the beginning. Catra then remarks about how she got the Horde closer to conquering the kingdom of Bright Moon than anyone ever has and that the Whispering Woods is still in ruins, concluding by stating that Etheria is theirs for the taking. Pleased, Hordak appoints Catra as his new second-in-command, stating she would have other chances to prove her worth to him.

Season 2

Hordak appears in the episode " *The Frozen Forest* " about a month after the Horde's defeat at Bright Moon. He is in his throne room where he listens to Catra as she presents her report on the Horde's status. He learns that with the Whispering Woods now frozen, the Horde has made significant gains in territory. Impressed, Hordak comments that he was wise to promote her. He is further impressed when Entrapta presents a Horde Bot upgraded with First Ones technology. When he asks how many of these robots were made, Entrapta explains that she only made four, as she did not have enough First Ones technology to mass-produce the new robots. However, Catra assures him that she has a plan to acquire more samples of First Ones technology.

In the episode " *Signals* ", Hordak is shown unsuccessfully testing a device in his lab. When Catra interrupts his lab work to "touch base" with him, Hordak uses an atmosphere machine to asphyxiates her while giving her a speech about failure. He warns Catra not to fail him before dismissing her.

Later, Entrapa sneaks into Hordak's lab and starts to tinker with Hordak's device. Initially angered at her intrusion, he changes his mind after seeing that Entrapa has succeeded in fixing the malfunctions in his machine. Impressed by her work, Hordak explains to Entrapta that the device she fixed was a power source for a portal machine and allows her to join his portal project. When

Catra and Scorpia barge into Hordak's lab to find Entrapa and apologize for her trespassing, Hordak informs Catra that Entrapa is now his lab assistant and dismisses Catra from his lab.

In " *Light Spinner* ", Hordak is shown attempting to put his armor on when he notices that his arm has deteriorated. After summoning Catra, he orders her to banish Shadow Weaver to Beast Island. Catra protests, claiming that Shadow Weaver could still be useful to the Horde due to her knowledge of Etheria. Hordak counters by pointing out that Shadow Weaver also knows everything about the Horde and is too dangerous to keep as a prisoner. He gives Catra two days to extract any valuable information from Shadow Weaver before dismissing her. As Catra leaves, he starts discussing the details of his portal plan with Entrapta.

In the episode " *Reunion* ", Hordak summons Catra to his sanctum and asks if Shadow Weaver was sent to Beast Island as he ordered. Catra claims that Shadow Weaver was exiled to Beast Island, only for Imp to interrupt her and play a recording of Catra panicking over Shadow Weaver's escape from the Fright Zone's prison. Angered at Catra for lying to him, Hordak once again uses the atmosphere device in his lab to deprive Catra of air. As Catra slowly asphyxiates and loses consciousness, Hordak reveals that he was already aware of Shadow Weaver's escape and was testing Catra to see if she would tell the truth. He later has Catra imprisoned in a prison cell similar to the one Shadow Weaver was held in.

*Legend of the Fire Princess*

Hordak appears in the Scholastic graphic novel *She-Ra and the Princesses of Power: Legend of the Fire Princess,* which is set during the second season. Following Catra's failed mission to capture the Spirit Ember, Hordak summons Catra to his throne room and asks her to explain herself. When Catra claims that the mission was planned by Entrapta, Hordak questions whether Catra is simply an "assistant" for Entrapta and considers demoting Catra. He is interrupted when Scorpia barges into his throne room and claims responsibility for the mission's failure. Annoyed by Scorpia's interruption, Hordak orders her to leave. Hordak notes that Catra's mission wasn't a complete loss since Entrapta had managed to collect data from the Spirit Ember. Because of this, he forgoes punishing Catra and dismisses her from his sanctum.

Season 3

In " *The Price of Power* ", while working in his lab, Hordak is informed by Entrapta that she has found a First Ones signal coming from the Crimson Waste. When Entrapta suggests sending Catra to retrieve the First Ones tech, Hordak tells her that Catra is no longer his second-in-command, much to Entrapta's confusion. Hordak states that he will not be sending troops to the Crimson Waste, as it is believed to be a lifeless wasteland. However, he quickly changes his mind upon realizing that Catra would likely die on the mission. Later, he summons an assembly to witness Catra's punishment. He proceeds to berate Catra for lying to him, prompting the latter to insult him by claiming that he is unable to lead the Horde without her. Despite this, he decides to forgo punishing Catra and sends her to the Crimson Waste on an intended suicide mission.

In " *Huntara* ", Hordak and Entrapta are shown to have finished building his portal machine and initiate a test run of the portal. The machine fails to activate and explodes, almost killing Entrapta, who Hordak shielded from the blast. Declaring the portal a failure, Hordak kicks Entrapta out of his lab.

When Entrapta sneaks back into Hordak's lab, she finds Hordak hunched over his workstation without his armor. Enraged at Entrapta's intrusion, he demands Entrapta to leave before suddenly collapsing from his body's deterioration.

Eventually, he wakes up to find himself being cared for by Entrapta. Entrapta realizes that Hordak's body is deteriorating and prods him for information. Hordak tells her that he was a clone of his master, Horde Prime, but was cast aside due to a genetic disorder. He further reveals his plan of using the portal to send a message to Horde Prime in hopes of rejoining the latter's side. He then laments over his failure to accomplish any of his goals and considers giving up.

Later, Entrapta presents Hordak with an improved version of his armor, built from the remains of First Ones technology. Hordak is also comforted by Entrapta, who assures him that he is not a failure and confides in him her insecurities about being abandoned by the Princess Alliance. Hordak assures her that she is not a failure and is impressed by his new exo-suit. Due to Entrapta's kindness towards him, Hordak starts to develop feelings for her.

In " *Moment of Truth* ", Hordak is shown rebuilding his portal machine with Entrapta as he continues to bond with her. They are interrupted by Catra, who had successfully returned from the Crimson Waste with Adora and the Sword of Protection in tow.

With Adora as a prisoner in his lab, Hordak and Entrapta determine that Adora's sword is the missing piece needed to activate the portal. Adora begs Entrapta not to create a portal and calls Hordak a monster for kidnapping and lying to her. Hordak brushes her off, claiming that she was inconsequential to him, and proceeds to gloat before his armor briefly malfunctions, causing him to leave the lab.

When the Princess Alliance launches an attack on the Fright Zone, he and Catra decide to activate the portal. When he asks for Entrapta, Catra (who had knocked out and exiled her) claims that Entrapta betrayed him to the Princesses, leaving him heartbroken. Before he and Caatra can activate the portal, they are interrupted by the arrival of Glimmer, Bow, and Shadow Weaver. During the ensuing scuffle, Hordak is separated from the machine, leaving Catra to activate the portal herself.

In the episode " *Remember* ", following the portal's activation, all of Etheria is sucked into an alternate reality where everything is seemingly "perfect". In this alternate reality, Hordak is briefly seen entering his lab while Adora and Scorpia attempt to hide from him. Hordak was presumably consumed by the collapse of reality.

In the season finale " *The Portal* ", after Queen Angella's sacrifice, Adora was able to restore reality and brought back everyone that was consumed, including Hordak. Finding himself back in his lab, he flees with Catra after witnessing She-Ra destroy his portal.

Catra's Coup

In the episode " *The Coronation* ", Hordak is shown brooding in the ruins of his lab, having entered a depression due to Entrapta's "betrayal". He dismisses Catra's demands that they launch a new attack against the Rebellion and blames her for the destruction of his lab. When Catra tries to shift the blame onto Entrapta, Hordak lashes out and warns her to never mention Entrapta's name again. He explains that since Horde Prime received his message, he is content to have his forces remain where they are and wait for Prime's arrival. He orders Catra to redouble the Fright Zone's defenses before throwing her out of his lab.

Later, when Hordak enters his throne room, he is shocked to discover Catra lounging on his throne. When he demands to know what she is doing, Catra cuts the power to the room's lighting and attacks him. Unable to see in the dark, Hordak is easily defeated by Catra, who rips out his armor's power crystal, severely weakening him. Barely able to move, he is coerced by Catra into making her the new leader of the Horde.

## Overseeing the War

In " *Flutterina* ", while examining the remains of a Horde bot, Hordak finds a device planted by the Rebellion enabling them to hijack control of the bot. He ponders whether Entrapta was responsible for this and is startled when Imp plays recordings of Entrapta's name. He is then greeted by "Catra", who he informs of his recent discovery. "Catra" mocks both his and his bots' competence in battle, angering Hordak, who warns Catra to watch her tongue. He is interrupted by Catra, who reveals that the person Hordak had been talking to was a shapeshifter named Double Trouble. Hordak debriefs Catra on the current state of the war, informing her that the Rebellion freed the village Elberon from the Horde's occupation. He vows to improve the Horde's war machines to take back control of Elberon. Catra notes that Hordak is unable to see the bigger picture and considers control of Elberon inconsequential to the war. She reveals her plan of using Double Trouble's powers to infiltrate the Rebellion.

At the end of the episode, Hordak asks Catra if her plan worked, to which she confirms that Double Trouble (under the guise of "Flutterina") has successfully infiltrated the Princess Alliance.

In the episode " *Princess Scorpia* ", Hordak confronts Catra over the

Rebellion's recent string of victories against the Horde and asks why the Horde's outposts aren't properly defended from attack. Catra explains that she called back all the main defense forces from their bases and left them manned by skeleton crews. When Hordak demands to know the reason behind this decision, Catra reveals that she is conserving all the Horde's military resources for a massive military offensive. Hordak, however, tells Catra that he is not ready to carry out their plan until he has finished building his new weapon. He explains that since the weapon is based on Entrapta's research, he needs Entrapta's notes to complete it.

Later in his lab, Hordak is shown struggling to build the weapon when Catra comes in and claims that she was unable to find any of Entrapta's notes. Hordak angrily states that he gave Catra an order, only for Catra to tell Hordak to get over himself. Catra tells Hordak that he doesn't need anyone but himself to complete his work. This inspires Hordak to continue working and after finding a First Ones power crystal, he tells Catra that he only needs another day to be ready and grants Catra permission to carry out her plan.

### Conquering Salineas

Hordak appears at the end of " *Mer-Mysteries* ", where he and Catra lead the Horde's naval fleet in an attack on the kingdom of Salineas, which is undefended since all the Princesses were distracted by Double Trouble. Hordak uses his newly completed weapon-an arm-mounted laser cannon built with First Ones technology-to destroy the Sea Gate, allowing for the Horde to conquer Salineas. In the aftermath of Salineas's sacking, Hordak and Catra are seen proudly looking over the destroyed kingdom.

At the beginning of the episode " *Boys' Night Out* ", Hordak is shown leads a contingent of Horde bots and tanks in an attack on the Sea Elf Village. He uses his arm cannon to destroy several buildings before ordering his forces to advance on the villagers. Most of the villagers manage to safely evacuate, thanks to the intervention of Sea Hawk and Queen Glimmer.

Following the attack, Hordak and Imp look over the remains of Salineas's capital as they are approached by Catra, who congratulates Hordak on their successful conquest of Salineas.

Hordak notes that their victory has left the Rebellion disorganized and vulnerable to attack. Catra plans to have Hordak return to the Fright Zone to oversee the campaign, only for Hordak to tell Catra that he has decided to personally lead his troops into battle against Salineas's remaining coastal towns, even boasting of how he will personally battle Entrapta once he tracks her down. He orders Catra to take up his post in the Fright Zone while he leads the Horde's armies on the field for the remainder of their campaign.

Hordak is briefly seen in ' **Fractures**, where he contacts Catra on the monitor of the Fright Zone's control room. He reports that he has successfully taken all of Salineas's coastal towns and asks about the Horde's current status. Catra informs him that their forces have taken all the villages in the Whispering Woods and that everything is proceeding as planned.

### Falling Out with Catra and Reunion with Horde Prime

In " *Destiny Part 1* ", Catra begins to mobilize the Horde's remaining soldiers in the Fright Zone, Hordak questions her orders and points out that the Horde's forces are already spread thin from occupying their newly conquered territory. He changes his mind after Catra informs him that Double Trouble has discovered that She-Ra has left Bright Moon and that the kingdom is now vulnerable to attack. Pleased with the results of Catra's leadership, he congratulates her and finally acknowledges her as his equal.

Hordak is later shown in his sanctum as he finishes making adjustments to his arm cannon. He is interrupted by Double Trouble needles him by shapeshifting into She-Ra and then Entrapta. Double Trouble (having secretly defected to the Rebellion) informs Hordak that Entrapta was not with the Rebellion and that she had been exiled to Beast Island by Catra. Realizing that Catra had lied to and manipulated him, Hordak destroys part of his sanctum in a rage before breaking down into tears.

At the end of the episode, Hordak waits for Catra to return to his sanctum. When an irritated Catra asks why she was summoned right before an important battle, Hordak abruptly fires on her with his energy cannon. Revealing himself from the shadows, Hordak calmly says, "Hello Force Captain."

In " *Destiny Part 2* ", following the previous episode, Hordak attacks Catra with his arm cannon and pursues her throughout the Fright Zone. As he hunts Catra down, he tells her that he knows the truth about Entrapta and promises that both he and Horde Prime will make Catra suffer for her deception. Catra retorts by pointing out that Hordak has deluded himself into falsely believing that Horde Prime would care for him. This only further angers Hordak, who continues to fire on her, destroying large portions of the Fright Zone with stray shots in the process. The chase ends at a metal refinery, where Catra gains the upper hand and defeats Hordak by destroying his arm cannon and removes his armor's crystal. As Catra proceeds to rant about how she doesn't need anyone, Hordak is crushed by the refinery's giant claw crane, which had come loose during their battle.

Later, as Glimmer searches for Catra, she sees an unconscious Hordak partially buried under rubble.

After Adora shuts down the Heart of Etheria, a bruised and battered Hordak tries to kill Glimmer only to be shot with an explosive arrow by Bow. However, Hordak and Glimmer are suddenly surrounded by a green light. Realizing they're being teleported, Hordak victoriously proclaims that Horde Prime has arrived.

Hordak and Glimmer awake to find themselves in Horde Prime's throne room aboard his command center. Having finally been reunited with his long-lost creator, Hordak attempts to impress Horde Prime by boasting of his accomplishments during his time on Etheria. Horde Prime is dismissive towards Hordak and instead tries to read Hordak's mind with some initial difficulty. As Horde Prime reads Hordak's thoughts, he's angered upon learning that Hordak gave himself a name and had considered abandoning Horde Prime after falling in love with Entrapta. Hordak is lifted from his neck by Horde Prime, who denounced him as an abomination. Hordak then has his mind erased by Horde Prime and his comatose body taken away by Prime's attendants for "reconditioning".

Season 5 Brainwashed by Horde Prime

Following his "reconditioning", Hordak was once again a drone in Horde Prime's hive mind and demoted to the ranks. Nearly all of

Hordak's memories and personality were erased by his reconditioning. Hordak was then made into a security guard aboard the *Velvet Glove* .

He appears in the episode " *Corridors* ", where Catra runs into him after trying to lose the clones Prime had assigned to guard her. He informs her that the area of the ship she was headed to was off-limits. Catra is able to recognize him as he was the only clone to address by name. Realizing that a small part of Hordak still remained, Catra tries to help Hordak remember his previous life to little avail. Though Catra is glad to see a familiar face, Hordak immediately falls back under the control of Prime's hive mind and repeats his previous warning, this time addressing Catra as "little sister". This causes a dejected Catra to walk away.

Hordak is later sent by Horde Prime to retrieve Catra. He finds her sneaking out of the ship's teleportation room. Hordak is then possessed by Prime, who informs Catra that he seeks her company. Hordak then escorts Catra to the ship's reconditioning room. As Prime greets Catra, Hordak is shown standing guard next to her. He is eventually addressed by Horde Prime, who asks Hordak what Catra had said to him. Hordak responds that she gave him a name. He proceeds to beg for Prime's forgiveness and asks him to remove his "affliction". Hordak is then submerged in the pool of the reconditioning room, where he is subjected to pain before having his mind completely wiped. After this, he is pulled out of the pool by Horde Prime, who declares Hordak the purest among his clones.

Later on, Hordak is delivering food to Glimmer's cell when he is attacked from behind by Catra. Catra tells Hordak that it's nothing personal before knocking him out by jamming her claws into the port at the back of his neck. Hordak's unconscious body is then used by Catra to unlock the door to Glimmer's cell. When Glimmer and Catra try to make their escape, they leave Hordak's unconscious body lying on the ground.

## Remembering Entrapta

In the episode " *Save the Cat* ", when Entrapta and Bow sneak into the cloning facility of the *Velvet Glove*, Entrapta mistakes one of Prime's clones for Hordak. After freeing the clone from Prime's hive mind, she nicknames the clone "Wrong Hordak". At the end of the episode, the real Hordak is seen walking through the damaged hallways of Prime's ship. He stops when he notices the First Ones crystal Entrapta had once gifted him lying on the ground. Picking the crystal up, he glances at his reflection in the crystal before muttering "Entrapta?". Hordak was later amongst the clones sent to Etheria to reinforce the Galactic Horde's occupation. He was stationed near Prime's energy drill which the latter planned to use to gain access to the Heart of Etheria.

Hordak appears in the episode " *An Ill Wind* ". He is standing next to Horde Prime as the latter receives reports of mass revolts across numerous Horde-occupied worlds. He is startled when he learns that the leaders of this resistance movement, the Star Siblings, are revolting in the name of She-Ra and the Rebellion.

Following this, Hordak walks through the hallways of Prime's ship when he comes across the area that was damaged during She-Ra and Catra's escape. He takes out Entrapta's crystal and stares at it. He is interrupted by Horde Prime, who asks Hordak to follow him. He is taken to Prime's cloning facility, where he is ordered by Prime to prepare one of his previous clone vessels. He then watches as Horde Prime accesses the memories of the body the latter used during his war against the First Ones. As Prime ponders why the First Ones would "bend themselves to the whims of magic and myth", his comments cause Hordak to experience flashbacks of his time on Etheria with Entrapta. When Prime asks Hordak if something is wrong, Hordak claims to be in awe of seeing one of Prime's former bodies.

Hordak is later present in Horde Prime's throne room where he watches as Prime loses his temper at the discovery that She-Ra had gotten past his blockade and liberated the town of Erelandia from Horde control. As Prime orders one of his clones to set course for Etheria, Hordak takes out Entrapta's crystal and stares at it once more.

In the episode " *Failsafe* ", Hordak finds Entrapta wandering near Prime's device. He pins Entrapta to a rock and demands to know who she is. Despite having lost his memories, seeing Entrapta causes Hordak to experience a feeling of familiarity. He asks her why he knows her face, causing Entrapta to recognize him. Upon hearing Entrapta say his name, Hordak flinches and begs her not to say that name. He states that he is just a nameless clone and shows Entrapta her crystal before asking what she did to him. Entrapta is relieved to see that Hordak still has memories of her and the two share a moment. However, they are interrupted by Swift Wind who, believing Hordak intended to attack Entrapta, jumps in front of Entrapta and drags her away. Hordak initially tries to follow her, but decides against it, wishing for his memories of her to leave him as he believed they made him imperfect. Entrapta then reminds him that his imperfections are what make him beautiful, leaving him stunned at her words.

Hordak reappears in the episode " *Heart Part 1* ". When Horde Prime prevents Entrapta from hacking his control chip network by teleporting her into his throne room, Hordak is seen standing behind her. As Horde Prime tells Entrapta that she's about to witness the end of her world, Hordak gives her a worried look.

## Freed From Horde Prime's Control

During the series finale " *Heart Part 2* ", Hordak is amongst the clones present in the Horde Prime's throne room when Prime's control chip network is disabled by Entrapa's computer program and the Horde's communication networks are hijacked by Bow. Hordak was amongst the many who saw Bow's transmission to all of Etheria, in which Bow inspired everyone on Etheria to rebel against Horde Prime. While viewing reports of Prime's forces being overrun all over the planet, Hordak starts to regain his lost memories after hearing Entrapta's remark about how Horde Prime will never win.

After Horde Prime gains total control over the Heart of Etheria, Hordak is shown staring at Entrapta as she begs Prime not to activate the Heart. When Horde Prime order Hordak to kill Entrapta, Hordak initially seems to comply. As Hordak aims his energy cannon at Entrapta, he hesitates upon seeing the fearful look on her face. Angered at Hordak's hesitation, Prime repeats his order. However, at that moment, Hordak's love for Entrapta allows him to overpower his mental conditioning and regain all of his memories. Now free, Hordak instead fires his cannon at Horde Prime, knocking the latter to the ground. As he walks towards Prime and lifts him by his neck, Hordak triumphantly proclaims that he will no longer be Prime's slave before dropping Prime into a pit.

However, Hordak was still connected to Prime's hive mind due to his cybernetic implants. This enables Prime to possess Hordak's body and transfer his consciousness into it. Hordak left helpless as Horde Prime uses his body to continue carrying out his plan.

After Adora frees the Heart of Etheria's magic and restores life to the world, she uses her powers to destroy Horde Prime's consciousness for good, freeing Hordak from Prime's control. As he regains control over his body, Hordak remembers when he first found Adora as a baby more than a decade ago. Now finally free of Horde Prime's influence and control, Hordak is happily reunited with Entrapta, who tackles him with a hug. As the Princesses and their allies celebrate their victory, Hordak is seen talking and laughing with Entrapta as she wraps her arms around his.

Nico: He sure is. We have to stop him at all costs.

Naruto: No kidding.

Me: Yeah.

Lisa Loud: He is a monster and we have to stop him no matter what.

Me: Yep.

Prince Adam: But it'll be great seeing Adora again.

Man-At-Arms: Yes it has been a while since we saw her.

Ram Man: No kidding.

Teela: Yeah it has been a while.

Circe: I never met Adora before.

Lincoln: None of us have. It'll be the first time ever since we met her.

Stratos: It sure will be the first time.

Lisa Loud: J.D. we have arrived at our destination.

Me: On screen.

The screen turned on and we were over at the planet Etheria! It was a beautiful planet and it had lots of moons around it.

Me: Wow! So that's planet Etheria.

Nico: It's beautiful.

Me: You must be Adora.

Adora: It's an honor to meet you guys!

Notacon: The honor's all ours, Adora.

Me: Same here.

Adora: I heard you all killed Skeletor and destroyed his followers.

Me: We did. Not to brag. That was one of our most awesome adventures.

Nico: It sure was.

Adora: I see that Clawful is with you.

Blackfire: Clawful actually defected from Skeletor's side before we killed him.

Clawful: It's true.

Me: Yep. And Evil-Lyn is helping us so that we can kill Hordak and destroy him once and for all.

Adora: I am forever grateful to you all.

Sideshow Bob: Adora, before we confront Hordak, can we tour the rest of your home?

Me: I agree. We don't know much about the planet Etheria or the rest your home.

Adora: Sure follow me.

We went to the castle that Adora lives in and it was so beautiful.

Me: Wow! Adora your castle is beautiful.

Adora: Thank you J.D. And I would like to introduce you all to my friends.

We met the princesses of Power. We met Mermista, Glimmer, Catra, Frosta, Netossa, Perfuma, Castaspella, Spinnerella, Queen Angella and Scorpia and more.

Scorpia: It's truly an honor to meet you all.

Mermista: Same here. We've heard so much about you all.

Teela: Glad we made an impression.

Adora: I know.

Nico: We came to help you all take down Hordak and make him pay for his crimes.

Me: That's right and he's responsible for unleashing Skeletor onto Eternia and having him terrorize the world. We came to make sure that Hordak can never terrorize both worlds ever again.

Queen Angella: We are forever grateful you all came.

Netossa: We cannot let Hordak get away with his crimes.

Spinnerella: That's right.

Me: We will not let Hordak terrorize Etheria and Eternia anymore.

Nico: Yeah!

Concrete Man: (sees Poromon eating M&Ms) Poromon? What are you doing?

Poromon: Having a snack.

Me: Leftover M&M's from that pyramid they did.

Nico: I see.

Me: Hmm. (Smirks) I think I see what Poromon, Poliwag, Manaphy and Horsea are gonna do. Shall we head out to face Hordak?

Adora: Lets do it!

Prince Adam: Ready sis?

Adora: You bet.

They unsheathed their swords.

Prince Adam: BY THE POWER OF GREYSKULL!

His sword opened and the hilt turned and lightning struck Prince Adam and he turned into HE-MAN!

He-Man: (Echoing) I HAVE THE POWER!

He was ready for action!

Adora: FOR THE HONOR OF GREYSKULL!

Adora's eyes glowed and she had her sword appear and she turned into SHE-RA!

She-Ra: (Echoing) I AM SHE-RA!

Me: WHOA! Adora you look incredible!

Nico: No kidding!

Me: Wow! Your energy levels are phenomenal!

Lincoln: Unbelivable!

Earth: No kidding!

Me: We're ready.

She-Ra turned her horse Bo into her Pegasus, Swift Wind and He-Man turned Cringer into Battlecat!

Me: Guardians of Candrakar?

Will Vandom: Just like before. Lets do it girls!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

The Guardians of Candrakar got in a circle around me and I flared up my fire aura and they channeled their Aurameres into me and then I underwent an awesome and powerful transformation! A massive vortex of fire exploded out of me and went high into the sky and it exploded out of the planet and throughout the vastness of space over a span of 5,000 light-years, a massive phoenix formed in the stars and the phoenix was so massive and powerful that it could be seen all the way from Earth! It was unbelievable and everyone was shocked at what they were seeing! The elemental forces of water, air, earth, lightning, time, light, and stars swirled around the phoenix and my power was increasing rapidly at an astronomical level! When the phoenix faded, I was forever changed! My hair was now in rainbow color and it was swirling with rainbow flames and powerful wolf fire and my wings were now made entirely out of wolf fire and rainbow and phoenix fire. I had a symbol of a phoenix in a sun with two wolves on both sides of the phoenix and the Ebonwu Squadron Emblem was in the talons of the phoenix. It also had the kanji for The Wolf, Phoenix and Elemental Forces are Now forever powered by Love, Friendship, Strength, Courage and the Power of Light in the sun flames.

オオカミ、フェニックス、エレメンタルフォースは、愛、友情、強さ、勇気、そして光の力によって永遠に力を与えられています

I had the beauty of the aurora borealis in my sclera of my eyes and the pupils were rainbow color and my shirt was now black and it had the same symbol on it and my pants were shimmering with the beautiful Aurora and it was amazing and I had sashes that were glowing with the rainbow beauty of the Aurora Borealis and the Aurora Australis and I had a sleeveless trench coat that had the glowing and shimmering beauty of the Aurora Borealis and a Phoenix was flying above the ground with a wolf howling at the full moon on a cliff on it. It also had the kanji for James Dean Knudson - Ultimate Elemental Force of Ultimate Justice, Friendship, Love, Strength, Valor, Light, the Wolf, the Phoenix and Benevolence on the back.

ジェームズ・ディーン・ナドソン-究極の正義、友情、愛、強さ、勇気、光、狼、フェニックス、慈悲の究極のエレメンタルフォース

I had been transformed into a SUPER ANGEL-EBONWU-PHOENIX 25,000,000 ELEMENTAL MOONLIGHT PHOENIX OF JUSTICE!

Nico: WHOA! J.D. Wow!

Varie: My god! J.D. you look amazing!

Nicole: Dad is that really you!?

Jared: You look incredible dad!

Vince: How do you feel partner?

Me: (Divine Echoing Fiery Voice of Justice) **I feel amazing guys. This power is incredible.**

Eli: Wow! Your voice is phenomenal!

Nunnally: You have really ascended!

Nico: You've become a true god of justice.

Laney formed a mirror and I saw myself.

Me: **Wow! Look at me. This body and its amazing powers are just what we need to destroy Hordak.**

Nico: It sure is. You can destroy the most powerful evils in the entire universe right now. Not even 1,000 Skeletor's or a million Thanos's could take you on now.

Me: **Lets not get ahead of ourselves yet Nico. But come on guys. Lets go take down Hordak for good.**

She-Ra: We're with you J.D.

Me: **Thanks Adora. I sense where Hordak is. Lets go!**

We were off to Hordak's lair.

* * *

In Hordak's lair, Hordak was contemplatng on what to do next to destroy the rebellion.

Hordak: Something is happening to Adora. Now she is coming here to destroy me for good.

Soldier 1: We will stop them my lord.

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted through the walls and a powerful phoenix cry was heard and a Mermaid Song, Fairy Song, Thunderbird cry, Manticore Roar, Dragon Roar and light angel song was heard as elemental creatures came out of the explosion. We came out and we were ready for Hordak.

Hordak saw us and he was shocked.

Me: **Hm. We found you Hordak.**

Hordak: J.D. Knudson of Team Loud Phoenix Storm and everyone on the team with you. But what happened? You have changed. Was your old look not enough for you?

Me: **Yeah. This is another costume change for my tastes.**

I flared up a wave of lightning and it completely obliterated all of Hordak's soldiers in an instant!

Nico: WHOA! That was intense!

Vince: J.D. just obliterated all of his soldiers like they were nothing.

Eli: Unbelievable!

Nunnally: Whoa!

Blackfire: (smirks) Hey, Hordak. Heard from Skeletor lately?

Hordak: No why?

Me: **Because we killed him!**

Hordak: WHAT!?

Me: **That's right and you are looking at his killer: Me.**

Nico: And now you are next!

But then Cantwell, Wiggum, Ebon, Leonard, Webstor and King Hiss appeared.

Me: **Cantwell, Wiggum, Ebon, Leonard, Webstor and King Hiss.**

They gasped in shock.

King Hiss: J.D.!? Is that really you?

Me: **Who were you expecting? Tiny Tim?**

Wiggum: Wow! You look incredible!

Leonard: How did this happen to you?

Me: **Like how we beat Skeletor before, The Guardians of Candrakar merged their powers with me and I've ascended into this form.**

Nico: It really shocked us.

Webstor: Amazing!

Cantwell: No kidding.

She-Ra: So you guys are the Masters of Evil?

Cantwell: That's right. We come for our usual battles with our frenemies.

She-Ra: So King Hiss and Webstor are with you guys?

Ebon: They sure are.

Cantwell: Since you're now with J.D. and the others, you can expect to see them in the future.

Leonard the Pig King: And Tri Klops and Mer-Man once they join the usual battles.

Me: **It's true. Also Leni beat the living crud out of Webstor**

**because she was always terrified of Spiders.**

She-Ra: Really?

Nico: It's true.

Me: **Yeah.**

Webstor: Don't remind me.

Me: **Now that Skeletor is dead someone has to fill in the void for his former minions.**

King Hiss: Yes.

Evil-Lyn: Good to see you all again Webstor.

Webstor: Same here Evil-Lyn. They let you out of prison early?

Evil-Lyn: I'm helping J.D. for a reduced prison sentence.

Me: **But I don't think they want Stinkor with them because he smelled so horrible.**

King Hiss: That's right.

Webstor: We should ask Vypra if she would have Count Marzo, Whiplash, Beast Man, Trap jaw, and Evil Seed join us.

Nico: It wouldn't be the whole horde without them.

Me: **That's true and I still have Count Marzo's amulet as his trophy.**

King Hiss: Indeed.

?: That would be something.

A figure came out and it was DYNA BOT from episode 15 of R.P.M.

---

While the Rangers searched for answers behind Dillon's past, he was sent by Venjix, to ambush the Rangers, with the Grinders, in Omega City. He engaged the rangers in combat, and defeated them. In the nick of time, Gold and Sliver saved the Rangers and forced Dyna Bot to flee. Though he failed to defeat them, he did manage to put a bomb on the Project GO-ONGER van and it exploded, but the Rangers managed to escape. He was joined by General Shifter and the Venjix Virus. The Rangers were no match for the deadly trio, until the Gold and Silver Rangers arrived and helped. Venjix was persuaded by Shifter to flee while the Dyna Bot fought the rangers. Venjix reluctantly agreed and he and Shifter fled, leaving the Dyna Bot to fight the two powerful Rangers by himself. He was destroyed by the new Rangers' SkyShift Blazers.

---

Gem: Dyna Bot!

Dyna Bot: Been a while Gold & Silver Rangers!

Me: **I remember you. You were sent to ambush the Rangers in Omega City and you defeated them. Luckily the Gold and Silver Rangers arrived in the nick of time and defeated you, General Shifter and Venjix in his robot body.**

Dyna Bot: Mistress Vypra was right about you J.D. You have a great memory and I love the new look.

Me: **Just got it today.**

Dyna Bot: (to Gem and Gemma) I probably would've destroyed the rest of your team if you two hadn't shown up out of nowhere the first time!

Me: **That was an awesome battle!**

Gem: It sure was but you had it coming!

But then Poromon, Manaphy, Poliwag and Horsea exploded in a massively ballistic sugar rush like with what happens with Mac when he gets hyped up on sugar and they went at Hordak! We saw the hyper Poromon, Manaphy, Poliwag, and Horsea going berserk on Hordak.

Dolph: Okay. While those 4 are currently beating Hordak to a pulp, we can have our usual battles.

Sam S.L.: You don't have to tell us twice Dolph.

Me: **Get ready for an awesome show Adora.**

Troy: Adora, you're in for an awesome sight right now.

Megaforce Rangers: Legendary Ranger Mode: Wild Force!

The Megaforce Rangers turned into the Wild Force Rangers!

She-Ra: Wow! That's amazing!

Me: **It sure is. Lets dance.**

We powered up and went at them.

---

Battle 1: Wiggum

---

Wiggum was looking around and then he was hit in the face by a cherry pie and Homer as Pie Man, Bart Simpson as Cupcake Kid, Notacon, and Time Force Dash swung down and they were facing Wiggum.

Wiggum: Love your entrances Homer!

Homer: Nice aren't they. You have to cherry for them!

Notacon: That was clever.

Dash: It sure was.

Bart Simpson: Yep.

Wiggum: I am proud you all busted those drug dealers earlier this morning. We've been after those guys for years.

Notacon: That's what we were told.

Wiggum: I'm proud of all of you. Lets dance boys.

Wiggum called out his Pokemon and they went at him. Homer and Bart threw pies and cupcakes and Notacon and Dash fired energy blasts and the blast and pastries hit Wiggum all over and exploded. Knocking him and his Pokemon down.

Homer: Don't do the time if you can't do the Key Lime!

## Battle 2: Cantwell

Lisa Simpson, Jack Spicer, and Sideshow Bob were facing Cantwell.

Cantwell: I've been doing some soul searching and I can't believe that I am hating an 8-year-old girl for being prettier than me.

Sideshow Bob: Have you really?

Cantwell: I sure have. I converted to Buddhism and decided to find inner peace with myself and move on from hating Lisa. It's not right that I would hate someone like that just because they are prettier than me.

Lisa Simpson: I'm glad you stopped hating me Ms. Cantwell. I converted to Buddhism too and I am now at peace with everything too.

Jack Spicer: Looks like you saw the light Ms. Cantwell.

Cantwell: Indeed I have. Lets dance.

Cantwell called out her Pokemon and they went at her and fired blasts of energy in the forms of the Seven Chakras and energy blasts and the blasts hit her and knocked her and her Pokemon out.

Lisa Simpson: Awesome.

---

Battle 3: Leonard

---

Arpeggio, Lori, and Teresa were facing Leonard the King Pig and his army.

Lori: This is always fun.

Arpeggio: (British Accent) This is gonna be most fun.

Teresa: It always is fun.

Lori: Do your worst Leonard.

Leonard: With pleasure. Lets do it!

Leonard called out his Pokemon and he sent a massive army of pig minions and more and they went at them.
